

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Request for network unlocking
Inquiry Sub-Category	Unlocking Process and Instructions
Description	Requests for assistance with the step-by-step process of unlocking the device, including information on obtaining an unlock code, entering the code correctly, and troubleshooting any issues encountered during the unlocking process.
Data Size	5,049 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

_____ devices have different procedures to _____ of _____ order _____ complete this procedure _____?

Can _____ tell me if _____ follow multiple _____ exclusive set _____?

_____ you _____ if _____ any different procedures for _____ device to input _____ unique _____ set _____ to _____ task?

_____ approaches _____ device-specific numbers?

_____ it possible _____ follow different procedures for _____.

_____ it _____ devices to _____ different ways to _____ their _____?

Are there unique _____ for _____ device _____ their exclusive _____?

_____ separate procedures _____ entering numbers?

Is _____ necessary for each _____ follow _____ in _____ to enter their _____?

Can _____ tell me _____ procedures for _____ to _____ input its _____ number set?

The _____ of the unique set of _____ different _____ accomplished _____ a _____.

_____ it certain _____ devices follow varying protocols _____ enter _____ numbers?

Do these _____ special steps _____ digits _____ completion?

Do devices have different _____ of _____ their _____ order _____ successfully, in _____ ways?

Do there _____ steps _____ devices to _____ numbers?

Is _____ devices _____ enter _____ exclusive set _____ numbers using _____ protocols?

_____ different _____ of entering the numbers _____ unique to _____?

_____ different _____ to enter the _____ that _____ unique _____ them?

Do devices need to _____ when _____ their _____ numbers?

_____ you _____ me _____ process for _____ the unique _____ of numbers _____?

_____ devices have _____ processes that _____ them _____ provide unique _____?

_____ each _____ require _____ to _____ their exclusive _____ series?

_____ devices have different ways _____ what _____ to complete them?

_____ individual devices _____ a _____ entering their own sequence _____?

Do _____ if devices follow _____ protocols _____ their exclusive set _____?

_____ it _____ that the devices _____ number entry _____?

_____ it necessary for _____ different methods _____ typing in _____ numbers?

_____ possible _____ devices to _____ their _____ sets _____ numbers in various _____?

_____ devices _____ differing _____ of numbers should _____ different steps _____ the _____

Is _____ necessary for _____ use distinct methods _____ typing _____ their _____?

_____ be a _____ numbers into different devices

_____ way to _____ a set of numbers?

_____ is _____ unique number entry methods per _____.

Do you know _____ are different procedures _____ input _____ number set?

Is _____ okay _____ use different _____ when typing _____ own set of _____?

_____ with their exclusive set of _____ do devices use _____ procedures?

_____ special _____ combination _____ successful completion _____ necessary to use _____ methods on _____ device?

Are _____ different _____ for _____ input its unique number _____ complete _____ task?

_____ each device _____ to input _____ numbers, _____ tell me.

_____ the _____ different procedures to _____?

_____ must devices use when typing in _____ of _____?

Do _____ different _____ to enter _____ in _____ to complete the _____?

_____ it necessary _____ different _____ on _____ device _____ to _____ the _____ numerical combination?

When _____ special numerical _____ needed for _____ completion, _____ to _____ distinct methods on each _____?

Is _____ different _____ entering a unique _____ of numbers _____ use?

Do _____ have specific ways to enter their _____ order _____?

Do you _____ if devices follow _____ protocols _____ numbers _____?

_____ using _____ set of numbers, _____ devices use _____ procedures _____ complete _____?

_____ possible that the procedure to _____ in _____ the task _____ from device to _____.

_____ that the procedure to _____ the _____ finish is different _____ each device.

_____ there a _____ to enter _____ of numbers _____ different _____?

_____ use different methods for _____ individual set of _____?

_____ devices have different _____ entering their unique _____ of numbers _____ order _____ process successfully _____ ways?

_____ completion of the unique number _____ devices _____ process.

_____ numerical entries _____ complete the _____?

Do _____ have _____ ways to enter _____ numbers _____ to complete the _____?

Do devices have _____ ways _____ entering _____ the process?

Are there _____ procedures _____ device to input _____ number _____ in order _____ task?

_____ own unique _____ of _____ what are _____ methods _____ completing the procedure?

Any different steps _____ device _____?

A process may be required _____ complete _____ numbers _____ different _____.

Does it _____ use separate _____ when _____ a special numerical combination?

_____ you know if devices require _____ when they _____?

_____ if devices follow _____ to input _____ numbers.

A _____ may _____ complete _____ unique number on different _____.

Is there a _____ enter _____ set of _____ on _____?

_____ you know _____ there _____ any different procedures _____ each _____ to input _____.

Is _____ a process for entering a _____ set _____?

Is it _____ for _____ use _____ procedures _____ numbers?

_____ if _____ requires a separate _____ to input its _____.

Is it _____ devices _____ protocols to enter _____ exclusive _____ of _____?

Is _____ entry _____ allowing _____ give unique number sets?

Is it possible _____ devices follow varying _____ to enter their _____ of _____ accomplish _____?

If each _____ requires _____ separate procedure _____ please let _____ know.

_____ devices use _____ procedures when _____ want _____ complete _____ task with _____?

Is _____ a _____ for _____ the unique sets _____ numbers _____?

_____ steps to _____ device-specific _____?

In _____ to _____ needed _____ of _____ different from device to device

____ there a ____ way ____ to enter a ____ of ____?
 ____ are the methods ____ procedure successfully if ____ different ____ enter ____ numbers?
 Is ____ a specific ____ unique ____ on different ____?
 ____ tell ____ if ____ follow different protocols for entering their ____?
 ____ have to follow ____ methods ____ in their ____ of numbers?
 Should ____ devices ____ sets of numbers ____ to complete ____ procedure?
 ____ each ____ a ____ procedure ____ input its designated ____ advise.
 ____ be ____ procedures for ____ input its unique ____ to complete the ____ at hand?
 Do ____ enter their numbers?
 ____ there any ____ for ____ device ____ input its ____ set?
 ____ there a ____ for entering ____ number ____ devices?
 ____ you say whether ____ follow ____ protocols ____ exclusive set ____ numbers?
 ____ individual devices need ____ follow specific procedures ____ own sequence ____?
 ____ it possible for ____ to ____ sets ____ different ways?
 ____ there is ____ entering ____ numbers ____ different devices.
 ____ entry ____ of devices be ____ for their unique number ____?
 Is it possible that ____ require varied ____ they ____?
 I ____ know ____ there are ____ device ____ in place for correctly and ____ numeric ____.
 Do ____ devices require ____ procedures ____ insert their ____?
 Do ____ ways to ____ their ____ that it ____ be done ____?
 If devices ____ that successfully, do ____ have ____ ways ____?
 ____ are different ____ for each device ____ input its unique ____ it be possible ____ complete ____ task ____?
 ____ a specific way ____ the ____ of ____ on different devices?
 ____ procedures to input their own ____
 ____ steps for ____ number
 ____ are different procedures ____ device to ____ its ____ number set, ____ they ____ the task?
 Do devices have ____ ways of entering their ____ be ____?
 ____ us ____ devices follow different protocols to ____ of numbers?
 ____ instructions need ____ followed by each device when ____ number ____?
 Is ____ a ____ in place to ____ that the set of ____ on each ____?
 ____ it ____ devices to ____ unique numbers ____ different ways?
 ____ individual devices have ____ procedures for entering their ____?
 ____ typing in ____ of numbers, ____ follow certain methods?
 ____ devices ____ methods ____ input their ____?
 ____ need ____ ways to enter numbers ____ complete ____ process?
 ____ have different ways to ____ numbers, what ____ methods ____ the procedure?
 Can ____ us ____ devices ____ protocols to ____ their exclusive ____ of ____ successfully?
 ____ know ____ each device requires ____ to ____ its numbers?
 ____ you tell ____ if there ____ different ____ device ____ unique number set successfully?
 Is it ____ for devices ____ enter ____ unique ____ of ____ different ____?
 Is there ____ entering the unique set of ____.
 ____ may be ____ to ____ set of ____ on different devices.
 A ____ be needed ____ unique set ____ numbers on ____ devices
 Any ____ to ____ device-specific ____?
 ____ separate ____ entries ____ complete the ____?
 ____ devices have ____ different methods ____ type in ____ individual set ____?
 Is ____ processes ____ devices ____ to allow ____ their unique ____?
 ____ do devices enter ____ sets ____ numbers ____ to ____ procedure successfully?
 Do ____ have ____ procedures ____ their ____ set of numbers?
 Different ____ may ____ to input ____ digits.

Does _____ specific _____ to _____ numbers?

If each _____ procedure to _____ numbers, _____ let us know.

Is there a way _____ devices _____ diverse _____ for _____?

Do _____ devices require different procedures _____ their codes _____?

_____ you _____ if devices follow _____ to enter their _____ set _____?

Different steps _____ entering a _____?

_____ a _____ procedure to input its numbers?

_____ check _____ there are different procedures _____ each device _____ its unique _____ the _____ at hand.

_____ there _____ different way _____ devices to _____ their _____?

_____ necessary to _____ different _____ each device _____ entering a _____ numerical combination?

_____ possible _____ different _____ their exclusive set of numbers?

_____ procedures _____ to _____ unique _____ numbers if _____ have different ways to _____ them.

_____ are _____ procedures _____ complete _____ set of _____ devices have different _____ of _____ them?

_____ different set of numbers _____ different _____ to complete the _____?

_____ may have _____ procedures for _____.

_____ for each device to follow unique _____ to _____ number _____?

_____ devices _____ different ways of _____ sets of _____?

In _____ complete the _____ do devices have _____ ways to enter _____ numbers?

A process _____ be _____ in place _____ set _____ numbers _____ different devices.

Should devices _____ entry _____?

Is _____ a _____ unique _____ on different devices?

_____ numbers are _____ in order to finish the task _____ be _____ from device _____.

_____ if _____ are separate device protocols _____ correctly and efficiently _____ numerical sequence.

When typing _____ their _____ numbers, must devices _____ methods?

_____ are _____ used to _____ the procedure successfully _____ ways to enter their _____ set _____ numbers?

Do gadgets _____ a specific _____ enter _____?

_____ different _____ for _____ input its unique number set, _____ can you complete _____ task?

Do gadgets _____ specific _____ unique numbers?

_____ necessary to _____ depending _____ device, for the required number sequence _____ be entered _____?

Do devices have _____ ways to _____ unique _____ they _____ what are the methods _____?

_____ multiple devices _____ numbers _____ different _____ complete the task?

If _____ requires a _____ to input _____ please advise.

_____ devices _____ a _____ to _____ a _____ set of numbers?

The process of _____ numbers _____ order _____ finish the _____ may be _____.

_____ any different _____ for _____ input _____ unique number set and complete _____ at hand?

_____ want _____ know if _____ process for _____ the _____ set _____ numbers on different _____.

Is it necessary for _____ follow _____ methods when _____ numbers?

Do _____ enter their _____ set of numbers, what are the _____ used _____ complete _____ successfully?

I _____ like _____ if _____ device requires _____ procedure to input _____.

_____ there a way _____ entering the unique _____ devices?

_____ are the procedures _____ to _____ unique set _____ numbers _____ devices do not _____ same _____?

_____ requires a separate _____ input its numbers, please _____.

_____ follow _____ to input their _____ numbers?

_____ methods _____ devices _____ enter their _____ of numbers?

_____ different steps to _____ device-specific _____ of numbers.

Some devices need _____ input their _____ of _____.

Do _____ ways _____ enter their _____ sets _____ in _____ complete the _____ successfully, in different ways?

_____ entering a _____ combination for _____ it necessary _____ use _____ on each _____?

_____ have _____ procedures _____ entering numbers?

_____ a distinctive _____ input a device's unique _____?

When entering ____ special numerical combination ____ completion, is it ____ use ____ on ____?

____ have ____ entry methods.

____ completion of ____ number on different ____ require ____ process.

____ each device ____ input its ____ number ____ in ____ to complete ____ task at hand?

____ ways ____ enter ____ in ____ complete the process successfully.

Do you think ____ procedure to input its ____?

____ use different methods ____ typing in ____?

Do ____ have ways to enter ____ set ____?

Does ____ a ____ entering ____ on different devices?

Is ____ for devices ____ their digits in a ____?

____ may ____ specific process ____ entering ____ device codes.

____ different methods for each device when ____ numerical combination?

____ have different ways ____ enter their numbers, ____ can ____ successfully ____?

What ____ should ____ follow to ____ their ____ of ____?

____ each ____ require ____ separate procedure ____ its numbers ____?

____ use different ____ when they ____ task with ____ own set ____ numbers?

____ devices ____ enter their unique sets of numbers ____ order ____ the ____?

What ____ methods ____ the ____ if devices have ____ ways ____ enter ____ numbers?

____ if ____ are different ____ for each device to ____ unique number ____?

Can ____ confirm if there are different procedures ____ its ____ set?

____ to put numbers ____ order ____ finish ____ task may be different ____.

____ there ____ to enter ____ digits?

Do ____ different ____ enter ____ numbers ____ order ____ complete the process?

Is ____ any different ____ devices ____ their ____ sets?

____ ways ____ enter ____ set of numbers, what ____ methods for completing ____ procedure successfully?

____ me ____ each device requires a ____ input ____ numbers.

____ tell me if ____ devices ____ protocols ____ enter ____ of numbers?

Do ____ have distinct ____ processes ____ allow ____ unique ____ sets?

Can ____ please tell me if each ____ a ____ numbers?

Do ____ ways ____ their ____ set of ____ in order to complete ____ successfully ____ different ways?

Is ____ procedure ____ the ____ of numbers that ____ different for ____ device?

If ____ entering unique ____ into ____ devices, it could ____.

Do devices ____ their ____ entering ____ numbers?

There are ____ different ____ for ____?

Do devices ____ different ____ enter unique ____ of numbers in ____ complete ____ process in ____?

The ____ is, ____ entering device ____ digits? "

____ devices ____ different ____ enter ____ own unique set of ____?

Is ____ procedure ____ devices follow ____ their own ____?

Do ____ use distinct ____?

Is ____ possible ____ devices to enter ____ numbers ____ different ____ complete the process?

____ processes ____ different enough to allow for their unique ____?

The procedure ____ put ____ numbers in order to ____ a task ____ for ____.

Do ____ the procedures for ____ device to ____ unique number set ____ task at ____?

When entering ____ special numerical combination ____ completion, is ____ different methods ____ each device?

It is ____ that ____ process ____ to complete ____ on different ____.

____ it true ____ devices need different steps to ____ their ____?

____ devices ____ ways ____ enter ____ to complete the ____ successfully?

If devices have ____ their unique set ____ numbers, what ____ the ____ to ____ them?

How ____ devices enter ____ unique sets ____ numbers in ____ to ____?

____ there ____ ways in ____ their digits?

Do ____ have different ways to enter numbers, ____ do, ____ methods for ____ successfully?

Are devices able to enter their ____ they ____ differing ____?

Is ____ possible for ____ different procedures ____ the necessary ____ of ____?

____ be necessary ____ every device ____ undergo a specific ____ while entering ____ digits?

What are ____ are used ____ complete ____ device's unique ____ of ____?

____ have different ways of entering ____ numbers, ____ process successfully?

____ ways ____ enter their unique ____ in order ____ complete the process?

Are ____ entry processes ____ different enough ____ allow ____ number ____?

Is it ____ devices to enter ____ of numbers in different ____ the ____?

If there are different ____ device to input ____ set, ____ correct?

There may be ____ process ____ complete ____ unique ____ on different ____.

Do devices need to follow ____ procedures ____ number ____?

____ the ____ specific ____ input their numbers?

Do ____ have to ____ specific procedures for entering their ____?

____ do devices enter ____ unique ____ numbers in ____ to ____ procedure ____?

____ a ____ device protocols ____ place ____ correctly and efficiently ____ numerical ____?

When typing ____ set ____ numbers, ____ devices ____ distinct methods?

Do you ____ if ____ are different procedure ____ each ____ its ____ and complete the ____?

Is ____ if ____ different procedures when ____ insert their ____?

____ devices have different ____ to enter ____ what ____ the methods used ____ successfully?

There ____ process for ____ numbers into different ____.

Is it ____ to have different ____ entry ____?

Do there exist ____ in ____ devices ____ digits?

Check if ____ are different ____ for each ____ its unique ____ successfully complete ____ task ____ hand.

____ a set of steps ____ entering ____ numbers?

Can you tell ____ are different ____ each device to input ____?

____ the entry processes ____ different, allowing them to ____?

____ attempting ____ complete ____ task with their ____ set of ____ devices ____ diverse ____?

____ have ____ ways ____ their ____ in order to ____ process successfully?

Is it ____ for each device to ____ through ____ procedure ____ of digits?

I ____ devices follow different protocols ____ enter ____ set of ____.

Is ____ necessary for devices ____ different ____ when typing ____ own ____?

Do ____ know if ____ differing procedures ____ each device to input ____?

Do ____ ways of ____ number ____?

____ there ____ for entering ____ numbers on multiple ____?

The ____ put the numbers ____ to finish ____ for each ____.

Is there a ____ enter ____ unique ____ of numbers ____ device?

Is ____ a ____ to ____ unique set of numbers ____ devices?

____ it ____ for ____ to use ____ when typing ____ own ____?

The completion of the unique ____ on ____ devices ____ subject ____.

____ correct ____ different protocols to enter their exclusive set ____?

When entering ____ for successful completion, is ____ necessary ____ use different ____ for ____?

If ____ do ____ do ____ have different ____ to ____ their ____?

____ mark about ____ different steps ____ digits.

____ are ____ to complete the unique set of numbers ____ might ____?

Do ____ different ____ of ____ their ____ numbers ____ order ____ complete the procedure ____?

Do devices ____ when trying ____ complete this ____ with ____ numbers?

Do ____ devices ____ different ____ input ____ digits?

____ are ____ steps ____ device ____ numbers

____ a process ____ place to ____ the ____ on each device ____ correctly?

_____ have different _____ to _____ their numbers in _____ to complete _____?

When devices _____ this task _____ their _____ of _____ use diverse procedures?

Is _____ following _____ enter _____ unique numbers?

Do _____ which _____ their digits exist?

_____ the _____ used to complete _____ unique set _____ that devices _____?

Do _____ require a _____ to input its _____?

_____ enter their unique set _____ numbers successfully, do _____ different ways _____?

_____ gadgets follow specific steps _____ enter _____ unique _____?

_____ any unique _____ for devices to _____ unique _____?

_____ devices _____ ways _____ enter _____ numbers _____ order to successfully complete _____?

Different steps _____ device _____?

_____ devices _____ to _____ procedures in _____ to enter _____ own _____ of _____?

_____ devices do _____ successfully, _____ have _____ of entering _____ numbers?

Do _____ devices _____ to _____ procedure _____ their own numbers?

Is there _____ way _____ to enter their unique sets _____ order _____ this _____ successfully?

The _____ the numbers _____ place may be _____ for _____.

_____ they _____ successfully, are there _____ for devices _____ enter their _____?

While entering their exclusive number _____ there unique instructions _____ followed _____?

How do devices _____ unique _____ numbers to _____ process?

_____ there _____ procedures for entering _____?

_____ devices do that _____ have different _____ to _____ numbers.

_____ there _____ of ways in which _____ enter _____?

_____ a specific _____ a set of _____ on _____ devices?

Do _____ have _____ steps _____ enter _____?

If _____ different _____ to enter their unique set _____ numbers, _____ is _____ way to _____ the _____?

What are _____ a _____ if devices have different _____ enter _____ numbers?

Will devices _____ able _____ use _____ for inputting _____?

_____ devices _____ separate procedures _____ numbers?

_____ do devices _____ sets _____ numbers in _____ complete _____ process successfully?

Do _____ steps to enter _____ specific _____?

_____ different ways to _____ numbers so _____ they can _____ successfully?

_____ steps _____ different devices require to _____ their _____ of _____ system?

_____ different _____ to _____ task with their own _____ of numbers?

_____ there different ways _____ devices to _____?

_____ clarify _____ devices follow _____ protocols to _____ exclusive _____ of numbers?

Are _____ methods _____ for _____ device?

Do each _____ a specific _____ input _____ numbers?

_____ it possible _____ need different procedures _____ putting _____?

There might _____ a _____ for _____ unique _____ certain _____.

The _____ of the _____ different devices might be accomplished through _____.

What is _____ process for _____ unique _____ numbers on _____?

For _____ how _____ enter _____ unique numbers?

Do various _____ steps to input their digits _____?

Multiple devices with _____ sets of _____ steps _____ complete the _____

Is it _____ for devices _____ follow separate _____ entering _____?

_____ it _____ devices follow varying protocols _____ their _____ set of numbers?

It _____ possible _____ set of numbers in _____ to finish _____ is _____ from device to device.

Can devices use _____ procedures _____.

_____ devices use _____ methods when _____ in _____ numbers?

The _____ needed _____ in _____ finish a _____ may be different from device _____ device.

_____ complete this task with _____ set of numbers, _____ devices _____?

_____ mark reads, "Any _____ steps _____ entering _____ digits? _____

Do _____ have different methods of _____ numbers _____ complete the _____?

_____ procedure _____ put the _____ complete the task may _____ each device.

_____ you clarify _____ specific protocols _____ enter their exclusive set _____?

Is there _____ for _____ the _____ of _____ different devices?

_____ have _____ of _____ numbers, _____ they do, what are _____ for completing the procedure _____?

can _____ use _____ to _____ numbers?

Do _____ of _____ numbers _____ that it _____ be successfully completed?

_____ different procedure _____ enter a _____ set of _____ for _____?

_____ enter their digits _____ variety _____ ways?

_____ to complete _____ with their _____ set of numbers, are _____ using _____?

Is it _____ devices _____ enter _____ sets _____ numbers _____ a number _____ ways?

_____ device need _____ follow specific procedures _____ entering their _____ sequence _____?

Is it possible _____ complete _____ process in _____ ways _____ devices have _____ their _____?

What _____ procedures used to complete _____ unique set _____ numbers if devices _____ different _____?

_____ it true _____ devices follow _____ protocols to _____ their exclusive _____?

Will there _____ a specific _____ to _____ device _____?

_____ devices need to _____ specific _____ for entering _____ unique _____?

Do devices _____ procedures for _____?

Do _____ have _____ to _____ the numbers in _____ to complete _____?

Do devices have different _____ so _____ it _____ be _____ successfully?

Is _____ a different way _____ enter _____ unique _____ of _____?

_____ there a _____ for devices to _____?

_____ devices _____ different _____ their unique _____ numbers, and what methods do _____ use to _____ the _____?

_____ devices _____ ways of _____ numbers _____ order _____ the process?

Do _____ know _____ procedures for each _____ to _____ its _____ number set and successfully _____ at hand?

_____ multiple devices _____ differing _____ of numbers have different steps _____?

Is _____ entry _____ of devices _____ allowing them _____ provide _____?

Does _____ know of _____ to enter _____ digits?

_____ each _____ require a _____ to _____ its numbers _____ completion?

_____ be different _____ each device to input _____ number _____ and _____ the task at _____?

Do _____ devices need _____ steps to _____ numbers into _____?

_____ each device _____ separate procedure _____ input _____ designated _____ for _____ completion?

_____ it possible _____ devices can _____ different _____ inputting _____?

_____ each _____ require _____ to input numbers for successful _____?

Do devices have _____ ways to _____ in _____ to complete _____?

Do _____ have _____ to enter _____ in order to _____ task _____?

_____ different _____ to enter their _____ of numbers, _____ the procedures used to complete _____

Do devices have different ways _____ unique _____ numbers in _____ procedure _____?

_____ the _____ of _____ distinct, _____ them to provide unique _____?

What are _____ used _____ complete the _____ numbers, _____ devices _____ different ways _____ enter _____?

Do gadgets have _____ to follow _____ their _____?

_____ can _____ process _____ entering _____ numbers into _____ devices.

_____ to _____ specific procedures to enter _____ own _____ numbers?

_____ it possible to follow _____ depending _____ my _____ correct number _____ be entered?

If _____ to _____ task with _____ of numbers, do they use _____?

_____ need different _____ to input _____ own _____ the system.

_____ devices enter _____ set _____ numbers _____ order to complete a _____?

_____ completion, _____ do devices _____ unique _____?

____ the ____ specific ____ input their own numbers?
 ____ might be ____ specific ____ the ____ set of ____ on ____ devices.
 ____ may ____ to follow specific procedures for ____ their ____ sequence ____.
 The procedure to put a ____ of ____ complete ____ may ____ from device ____ device.
 ____ necessary to ____ different ____ on my ____ in ____ enter the ____ number sequence?
 What are the methods ____ successfully if ____ do ____ have ____ same way to ____?
 Do there ____ devices to input their ____?
 ____ if ____ require different ____ their codes, okay?
 Can ____ clarify if the devices ____ different ____ enter ____?
 ____ you know ____ are ____ different ____ for each device to input ____ unique ____ set ____ task?
 What are ____ methods for completing ____ if devices ____ different ____ numbers?
 ____ each device ____ a specific ____ their numbers?
 ____ you know if there ____ different ____ for each device to ____ set, ____ task at ____?
 I ____ if there are separate device protocols ____ correctly ____ inputting ____.
 ____ could be that ____ is ____ process ____ unique numbers ____ different ____.
 ____ complete the process successfully, ____ have different ways ____ numbers?
 Do ____ there ____ for each device to ____ its unique ____?
 Do individual devices need to ____ procedures ____ to ____ own ____ of ____?
 ____ for ____ to undergo a ____ procedure ____ a unique sequence of ____?
 Can ____ there are any different procedures ____ device to input ____ number ____?
 ____ you know if ____ different ____ device to ____ unique number set, and ____ complete ____ task at ____?
 ____ have their own procedures ____ input ____?
 ____ different number entry method ____ devices?
 Can ____ me ____ the ____ follow ____ protocols ____ enter their ____ set of ____?
 Clarify ____ devices require different ____ to ____?
 What ____ the ____ completing ____ devices have ____ ways to ____ their numbers?
 ____ special numerical combination ____ is it necessary to ____ distinct methods ____?
 There is ____ are separate ____ protocols in place ____ correctly and ____ numerical sequences.
 ____ devices ____ different ways ____ enter their ____ set of ____ and ____ are the ____ used ____?
 ____ there ____ process ____ to ____ the set ____ on each ____ are entered correctly?
 ____ me ____ need ____ procedures when ____ insert their codes.
 Does ____ make sense to ____ on ____ entering the ____ numerical combination?
 ____ do ____ enter ____ unique ____ of numbers in order ____ successfully?
 ____ have ____ processes ____ entering numbers?
 Some ____ steps ____ input their ____.
 ____ it ____ that devices use different procedures ____ trying ____ task ____ their exclusive ____ of ____?
 ____ it possible ____ devices to enter ____ different ____?
 Is ____ various ____ to enter their ____ set of numbers?
 Do ____ require ____ steps ____ set of digits into the ____?
 Do ____ to enter their ____?
 ____ steps ____ a ____ specific set ____ numbers?
 Do you know ____ are ____ for each ____ to input ____ unique ____ and complete ____ at ____?
 Do devices have ____ ways to ____ so ____ be successfully ____?
 Devices ____ have ____ entry ____.
 ____ may ____ distinct ____ entry methods ____.
 ____ process for entering the ____ set ____ numbers ____ gadgets?
 ____ have ____ ways to enter their numbers, ____ do, ____ are the ____ completing the ____?
 ____ know ____ there are different procedures ____ each device ____ unique number ____?
 ____ devices have ____ their own numbers?
 Do you know if ____ device ____ specific ____ input its ____?

The ____ is, any different ____ for ____?

When typing in ____ devices ____ methods?

Can you ____ the devices ____ different protocols ____ exclusive set of ____?

Can gadgets ____ steps to ____ unique ____?

____ there a ____ for ____ unique ____ various devices?

Do each device require ____ different set ____ to ____?

What ____ completing the procedure successfully if ____ different ____ enter their ____ unique set of ____?

____ it possible ____ have unique ____ entry ____?

____ multiple ____ putting different sets ____ numbers have different ____ the ____?

Is ____ a distinctive way for ____ to ____?

Some devices ____ different steps ____ input ____ system

Do ____ require ____ separate ____ to ____ its numbers ____ completion?

Do you know ____ there is a procedure for ____ number ____?

____ individual ____ to ____ procedures to ____ their own sequence of ____?

When ____ a special ____ successful ____ is it necessary to ____ distinct ____ on ____?

Do ____ have ____ to ____ in order for ____ complete the process ____?

Do ____ have different ____ enter ____ that it can be ____?

The ____ to ____ the needed ____ in ____ to finish ____ task ____ be ____ for ____.

____ clear ____ different procedures ____ insert their codes?

____ a process to enter a ____ numbers on ____?

Is ____ for ____ to ____ their ____ of numbers ____ a variety ____ ways?

The procedure ____ put the ____ to finish ____ task may ____ to ____

____ gadgets follow ____ for entering ____?

____ devices able to ____ for inputting ____?

____ to ____ if there are ____ device protocols ____ correctly ____ inputting their ____ sequence.

Different ____ entering ____ device specific ____ of ____

When ____ task with their exclusive set ____ numbers, ____ devices ____ procedures?

If ____ different ____ to enter ____ unique set of ____ the ____ used to ____ them

____ you ____ if devices ____ different protocols ____ order ____ enter their exclusive ____?

Do ____ of entering numbers ____ to complete ____ process ____ a successful ____?

I ____ know if there ____ separate ____ protocols ____ correctly ____ inputting their numeric sequence.

Is ____ possible for different devices ____ inputting ____ required set of ____?

____ different ways ____ their unique sets ____ numbers, what ____ methods for ____ the ____ successfully?

Do devices have different ____ numbers, ____ to complete the ____?

____ wondering ____ there were ____ different ____ for ____ device-specific digits.

Is ____ follow ____ steps depending ____ my ____ for the required number sequence ____ entered ____?

____ have ____ ways ____ their ____ in ____ to ____ a process successfully?

____ use ____ procedures for ____ numbers?

____ have specific ____ to enter ____ numbers?

____ there a ____ for ____ unique ____ of ____ different devices to ____?

A process might ____ place ____ finish the ____ number ____ different ____.

Can ____ different ____ to record ____?

____ specific steps for ____ to input ____?

What are the ____ successfully completing ____ ways ____ enter their unique ____ of numbers?

The ____ to enter ____ unique ____ of ____ different for ____.

____ of ____ different devices, is there a specific process?

Do you ____ if ____ are ____ input the ____ number set ____ each ____?

____ a ____ follow specific ____ to input ____ own ____?

____ each device require a ____ procedure to ____?

____ for devices to input their ____ numbers?

Different _____ to _____ numbers?

Do _____ need a specific _____ to input _____?

When typing _____ an individual _____ must _____ distinct methods?

When _____ in their _____ of _____ devices _____ to _____ methods?

There is _____ process for _____ numbers _____ entered _____ different _____.

Do _____ devices _____ specific _____ for entering their _____?

Do _____ have _____ way _____ entering their _____?

Do devices have _____ enter _____ unique sets _____ in order to complete _____?

Do devices _____ different _____ entering numbers, _____ complete the _____ successfully?

_____ devices have certain ways _____ enter _____ in _____ complete _____ process _____?

When entering _____ combination _____ is _____ necessary _____ use different methods?

There _____ different steps for _____.

_____ procedures _____ to input their own _____?

_____ process might _____ to _____ unique _____ set _____ different devices.

_____ process _____ used to _____ the unique _____ of _____ on _____ devices

_____ possible for _____ use different procedures to enter _____ numbers?

What _____ the _____ used to _____ the _____ devices _____ ways _____ enter them?

_____ procedure to put numbers _____ order to _____ task is _____.

_____ require _____ steps to input _____ digits?

_____ make sense to use different _____ when _____ the special numerical combination _____ for _____?

What procedures _____ used _____ to _____ task with _____ exclusive _____ of _____?

_____ multiple _____ sets of _____ should _____ have _____ steps to complete the _____?

_____ devices _____ different procedures to _____ their codes, okay?

_____ might follow certain _____ to _____ their _____.

Should _____ follow _____ steps _____ get _____ unique _____?

_____ ways _____ enter _____ specific _____?

_____ anyone _____ different steps for _____ device _____ digits?

_____ there a way to enter _____ different devices.

Individual _____ may need to _____ procedures to enter _____ numbers.

If _____ have _____ to _____ numbers, what _____ procedures used to _____ them?

Is _____ of ways which _____ enter their _____?

Can devices _____ diverse _____ for _____?

_____ it _____ each _____ to _____ unique instructions _____ they want _____ their _____ number series?

_____ gadgets _____ steps to enter their unique _____?

Is it possible _____ follow _____ their exclusive set _____ numbers?

_____ devices need to _____ procedures for entering _____?

_____ devices have _____ way _____ entering their _____ in _____ complete the _____ successfully?

_____ you _____ devices follow _____ protocols for _____ their exclusive _____ numbers?

Do _____ have different ways to _____ set _____?

_____ it possible that devices _____ different _____ codes?

_____ possible that _____ follow _____ protocols when entering their _____ numbers?

_____ devices have different procedures _____ enter numbers _____ complete the _____?

What _____ used _____ complete a unique _____ numbers _____ a _____ has different _____ to _____ them?

A _____ be _____ complete _____ number on different devices.

When _____ specific _____ do _____ procedures?

_____ each _____ procedure _____ their numbers for successful completion?

Do _____ devices _____ follow specific _____ to _____ numbers?

_____ know _____ are different procedure for _____ input its _____ and complete the task _____ hand?

Is _____ devices follow different _____ for entering _____?

Do _____ different procedures _____ enter their _____ of _____?

Do devices _____ ways _____ their unique sets _____ numbers _____ to complete _____ process _____ ways?

Are _____ any _____ steps _____ digits?

Do various devices _____ different steps to _____?

_____ have specific _____ input _____ numbers?

Is _____ possible _____ devices _____ separate _____ entering numbers?

_____ it possible _____ devices _____ use different _____ in _____ numbers?

Can _____ tell me if the devices _____ differing protocols _____ numbers?

Different _____ for entering _____?

_____ there a variety of _____ enter their _____?

Are there _____ can _____ numbers?

_____ devices _____ ways to enter their unique set _____ numbers in _____ successfully?

_____ it _____ that _____ need _____ procedures _____ insert their _____ okay?

_____ devices follow different _____ to enter their exclusive _____ numbers?

It is possible _____ the procedure for _____ the _____ to finish _____ is _____ to device.

What _____ completing _____ procedure _____ are _____ if devices have different _____ to enter _____ numbers?

_____ for individual devices _____ follow _____ procedures to enter _____ own _____ sequence _____?

_____ there _____ for each device to _____ its _____ number set, how will _____ task at _____?

Can _____ me if _____ device _____ a _____ procedure _____ numbers?

_____ of entering _____ numbers _____ order to complete the _____ in different _____?

_____ the methods _____ completing the procedure _____ if _____ ways _____ enter their _____ set of _____

Is _____ that _____ diverse _____ to complete this _____ exclusive _____ of numbers?

Do individual _____ different procedures for _____ their _____ numbers?

There _____ for _____ input their numbers

Multiple devices _____ different sets _____ numbers may have different _____.

Is _____ that _____ differing protocols _____ enter their _____ set _____ numbers?

Should _____ different _____ to enter their unique _____ numbers, and _____ do _____ complete _____ procedure _____?

Different steps _____ numbers?

_____ necessary _____ to follow _____ methods _____ typing their _____ numbers?

Multiple _____ sets of numbers _____ have different _____ to _____ procedure.

If devices can enter _____ own _____ of _____ what _____ are _____?

_____ to _____ different methods on _____ when entering _____ special _____ combination needed?

_____ attempting _____ this task _____ their _____ set _____ numbers, do _____ use a _____ procedures?

_____ devices use _____ to put _____?

Gadgets might _____ specific _____ their _____ numbers.

Do _____ have _____ of entering _____ numbers in _____ complete _____ process _____?

Do _____ different methods for _____?

_____ know _____ are different _____ device to _____ its unique number _____ complete the task _____ hand?

Is _____ for _____ enter their _____ unique _____ to _____ the process successfully?

Is _____ devices need varied _____ their codes?

_____ the methods for _____ the _____ if devices _____ different _____ entering _____?

Is it safe to say _____ devices _____ protocols _____ exclusive _____ numbers?

_____ there a different way _____ unique set of _____?

Can _____ use _____ inputting numbers?

Do _____ if _____ are different _____ for each device _____ input _____ set?

Do different _____ to _____ their own set of _____?

It _____ that _____ procedure _____ numbers _____ to _____ the task is different for _____ device.

_____ devices _____ to enter their _____ sets _____ numbers in _____ ways in _____ to _____ successfully?

Is it _____ devices _____ different sets of _____ order _____ this procedure?

Is _____ processes _____ devices _____ allowing them _____ unique _____ sets?

_____ there be any _____ for _____ device _____ digits?

_____ for _____ the _____ in order to finish _____ might _____ different _____ device _____ device.
 Do _____ if _____ follow different _____ to _____ set _____ numbers?
 _____ it necessary to use different _____ each _____ entering _____ numerical _____ completion?
 _____ devices have _____ ways of _____ that they _____ completed successfully?
 _____ chance _____ there's _____ process _____ unique numbers into different _____.
 Does _____ device have _____ different _____ their _____ set of _____?
 _____ there _____ procedure _____ place to make sure _____ set of _____ on _____ device _____?
 In _____ to _____ this _____ do devices _____ different ways _____ numbers?
 _____ devices _____ to input their own _____?
 _____ do _____ use to enter _____ set of _____?
 _____ different ways to _____ their _____ sets of _____ in _____ to _____ a process _____?
 _____ devices _____ different _____ to enter _____ set of _____ if they _____ do they _____ procedure successfully?
 _____ it possible _____ devices use specific _____ to _____ own _____?
 _____ there _____ different steps _____ device specific _____?
 _____ it possible _____ the _____ with different _____ methods?
 _____ methods for completing _____ procedure successfully if _____ have _____ enter a set of _____?
 Do each _____ a _____ procedure to _____ its _____?
 Is _____ a _____ number entry _____?
 Is _____ different procedure for entering _____ set of _____ device?
 _____ procedure successfully, do _____ have _____ enter their unique _____ of numbers?
 _____ devices have different _____ their _____ do they complete the _____?
 _____ devices _____ separate procedures _____ entering _____?
 Do _____ ways _____ numbers _____ order to successfully complete _____ process?
 Is _____ devices to enter their _____ sets _____ successfully in _____ ways?
 _____ devices have a different way to _____ order to _____?
 Can there _____ unique _____ per _____.
 _____ process might be _____ to _____ unique _____ on different devices.
 _____ devices _____ a _____ to _____ unique numbers?
 Should _____ different sets _____ numbers _____ outlined steps to complete _____?
 Do _____ devices _____ different steps _____ their digits _____ system?
 _____ a different way to enter their numbers _____?
 Do _____ enter _____ numbers so that _____ can be successfully _____?
 _____ possible for _____ their _____ set of numbers via different _____?
 _____ for devices to enter _____ set _____ to complete the _____ successfully?
 Do devices _____ enter _____ numbers in order to complete _____?
 Is _____ any _____ to _____ device-specific _____?
 Can you _____ the devices _____ protocols _____ enter _____ set of _____?
 Do each device _____ a _____ procedure to _____?
 _____ for every _____ to _____ specific procedure _____ unique sequence of digits?
 _____ completion of the _____ on different devices _____ be _____ through _____.
 Can _____ number entry methods _____?
 _____ entry _____ may be _____ allowing them to _____ number sets.
 _____ devices _____ different sets _____ have different _____ to _____ procedure
 Depending on _____ device, _____ to put _____ needed _____ in order to _____ the _____ different.
 Is _____ unique steps _____ to _____ their _____?
 _____ for _____ a set _____ numbers _____ order _____ finish _____ task _____ different for different devices.
 When _____ in _____ of numbers, _____ devices _____ distinct methods?
 Do _____ have different ways _____ enter _____ if _____ do, what are the _____ successfully?

 _____ have different ways to enter their _____ it can _____?
 A process _____ needed to complete the _____ numbers _____ different _____.
 Do devices _____ different _____ for _____ in order _____ complete the _____?
 _____ possible _____ ways to enter their numbers, and _____ are _____ procedures _____ to complete _____?
 If _____ device requires a different _____ please tell _____.
 Do _____ know if _____ special procedure to input _____?
 _____ devices _____ ways _____ enter their unique _____ of _____ and _____ the methods for completing the _____?
 There are any _____ enter device _____?
 _____ you _____ follow _____ enter the exclusive set of numbers?
 Does anyone _____ for entering _____ digits?
 _____ different procedures to enter _____?
 Is _____ entry _____ devices that _____ their _____ number sets?
 Do _____ have _____ entry _____?
 Is there _____ for _____ on _____ devices?
 Do _____ have to _____ to _____ their own sequence _____ numbers?
 Do _____ devices need different _____ to _____ their set _____ the _____?
 Do individual _____ need _____ procedure _____ entering their own _____?
 Do devices have different _____ to enter _____ to complete _____ process _____ a _____?
 Do different _____ require _____ steps _____ to input their digits _____?
 _____ any _____ steps _____ entering _____ digits.
 Different _____ are _____ a device-specific set of _____.
 _____ it possible to _____ required _____ sequence _____ depending _____ my device?
 There is a question _____ if _____ are separate _____ for _____ efficiently _____ corresponding _____ sequence.
 Do _____ different _____ to _____ unique number?
 _____ different _____ enter their _____ to complete the _____ successfully?
 _____ are _____ procedures for _____ device to _____ its unique _____ they be able _____ complete _____ task?
 Do devices _____ ways of entering numbers _____ complete _____ task _____?
 _____ with _____ entry methods?
 _____ procedure _____ put _____ of _____ order to _____ a _____ be different on each device.
 _____ devices require different _____ input their _____ into _____ system?
 do _____ have _____ entry _____?
 Do devices _____ different processes _____?
 _____ devices _____ different _____ when typing _____ their individual _____ of _____?
 Do _____ of _____ unique set of numbers?
 _____ you _____ public if devices follow different protocols _____ their _____ numbers?
 _____ there a different _____ for entering a _____ of _____ devices _____?
 What procedures do _____ use _____ their _____?
 When _____ complete this _____ with their _____ set _____ numbers, do _____ different _____?
 Do devices have _____ ways _____ successfully?
 Do _____ devices _____ specific _____ numbers?
 What _____ the _____ used to complete _____ device's set of _____ if _____ to enter _____?
 Will _____ be different procedures for each _____ set and complete the _____ at _____?
 _____ different _____ device-specific digits?
 There could be _____ to _____ of _____ of numbers _____ different devices.
 Are _____ specific _____ for devices to _____ numbers?
 Do devices _____ different ways to enter _____ are the _____ them?

_____ there _____ method for _____ to input their _____?

If _____ are different _____ each device _____ its _____ will they _____ able _____ complete the _____ at hand?

_____ the _____ processes _____ so _____ can provide _____ number sets?

_____ typing in _____ numbers, must _____ different methods?

Do devices _____ enter the numbers _____?

_____ devices _____ specific procedures for entering _____ number sequence?

_____ individual _____ a _____ entering their own numbers?

_____ there _____ variety of _____ devices can _____ their _____?

Devices _____ different _____ enter _____ numbers _____ to complete the procedure _____.

Do _____ to _____ their unique numbers?

_____ the required number sequence, _____ I _____ to follow different _____ my _____?

_____ "Any different steps _____ entering device-specific _____"

Is there _____ devices to enter their _____ of numbers _____ complete the _____?

_____ it _____ devices follow separate _____ for entering _____.

_____ devices _____ ways of entering their unique sets of _____ in _____ the _____?

When entering _____ special numerical _____ is _____ to _____ different methods?

_____ different ways _____ sets _____ numbers in order to complete the _____?

_____ follow specific procedures for entering _____ own _____ sequence?

What are the methods _____ the procedure _____ if _____ unique set _____?

_____ it _____ to use _____ for _____ to _____ the numerical combination?

_____ devices _____ different ways _____ enter their _____ in order _____ the process _____?

_____ necessary _____ device to have _____ for _____ the special numerical _____?

_____ know if each _____ requires a _____ to _____ its designated _____?

_____ completing _____ procedure _____ have different ways to enter _____ unique set of numbers?

What _____ the procedures used _____ complete _____ numbers if devices have _____ to _____ them?

_____ could be _____ process _____ unique numbers into _____.

Is it _____ for _____ use different methods to _____ individual set _____?

_____ procedure _____ putting _____ numbers in order _____ the _____ from device to device.

_____ the procedure to _____ numbers in _____ different for each _____.

Do _____ devices need to _____ procedures _____ their _____?

Do _____ need _____ procedure to input _____ for _____ completion?

Do devices _____ different _____ to _____ order _____ complete the procedure _____?

_____ to _____ the _____ in _____ the task can be _____ different devices.

_____ the process of _____ sets of _____ each device?

_____ use different procedures _____ this _____ their set of _____.

Do _____ know if _____ procedures for _____ device to correctly input _____ number _____?

_____ devices _____ diverse _____ enter their _____ sets?

_____ devices _____ different procedures _____ enter _____ numbers?

If devices have different ways _____ enter their unique _____ of _____ for _____ successfully?

_____ follow _____ procedures _____ entering _____ numbers.

_____ are the methods for _____ the procedure _____ devices _____ different _____ numbers?

How do _____ their _____ numbers _____ order to _____ this procedure?

Does a _____ to make sure the set _____ numbers on _____?

Do _____ devices need to _____ when entering _____?

A process could be _____ in _____ the unique _____ of _____ different _____.

If devices _____ their _____ what are the _____ ways _____ complete the _____?

_____ if devices need _____ procedures when _____ their codes _____?

_____ if there is _____ the _____ set of numbers _____ different devices.

_____ devices have _____ to enter _____ in order _____ complete _____ process _____?

_____ could be a _____ for _____ into various _____.

Should devices ____ different ____ in their individual ____ of ____?

Do these contraptions need ____ inputting ____ digits ____ successful ____?

____ there a specific ____ of entering ____ set ____ different devices?

____ successful ____ how ____ devices ____ numbers?

Can ____ let ____ know ____ devices ____ different protocols to enter ____ of ____?

If ____ can enter ____ set of numbers, what ____ procedures ____ complete ____?

Do you ____ if ____ procedure ____ device to ____ unique number set ____?

Do ____ have ____ their unique ____ numbers in order to complete ____ different ways?

____ entering the special ____ combination for ____ is ____ necessary ____ distinct ____ on each ____?

____ there ____ process ____ making sure the set ____ each device are ____?

____ may ____ needed to complete the ____ of ____ different devices.

Can you ____ if devices follow ____ their exclusive ____ numbers?

There may ____ a process ____ in different ____.

In order to ____ the ____ devices have ____ ways to ____?

____ it ____ that ____ varied procedures when ____ insert their ____?

How ____ devices enter ____ unique ____ to complete ____ procedure successfully?

A process might ____ complete the unique ____ on ____.

____ ways ____ enter different numbers in order to complete ____?

Is there ____ a unique ____ of ____ certain devices?

Is there a ____ way ____ the devices ____?

Do ____ have different ____ enter ____ set of ____?

Is ____ necessary for individual ____ to follow specific ____ own sequence ____?

____ gadgets ____ specific steps ____ numbers?

____ if ____ different ____ for each device to input ____ number ____ task at hand.

____ you ____ me if devices follow various ____ enter ____ set ____ successfully?

Do ____ different procedures when they want ____ complete ____ with their ____?

Is ____ possible ____ different ____ to insert ____ codes.

____ devices ____ different ____ for ____ their ____?

____ each device need a separate ____ designated ____?

What are ____ used ____ unique set of ____ devices may ____?

Is it possible ____ devices have ____ procedures ____ enter ____ unique ____ numbers ____ to ____ the ____ successfully?

Is it necessary ____ each device ____ use different methods ____?

Should ____ different sets of numbers have ____ to ____?

____ there are different procedures for ____ device to input ____ number ____ will ____ complete the ____?

____ devices need ____ follow ____ in ____ their ____ sequence ____ numbers?

The ____ to put a ____ the task ____ different from device to device

Is ____ necessary for ____ to ____ typing in ____ numbers?

Is ____ each device ____ follow specific ____ for entering ____ sequence of ____?

____ devices ____ procedures for entering their ____ numbers?

Is there ____ different way ____?

What are ____ used to ____ unique set of numbers, ____ devices have ____ of ____?

Do ____ devices ____ steps ____ digits into the system?

Does ____ devices have ____ follow specific ____ to enter ____ numbers?

Different ____ may require ____ input their digits ____ the ____.

____ procedure for ____ set of numbers in ____ to finish ____ is different ____.

Is it possible ____ unique set of ____ through different ____?

____ individual ____ to ____ procedures for entering their ____?

____ it necessary for ____ device to ____ entering ____ special ____ combination?

Do ____ require ____ steps ____ their ____ of digits?

Do devices ____ enter ____ order to complete the process successfully?

What are the methods for _____ the procedure _____ have _____ of _____ set _____ numbers?
 _____ have different ways to enter _____ sets _____ to _____ the _____ in different ways?
 _____ procedure _____ put the numbers in _____ finish _____ varies _____ device to _____.
 _____ things _____ to input their _____ numbers?
 _____ devices _____ to _____ distinct _____ when typing _____ individual set _____ numbers?
 If devices _____ enter _____ set _____ numbers, _____ procedures are _____ them?
 Do _____ different _____ to _____ their _____ order to _____ procedure successfully?
 _____ do _____ different ways to enter their number?
 Perhaps _____ is _____ unique _____ into different devices.
 When _____ to _____ this task _____ of numbers, _____ devices use _____ procedures?
 Is _____ possible that _____ distinct _____ methods.
 Clarify _____ procedures to insert their codes.
 Is there _____ devices _____ input _____ numbers?
 Is _____ process _____ the unique _____ numbers _____ different _____ different?
 _____ you know if the _____ different protocols _____ enter their _____ numbers _____?
 Do devices have _____ ways _____ numbers _____ that _____ be successfully _____?
 _____ let me _____ if _____ follow _____ protocols _____ their exclusive _____ of numbers?
 _____ devices _____ different _____ for inputting _____?
