

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Exterior lighting fixture replacement
Inquiry Sub-Category	Compatibility with existing systems
Description	Customers want to ensure that the new exterior lighting fixtures they choose are compatible with their existing electrical systems, including inquiries about voltage requirements and compatibility with dimmers or smart home automation systems.
Data Size	5,110 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

_____ installing newer _____ well _____ connect wirelessly through _____ already _____ within walls?
_____ well do those updated models _____ existing in-wall _____?
_____ is a risk _____ newer _____ interfering with the _____ capabilities.
_____ imagine _____ the _____ affect how _____ the HomeKit setup _____ able to _____ wall?
Will _____ within pre-existing home _____ systems be _____ after the _____?
HomeKit's located _____ by installing updated devices
Is _____ for how they _____ with _____ Walls?
_____ that _____ devices _____ the HomeKit network _____ walls.
_____ inside walls could _____ be _____ newer devices _____ installed.
Will _____ models be able _____ change _____ disrupted _____ existing walls?
Can new _____ change the _____ regards to _____?
_____ installations _____ HomeKit _____ setup's wireless _____?
_____ HomeKit _____ in _____ influence connection _____ if you upgrade _____?
_____ do newer _____ connect to _____?
_____ HomeKit _____ connections _____ disrupted _____ new _____.
The _____ in the walls may _____ by _____ models.
Does updated models affect _____ to connect _____ HomeKits _____?
Is _____ a _____ of newer models interfering with the _____ capabilities?
How well the HomeKit _____ connect to _____ be affected _____ newer _____.
_____ connection _____ HomeKits may _____ affected _____ the installation _____ new versions.
_____ installed devices affect _____ HomeKit setup's connection _____?
Is the _____ to connect _____ disrupted _____ the _____ upgrades?
There is _____ whether newer versions of HomeKit _____ connection _____ to _____ HomeKit _____.
How _____ sets are connected through the _____ be _____ by _____.
_____ the _____ setup can _____ the walls _____ be _____ by newer _____.
_____ you _____ newer _____ affect how _____ is able to connect through _____?
Do _____ how well already placed _____ through walls?
The _____ in walls could _____ interfered with by _____ models.

____ there ____ chance ____ newer models interfering ____ ____ mounted HomeKits?
 Is ____ ____ risk ____ newer models ____ interfere ____ ____ installed wall ____ HomeKits' wireless ____?
 HomeKit ____ setup's wireless connections ____ ____ newer ____.
 Is HomeKit setup ____ ____ affected ____ newer ____?
 Is ____ ____ that newer models ____ ____ HomeKit sets are ____ through ____?
 Will ____ smooth connection of pre-installed ____ WiFi ____ ____ modernization ____ gadgets?
 ____ HomeKit ____ in ____ ____ could be interfered ____ the new ____.
 ____ ____ models be ____ ____ HomeKit's disrupted ____ connections in ____ walls?
 Home ____ connections within walls ____ be impacted ____ ____.
 Is ____ possible ____ ____ may ____ how well ____ HomeKit setup ____ ____ the wall?
 Is it ____ that ____ models will ____ how well ____ ____ within the ____?
 ____ ____ HomeKit link when put ____ walls?
 ____ it ____ ____ editions ____ how well they ____ ____ existing HomeKit walls?
 ____ well the ____ setup is able ____ ____ within ____ will ____ affected ____ newer ____.
 Do you ____ newer ____ will ____ ____ ability to ____ to ____?
 ____ ____ models be ____ ____ changing HomeKit's disrupted wi-fi ____ in ____?
 ____ it possible that ____ appliances ____ well they ____ within ____?
 ____ the HomeKit ____ ____ affected by ____ updated devices?
 It ____ ____ a ____ if the updated devices ____ ____ HomeKits ____ ____ walls.
 Is ____ ____ new ____ influence how well ____ setup ____ through ____?
 Is ____ ____ with the wall-mounted Home ____ ____ capabilities?
 Can you imagine ____ the ____ models affect ____ ____ connect within ____ ____?
 How ____ ____ ____ wirelessly could ____ disrupted by ____ upgrades.
 ____ ____ wireless capabilities ____ ____ affected ____ updated models.
 Are the ____ ____ for how well they ____ ____ HomeKit ____?
 HomeKit connections ____ ____ impacted by updated ____ ____.
 ____ ____ inside walls ____ ____ be disrupted ____ newer gadgets.
 ____ ____ ____ model ____ impact HomeKit setup in ____ walls?
 Is it ____ that updated ____ ____ disruptions to ____ located ____ ____?
 ____ an upgrade affect the ____ ____ ____ already ____ the wall?
 ____ ____ link ____ put in ____ ____ can the ____ affect it?
 Can newer models ____ with ____ wall mounted ____ ____?
 ____ ____ the HomeKit ____ ____ to connect ____ the wall ____ ____ by the newer models.
 Does the ____ of ____ models affect the ____ ____ connect ____ ____ within ____?
 ____ newer models ____ interfere with HomeKit ____ ____.
 There ____ a ____ newer ____ with the ____ installed HomeKits' ____ capabilities
 ____ connections within Walls ____ ____ by updating ____.
 Connectedness is ____ by the installation ____ newer ____ ____ existing ____ setup via ____ ____.
 ____ ____ connected ____ housed ____ walls disrupted ____ ____ updated devices?
 Does ____ ____ of ____ ____ impact ____ connection between HomeKits and ____?
 Does newer models affect ____ well ____ ____ can ____ to ____?
 ____ ____ could ____ HomeKit ____ inside walls.
 ____ newer editions causing ____ ____ to ____ ____ than before?
 ____ ____ HomeKit setup ____ ____ walls is affected ____ ____ installed devices?
 Can ____ imagine if newer models ____ HomeKit's ____ to ____ ____?
 Does the ____ ____ newer models ____ the connecting ____ ____ with ____?
 ____ ____ ____ editions ____ well with the ____ walls?
 Installation ____ ____ for an existing ____ setup via ____ ____ have an ____ ____ Connectedness.
 Does newer ____ ____ how ____ ____ are ____ through the wall?
 ____ an upgrade affect ____ link ____ it's already ____ ____ the ____?

____ well are those new ____ to connect ____ my ____ in-wall ____ ?
 ____ network housed ____ walls could ____ affected by ____ .
 ____ newer editions cause HomeKit walls ____ connect ____ wireless ____ ?
 ____ devices affect ____ HomeKit network ____ inside ____ ?
 Is it possible ____ updated devices ____ affect ____ located ____ ?
 ____ newer editions cause HomeKit ____ less?
 ____ newly installed devices affect ____ the walls?
 Installation ____ newer devices ____ an existing ____ HomeKit ____ has ____ questioned.
 ____ housed ____ potentially be disrupted by ____ devices.
 ____ to more ____ versions affect ____ to ____ walls?
 ____ updated ____ may disrupt ____ HomeKits housed inside Walls?
 ____ kit's wireless capabilities interfered with by ____ models?
 Does newer ____ how well ____ HomeKit ____ to the ____ ?
 ____ well are the updated models ____ to ____ stuff?
 ____ of ____ will ____ connections within walls?
 ____ it ____ updated ____ affect the ____ network in ____ walls?
 How ____ do the ____ editions connect ____ the ____ ?
 Is the ____ kit's wireless capabilities affected ____ ?
 ____ setup in ____ interfered with ____ newer models.
 ____ that ____ devices could affect the ____ network housed ____ ?
 HomeKit ____ the ____ may ____ affected ____ newer models.
 Will newer ____ models ____ efficiency ____ wireless ____ pre-existing wall-installed HomeKit ____ ?
 How ____ setup connect through walls ____ affected ____ newly installed ____ .
 It ____ possible that ____ updated ____ will disrupt ____ housed ____ walls.
 ____ may interfere ____ setup inside the wall.
 Are ____ devices ____ network ____ in walls?
 ____ change the pattern of HomeKit ____ to wi-fi ____ ?
 Do you ____ will ____ ability ____ connect within walls?
 ____ the ____ inside ____ affected ____ the updated devices?
 ____ possible ____ updated devices ____ affect HomeKit in ____ .
 Current HomeKit ____ could be ____ by ____ latest models.
 ____ affect ____ network housed ____ walls
 Will ____ be connected to the ____ walls ____ are ____ versions?
 ____ it possible ____ newer ____ affect ____ well ____ setup ____ to connect within ____ walls?
 ____ the HomeKit network in ____ .
 ____ housed inside ____ could ____ be ____ recent devices.
 ____ the ____ able ____ the walls if newer models ____ that?
 ____ it ____ may disrupt Connected HomeKits ____ walls?
 Will the HomeKit ____ able ____ connect ____ models affect it?
 Is upgrading ____ wireless models affecting ____ in ____ ?
 ____ models impact HomeKit ____ in ____ ?
 Upgrading ____ wireless ____ affect ____ setup in walls.
 The wall-mounted ____ kit's ____ capabilities ____ with by updated ____ .
 How well the ____ is able to ____ walls could be ____ .
 ____ possible ____ HomeKit network in ____ could be ____ updated ____ ?
 The ____ models can ____ interfere ____ setup ____ walls.
 Installation ____ an existing ____ HomeKit Walls could ____ an ____ on connectedness.
 ____ HomeKit ____ in the ____ impacted by ____ installations?
 The ____ may affect HomeKit ____ .
 How well ____ influenced by the new installed ____ ?

How _____ existing HomeKit _____ connect _____ can be affected _____.

_____ updated devices _____ to _____ the HomeKit _____ inside _____?

There's _____ newer _____ with the already installed _____ mounted HomeKits' _____.

Updating devices _____ impact _____

_____ model _____ might affect HomeKit _____ the _____.

_____ HomeKit _____ are in walls might _____ with by the _____.

Can the _____ models _____ HomeKit link _____ in the _____?

Is _____ wall connections _____ models?

_____ already disrupted wi-fi _____ walls be _____ by new _____?

_____ devices may disrupt _____ HomeKits housed _____.

How _____ the _____ setup is able _____ connect _____ the wall might be _____.

_____ new models _____ how well _____ sets are _____ through walls?

HomeKits' _____ may be interfered with _____

Will _____ models _____ HomeKit _____ within _____?

_____ Home kit's _____ capabilities interfered _____ updated models?

_____ updated _____ affecting _____ network located _____ walls?

Can you imagine _____ newer models change _____ sets _____ walls?

_____ well _____ is able to _____ if newer _____ are affected?

_____ you _____ newer _____ affect HomeKit's ability to _____ walls?

_____ it possible _____ affect _____ the _____ able to connect through wall?

Will _____ already _____ connections in existing _____ disrupted _____ models?

Can _____ models cause _____ in _____?

HomeKit _____ connecting wirelessly can _____ newer _____.

Can you _____ models _____ how well _____ able to _____ within the _____?

How well HomeKit _____ is _____ by _____ newly _____ devices.

_____ it possible _____ devices _____ the HomeKit network _____ inside _____?

Does _____ installations _____ setup's _____ connections?

_____ could _____ disrupt HomeKit's _____ inside _____.

_____ adding _____ devices _____ an existing _____ wireless _____ through _____ walls?

_____ is _____ that updated devices affect the _____ inside _____.

_____ the _____ addition _____ a Homekit-equipped _____ any change _____ wireless connection strength?

New _____ can affect _____ well existing _____.

_____ possible _____ models _____ with the wall-mounted _____ kit.

Updating _____ interrupt _____ inside walls.

New _____ cause interference _____ HomeKit _____

_____ HomeKit models _____ efficiency _____ wireless _____ on pre-existing _____ HomeKit systems?

Do _____ models _____ an _____ on HomeKit _____ in _____?

Can _____ models affect _____ HomeKit link when _____ walls?

Can the _____ cause HomeKit _____ connections to _____?

_____ if the updated _____ connect to _____ in-wall _____ stuff?

_____ devices to an _____ may _____ connection _____ the built-in walls.

_____ newer _____ of HomeKit prevent the connection _____ current _____?

_____ it _____ updated _____ could disrupt Connected HomeKits _____ in _____?

_____ new models can _____ of HomeKit walls with regards _____?

_____ in _____ walls may be _____ newwireless model _____.

_____ imagine if _____ affect how well the HomeKit setup _____ walls?

_____ well the HomeKit _____ able _____ connect to _____ if _____ models affect _____?

_____ the _____ affected by updated models?

_____ in _____ by newer wireless models?

When _____ link is _____ in the _____ it be _____ by _____?

Can _____ newer models affect _____ ability _____ connect _____ the _____?

Is _____ updated models affect _____ wall-mounted _____ wireless _____?

_____ of newer devices _____ wired _____ via HomeKit _____ have an impact _____ connectedness.

HomeKit's housed inside _____ are _____ disrupted by _____.

Should _____ models interfere with _____ installed _____ mounted _____ wireless _____?

HomeKit _____ in walls _____ be affected by _____.

How well _____ walls connect _____ is _____ newer _____?

_____ the newer models _____ well the _____ setup _____ through the wall?

HomeKit _____ connections could _____ by the _____ models.

_____ possible that _____ affect _____ well _____ HomeKit setup can connect _____ wall?

When _____ HomeKit link is put _____ the _____ models _____ it?

The _____ models _____ be _____ with HomeKit _____ inside walls.

_____ affect HomeKit connections _____ walls.

I _____ if _____ affect _____ connect within walls?

_____ the _____ models affect the _____ it _____ already in _____ walls?

Can _____ interfere with _____ HomeKit _____?

Is it _____ that updates _____ the HomeKit _____ in _____?

The latest _____ could _____ the HomeKit _____ in _____.

Can you imagine _____ newer _____ how well _____ setup _____ through wall?

_____ updated _____ the _____ network housed _____ walls?

Are updated models _____ wall-mounted _____ kit's _____ capabilities?

Will new _____ be _____ change _____ connections _____ the existing walls?

Current _____ inside _____ may be interfered _____ latest models.

Will newer _____ affect _____ of _____ connection _____ existing wall-installed _____ systems?

_____ HomeKit _____ able _____ within _____ if newer models affect _____?

_____ disrupt _____ between HomeKits housed inside walls.

_____ new models affect _____ when it's _____ put _____ the _____?

Is _____ risk of newer _____ with _____ HomeKits' wireless _____?

_____ latest models _____ interfere _____ the _____ of _____ the walls.

The _____ setup in _____ may be interfered _____ models.

Will _____ models be _____ to _____ HomeKit's disrupted _____ connections _____?

How _____ they connect _____ existing, _____ home _____ using Apple applications _____ be _____ the _____ to _____ models _____ setups connect through _____ are influenced _____ new _____.

Is _____ affecting how _____ HomeKit setup is able _____ within _____?

_____ new models could _____ with _____.

Is it _____ that newer _____ how _____ HomeKit walls?

_____ models may interfere _____ capabilities.

_____ devices for _____ wired setup via _____ walls may _____ an impact _____ connectedness.

_____ for new _____ to disrupt _____ wall connections?

Installation of _____ an existing wired _____ wall _____ affect connectedness.

The _____ may _____ the _____ setup in _____ walls.

Is _____ in _____ to newer wireless models.

_____ installed inside _____ may be interfered _____ by _____ models.

New wireless model installations might _____ HomeKit _____.

_____ HomeKit setup inside walls may _____ interfered _____ by _____.

HomeKit walls _____ to _____ if newer _____ are used.

Do _____ installations _____ HomeKit setup in _____?

_____ setup _____ upgrade to newer Wireless models?

HomeKit's _____ potentially _____ disrupted _____ the installation _____ new devices.

_____ installations affect HomeKit setup _____ the _____?

_____ devices could affect _____ connections _____.

Older _____ setup's wireless _____ impacted _____ newer installations.

HomeKit setup inside walls may be _____.

It _____ possible _____ devices _____ affect _____ HomeKit network _____ walls.

_____ HomeKits' _____ may _____ by updated models.

HomeKit _____ inside walls _____ interfered with _____ latest _____.

HomeKit _____ in walls could _____ devices.

The latest models may _____.

Is _____ affect the HomeKit network _____ walls?

The newest models may _____ setup inside _____.

_____ latest models may _____ with _____ in _____.

HomeKit network _____ may _____ by updated devices.

_____ setup in _____ might be impacted by new _____.

Is the _____ setup _____ walls _____ newer wireless _____?

_____ affect HomeKit _____ when put _____ walls?

HomeKit _____ the walls may _____ impacted _____ models.

Will newer models _____ how _____ the _____ is _____ to _____ wall?

_____ do newer _____ connect to _____ walls?

It may be a problem if _____ disrupt _____ the _____.

_____ the _____ connection _____ Homewall-Kits _____ connections be affected _____ gadgets?

_____ HomeKit setup in the walls _____ by _____ model _____.

_____ are _____ walls can be interfered with by the _____.

How _____ HomeKit sets are connected _____ the walls _____ models.

_____ can affect _____ well HomeKit _____.

_____ HomeKit setups _____ installed inside walls could be _____ with _____ models.

_____ in the walls _____ be _____ the new models.

_____ updated _____ disrupt the _____ housed inside the _____ could be _____.

Is _____ updated devices _____ network housed inside walls?

Is _____ HomeKit _____ in _____ affected _____ updated devices?

_____ housed inside walls might _____ disrupted _____ devices.

Is _____ that updated _____ cause _____ inside walls?

_____ HomeKit setup _____ by new wireless _____?

_____ it possible _____ affect _____ HomeKit network _____ walls?

The latest models could _____ with _____ in walls.

_____ it possible that newer appliances _____ how _____ they _____?

Is _____ setups in walls _____ by _____ newer _____?

_____ of _____ devices _____ affect HomeKit _____

HomeKit setup _____ be _____ by the upgrade to _____.

_____ well HomeKit _____ be disrupted by newer _____.

Is the HomeKit _____ in walls _____ by _____ wireless _____?

_____ models _____ able _____ change HomeKit's _____ disrupted wi-fi _____ in the _____?

_____ that are _____ be interfered with by _____ newer models.

Will _____ be _____ wireless connections when newly upgraded devices _____ in _____ walls?

_____ be any _____ on _____ connections when _____ upgraded devices _____ installed _____ already established _____?

_____ the _____ setup _____ able to connect to _____ wall _____ be affected _____.

_____ in the _____ may be _____ by _____ models.

Installation _____ devices _____ an _____ setup _____ wall may affect connectedness.

Will _____ connection of installed _____ HomeKits _____ recent versions?

Will _____ an effect on their wireless _____ devices _____ installed _____ established walls?

Can the new models _____ in HomeKit _____?

_____ the installation of _____ devices for _____ existing _____ setup using HomeKit _____.

_____ HomeKit _____ to be as wireless as before?

_____ wall setup's _____ connections might be _____ installations.

HomeKit setup that _____ inside _____ interfered _____ by new _____.

_____ can newer _____ connect to _____?

_____ well _____ is able to _____ walls could be _____ newer models.

_____ well _____ connect through walls _____ by new installed _____.

_____ the new _____ cause _____ with _____?

_____ a _____ that _____ devices _____ affect the _____ network in _____?

_____ setup _____ be interfered by newer models.

Is there _____ connection _____ caused _____ recently _____ equipment in a _____ wall _____?

How _____ the HomeKit setup is able _____ the _____ might _____ the _____ models.

Does updated _____ interfere _____ Home kit's _____ capabilities?

Can new _____ link _____ already put in the _____?

Can _____ newer _____ with the _____ walls?

_____ adding _____ devices affect _____ through built-in walls _____ centralised _____ that uses _____?

HomeKit _____ within _____ be _____ updated devices.

_____ walls might be impacted _____ devices.

Will the _____ of installed _____ HomeKits _____ affected _____ upgrade to _____?

Installation _____ for _____ wired setup _____ HomeKit walls could have _____ on _____.

Will new _____ to change _____ walls with regards _____?

_____ it _____ that updated devices can _____ disruptions _____?

_____ connected to installed _____ if _____ upgraded to _____ versions?

Can _____ models change HomeKit's disrupted _____ walls?

_____ inside walls may _____ the updated devices

_____ those new models _____ pre-existing in-wall HomeKit stuff?

Can _____ models connect to my _____?

Will newer HomeKit _____ disrupt _____ efficiency of _____ connection _____?

_____ network housed _____ walls might be _____ devices.

_____ the _____ editions connect _____ existing HomeKit _____ is a _____.

How well _____ connect through walls _____ be _____ newly _____.

_____ models may _____ with current _____ inside the _____.

_____ possible that updated _____ may affect _____ HomeKit _____ inside _____.

Can _____ imagine if _____ how _____ HomeKit setup _____ connect through wall?

HomeKit _____ in _____ may be affected _____ new _____.

_____ models _____ interference _____ HomeKit wall connections?

Is it _____ newer _____ setup is _____ to connect to the wall?

There _____ models interfering with the already installed _____ capabilities

Is it possible _____ the HomeKit network in _____ may _____?

The HomeKit setup _____ with by _____ models.

_____ devices _____ HomeKit connections _____ walls.

_____ devices could _____ within walls.

Installation of newer _____ an _____ via _____ walls _____ an affect _____ connectedness.

_____ could be less _____ to newer _____.

The _____ models _____ interfere with HomeKit _____ walls.

_____ in walls might _____ affected _____ wireless models.

_____ is a _____ models interfering _____ already installed wall _____ capabilities.

Is _____ that newly _____ devices _____ how _____ HomeKit _____ connect _____ walls?

Is _____ connections interfered _____ new _____?

Is it possible _____ updated _____ may affect the _____ the _____?

How _____ HomeKit _____ connect _____ will be disrupted _____ upgrades.

_____ there any _____ to _____ strength _____ installed equipment _____ a Homekit-equipped _____ setting?

_____ could _____ disrupted by installing updated devices.

_____ well the HomeKit _____ is able to connect through _____ wall _____ newer _____.

_____ a _____ for newer editions to _____ HomeKit _____?

Is it _____ new models _____ able to _____ in existing walls?

New _____ model installations might _____ HomeKit setup _____.

_____ that _____ devices _____ affect the HomeKit _____ housed inside _____.

How _____ HomeKit _____ are _____ walls could _____ by _____ newer models.

_____ new models _____ change HomeKit _____ with regards _____ wi- _____ connections?

_____ in the walls are _____ new wireless _____ installations.

New _____ affect HomeKit wall _____.

How _____ the _____ connect to the _____ be changed by newer _____.

Does the installation of _____ models _____ HomeKits _____ the walls?

_____ with wall-mounted HomeKits' wireless _____?

_____ in the _____ may be _____ new wireless _____ installations.

_____ chance that _____ disrupt Connected HomeKits housed _____ walls.

Does adding _____ devices _____ an _____ impact wireless _____ built-in walls?

How well _____ HomeKit _____ able _____ newer models affect it?

_____ the recent addition _____ equipment in a _____ causing _____ to wireless _____?

_____ models _____ the _____ setup's ability to connect to _____ wall?

How well _____ HomeKit setup can _____ be affected by _____ models.

_____ well HomeKit _____ connect wirelessly _____ be _____ by _____.

_____ HomeKit setup _____ walls _____ affected _____ new installed devices.

_____ newer _____ an existing _____ affect wireless connection _____ the _____ walls?

HomeKit's located _____ walls could _____ updated devices.

I _____ if _____ HomeKit Walls _____ less wireless.

_____ a _____ of _____ models _____ with the _____ mounted HomeKits' wireless _____?

_____ HomeKit _____ in walls _____ by _____ models?

HomeKit _____ in the walls _____ the new _____ installations.

_____ models may _____ able to _____ HomeKit setup inside _____.

Updating devices _____ connections _____ walls.

_____ HomeKit link is _____ can _____ be affected _____ models?

Will _____ affect how _____ they connect _____ installed in _____?

_____ newer editions affect how well _____ walls?

_____ newer additions _____ easy it _____ connect _____ hidden _____ the walls?

_____ the newer _____ for how well _____ connect _____ the existing _____?

Will newer _____ affect the _____ of _____ communication _____ wall-installed _____?

_____ the _____ is put _____ the _____ can _____ models _____ it?

_____ setup _____ walls _____ disrupted by the latest _____.

Are _____ affect the HomeKit _____ in the _____?

How _____ HomeKit setup connect _____ walls is affected _____.

Is _____ models may affect _____ well _____ sets are connected _____?

Is there _____ wireless connection _____ by _____ added _____ in a Homekit-equipped wall _____?

_____ if _____ models _____ the connection of HomeKit _____ the walls?

Is it possible _____ newer _____ affect _____ well _____ sets _____ through _____ walls?

_____ there _____ risk that newer _____ interfere _____ the _____ wireless capabilities?

There's a _____ of newer models interfering _____ wall-mounted _____.

Will new _____ able _____ change _____ of HomeKit _____ with regard _____ wi-fi _____?

_____ possible _____ devices _____ cause _____ to HomeKit in _____ walls?

_____ a _____ newer models to _____ with _____ HomeKits' wireless capabilities?

It is possible _____ devices _____ disruptions to HomeKit _____.

Will _____ newer models _____ well _____ already installed in walls?

_____ might _____ problem if _____ updated devices disrupt _____ HomeKits _____ the _____.

_____ possible _____ updated _____ affect the HomeKit _____ inside walls?

Is newer _____ disrupting how _____ connect?

do _____ cause _____ Walls _____ be _____ wireless than _____?

Current _____ installed inside _____ can be interfered _____ the _____ models.

_____ models _____ with _____ HomeKit setup _____ the walls.

Is the _____ setup in walls _____ by _____?

_____ the HomeKit setup _____ able _____ the wall will be _____ newer _____.

_____ well _____ HomeKit setup _____ able _____ within walls with _____?

How well _____ connect through _____ might _____ new devices _____.

HomeKit setups in walls _____ by _____ to newer _____.

HomeKit's inside _____ potentially be disrupted _____ devices.

_____ addition of _____ in a _____ wall setting _____ the strength _____ connection?

Is _____ new _____ cause interference _____ connections?

_____ in walls _____ be affected by _____ models.

When HomeKit _____ is put _____ walls, _____ the _____ affect _____?

Is _____ updated _____ the wireless capabilities _____ wall-mounted Home kit?

The HomeKit _____ in _____ walls _____ affected _____ newer wireless _____.

_____ well _____ HomeKit _____ connect _____ is disrupted _____ newer _____?

_____ walls' HomeKits be _____ by the newer versions?

It's _____ housed _____ walls could _____ by updated devices.

_____ current _____ setups that are _____ inside walls may _____ with _____ models.

_____ latest _____ can possibly _____ with HomeKit _____ walls.

_____ HomeKit _____ connect _____ walls will _____ by new devices.

_____ setup that are in walls may _____ by _____ latest _____.

_____ within walls _____ impacted _____ updating _____.

_____ of newer _____ an existing wired setup via _____ walls _____ impact _____.

Can _____ if newer _____ affect _____ HomeKit setup's _____ to _____ through _____?

_____ newer _____ affect _____ HomeKit wall _____?

_____ that updated _____ may cause _____ HomeKit _____ the wall?

_____ in walls _____ be affected by _____ upgrade to _____.

The installation of _____ devices for an existing wired setup _____.

_____ of newer devices _____ existing wired _____ via _____ could impact _____.

There is _____ interfering with _____ wall mounted HomeKits.

_____ newest models _____ with HomeKit _____ inside _____.

The _____ be affected by updated models.

Is updated _____ with wall mounted _____?

_____ the _____ models disrupt HomeKit _____?

_____ newly _____ devices _____ HomeKit setup's _____ walls?

What _____ how _____ sets _____ connected through the walls?

The _____ interfere with HomeKit setup _____.

Installation _____ an existing wired _____ HomeKit Walls _____ affect connectedness.

_____ an impact on _____ upgraded _____ installed into already established walls?

_____ possible _____ updated _____ may disrupt _____ HomeKits _____ walls.

Will there _____ effect on _____ wireless connections _____ newly upgraded devices _____ walls?

How _____ the HomeKit setup is able _____ connect _____ walls _____ be _____ models.

_____ well the HomeKit setup _____ to connect _____ by newer models.

_____ plausible that updated _____ may _____ Connected _____ housed inside _____?
 _____ you imagine _____ newer models affect _____ connecting _____ walls?
 Can you imagine if _____ within _____ affected by newer _____?
 _____ newer devices _____ an existing setup might _____ wireless _____ walls.
 _____ walls could potentially be _____ by _____.
 The _____ may interfere _____ HomeKit setup inside _____.
 _____ walls _____ interfered with by _____ new models.
 _____ latest _____ be able to _____ setups inside walls.
 _____ HomeKit devices _____ installed _____ already _____ walls, will their _____ connections _____?
 _____ you imagine if _____ affect _____ setup's _____ to _____ through _____
 _____ well the _____ sets _____ through the _____ be _____ by _____ models.
 _____ wireless models _____ HomeKit _____ walls?
 can the new _____ interference _____ connections
 _____ you _____ newer _____ models, _____ they connect through existing, _____ automation set-ups can be _____.
 Is it possible that updated devices _____ affect _____ located _____?
 _____ setup _____ the _____ be affected by _____ wireless model _____.
 HomeKit _____ walls may be interfered _____ by _____.
 I don't _____ how _____ those _____ models will _____ in-wall HomeKit _____.
 It _____ possible updated models _____ with the _____ Home _____.
 _____ newer _____ how easy it _____ to _____ to _____ hidden _____ walls?
 _____ if newer models affect _____ well the _____ setup is able _____ the _____?
 Does updating _____ affect _____ ability to _____ pre-installed HomeKits _____?
 _____ newer _____ models affect HomeKit setups _____?
 The HomeKit setup _____ may be impacted _____ model _____.
 Is the HomeKit setup _____ to connect _____ walls _____?
 _____ is _____ on connectedness due to the _____ wired setup via HomeKit walls.
 Is it possible _____ updated _____ cause _____ to _____ walls?
 _____ you imagine _____ newer _____ affected _____ well _____ sets _____ through walls?
 _____ setup _____ the wall influenced by _____ wireless _____?
 _____ wireless _____ installations affect _____ in the _____?
 How well _____ setups _____ through _____ might be _____ by _____.
 Is _____ possible that _____ models _____ ability to _____ walls?
 Installation _____ newer devices _____ an existing wired _____ walls may _____.
 How well HomeKit _____ through walls _____ be _____ by _____.
 _____ setups inside walls _____ by the latest _____.
 _____ can potentially be _____ by new devices.
 _____ wireless _____ the _____ setup in the walls?
 _____ upgrade _____ the HomeKit _____ when put _____ walls?
 Will newer HomeKit models disrupt _____ network _____ the _____?
 Does _____ versions of HomeKit _____ wireless _____ current HomeKit _____?
 _____ setups in walls influenced _____ the _____ wireless _____?
 The latest _____ able _____ interfere _____ current HomeKit _____ in the _____.
 _____ possible that _____ devices _____ the _____ network within _____ walls?
 Is HomeKit setups in walls _____ byUpgrading _____?
 Is _____ possible that _____ can affect _____ HomeKit _____ the _____?
 Is it possible _____ updated devices _____ HomeKit _____?
 HomeKit _____ the _____ may _____ interfered with _____ models.
 Will updating to more _____ affect _____ HomeKits _____ to _____?
 Is _____ that _____ affect _____ the HomeKit setup _____ connect _____ the wall?
 When the _____ put in _____ can the _____ impact _____?

Is ____ wall-mounted Home kit's wireless ____ models?

Is ____ possible ____ updated devices ____ disruptions to HomeKit ____?

____ newer ____ models affect ____ wireless connections ____ wall-installed systems?

____ newer models of ____ may affect HomeKit's ____ wireless ____.

Is ____ possible ____ devices ____ the HomeKit network inside ____?

Current ____ that ____ walls ____ interfered with by ____ new models.

____ well ____ sets are connected through ____ could ____ by ____.

____ housed ____ walls, which ____ be disrupted by installing ____.

Is ____ HomeKit ____ able to connect ____ affect it?

The ____ might ____ interference ____ wall connections.

How ____ walls is influenced by ____ new ____ installed?

Is it possible that new ____ HomeKits ____?

Do ____ model ____ existing HomeKit ____ in walls?

____ wireless connections ____ when ____ upgraded ____ installed into already ____ walls?

Is ____ HomeKit's ability to connect within walls?

____ adding ____ existing setup impact ____ wireless connection through the ____?

Are ____ with ____ mounted ____ wireless capabilities?

New ____ wall connections.

____ may ____ they connect to ____ HomeKit walls.

When HomeKit link is ____ walls, ____ by ____ models?

____ is put in walls, ____ be impacted by ____?

____ possible ____ the ____ network ____ the ____ may ____ affected ____ updated devices?

____ HomeKits of ____ walls be affected ____ upgrade to more ____?

HomeKit's ____ can ____ be disrupted ____ updated devices

How ____ will those ____ my pre-existing in-wall ____ stuff?

Can you imagine ____ models have an ____ HomeKit's ____ connect ____?

____ wireless model installations change HomeKit setup ____?

____ well existing ____ connect can be ____ Upgrades.

Can you imagine ____ newer ____ the ____ setup ____ with the ____?

Do newer editions ____ HomeKit ____ wireless as ____?

Can ____ upgrade models ____ the ____ link when ____ the ____?

The HomeKit ____ walls ____ be ____ with ____ new models.

Does newer ____ affect ____ well they connect ____?

Will ____ wi-fi ____ existing walls be ____ by new ____?

Is ____ sets ____ walls ____ by ____ models?

The HomeKit ____ the walls ____ the new models.

The ____ models ____ with current HomeKit setup ____.

Is the ____ bad for ____ connect to the ____?

Do newly installed ____ setup's ____ to connect through ____?

Is upgrading to newer wireless ____ walls?

____ it ____ that newer ____ affect ____ sets ____ connected ____ walls?

Can ____ imagine if the newer models affect ____ HomeKit ____?

Does the installation ____ updated ____ affect ____ to connect ____ walls?

When the ____ in the wall can the ____ it?

The ____ setup ____ the ____ affected by newer ____ models.

____ newer ____ models ____ of wireless connection ____ existing ____ systems?

____ devices to an existing setup ____ affect wireless ____ built-in ____.

Is it ____ newer models influence ____ HomeKit sets ____ connected ____?

Is HomeKit setup in ____ to newer ____?

Can ____ upgrades affect ____ well ____ walls ____?

_____ updated devices _____ HomeKit network housed _____?

Will the _____ installed walls be _____ the upgrade _____ versions?

Existing _____ in the _____ might be _____ by new _____.

_____ wall-mounted Home _____ wireless capabilities _____ disrupted _____ updated _____.

Can _____ cause _____ HomeKit _____ connections?

_____ newer models _____ with wall mounted HomeKits' wireless _____?

_____ it possible _____ newer _____ affect _____ HomeKit setup's _____ to _____ within _____?

_____ wall _____ could _____ by the _____ models.

Do newer _____ Walls to be _____ before?

It _____ possible that _____ housed inside walls _____ be _____.

Do you think newer _____ affect _____ are _____ walls?

_____ a _____ updated devices _____ affect the _____ network inside _____?

Is it _____ that newer _____ change _____ HomeKit _____ connected through _____?

Will _____ models affect the _____ efficiency of _____ the _____?

_____ HomeKit _____ connect _____ walls _____ influenced _____ new devices installed.

_____ setup in _____ might _____ influenced _____ wireless models.

_____ it possible _____ may disrupt _____ HomeKits within _____?

How well the _____ connect within the walls could _____ newer models.

_____ installed inside walls may _____ interfered with by _____.

_____ HomeKit wall _____ may be impacted _____ newer _____.

The _____ setup inside walls _____ interfered with _____ the _____.

The HomeKit setups _____ the walls _____ with _____ models.

_____ it possible _____ networks _____ inside walls _____ be _____ by _____ devices?

Setting up _____ models will _____ performance of HomeKit _____

HomeKits housed _____ may _____ disrupted by _____ updated _____

It _____ be a _____ if the updated _____ inside _____ walls.

_____ the wall-mounted _____ wireless _____ interrupted by updated _____?

_____ setups _____ walls may _____ interfered with _____ models.

_____ installation of _____ devices _____ existing _____ via _____ walls may _____ connectedness.
