

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Guidance on energy-saving tips
Inquiry Sub-Category	Heating and cooling
Description	Customers seeking tips on efficient use of their heating and cooling systems, including recommended set temperatures and usage habits.
Data Size	5,120 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

____ there specific ____ of ____ to adjust thermostat ____ energy ____ with climate control ____?

Is it ____ good ____ specific ____ during the day ____ settings in my climate ____?

____ you know the times ____ thermostat ____ money?

____ adjust my ____ are there ____ time ____ would help lower ____ costs?

Do you ____ times in ____ you can ____ thermostat ____ save ____?

____ possible ____ adjust the thermostat ____ certain times ____ the ____?

Should ____ suggest the ____ change ____ in order to maximize ____ savings?

Is ____ specific time ____ day ____ changing the ____ control units?

____ are times of ____ it ____ necessary to ____ the ____ in ____ units.

There are times of ____ control units can be ____ energy ____.

Do you have ____ day to ____ the ____ in ____ costs?

Is it possible ____ adjust ____ settings ____ energy costs ____ control unit?

Can you tell me ____ adjust thermostat settings ____ costs with ____?

____ I ____ my thermostat settings accordingly, ____ there specific ____ help lower ____ costs?

Is ____ thermostat ____ during the day for ____ use?

____ it ____ to adjust thermostat settings ____ save ____ costs ____ certain ____ day?

____ time to ____ thermostat and ____ costs?

Can we ____ a ____ time?

Are ____ specific times of day ____ adjust ____ save on ____?

____ to adjust thermostat settings in ____ lower energy ____?

____ you have times ____ the ____ when you can ____ save ____?

Is ____ possible to ____ settings ____ specific ____ of day ____ on ____ costs?

____ to ____ thermostat temperatures at specific times ____ household energy ____?

Do you know ____ day for climate ____?

____ of thermostat temperatures ____ would result in ____ household ____.

Is ____ a ____ in ____ can ____ my thermostat for energy ____?

There ____ when ____ thermostat settings can ____ energy.

____ there a ____ time ____ for adjusting thermostat ____ energy?

Can you recommend ____ times ____ to adjust thermostat ____ maximize ____ with climate ____ units?

Can the thermostat ____ for ____ in order ____ costs?

____ adjusting ____ thermostat at particular ____ important in cutting ____ ____ ____ ?
 ____ thermostat at ____ key to ____ down ____ energy expenses?
 There are ____ of day when ____ control units ____ be ____ ____ on ____ .
 ____ there ____ time in the ____ when ____ can ____ ____ saving energy?
 ____ there ____ time ____ change ____ and cut costs?
 ____ I ____ my thermostat at ____ ____ energy costs?
 ____ times of ____ day ____ best ____ modify ____ settings?
 Are there specific ____ when climate ____ ____ energy?
 ____ the best ____ to make ____ control ____ more energy ____ ?
 When using a ____ Control Unit do you have ____ in ____ ____ ?
 ____ ____ me ____ on the optimum times ____ day to ____ thermostat ____ optimal energy ____ ?
 ____ it possible ____ advice ____ timing adjustments for ____ with ____ climate control units, ____ to ____ bills?
 ____ a ____ the thermostat settings ____ be adjusted ____ use too much energy?
 When to ____ settings to ____ ?
 I'd like to know ____ times ____ to ____ settings for ____ energy ____ .
 ____ optimum ____ adjust thermostat settings would maximize energy ____ with ____ control ____ .
 ____ times ____ the day in ____ to ____ thermostat settings.
 Is ____ change ____ at certain hours for cost ____ ?
 Is there ____ time ____ when I ____ set my ____ energy?
 What are the ____ climate control units ____ energy ____ ?
 ____ know if it ____ possible ____ get guidance about ____ for ____ with your ____ units?
 ____ lower my ____ should I set ____ the day ____ thermostat settings?
 Will ____ be ____ to ____ guidance ____ timing ____ with your climate ____ units?
 I ____ to know ____ ideal ____ day to adjust thermostat ____ for ____ energy savings ____ climate ____ .
 There ____ times ____ the day when ____ can change ____ savings.
 I need information ____ when the ____ times ____ day ____ to ____ thermostat ____ optimal ____ .
 There ____ climate control settings may ____ adjusted.
 ____ I ____ my ____ settings ____ the day ____ save ____ ?
 ____ want to save ____ on ____ climate control unit, ____ to ____ thermostat ____ certain times throughout ____ .
 Is it ____ modify ____ temperatures ____ times ____ reduce ____ bills?
 I ____ know the ____ day to adjust ____ settings ____ to save ____ .
 ____ the ____ to make climate ____ units ____ energy efficient?
 ____ be adjusted at ____ hours for ____ energy costs?
 ____ me when ____ optimal times to change ____ settings are ____ ?
 When ____ climate control unit, ____ times ____ the day to ____ thermostat ____ ?
 Do ____ in the ____ to ____ the thermostat to ____ energy ____ ?
 Is ____ a ____ time of day for ____ save ____ energy costs ____ control units?
 ____ I ____ to regulate ____ at ____ times in ____ day ____ I ____ to save ____ ?
 I ____ know ____ ideal ____ of day to adjust thermostat ____ for optimal ____ climate control unit.
 ____ it ____ adjust the thermostat ____ on ____ days ____ sure ____ to use ____ much energy?
 ____ are times ____ the Thermostat ____ in Climate ____ units ____ adjusted.
 ____ lower my ____ should ____ set specific times ____ the day ____ on my ____ control unit?
 Should I change ____ settings ____ hours to ____ ?
 Is ____ to change ____ thermostats ____ the ____ control ____ certain times of the day?
 Should I ____ the thermostat ____ save money?
 ____ times in the day when you can ____ ?
 Is it possible ____ thermostat with ____ control units ____ the day?
 Is it possible to change thermostat ____ the ____ ?
 ____ the thermostat ____ changed at ____ hours ____ energy ____ ?
 ____ a good idea ____ modify ____ settings ____ climate control unit ____ certain ____ during the ____ ?

How can I use my thermostat _____?

There are _____ day _____ adjusting _____ save money.

Is it possible _____ advise on _____ times during the _____ change _____ use _____?

Is there _____ specific _____ for _____ settings to save _____ with climate control units?

_____ are times _____ the day _____ adjusting _____ settings _____ energy costs.

_____ there _____ specific _____ when _____ climate _____ units can _____ adjusted to save _____ energy costs?

Is there a _____ the day when I _____ thermostat _____ energy?

Is _____ to change the thermostat _____ energy _____ certain _____?

Can you please _____ optimum _____ of day _____ adjust _____ settings _____ maximize _____ with _____ control units?

Which times of _____ the _____ energy expenses with _____?

_____ any time of _____ when you _____ adjust thermostat _____ to _____ energy _____?

_____ it _____ thermostat settings _____ save on energy costs _____ control _____?

_____ possible _____ thermostat temperatures _____ intervals and _____ household energy bills?

Is it _____ set _____ of day to save _____ energy costs?

_____ to change _____ settings _____ the _____ units at certain times of the _____?

Is _____ a _____ the day when _____ adjust thermostat settings _____ on energy _____?

_____ to modify _____ settings _____ cost-effective energy _____ in _____ day?

What are the _____ modify climate _____ units _____ savings?

Do _____ in the _____ when you _____ thermostat _____ to _____ energy?

_____ there _____ specific _____ of day _____ you _____ thermostat to save _____ energy _____?

_____ possible to _____ thermostat settings _____ certain _____?

Is it possible _____ change the _____ savings _____ control units?

There _____ times _____ the _____ thermostat _____ be _____ to save _____ energy costs.

I would like to know _____ optimum _____ adjust _____ settings _____ savings.

I need to _____ the optimum times of _____ to adjust _____ settings _____ optimal _____ when _____.

How _____ time _____ to _____ using a climate control _____?

Is _____ a time _____ the day _____ you _____ settings to _____?

_____ to lower _____ energy _____ I set _____ the day to change _____?

How about setting specific _____ energy _____ climate control _____?

Is _____ possible _____ set _____ the day to _____ energy?

Is _____ advisable _____ adjust climate _____ settings at _____ times _____?

Can _____ tell me when to _____ thermostat _____ energy _____ control units?

Is it _____ change _____ settings in _____ control units _____ certain _____ of _____?

Should climate _____ be regulated _____ for financial _____?

The ideal times of _____ to adjust thermostat _____ for optimal _____ I would _____ to _____.

Do you have _____ where you _____ adjust _____ Thermostat settings _____ save _____ costs?

Do _____ in the _____ when you _____ change Thermostat settings _____?

There are times _____ change _____ for energy savings with _____ units.

Do _____ in the day when you _____ Thermostat settings _____ energy _____?

_____ there a way _____ obtain guidance about _____ adjustments for _____ with _____?

_____ to _____ settings _____ conserve energy?

_____ you _____ me when is _____ time to _____ settings _____ to _____ energy savings?

I _____ information on _____ day to _____ settings _____ optimum _____ savings when _____ climate control _____.

If _____ adjust _____ accordingly, are there specific time _____ throughout _____ would _____ energy costs?

If _____ lower _____ costs, should _____ specific times in the _____ to _____ my thermostat?

_____ on optimum times of _____ thermostat settings _____ savings with climate _____ units

_____ times _____ change thermostat settings _____?

I need information _____ best times of _____ to adjust thermostat _____ optimal _____ savings _____ units.

Do _____ have _____ in the _____ can change the _____ settings _____ savings in _____?

_____ it _____ good idea to set specific times _____ day _____ in _____ climate _____ unit?

There are _____ when _____ climate _____ settings _____ be changed.

_____ need information on the _____ day _____ adjust thermostat _____ for optimal _____.

What is the _____ adjust thermostat _____ order to _____ energy savings?

I need information _____ the _____ times of _____ adjust thermostat _____ for _____ savings _____ using _____ units.

_____ hours _____ climate control _____ can save _____ costs?

_____ my _____ changed at _____ times _____ lower _____ expenses?

Is _____ specific _____ for adjusting _____ settings to _____ on energy _____.

Wanting to _____ energy _____ adjust the _____ on _____ climate _____ unit during the _____?

Is _____ possible to change _____ settings _____?

_____ you know _____ time to _____ settings _____ saving energy with climate control _____?

_____ you tell _____ when _____ a good _____ to _____ for cost-effective energy _____?

When _____ Climate Control _____ have times in _____ day to _____.

_____ set _____ times in _____ day to _____ settings _____ my _____ control unit?

Is _____ a _____ of day _____ I can _____ conserve energy?

Is it possible _____ settings _____ times of _____?

_____ I want _____ save _____ while _____ my climate control _____ should _____ my _____ certain _____ the day.

Best _____ to _____ the _____ and cut _____?

I _____ if you _____ tell me when to _____ cost-effective energy _____.

I am _____ information _____ times of _____ adjust _____ settings for optimal energy savings _____ control _____.

Timing _____ settings can _____ cost-effective.

Are _____ day _____ thermostat settings can _____ adjusted _____ save _____ energy costs?

_____ setting time frames _____ conserve _____ with _____ climate control _____?

_____ it _____ adjust Thermostat _____ in _____ day for savings _____ energy _____?

_____ the _____ settings at certain _____ save energy?

_____ to _____ guidance about timing adjustments for thermostat settings with _____ units _____ order to _____?

Is _____ an _____ change thermostat _____ cost-effective _____ consumption with climate control _____?

Wanting to _____ energy costs, _____ I _____ settings _____ my _____ unit _____ the day?

_____ adjusted for cutting _____ costs during _____ hours?

Climate control _____ savings _____ achieved with _____ of adjusting _____.

_____ adjusting _____ settings _____ times _____ day?

There _____ in _____ day in which to _____.

_____ maximize _____ climate _____ it is advisable to adjust _____ settings _____ optimum _____ of day.

If I adjust _____ are _____ slots throughout _____ day that would _____ my energy _____?

_____ times _____ adjust the thermostat _____ in the Climate _____ units.

Can you _____ me _____ for thermostat settings _____ control units?

Is _____ change thermostat _____ at certain _____ save on energy _____ climate control units?

Is _____ a _____ time _____ that thermostat _____ can be _____ saving _____ energy _____?

Is _____ certain time each _____ when _____ thermostat _____ adjusted to not use _____ much _____?

Is _____ time _____ you _____ thermostats for energy _____ with _____ Climate _____ units?

Is _____ a _____ change the _____ on _____ climate control _____ at certain times of _____?

_____ thermostat _____ be adjusted to make sure not to use too much energy.

_____ are _____ of day when _____ the _____ in _____ control units.

_____ savings can be achieved with _____ hours _____ adjusting _____.

Do _____ know _____ best _____ to change _____ for _____ energy?

Is there _____ specific time of the _____ for _____ thermostat settings _____?

_____ possible _____ modify thermostat settings _____ at certain times during _____ day?

_____ thermostat saves on _____ times _____ the day.

_____ the times when adjusting _____ thermostat saves _____?

There _____ times _____ to change thermostat settings _____ Climate _____.

_____ know _____ best times _____ day _____ adjust the thermostat?

Do ____ know when ____ times ____ adjust thermostat settings ____ on ____ are?

Is it ____ to adjust ____ thermostat ____ costs with the climate ____?

____ it possible to ____ guidance ____ thermostat settings with ____ climate control units, ____ order ____ lower ____ electricity ____?

____ the ____ to ____ the thermostat for savings in ____ costs?

How ____ time frames to ____ my climate control ____?

Should I change my ____ to cut ____ expenses?

Is there ____ can set my thermostat for ____?

Can you ____ me ____ to get ____ regarding timing adjustments ____ climate control units?

____ control ____ for energy savings are unknown.

____ to ____ thermostat's settings at certain times?

Which times ____ the ____ of ____ energy expenses with ____?

Can you tell ____ when is the ____ to ____ settings for ____?

____ need ____ the best times of the ____ to ____ thermostat ____ for ____ savings when ____ units.

____ you ____ a ____ Control Unit do ____ times in ____ day ____ Thermostat ____?

____ you advise ____ times ____ to ____ settings to ____ energy ____ with climate control units?

____ there ____ adjusting the thermostat ____?

Is it ____ change ____ settings ____ on ____ costs ____ climate control units?

Is ____ specific ____ of ____ when ____ the ____ money?

____ it ____ to change ____ thermostat ____ to ____ costs with ____ control units?

____ there a ____ I can set ____ to save on energy?

____ order to ____ costs, ____ I set specific times ____ the day ____ thermostat?

____ times ____ the day ____ settings should ____ to make sure ____ to use too ____ energy.

____ have ____ in the ____ to adjust the ____ save energy?

____ adjust thermostat settings during the day ____ lower ____?

____ the ____ adjusted at ____ times?

____ times ____ the day where ____ can change ____ settings to ____ costs?

____ it a good ____ thermostat settings ____ my climate ____ unit ____ certain ____ during the ____?

Can you tell ____ optimal ____ to change ____ cost-effective ____ consumption?

There are ____ of ____ when ____ control units ____ be ____ save ____ costs.

____ there a ____ time ____ where the ____ control units ____ be ____ to ____ on energy ____?

Should ____ thermostat ____ adjusted ____ specific ____ energy expenses?

Are you able ____ change ____ settings ____ the ____ reduce ____?

Should ____ my thermostat ____ certain ____ if I want ____ money on energy?

Change thermostat ____ and reduce ____ costs ____?

Are ____ times per day when ____ for energy savings with ____?

____ are times ____ the day when ____ control ____ changed for ____ savings.

____ I ____ my thermostat at ____ times ____ the ____ if ____ want to ____?

Is it ____ adjust thermostat ____ save ____ costs ____ climate control units?

____ it possible to set ____ settings ____ certain times ____?

The ____ of day to adjust thermostat ____ to maximize ____ with ____ units.

Is ____ any specific ____ thermostat settings in ____ control units?

____ adjusting the thermostat, ____ times ____ when ____ saves on ____?

Is it possible ____ use domestic heating/cooling systems ____ temperature during ____?

____ it possible ____ set the ____ certain times ____ the day ____ on ____?

Do certain times ____ save ____ when ____ settings?

____ it ____ the ____ at a specific time?

____ thermostat be adjusted ____ times to decrease ____?

____ is ____ time to change ____ settings in order to ____ energy savings?

It's ____ to ____ thermostat ____ Climate control ____ the day.

____ you ____ when to adjust thermostat settings ____ energy costs ____ control ____?

_____ to get _____ regarding _____ adjustments for thermostat settings _____ your _____ control _____?

If _____ want to _____ money while operating my _____ unit, _____ regulate _____ thermostat _____ the day?

_____ would like to _____ the ideal _____ of _____ adjust _____ thermostat _____ optimal energy _____ are.

Wanting to _____ energy costs, _____ I _____ my _____ at certain _____ the _____?

_____ there _____ way to adjust _____ settings _____ certain _____?

Is it possible _____ advice regarding _____ climate control units in _____ lower electricity bills?

Is _____ a certain _____ during _____ thermostat _____ be set?

Should my thermostat be _____ times _____ energy use?

_____ the optimum _____ of _____ adjust thermostat _____ to maximize energy savings?

_____ thermostat settings in the climate _____ units _____ save _____ energy costs?

Do _____ have times _____ when _____ thermostat settings to _____ money?

Is _____ to _____ thermostat settings _____ the day _____ climate control units?

_____ possible to _____ optimum _____ of _____ day _____ adjust thermostat settings to maximize _____ savings?

_____ specific _____ of day when adjusting the _____ saves _____?

Is _____ a _____ times _____ the day to change _____ my climate control unit?

_____ it possible to _____ certain times of day _____ make sure _____ to use _____?

Do _____ times _____ day to _____ Thermostat _____ for energy savings?

Can _____ changed at _____ hours for _____ on _____ costs?

Is _____ a _____ to _____ thermostat settings _____ order _____ maximize _____ savings _____ climate control _____?

_____ it _____ set _____ thermostat _____ day _____ savings on energy?

Can the _____ changed for certain hours _____?

_____ adjusting _____ hours necessary to cut down _____ energy _____?

_____ in _____ of information _____ times of day to adjust _____ settings for optimal _____ when using _____.

Is _____ times in _____ when _____ can adjust thermostat settings _____?

_____ want _____ know the _____ times of day _____ settings for _____ energy savings _____ using _____ control _____.

What are _____ times to _____ climate _____ savings?

_____ me if _____ is _____ to get _____ timing _____ for _____ settings _____ my climate control units?

_____ there _____ times _____ day in _____ change _____ thermostat?

Best _____ day _____ change thermostat settings and _____ energy _____?

Climate _____ units may _____ reduce energy costs.

_____ it possible to _____ settings _____ energy costs with _____ Units?

Is _____ to _____ the _____ at certain times _____ reducing _____?

Is _____ time _____ when _____ can _____ Thermostat _____ for _____ in energy costs?

_____ times of the _____ energy expenses with _____?

_____ better to set specific _____ day to _____ thermostat _____ on _____ control unit?

Is there any specific _____ for adjusting thermostat _____ energy _____?

_____ possible to _____ thermostats _____ energy savings with _____ Control Units?

_____ change thermostat settings at _____ times of the _____ to save _____?

Should _____ change _____ settings on my climate _____ certain _____ of _____?

_____ I want to save money _____ operating _____ unit, _____ regulate _____ at _____ times _____ the day?

_____ to _____ time _____ to conserve _____ the _____ control unit?

Is _____ to change thermostat settings _____ at certain times _____ day?

_____ times _____ can you reduce _____ a thermostat?

Is _____ a _____ time _____ change _____ or _____ for less _____?

Is it _____ to change _____ the _____ units at certain _____?

_____ thermostat _____ to save _____ costs in the _____ is a question.

Optimal times _____ to _____ with thermostats?

What times _____ the best _____ energy _____ with thermostats?

_____ are times _____ day when _____ adjust _____ control _____.

_____ to adjust _____ settings at specific times _____ to save on _____?

_____ are times _____ the day _____ thermostat should _____.

Changing thermostat _____ times would result in reduced _____.

Can there _____ times _____ day _____ thermostat settings _____ on energy _____?

_____ there certain _____ day when thermostat _____ be _____ make _____ to use too _____ energy?

Should _____ my thermostat _____ certain _____ to _____ energy?

If _____ want to _____ money while operating _____ control unit I should _____ times _____ day.

_____ it possible to save _____ costs _____ control systems _____?

_____ it possible _____ change thermostat _____ times of _____ save on _____ costs?

Can the _____ adjusted _____ hours?

_____ to know _____ times to _____ settings for _____ energy.

Should I set _____ during the day to change _____ climate control unit _____ to lower _____?

Do _____ have times _____ the _____ where _____ can _____ the _____ settings _____ energy?

_____ suggest _____ optimum times _____ adjust thermostat _____ to _____ energy savings with _____ control units?

Is it possible _____ advise _____ times _____ the day to _____ thermostat _____ use?

_____ set _____ settings _____ energy-saving with climate control _____?

To _____ my energy costs, _____ set _____ times during _____ adjust my _____?

I want to _____ when _____ with climate control units.

_____ there _____ in _____ day when the climate control _____ be adjusted to _____?

There _____ of the _____ the thermostat settings in _____ should be _____.

_____ adjusted during certain _____ to reduce energy _____?

_____ per day _____ change thermostat settings to _____ sure _____ don't _____ too much _____.

Is _____ possible to _____ timing adjustments for _____ with _____ control units?

There are _____ the thermostat _____ save _____ money.

Is it _____ to _____ thermostat _____ in _____ to _____ energy _____?

_____ I _____ times _____ the day to change _____ my climate _____ lower my energy _____?

Is _____ a _____ day _____ the thermostat settings _____ be adjusted _____ energy costs?

Time to adjust thermostat _____ control units?

_____ you _____ me _____ is the _____ time _____ thermostat settings _____ energy use?

Can you tell _____ when it _____ settings for _____ consumption?

_____ it _____ thermostat _____ at _____ times of the day _____ energy costs?

_____ a _____ set specific _____ during the day to adjust the thermostat _____ unit?

Are there times _____ day _____ the thermostat _____ should _____ adjusted _____ make sure not _____ use _____?

_____ it possible _____ timing _____ reduce energy _____ with _____ control _____?

_____ the day can you _____ to _____ energy _____?

_____ if _____ times of _____ for _____ thermostat settings to save _____ energy costs?

Are the best _____ to _____ for _____ savings?

Can the _____ be _____ at certain _____ help _____ costs?

Is _____ specific time _____ the thermostat _____ money?

_____ there a time during _____ when _____ should be _____?

There _____ times a day _____ change _____ for _____ savings.

_____ modify temperature settings _____ reduce energy bills?

Can you tell _____ when the best times _____ to _____?

Is _____ possible to _____ settings in the _____ energy _____?

_____ you tell _____ the _____ times of day _____ thermostat _____ order to _____ energy _____ with climate _____?

_____ is possible _____ adjust thermostat _____ in _____ certain times _____ the day.

_____ it _____ good _____ set _____ during the _____ to change _____ thermostat on _____ control unit?

Is _____ to change the thermostats _____ times _____ day?

Is _____ temperatures at specific intervals to _____ in _____ in household _____?

Is adjusting thermostat _____ at _____ of _____ energy?

Is _____ possible to set thermostat _____ for _____ on _____ certain _____ of _____?

_____ thermostat have _____ be adjusted _____ certain _____ efficient use?

_____ adjusting _____ settings do _____ day save on _____?

Do _____ have times in _____ day _____ settings?

_____ there a specific _____ of day _____ should _____ adjusted _____ save on _____?

Are _____ per day _____ which to _____ thermostat _____?

_____ you tell _____ to _____ settings for cost-effective energy _____ with _____ control _____?

_____ thermostat _____ cut energy costs during _____ day?

Is _____ to change thermostat _____ certain _____ save on energy _____ in the _____ control _____?

You can change _____ in Climate control _____ save on _____.

_____ it _____ to _____ energy expenses _____ thermostats _____ certain times _____?

_____ there certain _____ settings should be adjusted _____ not use _____ much _____?

_____ you know _____ times _____ change _____ in order _____ maximize energy savings?

_____ tell _____ the _____ to change thermostat settings for cost _____ energy _____ climate control units?

_____ I _____ my thermostat _____ certain _____ reduce _____ costs?

When _____ the _____ of day _____ on energy?

_____ you _____ me _____ time _____ modify thermostat settings for cost-effective energy _____?

Should _____ adjust thermostat settings _____ climate _____ unit _____ certain _____ the _____?

_____ control _____ timing _____ that can _____ energy costs.

Should _____ adjust _____ thermostat at certain _____ reduce energy expenses?

Is adjusting the _____ certain times _____ expenses?

_____ adjusting _____ times of day?

Is there _____ for adjusting thermostat settings _____ on _____ costs?

_____ want _____ the best _____ of day to _____ settings for _____ energy _____.

There _____ per day in which to change _____ for _____.

Which times _____ the best chances _____ reducing _____ thermostats?

_____ you _____ to adjust thermostat _____ in _____ save energy?

Can _____ control _____ adjusted _____ save _____ energy _____ at certain _____ of _____ day?

I _____ information _____ when the ideal _____ settings for optimal _____ savings.

_____ appropriate _____ change _____ at certain _____ to save energy?

_____ are hours _____ climate _____ can save _____.

Is it possible _____ get guidance on _____ for _____ with _____ climate _____ units, _____ to lower _____?

If _____ want to save money _____ climate _____ I should _____ my _____ at _____ of the _____.

Do _____ have times _____ day _____ the _____ settings?

_____ the day _____ best times to _____ settings?

During the _____ you _____ thermostat _____ and _____ energy _____?

There are times _____ the thermostat _____ in _____ control _____ can _____ adjusted.

_____ are _____ of the day to _____ thermostat _____ control _____.

_____ I _____ certain times throughout _____ day if _____ to save money on _____ and _____?

_____ the climate _____ unit _____ regulated _____ certain _____ for financial _____?

Is _____ time of day when _____ be done to _____ costs?

Is _____ to _____ thermostat settings _____ certain times _____ save energy?

Is it _____ to _____ to save on _____ during the _____?

Is _____ possible _____ settings _____ units during _____ times of the day?

_____ it possible _____ adjust thermostat settings _____ cost-effective _____ with _____ during _____ day?

_____ thermostat _____ at _____ times would result in _____ reduction _____ household _____.

Can _____ tell me _____ is _____ best time _____ thermostat _____ in _____ to use _____?

Suggestions on setting time frames _____ climate _____ conserve _____?

Is _____ thermostat at _____ in _____ down on _____ expenses?

_____ idea _____ change _____ settings on my _____ control _____ at specific times _____ the day?

_____ tell me _____ the best time _____ adjust thermostat settings _____?

_____ times _____ in which to _____ for energy savings?

I want to _____ when _____ ideal times of _____ adjust _____ are _____ optimum _____.

Is _____ possible _____ adjust _____ specific _____ of day?

_____ there a _____ time of _____ settings _____ adjusted to _____ on _____ costs?

Should I _____ the day to _____ the thermostat on my _____?

_____ modify _____ settings and reduce _____ what periods _____?

_____ to change the thermostats for energy savings at _____?

_____ it _____ modify _____ thermostat _____ cost-effective energy consumption _____ the day?

_____ there time _____ adjusting climate control _____?

I'd like _____ of day to adjust thermostat settings for optimal _____.

_____ settings _____ save _____ but _____ best time to _____ it?

Is _____ specific time _____ day to _____ thermostat?

Can _____ tell _____ is _____ best time to _____ thermostat _____ cost-effective energy _____?

_____ possible to _____ during _____ times _____ day to save _____ energy costs?

_____ possible to _____ thermostat settings during _____ day to _____ with climate _____?

What are the best _____ change _____ units _____ energy?

_____ the best times _____ reprogram _____ units to _____ energy?

_____ Climate control _____ can be _____ during the day _____ on energy _____.

Is _____ to modify thermostat _____ to save _____ with _____ control units?

You could _____ the _____ of day to adjust _____ settings for optimal _____.

_____ information _____ of day to _____ thermostat settings for optimum energy savings when using _____ control _____.

Are there certain _____ the _____ the _____ saves money?

Wanting _____ lower my energy costs, should _____ settings _____ certain _____ day?

Can _____ tell _____ the best _____ modify thermostat _____ are?

What _____ best _____ the thermostat settings with _____ units?

_____ the best _____ to _____ climate control units for _____?

Is there _____ time slot _____ I can adjust _____ settings?

Is adjusting thermostat _____ the key to _____ down _____?

_____ it _____ idea _____ adjust my _____ at _____ to _____ energy expenses?

Are _____ of day _____ adjusting the _____ settings?

There _____ day that _____ climate control settings _____ adjusted.

Does adjusting the _____ costs _____ times _____ day?

Is _____ a good idea to adjust _____ thermostat _____ to _____?

The optimum times _____ day _____ adjust thermostat _____ are important _____ order _____ energy _____ climate _____.

_____ it possible to _____ on _____ times _____ the day?

Can the thermostat _____ hours to _____ energy?

There are _____ of day _____ control _____ should _____.

_____ a specific _____ thermostat saves on costs?

Is _____ good _____ to change thermostat _____ for _____ consumption with _____ control _____?

_____ I want to _____ money while _____ my _____ unit, _____ regulate my _____ throughout _____ day?

Can _____ thermostat be _____ at _____ hours _____ save _____ energy _____?

_____ there _____ certain _____ when the _____ settings should _____ adjusted?

Is it possible to _____ adjustments for _____ with your climate control _____ in _____ electricity _____?

_____ there _____ per day _____ the _____ to _____ not to use too much energy?

_____ adjust _____ thermostat at _____ to reduce my _____ expenses?

_____ there _____ times _____ day _____ the _____ to be _____ to not use too _____?

If I _____ climate _____ unit, should I regulate my thermostat _____ certain times _____ day?

_____ can I _____ frames for my climate control _____ conserve _____?

_____ it a _____ idea to _____ settings _____ the climate _____ unit _____ the _____?

_____ hours when _____ control _____ save energy?

Is _____ information _____ ideal _____ to _____ thermostat settings _____ optimal energy savings?

What _____ the _____ to _____ the climate control _____?

_____ my thermostat be adjusted at _____ times _____?

Can _____ settings _____ at certain _____?

Are there certain _____ per _____ thermostat settings?

Changing thermostat _____ at _____ could result _____ energy bills.

_____ I wanted _____ my _____ costs, _____ set _____ times during the _____ to change the _____?

Do you have _____ suggestions on when _____ adjust _____?

_____ are specific _____ the _____ for _____ thermostat _____ save energy.

_____ it _____ thermostat settings _____ certain days _____ make _____ not to use too _____?

Is there _____ time of day _____ settings?

Can climate _____ have _____ will _____ energy costs?

_____ I _____ to lower _____ energy costs, _____ set specific times during the _____ adjust _____?

_____ the thermostat be _____ at _____ to lower _____?

Changing thermostat temperatures _____ intervals _____ reductions _____ household _____ bills.

Should _____ modify my _____ certain _____ to save _____?

Should I set specific times _____ day _____ adjust the thermostat _____ control _____ energy costs?

There are times _____ day when _____ thermostat _____ should _____ to _____ not to _____ too _____.

Time _____ change _____ settings _____ energy-saving with _____ units?

Should I _____ thermostat _____ to conserve energy?

_____ I _____ the day to _____ thermostat settings on my climate _____ to _____ my _____ costs?

Are _____ specific _____ systems can save energy _____?

_____ control _____ should _____ during _____ hours for _____ savings.

What times of _____ day _____ the thermostat _____?

_____ there _____ times per _____ in _____ thermostat settings _____ be _____?

Is _____ to alter climate _____ and cut _____?

I would like to know _____ the _____ to adjust _____ for optimal energy _____.

Seeking _____ timing adjustments _____ thermostat settings for _____ management

I _____ information on _____ times of day to _____ for _____ savings.

Can you tell _____ to _____ thermostat settings for cost-effective _____ units?

Does _____ at specific times of day _____?

_____ you _____ in _____ day to adjust the _____ to _____ energy _____?

_____ my thermostat be _____ at certain times _____ my _____?

_____ it _____ to change thermostat settings during certain _____?

_____ adjusting thermostat at certain hours _____ down on _____?

Can we _____ settings at _____?

_____ of _____ for changing _____ thermostat to save on _____ costs?

There _____ times _____ day when _____ control _____ used to _____ the thermostats.

Is it possible to _____ at certain _____ a day?

_____ certain _____ per _____ where the thermostat settings _____ be _____ to not _____ much _____?

_____ times of _____ has the best _____ with thermostats?

_____ want _____ the _____ of the _____ adjust thermostat _____ for saving energy.

Should _____ specific _____ the _____ to _____ thermostat settings on my _____ control _____?

_____ there any time of day that you _____ on energy _____?

_____ a _____ in _____ day to _____ thermostat settings _____ saving _____ energy costs?

Can you _____ is _____ to _____ thermostat settings for cost-effective _____ use?

_____ times _____ day _____ the _____ control _____ can change _____ thermostats?

_____ you _____ the optimum times _____ day _____ the thermostat _____ to maximize _____ with climate _____ units?

Can you _____ when the _____ times _____ day _____ the thermostat _____?

To maximize energy _____ with climate control units, _____ advise _____ day _____ adjust _____.

Can _____ me _____ time to change thermostat _____ for cost-effective energy _____?

Is _____ change thermostat _____ to save energy _____ control _____?

I want _____ the best times _____ day to _____ settings _____ saving _____.

Is adjusting thermostat at certain _____ energy _____?

Are there times per _____ the _____ settings _____ to _____ use too _____?

There _____ of the _____ the thermostat can _____.

Is it _____ climate control _____ certain hours?

_____ there _____ of day when _____ settings can be _____?

_____ time _____ the _____ for changing _____ settings to _____ on energy costs?

_____ set _____ at _____ during the day _____ I want _____ save money?

Should _____ change _____ thermostat at certain _____ to _____?

Is _____ of day for _____ climate _____ settings?

Optimal time to modify _____ units?

Do _____ need to _____ my _____ day _____ I want to save money _____ my _____?

There _____ the day _____ is possible _____ the _____ settings in Climate control _____.

Is it _____ to _____ at _____ of the day?

_____ it be _____ to advise on _____ optimum times of _____ in order _____ maximize energy _____?

I need _____ on the _____ of _____ to _____ thermostat _____ for _____ energy savings _____ climate _____ units.

_____ energy savings with _____ control _____ on the optimum times _____ day to _____ settings.

Wanting _____ lower my energy costs, _____ the _____ to adjust the _____ on _____ climate control _____?

_____ specific _____ of _____ for adjusting _____ to save on energy costs _____ climate _____ units?

It's possible _____ adjust the _____ settings _____ Climate _____ day.

_____ you _____ me the _____ times _____ change _____ thermostat?

There are times _____ day that _____ settings _____.

_____ thermostat _____ adjusted at _____ times of the day _____ energy _____?

Is there _____ times _____ day _____ thermostat settings _____ climate control _____?

Is _____ possible _____ change _____ thermostat's settings _____ certain _____?

I want to know the _____ times to _____ thermostat _____ climate _____.

_____ are _____ in the day when _____ sure not to _____ too much energy.

_____ have times in the day when _____ can _____?

Is it possible _____ temperature at certain times _____?

Is _____ possible to change _____ energy _____ Climate control units?

Is _____ certain times per _____ thermostat settings?

_____ are times per day in _____ thermostat _____ be _____.

_____ specific times _____ the day to adjust _____ settings on my _____ unit will _____ energy _____.

_____ adjusting thermostat at _____ cutting down on energy _____?

Is there a specific time _____ settings to _____ energy costs?

Reducing household _____ bills _____ possible _____ were changed at specific _____.

Is _____ a _____ time _____ day when I _____ set _____ thermostat _____ energy?

_____ have times in the day to _____ energy?

Do _____ the day when _____ can change Thermostat _____ to _____?

Is it _____ for the _____ to _____ adjusted _____ certain _____ energy _____?

There are specific _____ day _____ saves money.

_____ times _____ adjusting the _____ saves on _____?

_____ certain times of _____ day when the thermostat settings should be _____ not _____.

_____ there certain _____ day when _____ Climate control _____ change _____ thermostats?

_____ any _____ time of _____ day _____ adjusting thermostat settings to save _____?

Is there a specific _____ can _____ my _____ to save _____?

There are _____ climate control _____ save energy.

Would _____ be possible _____ thermostat temperatures at _____ household _____ bills?

Is _____ to change _____ thermostat _____ energy savings _____ the day?
 _____ times per _____ when to change _____ for _____ savings.
 _____ the best times to make climate _____ more _____?

Should I _____ my thermostat _____ times during _____ if I _____ to _____?

When _____ a _____ control _____ you _____ in the day _____ adjust _____ settings?

Is _____ possible to _____ settings _____ certain times _____ to make sure _____ use too much _____?
 _____ costs, _____ I _____ specific times _____ the day to _____ my thermostat?

Is adjusting the _____ hours _____ for _____ energy _____?

Is _____ thermostat to be adjusted at _____ hours _____ order to _____?

Can _____ tell me the best _____ or _____ settings?
 _____ I _____ time _____ day to _____ settings on _____ control unit?
 _____ per day when _____ should _____ adjusted to not _____ much energy?

If I _____ to _____ money while _____ my _____ control _____ I regulate _____ at certain times _____?
 _____ possible to adjust the _____ certain times _____ efficient _____?
 _____ can the thermostat be adjusted at _____?

Is _____ possible _____ modify thermostat settings during _____ use _____ energy _____ control _____?
 _____ you have _____ in _____ you can change the _____ settings to _____ on _____?

The _____ times of _____ thermostat settings are _____ to maximize energy savings _____.
 _____ possible _____ modify thermostat settings _____ use during the _____?
 _____ settings during _____ day _____ cut _____ costs.

Do _____ have _____ day _____ you can adjust thermostat _____?

There are times of _____ can be _____.

Reducing household _____ bills _____ modifying thermostat _____ be possible.

It _____ possible _____ the _____ settings in Climate _____ units during _____ of _____.
 _____ are _____ the day when _____ thermostat settings can _____.
 _____ the thermostat _____ units can help _____ energy.

Is _____ possible to change _____ settings _____ specific _____ during the day?
 _____ I _____ thermostat _____ the day if _____ to save money _____ my _____ unit?

Optimal times _____ day for _____ energy _____?

Can _____ me when _____ best _____ thermostat settings _____ cost effective _____ use?

When _____ change _____ conserve energy?

Please _____ times of _____ adjust _____ settings _____ order to _____ energy savings with climate _____.
 _____ you have times _____ can change thermostat settings?
 _____ day, can you modify _____ settings _____ cut _____?

Does _____ the thermostat _____ on costs _____ certain _____?

Is there _____ time _____ day _____ climate _____ units can _____ to save on _____?
 _____ you have any advice _____ optimal _____ to change _____ energy _____?
 _____ energy _____ can _____ by adjusting _____ thermostat _____ certain hours.
 _____ need _____ the optimal times of day to adjust thermostat _____ savings _____ control units.
 _____ adjust my _____ at certain times _____ reduce _____ energy _____?
 _____ is the best _____ to adjust _____ costs?
 _____ you know _____ times _____ when _____ thermostat settings can _____ adjusted for _____ energy _____?

Is _____ possible to advise _____ optimum _____ day to _____ thermostat _____ maximize energy _____?
 _____ times of day _____ adjust thermostat settings for _____ costs?

Is it possible _____ settings at _____ day?
 _____ are times of _____ day _____ control settings _____ be _____.

Is _____ possible to change climate control _____?

_____ a question _____ when to adjust _____ thermostat _____ energy.
 _____ control _____ for financial savings _____ certain hours?

There are _____ day _____ should be _____ for _____ savings.

Is it feasible ____ regulate the ____ unit ____?

____ adjusting ____ thermostat at ____ key ____ cutting ____ energy expenses?

It ____ possible ____ the ____ in Climate ____ units ____ of day.

Is it ____ thermostat ____ the ____ to reduce energy ____?

____ there a ____ time during the day that ____ can ____ thermostat ____?

Is adjusting ____ in cutting ____ energy expenses?

____ you ____ times ____ the day when the ____ be adjusted ____ savings ____?

____ there a way ____ timing adjustments for ____ settings ____ control units?

There are certain times ____ when ____ can change the ____.

____ it possible ____ guidance about timing adjustments for ____ your ____ units, ____ lower electricity bills?

____ times ____ have the greatest chances ____ expenses with ____?

____ you tell us ____ adjust ____ reduce costs?

____ I ____ during ____ day ____ I want ____ save money ____ my ____ control unit?

Is ____ the day when thermostat settings can be ____ energy costs?

____ of thermostat temperatures ____ specific ____ reductions in household energy ____.

____ specific ____ day when ____ settings should be adjusted to ____ use ____ much energy?

Do ____ times ____ the ____ adjust thermostat settings ____ energy costs?

Should my ____ be ____ at ____ times to ____?

Are it ____ thermostats ____ energy savings with the ____ control ____?

____ adjust my ____ at certain times ____ cut ____ on ____?

____ maximize energy savings ____ climate ____ units, could you suggest ____ to adjust thermostat ____?

What are the ____ times to adjust ____ save ____?

When ____ thermostat saves ____ costs ____ specific times?

____ energy costs, should ____ specific ____ during ____ day to change thermostat ____?

Is there ____ of day for ____ be adjusted to ____ energy ____?

Is it possible to ____ times ____ day?

____ wise ____ regulate my ____ certain times throughout ____ if ____ want to save ____?

Can you ____ the ____ times ____ day to change thermostat ____?

Is adjusting ____ thermostat ____ hours ____ down on ____ expenses?

____ times ____ have the best ____ decreasing ____ expenses with thermostats?

____ it ____ advise on ____ times ____ change thermostat settings ____ to use less ____?

Can you tell me ____ best ____ change thermostat ____ cost-effective ____?

____ thermostat settings ____ the day ____ energy ____.

Do you ____ times in ____ day to ____ settings ____ in energy ____?

Is ____ a certain ____ day ____ which to adjust ____?

There ____ day ____ adjust the thermostat settings ____ control units.

How about ____ day ____ adjusting ____ control ____?

I would ____ know if ____ information on the ideal times ____ day ____ thermostat ____ for ____.

____ you ____ in ____ day ____ you ____ change ____ settings to save on ____ costs?

I ____ lower ____ costs, ____ should ____ set times ____ the ____ to change my ____?

I would like ____ know the ____ of ____ thermostat settings ____ saving ____.

____ using a ____ Control ____ you have ____ Thermostat settings?

____ it ____ settings for cost-effective ____ consumption during the ____?

Is it ____ to ____ guidance on timing ____ for ____ with ____ hi-tech ____ control ____ in order ____ lower ____

____ would ____ to know the ideal times ____ to set ____ for ____ energy ____ control units.

Is it ____ to ____ the thermostats ____ energy savings ____ the ____ units ____?

____ the thermostat ____ the ____ control ____ save you money on ____.

Is it ____ thermostat settings ____ specific times ____ save energy ____?

____ it ____ to obtain guidance regarding ____ adjustments for ____ your climate ____ in order ____ electricity ____?

____ climate control ____ at certain ____ the day?

_____ are _____ day when Climate _____ can be _____ saving energy.
 Is it _____ to adjust _____ in the _____ at specific _____ of _____?
 How _____ set specific time _____ my climate _____ unit?
 _____ at specific _____ key in cutting down _____ expenses?
 Is _____ possible _____ advise on optimal times during _____ to _____ for cost-effective _____?
 _____ there any _____ times _____ the day _____ thermostat settings to _____?
 _____ to _____ the optimum _____ the _____ to adjust thermostat settings in order to _____ energy _____?
 Are there specific _____ thermostat _____ money?
 Are _____ specific times _____ systems can _____ costs?
 Is _____ possible _____ change _____ settings on _____ to save _____ energy costs _____ control _____?
 Is adjusting the thermostat _____ to _____ expenses?
 When _____ times to change _____ control _____ for energy _____?
 _____ adjust my thermostat _____ accordingly, are _____ time _____ throughout the _____ would _____ energy _____?
 _____ recommended times _____ day for adjusting _____ settings?
 Is _____ a time in _____ day _____ can _____ thermostat _____ savings?
 Wanting _____ lower my _____ should I set specific _____ the _____ to adjust the _____ unit?
 Is _____ possible to change _____ with _____ units _____ certain times of the day?
 If I want to _____ money while _____ my _____ I _____ regulate my _____ of _____ day.
 How to set _____ time _____ conserve _____ using _____ unit?
 _____ it _____ to _____ settings at specific times _____ to _____ energy?
 Can you _____ me _____ best times to _____ are?
 _____ to _____ thermostat settings _____ certain times of day to _____ sure _____ use _____ energy?
 Can you tell _____ best times of _____ adjust _____?
 _____ adjusting _____ certain times _____ day save _____ energy?
 Is it _____ to change the _____ in _____ units _____ certain _____?
 _____ it possible _____ adjust my thermostat _____ day _____ energy costs?
 _____ to lower _____ energy costs, _____ I set _____ during _____ to _____ the thermostat _____ control unit?
 Is _____ specific _____ of _____ for setting the _____ to save _____?
 Is _____ any _____ time _____ day _____ you _____ adjust the thermostat _____ costs?
 _____ wondering _____ regulate my thermostat at certain times throughout the _____ if _____ to _____.
 _____ you _____ thermostat settings _____ to cut _____ costs?
 _____ there specific _____ of the _____ adjusting _____ thermostat _____ money?
 Time _____ thermostat _____ conserve energy?
 Is there an _____ day to _____ settings to maximize energy _____ units?
 Changing _____ settings _____ consumption with _____ units _____ be done at _____ times.
 _____ thermostat be _____ at certain times _____ the day _____ want _____ save _____?
 Should _____ regulate my _____ certain _____ the _____ if I _____ to save money _____ and _____?
 _____ at certain hours _____ key _____ cutting _____ energy expenses?
 Is _____ to _____ guidance regarding _____ for thermostat settings _____ your _____ climate _____ to _____ electricity bills?
 Is it possible _____ on _____ with hi-tech climate _____ units, _____ lower electricity bills?
 _____ when is _____ best time _____ thermostat _____ for cost-effective _____ consumption with climate _____ units?
 _____ there recommended _____ the _____ adjusting climate control _____?
 There are _____ in the day _____ climate _____ adjusted.
 Are _____ times per _____ when the Climate control _____ used _____ change _____?
 It _____ possible to _____ in _____ units _____ certain times _____ day.
 Optimal time to change _____?
 Climate _____ units might be able _____ timing adjustments.
 Do _____ have times in _____ day _____ adjust _____ in energy _____?
 _____ the thermostat _____ adjusted during certain hours _____ order _____?
 _____ change my _____ at certain _____ the _____ save energy?

Should I _____ certain hours to save _____?

Would _____ possible to _____ thermostats _____ energy _____ with the _____ control _____?

I _____ know _____ of _____ to adjust _____ thermostat for saving energy.

_____ tell _____ when is _____ best _____ change thermostat _____ save energy?

_____ possible to _____ on _____ modify _____ for cost-effective energy consumption during _____ day?

_____ optimum _____ of _____ to _____ thermostat settings is _____ energy savings _____ climate control _____.

_____ of _____ adjust the thermostat _____ Climate control _____ for saving on _____

_____ adjusting _____ settings, do specific _____ save on _____?

What _____ best _____ to alter _____ control _____ energy savings?

Is there _____ hours _____ thermostats good for _____ control _____?

_____ thermostat settings at certain _____?

_____ there _____ times _____ day when _____ can be adjusted to _____ energy costs?

What's the _____ time _____ change _____ for _____ savings?

_____ thermostat _____ on _____ certain times of day.

_____ times _____ alter _____ settings and _____ energy _____?

Is _____ change thermostat _____ save on _____ times of the day?

When _____ a Climate Control _____ do you have _____ the day _____?

Are there specific _____ when _____ control _____ energy?

Is _____ possible to _____ the _____ energy savings _____ control _____?

Do you _____ the day to _____ to _____ energy?

_____ there _____ time in the day _____ you can _____ the Thermostat _____ energy _____?

_____ it possible to _____ the _____ at _____ cut energy _____?

_____ there _____ to _____ AC settings for less _____?

_____ possible _____ adjust thermostat _____ times _____ day to save _____ costs?

Is there _____ of day for adjusting thermostat _____ costs?

Is there any _____ day _____ adjust the _____ to _____ costs?

There _____ times _____ day when it is _____ to adjust _____ settings _____.

_____ adjusting the thermostat possible at _____?

Which times of day _____ reduce _____ thermostats?

_____ I _____ while operating my climate control unit, should I _____ my thermostat _____?

Are _____ certain times _____ day _____ change _____ settings?

_____ there any _____ for adjusting thermostat settings to _____ costs _____ the climate control _____?

_____ times _____ when you _____ change the thermostat _____ energy savings?

Does _____ know _____ the climate control _____ be _____ on _____ costs?

_____ are _____ of _____ when _____ is _____ to adjust _____ thermostat _____ in _____ control _____.

Time slots _____ control units for _____ savings _____ known.

_____ you tell me _____ times _____ when _____ adjust the _____ to save _____ costs?

Is _____ specific _____ the _____ adjusting _____ settings _____ save on _____ costs?

_____ it _____ to _____ timing adjustments _____ settings with _____ hi-tech climate control _____ aiming _____ electricity bills?

_____ certain _____ of day to adjust _____ for saving _____ costs.

Which times _____ can _____ reduce _____ the thermostat?

Is _____ time of _____ you can adjust the _____ to save _____?

_____ at specific hours key in _____ down _____?

If _____ money _____ operating _____ climate control unit, should _____ my thermostat _____ the daytime?

_____ efficient _____ of domestic heating/cooling _____ expenses by regulating temperature _____?

_____ it _____ to change _____ thermostat _____ energy _____ the climate _____ units?

If _____ money while _____ unit, am _____ supposed to regulate my thermostat _____ the day?

Can _____ be _____ at certain hours _____ save _____ energy _____?

_____ you _____ me the _____ times _____ adjust _____ thermostat?

_____ are _____ when _____ is advisable to change _____ thermostat _____ savings.

Is _____ thermostat _____ certain hours _____ energy expenses?
 _____ sense _____ regulate _____ control during certain hours for _____?

Is _____ possible to adjust _____ to save _____ climate control _____?

Is it possible _____ heating/cooling _____ at _____ times of the day?
 _____ it _____ thermostats for savings _____ control efficiency _____ specific hours?

Is _____ the _____ at _____ important in cutting _____ expenses?

Is it _____ to _____ guidance _____ timing _____ in your hi-tech climate _____?

Optimal time _____ change _____ save _____?

Which _____ of day _____ of _____ expenses with thermostats?

Is _____ possible to _____ saving on _____ costs at _____ times of _____?

Do _____ of _____ for _____ climate control settings?
 _____ are times of _____ change _____ settings in _____ control _____.

Can you suggest the _____ reduce costs?

Is _____ thermostat _____ certain times key _____ energy _____?
 _____ there _____ specific time of day _____ be adjusted _____ on energy _____ in the _____ units?
 _____ to know the best times of _____ adjust _____ optimal energy _____ when _____ climate _____ units.

Is there _____ time _____ day _____ can adjust thermostat _____ to save _____?

Are _____ times of the _____ when _____ the _____ money?
 _____ change the thermostat _____ energy _____ with _____ Climate _____ units?
 _____ a Climate _____ Unit do _____ have _____ adjust Thermostat _____?
 _____ it a good _____ set times during the day to _____ my _____ unit?

Are there _____ the _____ can adjust thermostat settings _____ energy _____?

Is _____ time to adjust _____ maximize energy savings with _____ control units?

Is _____ on _____ of _____ change thermostat _____ in order to maximize energy savings?
 _____ control _____ can have _____ that can _____ reduce _____ costs.

Where _____ the best _____ to _____ climate control units _____?

Should _____ change _____ thermostat _____ certain _____ to _____ energy _____?
 _____ of _____ when _____ thermostat settings can be _____ to _____ on _____ costs?
 _____ thermostat be _____ certain hours _____ energy costs?
 _____ the times _____ day _____ adjust thermostat settings for _____ energy costs are?

For efficient use _____ can we _____ thermostat settings _____?

_____ it possible _____ adjust _____ save _____ energy costs in the _____ control _____?

Should _____ thermostat settings _____ climate _____ at _____ times during _____ day?

Are there _____ in _____ the _____ be adjusted _____ on energy costs?

The _____ in _____ control units can _____ adjusted _____ day.
 _____ should be _____ at certain _____ of day _____ save _____.

Can _____ us _____ best time _____ heat or _____ conditioning _____?
 _____ are _____ in _____ day when _____ thermostat should _____ adjusted _____ not use _____.

Is _____ adjust the thermostat _____ to save energy _____ units?
 _____ possible to _____ thermostat settings to _____ less _____ day?

When _____ settings, do times _____ energy?

Is _____ adjust _____ settings _____ specific _____ of _____ day to _____ energy?

Should _____ be _____ certain hours for _____ savings?
 _____ during the day _____ settings on my climate control unit _____ my energy _____.

_____ possible to get _____ about timing _____ for thermostat settings _____ climate control units, _____ lower _____?

Is adjusting _____ certain _____ in cutting _____ expenses?
 _____ to obtain _____ regarding timing adjustments for _____ settings with your hi-tech _____ control _____ lower _____?

_____ the Climate _____ units _____ at certain times of the day.
 _____ there a specific _____ of day _____ the _____ costs?
 _____ is the _____ set thermostat _____ saving energy _____ climate control _____?

Is it _____ change thermostat _____ control unit during the _____?

_____ possible _____ set _____ thermostat during _____ to save on _____?

_____ need to _____ the ideal _____ of day _____ adjust _____ optimum energy _____ when using climate _____.

Wanting to _____ energy costs, should I _____ thermostat _____ at _____ of _____?

Is _____ possible to change _____ settings _____ specific times _____ to _____ energy _____?

Is there _____ optimum _____ adjust thermostat _____ reduce _____?

Can climate control units be _____ hours _____?

_____ are times per _____ when _____ Climate control _____ need to be _____.

There are times _____ day _____ it is _____ to _____ the _____ units.

Is _____ a specific _____ the _____ you _____ adjust _____ thermostat to save on _____?

Is there _____ day when changing _____ saves money?

_____ the best _____ the thermostat _____ saving energy?

There are _____ the _____ when it is possible _____ change _____ to save _____.

_____ change _____ settings _____ save _____ energy costs in the climate control _____?

_____ it _____ guidance _____ timing _____ for thermostat settings _____ hi-tech climate _____ units, hoping _____ lower electricity _____?

_____ a time _____ I _____ set my _____ save on _____?

_____ on the _____ times of day _____ adjust thermostat settings _____ savings.

I am _____ information _____ times _____ day _____ adjust _____ settings for optimal energy _____ climate _____ units.

_____ specific _____ when climate _____ save energy?

_____ you _____ optimum _____ of _____ to _____ settings _____ order to maximize _____ savings with climate _____ units?

Can you _____ if there are specific times _____ day _____ thermostat _____ to save _____?

_____ want _____ optimal times of _____ adjust _____ optimal energy savings when _____ climate control units.

_____ climate _____ should I adjust _____ certain times?

Is _____ time _____ day when _____ thermostat saves _____ costs?

_____ adjust the _____ save energy?

_____ the thermostat for _____ the _____ units _____ certain _____ of the day.

_____ any specific _____ of day _____ for adjusting _____ settings _____ costs?

_____ best _____ to change Climate control units _____ energy _____?

It is _____ adjust _____ settings in _____ control _____ times of the day.

_____ it possible _____ adjust _____ settings at the _____ times _____ to maximize energy savings _____ control _____?

_____ you tell us _____ best time _____ change heat _____?

_____ I _____ times during _____ day to _____ my thermostat _____ to _____ my _____?

_____ it _____ save _____ costs using climate _____ during certain _____?

_____ it _____ to use domestic _____ to control temperature _____ during _____ day?

_____ are the best times _____ change climate control _____?

_____ modify _____ my climate control unit _____ during the day?

There _____ the _____ control units _____ be adjusted _____ save _____ energy costs.

Do you have times _____ the _____ you _____ the _____?

_____ times _____ for _____ thermostat settings to _____ on energy costs.

There are _____ each _____ when the _____ be used _____ the thermostats.

Should I _____ settings on _____ control unit _____ times _____ the day _____ my energy _____?

Do you _____ times _____ change thermostat _____ the _____?

_____ possible _____ the climate control unit _____ certain _____?

_____ times in _____ when you _____ thermostat settings to _____ energy?

What _____ the _____ climate control units for energy _____?

Can the thermostat _____ adjusted _____ specific times _____?

Which _____ have the best chances _____ expenses with _____?

_____ thermostat _____ in Climate control units _____ save _____ costs.

_____ day when the _____ control units can change _____ for energy _____?

Should I _____ the thermostat _____ the day _____?

_____ adjusting thermostat at certain _____ key to _____ on _____?

_____ suggest the optimum times of day _____ order to _____ energy _____ climate control units?

Is _____ to set thermostat _____ times _____ the day _____ on _____ costs?

I need information on _____ times of _____ to _____ energy _____ when using climate _____.

_____ for _____ adjustments of _____ settings

Does adjusting thermostat at _____ on energy _____?

Is it possible _____ change _____ for _____ energy _____ times of the _____?

_____ timing adjustments of thermostat settings _____ energy _____

How _____ time frames to _____ energy using my _____?

Is _____ a specific time of _____ I can set _____ thermostat _____?

_____ have _____ in _____ day when _____ can _____ the Thermostat for _____ in _____?

Can you _____ best _____ thermostat and reduce costs?

_____ alter _____ and cut costs?

Are we able to _____ for energy savings _____ the _____?

There are times of _____ the thermostat settings _____ Climate _____.

Can we change _____ times?

Are you able to _____ information on the _____ day _____ for optimal energy _____?

Is _____ possible _____ change _____ thermostat settings _____ conserve energy?

There _____ times per _____ is advisable to adjust _____.

_____ to _____ when _____ ideal times of _____ thermostat _____ for optimum energy _____ are.

Is it possible for me to _____ on timing _____ for _____ my _____?

_____ it possible to _____ guidance _____ timing _____ thermostat _____ with _____ climate control units, _____ to _____ electricity _____?

Is it possible _____ change _____ during _____ times _____?

Change _____ settings to _____ control units.

Is _____ a good idea to _____ times _____ the _____ the _____ in my _____ control _____?

_____ energy savings _____ climate _____ units, _____ advisable to adjust _____ settings _____ optimum _____ of day.

_____ it possible _____ adjusting the thermostat at _____ hours?

Is it possible _____ to give _____ ideal _____ of day to adjust _____ energy savings?

_____ suggest _____ times of _____ thermostat settings _____ order to _____ with climate control units

I would _____ to know the optimum _____ day _____ adjust _____ for _____ energy _____.

Can _____ adjusted to _____ energy _____ at _____ times of the _____?

_____ to change the _____ energy savings _____ control units on certain _____?

_____ change thermostat settings at certain _____ in _____?

To maximize energy _____ you please _____ on optimum _____ of day _____ thermostat settings?

_____ I want to save _____ while operating my _____ unit, _____ regulate my _____ times _____ the _____.

_____ tell _____ the _____ times of day _____ change thermostat _____ to _____?

_____ to _____ thermostat settings at _____ of _____ to _____ on energy costs?

Are _____ specific times of _____ thermostat settings can _____ adjusted _____ save _____?

_____ climate _____ units have _____ adjustments to _____ costs?

_____ times a _____ the _____ settings should be adjusted to make _____ not to _____?

Should _____ change _____ specific times to _____ money?

Is _____ to _____ the _____ control _____ at certain _____?

_____ to _____ thermostat settings _____ certain times of _____?

_____ have _____ the _____ adjust Thermostat settings to save energy?

_____ there _____ for adjusting thermostat _____ save _____ energy _____ with climate control _____?

_____ change thermostat settings _____ with _____ control units?

_____ thermostat _____ at certain hours for saving _____?

regulate _____ climate _____ unit during certain _____ financial _____

_____ it possible to adjust _____ settings _____ saving _____ at specific times _____?

_____ time _____ settings in _____ to save energy?

Is _____ possible to _____ help _____ timing _____ for _____ settings _____ your _____ control units, _____ lower electricity _____?
_____ information _____ the _____ times _____ day to set thermostat _____ for _____ energy _____ climate control units.

Climate control units _____ be adjusted during _____ day to _____ costs.

Do _____ have times to _____ thermostat _____ day?

Is _____ possible _____ expenses by _____ temperature at _____ moments during _____?

Is _____ possible to change the _____ settings _____ the _____?

Is it _____ change _____ certain times per _____?

_____ settings _____ Climate _____ units _____ be _____ during _____ day to save _____ costs.

Can _____ changed at _____ times _____ save energy?

Is there _____ get guidance _____ timing _____ settings with _____ hi-tech _____ control units?

Are _____ able to adjust _____ settings _____ the _____ costs?

Is there any _____ times of _____ settings for _____ energy _____ when using climate _____ units?

Is _____ a specific _____ of _____ settings can _____ to save _____ costs?

_____ times per day _____ thermostats can _____ with the Climate control units?

Optimal _____ to set _____ energy?

Climate _____ unit can _____ regulated _____ certain hours _____.

There _____ times _____ day when you _____ adjust the _____ settings _____.

For _____ AC/Heaters _____ we adjust thermostat _____ certain times?

_____ want _____ save money _____ operating my climate _____ should _____ thermostat at _____ times during the _____?

Is it possible _____ thermostat settings _____ certain _____ the _____ to save _____ costs _____ the _____ units?

Is _____ the day _____ can _____ thermostat settings to _____ costs?

_____ it _____ to _____ optimal _____ the day _____ change thermostat settings for cost _____ energy _____?

_____ you tell _____ when _____ alter thermostat _____ energy consumption _____ climate _____ units?

_____ are times in the _____ settings can _____ make sure _____ to _____ too _____ energy.

_____ possible to use _____ heating/cooling systems to _____ the _____?

There are _____ times _____ adjust _____ thermostat _____ savin' a _____

Is _____ any _____ of _____ you can adjust thermostat _____ to save _____?

_____ certain _____ per _____ when the _____ should be adjusted to _____ too _____.

_____ times _____ offer _____ best chances of _____ with thermostats?

_____ possible _____ change the thermostats for energy _____ times _____ day?

_____ a specific time that _____ control _____ on _____ costs?

Changing thermostat temperatures at _____ times _____ in reduced _____.

Is _____ possible to adjust the _____ times of _____?

I would _____ the ideal _____ of the day to _____ thermostat settings _____ optimal energy _____ control _____.

_____ to change _____ certain _____ in the _____ save on energy costs?

Can you tell me _____ is _____ alter thermostat settings _____ consumption?

There are _____ the _____ when _____ settings should _____ adjusted.

_____ there any time _____ day _____ settings to save on _____?

Is it _____ to _____ during the day _____ change _____ thermostat on _____ climate _____ unit?

Can _____ tell _____ if _____ have _____ in the day to _____?

Timing _____ can help reduce _____ costs _____ units.

_____ it _____ set _____ frames to conserve energy using _____ unit?

Do you know when is _____ time _____ thermostat _____ in _____ to _____?

_____ there _____ the _____ when you _____ Thermostat _____ for savings _____ energy costs?

_____ good _____ adjust _____ settings _____ my climate _____ unit _____ certain times of day?

_____ set _____ frames to conserve energy _____ my _____ unit?

Is _____ thermostat _____ certain hours _____ cutting energy _____?

The climate control unit should _____ during _____ hours _____.

_____ it possible to _____ settings for _____ energy costs _____ of the _____?

_____ possible _____ thermostat _____ at times _____ day to _____ energy costs?

Do _____ thermostat settings in _____ to _____ on energy _____?

Do _____ the _____ of day _____ adjusting _____ thermostat _____ on _____?

_____ possible to _____ climate control _____ at certain _____ day?

There _____ times in _____ day _____ can _____ changed _____ on energy costs.

_____ need to _____ the ideal times _____ are _____ adjust thermostat _____ for optimal _____.

Should I _____ certain times _____ to _____ the thermostat _____ my _____ unit?

_____ times _____ the day _____ to change _____ settings.

_____ settings at certain _____ of _____ saving energy?

Is it possible _____ for _____ savings at certain _____ day?

_____ regulate my _____ certain times _____ the _____ order to save money on _____ unit?

_____ possible _____ adjust thermostat _____ in the _____ units _____ certain _____ of the _____?

_____ is _____ to _____ the _____ in _____ control units _____ certain hours.

_____ you _____ when to adjust _____ for cost-effective energy _____ with _____ units?

_____ possible to _____ thermostat _____ specific _____ of the day?

_____ possible _____ advise _____ optimum _____ of _____ adjust thermostat _____ to maximize _____ savings?

Do _____ my _____ during the _____ to save _____ energy?

_____ times _____ to adjust thermostat settings _____ save _____ energy costs.

_____ possible to _____ thermostat _____ energy _____ with _____ control units _____ certain times?

_____ adjusting _____ thermostat, _____ there _____ of day?

_____ times per _____ adjust _____ settings _____ make sure _____ to use _____ much energy?

Does _____ thermostat save _____ costs at _____ the day?

_____ to set _____ settings _____ climate _____ units?

Is _____ thermostat _____ the day _____ save on _____ costs with climate control _____?

_____ be _____ to _____ with _____ on the ideal times _____ to _____ settings for optimal energy _____.

_____ the _____ when _____ settings can be adjusted to _____ energy _____.

Do you _____ day where you can _____ save energy?

Is _____ the thermostats for energy savings during _____ times _____?

_____ to cut _____ on _____ expenses _____ adjusting thermostat at certain _____.

_____ possible for _____ thermostat to be _____ certain _____?

Is _____ to change _____ temperatures at _____ to _____ energy bills?

_____ you have _____ in _____ day to _____ the Thermostat's settings _____ costs?

Can you tell me _____ optimum times of day _____ adjust _____ to _____ units?

_____ it possible to _____ the _____ at _____ the _____ for _____ savings?

Is _____ possible to advise on _____ of _____ adjust _____ settings _____ maximize energy savings _____ units?

Is adjusting _____ at _____ key _____ energy expenses?

_____ the _____ to make climate control _____ less energy?

_____ you _____ when the thermostat should _____ save _____?

Can you _____ me how to modify _____ to _____ energy _____?

Are _____ times _____ the _____ for adjusting _____ settings to _____ energy _____?

_____ setting thermostat settings at _____ times _____ energy?

_____ change thermostat settings _____ certain _____ day _____ save on energy costs?

Should I _____ time _____ conserve _____ in _____ climate _____ unit?

_____ times _____ the day when the Thermostat _____ be _____ to _____ energy?

Is _____ climate control unit _____ certain hours?

_____ are times of _____ day when _____ climate _____ adjusted.

_____ thermostat be _____ during certain hours _____ energy _____?

I _____ to _____ when _____ ideal times _____ day _____ adjust _____ for _____ energy savings.

_____ it possible to _____ the thermostats _____ energy savings _____ units.

_____ there a time _____ heat or _____ settings _____?

Do ____ have ____ when ____ thermostat settings to ____ costs?

Is it possible ____ thermostat settings ____ at ____ times during ____ day?

____ it ____ the ____ certain ____ of the ____ to save on energy ____?

The optimum times ____ day to ____ would ____ maximize ____ savings ____ climate ____.

Is ____ a specific time of ____ adjust thermostat ____ energy ____ climate control ____?

Time ____ is ____ control ____ be adjusted ____ save ____ energy costs.

It is ____ to adjust ____ Climate control units at certain ____.

____ you recommend the optimum ____ day ____ thermostat settings in order ____ energy ____ with climate ____?

____ can the ____ be changed at certain ____?

Is adjusting thermostat at ____ down ____ energy expenses?

____ time to ____ thermostat ____ for ____ with ____ units?

____ tell ____ the ____ times to change ____ thermostat are?

____ there a ____ time when ____ saves money?

____ thermostat settings, are there specific times ____ the ____ help lower my ____ costs?

Can ____ change thermostat ____ a ____?

Please advise on ____ adjust ____ settings in order to ____ energy ____ climate control ____

Are there ____ of day ____ thermostat settings ____ costs?

____ it possible to ____ timing adjustments for ____ settings ____ control units, ____ lower electricity bills?

____ there a specific ____ when ____ control ____ can be adjusted ____ on energy costs?

Is there ____ specific ____ the ____ I ____ my ____ for energy saving?

Is there a ____ day ____ thermostat ____ should be ____ on energy ____?
