[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Product performance and efficiency questions
Inquiry Sub-Category	Temperature Control
Description	Customers want to know how well our appliances regulate temperature, especially for refrigerators, ovens, and air conditioners.
Data Size	5,052 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ there technologies _____ prevent _____ fluctuations _____ these _____?

Is _____ able _____ _____ _____ temp change?

Does _____ _____ to counter _____ _____ swings?

_____ there any _____ to _____ _____ temp.

_____ tech _____ _____ keep _____ _____ these machines stable?

How _____ _____ that curbs _____ temp _____?

_____ it _____ _____ _____ swings in _____ climate?

_____ _____ have a _____ _____ _____ ups and downs of temperature _____?

_____ _____ halt _____ _____ change in these _____?

_____ there _____ way to _____ the temperature _____ in _____ _____?

Can you _____ _____ _____?

_____ these _____ have _____ _____ prevent temperature _____?

_____ _____ _____ technologies that can stop the temperature _____ _____ _____ appliances.

_____ you have _____ _____ _____ keep the temperature in _____ _____ stable?

_____ _____ have technology _____ keep _____ balanced?

_____ appliances _____ tech to _____ temperatures _____?

Does _____ tech _____ _____ balanced?

Can _____ devices _____ _____ to _____ abrupt _____ in temperatures?

Is there _____ techniques _____ for regulating _____ temperatures _____ _____ _____?

_____ _____ solutions to _____ the temperature stable _____ these _____?

_____ it possible _____ _____ the temp _____ _____ units _____ advanced techniques.

_____ there _____ way to keep _____ _____ stable _____ _____ machines?

_____ _____ _____ _____ _____ to control temperature shifts?

Is there _____ _____ to _____ the temperature _____ _____ _____ appliances?

Can _____ be _____ _____ _____ the temperature _____ in _____ devices?

Do _____ _____ have _____ that help _____ _____ fluctuations?

There is _____ _____ to _____ the temperature from rising and _____ _____ _____ _____.

Is _____ any device _____ _____ the temperature in _____ _____ _____?

_____ there _____ way to prevent _____ _____ device _____.

Is _____ possible _____ measures to _____ taken to avoid _____ _____ _____ _____?

Is appliance _____ capable _____ _____ temps _____?

_____ gadgets make _____ there are _____ _____ _____?

_____ are ways to _____ these _____ _____ _____ temperatures.

Do _____ have _____ _____ _____ appliance temperatures?

_____ _____ _____ _____ any _____ to minimize temperature fluctuations?

_____ _____ and avoiding _____ in _____ _____ be done?

There _____ _____ _____ keep _____ temp _____ to a minimum.

Is _____ _____ _____ beat the _____ swings _____ the appliance?

_____ any gizmos to control _____ _____ _____ your _____?

Do appliances _____ tech that _____ _____ _____?

Can _____ be _____ to _____ the _____ in _____ appliances?

Is _____ _____ way _____ _____ _____ _____ in these units consistent?

Is there a _____ to _____ the _____ _____ _____ appliances?

There should be _____ _____ prevent _____ _____ in these _____.

Is it _____ _____ _____ appliances could have _____ _____ _____ tools?

_____ _____ a _____ to _____ erratic _____ of those gadgets?

_____ _____ to regulate appliance _____?

Any _____ of _____ the _____ of _____?

The temp change in _____ machines _____ be _____ _____ _____.

How can _____ prevent _____ temperatures _____ _____?

Is _____ possible _____ limit _____ in _____ device _____?

Is there _____ _____ _____ stable _____ _____ in these devices?

Is there any _____ to _____ _____ _____?

Is it possible _____ _____ to control _____ _____ _____ devices?

_____ appliances _____ be _____ _____ temp-regulating tech.

Is _____ _____ _____ _____ temp fluctuations?

Do your _____ _____ _____ to decrease _____ _____?

_____ there _____ advanced techniques for _____ the _____ _____ these _____?

Is _____ _____ _____ _____ temp swings in _____?

_____ _____ be _____ _____ prevent temperature fluctuations _____ these appliances.

_____ we have technology _____ _____ _____ appliance _____ fluctuations?

Is _____ _____ way _____ avoid different temperatures in _____ _____?

Is _____ any advanced techniques that _____ the _____ _____ _____ _____?

_____ could stop the _____ _____ _____?

_____ _____ _____ _____ to prevent variances _____ temperature?

_____ _____ _____ way of _____ appliance temps?

_____ there _____ method _____ avoid appliance _____ _____?

Is _____ _____ _____ wont swing _____ with _____?

_____ _____ _____ that can prevent _____ _____ in these appliances?

Are _____ _____ to control _____ _____ in these _____?

What _____ can _____ _____ _____ temperature fluctuations _____ these appliances?

Is it _____ _____ the devices _____ _____ _____ _____ in temperatures?

_____ _____ able _____ control _____ shifts _____ devices?

_____ technology control _____ temperature in _____ _____?

Is there a _____ to keep _____ _____ _____ _____ stable?

Is it _____ _____ regulate the temperature of _____ _____ with _____ _____?

_____ _____ _____ _____ not _____ wildly with temperatures?

Is there a solution _____ _____ temperature _____ _____ these _____?

_____ you _____ _____ is possible to _____ _____ avoid swings _____ device _____?

_____ _____ _____ _____ ward off _____ in appliance temperatures _____ tech?

Is _____ _____ way to diminish _____ _____ _____ of those _____?

_____ there _____ way to _____ the temp _____ _____ these _____?

Is it _____ _____ _____ the _____ of _____ units _____ advanced techniques.

Is _____ _____ _____ to _____ _____ temperatures in these units?

_____ there _____ way to _____ the temperature _____ these _____ _____?

_____ _____ have _____ _____ tech _____ to avoid temp changes _____ _____ appliances?

You have ways to _____ _____ _____ _____ from _____?

Can _____ _____ _____ _____ in appliances?

Are _____ any technologies that _____ _____ _____ the _____ fluctuations _____ these _____?

_____ _____ tech _____ _____ for appliances?

_____ appliances _____ _____ to maintain a _____ _____?

Is _____ possible _____ _____ _____ avoid _____ changes?

Is _____ a _____ to keep _____ _____ the appliance _____?

_____ tech able to regulate _____ _____ _____ _____?

Is _____ able to fix _____ _____ _____?

Is there a way for _____ _____ _____ _____ _____?

Is it _____ to _____ _____ units _____ _____ temperatures?

_____ tech _____ to _____ temp _____ these _____?

Does _____ have _____ _____ to fix _____ in _____?

_____ _____ a _____ _____ counter the _____ heating _____ those gadgets?

There _____ certain technologies that can _____ _____ _____ temperature fluctuations _____ _____ _____.

_____ _____ _____ the temperature _____ these appliances

Is there a _____ way _____ _____ temp _____ _____ _____ appliances?

Are we _____ _____ _____ off _____ _____ in appliance temperatures?

_____ there any _____ to control _____ erratic _____ _____ _____ gadgets?

Is _____ _____ to avoid _____ _____ in temperatures within _____ _____?

_____ your appliances _____ _____ _____ minimize temperature _____?

_____ _____ _____ to counteract _____ temp swings?

_____ your _____ _____ _____ _____ to minimize temperature fluctuations?

_____ are _____ to stop _____ device _____ _____.

Is _____ _____ _____ appliances?

Is _____ _____ way _____ _____ the temperature fluctuations _____ _____ items?

_____ there a _____ _____ _____ the _____ _____ in these appliances?

_____ temp-regulating _____ in _____?

Can _____ _____ you _____ _____ jumps?

_____ _____ _____ way to keep _____ temp _____ in _____ units.

Is _____ a way to control _____ _____ device _____ _____?

_____ measures _____ in place _____ _____ _____ temperatures from changing?

Is there a _____ _____ keep the _____ in _____ _____ from _____?

What are the _____ _____ can _____ appliance _____ _____?

There _____ technologies that _____ _____ used _____ _____ the _____ fluctuations _____ these appliances.

Is _____ _____ that _____ have _____ to _____ temp balanced?

_____ _____ _____ to minimize _____ in device _____?

_____ _____ you stop _____ _____ in device _____?

_____ there _____ technologies to _____ _____ fluctuations in _____ appliances?

Sir/madam, any _____ _____ _____ _____ thermostat _____ in your contraptions?

_____ _____ a way to _____ the _____ _____?

Do _____ _____ you safe _____ temperature _____?

Is _____ any _____ _____ will tame thermostat _____ inside _____ _____?

_____ _____ any ways to _____ _____ and downs _____ temperature _____?

Is there tech _____ _____ _____ appliance _____ _____?

_____ fluctuations _____ _____ _____ _____ be prevented by tech.

_____ _____ _____ use technology _____ limit _____ fluctuations?

Is _____ _____ to keep the _____ from _____ _____ _____ down in _____ appliances.

_____ there gear _____ _____ the _____ shifts?

_____ technologies _____ _____ regulate _____ temperatures?

Is _____ a way _____ keep _____ temperature under _____ _____ these _____?

_____ there a _____ to keep _____ _____ stable in _____ _____?

_____ _____ could _____ _____ in appliances.

_____ _____ fix temp _____ in _____?

Do _____ appliances _____ any _____ _____ reduce temperature _____?

Is _____ any _____ _____ _____ _____ regulate the units' temperatures?

_____ _____ _____ with _____ regulating tech?

_____ there _____ _____ to stop _____ fluctuations in these _____?

_____ _____ stop _____ changes _____ the machines?

Is there _____ _____ to fight _____ different temperatures _____ _____ _____?

You _____ _____ to _____ down _____ _____ temps?

Sir/madam, any _____ for _____ the _____ calm in _____ _____?

_____ appliance _____ to keep _____ _____?

Is _____ any gizmos for _____ _____ _____?

_____ it _____ _____ to _____ and avoid _____ _____ device climate?

_____ there a _____ to keep _____ temperatures _____ _____ _____ stable.

_____ there any way _____ _____ _____ temperature _____ in these _____?

_____ any gizmos that will _____ thermostat chaos _____ _____ _____?

_____ there _____ _____ _____ _____ help prevent the temperature fluctuations in _____ _____?

_____ _____ possible to ward off _____ _____?

_____ it possible for _____ _____ to prevent _____ _____?

Is _____ _____ _____ temp-regulating tech?

_____ there _____ _____ to _____ temperatures _____ appliances?

Is there a _____ _____ prevent _____ temperature fluctuations _____ _____ _____?

Does these _____ _____ technologies _____ _____ temperature _____?

_____ there _____ to keep the _____ stable _____ these _____?

Sir/madam, _____ gizmos that help tame _____ _____ inside _____ _____?

Will _____ be able to _____ the _____ in _____ _____?

Will _____ stop temp _____ _____ these _____?

_____ _____ tech _____ _____ appliance temperatures _____ check?

_____ _____ _____ _____ to prevent the temperature _____ from occurring?

Do _____ _____ feature _____ to minimize _____ _____?

_____ _____ possible to _____ _____ changes?

_____ there a high tech _____ _____ _____ _____ changes in _____ appliances?

Is there a _____ _____ _____ the _____ _____ _____ appliances stable?

_____ tech have the ability _____ fix _____ _____ in _____?

Is _____ _____ way to _____ the _____ in _____ appliances.

_____ _____ a way of keeping the _____ stable _____ _____ _____?

_____ your _____ _____ _____ to prevent _____ fluctuations?

_____ _____ stop temp _____ in these _____?
