

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Internet connection troubleshooting
Inquiry Sub-Category	Virus/Malware/Spyware Issues
Description	Customers experience computer problems, slow performance, or unexpected pop-ups, seeking assistance in diagnosing and removing viruses, malware, or spyware that may be affecting their internet connection.
Data Size	11,633 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

_____ for hackers _____ our devices through these types of attacks, leading us _____?

Can _____ vulnerable by controlling _____?

_____ bad guys _____ devices, making _____ less safe?

_____ our _____ be remotely controlled _____?

Is there a _____ running our _____?

Is _____ a chance _____ can gain _____ access _____ devices?

Is _____ control of our systems going to _____?

Can _____ bad _____ from messing with _____ all and hijacking _____?

Is _____ possible _____ to exercise remote _____ in _____?

Is _____ possible _____ remote _____ could _____ security risks?

_____ vulnerable _____ more security risks _____ can access our device _____?

_____ it feasible _____ a _____ to _____ our _____?

Is _____ possible _____ take over _____ devices via these _____ of _____?

_____ is possible _____ these attacks _____ allow hacker control _____.

_____ control a serious _____?

If _____ gain _____ device _____ we might _____ exposed _____ risks.

If _____ can control our devices through _____ exposed to _____?

_____ it that _____ will use _____ to take over our gadgets _____ put _____ at risk?

_____ it _____ to remotely govern _____ devices?

Is it possible that _____ be hacked, _____ at _____ risk?

_____ possible that digital attackers _____ function _____ increase the _____?

Could remote _____ attacks make _____?

_____ can access our device settings, will _____ to more _____?

People _____ remotely and _____ security.

Is _____ likely that _____ access _____ our devices?

_____ people ruin _____ security by _____?

_____ data at _____ of possible remote manipulation _____?

Is there a possibility that our _____ compromised _____ our _____ at _____?

_____ remote control attacks _____.

_____ it _____ that criminals _____ devices, increasing _____ security _____?

Is _____ possible _____ hacker _____ take _____ of _____ devices.

Possible that hackers taking _____.

_____ is at risk because _____ possible _____ by _____?

_____ hackers can _____ are we _____ risk _____ security problems?

_____ hackers have the _____ our _____?

Is it possible for _____ over our _____ via _____ attacks?

_____ it _____ hackers _____ use remote _____ during attacks.

Would _____ be _____ hackers to remotely _____ our _____?

_____ it possible for hackers _____ control _____ devices, _____ even more _____?

Do they _____ to remotely control _____ and _____ risks?

_____ might _____ risks _____ the _____ of _____ remotely manipulating _____ devices.

_____ devices _____ like this by _____?

_____ criminals _____ take over my devices?

Data _____ at risk _____ possible _____ by hackers

_____ it _____ for _____ take over _____ devices and make _____?

Can _____ hacker _____ control _____ devices _____ these types _____ attacks _____?

_____ it _____ for _____ to get remote access to _____ attacks?

_____ device manipulation feasible _____ kind _____?

Can digital attackers _____ increase risk by _____ these _____?

Do _____ attacks allow _____ to hack into _____?

Does _____ remote hijacking?

Will _____ into added _____ threats?

_____ able to gain remote _____ exploiting _____ exploits?

_____ possible _____ hackers will _____ devices and create _____ risks?

_____ use _____ exploits to gain _____?

Do these attacks give the _____ control _____ a distance?

_____ possible _____ can _____ our devices to make _____ less safe?

Is it _____ our _____ could be _____ by hackers _____ order _____ security at _____?

Is remote _____ doable _____?

_____ know _____ these _____ will allow them _____ control _____ or _____ greater security _____.

_____ hackers _____ remote device _____ we be exposed to _____?

It is _____ if _____ by hackers _____.

_____ it possible _____ remotely _____ devices _____ these types of attacks?

Is _____ possible that _____ of _____ devices and put _____ at _____?

_____ risks are raised when _____ exercise _____.

_____ these _____ hackers the power _____ our devices?

Is _____ a hacker _____ gain _____ to our device?

_____ them to control _____ device and make _____ more _____ security threats?

Can _____ control of our _____?

Is it a _____ let a _____ mess _____ devices _____ afar, _____ door for _____ problems?

Can hackers _____ the _____?

_____ it possible for hackers to _____ access _____ devices _____ attacks?

Do these types _____ attacks _____ devices?

Is _____ device control _____?

_____ hackers really _____ our _____ us at _____?

Is our _____ if hackers _____ really _____ our _____?

_____ these attacks allow _____ control over _____ systems, putting _____?

Are _____ able _____ cause _____ security threats _____ our devices?

_____ attackers have the _____ to _____ into device _____ through _____ assault?
 _____ a possibility that _____ use these exploits _____ gain _____.
 _____ could be remote _____ attacks _____ endanger _____.
 Can _____ stop the _____ from messing _____ by _____ our devices?
 Would _____ be able _____ our _____?
 How likely _____ a _____ take over _____ and _____ us in harm's _____?
 Data _____ be _____ risk because of _____.
 _____ take _____ of our _____?
 _____ dangerous for hackers to control things _____?
 Through hacking _____ may _____ become a _____?
 _____ be _____ remotely take control of _____ devices?
 Is _____ will _____ over our devices and _____ us less _____?
 Is it _____ to _____ over our devices in _____?
 _____ this type _____ attack _____ hijacking?
 _____ control of _____ devices and make them _____?
 Are they _____ controlling _____ machines?
 _____ it _____ these attacks _____ control by hackers?
 How likely _____ it _____ will _____ over our _____ us _____ in danger _____ the line?
 Is it possible that we _____ to more risks _____ attackers _____?
 Could remote access _____ devices _____ more _____?
 Are _____ to hacking _____ security concerns?
 _____ attackers _____ and make us vulnerable?
 Possibilities are _____ hackers taking _____ control _____.
 _____ they _____ ability to remotely control our _____ more _____ threats?
 Is _____ of hacker _____ running our _____?
 Can digital _____ function and _____ risk?
 Could remote _____ our devices' _____?
 How likely is it _____ will _____ able _____ take over _____ put _____ risk?
 _____ it _____ for _____ remotely _____ our devices and _____ security at risk?
 _____ we be _____ security _____ if attackers _____ compromise our device _____?
 Can _____ to the hacking of our devices, _____ to _____ risks?
 Possible, hackers _____ control leads _____.
 Can _____ control our _____ knowing?
 Is _____ hacker going _____ our devices _____ security risks?
 Is _____ of attackers remotely _____ our _____?
 Is it possible for malicious _____ of our _____ with _____?
 Is _____ attack going to _____ us to further _____ risks due to _____ into _____?
 _____ are risks if hackers _____.
 Do _____ hackers to _____ access to our _____?
 Is _____ possible _____ devices could _____ compromised _____ hackers, putting _____ at additional _____?
 Is remote _____ available _____?
 Is _____ a risk _____ let _____ hacker mess _____ from afar, _____ door for _____ problems?
 Could _____ allow _____ control of _____?
 Can _____ really _____ control of our _____ us less _____?
 Is it _____ attackers could remotely _____ devices _____ raise _____?
 _____ that _____ could _____ the exploits to gain _____.
 Is _____ manipulation likely _____ more _____?
 _____ associated with _____ taking _____ control.
 _____ doable by _____?
 Do _____ allow _____ to control _____ a distance?

Our devices _____ taken _____ by _____ us less safe.

Do attackers _____ ability to _____ of techniques _____?

Data _____ risk if _____ manipulation _____ hackers is _____.

Can the _____ take control of _____ devices _____ put _____?

_____ about _____ controlling things while not _____ us?

_____ be used to take _____ of our _____ making _____?

_____ it _____ attackers could take _____?

Is it _____ a _____ to _____ control _____ our _____ make them _____?

Can _____ effectively take _____ gadgets _____ kind of attack _____ put us _____?

_____ these type of attacks _____ to _____ to our _____?

Is _____ attackers will be _____ compromise our device _____?

Is it _____ that _____ attacks _____ them to _____ my _____ cause _____ security _____?

Can _____ attacks _____ to _____ my _____ also sparking _____ threats?

_____ it _____ hackers to take _____ our _____ this kind of _____ put us _____ danger?

_____ capable _____ remote controlling our _____?

_____ remote device _____ potentially bad _____?

Can hackers _____ devices and cause _____?

_____ remote manipulation lead to _____?

_____ it _____ that hackers will _____ over our _____ and _____ us in _____?

_____ attacks _____ to remote _____ hackers.

_____ the _____ our devices?

_____ device manipulation feasible _____ increase security _____?

Is it _____ that attackers _____ take _____ gadgets via _____?

Is it _____ for hackers to control _____ devices _____ of _____?

Bad _____ can take over our _____ safe.

_____ bad guys _____ over _____ make us _____ safe.

_____ possible _____ take over gadgets via _____ assaults?

_____ gain remote _____ to exploit _____ devices

Is it _____ that _____ will pose a _____ threat _____?

Could _____ remotely _____ these attacks?

If attackers _____ our _____ settings, _____ we be _____ risk _____ more _____ dangers?

_____ it _____ we can have _____ control _____ devices?

_____ be _____ for _____ to remotely manipulate our _____.

It's _____ hackers taking remote _____ lead _____.

Can _____ take _____ devices _____ afar?

_____ attacks _____ hackers the _____ our _____ from a distance.

_____ you stop _____ people _____ devices to _____ with _____ all?

How likely _____ it for hackers _____ take _____ our _____ jeopardy?

_____ you _____ bad _____ from _____ us _____ hijacking our devices?

Can our _____ through such _____?

Bad _____ our devices will make _____ safe.

_____ type _____ for remote hijackings?

_____ ok for _____ allow _____ to control _____ and _____ more security threats?

_____ to remotely _____ devices, _____ would enhance our _____ risks?

_____ allow hacker control of _____?

_____ hackers take control of our _____?

_____ a _____ remote _____ our devices through a _____ threat?

_____ types of attacks result _____ hackers _____ to _____ control _____ devices?

Is it possible _____ over our _____?

Could _____ attacks allow hacker _____ of _____ risk for cybersecurity issues?

Is it ____ that they can ____ control ____ thereby ____ risks?
 ____ a hacker ____ us ____ by controlling our ____?

Is there a risk ____ remotely manipulating ____?
 ____ might be ____ exploit ____ remotely.
 ____ it possible that these attacks ____ malicious individuals ____ access ____?

Could ____ access attacks ____ vulnerable ____ security threats?
 Can ____ take ____ our devices ____ put ____ risk?
 ____ it ____ for a hacker ____ remotely ____ devices?

It's ____ to ____ guys to ____ with ____ devices from afar, opening ____ door for ____.

____ these kind of ____ allow ____ our devices?

Do these ____ allow ____ control our devices from ____ exposing us ____ bigger ____ risks?
 Is remote ____ control a ____?

Can ____ hijack ____ devices ____ these ____?

Can these ____ attacks ____ controlling ____ and exposing us to greater ____?

Can ____ types of attacks lead to ____ to more ____ risks?

Can these ____ of ____ result ____ hackers controlling ____ devices ____ exposing ____ security ____?

Can ____ take ____ making them less safe?
 ____ attackers be ____ to compromise ____ settings ____ they are able to ____?
 ____ these ____ hackers ____ power ____ over our devices, ____ to ____ security risks?

Hackers could potentially ____ access ____ exploit ____ in ____.

____ possible for ____ to ____ our devices, endangering our ____?

____ think it's a ____ to ____ mess ____ our devices from afar?
 ____ these ____ enable ____ manipulate our ____?

If ____ hack ____ we be vulnerable ____ further security risks?
 ____ be enhanced if attackers use these ____ access.
 ____ digital attackers ____ function and ____ risk ____ using these ____ attacks?
 ____ we be exposed ____ more risks if ____ remote ____?

Will ____ be ____ to more security ____ compromise our ____ settings?
 ____ they remotely ____ devices and ____ security threats?
 ____ it possible ____ could be used ____ attacks?

Do ____ attacks ____ alter ____ devices?

Do ____ attacks ____ attackers ____ to control ____ devices ____ a distance, ____ to bigger security ____?

Can hackers remotely ____ our devices and ____?
 ____ they ____ the ____ controlling our devices?

Might our ____ be ____ these ____?

It is ____ hackers taking ____ lead ____ risks.

It is ____ that ____ to more risks ____ hackers gain ____ device.
 ____ it possible ____ these attacks ____ hacker control over ____?
 ____ possible ____ hacker control ____ our ____ will put ____ greater risk ____ cyber ____?

Is ____ our devices ____ hackers, which ____ put ____ security at risk?
 ____ remote controls ____ by ____?
 ____ these types ____ to get to ____ devices?

Can ____ attacks ____ controlling our devices and exposing ____ risks?

Is ____ a risk ____ hacking ____ our ____ and ____ concerns?
 ____ we ____ to ____ security ____ if attackers are able ____ compromise ____ device ____?
 ____ there ____ that our devices could ____ compromised by ____ our ____ jeopardy?

Would ____ for a hacker to ____ manipulate ____?
 ____ type of attack ____ to greater ____ of unauthorized hacking ____ devices?

Data ____ at ____ to possible ____ manipulation by ____.
 ____ manipulation be ____ security threat?

Is _____ possible _____ hackers to remotely _____ our devices _____?

Could remote _____ by hackers to heighten security _____?

Is there _____ chance _____ remotely run _____ and raise _____ concerns?

_____ possible _____ over our _____ making us less safe?

Is _____ hackers can _____ control _____?

Is _____ that _____ our security remotely.

Are they _____ to _____ security threats _____?

_____ possible remote _____ by hackers _____ at _____.

_____ you _____ the _____ people from messing _____ and _____ our _____?

Are they able to _____ own?

Is _____ chance of _____ hacker _____ running our _____.

Could _____ attacks _____ control?

Is it possible that _____ our _____ security problems?

_____ attackers _____ our _____ will we be vulnerable to _____ security _____?

Through _____ remote manipulation turned into _____ threats?

Can a _____ gain remote _____ our devices _____?

_____ wonder _____ manipulation _____ hackers _____ feasible in these _____.

Can _____ remote control of _____ devices _____ us to _____ risks?

Maybe _____ taking remote _____ to _____?

_____ the attacks result _____ hackers _____ and _____ to more _____ risks?

_____ it _____ attackers manipulate _____ devices through _____ hacks?

_____ guys take over _____ make us less _____?

_____ you _____ that _____ security threat if they _____ access _____ our devices?

_____ really _____ control of our _____?

Do _____ to change _____ devices?

It is possible _____ hackers taking remote _____.

Can these _____ let them _____ device, sparking _____ security _____ am I _____?

_____ people _____ and _____ up security?

Is it possible _____ to be _____ these _____ of _____?

_____ is it that _____ to _____ over our _____ through this kind _____ attack and _____ us _____ danger?

_____ devices might _____ to _____ because of _____ access attacks.

Is it possible _____ these _____ facilitate hacker _____ over our _____ greater _____?

Do these attacks allow the hacker _____ a _____ to bigger security _____?

Could remote device control be used _____ hackers _____?

Is it possible _____ devices _____ penetrated _____ security at further risk?

Is _____ hackers _____ remotely control our _____ using _____ types _____ attacks?

_____ people _____ to hack _____ and _____ up our _____?

Is it possible that _____ take _____?

Does these attacks _____ possible _____ to _____ devices?

_____ these _____ to hackers controlling our devices _____ exposing us _____ security _____?

If _____ control _____ the _____ be exposed to _____ risks?

_____ it _____ that _____ will _____ exposed to more _____ gain remote device _____?

Can _____ attacks _____ to remotely _____ our _____ and _____ to more _____ risks?

_____ the _____ make it _____ for _____ control of _____ devices?

Is it _____ that these _____ of _____ lead _____ remotely _____ devices?

_____ is possible _____ taking _____ lead to risks.

_____ it _____ for attackers to take over _____ and _____ greater _____?

_____ it _____ that _____ remotely _____ our devices.

_____ attackers remotely _____ techniques _____ systems?

_____ allow hackers to _____ control of _____ device?

Is _____ for someone _____ control _____ our devices?
 _____ bad _____ take over our _____ us less safe?

Would _____ for a hacker _____ remotely manipulate _____?
 _____ of attacks cause hackers _____ control our devices _____ more security _____?

Do _____ attacks _____ hackers _____ ability _____ devices from a _____ exposing _____ to _____ serious security _____?
 _____ likely _____ that a hacker _____ take over our _____ and _____ us _____?
 _____ it possible that a hacker could _____ control _____ security risks?

Is _____ possible for _____ over _____ devices remotely?
 _____ is it that _____ to take over our gadgets _____ cause us _____?
 _____ it possible for _____ remotely manipulate _____ more security issues?
 _____ posing _____ threats because they enable _____ control.
 _____ the remote _____ feasible _____?

Do you think there's _____ hackers remotely _____?
 _____ it doable _____ attackers to take _____ such assaults?

If _____ gain remote device _____ could _____ more risks.
 _____ endanger us by _____ our _____?

Can _____ exploits _____ get remote _____?

Is these _____ a way _____ individuals _____ access _____ devices?
 _____ bad guys _____ over _____ and make us _____?
 _____ these _____ attacks allow _____ to gain access _____?

Is it _____ that remote _____ our devices _____ more security _____?
 _____ these attacks _____ it _____ hackers _____ control security?
 _____ likely is it _____ find a _____ take over our gadgets _____ in danger?

Is _____ remotely manipulate our _____ putting our security _____ risk?
 _____ it possible for attackers to _____ through _____ assaults?
 _____ attackers _____ able _____ exploit these _____?

Can bad guys take over our _____?
 _____ for hacker to remotely manipulate our _____ types of _____ security at risk?
 _____ that our _____ be _____ by hackers, _____ putting _____ at greater risk?

It is possible for _____ remotely _____ our devices _____ of _____.
 _____ attackers _____ take _____ devices with these attacks?

There are _____ could be _____ remote device _____.
 _____ these attacks _____ control my devices _____ to more risk?
 _____ these attacks give _____ the _____ to _____ from a _____ to _____ security risks?

Can the attacks allow _____ device and cause _____?

How likely _____ it _____ hacker _____ through this _____ of attack _____ us in danger?

Can attackers gain _____ access _____?
 _____ bad _____ possibly take over _____ devices and _____ safe?
 _____ hacker can control _____ devices remotely?
 _____ possible _____ attackers to take over _____ putting _____ in greater _____?

Was _____ type of _____ facilitate remote _____?
 _____ a _____ hackers taking _____ control _____ to risks.

Do _____ to _____ remote control?
 _____ these attacks _____ ability _____ gain _____ to our devices?
 _____ it _____ hackers _____ our devices _____?
 _____ this type of attack expose us _____ security _____ hacking into _____?
 _____ these _____ allow _____ control _____ more threats?

Do these _____ easy access to _____ endanger our _____?
 _____ attacks be _____ to take _____ of our _____ and make _____?

Do these _____ hackers to _____ and _____ us?

____ is ____ that ____ attacks will ____ malicious ____ to manipulate ____ ____ .
 ____ device manipulation ____ ____ that affect ____ ?
 ____ possible remote manipulation could ____ into ____ security ____ ?
 Are our ____ like ____ controlled ____ ?
 It's ____ attackers ____ control our ____ from ____ away.
 Is remote manipulation ____ more ____ ?
 ____ it possible that a hacker ____ run our devices ____ ____ ?
 ____ possible that ____ pose ____ security ____ by ____ remote access to our ____ ?
 ____ we ____ hacker remotely operate ____ ?
 Do these ____ of ____ hackers to ____ control ____ devices?
 Is ____ possible that ____ control ____ and enhance ____ risks?
 ____ attacks allow hackers ____ to ____ ?
 Is ____ possible ____ could be compromised ____ hackers, putting ____ in ____ ?
 If hackers can control our ____ these ____ we ____ ?
 If ____ are able to ____ our ____ exposed ____ security dangers?
 ____ these attacks ____ to enable ____ ?
 ____ this ____ facilitating hijacking ____ hackers?
 ____ manipulation a ____ threat ____ incidents?
 Can ____ really control ____ devices, putting us ____ ?
 ____ bad guys take over ____ devices, ____ be less ____ ?
 Is it ____ hackers ____ get control of ____ devices through ____ ?
 If hackers ____ our devices through attacks, ____ exposed ____ risks?
 Is ____ a hacker ____ remotely ____ our devices?
 Is ____ we could ____ exposed to ____ risks ____ gain remote ____ ?
 ____ this type ____ attack expose ____ to ____ security ____ into our device?
 ____ we going ____ get more security ____ darn ____ are going ____ devices?
 ____ these ____ allow ____ to ____ the security?
 ____ these attacks give hackers ____ ability ____ take ____ ?
 Is it ____ attackers ____ over ____ gadgets ____ such assaults?
 ____ hackers ____ control our ____ and make ____ ?
 If hackers can control our devices ____ attacks, ____ greater ____ ?
 Is ____ for ____ to take over ____ gadgets, ____ us ____ greater ____ ?
 ____ the ____ compromise ____ security through ____ sort of assault?
 Is ____ a hacker to ____ our ____ through these kinds ____ ?
 ____ hacker pose ____ security ____ by gaining remote ____ devices?
 Could ____ remote ____ control?
 ____ may make it ____ for ____ to ____ devices.
 ____ attackers can ____ compromise ____ device ____ we be vulnerable to ____ ?
 Does ____ make us less ____ bad ____ take over ____ ?
 ____ they ____ control ____ devices ____ increase our security ____ ?
 Would it ____ to ____ manipulate devices?
 ____ attacks ____ control ____ our systems?
 Is it ____ that ____ control ____ could put ____ risk?
 ____ more ____ because they enable remote control ____ .
 ____ hackers really ____ over our devices, ____ higher ____ ?
 Is it ____ hackers are remotely ____ raising ____ concerns?
 If ____ gain ____ might we be in ____ ?
 ____ it ____ that our ____ could ____ compromised ____ hacker ____ putting ____ security at ____ ?
 Can ____ exploit these ____ attacks ____ compromise device function ____ increase ____ ?
 Can ____ attackers really ____ our devices ____ ?

Is _____ taking _____ devices _____?

Is _____ likely that attackers _____ be _____ gain _____ to _____ devices?

_____ that _____ to _____ our _____ and bring in more _____?

_____ they have _____ over our devices?

Is it _____ hackers _____ our _____?

_____ security _____ jeopardized _____ remote control.

Can a _____ our _____ a distance?

_____ can _____ stop _____ people _____ messing with us all by _____?

Is it _____ for hackers to _____ our _____?

May _____ into additional _____ threats?

Can these _____ of attacks _____ hackers _____ remotely _____ expose us _____ more security _____?

There may be _____ security _____.

_____ the remote controls of our devices.

Is _____ for _____ to _____ our devices _____ us to _____ vulnerable?

_____ dangerous to let _____ stuff from afar?

Do _____ ability _____ device security through _____ type of _____?

Can _____ our _____?

Is it possible _____ remotely operate _____ device?

Is _____ that hackers _____ our _____ putting us at even _____?

Is it possible _____ device _____ to _____ risks?

Can you help stop the _____ messing with us _____?

_____ that attackers might use _____ exploits to _____ access?

_____ someone could _____ over _____ devices?

_____ it _____ hackers to remotely change our _____?

Data _____ at _____ because of _____ manipulation.

What _____ attacks enable remote _____?

Is _____ a _____ consequence?

_____ gain _____ to exploit _____ devices?

Do these _____ hackers an _____ to _____ control of _____?

_____ types of _____ lead to hackers _____ exposing us _____ more _____ risks?

_____ a _____ in the _____ of hackers _____ devices?

_____ a risk of _____ our devices _____ raising _____?

_____ devices able _____ be _____ by _____?

_____ the ability _____ remotely compromise _____ device settings?

Is it _____ that _____ threat by gaining _____ access?

_____ hackers gain _____ device control, could we be _____?

_____ some of these attacks?

If _____ remote device control, could _____ exposed _____ more _____?

Could _____ into more _____ threats?

Is it feasible _____ attackers _____ through hacks?

_____ likely _____ type of attack?

_____ chance that our devices _____ be _____ by _____ putting _____ security _____ jeopardy?

Is it possible _____ hackers _____ our _____?

Can _____ manipulate _____ devices _____ hacks?

Is there _____ of _____ our devices.

Is it _____ to more risks if _____ gain _____ device _____?

_____ data could be _____ risk _____ remote manipulation.

The attacks _____ to enable _____ control _____ hackers.

_____ use _____ exploits to _____ remote access?

What _____ remote _____ into security _____?

_____ possible _____ bad guys _____ take over devices _____ make _____ safe?
 _____ remote _____ of _____ doable by _____?
 _____ attacks allow them _____ control _____ device, _____ security _____ or are I _____?
 Could _____ access to remote _____ attacks?
 _____ it possible _____ remotely _____ our devices _____ raise security _____.
 _____ be _____ remotely control our devices _____ security risks.
 Is _____ for someone _____ through _____ of attacks, putting our security at risk?
 Is it possible _____ to _____ devices _____ us in danger?
 Are they _____ security threats _____ the hacking _____ devices?
 If hackers gain _____ device _____ be exposed to _____.
 _____ attackers _____ to alter the security _____ the _____?
 Do _____ allow hackers _____ remotely _____ exposing me to more _____?
 _____ attackers be _____ compromise our settings _____ they _____ to _____ do _____?
 _____ there a risk that these attacks _____ to _____ our _____?
 Does this type _____ a remote _____?
 May _____ into security threats due _____ incidents?
 _____ manipulate _____ devices from _____ distance?
 Can a _____ take _____ our _____?
 Could _____ access to _____ using _____ techniques?
 _____ device manipulation _____ possible _____ these _____.
 We don't know _____ a _____ hackers remotely running _____.
 Can a _____ take over our _____ attack _____ put us in _____?
 _____ possible that _____ attacks will allow them to _____ my _____ and _____?
 _____ data be at risk _____ possible _____ manipulation _____?
 Can _____ stop _____ us all by hijacking our _____?
 Is it possible _____ we can be exposed _____ hackers _____ device _____?
 Can _____ devices _____ in such _____?
 _____ it _____ that attackers would _____ exploits _____ remote access?
 Can _____ types of _____ to _____ controlling _____ devices, exposing us _____ risks?
 _____ be _____ to more security _____ if _____ compromise our _____ settings.
 Do _____ the manipulation of _____?
 If _____ are able _____ our _____ are we _____ security threats?
 _____ device _____ a potential _____ too?
 _____ it _____ possible for _____ control _____ devices, are _____ exposed _____ greater _____ dangers?
 Is it _____ that we _____ to more _____ if hackers _____ control?
 I _____ these _____ allow hackers _____ control _____ devices.
 Can _____ control our devices, _____ greater _____?
 Can _____ devices and _____ them vulnerable?
 _____ it possible _____ hacker control _____ our systems?
 _____ they _____ threats through hacks?
 Can _____ devices be remotely _____?
 _____ into _____ have _____ expose us to additional security risks?
 If attackers _____ our device settings, _____ we _____ to further _____?
 How _____ is it _____ hackers to take _____ our _____?
 Is _____ possible that _____ turned into _____?
 _____ attackers can _____ compromise _____ device _____ we _____ vulnerable to further _____?
 Can _____ control _____ devices?
 _____ for hackers to _____ access _____ devices and pose a security _____?
 _____ it _____ for attackers to _____ our devices _____?
 Will hackers be _____ of our _____?

_____ our _____ remotely _____ with such _____?
 Are attackers able _____ over _____ and _____ vulnerable?
 _____ have _____ ability _____ device security _____ this _____ of assault?
 Is _____ attacks _____ allow malicious individuals to _____ our devices?
 _____ digital attackers _____ increasing risk be done?
 Is this _____ attack _____ remote _____?
 Is it _____ to _____ our _____ put us at _____?
 Do hackers _____ ability _____ our devices _____ us?
 Can _____ hacker _____ over _____?
 _____ wonder _____ these attacks _____ enable _____ control by _____.
 _____ these attacks _____ hackers control _____ our _____ to bigger _____ risks?
 _____ possible _____ allow _____ to control my devices?
 _____ attacks _____ to control my device, sparking more _____ threats _____ I safe _____ this _____?
 Is it possible _____ manipulate _____ using hacks?
 _____ possible that these attacks _____ hacker _____ of _____?
 Can _____ be turned into _____?
 _____ can _____ risk with _____ manipulation.
 Do these attacks make _____ easier _____ hackers to _____?
 Is _____ manipulation _____ to _____?
 Can remote _____ be _____ in attacks to _____?
 Is it possible _____ an _____ take _____ devices and _____ us _____?
 Is _____ manipulation _____ feasible?
 _____ is a _____ hackers taking _____.
 Is it _____ that we _____ remotely running _____?
 Is it _____ to _____ hackers _____ our _____ far _____?
 _____ give hackers the ability to _____ from _____ distance, exposing us to _____?
 _____ hackers _____ over our _____ from _____?
 Can _____ control _____ devices to enhance our _____?
 It _____ possible that _____ will _____ to more _____ if hackers gain _____.
 Can _____ attacks _____ them _____ my _____ sparking more security _____?
 _____ data might _____ at risk due _____ remote _____.
 Isn't it _____ allow a hacker to _____ with _____ from _____ the door _____ more security _____?
 Is it _____ hacker _____ devices and _____ security concerns?
 Is _____ of _____ devices could expose us to _____ risks?
 Could these _____ used _____ into _____?
 Can _____ use _____ attacks _____ our _____?
 _____ hack _____ mess up _____ security?
 _____ control _____ our systems _____ us at greater _____?
 May _____ become security threats due _____?
 _____ unauthorized _____ into _____ devices _____ us to _____ security _____?
 _____ are attacks _____ allow hackers _____ remotely _____ my _____.
 It's _____ enable remote _____ by hackers.
 _____ hackers _____ remote device _____ will _____ exposed _____ more risks?
 Can hackers _____?
 Do _____ the ability _____ device security _____ of attack?
 Could _____ gain remote _____ to _____ weaknesses _____ devices?
 Are _____ to _____ our devices _____ enhance our security _____?
 Is _____ for attackers _____ these _____ of techniques remotely on _____?
 With these _____ can hackers _____ control _____ our _____?
 Are the _____ allowing _____ to _____ control my _____ expose _____ to _____?

_____ possible for _____ control our devices and _____ our _____ at _____?

_____ attackers _____ techniques remotely _____ systems

Can this _____ attack _____ more security _____ because _____ unauthorized _____ into _____ devices?

Can the _____ allow them to _____ device, _____ greater _____ threats, _____ am _____?

_____ possible _____ the _____ malicious individuals to control _____ devices?

Is _____ for attackers _____ over _____ without _____ knowing it?

_____ this type _____ attack _____ additional security _____ because _____ hacking into devices?

Do _____ types of _____ allow _____ of our devices _____?

_____ attacks _____ them to _____ my device, _____ I in _____?

Could hackers exercise _____ during _____?

How likely is it that _____ be _____ to _____ over _____ this kind _____?

_____ likely is _____ that _____ hacker _____ be _____ to _____ devices and put us in _____?

Is _____ manipulation _____ security _____?

_____ the _____ our devices?

_____ turned _____ threats through hacking?

Are _____ able _____ remotely _____ our _____ and _____ more _____ threats?

Does _____ of _____ allow for _____?

Is it _____ can affect device function and _____?

Is _____ manipulation _____ as a result _____?

_____ for attackers _____ gain _____ our devices through these attacks?

Is _____ likely _____ remote _____ our _____ will pose _____ threat?

Can we _____ control of _____ devices _____?

If hackers _____ control our devices _____ are _____ exposed _____ more _____?

_____ remote control of _____ devices, exposing _____ greater security _____?

These attacks _____ be _____ to _____.

It's _____ risk to _____ to mess with _____ opening the _____ for _____ security problems.

_____ be used by _____ gain remote access?

Do _____ give _____ the ability to control _____ distance?

Is _____ possible that remote _____ attacks could _____ more _____?

Is _____ attackers _____ our devices with hacks?

Is our security at _____ if _____ can _____?

Is it _____ that _____ hacker _____ access _____ devices through _____ attacks?

Can malicious _____ gain control of our devices through _____ to _____?

Is _____ will _____ to more risks _____ we get _____ device control?

Is it possible for _____ to hijack our _____?

Is manipulation _____ hackers _____?

_____ make _____ possible for _____ to hack our _____?

_____ attacks give _____ control _____ devices, exposing us to more _____ risks?

_____ it _____ attackers to _____ over _____ gadgets with such _____?

Is it _____ those _____ going _____ devices and cause more security _____?

It _____ risk to _____ to mess _____ our devices _____ afar, _____ the _____ security problems.

_____ are _____ to further security dangers _____ attackers _____ our _____ settings.

Is _____ possible _____ our devices _____ put our security at risk?

Is it possible _____ can control _____ devices _____ us _____?

Could _____ taking remote control _____?

_____ make it _____ for _____ to use our _____?

Do _____ types _____ attacks _____ gain _____ to our _____?

_____ it possible _____ these _____ will lead to _____ over _____?

Can _____ have hackers _____ control _____?

If _____ gain _____ device _____ we _____ more risks?

Can _____ of _____ result _____ hackers controlling our _____ and _____ us to _____ ?

_____ possible for attackers to _____ our _____ with these _____ ?

_____ likely _____ it that hackers _____ take over _____ gadgets _____ us _____ danger?

_____ the hackers _____ our _____ ?

_____ chance that _____ remotely run our devices?

If _____ are _____ control our _____ are we at risk _____ ?

_____ it _____ that _____ will be exposed to _____ hackers gain remote _____ ?

_____ possible that attackers can take _____ our devices _____ ?

_____ it _____ hacker control over _____ systems _____ put _____ at _____ risk.

Can _____ really control _____ devices and _____ us at _____ ?

_____ these attacks _____ used _____ control _____ ?

Are there any _____ hackers _____ running _____ ?

Do these _____ control _____ hackers?

_____ it possible _____ to take _____ our gadgets _____ assaults?

Is it possible _____ such attacks?

Do these attacks _____ they enable remote _____ ?

_____ are _____ in _____ the possibility of _____ remotely _____ our _____ .

Do _____ ability _____ control _____ devices?

Could _____ into a _____ threat?

_____ can _____ manipulate our devices _____ security threats.

_____ hacker remotely control our devices _____ these _____ attacks _____ ?

Is it _____ for _____ take control _____ our _____ ?

Can our _____ controlled by _____ ?

_____ likely _____ for hackers _____ take over our gadgets, _____ danger?

Do _____ attacks _____ a _____ control _____ device?

Is device manipulation _____ attacks _____ ?

_____ the _____ attacks endanger _____ ?

Is hacker control _____ going to _____ us at _____ cybersecurity _____ ?

_____ take control _____ devices and make _____ vulnerable?

Is _____ chance that _____ be _____ by hackers in _____ to put our _____ risk?

_____ it possible that _____ can allow _____ individuals _____ manipulate _____ ?

Is it _____ control our devices _____ types of attacks?

It's a risk to _____ hacker mess _____ our _____ opening _____ to more _____ problems.

Is it _____ our devices through _____ of attacks, _____ security _____ risk?

Could _____ that _____ taking remote control leads _____ ?

Do _____ attacks allow _____ hacker _____ control _____ my _____ ?

Are remote _____ attackers?

_____ this type of _____ expose _____ to _____ because of _____ hacking into _____ ?

_____ is _____ at risk because _____ manipulation.

_____ these _____ systems more _____ to hacker control?

Could remote access _____ devices?

_____ attackers put us _____ risk _____ our devices?

Is _____ a _____ mess _____ our devices from afar, opening _____ door to more _____ ?

Do _____ types of _____ access our devices?

Is it _____ to _____ remotely?

Is _____ a hacker _____ run our devices and _____ concerns?

Can a _____ gain control _____ by attacking _____ ?

Is our _____ at _____ because _____ devices could _____ such attacks?

_____ attackers _____ to change the security _____ device?

Can hackers _____ and _____ security concerns?

It ____ be possible ____ hackers ____ remotely reprogram _____.
 ____ hackers remotely ____ our ____?
 Will ____ be ____ to ____ control ____?
 ____ use the ____ to ____ more remote ____?
 Is ____ of attackers running ____ devices ____?
 ____ it possible ____ to remotely take ____ of ____ devices ____ these ____ of ____?
 Is ____ possible that hackers ____ remotely ____ devices, ____ exposing ____ greater security ____?
 ____ remote ____ devices vulnerable ____ further security threats?
 ____ the ____ hackers ____ control ____ devices ____ distance, ____ to bigger security risks?
 ____ really ____ of our ____ putting us at even ____?
 ____ control ____ serious consequence here?
 ____ it possible ____ remote ____ and ____ more security issues?
 ____ turned into added ____ because of hacking ____?
 ____ we be manipulated ____ this?
 Is there a risk in ____ hackers ____?
 Is they ____ to remotely ____ devices to enhance ____?
 Do attackers ____ to penetrate device ____ kind of ____?
 Data ____ at ____ by hackers.
 Is it possible ____ could ____ our ____ with ____?
 Can the hackers ____ control ____?
 It ____ possible that our ____ be remotely ____ attacks.
 ____ have ____ ability ____ control our ____?
 Is ____ possible ____ malicious people to ____ our ____?
 Is hackers ____ security threat ____ gaining ____ access ____ our devices.
 ____ taking ____ leads to ____.
 ____ hackers ____ our electronics?
 ____ that our ____ be taken over by ____?
 ____ stop ____ people ____ messing with ____ by ____ devices?
 ____ give the hacker control ____ systems?
 Could our devices ____ through these ____ of ____?
 Does device manipulation ____ these ____?
 ____ devices ____ be ____ by hackers?
 Is ____ for them to ____ cause more ____ threats?
 ____ have ____ to remotely manipulate ____ compromise ____ security?
 ____ attackers ____ them ____ remote access?
 Is ____ of ____ potential consequence?
 Is it ____ we could be exposed to more ____ gain ____?
 ____ help stop bad ____ from ____ us all by ____?
 ____ for ____ to control our devices through these ____?
 ____ type ____ attack going to expose us to ____ risks because of unauthorized ____?
 ____ these ____ to remote control?
 Should ____ be ____ gain control of our devices ____?
 These attacks can allow ____ control ____ devices and ____ more ____.
 ____ could be risks in ____ of ____ remotely manipulating ____.
 ____ controlling our devices ____ security ____?
 Can ____ gain control ____ our ____ through ____?
 ____ attackers exploit ____ of ____ to ____ device ____ and increase ____?
 Do ____ attacks make ____ easier ____ hack ____ our devices?
 ____ don't ____ if ____ attacks will ____ to ____ my device ____ if ____ safe.
 Is it ____ hacker to ____ control ____ our ____ and put our ____ risk?

_____ we be _____ about _____ possibility _____ remotely controlling _____ devices?
 hackers might be _____ remote access _____ exploit vulnerabilities _____
 _____ possible for criminals to _____ security _____ by gaining _____ access _____ our _____?
 _____ are _____ involved in the possibility _____ devices.
 _____ that _____ remote control _____ lead to risks?
 _____ hackers _____ control, will we have more _____?
 _____ it possible for _____ our devices, _____ enhancing our security _____?
 Is it _____ for _____ to take _____ our _____ assaults, _____ us _____ greater _____?
 _____ these _____ the power to _____ our _____ from afar, _____ us _____ more _____ risks?
 _____ types of attacks _____ hackers to _____ devices?
 _____ possible for attackers to _____ function _____ increase _____?
 Can hackers _____ control _____ devices _____ less safe?
 _____ these types _____ give _____ access to our _____?
 How _____ be able to take over our gadgets and _____ jeopardy?
 _____ it possible _____ gain access _____ devices through _____?
 Will _____ able to _____ these kinds of _____ systems?
 _____ we _____ concerned _____ risk _____ remotely manipulating our devices?
 _____ hackers _____ control _____ lead _____ risks.
 Is it possible _____ malicious _____ gain control _____ devices through _____?
 _____ attackers take _____ our _____ and put _____ risk?
 Is _____ possible that _____ control _____ in these attacks?
 _____ at risk _____ chance that _____ devices could be hacked?
 _____ could use _____ vulnerabilities _____ gain _____.
 _____ can gain _____ settings, _____ we be vulnerable to further _____ dangers?
 _____ these _____ enable remote _____?
 Is it possible _____ these _____ allow hackers to _____ devices _____ expose _____?
 We don't _____ if _____ can _____ with our security.
 Do they make it _____ for _____ take _____ of _____?
 Is _____ these _____ may _____ hacker _____ of our systems?
 _____ get into _____ settings, will we _____ to more security _____?
 Is _____ possible _____ criminals are _____ devices, increasing _____?
 _____ this type of _____ to additional security _____ by _____ our devices?
 _____ they _____ able to cause _____ threats _____ of hacks?
 _____ possible _____ criminals _____ controlling our devices _____ the _____ hazard?
 Are they _____ to _____ devices, thereby _____ our _____ risks?
 _____ be able _____ manipulate and compromise _____ security?
 Do these _____ hackers _____ access to _____ devices?
 _____ attackers have the _____ over _____ devices?
 Is _____ of _____ devices feasible _____?
 _____ hacker have the ability _____ our devices?
 Can _____ bad _____ from messing _____ us by _____ devices?
 How _____ we stop bad people _____ messing _____ hijacking _____ devices?
 Is it _____ remotely _____ over our devices?
 Is _____ for hackers to use these types _____ our devices?
 Is _____ chance _____ our _____ could be _____ by _____ putting _____ security at _____?
 _____ it _____ remotely _____ devices like this?
 If attackers _____ device _____ be vulnerable to further _____ risks?
 _____ is at risk due to _____ right?
 _____ there _____ good chance _____ hackers _____ take over our _____ and _____ danger?
 _____ these _____ tricks be _____ by _____ hack _____ our security?

_____ remote _____ be used _____ attacks?
 _____ attackers hack into device _____ this kind _____?
 Is it _____ for _____ hackers to _____ to our _____ through _____?
 _____ for hackers _____ take over our devices via these _____?
 Is it possible _____ our devices and _____ more security _____?
 _____ a _____ of hackers remotely _____ the _____?
 _____ these attacks allow _____ to _____ and _____ me to _____ risks?
 Is _____ risk of hackers _____ devices _____?
 _____ to further security _____ to remote access attacks?
 Do _____ types _____ attacks _____ for hackers to _____ devices?
 _____ hackers to remotely _____ my devices?
 Do these types _____ attacks _____ our _____ hackers?
 A _____ taking _____ control _____ risks.
 _____ risk for _____ to _____ devices from afar, _____ the door to _____ problems.
 Are they _____ hack our _____ cause more _____?
 Could _____ exploits to gain remote _____?
 Is it _____ that _____ will _____ our _____ and _____ risks?
 Can hackers _____ gain _____ our _____?
 Can _____ bad people _____ messing with _____ by hijacking _____?
 _____ these types _____ attacks _____ hacker controlling our _____ and exposing us _____?
 _____ remote controls of _____ for _____?
 If attackers can _____ our _____ through _____ we _____ greater security _____?
 Is _____ possible for _____ the gadgets _____ such assaults?
 Do _____ attacks _____ attackers _____ devices and expose _____ to more _____?
 If _____ control _____ devices _____ attacks, _____ we at _____ worse security?
 _____ for these _____ to _____ them _____ control my device _____ am _____ in _____?
 How _____ that we will _____ danger _____ hackers _____ over our gadgets?
 Could attackers _____ access through _____?
 These attacks _____ enable _____ hackers.
 _____ attacks _____ to _____ malicious _____ to _____ our devices?
 Could remote device _____ be _____ attacks?
 _____ devices _____ be _____ to further security _____ remote _____ attacks.
 Is remote _____ into _____ through hacking _____?
 Could _____ attacks allow _____ to gain access _____?
 Do _____ expose _____ to more risk _____ to _____ my devices?
 _____ it _____ hackers to _____ affect _____ devices via _____ of attacks?
 _____ attacks expose _____ to more _____ allow _____ to _____ control _____ devices?
 _____ might _____ to more _____ if hackers _____ remote _____.
 Is there _____ of _____ control _____ systems?
 Is our _____ risk if our _____ compromised _____ hackers through _____?
 Is _____ possible that these _____ over _____ systems?
 _____ hackers to gain remote control _____ our devices _____ such _____?
 Is _____ possible _____ may enable remote control _____?
 Is _____ a _____ to let _____ mess with _____ devices _____ opening the door _____ problems?
 Is _____ attackers could use the _____ to _____ remote _____?
 Is it dangerous _____ a hacker to _____ far _____?
 _____ it be _____ for _____ to be manipulated _____?
 _____ may _____ able _____ exploit these _____ remotely.
 _____ hacker control _____ from far _____?
 _____ hacks take _____ our _____ and put _____ at _____?

_____ attacks take _____ our devices?
 _____ gain control of our devices and _____?
 _____ type of attack _____ us to more _____ to _____ into our _____?
 Are _____ concerned _____ even when _____ near us?
 Is _____ for these types of attacks _____ put _____ risk?
 It is _____ that _____ use _____ exploits _____ access.
 _____ it _____ for _____ take _____ our _____ by attacking them?
 _____ attacks _____ our devices vulnerable _____ new security _____?
 _____ manipulate our devices _____ afar?
 _____ it _____ that hackers can _____ our _____ with these _____?
 These exploits could be used _____ gain _____.
 Is _____ for hackers to remotely _____?
 _____ it _____ could _____ device control during attacks?
 Is it _____ that _____ can pose _____ security _____ by _____ remote _____ our _____?
 Can _____ use these _____ to _____ device function?
 The bad _____ may _____ to _____ over _____ make us _____ safe.
 _____ hackers can _____ our devices, _____ danger of _____ security?
 Can _____ of devices and _____ them _____?
 How likely is _____ to _____ our _____ and put _____ in danger _____ the line?
 _____ attacks _____ enable _____ control, _____ threats.
 Do _____ worry _____ things _____ when not near us?
 The _____ to _____ over our _____ us at greater risk.
 Is _____ possible _____ would be able _____ over _____ devices?
 _____ might be _____ to remotely _____ and enhance security _____.
 Can _____ gain remote _____ to _____ devices _____ an _____?
 _____ potentially gain remote access _____ vulnerabilities using _____
 Can the _____ our _____ be _____ at _____ attackers?
 It's possible _____ hackers take remote _____ risks.
 It _____ be _____ we are _____ hackers gain remote device _____.
 _____ our _____ by hackers?
 _____ can they _____ manipulate our devices _____ more _____?
 _____ it _____ for _____ attacks _____ them to _____ my device _____ more _____ threats?
 _____ these attacks _____ to _____ devices _____ endanger our safety?
 _____ exploits could _____ to gain _____ access.
 Would it be _____ for cyber _____ to _____?
 _____ a _____ that _____ could be compromised _____ potentially putting _____ security _____ greater risk?
 _____ that our devices _____ be _____ hacker _____ putting our _____ at risk?
 _____ it _____ for _____ to hack into our devices?
 Is it _____ people can _____ and _____ security?
 _____ manipulation feasible _____ the cyber _____?
 _____ remote control and endanger _____?
 Data _____ be at risk due _____.
 _____ of attack expose _____ to _____ security risks _____ to unauthorized _____ into _____?
 _____ attacks allow the _____ devices and _____ to more risk?
 _____ be able to remotely _____ our security risks.
 _____ they have _____ ability _____ cause _____ security _____ hacks?
 _____ able _____ cause more security _____ through _____ type of _____?
 _____ attackers _____ remotely compromise _____ device settings, will we _____ security _____?
 _____ there a risk _____ remotely _____ our devices?
 Is it possible _____ attacks _____ to _____ my device _____ security threats?

_____ manipulation _____ cause more security _____?

We might _____ exposed to more risks _____ remote _____.

_____ be _____ hack remotely _____ mess up security?

Do _____ have _____ to _____ control our _____ to enhance _____ us?

Do the attacks _____ access _____ expose _____ to more risk?

_____ hacker control _____ systems endanger _____?

_____ control _____ gadgets?

_____ hacker really _____ our _____ these attacks?

Is _____ will be _____ to more _____ hackers gain control _____ devices?

The _____ could _____ risk because of possible _____.

_____ have the ability _____ devices?

Is device manipulation _____ attacks?

Remote _____ could make _____ devices _____ to _____ security _____.

_____ gain access to _____ devices, _____ risks?

_____ it _____ malicious hackers _____ control _____ exposing us to _____ security risks?

Is _____ possible that a _____ of _____ devices _____ these attacks?

_____ there going _____ be more security _____ if _____ hackers _____ our _____?

Can these attacks let _____ my _____ or am _____ safe?

Is _____ for _____ to remotely manipulate our _____ of attacks, _____ our _____?

If _____ gain remote device _____ it might expose _____.

It _____ risk _____ hacker _____ mess with our devices _____ opening the door _____ more security _____.

I wonder if _____ attacks allow hackers _____ and _____ to _____ risk.

_____ there a _____ devices could be compromised by _____ putting _____?

Does this _____ attack _____ us _____ security _____ of unauthorized _____ into our devices?

_____ it _____ hacker _____ over our systems _____ put _____ risk _____ cyber crime?

If _____ remotely compromise _____ device settings, will we _____ more security _____?

_____ make it possible for our _____ hacked?

_____ we worried _____ attackers controlling things _____ near _____?

_____ controlled in these attacks?

_____ hackers have the _____ take _____ our _____?

_____ these _____ it _____ for our _____ be manipulated?

Is _____ attack _____ remote hijacking?

Is it _____ for _____ over our _____ us in _____?

Could devices be _____ controlled _____?

_____ control _____ systems _____ us at greater _____ for cybersecurity _____.

_____ manipulation by hackers _____?

Do these attacks _____ to _____ device?

Can the _____ attacks _____ take _____ of our _____?

Can _____ over our devices _____ make _____?

_____ for hackers to _____ over our _____ in these _____ of _____?

_____ it _____ worry about attackers controlling _____ not near _____?

_____ manipulation _____ turned _____ security threats?

Is _____ possible that _____ attacks could _____ people to _____?

Can hackers _____ our _____?

_____ likely _____ a hacker _____ gain remote _____ to our _____.

Do _____ attacks _____ for _____ control _____?

Is _____ for malicious _____ gain _____ control of _____ devices?

_____ that _____ into our _____ could _____ us to more _____ risks?

Is it _____ that _____ devices could be remotely _____?

hackers could _____ remote _____ to _____ in our _____.

_____ possible that _____ hacker taking _____ to risks?
 Is _____ a risk _____ hackers _____ devices _____ types _____ cyberattacks?
 Can a _____ devices through these _____?
 Are attackers able _____ exploit _____ remotely on _____?
 _____ it possible _____ these _____ enable remote _____ by _____?
 Could attackers _____ to _____ remote _____?
 Are they able _____ remotely _____ thus _____ security _____?
 _____ attacks be _____ to control _____ devices and _____ them _____?
 _____ it possible for _____ attacks to control _____ cause more _____?
 Does this _____ allow remote _____?
 Could these attacks _____ control _____?
 Do _____ of _____ hackers to manipulate our _____ away?
 Can bad people _____ over _____ and _____ us _____?
 _____ remote manipulation _____ hackers _____ risk.
 If hackers are _____ control _____ are _____ at _____ greater _____ dangers?
 _____ the _____ we _____ be _____ control of _____ hackers?
 _____ possible that we _____ more _____ gain control of devices?
 Can attackers do things _____?
 Data is _____ due to possible _____ manipulation _____.
 Do _____ to remote _____ of _____ devices?
 Will we _____ vulnerable to more _____ can gain _____ to _____ settings?
 How _____ to _____ this _____ of attack to _____ over our _____ and _____ us in danger?
 _____ these type of _____ to _____ devices, exposing _____ to more security _____?
 _____ hacker power to control our devices _____ a distance, _____ us to bigger _____?
 Using _____ could allow _____ gain _____ exploit vulnerabilities in _____ devices.
 _____ can pose _____ security _____ gaining remote access to _____ devices.
 Are _____ able _____ control our _____ and _____ threats?
 _____ is _____ that a hacker will use this _____ our gadgets and _____ in danger?
 _____ manipulation security _____ because _____ incidents?
 _____ malicious hackers gain _____ control _____ our devices _____?
 Can _____ hacker _____ of our _____?
 Is _____ that this _____ attack _____ by hackers?
 Is _____ really possible _____ our devices with _____?
 Is _____ possible _____ to pose _____ threat by _____ to our devices?
 Can _____ our devices, _____ us vulnerable?
 Can _____ bad _____ take _____ our _____?
 _____ it possible _____ of our systems could put _____ at greater _____?
 Can hackers _____ devices from _____ else?
 _____ could be _____ hackers taking _____ control _____ lead to _____.
 _____ it _____ that the _____ individuals _____ manipulate our devices?
 _____ could compromise _____ device settings, will we _____ vulnerable _____ dangers?
 _____ have _____ power to _____ device security _____ of assault?
 Should we _____ concerned _____ the _____ our devices _____ can control _____?
 Data _____ at risk, _____ remote manipulation _____ hackers.
 _____ attacks _____ hackers _____ power _____ devices from a _____ us to bigger security _____.
 _____ hackers can control _____ we _____ to _____ security risks?
 Is _____ of _____ systems going to _____ us _____ risk _____ issues?
 _____ manipulation _____ additional security threats?
 The _____ could _____ remote _____ by _____.
 If _____ our devices, _____ are _____ security dangers?

It is ____ that remote ____ our ____ further security threats.
 ____ cause remote control ____ be ____ by hackers?
 Is remote ____ attacks ____ make our devices vulnerable ____ ?
 Do ____ of ____ hackers to hack ____ devices?
 Do these ____ ability ____ control our devices?
 Is there any ____ that ____ can ____ our ____ ?
 Can ____ be ____ put us ____ risk?
 ____ the ____ our ____ a result ____ these types ____ attacks?
 ____ exposed to ____ risks if hackers gain ____ device ____ .
 ____ it possible ____ hackers ____ devices ____ these attacks?
 Is ____ from these ____ ?
 Do you know ____ there ____ a ____ running our ____ ?
 ____ we ____ further security dangers if ____ can hack ____ our ____ ?
 Could ____ devices ____ remotely ____ attacks?
 How ____ is ____ hacking to ____ over ____ gadgets ____ us ____ danger?
 ____ remote ____ turned ____ security ____ ?
 Through hacking ____ may ____ security ____ ?
 ____ there a ____ of ____ our devices remotely?
 Is it possible ____ attackers to remotely ____ device ____ this ____ assault?
 Is ____ possible these attacks ____ by hackers?
 ____ the attackers ____ our ____ endanger ____ ?
 Is ____ by ____ feasible?
 ____ this type ____ could expose us to ____ security ____ a result ____ hacking ____ our ____ ?
 Can the attacks ____ control of ____ devices?
 ____ likely is ____ will be able to ____ our ____ with ____ of attack?
 Is ____ possible ____ hacker ____ devices and bring in ____ risks?
 ____ it feasible for hackers ____ control our ____ through ____ of ____ ?
 Are ____ hack ____ our ____ cause more threats?
 Is it possible for ____ to ____ our ____ ?
 Is ____ for ____ to use these ____ our devices?
 ____ remote ____ become ____ of ____ security ____ ?
 Is ____ possible that ____ types ____ attacks ____ hackers to ____ our ____ ?
 Can ____ control our devices?
 Is ____ possible that ____ could ____ run ____ devices ____ concerns?
 Could remote device ____ used in attacks ____ increase ____ ?
 ____ is ____ for a hacker ____ take over our ____ this kind ____ ?
 Is ____ possible that ____ allow ____ individuals ____ misuse our ____ ?
 Attackers ____ be ____ to ____ remotely.
 It's ____ allow ____ hacker ____ devices from afar, opening the door to more ____ .
 ____ it likely ____ could get ____ to our devices?
 Is it ____ for ____ devices ____ over by ____ ?
 It's a ____ to allow ____ hacker ____ with our devices ____ afar, opening ____ door ____ even ____ .
 ____ don't know ____ can ____ and mess ____ security.
 ____ be ____ to gain ____ access and ____ security vulnerabilities.
 ____ they ____ used to enable ____ hackers?
 Would ____ possible for ____ to ____ alter ____ devices?
 ____ manipulated ____ these attacks, enhancing ____ risks.
 Can the ____ used to ____ .
 Is ____ hacker control over our ____ puts ____ at ____ risk ____ ?
 Can ____ like this?

Can the _____ to take _____ devices?

Do you _____ to _____ hacker mess with _____ devices from afar?

_____ use _____ exploit _____ remote access?

_____ it possible _____ digital attackers _____ function and _____ risk?

Do attackers _____ the _____ achieve remote controls _____?

_____ bad people from _____ with us and _____ our _____?

_____ the hackers _____ remote _____ cause more security risks?

Is _____ attackers can _____ device _____ and increase risks?

These _____ more _____ they _____ remote control by hackers.

_____ could _____ access to exploit _____ our devices

_____ these attacks allow someone _____ my _____?

Do _____ have the ability to _____ device?

Is it _____ for attackers to _____ such assaults?

Is _____ possible for _____ control _____ device through an _____?

_____ possible _____ could _____ by _____ ultimately putting _____ security at further risk?

_____ that our devices could be compromised _____ attacks, _____ our security at further _____?

_____ possible for _____ hack into our _____ and cause _____ threats?

_____ the _____ community _____ control our devices _____ these _____?

Are _____ safe _____ bad _____ take over _____ devices?

_____ it _____ the attacks allow malicious _____ to _____ devices?

These _____ pose _____ threats _____ they enable _____ control.

Is it possible that _____ attacks _____ individuals _____ change _____?
