

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Check engine light is on
Inquiry Sub-Category	Fuel System Issues
Description	Customer inquiries related to the check engine light being on due to fuel system problems, such as a faulty gas cap, oxygen sensor, or fuel injector.
Data Size	7,446 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Could a ____ fuel ____ trigger ____ engine light ____?

Would ____ in ____ fuel injection ____ expose ____?

Is the ____ light ____ triggered ____ faulty fueljector?

____ it ____ for flawed ____ to ____ lights?

Is ____ possible ____ check engine light ____ triggered by ____ injector?

Is ____ a chance ____ could ____ by a damaged injector?

Is there ____ chance ____ an ____ fuel injector could ____?

Is my check ____ a ____ injector?

____ the check ____ indicator ____ by an ____ fuel ____?

Is the ____ light showing ____ malfunctioning ____?

____ engine light ____ triggered ____ a broken ____ injection?

Can the check ____ turned ____ a damaged injector?

Is the check ____ activated by a ____?

There would ____ check ____ there was ____ fuel Injector.

The check engine ____ could ____ broken fuel ____ to cause ____.

____ check ____ could be connected ____ a ____ fuel injection.

Is ____ possible that the ____ by faulty ____?

Is ____ that ____ engine light is caused by ____?

The engine ____ might ____ by a ____ Injector.

Is ____ engine ____ malfunctioning injector?

____ alert may have ____ by an issue ____ injector.

Does ____ engine ____ come ____ a faulty fuel ____?

Would there ____ if ____ injection system ____?

____ check ____ light could be caused ____ Injector.

____ it possible ____ a damaged ____ cause ____ engine indicator ____ go ____?

____ bad fuel injection ____ an ____?

____ the check engine warning possible due ____?

____ it ____ that ____ causes an alert?

Is there ____ an ____ fuel ____ triggering ____ alerts?

____ a fuel injector unreliable ____ a ____ alarm?
 ____ chance that ____ injectors will ____ check engine lights?
 It ____ an incorrect fuel injection ____ engine ____.
 ____ check engine lights ____ with ____?
 Does ____ engine warning ____ after a faulty ____?
 ____ unreliable fuel ____ alarm?
 Is ____ check engine light ____ faulty fuel ____ is ____?
 The check engine ____ may ____ to a broken ____.
 ____ warning might ____ a result of a ____.
 ____ an ____ fuel ____ cause the warning sign ____?
 Engine lights ____ by flawed ____.
 The check engine ____ might ____ caused ____ a ____.
 ____ the ____ lights ____ of flawed injectors?
 Does a ____ injector cause ____?
 ____ be activated by a flawed injector?
 ____ engine light warning ____ by ____ malfunctioning ____ injection?
 ____ a ____ the ____ cause ____ lights?
 The ____ engine ____ be triggered ____ a faulty ____.
 ____ it possible ____ incorrect ____ could cause an ____?
 ____ possible that a ____ engine indicator to blink?
 Will ____ signal come from a ____ injector?
 ____ check engine ____ is triggered ____ a damaged ____ possible?
 ____ engine ____ can come on ____ a ____ injection is ____.
 ____ the check ____ go off when there ____ a ____?
 Is ____ possible for a check ____ warning ____ set off by ____?
 ____ be ____ a faulty injector.
 The ____ engine warning might ____ caused ____ injectors.
 ____ warnings may be ____ fuel injection.
 An issue ____ the injector ____ CEL ____.
 ____ warning ____ be affected by ____ up injector.
 The check engine ____ could potentially ____ faulty ____.
 Is ____ engine warning possible ____ a ____ injector?
 Is ____ a ____ malfunctioning injectors ____ engine ____?
 ____ light ____ be ____ result of ____ faulty injector.
 A ____ light warning may ____ by a ____ fuel ____.
 ____ it ____ the ____ engine ____ to go off ____ injector ____ damaged?
 The ____ engine indicator could ____ by ____ Injector.
 A check ____ icon ____ by a faulty ____ injector.
 Is ____ possible for ____ fuel ____ to cause an ____?
 Is ____ check engine ____ a faulty ____ injector?
 Will a malfunctioning ____ injector cause ____ blink?
 There ____ a ____ engine light ____ by ____ bad fuel injection.
 ____ issue with ____ injector ____ set ____ that alert.
 It ____ warning sign check ____ by inadequate fuel injection.
 ____ broken fuel Injector cause ____ engine light ____ on?
 ____ check ____ light would ____ if there ____ a ____ injector.
 The check engine light ____ could ____ by a ____ system.
 I wonder ____ the check engine ____ of a ____ injection.
 Should ____ engine ____ triggered by a ____ injector?
 ____ be caused ____ faulty injectors.

_____ displays _____ by damaged injector?
 Check _____ if there's a _____ injector?
 Did the _____ light _____ due to _____ broken fuel _____?
 Would _____ if the _____ malfunctioned?
 _____ check engine _____ may _____ activated _____ a faulty _____.
 _____ the check engine light icon come _____ there _____ injection?
 Could _____ check _____ by a broken fuel _____?
 The check _____ may be _____ if the _____.
 Could _____ issue _____ the injector _____ alert?
 Does _____ engine _____ icon _____ to a defect in _____?
 A check engine _____ possibly _____ activated by _____ imperfect _____.
 _____ could _____ issue with injector _____ off the _____ alert.
 _____ it possible _____ the engine alert could _____ injectors?
 Can the _____ engine _____ be _____ a _____ injection?
 _____ light could be caused by _____ bad _____.
 Check _____ be set _____ by _____ incorrect fuel _____.
 The _____ indicator may be _____ an imperfect _____.
 Is _____ check engine _____ is _____ to malfunctioning injectors?
 _____ light displays _____ damaged injector?
 _____ check _____ warning _____ by faulty _____?
 _____ there a _____ indicator _____ be _____ by _____ imperfect fuel injector?
 Can an issue _____ injection _____ cause _____ check _____ to light _____?
 Can _____ check engine _____ be caused _____ a _____?
 The _____ light _____ could be _____ by the faulty _____.
 _____ a faulty injector cause _____ on?
 A _____ alarm can _____ an _____ fuel injector.
 _____ the _____ warning able to be activated _____ a _____?
 Is it possible _____ a _____ fuel _____ the _____ engine light _____ light _____?
 Could an _____ fuel injection _____?
 Check _____ be _____ by _____ injectors.
 Does _____ check engine warning _____ off _____ a faulty _____?
 Will _____ malfunctioning fuel _____ warning?
 A _____ engine light warning _____ caused by _____ pump.
 _____ check _____ come _____ a faulty fuel injection _____?
 Did the _____ engine light _____ on _____ malfunctioning _____?
 Can the check engine warning _____ activated _____ there _____?
 _____ engine _____ may be due _____ faulty injection.
 _____ check engine light just _____ of a _____?
 _____ light _____ on _____ there is a busted _____ injector?
 Does _____ check _____ icon correspond to _____ fuel _____?
 _____ the check _____ light _____ by _____ malfunctioning fuel _____ system?
 _____ warning light be activated by _____ injection?
 _____ it possible that _____ injectors _____ check _____ light?
 _____ a _____ a _____ engine indicator?
 Any chance _____ a _____ fuel injector would _____ to _____?
 _____ that check engine _____ going _____ because _____ busted _____ injection?
 Could the _____ engine be _____ by inadequate _____?
 Could _____ warning sign _____ be created _____ to _____ fuel _____?
 _____ the _____ Engine light caused _____?
 Is _____ check engine light _____ bad fuel _____?

Can ____ check ____ on if the injector ____?

There ____ be ____ with the ____ off the ____ alert.

Can ____ issue ____ cause the ____?

Does ____ check engine ____ on ____ a busted ____ injector?

____ the check ____ alert ____ by the ____ injector?

____ could be triggered by ____ injectors.

Is ____ the check engine ____ is caused ____ injector?

Is ____ a check ____ if ____ is ____ Injector ____?

____ there ____ check engine alert ____ to ____ incorrect fuel ____?

____ issue ____ the injector ____ cause ____ alert ____ off.

____ fuel injectors cause the ____ light to go ____?

____ it ____ damaged injector can cause ____ check engine ____ blink?

____ that an ____ fuel ____ cause an ____ alert.

Is ____ for ____ faulty fuel injector to ____ engine ____ go off?

Is that ____ engine ____ some ____ with the fuel ____?

The ____ be ____ if ____ faulty injector is involved.

Is a ____ injector ____ blame ____ the ____ engine ____?

Is there a chance a ____ injection ____ that ____ to ____?

____ unreliable fuel ____ prompt ____ alarm.

Is ____ fuel injection ____ cause an engine ____?

Will the ____ engine alert ____ incorrect ____ injection??

____ that check engine ____ because ____ trouble with ____ fuel injection ____?

Would ____ check engine ____ on if ____ injection ____ broken?

Check ____ lights could result ____.

Is ____ possible for ____ fuel ____ the check engine warning?

____ the engine ____ light ____ on if there is ____?

The check engine ____ by a faulty fuel ____.

____ engine ____ be ____ by a broken fuel ____?

____ fuel ____ cause an engine ____?

There is ____ chance ____ a bad ____ injection ____ to light ____.

____ check engine ____ could ____ activated ____ a fuel ____ imperfect.

____ light displays might ____ by ____.

____ the check ____ warning ____ to a ____?

____ injection ____ mean a ____ light.

Would warning ____ off ____ was faulty?

Engine ____ may ____ malfunctioning injectors.

The ____ engine ____ might be ____ incorrect ____ injection.

____ check ____ warning ____ to be affected by ____ messed ____?

The check ____ be ____ a bad ____ injector.

Is ____ CEL ____ possibly set ____ an ____ the injector?

Can ____ the ____ engine light to illuminate?

Is there a ____ if ____ injectors ____ malfunctioning?

____ possible ____ the ____ injection ____ to cause the ____ engine ____?

____ the engine ____ by a ____ injector?

____ a problem with ____ injector ____ caused ____ CEL ____?

____ check ____ indicator ____ be ____ by an imperfect fuel ____.

____ check engine warning ____ if a faulty ____ present.

Does ____ unreliable fuel ____ prompt ____?

Is ____ engine light something to ____ with ____ hassle?

Maybe the ____ is due to ____ faulty ____?

Is it ____ of ____ injector ____ that check engine ____ on?

There ____ a ____ a ____ injection ____ make that light ____.

Is ____ engine ____ an faulty injection?

____ bad ____ injection could ____ to go up.

____ check engine indicator might ____ to be ____ a ____.

The check engine ____ might ____ on ____ the ____ injector ____.

____ engine ____ can result ____ flawed ____?

____ light ____ be due to a ____ in the ____.

____ bad fuel injector would cause that ____ to ____.

____ a busted ____ a check ____ to come on?

The check engine alert ____ fuel injection.

____ warning ____ be created by insufficient fuel ____.

Would ____ light come on ____ broken fuel ____?

____ check engine ____ be activated by ____ injection.

The ____ can be ____ on ____ a faulty ____ injection.

____ check ____ warning is ____ to an faulty ____.

The check-no ____ indicator might ____ activated by the ____.

Engine light may be ____

The ____ engine warning ____ faulty injectors.

Might ____ check engine ____ created by ____ injection?

____ check engine light ____ on if there's a ____?

I want ____ know ____ check ____ on ____ a bad fuel injection.

____ engine warning if there ____ faulty injectors?

____ check ____ warning ____ be ____ by a ____ injector.

the check engine light ____ a ____ injector

The check ____ be triggered ____ an ____ with the fuel ____.

____ engine light could come ____ because ____ broken fuel ____.

____ that check ____ light a ____ some ____ injector hassle?

____ there a check ____ warning ____ there is ____?

Is it ____ of the ____ that the ____ light ____ there?

The ____ warning might ____ by an incorrect ____.

A faulty ____ an engine ____ warning.

A ____ engine ____ can ____ a result of ____ fuel ____.

Will the ____ alert come ____ of an incorrect ____?

____ possible ____ an incorrect fuel ____ could cause ____ engine ____?

Is there ____ for ____ fuel injector to ____ engine warning?

____ possible ____ checked engine indicator to ____ triggered ____ a damaged ____?

____ warning ____ triggered ____ a faulty Injector?

Is ____ a ____ the fuel injector ____ faulty?

____ fuel ____ means ____ light?

____ check ____ can ____ a ____ a bad fuel injection.

Does ____ faulty ____ warning light to flash?

Is it possible that ____ check ____ could be ____ with ____?

____ a ____ engine ____ a fuel injector is ____?

____ check engine ____ related ____ the ____ injection hassle?

____ it possible ____ the check ____ light is ____ a faulty ____?

Would the ____ engine ____ if ____ fuel ____ was broken?

Could there ____ an issue ____ that ____ alert?

Is there a ____ an incorrect ____ could ____ warnings?

____ with ____ injector could ____ set ____ that CEL ____.

____ the ____ alert ____ in the injector?
 Could an ____ engine alert?
 Engine alerts may ____ triggered ____ an ____.
 Can ____ engine ____ be messed ____ a ____ Injector?
 There ____ a ____ a ____ fuel ____ would ____ that ____ to ____ up.
 ____ motor ____ can be ____ unreliable fuel injection.
 Is ____ that ____ faulty ____ could cause ____ check engine ____ blink?
 The check engine light ____ a malfunctioning ____.
 ____ engine alert be ____ by incorrect fuel ____?
 ____ check engine light ____ by ____ fuel injection?
 Is ____ unreliable fuel ____ a ____ alarm ____?
 ____ fuel injection ____ checklights?
 ____ is a check ____ light ____ on if there is ____ busted ____.
 ____ chance that a faulty ____ the check engine ____ to ____ off.
 Can ____ fuel injector ____ motor ____?
 Is ____ for a ____ be triggered ____ a damaged injector?
 ____ check engine warning caused ____ injector?
 A ____ engine light icon ____ triggered by ____ injection.
 ____ a faulty fuel injector cause a ____ go ____?
 ____ for a bad fuel injection ____ a ____ engine ____?
 Will ____ caused ____ flawed injectors?
 ____ check ____ warning is ____ up ____ a messed up ____?
 I am ____ my check ____ is ____ bad fuel injection.
 I am wondering if ____ engine ____ a bad fuel ____.
 The check ____ could be ____ fault in ____ injector.
 ____ check ____ light icon triggered by ____ defect ____ fuel ____?
 The check engine light ____ bad fuel ____.
 ____ fuel injection ____ that ____ warnings?
 The check ____ be ____ to ____ malfunctioning fuel injector.
 ____ check ____ may ____ of a faulty injection.
 ____ check ____ come on ____ of a bad fuel ____?
 I ____ if ____ check ____ because of a ____ fuel injector.
 ____ check engine light ____ of ____ bad fuel ____?
 ____ check ____ light ____ a problem with ____ fuel ____ system?
 A ____ fuel injection can ____.
 ____ possible that the ____ engine ____ is activated by ____ imperfect ____?
 Does ____ check engine light come ____ bad ____?
 The ____ engine light could ____ a ____ fuel injector.
 A ____ light ____ be triggered by ____ issue ____ a ____.
 ____ check ____ could be due ____ malfunctioning ____.
 Will the ____ and ____ the ____ engine ____?
 ____ check ____ light warning could be triggered ____ fuel ____.
 A ____ engine alert ____ possible if ____ malfunctioning.
 ____ warning ____ check ____ could be created if ____ inadequate.
 ____ check engine indicator ____ triggered ____ an ____ fuel ____ device.
 ____ checked engine alert be caused ____ an ____?
 ____ warning ____ be messed ____ by ____ messed up injector.
 ____ the ____ be triggered ____ a ____ injector issue?
 ____ warning affected by a messed ____ injector?
 ____ light ____ be caused by ____ injector.

_____ a _____ incorrect _____ injector triggering engine alert?

_____ an incorrect _____ set _____ alert?

There is a _____ that _____ bad fuel injection.

_____ it _____ that _____ in _____ injectors _____ cause the _____ alert?

_____ it _____ cause _____ engine indicator _____ go _____ a damaged injector?

_____ check _____ warning jeopardized _____ a messed-up _____?

Is my check _____ malfunctioning _____ of _____ fuel _____?

_____ an issue with _____ cause the light to _____?

_____ the _____ engine _____ be _____ by _____ malfunctioning _____ injector?

_____ it possible that _____ could _____ the _____ sign _____ engine?

The _____ warning _____ be activated _____ a faulty _____.

The check _____ could _____ turned _____ a faulty _____.

_____ a fuel injection issue _____ light _____ flash?

_____ warning may be _____ by a faulty _____ system.

_____ may be related to _____ fuel injector.

_____ can be produced _____ injectors.

_____ that a busted fuel _____ could _____ engine light _____ come on?

_____ issue with a _____ cause the check _____ light _____ come _____?

_____ possible for a _____ malfunction _____ cause _____ check engine _____?

flawed _____ engine lights

The check _____ indicator could _____ by _____ fuel _____.

_____ engine _____ triggered by a faulty _____ injection?

_____ engine _____ may be activated _____ are involved.

The check _____ possibly be activated by _____ fuel _____.

_____ check engine _____ turn on _____ is _____ damaged injector.

Does the check _____ light _____ come _____ if _____ faulty _____ injector?

_____ might be _____ by _____ faulty _____.

_____ the engine _____ activated _____ a _____ injector

The _____ engine _____ caused by _____ Injectors.

A check _____ might _____ by _____ faulty injector.

Is _____ a _____ that _____ busted fuel _____ cause _____ light _____ come on?

Is the check _____ triggered _____ a faulty _____?

The warning sign check _____ might _____ been _____ inadequate _____.

The check _____ light may _____ malfunctioning injector.

Can the _____ engine _____ be _____ by _____?

Can _____ check _____ light be _____ a _____ fuel injection?

Is that _____ light _____ to _____ trouble with the _____?

Is it _____ that _____ fuel _____ can prompt _____ alarm?

_____ engine _____ on if the _____ is faulty?

_____ incorrect _____ injection system discover _____?

_____ there _____ with the injector that set _____?

_____ check engine _____ triggered by _____ fuel inlet?

_____ the check engine _____ come _____ Injector?

_____ the check _____ due to a faulty _____?

Is _____ check _____ activated _____ there is _____ injectors?

_____ possible for _____ cause the check engine warning.

The _____ light might _____ to a _____ with _____ injector.

Is that _____ engine light _____ that's _____ fuel injector _____?

_____ check _____ indicator be _____ by _____ imperfect fuel _____?

An _____ with _____ injection can _____ the check engine _____ off.

Are the check _____ injectors?

Might _____ injector cause _____ to _____ up?

Will the check _____ warn _____ a _____ fuel _____?

_____ the warning _____ check engine _____ if _____ insufficient _____ injection?

_____ be triggered by an unreliable _____.

_____ is _____ bad fuel injector?

Is _____ with _____ have set off that alert?

A check engine _____ might _____ triggered _____ fuel _____ device.

Would _____ mistake _____ the fuel _____ reveal _____?

_____ fuel injector cause _____ check engine _____ to come _____?

_____ malfunctioning injector cause _____ light?

Is the check engine _____ of _____ busted fuel injector?

_____ an _____ injector _____ that alert?

_____ engine _____ set off _____ incorrect fuel injection?

_____ the check _____ light _____ with _____ fuel injection system?

Does the check _____ happen if _____ bad fuel _____?

_____ malfunctioning _____ an engine _____ to _____?

Will a _____ be _____ unreliable fuel injector?

_____ with the injector that caused that CEL _____.

_____ the check _____ warning be _____ up by _____.

The _____ engine light _____ be triggered _____ a _____ fuel _____.

_____ malfunctioning _____ injection _____ an engine light to _____?

The _____ engine indicator _____ be activated by _____ fuel _____.

Is _____ a _____ in _____ injector _____ could _____ an engine _____?

Is _____ a _____ an incorrect _____ could cause an _____?

_____ engine _____ on if the injector is _____?

Can _____ issue with the fuel _____ engine _____ to go _____?

_____ faulty _____ cause the _____ engine _____?

_____ possible that an _____ fuel injectors will _____ alarm?

_____ light _____ be caused by _____ faulty _____ injection pump.

Do _____ light from _____ fuel injector?

I'm _____ the _____ light is _____ because of _____ bad _____ injection.

_____ check engine _____ be _____ bad fuel injector.

Is it _____ fuel _____ can _____ check engine light?

_____ bad _____ Injector cause _____ light?

_____ light _____ if there was a broken fuel _____?

Is _____ check engine _____ an imperfect _____ system?

_____ check engine light come _____ because _____ a fault _____?

_____ an _____ with a fuel injector cause _____ engine _____ off?

I _____ to know _____ issue _____ caused that _____ alert.

_____ check _____ may _____ triggered by a _____ fuel injection.

_____ a _____ up _____ my _____ engine warning?

_____ the _____ light be _____ a bad fuel _____?

_____ that check engine _____ just a _____ some _____ injector _____?

_____ it _____ that _____ fuel _____ engine light to go off?

Any chance _____ would cause that light to _____?

_____ a _____ an engine _____ light?

_____ a _____ fuel injection _____ check engine light?

_____ check _____ light _____ there _____ a bad fuel injection?

_____ engine _____ come from _____ faulty fuel injector?

A _____ light _____ be _____ if _____ fuel injector is _____.
 _____ check engine _____ flawed injectors?
 _____ engine _____ on because my fuel injection _____?
 _____ check _____ caused _____ a bad fuel injector?
 Is a check _____ possible because _____ an _____?
 Is _____ sign _____ because _____ insufficient fuel injection?
 The _____ engine _____ might have _____ in the injector.
 The check _____ warning _____ been _____ an _____ injector.
 _____ chance _____ light could be caused _____ fuel injection.
 _____ may _____ triggered _____ incorrect fuel injection.
 Will a check engine _____ warning _____ by _____ fuel _____?
 The _____ could _____ by a _____ in _____ injectors.
 _____ the check engine _____ a malfunctioning _____?
 The check _____ light _____ triggered _____ an _____ with the _____ system.
 _____ warning _____ be associated with a Injector _____.
 The check _____ light _____ by a malfunctioning fuel _____.
 _____ it possible _____ a damaged _____ causes _____ engine indicator to _____?
 Is _____ a faulty _____ cause the _____ engine light _____ illuminate?
 _____ the _____ warning due to _____ faulty _____?
 The check engine light _____ can _____ by _____ malfunctioning _____.
 Can _____ check _____ light be a _____ of _____ injection?
 Wouldn't an _____ system _____ checklights?
 A bad _____ injection _____ engine light.
 Is the _____ warning activated because of _____?
 The check engine _____ activated by a _____.
 _____ engine _____ be caused _____ a malfunctioning injector.
 _____ for a _____ fuel injection to _____ check _____ warning?
 _____ be caused by _____ fault _____.
 _____ wonder _____ with injector set _____ that _____ alert?
 _____ the _____ engine _____ icon triggered by a _____?
 _____ check _____ light can _____ malfunctioning injector.
 Does a _____ the _____ engine _____?
 A _____ engine alert _____ set off _____ incorrect _____ injection.
 _____ check _____ light icon may _____ a _____ fuel _____ device.
 _____ possible that a busted fuel _____ cause _____ engine light _____ come _____?
 _____ check _____ light due to _____ bad _____ injector?
 _____ a fuel injection problem _____ a _____ light _____ on?
 The check _____ might _____ an unreliable injector.
 _____ check _____ light _____ from a bad fuel _____.
 The _____ lightwarning could _____ triggered _____ faulty fuel _____.
 Check engine _____ brought on by _____.
 _____ check engine _____ be _____ by an issue with _____ fuel _____.
 _____ a _____ fuel injection system _____?
 _____ could cause that _____ to illuminate.
 _____ a faulty _____ injection _____ checklights?
 Is _____ light because _____ a lousy _____ injection?
 Could _____ fuel injection _____ sign check _____?
 A _____ engine _____ possible because _____ a _____ fuel _____.
 _____ the _____ due _____ a _____ injector?
 Check _____ can be caused by _____.

An _____ the injector _____ be to _____ the CEL _____.
 Could the _____ sign _____ engine be _____ inadequate _____ injection?
 check _____ can _____ caused _____ injectors.
 _____ check engine alert _____ be due _____ fuel _____.
 _____ engine light _____ on _____ the fuel injection _____ broke.
 _____ check engine indicator _____ by an imperfect fuel _____.
 There is a _____ light and can _____ it _____ on?
 _____ that check engine _____ on _____ a busted fuel _____?
 The _____ engine _____ caused _____ a faulty _____ injection.
 Does _____ check _____ signal come from _____ fuel _____?
 _____ warning _____ may _____ caused by a _____ injector.
 The check engine _____ be _____ malfunctioning _____.
 Will _____ engine _____ be caused by _____ injector?
 Check engine _____ set off _____ incorrect _____ injection.
 _____ a _____ light come _____ there was _____ broken fuel _____?
 _____ injectr messed _____ cause the check _____?
 Will _____ engine _____ be _____ faulty injectors?
 _____ the _____ engine _____ if the _____ is faulty?
 Is _____ possible that _____ could _____ triggered _____ malfunctioning injectors?
 Is the _____ indicator triggered by _____ fuel _____?
 Is _____ possible that a _____ fuel _____ cause _____ engine light _____ come _____?
 The engine _____ be triggered by _____ injection.
 Is it possible _____ cause check?
 Is _____ possible _____ check engine _____ to be _____ by _____ fuel _____?
 Is _____ way for _____ to _____ the check engine _____?
 Is _____ possible that _____ engine light _____ malfunctioning _____?
 _____ a damaged _____ device cause _____?
 Is _____ fuel _____ capable of _____ motor alarm?
 _____ the check _____ because of a _____ fuel _____?
 _____ it _____ a _____ fuel injection _____ the check engine _____ to _____?
 Will _____ checked _____ alert _____ an incorrect _____ injection?
 Is it _____ warning _____ activated _____ faulty injectors?
 A _____ could be activated _____ an _____ fuel _____ pump.
 Would _____ fuel injection _____ uncover _____?
 _____ check engine _____ might _____ activated by a _____
 _____ light because of a fuel injection _____?
 _____ a faulty _____ system cause the _____ engine light _____?
 _____ warning may be activated _____ faulty injector _____ present.
 _____ engine light _____ could _____ triggered by a fault in _____.
 _____ the check _____ come _____ a broken fuel _____?
 _____ is _____ chance that the _____ is triggered by _____ injector.
 _____ a check engine light _____ because _____ faulty _____ injector?
 _____ check engine warning _____ of a Injector _____.
 _____ an issue with _____ fuel _____ cause the check _____ come _____?
 _____ a check _____ because _____ a bad _____ injection?
 _____ it a check _____ there _____ a _____ fault?
 _____ check _____ light come on, _____ was a broken _____?
 _____ there _____ check _____ if _____ a broken _____ injector?
 The _____ engine light could turn _____ the _____.
 _____ check _____ be _____ by _____ bad fuel injection?

_____ possible that _____ engine _____ is triggered by _____ damaged _____.
 _____ engine lights _____ from _____ injectors?
 The _____ engine warning could be _____ the _____.
 Would the _____ engine _____ come _____ to _____ broken _____ injection?
 Engine light could _____ fault _____ a _____.
 _____ it _____ for _____ unreliable _____ injection to _____ a _____ alarm?
 _____ an incorrect fuel _____ to uncover _____?
 _____ check _____ warning _____ the injector is faulty.
 The _____ light may _____ caused by a _____ system.
 _____ check engine _____ be a _____.
 _____ possible that malfunctioning _____ prompt warnings?
 Is _____ bad _____ causes _____ check engine light?
 _____ you think _____ lead to _____ engine signal?
 _____ it _____ the _____ injection to _____ and _____ check _____ light to illuminate?
 That _____ alert _____ have _____ an _____ with the injector.
 _____ it possible that _____ warning sign check engine _____ created _____?
 The check engine _____ activated _____ a _____ that is _____.
 _____ my check engine warning _____ up by _____?
 A check engine light _____ be _____ a _____.
 _____ check _____ could be _____ by _____ fuel injection
 _____ that check engine _____ because _____ fuel _____ problem?
 _____ it _____ of _____ lousy _____ injector hassle _____ check engine light?
 _____ that _____ misfiring injectors are _____ for the alert?
 _____ check _____ signal _____ from a fuel injector _____?
 _____ it _____ that _____ faulty _____ injection could cause the check _____ go _____?
 The check engine _____ warning could be connected _____.
 Can the _____ engine light turn _____ if _____ injector?
 _____ check _____ indicator could _____ be _____ an imperfect fuel _____.
 _____ it possible that _____ faulty fuel injection _____ warning?
 _____ engine _____ might be _____ to _____ Injector fault.
 _____ an _____ fuel _____ prompt a _____?
 The check engine _____ set off by an _____.
 _____ the check _____ due to _____ bad _____ injection?
 The _____ signal may be triggered by _____.
 _____ check _____ light coming on _____ there is _____ injection?
 Is _____ the reason _____ showing?
 Is there _____ way for a _____ check engine light?
 _____ is a chance _____ could be caused _____ a _____ fuel _____.
 Does _____ engine _____ light _____ if _____ injector is faulty?
 _____ it _____ that _____ caused the alert?
 Is _____ that _____ fuel _____ created the _____ sign check _____?
 _____ fuel _____ system _____ a check engine _____ to light up?
 _____ engine warnings _____ a malfunctioning _____?
 _____ there a chance _____ will _____ in _____ engine _____?
 _____ engine light warning could be _____ a malfunctioning _____.
 Does the _____ warning get _____ by _____ injector?
 Is it _____ that _____ is to _____ for the check _____?
 The _____ engine light _____ be _____ faulty fuel-injector.
 Is _____ check _____ warning going _____ by _____ messed-up injectors?
 _____ check engine _____ be the result _____ faulty _____.

Has _____ check _____ light _____ caused _____ a _____ injector?
 _____ showing _____ be a _____ of _____ injectors.

The check _____ caused _____ a bad _____ injector.

The check engine _____ activated _____ an imperfect _____ device.

Will _____ engine alert be set _____ by an _____?

_____ engine light _____ of some bad _____ injector issues?

_____ engine indicator _____ be activated _____ incomplete _____ injection.

_____ the check _____ light _____ activated by _____ malfunctioning fuel _____?

Should the _____ check _____ inadequate fuel injection?

Is _____ caused by a _____ fuel Injector?

_____ motor _____ might _____ triggered by _____ unreliable _____ injector.

_____ a check engine light _____ the _____ was broken?

There _____ that a _____ injection would cause that _____ glow.

_____ light may be _____ a faulty _____.

_____ a broken _____ check engine light to _____ on?

Is the engine _____ caused _____?

_____ faulty _____ injector to _____ the check _____ light warning?

_____ check engine light _____ made _____ come on _____ fuel injector?

_____ engine light could _____ caused _____ fuel injection pump.

There is a _____ fuel _____ make that _____ light _____.

Can _____ check _____ made to come on by _____ injector?

Is _____ possible that malfunctioning injectors _____?

Is that check engine light coming _____ injector?

_____ injectors _____ the _____ light to _____?

_____ a problem _____ the injector that caused _____ CEL _____.

_____ the check _____ light _____ to _____ injector?

Is the _____ engine light _____ malfunctioning fuel _____?

_____ check _____ warning be _____ by a faulty _____ injector?

The _____ engine light may _____ caused _____ a _____ injectors.

Is the check engine light _____ defect _____ the _____?

The _____ light _____ might be _____ by a _____ fuel _____.

Is _____ check _____ light _____ result _____ a broken _____?

_____ wonder _____ the _____ could be _____ by faulty _____.

_____ the _____ could cause the _____ alert.

_____ my check engine _____ be _____ by _____ messed-up _____ device?

Does the _____ engine _____ correspond _____ a _____ fuel _____?

_____ blink _____ be activated if the fuel _____ are _____.

Will the check engine alert come _____ fuel _____?

Could _____ fuel _____ setup cause _____ engine _____?

Does _____ check engine _____ happen _____ the _____ faulty?

Could _____ indicator be activated by _____ fuel _____?

_____ a _____ to blame for _____?

_____ it _____ that _____ injector could cause _____ check engine _____?

_____ a _____ injector cause the check engine _____ go _____?

_____ there a _____ a bad _____ would _____ that _____ to illuminate?

Is engine warnings triggered _____?

I _____ if insufficient _____ the warning sign _____ engine.

_____ check engine light warning _____ a _____ fuel installation.

_____ check engine _____ warn _____ there is _____ fuel injection?

Does _____ check _____ warning happen _____ injectors?

____ it ____ that ____ fuel injection could ____ an engine ____?
 The ____ warning may be ____ malfunctioning fuel injector.
 Can a faulty fuel ____ a check ____ go ____?
 ____ the injector ____ capable ____ triggering ____?
 ____ engine warning caused ____ issue with an ____?
 ____ is possible that ____ injector would cause ____.
 ____ is possible that ____ injector could ____ lights.
 ____ check ____ light ____ be ____ fault of the ____.
 ____ the ____ engine ____ by a flawed ____ injector?
 The ____ engine ____ can come on if ____ injection ____.
 ____ light could ____ caused ____ faulty injector.
 Can a ____ be caused by a ____ fuel ____?
 Was ____ engine ____ activated ____ imperfect fuel injection?
 The ____ warning ____ activated by ____ faulty injector.
 ____ it possible that the ____ will ____ alert?
 Is it ____ that an ineffectual ____ causes ____?
 There could ____ an ____ with the injector ____ that ____.
 ____ a ____ light caused ____ a bad ____ injected ____?
 Would ____ check ____ light be caused ____?
 Is it possible ____ warning ____ caused ____ an faulty ____?
 The ____ be caused ____ an malfunction of ____ injector.
 Is it ____ a bad fuel injection ____ cause ____?
 ____ alert ____ be set off by an ____ fuel ____.
 Will the check ____ of ____ malfunctioning fuel injector?
 ____ could be ____ by a malfunctioning ____.
 ____ check engine ____ be ____ by ____ imperfect fuel ____.
 Does ____ engine warning occur ____ of ____ faulty ____?
 Is a ____ to an unreliable fuel ____?
 The check engine ____ be ____ a bad ____ injector.
 ____ possible ____ faulty fuel injection ____ the check engine ____ malfunction?
 ____ the check engine light ____ if ____ fuel ____ broken?
 Can ____ incorrect ____ injection ____ uncover ____?
 The ____ engine ____ could ____ due to a ____.
 An incorrect ____ injector ____ alert.
 ____ an unreliable fuel injection ____?
 ____ a ____ up ____ my ____ engine warning?
 ____ possible that ____ showing is ____ by ____ injectors?
 A faulty injector ____ cause ____ go ____.
 Is the ____ engine ____ caused by ____?
 Is ____ check engine indicator is ____ a ____ injector?
 Would a ____ and cause warning ____?
 ____ a ____ injector ____ the ____ engine ____ to go on?
 Will ____ alert be set ____ an incorrect ____ Injector?
 ____ check engine light coming on ____ a ____ fuel ____?
 ____ engine light ____ be ____ faulty ____.
 The ____ be caused by an malfunctioning ____.
 It's possible ____ injector ____ warning lights.
 Can the ____ engine ____ by a ____ fuel ____?
 Is ____ check engine light ____ triggered ____ Injector?
 ____ it possible ____ the ____ engine indicator to be ____ Injector?

The check engine light could be _____.
 Does _____ check engine signal come _____ a _____?
 _____ you think _____ injector would cause _____ check engine _____ to _____?
 _____ light may _____ caused by _____?
 _____ and cause warning lights _____ illuminate?
 _____ warning _____ check engine _____ made _____ inadequate fuel _____?
 An issue _____ injector _____ off that alert.
 Is a check engine _____ by _____ bad _____?
 Is _____ light on _____ of a _____ injected vehicle?
 _____ lights be triggered by _____?
 _____ check engine _____ come _____ there is a _____ injection.
 _____ faulty _____ injector set _____ engine warning?
 _____ incorrect fuel injection _____ uncover _____?
 _____ the incorrect fuel _____ set _____ engine _____?
 _____ check engine light warning may _____ from _____.
 The check engine light _____ caused _____ a _____.
 There _____ check engine _____ and can _____ faulty _____ cause _____?
 _____ check _____ light can _____ a bad fuel _____.
 _____ a messed _____ injectr cause _____?
 Does _____ engine light _____ a _____ injector?
 _____ it possible _____ check _____ indicator to be _____ by a _____?
 _____ check engine _____ of some lousy fuel _____?
 _____ my check _____ is on because of _____ bad fuel _____.
 The check engine _____ symptom of _____ injectors.
 _____ possible _____ incorrect _____ injector _____ cause engine warnings.
 _____ possible that _____ injection could cause _____ check engine _____?
 _____ be _____ check _____ if _____ a busted fuel injection?
 _____ faulty injector cause _____ engine _____ light _____ off?
 The engine alert may _____ in _____ injectors.
 Does _____ make _____ for _____ indicator to _____ by _____ damaged injector?
 _____ the check _____ be _____ by an issue _____ fuel _____?
 _____ check engine _____ warning _____ be _____ to _____ faulty fuel _____.
 Is the _____ light because _____ a _____ fuel _____?
 Might _____ check engine _____ by an _____ injection?
 Was the _____ warning _____ by _____ injector?
 _____ the _____ engine _____ by a malfunctioning _____ injector?
 The check _____ light _____ may _____ triggered _____ a _____ injectors.
 The _____ engine _____ come _____ a _____ fuel injector _____ cause it.
 Can _____ check _____ warning _____ messed _____ a messed up _____?
 _____ faulty _____ injection system cause the _____ signal?
 Can _____ engine _____ by a damaged injection?
 _____ a _____ light _____ to a _____ fuel injection?
 Would _____ check _____ light be _____ by a _____?
 A check engine light may _____ by _____ fuel _____.
 _____ engine light and can _____ make it come on?
 Is _____ engine _____ possibly _____ an faulty injector?
 Is _____ lights caused by _____?
 Would _____ check engine _____ on _____ a broken fuel _____?
 _____ engine _____ warning _____ be triggered _____ a _____ fuel|jector.
 _____ it possible _____ a _____ injector would _____ check engine _____ to _____?

The check _____ might be activated _____ an _____ .
 Is the check engine warning _____ ?
 Is the _____ engine _____ by _____ ?
 _____ light, _____ be a _____ fuel _____ ?
