

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Dashboard warning lights are illuminated
Inquiry Sub-Category	Battery light is on
Description	Customers might have questions about the battery light staying on. This could indicate an issue with the battery, alternator, or charging system, potentially affecting the vehicle's electrical power and starting ability.
Data Size	5,055 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

_____ is _____ battery _____ illuminated? _____ due to a _____ with _____ alternator or charging _____?

_____ battery might mean _____ with the _____.

Problems _____ motor or charging _____ may cause the battery _____.

problems with the electric _____ charging _____ cause the _____ illuminate.

It's possible _____ the _____ light _____ bad alternator.

_____ could _____ be an electrical failure?

There could _____ a _____ with the _____ alternator.

There is a bright battery _____ possible _____.

It's _____ if a battery light is illuminated _____ with a charging _____.

The battery indicator _____ illuminated because _____ a _____ charging _____.

It's not _____ if _____ mistake _____ a charging system _____ battery _____.

Is _____ in the _____ symbol _____ by charging _____?

_____ not _____ the battery light is _____ of _____ charging system _____ something _____.

It's unclear _____ is illuminated due _____ a mistake with _____ charging _____ if it _____.

_____ the stupid _____ light on _____ alternator or _____ stuff _____ messed _____?

_____ battery light _____ an issue with the _____ arrangement.

Should _____ the charging _____ if my car's _____ is on?

_____ the _____ showing due _____ malfunction?

_____ indicator _____ illuminated _____ a problem in the _____ arrangements.

battery _____ on _____ with the _____ system?

It's not clear if a _____ to _____ mistake with a charging _____ if _____.

_____ the battery light on because _____ malfunctioning?

_____ question about whether the _____ light _____ to a _____ with the charging _____.

Possible _____ batty _____ or _____ trouble

It is not _____ if _____ a _____ the _____ if _____ light is illuminated by it.

The _____ indicator _____ linked _____ a problem _____ charging arrangements

_____ the battery _____ on, might there _____ with the _____ system?

_____ could be issues _____ the _____ the battery _____ on.

____ dumb ____ light ____ my alternator or charging stuff ____ up.
 The ____ light ____ be a ____.
 The charging ____ malfunctioning, ____ the ____ on?
 There may be ____ with the ____ or ____ battery ____ to illuminate.
 Should ____ suspect that ____ if ____ battery light stays on?
 Maybe ____ on ____ of the charging system ____?
 Maybe the ____ because of ____ issue ____ charging system.
 ____ could be ____ that is ____ with a charging system.
 ____ the batt.light shine?
 ____ the light on ____ battery ____ be ____ sign ____ issue?
 ____ not ____ if a ____ light ____ illuminated because ____ an issue ____.
 It's ____ clear if there is ____ the charging system ____ if ____ light is ____.
 Problems ____ the charging ____ lead to a ____.
 ____ the dumb ____ light ____ because ____ charging ____ not working?
 The ____ light ____ be ____ because of ____ with ____ system.
 ____ unclear ____ a battery ____ is ____ to a ____ the charging ____ not.
 ____ light ____ illuminated ____ a problem ____ a charging system.
 Can ____ the ____ shine frequently?
 ____ battery may be ____ to ____ charge ____ issue.
 Is ____ battery ____ because my alternator ____ charging stuff ____ up?
 The ____ glows, any chance ____ an ____?
 ____ batty indicator ____ a reason: ____ charge trouble.
 ____ a ____ light is ____ due to a ____ charging system ____ clear.
 The ____ indicator ____ chance it's ____ failure?
 ____ that the batty indicator is ____ reason ____ charge trouble.
 There ____ be a problem ____ that causes ____ to illuminate.
 ____ there ____ in the ____ system?
 Is the battery light illuminated ____ a ____ the ____?
 ____ not clear ____ battery light ____ illuminated ____ problem with the charging ____
 ____ possibility of a problem with ____ the battery ____ is on?
 I wonder ____ the ____ or charging stuff is messed up.
 ____ indicator is glowing, could ____ issue with the ____?
 Can ____ light ____ light ____ an ____ with the charging ____?
 The glowing ____ sign ____ trouble with the ____ system.
 Is battery ____ showing due ____ with the ____?
 ____ light ____ have ____ problem with the ____ system.
 The battery ____ be ____ to ____ problem with ____ arrangement.
 Could ____ light ____ lit ____ to ____ with the charging system?
 ____ battery light may be ____ due ____ the ____ system.
 ____ with the electric ____ charging system ____ illuminate ____ light.
 ____ battery ____ connected to a problem in the ____?
 ____ battery ____ is illuminated ____ to a mistake with ____ or not.
 ____ battery ____ may be ____ to problems ____ the ____ system.
 ____ issues ____ batt.light shine constantly?
 ____ is glowing, ____ is the ____ of the alternator?
 ____ alt./charging ____ implied, battery ____?
 It's ____ clear if a battery ____ is ____ of ____ charging system or ____ else.
 Do ____ have an issue ____ system or the ____?
 ____ indicator ____ glowing, could that ____ the failure ____ alternator?
 The ____ motor or charging ____ have ____ light to _____.

The _____ have _____ caused by the _____ alternator.
 _____ glowing batteries a _____ trouble _____ the alt/charging _____?
 Could the _____ because of a problem _____ a _____?
 _____ light _____ be malfunctioning because of a _____ the charging _____.
 The _____ light may be illuminated _____ with _____ system.
 It's _____ a _____ light is _____ of an _____ with _____ system.
 There _____ potential _____ charge _____ when _____ light is illuminated.
 The _____ light _____ illuminated _____ a _____ with a charging _____.
 _____ the _____ light on _____ charging system malfunctioning?
 _____ is _____ that _____ batty _____ is for _____ or _____ trouble.
 The battery light _____ be _____ to _____
 _____ are possible _____ issues implied _____ bright battery _____.
 It _____ not _____ a _____ light is illuminated _____ a _____ with the charging system _____.
 _____ light is _____ could _____ be _____ with the _____ arrangement?
 Is the _____ light on _____ the _____ malfunctioning?
 _____ whether _____ with a charging _____ a battery light is _____.
 _____ not _____ if the battery _____ is illuminated _____ to _____ system _____ just the _____ with _____.
 The _____ light _____ sign of an issue _____ arrangement.
 The battery _____ may _____ by a _____ with _____.
 _____ battery _____ due _____ a _____ with the charging system?
 _____ might be on _____ of a _____ system _____.
 The _____ light can _____ illuminated by _____ charging _____.
 There _____ possible _____ indicator: alt _____ charge trouble.
 A _____ light _____ be _____ by a charging _____.
 Does _____ batt.light shine _____ due _____ the _____?
 The battery _____ can be linked _____ the _____ arrangement.
 _____ an issue _____ charging _____ the battery light?
 The battery _____ can be _____ the _____ or _____ is malfunctioning.
 The battery _____ glows, _____ it a _____ of _____?
 _____ the _____ system or the alternator may be _____ battery light.
 The _____ alert _____ been _____ by _____ alternator malfunctioning.
 It's not _____ if _____ is illuminated _____ to _____ charging system.
 The _____ light _____ be related _____ issue _____ the charging _____.
 _____ problems _____ system could _____ to a _____ light?
 A _____ be an _____ issue.
 _____ there _____ alternators that illuminate battery lights?
 Is the _____ indicating an issue _____ arrangement?
 It's not _____ if a battery light is _____ due _____ problem _____ charging system or _____.
 Is _____ on a _____ problem?
 _____ battery light _____ illuminate _____ to _____ problem _____ the charging _____.
 _____ showing on _____ could _____ charge system issue.
 It's not clear _____ a battery _____ illuminated _____ with _____ system.
 Is _____ battery light an _____ of _____ issue related to the _____?
 _____ alert which may _____ due to a _____ malfunctioning alternator.
 Should _____ with _____ charging mechanism if _____ stays on?
 _____ dumb _____ light on because of the _____?
 Is _____ lit up _____ a problem with the _____?
 Is the stupid _____ light _____ my _____ is _____?
 _____ light may illuminate _____ issues with _____ electric _____ charging system.
 _____ light _____ be due _____ problems with the _____.

The ____ indicator can ____ to a ____ with ____ charging ____.

The _____ it be a ____ of ____ Alternator?

Light _____ it's a charge ____ issue?

_____ dumb battery ____ on because _____ stuff isn't ____?

It _____ clear ____ a ____ light ____ illuminated ____ to ____ problem ____ the charging system ____ simply ____ it.

The battery _____ might be related ____ the charging ____.

It is _____ light is illuminated ____ to ____ problem ____ the charging system.

_____ light on or ____ system malfunctioning?

It's _____ if ____ battery ____ is illuminated _____ problem with the _____ something else.

The ____ light may be ____ because ____ a _____ with a charging ____.

_____ battery light _____ illuminated by ____ problem _____ or the alternator.

The battery ____ may _____ charge system is ____.

The glowing ____ may ____ trouble ____ the _____.

Is ____ a battery light on _____ the ____?

Is _____ on ____ the system ____ malfunctioning?

The battery ____ may illuminate due ____ problems ____ the electric _____.

_____ the ____ light ____ on, _____ issue with the ____ system?

The battery warning ____ be _____ alternator.

_____ be problems _____ charging ____ if ____ battery ____ is on.

Should _____ an issue with _____ mechanism _____ battery light stays ____?

Are ____ battery lights _____ charging ____ malfunctioning?

_____ light may be ____ up _____ issues with the _____.

_____ it could ____ a ____ of the alternator.

It ____ not known if a ____ light _____ a problem ____ the _____ or something ____.

It's not clear ____ a battery ____ is _____ problem ____ the ____ system or ____.

_____ the ____ light ____ due _____ bad alternator?

Maybe ____ battery light is showing _____ bad ____?

_____ wondering if the ____ light ____ due to _____ alternator.

The battery ____ glows, _____ an ____ with the ____?

The battery light might _____ of issues ____ the _____.

The ____ alert ____ have been _____ malfunctioning alternator.

It is ____ if ____ battery light ____ illuminated _____ the _____ the charging ____.

_____ the battery light ____ because there is _____ system?

The ____ light is on and ____ may be an _____.

I ____ wondering _____ battery _____ illuminated due ____ a problem ____ the charging ____.

Is the _____ illuminated due _____ charging system ____?

_____ it ____ that ____ problem ____ the ____ system can cause the _____ on?

_____ glows, is it ____ to the failure of _____?

Is ____ a problem ____ the ____ arrangement _____ alternator?

Something ____ be ____ with the charging _____ alternator.

_____ the light _____ the charging system ____?

_____ light may ____ on ____ to _____ system problem.

_____ something wrong with ____ charge ____ or the ____.

Is the battery _____ because ____ is _____ problem?

_____ light _____ a bad alternator?

_____ battery light is on and _____ indicate ____ issue with _____.

_____ the charging unit _____ the battery ____?

Is ____ battery on ____ of an ____ with _____?

_____ if ____ battery _____ due to _____ with a charging system or ____.

The ____ light ____ be illuminated by the ____ with _____.

A _____ may be due _____ a _____ malfunctioning _____.
 There _____ a _____ light _____ a charging system _____.
 Is _____ battery _____ me about _____ with _____ charging arrangement?
 It's not _____ if _____ is illuminated _____ a problem _____ charging system.
 _____ the _____ glowing _____ to _____ the alt/charging system?
 _____ wonder if _____ battery light is _____ up _____ with _____ or the alternator.
 It is not _____ a _____ light _____ illuminated _____ to _____ with a charging _____.
 A _____ with _____ charging _____ can cause _____ battery _____ illuminate.
 _____ the battery _____ indication _____ related to the _____ arrangement?
 Is _____ light _____ up by an issue _____ the _____?
 It's not _____ battery light _____ illuminated by a mistake _____ charging _____.
 Should I _____ a _____ with the _____ if _____ battery _____ on?
 The battery light _____ on _____ be a _____ with _____ arrangement?
 Is _____ by an _____ that is malfunctioning?
 _____ the _____ light _____ on due _____ problem _____ the _____ system?
 _____ there _____ problem _____ the charging _____ there is _____ on?
 _____ in _____ charge _____ if _____ battery light is illuminated.
 There _____ be an issue _____ system if _____ battery _____ on
 _____ may _____ fault with the _____ or _____ alternator.
 _____ vehicle's battery _____ should I suspect _____ with the _____ mechanism?
 The _____ can _____ the failure of _____ alternator?
 Does _____ charging _____ have _____ issue _____ the _____ light is _____?
 _____ chance it's _____ alternator _____?
 _____ clear _____ a battery _____ is illuminated by the _____ with _____ charging _____ something _____.
 _____ is _____ known if a battery light _____ illuminated _____ to _____ with _____ charging _____ it is.
 Is my battery _____ the charge _____?
 The _____ on the _____ could _____ indicator of _____ issue _____ the _____ arrangement.
 _____ charging _____ malfunctioning _____ battery _____ is on?
 The _____ be related to alt _____ charge _____.
 It's not _____ if _____ light is illuminated _____ malfunctioning _____.
 _____ the glowing battery _____ that _____ charging _____ malfunctioning?
 The battery light is _____ could _____ with _____ arrangement _____ the alternator?
 _____ glowing _____ may signal _____ with the _____.
 Is the _____ light _____ alternator?
 _____ could a charging _____ malfunction _____ a _____ to light _____?
 Could this be an issue with the _____?
 Is _____ battery _____ to a _____ with _____ alternator?
 _____ alt./ charge _____ implied, _____ bright?
 The battery light _____ issues with the charge _____.
 It's _____ that the _____ is _____ the _____ charge system.
 Is _____ battery light _____ bad _____?
 _____ the _____ battery _____ the charging system?
 Problems with _____ or charging _____ cause _____ battery _____ to illuminate
 The battery indicator could possibly _____ problem _____ arrangement.
 Does _____ glowing battery suggest _____ problem _____ system?
 _____ not _____ if _____ illuminated due _____ the issue with the charging _____.
 _____ battery _____ is illuminated _____ to a problem with _____ system, it's _____.
 It _____ not _____ if a _____ by a _____ with the charging _____.
 Light _____ on battery, _____ issue _____ the charge _____?
 The battery light _____ problem with the electric _____ or _____.

_____ may be _____ to trouble.

_____ light on _____ charging system isn't working?

_____ the _____ system having an issue _____ the battery _____?

If the _____ is _____ could there _____ an _____ with _____ system?

_____ a bad _____ for the _____ light?

_____ alert _____ a result _____ a faulty alternator.

_____ with _____ electric motor _____ charging _____ cause _____ battery _____ light up.

_____ battery _____ is illuminated, _____ it a _____ with _____ charge _____?

Does the battery _____ trouble?

Possible alt./Charge _____ lamp _____.

_____ the battery _____ illuminated by _____?

_____ is not _____ a battery light is _____ a problem _____ the _____ system _____ something _____.

_____ possibility _____ indicator is related to _____ or charge _____.

_____ light could _____ result of _____ charging system _____.

It _____ that the light _____ on the battery _____.

_____ a battery _____ the charging system _____ malfunctioning.

_____ the battery _____ lit up _____ a _____ with _____ charging _____?

_____ an issue with the charging _____?

The battery indicator _____ up, could it be _____?

_____ with _____ electric motor or _____ system _____ result in the _____.

If the battery light _____ on, _____ there _____ issue _____?

The battery _____ is _____ be related to _____ charging _____?

_____ the light on _____ system isn't _____?

_____ issue with _____ charging system if the _____ on?

_____ clear if the _____ light _____ because _____ charging _____ or simply because _____ the problem.

Is _____ charging system _____ with the battery _____?

The charging system might _____ a problem _____ light _____.

Can _____ the _____ arrangement or the alternator?

_____ the _____ be _____ indicator of an issue with the _____ arrangement?

The _____ on, _____ it be an issue _____ the _____?

_____ is _____ battery _____ bright and _____ alt./charge issues _____.

_____ alt./charging problems _____ the batt.light _____?

_____ not _____ battery _____ is illuminated _____ issue with the charging system.

_____ is _____ the _____ indicator _____ related to alt _____ charge _____.

The _____ light may light _____ problems with the _____.

_____ troubles make _____ batt.light _____?

_____ light on the _____ may _____ system issue.

Should _____ be _____ the _____ mechanism or _____ alternator if the _____ light _____ on?

_____ battery _____ may _____ to _____ charging system problem.

_____ light can _____ to _____ with _____ charge system.

The _____ the charging issue?

_____ battery warning may _____ an _____ alternator.

It is not _____ the _____ light _____ illuminated _____ mistake with the _____ system or _____ it _____.

It is not _____ if _____ battery _____ is _____ a problem _____ charging _____.

The _____ light _____ illuminated _____ a _____ with the _____ system.

Should a problem with _____ system _____ the _____ light _____?

_____ is not _____ the _____ light is _____ by _____ problem with the _____ or _____ else.

_____ may be illuminated because of a _____ associated with _____.

The _____ alert _____ have _____ caused _____ the _____ of _____ alternator _____ charge.

Is _____ light _____ to _____ problem with the _____?

_____ light could be a problem _____ system.

The _____ glows, could it _____ alternator?

_____ not clear if there _____ with the _____ if _____ light _____ illuminated by it.

It is _____ certain _____ a battery _____ to _____ problem with _____ system.

The battery _____ glowing, could it _____ the charging _____?

The _____ or charging system _____ cause _____ with _____ battery _____.

It's _____ clear if a battery _____ due to a problem _____ charging _____ or _____.

_____ there _____ in the charge _____?

_____ not known if _____ is illuminated due _____ problem _____ a charging system.

_____ battery _____ or an _____ with the charging system?

Possible _____ implied by battery _____?

_____ the _____ is _____ because _____ a bad alternator.

_____ is not known if a mistake _____ a _____ light _____ illuminated.

_____ glowing battery indicate _____ with the _____?

The charging system may have _____ battery _____.

_____ certain if _____ light _____ illuminated _____ to an issue with _____ system.

_____ issue _____ the _____ system _____ light?

Potential _____ in _____ system _____ the _____ is illuminated?

The _____ might _____ by a _____ with _____ system.

A charging system problem may _____ illuminated.

There may _____ problem _____ the charging _____ and the _____ light _____ illuminated.

There _____ be problems _____ the charging _____ would _____ battery _____ to _____.

_____ there _____ that _____ the _____ light to shine?

The battery light _____ on because _____ system _____.

_____ clear _____ a _____ light _____ the _____ charging system or something else.

Are the battery light _____ a _____?

_____ light _____ be _____ an issue _____ the charging system.

The _____ lit up by problems _____ charge system.

The _____ can it possibly _____ failure of _____ alternator?

There is _____ with _____ system and could _____ light _____ illuminated?

The battery _____ illuminated, which _____ a _____ the _____ system.

It's not _____ a _____ light _____ illuminated _____ of a problem with _____ system _____ if _____ simply a _____

_____ battery may be related to the _____ issue.

_____ battery light _____ on, can _____ issue with _____ system?

_____ the charging _____ have _____ issue _____ battery _____ on?

battery _____ possible _____ issues _____?

Can _____ batt.light to shine?

Potential _____ batty indicator _____ or charge _____.

_____ batt.light _____ constantly _____ of _____ problems?

It _____ clear _____ light _____ due _____ a mistake with _____ charging system.

_____ battery light _____ be lit up _____ problems _____ charging _____.

_____ the glowing _____ with _____ charging system?

Alt./charging _____ up _____ symbol?

Is _____ battery light related _____ the alternator?

Is _____ of _____ with the alt/charging system?

Does _____ battery indicate _____ the _____ system.

_____ not clear _____ the battery _____ is illuminated _____ to _____ with _____ or if it _____ malfunctioning.

Trouble _____ battery _____ illuminate?

Could the _____ the _____ be related to _____ the charging _____?

It _____ if _____ light is illuminated due _____ a _____ with _____.

Should I _____ problems with the charging _____ vehicle's _____ on?

It's unclear if the _____ light _____ illuminated _____ to _____ with _____ or _____.

_____ battery light _____ illuminated _____ to _____ electric motor or _____ system.

_____ I _____ the _____ mechanism of my car's _____ light?

The battery light _____ to do _____ the alternator _____.

Is _____ problem with _____ charging system that _____ to the _____ being _____?

Light _____ it's a _____ issue?

_____ could _____ charging system _____ a _____ light appearing?

_____ battery indicator _____ a failure?

_____ it _____ that _____ system is _____?

Should I _____ charging _____ if the battery _____ remains _____?

_____ to _____ if _____ battery signals trouble with _____ alt/charging _____.

Is _____ a problem _____ system if _____ is on?

_____ there a _____ with the _____?

Possible _____ issues _____ bright!

_____ the battery _____ there's a _____ problem?

Possible trouble in _____ light is illuminated?

_____ battery light _____ on because my _____ or charging _____ up.

The _____ light may _____ to _____ problem _____ the charging _____.

It _____ a _____ light is _____ to a mistake _____ a _____ system or _____.

_____ brightness _____ the battery symbol could _____ by _____.

_____ clear if _____ battery _____ is _____ by the charging _____ or something _____.

The battery light _____ by _____ charging system.

_____ light may _____ illuminated _____ with _____ charge system or _____ alternator.

_____ indicator may be linked _____ a problem _____.

_____ be a fault _____ the charging _____ alternator.

_____ battery indicate trouble _____ alt/charging system?

_____ battery _____ malfunction due to problems _____ the _____.

_____ light could be _____ to a _____ with _____ system.

_____ the _____ be illuminated _____ to _____ problem with a _____?

_____ the charge _____ my _____ light is illuminated.

_____ could be _____ problems with the _____ system.

_____ the _____ indicating an issue related _____ the _____ arrangement or _____?

It's not _____ if _____ light _____ due to _____ mistake _____ the charging _____ not.

_____ light may be illuminated _____ to a problem _____.

_____ the _____ problem with the _____ system?

The _____ light could _____ an _____ with _____ system.

_____ battery may have an issue _____ the _____ or _____.

Is there _____ the _____ mechanism _____ the _____ if _____ vehicle's _____ stays on?

_____ battery _____ be due _____ the malfunctioning _____.

_____ the battery light on, _____ system _____ or _____?

Are _____ battery light _____ or _____ malfunctioning?

_____ battery light on or a _____ system _____?

_____ be an _____ with the _____ if the _____ light is _____.

_____ any _____ alternators that illuminate battery _____?

_____ this _____ the _____ system is _____?

Is _____ related to _____ the charging arrangement?

_____ lamp may have an _____.

_____ charging _____ problem _____ lead _____ the battery light _____.

It's _____ clear _____ battery light is illuminated _____ to _____ with _____ system _____ not.

The battery light ____ be ____ because of ____ with ____.

There is ____ the battery ____ a reason ____ alt ____ trouble.

Is the ____ battery ____ on ____ my alternator ____ stuff ____?

Should ____ problems with the ____ my vehicle's ____ is on?

____ problems causing brightness ____?

____ not known ____ a battery ____ is illuminated ____ to a ____ with ____ charging ____ if ____.

____ a ____ with the ____ system or if the ____ light is ____ due ____ it.

The battery ____ may ____ due ____ with the ____.

____ could be ____ with the ____ system.

Is ____ alternator ____ battery warning?

The ____ system ____ have ____ issue ____ battery light.

How about ____ light on, an issue ____?

____ battery ____ signal ____ problem ____ the alt/charging system.

____ light on, ____ with ____ charging system?

The ____ illuminate due ____ problems with ____ system.

What could a ____ system ____ to cause ____ light ____?

Is the battery ____ the charging system ____?

____ battery light ____ because the charging ____ is ____.

____ light stays on, ____ there be any problems ____ the ____?

____ a ____ system problem cause the ____ to ____?

The battery ____ by a problem ____ charge ____ the alternator.

____ reason for ____ indicator: ____?

Is ____ because ____ the alt./charging ____?

____ could be problems with ____ system ____ lead ____ light.

It's ____ battery ____ illuminated ____ of a problem with the ____ or simply ____ of ____ else.

It's ____ if ____ battery light is illuminated ____ charging system ____ something else.

____ I suspect any ____ the ____ mechanism or ____ my vehicle's battery ____ on?

____ battery light be illuminated due ____ problem in ____?

____ the ____ indicative ____ trouble with ____ alt/charging system?

Is ____ battery signaling ____ with ____ charging ____?

____ known ____ the battery light is illuminated ____ of ____ problem ____.

____ battery light could be ____ up ____ the charge ____.

____ the battery lights on, an ____ system?

Problems ____ charging ____ cause ____ battery light to ____.

____ problem with ____ charging system that ____ cause ____ light to ____.

Are ____ able ____ the batt.light ____?

____ possible that a ____ the ____ system could ____ the ____ to light ____?

The ____ on, could it ____ to the ____ the alternator?

It isn't ____ light is illuminated ____ with a charging system.

It's ____ clear if a battery light is illuminated ____ problem ____ charging system ____ if ____ a ____.

____ battery ____ on ____ the charging system ____.

____ dumb battery light on because my ____ is ____?

Charging issue ____ on?

____ the ____ light ____ of a ____ the charging system?

____ battery light ____ to a ____?

____ be problems ____ the charging system ____ light to light up.

____ be a problem ____ the ____ system that ____ the ____ to be ____.

Is the charging system ____ the battery ____?

____ whether ____ light is illuminated due to ____ mistake with a charging ____ not.

____ battery light ____ be a ____ the charge system.

If the _____ light _____ due to a mistake _____ system, _____ not _____.

_____ showing on _____ it _____ the _____ system issue.

The battery _____ is _____ any _____ it is _____?

The battery indicator might _____ connected _____ a problem _____.

_____ is _____ a battery light _____ by _____ with a charging _____ or not.

It _____ that _____ battery alert is _____ to _____ faulty _____.

_____ the _____ light _____ of a _____ is associated with _____ system?

_____ possible alt./charge _____ the battery _____.

_____ the _____ light _____ because the _____ system _____?

It's _____ a battery _____ is _____ due _____ with a charging system.

The battery _____ trouble _____ the _____.

Is _____ light _____ to _____ problem?

_____ light on _____ light _____ indicate an _____ with _____ arrangement.

It's not _____ if a _____ light is _____ charging _____ problem or _____.

There _____ a _____ with the charging _____ the battery light _____.

The battery light _____ be _____ faulty _____ or _____ system.

If the _____ on does the charging _____ a _____?

There may be problems _____ the charge _____ the _____ illuminate.

_____ the glowing battery signify _____ alt./charging _____?

It's _____ a battery _____ is illuminated _____ the charging system _____.

Is the _____ my alternator _____ charging _____ messed up?

Is the _____ on _____ has _____ issue?

The _____ the battery _____ an indication of an issue _____ the _____.

Can _____ problems _____ shine?

_____ potential problems _____ the _____ that could _____ battery light appearing.

Is the _____ light _____ an _____ problem?

Is there any issues with _____ battery _____?

_____ may have _____ caused by _____ malfunctioning alternator.

_____ in the _____ system?

I don't _____ battery light _____ a mistake with _____ system or not.

_____ not known _____ a _____ light is illuminated _____ a _____ with _____ system _____.

Are the battery lights on _____ there's _____ system?

_____ be _____ problem with the _____ system if the battery _____?

A _____ system _____ the battery _____ to _____ illuminated.

_____ this a problem _____ the _____?

It's not known _____ light is _____ problem with the _____ system _____ something _____.

It's _____ the battery alert is due _____ a _____.

_____ my _____ battery light stays on, _____ be _____ charging mechanism?

_____ battery light _____ could _____ trouble?

_____ battery light could _____ a problem _____ charging system.

Problems _____ electric _____ or charging _____ cause _____ battery light to _____.

_____ battery light could _____ illuminated _____ problem _____ is _____ the _____ system.

_____ battery light could _____ due _____ a _____.

_____ battery _____ indicate an _____ related _____ charging arrangement.

_____ light might shine _____ to _____.

_____ isn't clear _____ battery light is _____ to _____ the charging system.

It is _____ clear _____ a battery light _____ by _____ charging system _____ something else.

Possible reason _____ indicator: _____.

The _____ may _____ trouble in _____ system.

_____ be illuminated because _____ a problem _____ the charging _____.

The _____ is glowing, _____ chance _____ alternator failure?
 It's _____ clear if _____ battery _____ is _____ by a mistake with _____ system _____ if _____.
 Is _____ light on _____ battery _____ to _____ problem with _____?
 _____ issues make _____ batt. light _____?
 _____ the _____ light stays on, should I suspect _____ the _____?
 Is the _____ battery _____ trouble with _____?
 _____ glows, _____ it be a _____?
 I _____ the _____ light is _____ because _____ problem _____ the charging system.
 _____ light _____ up _____ a problem with the _____ system _____ the alternator?
 _____ there a _____ system that can cause _____ light _____ illuminate?
 _____ the _____ because of the _____?
 _____ could be illuminated by _____ system problem.
 Is _____ problem with the _____ system _____ battery _____ to be lit _____?
 _____ there _____ of a problem with the _____ the battery light _____?
 _____ light _____ light could _____ related _____ an issue.
 _____ battery _____ could _____ linked _____ a problem _____ charging arrangement.
 The _____ may _____ caused by _____ alternator.
 Is _____ of _____ lit up by a _____ with the charging _____?
 The battery alert _____ be due _____ the _____.
 Potential trouble _____ as my battery _____ illuminated?
 It's _____ whether _____ battery light is _____ by _____ charging system _____ not.
 _____ the _____ the battery _____ indicate _____ the charging arrangement?
 _____ battery indicator _____ be illuminated by _____ problem _____ arrangements.
 _____ might be _____ by _____ problem _____ the charging system _____ the alternator.
 _____ is _____ clear if _____ battery light _____ illuminated _____ the _____ charging system or _____ else.
 Are _____ problems _____ charging _____ the battery light?
 _____ battery light _____ be _____ of issues _____ charging system
 _____ light might be caused by _____.
 It's not clear if a _____ due _____ mistake _____ a _____ system
 _____ light is _____ could _____ with the charging arrangement?
 _____ is _____ if a battery light is _____ problem _____ the charging _____.
 _____ clear whether a _____ is _____ to a problem _____ the _____ system.
 _____ suspect _____ issue with the _____ mechanism if _____ battery light _____?
 _____ light can be illuminated due _____ with _____ charge _____.
 _____ charging _____ malfunctioning or the _____ light _____?
 I _____ if _____ signaled trouble _____ the alt/charging _____.
 _____ it mean _____ is wrong _____ the _____?
 I wonder _____ dumb battery _____ is _____ my alternator _____ up?
 Is _____ dumb _____ light _____ because _____ stuff's _____ up?
 _____ charging system _____ cause _____ battery light to _____.
 _____ a problem _____ charging system can lead to _____ battery _____ on.
 _____ with _____ charging system can _____ to a battery _____.
 A possible _____ for _____ batty _____ or _____ trouble?
 Is it _____ a problem _____ charging system _____ light being on?
 _____ trouble _____ charge system _____ my _____ is illuminated.
 _____ the battery light is illuminated due to a _____ with _____ or _____ other way _____.
 Something _____ wrong with _____ the alternator.
 Can the batt.light _____ alt./charging plight?
 Problems _____ charging _____ could cause _____ battery light to _____.
 _____ alt./charge issues _____ is bright.

There could be _____ with _____ lead to a battery _____.

Is _____ light illuminated by a _____ with _____?

Is the glowing battery _____?

It's _____ if _____ battery light is _____ to a mistake _____ the _____ system _____.

The _____ indicator _____ could it be _____ of _____ alternator?

_____ the _____ on _____ a problem with the charging _____?

It is unclear if _____ is _____ a _____ the charging system.

_____ the battery _____ illuminated by _____ problem _____ is associated _____ charging _____?

_____ not clear if _____ light is illuminated _____ of a _____

Is _____ dumb battery _____ on _____ or _____ stuff has _____ up?

The battery _____ may be _____ issues _____ electric _____ charging system.

_____ not certain _____ a battery _____ illuminated _____ problem with the charging _____.

Is the _____ a sign that _____ malfunctioning?

_____ not _____ if _____ is illuminated because of a _____ the charging system, _____ simply because _____.

Is the battery light _____

A battery _____ might be due _____ faulty _____.

_____ may _____ issue _____ the _____ system or the _____.

_____ light _____ be illuminated _____ to a _____.

_____ possibly _____ caused by problems with the charging _____.

Is _____ light on because _____?

A battery _____ might _____ to _____ faulty _____.

_____ a _____ with the _____ system that _____ the _____ light _____ illuminate?

_____ light _____ illuminated, is _____ a problem with the _____?

The _____ light _____ be illuminated _____ a _____ with the _____ system.

The _____ illuminated due to the _____ with _____ system.

_____ glows, any chance it's _____?

_____ the battery _____ indicate _____ alt./charging system?

Does a problem with _____ system _____ battery _____ being _____?

Does the batt.light shine _____ alt./charging _____?

_____ there any potential _____ with the charging _____ if _____ on?

_____ battery light _____ be lit up due to _____ charge _____.

Potential trouble _____ system?

_____ battery _____ is bright, _____ be a failure _____ alternator?

_____ battery _____ due to _____ problem with the _____ system.

_____ battery _____ could potentially be illuminated _____ a _____ with _____.

_____ the _____ constantly _____ to alt./charging _____?

_____ not _____ if _____ battery light is _____ to _____ charging system _____.

_____ the _____ be linked to a _____ in _____ arrangement?

_____ the _____ on is _____ a problem _____ the charging _____?

_____ battery light _____ illuminated by a _____ the _____ system.

The battery _____ glows, could it _____ of _____?

_____ suspect _____ with _____ charging mechanism _____ the _____ the battery light _____ on?

Is _____ battery on _____ a _____ charging system?

_____ battery _____ is glowing, _____ that be _____ issue _____ the _____?

_____ is not clear _____ battery _____ illuminated due to _____ with a charging _____ or _____.

Possible _____ in _____ due _____ battery light?

_____ is _____ battery alert is due to a _____ malfunctioning _____.

_____ battery light _____ be _____ sign _____ problem _____ charging system.

Problems _____ the electric motor or _____ the _____ light.

_____ battery _____ glows, any chance _____ an _____ failure?

_____ light _____ due to a _____ the alternator?

_____ possible _____ the battery _____ illuminated by _____ problem _____ the _____ system.

It's _____ clear _____ there's _____ problem _____ the _____ system or _____ a _____ is _____.

_____ light may be _____ by _____ the _____ system or the _____.

There could _____ be an _____ charging _____ light is on.

I was wondering _____ glowing _____ signaled _____ the alt/charging _____.

Problems _____ the _____ system _____ cause _____ light _____ illuminate.

A _____ of _____ charging _____ to blame _____ illuminated _____ light.

_____ not _____ battery _____ illuminated because of a problem with the _____ because _____ something else.

_____ glowing, could it be _____ of the alternator?

_____ battery _____ might _____ to a _____ or malfunctioning _____.

_____ is on, _____ it be because of _____?

It's _____ clear _____ the battery _____ is _____ charging _____ or something else.

I _____ if _____ problem with _____ charging system can _____ light to _____.

_____ battery light may _____ due _____ with the _____.

_____ not known _____ a battery _____ illuminated due to _____ issue _____ charging _____.

_____ a _____ system that _____ the battery light to _____ illuminated?

Can _____ the _____ shine?

Are _____ battery light _____ an _____ the charging system?

It's not clear _____ a _____ is _____ by a problem _____ or charging _____.

Should I look for _____ mechanism _____ alternator _____ my _____ light stays _____?

Could _____ light _____ lit up _____ a _____ with the charging _____?

Does _____ battery glowing _____ trouble _____ alt/charging _____?

There is a _____ issue with the _____ system.

_____ the _____ on because the _____ is _____ working?

I _____ if _____ a _____ charging _____ if the battery light _____ on.

_____ wondering if _____ problem _____ charging _____ can _____ the battery _____ to _____ up.

It's not clear if _____ a problem _____ the charging _____ or _____ the _____ up by _____.

A battery _____ may be _____ a _____ glitch.

The _____ may be illuminated by _____ system.

The battery _____ lit up by _____ the charging system.

_____ may have _____ caused by a _____ or malfunctioning _____.

_____ a _____ light is _____ because of a mistake _____ charging system or _____.

Is _____ battery light on _____ my _____ is _____?

_____ shine because of the _____?

_____ may be _____ of issues with _____ charging system.

_____ battery _____ might _____ caused by the faulty _____ charge.

_____ the battery light _____ because _____ an _____ the _____?

_____ not certain if a _____ is illuminated due _____ issue _____ a charging _____.

Can _____ the batt.light _____?

It isn't _____ if _____ battery _____ is _____ due _____ issue _____ the _____ system.
