

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Guide on accessing online account services
Inquiry Sub-Category	Login assistance
Description	Supporting customers in accessing their online accounts by troubleshooting login problems, resetting passwords, or providing alternative login methods.
Data Size	12,214 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Is _____ available _____ additional security _____ while logging _____ accounts?
_____ 2FA _____ used _____ account security?

Is _____ two factor authentication _____ logging in?

Yes, do we _____ of _____ login _____?

Two-factor authentication _____ be used _____.

_____ accounts might allow _____.

Is it _____ for _____ to use 2FA _____?

Can two-factor _____ be _____ added _____?

Does _____ login come _____ verification?

Is _____ authenticating _____ at the _____?

Can we _____ the two-factor thingamajig _____ accounts?
_____ it _____ to _____ 2FA.

_____ we _____ two-factor _____ for more _____?

_____ possible _____ dual verification with signing _____?

Is it possible to _____ two-step verification?

Does _____ account _____ include _____?

_____ it possible to _____ two-factorpassword _____ added _____?

_____ a method _____ two-factor _____?

_____ it possible _____ with two-factor authentication?

Can _____ use two-factor _____ when _____?

_____ dual-factor login _____ option?

I _____ to know _____ our accounts _____.

_____ it possible to add _____ protection to _____ dual-factor _____?

_____ can _____ implemented _____ 2FA.

_____ is an option _____ two-factor _____ at _____.

Is it possible to add extra _____?

Is 2FA _____ to _____?

Is _____ possible to add _____ 2FA when _____?

_____ attempting _____ are users granted _____ opportunity _____ use two-factor authorization?

Is _____ possible _____ for _____ safety?
Upon _____ possible to use _____?
_____ it _____ to add _____ to our login _____?
Do we _____ to use two-factor _____?
_____ we _____ the _____ for dual-factor _____?
_____ use _____ ourselves when signing in?
_____ am _____ if _____ get _____ guard _____ I _____ in.
_____ you _____ two-factor auth _____ enhance _____?
Can _____ use _____ at sign _____?
Can _____ an _____ login _____ like 2FA with _____?
Can _____ dual-check _____ sign-in?
_____ authenticating for more security?
_____ two-factor _____ used _____ log in?
_____ possible to _____ an added _____ security while _____ in?
Two-factor access up _____ in?
Can we _____ authentication at _____ to add _____?
_____ security when _____ with _____ auth.
_____ it possible _____ use _____ security _____?
Is _____ to _____ account _____?
_____ our _____ compatible _____ dual-authentication?
Is 2FA helpful _____?
_____ we have two-factor _____ added _____?
_____ it _____ to _____ layer of _____ such _____ two-factor verification?
_____ we _____ two-factor _____ security when we _____?
_____ there a way to add _____ protection when _____?
_____ there _____ for two factor _____?
_____ verification when signing in for an account?
Is _____ second step _____ protection?
Is it possible _____ 2FA _____ we _____ in to our _____?
Is it possible _____ security _____ logging _____ with _____?
_____ Verification _____ improve the login _____?
Was _____ to _____ 2FA _____ logging _____?
Is it _____ two-factor authentication _____ enhanced _____?
_____ advise _____ of _____ our logins _____ 2FA.
Would dual _____ while signing _____?
Does _____ two-factor login?
What _____ optional _____ step login _____?
_____ there an optional _____ protect _____?
_____ a _____ of enhancing account _____ through two-factor _____?
_____ have two-factor _____ when _____ in?
_____ authentication option _____ at the _____?
_____ possible to have _____ security _____ logging _____ two-factor?
Is it _____ that _____ security?
Is it _____ when logging in with _____?
_____ used for account security.
_____ we use _____?
_____ as _____ while logging into _____?
_____ be a second-step _____ protection _____?
_____ there a way _____ our accounts safe _____ the _____ two-factor _____?
Is _____ possible to _____ two-factor _____ when _____ our _____?

Can we _____ extra step _____ addition _____ passwords?
 _____ it _____ to _____ extra _____ to our _____ with dual-factor _____?
 Is it _____ enable _____ when _____ online _____?
 Will it _____ possible _____ use 2FA _____ log _____?
 _____ be _____ to include _____ heightened account safety?
 Is _____ to enable two-factor _____ at _____
 We can _____ step _____ 2FA.
 Can you _____ our _____ more _____ with _____ two-factor thingamajig?
 _____ the login process _____ two-step _____?
 Two-factor _____ up for _____ up?
 Can _____ have more security?
 _____ our accounts _____ for _____?
 Is _____ a _____ layer of protection _____ a login?
 Is it possible to _____ authentication to _____?
 Our _____ allow for _____ logins.
 _____ possible to add _____ added _____ process of signing in?
 _____ login _____ of two-factor?
 _____ any chance _____ verification at _____ time?
 _____ use two-factor security for _____?
 When _____ sign in _____ use _____?
 Is it _____ to _____ two-factorAuthentication _____ added _____?
 Is it possible _____ security measures by _____ two-factor _____?
 _____ there a _____ for two-step _____?
 _____ it possible _____ use _____ authentication while logging _____?
 Can we use _____ extra _____ we sign _____?
 Do I _____ second-factor _____ whenever I _____?
 _____ way _____ add account _____ when _____ log in?
 Is _____ for extra _____?
 Can _____ measures _____ card'in in?
 Is _____ a feature _____ through two-factor access?
 _____ more _____ when using 2FA?
 _____ there a way to _____ login?
 Double-verification _____ can _____ as _____ procedure during sign-in.
 _____ we have the _____ dual-factor _____ confirmation?
 _____ dual-factor _____ a _____?
 Could _____ enhance account security?
 Is _____ to _____ account _____ with _____ login?
 Two-factor _____ up for _____ you _____?
 _____ it possible to implement _____ security?
 _____ verification upon login?
 _____ it _____ us to _____ protection with _____ log in?
 Is it possible _____ account _____ additional _____ when logging in _____?
 _____ to add more _____ to our _____ dual-factor authenticating?
 Do we _____ option to _____ login _____?
 Is there the option _____?
 _____ it possible _____ our _____ with dual- _____?
 _____ there _____ option _____ two-factor _____?
 _____ two-factor _____ add account security?
 _____ we _____ two-factor security _____ in?
 _____ access offer dual _____?

two-factor security while into is available.
possible to use 2FA when logging ?
Anyone optional second-step protection ?
use two to in?
Is there way to our two-factor ?
Do need to system a procedure?
or the option secure logins with is available.
be able to use step as step?
it authenticating for enhanced security?
we security we log in with ?
may able two-factor authorization to their accounts.
there of verification login?
add extra protection to accounts dual-factor authentication?
we two-factor for security?
verification an step at login.
When in we two-factor ?
it to use two-factor for enhanced when ?
there an option enable ?
Can we to ourselves when sign ?
Is possible to two-factor ?
Can use 2FA we our online ?
use two-factorAuthentication sign-in to extra ?
Can we use ?
our accounts for during ?
It possible to auth additional .
double-verification be a procedure during .
Please about the option secure accounts .
Can extra be ?
I log using ?
Is an to have logging in?
security be through 2FA signing .
Do the have verification ?
to extra security when with two-factor authentication?
Is a way to give secure ?
the process come with ?
there a way for protect our two-factor ?
mean that I second-factor whenever log ?
I second-factor when log ?
safeguards, like beenabled.
be possible to dual when signing ?
there an two-factorAuthentication login?
Can be secure during sign ins?
if there was a two-factor option .
it possible to of protection like two-step ?
there is an optional ?
is dual-authentication on in.
Is it to layer security as verification in?
Are we to to with dual-factor authenticate?
Is use two-factor during login?
login security such as ?

_____ the login procedure _____?

Is _____ possible _____ give two-factor _____ for more _____?

If _____ implemented optional two-step _____ added _____ could our _____ be _____?

_____ be _____ during the _____ process?

_____ there an _____ security _____ we use two-factor _____?

There might be _____ like _____.

Can we use two-factorAuthentication _____ at _____?

Is _____ guard always _____ when _____?

_____ Two-step _____ safe _____ login process?

_____ possible to use two-factor auth _____ logging into _____?

_____ we use _____ systems to provide _____ users?

_____ we _____ two-factor _____ better account _____?

_____ there _____ chance _____ enhanced _____ protection _____ double validation _____ time?

_____ we use _____ account _____ with _____?

_____ have _____ two-factorAuthentication during login?

Can we use two-factor _____ for _____ using _____?

_____ your system _____ with two-factor _____?

_____ we use _____ more _____ when we _____ in?

There _____ an _____ two-factorAuthentication during _____.

_____ to know if _____ an _____ to _____ another layer of _____.

Does your _____ two-factor _____ extra security _____?

Do _____ dual-authentication _____ logins?

_____ it possible to use _____ for _____ secure _____?

_____ have the _____ login confirmation?

_____ second method of verification?

_____ it possible for _____ during logins?

Is _____ available _____ log in?

_____ a chance _____ dual-authentication being activated _____ in?

_____ when _____ online accounts?

_____ it _____ two-factor Authentication?

_____ it _____ to _____ dual _____ when signing _____ to an _____?

Can we _____ extra _____ Step _____?

_____ we have _____ dual-factor _____ confirmation?

Is it _____ to add an _____ at _____?

_____ to _____ extra security _____ using two-factor authenticate at _____?

_____ login _____ like 2FA, _____.

_____ there two-factor _____ logging _____?

_____ it _____ 2FA while _____ log in _____ our accounts?

_____ have dual-factor login _____?

_____ to use _____ log in to our accounts?

Is _____ possible to _____ verification when _____ sign _____?

_____ it possible _____ have two-factor security when _____?

Is there _____ add another _____ during a login?

_____ we have _____ double-factor _____ confirmation?

Two-factor authentication _____ be _____ security.

Can _____ while logging in?

Is it _____ to add _____ layer _____ security _____ two-factor _____?

_____ possible _____ an added layer _____ security by _____ two-factor Authentication _____ process?

_____ it possible to _____ security by _____ credentials?

Two-factor _____ an _____ security _____.

_____ use _____ when signing _____?

Users _____ allowed to use _____ authorization when _____ access _____.

_____ there _____ to use _____ for more security?

Do _____ have _____ option _____ two-factor authorization to _____ accounts?

_____ verification _____ improving our login process.

_____ it _____ heightened _____ protection _____ double _____ at log in time?

_____ we _____ two-step _____ for added _____ we _____ our _____ process?

Is _____ use _____ at sign-in?

_____ two-factor auth as _____ while _____ into _____ available?

_____ to _____ dual verification?

_____ to _____ the security measures by _____ account access?

_____ possible to have security _____.

_____ offered to improve _____

_____ we use _____ security?

_____ it possible to add more security _____?

Two-factor _____ up for _____ you _____?

_____ it possible _____ you _____ enhance _____ safety _____ two-factor _____ while _____ in?

Is _____ two-factor authentication _____ security when accessing _____ accounts?

_____ it possible to _____ security _____ using _____?

Can we _____ a _____?

_____ you able to _____ the safety _____ thingamajig?

_____ there a _____ you sign _____?

Is there _____ to _____ login?

Is _____ a chance that double validation _____ log-in _____ heightened account _____?

Is _____ to add a _____ such _____ two-factor?

Can I _____ double measures _____ guard while _____?

_____ it _____ to _____ the security _____ by _____ two _____ account _____?

_____ is an option _____ logging _____.

Has _____ for dual-factor login _____?

Is it _____ for us _____ add protection _____ while logging _____?

_____ 2FA _____ to _____ security?

_____ possible to _____ extra _____ by _____ two-factor?

Can _____ make the logging _____ our _____ the two-factor _____?

_____ 2FA while logging into _____?

Is it _____ account security?

Would there be _____ of _____ log-in?

_____ it possible _____ two-factor _____ my account?

Is _____ a chance _____ when I _____ in?

It's possible to _____ logging _____.

_____ option _____ another layer of protection _____ authentication.

_____ the user _____ the _____ use _____ when attempting _____ their accounts?

_____ be able to _____ verify _____ account _____.

_____ I _____ security?

_____ added layer of security _____ the use of _____?

_____ users _____ the chance _____ two-factor authorization while _____ their accounts?

_____ is _____ option _____ enable _____ authenticating at _____.

_____ can _____ two-factor security _____ in?

_____ in _____ two-step verification may _____ an _____ safety _____.

_____ it possible to _____ security _____ with _____ access?

_____ to use two-factorAuthentication _____ security account?

_____ process have _____ verification support?
_____ may _____ the option _____ confirmation.
Extra login _____ 2FA _____ found.
Can _____ two _____ when logging _____?
_____ it _____ to _____ two-factor _____ during security measures?
_____ our _____ a dual-authentication?
_____ possible to _____ extra validation step while _____?
_____ to use two-factor authentication for _____ account _____.
There _____ option to enable _____.
_____ the _____ process _____ two-step verification _____?
_____ it safe to _____ with that two-factor _____?
_____ your log-in _____ layer of _____ like two-factor authentication?
_____ I log _____ two _____?
_____ we _____ credentials at _____?
Can we _____ authentication _____ our _____?
Is _____ login available as _____?
_____ it _____ to _____ during login?
_____ we _____ a _____ of security when _____ into _____ accounts?
_____ it _____ safeguard _____ accounts _____ using two-factor verification?
_____ two-factor _____ as added _____ logging _____ accounts?
_____ 2FA _____ accessing our online _____?
Is _____ possible _____ add extra _____ using _____?
Is it _____ to _____ security _____ two-factor authentication _____ you _____?
_____ dual-factor login _____ option?
Does _____ Verification _____ improve _____ process?
There _____ option to _____ two-factor _____ login.
Is _____ possible to _____ with _____ when _____ log in?
_____ possible _____ Authentication for account security.
_____ there a way for _____ secure _____ verification?
Is _____ possible _____ security with _____ authentication?
Is dual-factor _____?
_____ login _____ two-factor option?
_____ it possible _____ two-factor authentication _____?
_____ sign-in protections, _____ 2FA, can _____.
Do _____ have _____ of _____ dual-factor _____?
Users should be _____ use two-factor _____ to access _____.
_____ possible _____ a two-factor _____ option?
_____ it _____ to include _____ verification _____ signing in?
Does your _____ authentication _____ security?
Should we be able _____ two-step verification _____ step?
Is _____ possible to log into _____ accounts _____?
_____ if there _____ to enable two-factor authentication at _____.
_____ there _____ chance _____ dual-authentication activated _____ in?
_____ you offer _____ step _____?
Is it possible _____ add another layer _____ verification _____?
Is _____ possible _____ have _____ when logging into _____?
_____ I use _____ in a _____?
I _____ 2FA is offered _____ account _____.
_____ might _____ able to add another level of protection _____ logging _____.
The _____ verification _____ possible _____ login?

Can ____ allow ____ our online ____?
____ possible to ____ access?
Would it ____ to have account ____ via double ____?
Can ____ like ____ enabled?
____ we use a ____ check ____?
____ it possible to increase ____ with ____ two-factor ____?
Is ____ option?
There is ____ option ____ second ____ of ____ during a ____.
Two-factor auth as ____ accounts is available?
Will ____ be ____ to use ____ verification if ____?
Is it ____ use 2FA ____?
Is it ____ extra ____ using two-factorAuthentication at ____?
Do you ____ dual ____ account ____?
Does ____ two-step verification?
____ could ____ dual-factor login ____.
____ added security while logging ____ to ____.
____ account ____ provide ____ authentication?
____ need ____ know if ____ double measures keep ____ in.
____ chance of ____ validation ____ log-in time ____ enhanced ____ protection?
Can I ____ double-verification system ____?
____ havin' ____ guard while card'in ____?
Is it possible to ____ an ____ layer ____ accreditation?
Adding ____ auth ____ while logging into ____ is ____.
optional two-step ____ added ____ our process.
Do ____ two verification at ____?
Is it ____ the safety ____ the ____ thingamajig?
Is ____ to ____ extra ____ with two-factor ____?
Is there ____ option ____ add another ____ when ____ sign ____?
____ dual-factor login ____ option?
____ we use ____ for ____?
Can ____ system ____ a ____ procedure?
____ authenticating you?
Is it possible ____ include ____ for ____ safety?
Can ____ add more security ____ two-factor ____ at ____?
Can ____ an ____ login step in addition ____?
What ____ second-step ____ protection setup?
____ our ____ support ____ verification ____ logging in with 2FA?
Is ____ improve sign-in ____ like ____?
____ to ____ extra ____ with two-factor authentication upon logging ____?
Is ____ possible to ____ two-factor ____ for more ____?
____ our account login ____ security?
____ you think it would ____ include dual verification ____?
I ____ to know if ____ login ____.
Is ____ authentication at login?
Can I ____ for a ____?
Is ____ to get ____ confirmation?
When ____ access their accounts, ____ users ____ the opportunity ____ two-factor ____?
What ____ being activated upon ____?
____ a two-factor ____ help us log ____?
____ extra security by using ____?

Double _____ log-in time _____ there be a _____ account _____?

Double-verification _____ be used _____ a _____ at sign-ins.

_____ we _____ add _____ of protection when _____ log _____ our accounts?

Is it _____ dual-check at _____?

_____ system _____ be _____ a secure _____ during sign-ins.

_____ our _____ allow for dual-authentication _____?

_____ there a _____ login _____?

Please advise _____ to the _____ our logins _____.

Can _____ system _____ used _____ a secure _____.

Can _____ an _____ like 2FA?

_____ you _____ chance of _____ being activated upon _____ in?

_____ I _____ second-factor _____ whenever I _____?

_____ can be _____ as additional _____ logging _____ accounts.

_____ be _____ when _____ online accounts?

_____ it _____ extend the _____ by offering two-factor accounts _____?

There _____ an _____ to _____ two-factor _____.

_____ it _____ our accounts with _____ use of two-factor _____?

Can we _____ sign-in?

We don't know _____ allow for dual-authentication _____.

Is _____ possible _____ two-factor authentication during the _____.

Can _____ be _____ for _____ when _____?

Can _____ two-factor _____ for enhanced _____?

Is _____ possible _____ use _____ factor _____ security when _____?

Do _____ get a _____ I register _____?

_____ is a _____ be activated _____ logging in.

_____ you able _____ account safety _____ two-factor _____ when logging _____?

Could _____ be possible _____ include _____ verification _____ safety?

Do _____ a _____ verification option _____ account _____?

_____ two factor option _____?

_____ possible to add two-step _____ for _____.

_____ security valid _____ in?

_____ our account have _____?

Is there _____ of _____ account protection _____ at log-in _____?

You _____ extend the _____ by offering _____ account _____.

_____ possible _____ implement security _____ 2FA?

_____ security _____ achieved through _____.

_____ an extra layer of _____ with two-factor verification?

_____ possible _____ security through 2FA?

Is it _____ enable extra security _____ two-factor _____?

_____ you _____ dual verification _____ access?

Is _____ possible to _____ two-factor for _____ when logging _____?

_____ provide _____ when _____ in with 2FA?

_____ security to _____ our accounts?

_____ it _____ have an added layer of _____ two-factor _____ signing in?

Is it _____ add another _____ of _____ with _____?

_____ have two-factor authenticating for added account _____?

When _____ our _____ we _____ two-factor _____?

_____ possible for _____ 2FA when logging into our _____.

The security measures _____ extended _____ offered two-factor _____.

2FA _____ supposed _____ security.

Is _____ any _____ verification _____ access?
_____ adding two factors, right?

Is _____ extra _____ logging with two-factors.

Is _____ have _____ option for _____ login?

Is the _____ enhancing account safety _____ auth _____?

Can _____ identity _____ at sign-in?
_____ have a two-factor authentication _____?
_____ extend security measures by _____ account access?

Is there _____ option _____ two-step verification _____?
_____ a way _____ another layer of _____ a login?
_____ able to secure our _____?
_____ accounts _____ dual-authentication _____ logins?

Is _____ process have _____ verification _____?

Is _____ possible for _____ to _____ 2FA while _____?

Are _____ able _____ our _____ with dual-check _____ sign-in?
_____ account login _____ two-factor authentication?

Is _____ to _____ factorAuthentication when _____ in?
_____ there be _____ chance _____ being _____ logging in?
_____ two-step _____ support _____ login process?
_____ two-factor authentication option?

Is it possible for you _____ safety _____?
_____ it _____ to _____ when logging _____?

Is it possible to include _____ safety _____ in?
_____ it possible to get _____ login step _____?
_____ validation at log-in _____ there be a _____ account _____?

Is 2FA _____ more _____?
_____ to _____ more security by offering _____ account _____?

Is _____ to enable _____ verification upon logging _____?
_____ additional verification with 2FA?

Right, two-step _____ is _____ upon _____?

There _____ option _____ to be _____.

Can double verification be _____ a _____ procedure _____.

Is _____ to _____ an _____ of security _____ using two-factorAuthentication?

Is _____ two-factor _____ option available _____?
_____ possible to improve _____ login _____ by using _____?
_____ you allow _____ to _____ to our _____ dual-factor?

Will we _____ sign _____ for _____ verification?
_____ possible _____ factors _____ sign up for safety.
_____ support more _____ you use 2FA?

Users _____ use _____ authorization _____ attempting to _____ accounts.

Does our _____ when logging in _____ 2FA?
_____ two-factor security for online _____?
_____ 2FA for additional _____?

Does _____ accounts _____ for _____?
_____ to verify our accounts?
_____ there _____ verification included in the _____ process?

Would it _____ possible _____ for heightened _____ safety _____ in?

Two-factor _____ added security while logging into _____

Does _____ account _____ two-factor _____?
_____ can use _____ auth to add security _____.

Is it _____ use _____ to improve _____ ?
_____ it _____ enable 2FA _____ our online accounts.
Will dual-factor _____ available?
_____ be any chance _____ double validation for _____ ?
_____ it _____ add additional _____ by _____ two-factor authenticating?
_____ our _____ verification when using _____ ?
Can _____ use two-factor _____ security?
Can users use _____ authorization _____ to their _____ ?
Is it possible _____ use _____ we _____ our _____ ?
_____ can be activated _____ a _____ procedure.
Is there _____ added _____ by _____ two factor?
_____ additional security like _____ .
_____ our accountlogin _____ ?
_____ sense _____ include _____ verification for _____ account safety?
Users may utilize two-factor _____ when _____ to _____ .
Does our _____ for 2FA?
_____ it possible _____ me _____ log _____ with _____ ?
I would like _____ know if there _____ double _____ at _____ .
Can we _____ form of _____ ?
_____ 2FA _____ for account _____ ?
Is _____ of two-factor authentication _____ security precautions?
_____ dual-authentication _____ allowed _____ our _____ ?
_____ our account _____ ?
_____ two-factor verification?
Can you _____ the _____ our _____ safe with that _____ ?
Is _____ possible to add another _____ of protection _____ my _____ ?
_____ our _____ offer _____ security?
_____ I use 2FA _____ log _____ ?
_____ possible _____ include an _____ validation step _____ signing _____ ?
Do _____ have _____ chance _____ two-factor authorization _____ accessing their _____ ?
_____ we _____ a _____ of verification when logging _____ ?
Is it _____ additional _____ using _____ at sign-in?
Is _____ use two-factor Authentication during _____ login _____ ?
_____ it possible _____ another layer of security _____ authentication?
_____ dual-check secure _____ ?
_____ we enable _____ our online accounts?
_____ it possible to enable extra _____ two-factor _____ in?
Is it possible _____ have _____ when _____ ?
Is there a _____ two-step _____ ?
_____ improve _____ security?
Can _____ add an _____ layer of security _____ account?
Will we _____ able to _____ verification _____ enter?
Is there _____ to _____ our _____ vulnerable through _____ two-factor authentication?
Is it possible to _____ an _____ of _____ with _____ ?
_____ double-verification be _____ a _____ procedure?
_____ it possible to _____ extra protection to our _____ ?
_____ for _____ could be used _____ enhance _____ login process.
_____ our _____ allow _____ ?
_____ it possible _____ our account login _____ authentication?
_____ log-in _____ extra layer _____ like two-factor authentication?

_____ there an _____ two-step verification _____?
 Is _____ a way for us to _____ login?
 _____ it true _____ two-way authenticash _____ me when I _____?
 _____ to _____ two-factorAuthentication for account _____.
 Do _____ get second-factor _____ time _____ in?
 Can we use an _____ 2FA _____ passwords?
 I want _____ know if there is _____ Authentication.
 _____ we have _____ confirmation?
 Is it _____ to safeguard _____ through the use _____?
 Is _____ extra security _____ in with 2FA?
 Do _____ verification _____ account access?
 Does your _____ have _____ add additional security _____ auth?
 Is _____ to _____ 2FA _____ in to our _____?
 Can we _____ for _____ account security when _____?
 _____ it possible to _____ accounts with the _____ two-factor _____?
 _____ security akin to 2FA _____.
 Is there _____ your identity _____ login?
 Could _____ add _____ account _____ the security _____?
 _____ an additional layer of security _____ authentication?
 _____ our _____ when using 2FA?
 _____ we _____ able to _____ verification as _____ precautionary step?
 Is _____ use _____ authentication?
 _____ account allow more verification _____?
 _____ us to use 2FA _____ another level _____ protection?
 I _____ to _____ if there _____ a _____ during _____.
 _____ verify possible upon _____?
 Should _____ be _____ to use _____ upon _____?
 Can _____ two-factor _____ better _____?
 _____ we _____ to get additional identification from _____?
 _____ there a choice _____ dual-factor _____?
 _____ account login _____ security?
 _____ like _____ know if _____ a _____ to enable _____ security.
 _____ Two-step verification _____ for _____ login _____?
 _____ verification _____ able to improve our _____ process _____.
 Is it _____ that _____ double measures keep _____?
 Is _____ safety _____ available _____ such as 2FA?
 _____ security _____ 2FA?
 Does _____ log-in _____ have _____ extra layer of _____?
 _____ there a _____ to _____ with the _____ of two-factor _____?
 _____ account security?
 Two-factor _____ can be used _____.
 Do I have second-factor guard _____?
 _____ to implement two-factor _____ enhanced _____?
 It _____ to extend _____ security measures _____ two-factor account _____.
 Can we also use _____ extra _____?
 _____ an _____ to allow _____ authentication at _____?
 Is _____ to protect our _____ two-factor Authentication?
 _____ use the two-factor _____?
 Is _____ possible _____ we log into _____ accounts?
 Does _____ platform allow _____ login _____ extra _____?

_____ there _____ two-factor Authentication _____ login?
_____ 2FA _____ after logging in?
_____ login protection setup?
Have _____ accounts _____ dual-authentication?
_____ we use two-factor _____ enhance _____?
_____ extra login _____ 2FA possible?
_____ dual-check _____ to secure our _____?
_____ there _____ additional _____ measures _____ 2FA?
_____ would _____ to know if _____ for two-factor login.
_____ possible for us _____ 2FA when logging _____?
_____ our account allow _____ more _____ logging in _____?
_____ it possible to include _____ dual _____ in?
_____ two-factor _____ available during _____?
optional two-step verification _____ added _____ is _____ we could _____ process _____.
_____ our _____ dual-authentications?
Is _____ possible to improve the _____ Two-Step _____?
Will _____ be possible _____ add two-step _____ step?
Is _____ login _____?
Can _____ add _____ when _____ in?
_____ 2FA _____ accessing _____ online accounts?
_____ there a feature _____ enhanced _____ through _____ auth _____?
Are _____ compatible _____ dual-authentication?
Two-step _____ be _____ account login?
Do _____ have a _____ option _____?
Is it _____ layer of security _____ two-factorAuthentication?
When _____ to access _____ are _____ given _____ use two-factor authorization?
Can _____ use _____ verification _____ added _____?
Can _____ like 2FA _____ passwords?
_____ your _____ two-factor login _____ security?
Does our _____ more _____ 2FA?
_____ there _____ chance to increase account _____ validation _____ log-in time?
Do I _____ to use _____ as _____ procedure?
_____ possible to _____ added security?
_____ allow dual-authentication?
_____ it _____ to better _____ our _____ the use of _____?
Is it possible _____ security _____ implementing two-step _____?
Is _____ a way _____ safeguard _____ two-factor _____ at login?
The option _____ our _____ 2FA _____ available.
Does your _____ for _____ security?
_____ possible to allow _____ we _____ our online _____?
Can _____ add _____ security _____ using _____?
Two-factor _____ be used _____ in
_____ to improve sign-in _____ 2FA?
_____ it _____ add _____ verification _____ added security _____ our _____ process?
_____ advise, _____ is a _____ to _____ our logins _____.
Is it _____ to _____ extra _____ two-factor _____?
Is _____ a _____ login _____ like _____?
Is it _____ to _____ layer _____ security, such _____ authentication?
Is _____ feature that enhances _____ through _____ logging in?
Can we _____ cards _____ enhanced _____?

Is it ____ to ____ ?

Is ____ possible ____ a ____ verification for ____ account ____?

Is ____ a two-factor ____ the ____?

____ a way to ____ our ____ more ____ with ____ authentication?

Is ____ use two-factor ____ to log ____ accounts?

____ you ____ you ____ logging in?

Is ____ possible to have an added layer ____ ?

____ it ____ to ____ an extra ____ by using ____ Authentication?

____ with ____ at sign-in?

Two-step ____ a safety ____ that ____ be enabled ____ in.

Is ____ possible ____ authentication during ____?

Is ____ platform ____ security ____ login?

Can we ____ dual-check ____?

____ guard whenever I log in, ____ not?

____ account ____ include two-factor ____?

____ verification support can be included ____.

Can ____ as ____ secure procedure?

____ you offer dual ____ access?

____ it possible to ____ confirmation?

____ sign-in ____ like ____ be enabled.

____ add extra ____ 2FA?

Can we ____ two-factor for ____?

When ____ in, ____ we ____?

Is ____ second-step ____ protection setup.

____ to my ____ with two-factor?

____ it possible to ____ security ____ by ____ two-factorAuthentication?

Is ____ to ____ during login?

____ possible to add ____ extra login ____ 2FA?

If you ____ two-factor account access, ____ you ____?

____ may ____ access their accounts.

Is it ____ to ____ protect ____ with ____ use of ____?

____ added security ____ a possibility.

We don't know ____ two-factor authentication.

Is there ____ verification for more security?

____ 2FA intended to ____?

Is there a second-factor ____ I log ____?

Is there ____ way ____ accounts with ____ Authentication?

____ two-factor ____ is up for ____?

____ use ____ security at ____?

____ you have any chance ____ activated ____ you log ____?

____ it possible ____ additional ____ of ____ by using two-factor?

Is there a way ____ protect ____ with ____ authentication ____?

Does 2FA enable ____ our ____?

Is ____ possible to add ____.

____ is ____ to enhance ____.

____ you ____ dual ____ for account ____?

____ possible ____ use ____ when ____ in?

Do we have the ____?

____ to know ____ there is ____ to ____ layer ____ protection duringlogin.

Is there ____ double validation ____?
