

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Network coverage and availability questions
Inquiry Sub-Category	WiFi connectivity issues
Description	Customers face difficulties connecting to their WiFi network, and this category includes inquiries regarding setup, network password, range extender options, or optimization for better signal strength.
Data Size	6,436 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Can outdated firmware _____ for _____ personal networks?

Is it possible for _____ by _____ outdated firmware?

_____ possible _____ outdated software _____ personal _____?

Is _____ disrupt _____ networks?

_____ affecting _____ net work?

Poor _____ connection can _____ by _____.

_____ possible that _____ could _____ reliable connections?

Poor _____ be caused by _____.

Is it possible _____ old _____ poor _____ connections?

Lack _____ network connections _____ caused _____ firmware.

_____ archaic _____ be _____ cause of flaky _____ links?

_____ could _____ from outdated programs.

_____ connection _____ can _____ affected _____ age _____ the software.

_____ it _____ can affect personal networks?

_____ networking have to _____ with _____?

Personal wi-fi _____ may be _____.

_____ my network _____ affected _____ crummy _____?

_____ unreliable networking _____ outdated Firmware?

_____ personal _____ reliability _____ by outdated _____?

Will _____ connections _____ affected by _____?

_____ old _____ a problem _____ strong _____?

_____ possible that _____ software could _____ reliable home _____?

Is _____ old software causes problem _____ networks?

_____ could _____ outdated _____ personal network _____.

_____ ancient _____ my net _____?

_____ network _____ may _____ disrupted by _____.

Is _____ firmware _____ to _____ reliability?

_____ my _____ by crummy Firmware?

_____ firmware impede personal _____?
 Is _____ out-of-date Firmware the _____ unreliable _____?
 Is it possible _____ causes _____ people's networks?
 Is personal _____ less reliable _____ of _____?
 _____ network connecting _____ to _____ out-of-date _____?
 _____ may _____ disrupted _____ archaic firmware.
 _____ networks could be _____ obsolete _____.
 _____ it possible that _____ software _____?
 Can outdated firmware _____ network?
 _____ software may affect _____
 _____ old software _____ reliability?
 Is it possible _____ bad _____ can _____ homes?
 _____ reliability of my home network _____ outdated _____?
 _____ old-fashioned firmware _____ for _____ connections _____?
 Do _____ software pose a _____?
 Does _____ mess up _____ connection to _____ internet?
 Does _____ outdated technology affect _____?
 Does _____ firmware impede _____?
 Is _____ that old-ass _____ with making _____ internet?
 _____ old firmware _____ network _____.
 Is the _____ messing _____ connection?
 _____ old systems _____ stability?
 _____ personal wi-fi dependability?
 _____ possible that I will have _____ with _____ due _____ firmware _____ my _____?
 Is it _____ that _____ software _____ steady internet connection at _____?
 Is _____ Firmware going _____ network _____?
 Personal _____ be _____ archaic software.
 Is _____ possible that unreliable network _____ result _____?
 _____ may be problems _____ links caused _____ aging _____.
 I don't know _____ I'll face _____ on my devices.
 _____ the aged _____ affect _____?
 _____ out-of-date _____ for _____ network connectivity?
 Does aging _____ links?
 Is _____ that _____ connections _____ unreliable because _____ hardware?
 _____ dated _____ have a _____ on personal _____ links?
 Is _____ capable of _____ network _____?
 _____ it _____ that outdated software will _____ the _____ of _____?
 _____ outdated software _____ personal _____?
 Is _____ that _____ will _____ for personal networks?
 _____ outdated _____ personal networks?
 _____ I have _____ with _____ due _____ the _____ firmware on _____ device?
 _____ affect personal connected _____?
 Does using _____ stable _____ net linking issues?
 Is it _____ old software cause _____ personal _____?
 _____ hurt reliable _____ home networks?
 Could _____ software impede _____?
 Is outdated software _____ to reliable _____ in _____?
 _____ it _____ outdated _____ can cause _____ connections through personal _____.
 _____ it possible that _____ connectivity is _____ by _____ outdated _____?
 _____ possible that _____ device software _____ hurt personal _____?

_____ there _____ chance that old _____ issues on _____ networks?
 Could _____ software on _____ cause _____?
 Is _____ possible that _____ old software _____ personal _____?
 _____ ancient _____ my connection?
 Is the _____ my _____ network affected _____ equipment?
 Is _____ firmware _____ internet connection?
 The _____ software could _____.
 _____ possible that _____ network connections are caused _____ firmware?
 Does _____ affect _____ network _____.
 _____ the _____ version _____ ruin my network link.
 _____ frogged-up system messing _____ network links?
 Do outdated firmware _____ a _____ to reliable _____?
 Did _____ software _____ with _____ networks?
 _____ connectivity _____ caused by _____ firmware.
 _____ personal _____ outdated firmware?
 Do _____ personal _____ stability?
 Do you _____ the moldy firmware could _____ private _____?
 _____ that archaic _____ may interfere with personal _____?
 _____ that _____ firmware on personal _____ could cause problems.
 Is unreliable _____ connection related _____?
 Is _____ to _____ my network reliability?
 Is it _____ will affect _____ network reliability?
 _____ old Firmware capable _____ disrupting _____?
 Does _____ an effect _____ my network _____?
 _____ software _____ network _____ be to blame for _____ connections.
 _____ may _____ disrupted by old _____.
 _____ outdated _____ hurt _____ networks' _____?
 Is there a _____ software _____ disrupt _____ networks?
 Is it _____ network connections _____ by using _____ firmware?
 Is out-of-date _____ link?
 _____ software might _____ secure connections.
 _____ outdated software affect reliable _____ my _____?
 The reliability _____ be affected _____ outdated Firmware.
 Is the _____ connection _____ outdated _____?
 Is _____ impacted by _____?
 _____ software _____ up my _____?
 _____ stability _____ by obsolete systems.
 _____ outdated _____ connections _____ home networks?
 _____ be _____ by obsolete firmware.
 _____ obsolete Firmware harms _____ connections on home _____?
 _____ it possible _____ are a _____ of our _____ hardware being _____?
 _____ outdated software _____ person's _____ reliability?
 _____ the archaic frogged-up _____ with _____ links?
 _____ it possible _____ older _____ causes _____ on personal _____?
 Is _____ possible that old Firmware _____ problems _____ connections _____?
 _____ affect my network _____
 Does _____ bother my _____?
 Is _____ that _____ affect secure connections?
 _____ personal _____ by old _____?
 Network connections _____ be disrupted _____.

Is older _____ my network _____?

Is _____ messing up my _____?

Does _____ firmware disrupt _____?

_____ hurt the reliability of _____?

_____ it possible _____ impedes personal _____?

There _____ personal networks due to _____ upgrades.

_____ software causing problems _____ my _____?

_____ reliability of personal _____ impacted by _____ software _____ networking _____?

_____ possible that older software _____ the personal _____?

Are secure _____ old-fashioned _____?

There _____ link _____ due to _____.

Can obsolete _____ affect the _____?

_____ possible _____ causes poor network connectivity?

Could the _____ version ruin _____?

_____ obsolete software _____ connections _____?

_____ tied to _____ outdated firmware?

_____ connections can be _____ material.

Are outdated firmware a threat _____ home _____?

_____ a problem _____ network links _____ of _____ firmwares?

_____ possible that _____ equipment can cause connection problems.

Is _____ of my _____ by an outdated _____?

_____ it possible _____ the _____ software _____ affecting my _____ home?

Does _____ network _____ using out-of-date _____?

Do you think _____ firmware _____ connections _____ nets?

_____ the ancient _____ bad _____ my _____ net _____?

Will _____ device _____ personal _____ unreliable?

Does _____ Firmware _____ connections?

Are _____ firmware bad _____ personal _____?

_____ old software _____ internet connection?

_____ it _____ that outdated _____ might cause _____ for _____?

_____ personal _____ be less _____ software is outdated?

Is _____ possible that _____ can _____ reliable connections _____ networks?

_____ is _____ rubbishy upgrades could _____ to _____ in personal _____.

_____ firmwares _____ issues _____ network links?

_____ the reliability _____ my personal _____ affected _____ software?

Can obsolete _____ in _____ personal _____?

_____ my network reliability?

Is it possible _____ software messes _____ the _____ home?

Does _____ problems with your _____?

_____ firmwares _____ affect trusted _____.

_____ my network _____ to malfunction?

Is _____ for the _____ network _____?

Can bad network _____ be _____?

Is it _____ for _____ software to _____ connections _____ home _____?

Does _____ affect the _____ of _____ service?

Can _____ devices affect _____ reliability of _____ connections?

_____ connections might be _____ by _____.

_____ think it _____ possible _____ firmware to _____ connections _____ private nets?

_____ could _____ my network _____.

I wonder _____ outdated _____ could ruin my _____.

Does ____ old ____ connection?

Is ____ possible that ____ a ____ internet connection?

____ there ____ old software causes ____ on ____ networks?

____ I ____ trouble ____ wi-fi due to ____ software on ____?

____ it ____ software can cause problems for stable ____ networks?

____ unreliable network connections to be ____ by using ____?

____ you think ____ could botch ____ over private nets?

Is old-fashioned software ____?

Does ____ a negative effect ____ personal ____ linking issues?

Is ____ possible ____ software can ____ networks?

Is the ____ firmware ____ secure ____?

Can ____ on my home ____?

Do ____ firmware pose a threat ____ networks ____?

____ older ____ affect ____ dependability?

____ links ____ affected by that archaic ____ system?

Home network ____ by old ____.

____ outdated ____ a ____ network connection?

Is ____ firmware ____ connections ____ home ____ today?

Is ____ unreliable ____ of ____ firmware?

Is ____ my network connection is ____ due ____?

Internet reliability can be ____.

____ old Firmware ____ my ____?

It is ____ that old-fashioned ____ secure ____.

____ software ____ of my home network?

Is crummy ____ up ____ network ____?

____ wonder ____ older firmware ____ my network ____.

____ aged firmware ____ connections?

Is ____ firmware making personal ____?

____ software ____ network reliability?

____ reliability affected by older ____?

____ network connection ____ affected ____ old ____.

Personal wi-fi stability ____ be ____.

____ it ____ that old software ____ in personal ____?

____ old firmware for stable ____ networks ____ consequences.

____ think ____ moldy software could ____ over ____ nets?

Are unreliable ____ a ____ of ____ out-of-date ____?

____ it ____ that outdated ____ equipment could cause connection ____?

____ because it is ____ outdated firmware?

____ archaic software impede ____?

Reliable ____ in personal ____ be disrupted ____ outdated ____.

Is unreliable ____ outdated ____?

____ aging ____ affect network ____?

____ software messing ____ steady internet connection?

____ my ____ messed ____ by badware?

Should outdated software ____ to reliable ____ in ____?

____ firmware ____ the reliability ____ home network?

____ cause unreliable network connections?

Is ____ it has ____ software?

Is ____ from using out-of-date ____?

____ networks ____ disrupted ____ outdated firmware.

_____ the outdated firmware _____ personal _____ reliable connection _____?

Can the _____ my home _____ affected by _____?

_____ firmware bad for reliable _____ networks.

_____ archaic firmware affecting _____?

_____ using old _____ make _____ net linking _____?

Is _____ that _____ on personal network equipment _____ connection _____?

_____ old-ass software messing _____ happen?

_____ my network _____ impacted _____ software?

Do _____ firmwares _____ links?

Is the _____ software _____ equipment _____?

I want _____ if _____ causes _____ with my _____.

Can obsolete software _____ reliability _____?

Is _____ firmwares _____ for trusted _____?

Will outdated _____ affect _____ dependability _____?

_____ it possible _____ on _____ equipment could _____ problems?

Do ancient _____ any trouble _____ work?

The _____ can _____ by _____ software.

_____ a chance _____ old _____ personal network issues?

For stable connections _____ networks, _____ of keeping old _____?

_____ unreliable network connection _____ by _____ of _____?

Do _____ believe that _____ may botch connections _____ nets?

_____ Firmware affect personal _____?

_____ networking _____ because _____ outdated _____?

Will _____ outdated _____ network _____?

Does _____ network?

In regards _____ reliability, will _____ affect _____ networks?

Network reliability will _____ firmware.

_____ be _____ by archaic firmware.

Is unreliable _____ result _____ using _____ firmware?

_____ old _____ cause _____ with my _____?

_____ using old technology _____ net _____ issues?

Does _____ stuff _____ network connection?

Should _____ pose a _____ to _____ home _____?

_____ affecting my personal _____ work?

_____ outdated _____ network connections?

_____ network _____ impacted by _____ firmware.

Is outdated _____ poor network _____?

Will internet _____ be _____ by _____?

_____ a question as to whether old _____ to bad _____.

Will _____ affected by outdated _____?

Will _____ software _____ home networking system _____ the _____?

_____ be _____ within personal networks _____ rubbishy upgrades _____ to _____.

There _____ connection _____ outdated firmware.

Personal _____ be affected by _____.

Is _____ personal network equipment _____?

Is it possible that _____ causes _____ on _____?

Do outdated _____ pose _____ problem for reliable _____?

_____ it possible that _____ aged firmware _____ disturb _____?

_____ software _____ make personal _____ connected.

_____ aging _____ problems for network _____?

Is _____ any _____ that I will _____ wi-fi troubles _____?

_____ headaches _____ be caused _____ firmware.

_____ network _____ can be _____ firmware.

I wonder if _____ software brings _____ work.

_____ old _____ problems _____ stable connections?

_____ affect personal internet _____?

_____ personal _____ by archaic _____?

Can _____ links?

_____ personal _____ be affected _____ outdated _____?

_____ using old technology _____ personal _____?

_____ possible that _____ Firmware _____ cause _____ connections?

_____ old-fashioned _____ affecting _____ connections at _____?

Does using dated technology put _____ at _____ personal _____?

_____ for obsolete software _____ home networks?

_____ software on personal _____ equipment a _____ reliable _____ problems?

Is _____ possible _____ old software _____ issues?

Could outdated software _____ network _____ unreliable _____ problems?

_____ outdated software _____ to reliable _____ networking?

_____ outdated _____ connections in personal _____?

Is old _____ with _____ connection?

_____ software _____ any threat _____ home networks?

_____ outdated _____ personal network _____ to cause connection _____?

Private connection _____ affected _____ Firmware _____?

Poor _____ connection _____ be _____ outdated _____.

Aging _____ can _____ trusted network _____.

_____ old-fashioned firmware _____ secure connections _____?

Is _____ a problem with _____ to _____ software?

Is _____ firmware _____ my _____?

_____ bad _____ cause _____ with my _____?

_____ potentially compromising _____.

_____ the old _____ affect _____ network _____?

_____ outdated device _____ be a _____ networks?

_____ personal _____ may _____ slowed _____ by _____ firmware.

Are _____ networks less _____ outdated _____?

_____ stability affected by Firmware _____?

Is it _____ that _____ firmware harms _____ on _____.

_____ possible that _____ firmware _____ cause poor _____?

Will _____ that is _____ affect _____?

Stable connections _____ networks _____ risk if old _____ used.

_____ possible that _____ causes issues on _____ networks?

_____ it _____ that _____ firmware _____ network issues?

Has _____ reliability _____ home _____ affected by _____ firmware?

_____ possible _____ obsolete _____ creates connection _____?

_____ may _____ by archaic software.

_____ old software going to _____?

_____ outdated technology _____ you at risk for _____ net _____?

Could _____ on personal _____ be a _____?

Will personal _____ adversely _____ by _____ software?

Is _____ because it's _____ software?

_____ network _____ result of using out-of-date _____?

Is it ____ that ____ firmware ____ stable connections?
 ____ unreliable ____ connections ____ using out-of-date ____?

Is it ____ that ____ firmware ____ reliable ____ personal networks?
 ____ software ____ to reliable connections on ____?

Weak network connections can ____.

Is ____ firmware ____ personal networks.
 ____ a ____ with ____ to the old firmware?
 ____ hardware affect ____ network ____?

Will the outdated device software ____ networks?

Is it possible that ____ software ____ with ____ at ____?

The connected personal ____ may be ____.

____ the ____ my network?

Is ____ software bad for ____ net ____?

____ reliability ____ my ____ network affected by ____ technology?
 ____ connection ____ be affected by the age ____.

____ reliability ____ personal networks ____ be ____ the outdated ____ software.

Does using ____ technology put you ____ stable ____ net ____?

____ old-ass software ____ to have ____ internet at ____?

____ on our home networking system ____?

Can my network ____ messed ____ firmware?
 ____ software ____ the ____ of personal ____?
 ____ old software ____ with ____?

Can ____ impact ____ personal connections?

Does ____ technology ____ at risk ____ personal net linking ____?

____ outdated software could ____ with reliable ____ networks?

Is ____ due ____ the outdated ____?

____ older software affect ____?

Does old-ass ____ the ____ of ____ at ____?

Do ____ problems for trusted ____?

____ old ____ software disrupting ____ network ____?

Can bad software ____?

____ could disrupt ____ networks

____ personal wi-fi reliability affected ____ outdated ____?

____ firmware cause ____ with my connection?

____ firmware ____ reason ____ network connections?

____ personal ____ affected by ____?

____ it possible that obsolete ____ can ____ connections ____ home ____?

Is it possible ____ outdated ____ internet connection?

Does ____ software ____ networks?

Is old-fashioned Firmware ____ homes?

____ think ____ the moldy ____ could ____ the connections ____ private ____?

Can ____ software cause ____?

____ it ____ that ____ software ____ with ____ work at home?

Is using out-of-date ____ cause ____ unreliable ____?

Stable ____ within ____ might be ____ using ____ software.

Is ____ possible that ____ can ____ unreliable connections ____ networks?

____ personal networks ____ by ____ software?

____ old device ____ affect ____?

____ older firmware ____ network dependability?

Can the reliability ____ be affected ____ software?

Are ____ connections ____ of ____ out-of-date ____?

____ of our home networking ____ affected ____ firmware?

Can bad ____ network ____?

____ network ____ do aging firmwares ____?

____ possible that ____ software ____ disrupt ____ networks?

Does ____ old ____ problems with ____ linking?

The ____ of ____ may be ____ outdated software.

Is old ____ affecting ____?

Is ____ possible ____ causing problems on personal ____?

Does old-fashioned ____ affect ____?

____ outdated ____ my network?

____ obsolete ____ impact ____ of personal ____?

____ firmware ____ my network?

I ____ out-of-date ____ can ruin ____ link.

Does old-ass ____ hard ____ home to have steady ____?

Is aging ____ problem ____ network ____?

____ outdated technology ____ reliable ____ networks?

____ that outdated software ____ problems at home?

____ it ____ out-of-date software can ____ unreliable network ____?

____ possible ____ personal wi-fi reliability ____ outdated software?

____ problems with my ____ work?

Will ____ problems with ____ to old software?

The reliability of ____ connections ____ affected ____ software.

Is ____ a threat to ____ connections in ____?

Is ____ on ____ cause of connection problems?

Will outdated ____ personal ____?

Will there ____ problems with ____ the old ____ on the ____?

____ affect reliability ____ personal connections?

Does ____ software ____ my ____?

Can my ____ connections ____ up ____ bad ____?

____ it ____ there ____ with ____ caused by old software?

Is unreliable ____ caused by ____?

Is ____ the reliability of ____ home ____?

Does ____ crummy ____ my ____ dependability?

Does outdated ____ cause ____ networks?

Is the ancient ____ messing ____?

Do crummy ____ reliability?

Is ____ to an ____ software?

____ the reliability ____ my ____ be affected ____ old ____?

____ it possible ____ causes poor ____ connectivity?

____ using dated technology ____ to personal ____ links?

outdated firmware ____ network equipment could ____ unreliable ____.

____ software screw with reliable ____?

Is ____ network ____ a problem?

____ outdated device software ____?

Can ____ on personal network equipment ____ problems?

____ network ____ because of ____ firmware?

____ outdated software ____ problem to reliable ____ networks ____?

____ it possible that ____ firmware ____ issues ____ networks?

Will ____ software affect ____ connection?

_____ outdated software causes issues with _____ internet?

Could out- of-date _____ link?

Is old software _____?

_____ firmware _____ for unreliable network _____?

_____ software affect _____ internet _____?

Is it possible that _____ is _____?

_____ on personal network _____ to blame _____ unreliable connections?

Reliable _____ disrupted by _____ firmware.

_____ this ancient _____ ruin _____ connection to _____?

_____ technology bad _____ net linking issues?

Does old-ass _____ mess with _____ internet access _____?

Could _____ software on _____ network _____?

_____ Firmware affecting _____ connection?

Do _____ think the Firmware _____ botch connections _____?

Is _____ due _____ technology?

Do _____ firmware _____ a _____ connections?

_____ affect personal internet _____?

Is _____ possible that outdated _____ could _____ a problem _____?

_____ be impacted by outdated _____.

Does _____ dated technology _____ negative impact _____ linking?

Older _____ networks?

_____ software _____ it hard to _____ steady internet at _____?

_____ old-fashioned firmware _____ affect secure _____.

_____ software lead to unreliable connections on _____?

_____ the _____ of my _____ be affected _____ the _____ software?

Will _____ connections _____ by _____ software?

_____ unreliable networking _____ by _____?

Is it _____ old software causes _____ networks _____?

_____ software _____ personal _____ less reliable?

_____ a problem with my internet connection?

_____ it _____ that unreliable _____ connections _____ caused _____ using out-of-date _____?

Is _____ issues _____ networks due to old software?

Is _____ possible that old firmware _____ poor _____?

Is personal connections _____ by _____ networking _____?

Is _____ bad _____ home _____?

_____ old _____ interfere with _____?

Is _____ software _____ for _____?

Is outdated _____ personal _____ a _____?

_____ that out-of-date version _____ my _____ link.

_____ old-ass software _____ with _____ internet _____ home?

Is _____ software may _____ issues for _____ networks?

Is _____ archaic frogged-up _____ problem with our _____?

_____ it _____ that archaic _____ may _____ personal _____?

_____ possible that _____ software could _____ networks?

Is _____ possible that _____ software _____ could _____ them?

Can _____ reliability of connections _____ my home _____ affected _____?

Is it possible that _____ software causes _____?

_____ home networks can be _____ obsolete firmware.

_____ firmware pose _____ threat _____ networks?

Is it _____ that _____ software may impede _____?

_____ this ancient firmware ruin _____?

_____ firmwares may _____ for network _____.

Is it _____ could cause issues _____ network?

_____ that _____ Firmware causes connection _____?

_____ Firmware bad _____ personal net _____?

_____ stability _____ by the age of the _____?

Will internet _____ compromised by _____?

_____ old _____ interfering with my _____?

Are _____ going _____ be _____ because of _____ device software?

I question if _____ issues with my _____.

Problems _____ wireless _____ could _____ caused by vintage _____.

_____ networks _____ be adversely affected _____ device _____.

Does old-ass software _____ difficult _____ internet at _____?

_____ reliability _____ my home network _____ old Firmware?

Is outdated firmware _____ for _____?

Is _____ archaic _____ might impede personal _____?

_____ networking _____ because _____ obsolete _____?

_____ it possible that _____ personal network _____ cause problem?

Is it possible _____ is _____ my _____ to fail?

Do old _____ wi-fi _____?

Is it possible _____ the _____ might botch _____?

The _____ of personal connections can _____ outdated _____.

_____ it _____ network connection _____ result from using _____ software?

_____ badware _____ my network _____?

Is _____ that _____ software _____ affect secure connections _____?

_____ software mess _____ my _____?

Is ancient software _____ net _____?

_____ the _____ of personal _____ impacted _____ outdated _____ software?

_____ possible _____ old _____ causes issues _____ personal networks?

_____ it _____ that _____ could cause unreliable connections _____ personal _____?

Is unreliable network connection _____ using _____ date _____?

_____ obsolete _____ connections on home _____?

Is the _____ firmware causing _____ for personal _____?

Does _____ software _____ it _____ you to _____ steady _____ at _____?

_____ software may pose a threat to _____ today.

Will old _____ personal _____?

Is _____ possible _____ outdated software can _____ home _____?

_____ connections _____ be _____ software in networking devices.

Is _____ networking related _____?

Is aging _____ links?

Will _____ affect personal _____?

Is it possible that aging software _____?

_____ software affect my _____.

Is it possible that out-of-date _____?

_____ stability can be _____ the age _____ firmware.

_____ can _____ disrupted by _____ firmware.

Is _____ network _____ the _____ firmware?

_____ using dated _____ net links?

Is _____ of personal _____ by _____ software in _____ devices?

_____ software can _____ reliability _____ personal _____.

_____ software _____ with _____ connections in personal _____?
 _____ connection _____ result _____ using outdated software?
 _____ messing with secure _____?
 Can outdated _____ with a _____?
 _____ have trouble with _____ internet _____ the _____ on my device?
 _____ old-fashioned _____ messing _____ secure _____ at _____?
 _____ possible for _____ software _____ disrupt _____ links?
 Is _____ that _____ on personal network _____ causes _____ problems?
 Is my _____ reliability going _____ be _____ older _____?
 _____ it _____ obsolete _____ harm home networks?
 Is _____ by outdated _____.
 Does using old software _____?
 _____ networks _____ by rubbishy upgrade.
 _____ dated _____ net linking issues?
 Does old _____ personal _____?
 _____ using _____ problems _____ personal networks?
 _____ wonder if outdated software _____ with _____ internet.
 _____ networking _____ to an outdated _____?
 Are flaky _____ by the archaic _____ system _____?
 Is _____ for _____ firmware _____ cause _____ personal networks?
 Will old software affect _____?
 Can _____ software _____ secure connections _____?
 Will older _____ internet _____?
 _____ there connection _____ by outdated _____?
 In terms of _____ outdated device _____ disadvantage _____?
 _____ it _____ bad _____ causes _____ internet problems?
 Problems with stable _____ can _____ using _____ firmware.
 _____ it possible _____ software will _____ internet _____?
 _____ a _____ that _____ software causes issues _____ networks?
 _____ old technology disrupt _____ in _____?
 My _____ work _____ be affected by _____ ancient _____.
 Does _____ old _____ in _____ networks?
 _____ could _____ by outdated network _____.
 Will _____ firmware affect _____ reliability?
 Is it _____ firmware might _____ networks?
 _____ the _____ affect my network's _____?
 Is _____ technology _____ for _____ linking?
 _____ using dated technology _____ with _____ net _____?
 Is it _____ firmware can _____?
 Do _____ think _____ moldy _____ can _____ connections _____ private _____?
 _____ personal internet _____ impacted by outdated _____?
 Can _____ connections be _____ by _____?
 Is it _____ unreliable _____ are due _____ outdated _____ our _____ hardware?
 Is _____ networking _____ to _____?
 _____ software _____ reliable internet _____ own?
 _____ old _____ affect _____ network _____?
 _____ possible that outdated software _____ issues _____ internet?
 Does old-ass software make _____ to _____ at _____?
 _____ antiquated _____ a _____ to reliable connections _____ networks?
 _____ crummy _____ messing _____ network?

Is _____ that archaic firmware _____ impede _____?

Does old-ass _____ ruin the _____?

_____ software _____ network connections?

_____ unreliable network connection _____ result _____?

_____ software _____ reliable _____ personal networks?

_____ make it hard to _____ steady internet _____?

Will outdated _____ affect _____ dependability of _____ home _____?

Does outdated _____ fi reliability?

_____ that _____ firmware can cause poor network _____?

_____ possible _____ outdated software on personal network _____ unreliable _____ problems?

_____ old-ass _____ make it difficult _____ maintain _____ home?

Should _____ be affected _____ software?

Is it _____ that _____ firmware _____ networks?

Is _____ software _____ for network _____?

Aging firmwares could cause _____.

_____ it _____ that old _____ causes poor _____?

Does using dated _____ hurt _____?

_____ firmwares _____ for trusted _____ links?

Will the _____ network?

_____ software can cause _____ to my _____ work.

Does _____ software _____ your network?

_____ it _____ software _____ cause _____ for personal networks?

_____ old-ass software make it hard to _____ home?

_____ it possible that I _____ troubles _____ to old _____ my _____?

Does using dated technology pose _____ personal _____?

_____ Firmware going to _____ problems?

Connection hitches _____ a risk _____.

_____ personal internet stability _____ old _____?

_____ of my home _____ by outdated software.

Is _____ aged software causes network _____?

_____ stability can be affected _____ the _____ of _____.

Does _____ with _____ network?

_____ it possible _____ outdated software could disrupt _____ connection _____?

Is that archaic _____ system _____ of flaky _____?

Is it _____ I will face wi-fi _____ to _____ firmware on _____?

Does outdated _____ connections in _____?

_____ software _____ personal networks?

_____ is possible _____ may impede personal _____.

_____ software _____ my personal net _____?

_____ it possible _____ outdated _____ cause _____ in personal _____?

_____ of _____ networks may be _____ outdated _____ software.

_____ connections within personal networks can _____ using _____.

_____ old-ass _____ messing with _____ internet work at _____.

Do aging firmwares _____?

_____ firmware _____ reliable connections _____ personal _____?

_____ the older _____ affect _____ connection?

_____ the _____ impact my network _____?

_____ software _____ personal networks.

Personal connections can be _____.

Does old-ass _____ difficult _____ up a stable internet _____ home?

The _____ networks will be _____ outdated device software.
 _____ can cause _____ network _____.
 _____ there _____ the old firmware?
 _____ firmware capable of _____ connection _____?
 Does _____ issues with _____ networks?
 _____ possible _____ old software _____ networking _____?
 Is it possible that _____ through personal _____?
 _____ it possible _____ Firmware _____ personal network _____ cause _____ problems?
 _____ the _____ of _____ software _____ problems with personal _____?
 _____ unreliable network _____ consequence _____ out-of-date firmware?
 _____ possible that there are problematic _____ due _____?
 _____ there _____ problem with stable connections _____ using _____?
 Does dated _____ the _____ of personal _____ issues?
 _____ device software affect _____ of _____?
 Is it possible _____ software _____ for _____ through _____ networks?
 _____ ancient _____ net work?
 Is unreliable network _____ result _____ outdated _____?
 _____ that _____ software _____ making internet at home?
 _____ that _____ has an impact _____ personal networks?
 Could outdated software on _____ equipment _____ to _____?
 _____ old _____ affect _____ network _____?
 _____ you _____ if there are _____ connections due _____?
 Is _____ net work at risk because _____?
 Will obsolete _____ personal _____?
 _____ out-of-date Firmware _____ of unreliable network _____?
 _____ software affect _____ stability _____ networking system?
 _____ my personal _____ work affected _____ firmware?
 Can _____ software _____ of personal _____?
 Does _____ older _____ affect _____ issues?
 _____ it _____ network connection is _____ using out-of-date software?
 _____ old _____ bad for _____.
 _____ old _____ network connections?
 _____ network _____ impacted by old _____?
 Does using _____ affect _____ net _____?
 Can _____ home _____ connections?
 Is it possible _____ outdated _____ a _____ connection?
 _____ there an old _____ compromising _____?
 _____ it possible _____ the _____ on personal networks?
 Connection _____ old _____ is _____ possible _____.
 _____ old software _____ connections _____ networks?
 _____ your archaic _____ flaky network _____?
 _____ my network _____ jeopardized _____ version?
 _____ the bad _____ network connections?
 Does _____ technology _____ net linking?
 _____ it _____ my network _____ malfunctioning _____ of an _____ firmware?
 _____ it _____ personal networks are affected by _____?
 Do ancient _____ cause _____ work?
 Your _____ networks may _____ firmware.
 Is _____ that _____ software causes _____ on _____ networks?
 _____ outdated _____ software _____ personal networks?

____ it ____ that old software can ____ for ____?

Is ____ possible ____ could ____ connections?

It ____ that ____ impedes ____ networks.

Is ____ to home ____?

Does old-ass ____ making a steady ____?

____ it possible ____ software will ____ personal networks?

____ stability can ____ affected by the age ____.

____ on network ____ responsible for connection ____?

____ affect personal connections?

____ connections be ____ by using outdated ____?

____ use of ____ problems with personal networks?

Keeping old ____ for ____ connections ____ personal ____ consequences.

It is ____ that ____ may impede ____.

Is my ____ reliable ____ of ____?

Can outdated ____ harm ____ networks?

____ personal networks ____ to be less ____ due ____ software?

____ problems with your network?

____ it ____ software causes network ____?

____ reliability affected by older ____?

Is ____ software affecting ____ of ____ home ____?

Does outdated ____ connections in ____?

____ firmware ____ of poor ____ connectivity?

Old-fashioned firmware ____ secure ____.

Does ____ software ____ in ____ networks?

____ unreliable ____ tied to ____?

Does outdated ____ personal networks?

____ you think ____ may botch ____ over the ____ nets?

____ that ____ software on network ____ could lead ____ connections?

____ connections ____ be ____ the outdated ____.

Is ____ reliability ____ my ____ by outdated Firmware?

____ may ____ personal networks.

____ hardware affecting ____ network ____?

I wonder if ____ software could ____ reliable ____.

____ networks may ____ impeded by ____.

It is ____ that ____ impedes ____ networks.

____ personal ____ by outdated ____ software?

Can obsolete software ____?

____ it possible ____ outdated network ____ could ____ connection ____?

____ software make it harder ____ get reliable ____?

____ personal ____ be ____ outdated device software?

____ it ____ firmware will disturb ____?

Is ____ unreliable network connections?

obsolete ____ affect personal ____.

____ software ____ network connections?

Is ____ possible ____ networking ____ unreliable because of ____?

Can outdated device ____ networks in terms ____?

The ____ of connections on ____ network ____ affected by ____.

____ reliability ____ by ____ out-of-date firmware?

In ____ reliability will ____ software affect ____ networks?

____ chance ____ my network ____ malfunctioning due ____ outdated software?

_____ using _____ for _____ personal net linking?
 Can _____ my connections?
