

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Compatibility with other devices inquiries
Inquiry Sub-Category	NFC Compatibility
Description	Customers inquire about whether their smartphone has Near Field Communication (NFC) capabilities, which allow for contactless communication with other NFC-enabled devices or services.
Data Size	5,018 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Can I use my _____ connect _____ with _____ using NFC _____?

Is this phone _____ using NFC to _____ wireless _____?

_____ I _____ my _____ Near _____ (NFC) capabilities to reestablish _____ connection?

Does _____ phone have the _____ the near _____ communication _____?

Near-field _____ is a _____ that can be linked _____ the _____.

_____ if it's _____ to _____ my device.

Is it _____ the phone's _____ feature _____ other _____ devices?

I want to know if _____ able _____ connect through _____.

_____ is _____ my phone's NFC to _____ to a different device.

_____ I use the _____ communicate?

Will _____ field communications (NFC) technology _____ use my _____ connections?

Does it possible to _____ phone's NFC feature _____ wireless _____ gizmos?

Near-field _____ (NFC) is _____ used in the phone.

Can my cell _____ make it _____ with gadgets that _____ compatible with _____ built-in NFC _____?

It _____ possible _____ phone to _____ network _____ the NFC technology.

Is my _____ capable of _____ wireless connection?

I _____ if it's possible _____ my phone's NFC _____ connect _____.

Near field _____ is a _____ technique _____ can use.

Can _____ use _____ Near _____ Communication (NFC) functions _____ a _____ link?

_____ able to use _____ connection in _____ form?

_____ curious if _____ possible _____ use _____ feature.

_____ devices _____ using the new near-field communication _____ technology?

Will _____ Communications (NFC) technology _____ connections?

_____ use the phone's _____ to _____ connected.

_____ if my _____ facilitate seamless connecting _____ NFC technology

Will _____ support _____ wireless connections?

_____ wireless _____ be _____ with _____ Near Field Communications _____ technology?

Will my _____ Field _____ tech be _____ with wireless _____?

_____ to _____ my _____ use a _____ that _____ Near Field Communications (NFC)?

I _____ if _____ to _____ my _____ to _____ to different _____.

I _____ if _____ to Extend _____ phone's NFC to _____ to _____ devices.

Can my phone's Near _____ (NFC) _____ be _____ to _____?

Is it _____ to _____ with another _____ using NFC _____?

_____ I _____ near field _____ nFC, to connect devices?

_____ if I can use NFC _____ with other _____.

_____ to use _____ phone's Near _____ ('NFC') to connect?

_____ my _____ be _____ to a _____ using Near _____ (NFC)?

_____ there _____ way _____ use _____ phone's NFC _____ make wireless _____ with _____ gizmos?

I _____ curious _____ ability to _____ via _____ port.

Is the phone compatible _____ using nFC _____ a _____?

_____ use my _____ Field Communication (NFC) ability _____ a seamless _____?

_____ this phone compatible to _____ to _____ with _____?

Can I establish _____ seamless connection _____ phone's _____ Communication _____?

_____ a way to connect _____ the phone's _____ Communications _____?

I'm _____ I can use NFC _____ for connecting _____ gadgets

Is _____ connecting to _____ variety _____ gadgets _____ of a near field device?

_____ my _____ the _____ connect to a _____ gadgets using a _____ communications device?

Is it _____ for the phone _____ with _____ wireless network _____ accessory _____ device?

_____ it is possible _____ extend my _____ to _____ to _____ gadgets?

_____ my phone _____ to use _____?

Can the _____ technology allow _____ my _____ with a _____?

Can _____ use _____ Field Communication (NFC) capabilities _____ establish a seamless _____.

_____ (NFC) _____ be used for wireless connections?

Is _____ compatible with _____ to _____ wireless _____ using nFC?

Will _____ my _____ possible with thenFC technology?

Can my _____ phone _____ to use _____ ties _____ compatible with _____ built-in NFC _____?

I'm _____ if my phone _____ seamless connecting _____ an _____ technology.

Near-field Communication _____ be _____ to _____ the phone _____ another _____.

NFC _____ be used _____ my device for _____.

Can _____ use my phone's Near _____ (NFC) to _____?

Is _____ capable of _____ a _____ connection _____ Near Field Computing _____?

Do my phones _____ connecting _____ nFc?

_____ if it _____ to _____ phone's NFC to other devices.

_____ Communication (nFC) _____ allow for _____ on my phone?

Will _____ phone's Near _____ Communications _____ tech _____ supported _____ connections?

Is it _____ use NFC on my phone _____?

_____ capable _____ using _____ protocol for wireless communication?

_____ I _____ able to use the _____ Near _____ (NFC) _____ to _____?

_____ if it's possible _____ my phone's NFC _____ use other _____.

Can my _____ be _____ device _____ Near _____ Communication (NFC) standard?

_____ wireless _____ on my phone _____ possible _____ field _____ technology?

_____ it possible to _____ NFC feature _____ communicate with _____?

_____ it possible to use the _____ technology.

Is _____ to link _____ with my other _____ using _____ phone's _____?

_____ I _____ other _____ phone's nFC?

Near-field _____ (nFC) technology _____ to connect this _____ to a _____.

_____ wondering if _____ can use NFC _____ with _____.

Is my _____ wireless _____ to use _____?

_____ ifNFC _____ be _____ on _____ device.

Can I _____ my phone's Near _____ capabilities _____?

Is _____ use the _____ NFC feature _____ connect _____ gadgets?

_____ my phone _____ use a _____ connection _____ the nFC _____?

_____ chance to use _____ phone and connect compatible devices _____ Communication _____?

_____ Communications _____ tech compatible with _____ based wireless connections?

_____ I _____ the nFC _____ connected?

_____ Field _____ will _____ me to use _____ phone and connect devices.

I'm _____ if _____ can _____ on my _____ to _____ gadgets

_____ my _____ use _____ wireless connection in _____ field?

I'm _____ about _____ ability _____ via the phone'sNFC _____.

I'm _____ about _____ to connect through _____ phone'sNFC _____.

Is there a _____ use the phone's _____ (NFC) _____?

_____ phone _____ used with a _____ with the _____ field _____ standard?

Is it _____ establish a _____ connection on _____ nef- _____?

I _____ to _____ my phone's _____ to establish a connection.

Is it _____ phone's NFC _____ to _____ with other _____?

_____ my phones support _____ to _____ via _____?

Is it _____ compatible devices _____ connect _____ phone _____ the new _____?

Are this _____ compatible _____ nFC to _____ wireless network?

The _____ can _____ used _____ wireless _____ called Near-field _____ (NFC).

Is _____ possible _____ connect _____ phone to a _____ nFFC.

Is _____ phone capable _____ wireless connection _____ nFC method?

I _____ am _____ to useNFC on my device _____ gadgets.

Can theNFC _____ phone with another device.

_____ is a way to use _____ Near- _____ (NFC) _____ a _____.

_____ use _____ Near _____ capabilities _____ establish a seamless Wireless _____ between the two?

Can I use _____ phone for _____ via _____ Communications _____?

_____ my _____ work _____ compatible _____ through _____ use of _____?

Is my _____ with _____ via _____ NFC technology?

_____ want _____ my mobile device hasNFC, can I _____ that?

Can _____ technology _____ used _____ pair _____ phone _____ another _____?

_____ my _____ Near field communication (NFC) _____ to establish _____ Wireless _____ between?

_____ feasibility of _____ Field Communication (NFC) in _____ device _____ without a cable.

Can _____ cell _____ let _____ ties with _____ that are _____ with the _____ NFC _____?

Is my phone capable _____ using _____ (NFC) _____ compatible devices?

Is _____ to _____ the phone's Near _____ Communication (NFC) _____ make _____ connections _____ gadgets?

_____ wonder _____ it's _____ to extend my phone'sNFC _____ devices.

_____ my phone _____ connected _____ a Near field _____ device?

Can my cell _____ me _____ use a wireless _____ are compatible with the _____?

_____ my phone have the capability to connect _____ variety _____ gadgets with _____ a _____ communications _____?

_____ be used with _____ device that supports _____ (NFC)?

_____ possible to _____ phone for connecting _____ compatible devices?

Can _____ use my _____ field _____ (NFC) _____ to _____ seamless _____ between all?

_____ it _____ use the _____ makewireless connections with _____ gadgets?

_____ wireless _____ on _____ phone be possible with the _____ Field _____?

Is _____ compatible withNFC to _____ to _____ connection?

Is _____ phone _____ a _____ connection _____ Near _____ Computing (nFC) framework?

I'm _____ can useNFC on _____

Is it possible _____ the _____ feature to make _____ connected _____?

I _____ if Near _____ Communication (NFC) _____ in _____ device _____ directly with _____.

_____ to use _____ my _____ to connect _____ other devices?

Is _____ use _____ phone's NFC feature _____ connect with _____ gadgets?

Will _____ my phone _____ possible _____ NFC technology?

Can _____ phone _____ wireless _____ with the near-field _____ (NFC) technology?

_____ wonder _____ it is _____ to extend my _____ another device.

_____ possible to _____ mobile to _____ a wireless connection _____ using _____ technology?

_____ the phone's NFC feature to connect to _____ gadgets?

Is it _____ to _____ with NFC compatible _____?

I wonder _____ to extend _____ to connect _____ other devices.

Do compatible devices _____ with _____ via _____?

I'd _____ if the phone _____ able to _____ via _____.

Is _____ the _____ feature to make wireless connections with _____?

Can _____ cell _____ to _____ wireless connections with gadgets _____ with _____ built-in NFC tech?

_____ communication (NFC) _____ could be _____ to connect _____ wireless network.

_____ it is _____ to _____ my _____ more than one device?

_____ my _____ me to _____ technology to connect to _____ variety of gadgets?

Can my _____ used _____ to other _____ devices _____ no _____?

_____ my _____ be _____ with a _____ has _____ Near field _____ (NFC) _____?

I want to know if _____ via _____.

_____ I _____ my phone's _____ Field _____ to _____ seamless wireless link?

_____ phone compatible _____ NFC technology for wireless _____.

_____ don't _____ if my _____ can connect _____ devices _____.

I would _____ to use the _____ field Communication _____.

I'm _____ can use NFC on my _____ for connecting _____ other _____.

_____ my _____ have the _____ a wireless connection in the _____?

Is it possible _____ the near-field _____ (NFC) _____ to _____?

_____ I use _____ to connect _____?

Will _____ wireless _____ with _____ technology on my phone?

_____ I use Near _____ (NFC) _____ this _____?

_____ use _____ phone's _____ field communications, or "NFC", to _____?

Do my _____ have _____ to _____ Near _____ (NFC) method?

Is my _____ devices via the _____?

Is it _____ phone to _____ a compatible _____ that has a Near _____?

_____ I _____ phone's _____ Communication (NFC) capability _____ link up _____ devices?

Will compatible _____ be _____ with the _____ in the _____?

Can _____ use the phone's _____ field communications _____ connect _____?

Can _____ phone's Near _____ (NFC) capabilities to establish _____ seamless link _____?

Is my phone able to _____ near _____ order _____?

_____ NFC feature be _____ to _____ with _____ compatible devices?

_____ my phones work _____ via _____?

_____ possible for _____ phone _____ connect to _____ devices with _____?

Is _____ possible _____ use _____ feature _____ make wireless- _____ with other _____?

Can I use my _____ Near Field Communication (NFC) _____ link?

Is it possible _____ feature with other _____?

I'm curious _____ to extend _____ to _____ devices.

_____ wondering _____ can use NFC _____ my device _____ to gadgets.

Does _____ phone have _____ to _____ a wireless connection _____ NFC _____?

Can _____ allow me _____ wireless ties _____ are compatible with _____ built-in NFC _____?

_____ hook _____ with a _____ device, my _____ device has NFC

____ it ____ to ____ the phone's NFC function ____ connections?
 Is ____ use the phone's ____ Field ____ (NFC) ____ to ____ devices?
 I'm curious about the feasibility ____ using ____ on this device ____.
 ____ Near Field Communication ____ capabilities allow me to link ____?
 ____ compatible devices through nFc?
 ____ it ____ to use my ____ to establish ____ connection ____ technology?
 Does my phone have ____ to ____ a ____ of ____ the ____ a ____ field communications device
 Can I use my ____ Field ____ (NFC) capabilities to ____ link ____ two ____?
 ____ have ____ to ____ the ____ Near ____ Communication ('NFC') for wireless?
 Near Field Communication ____ for ____ connections ____ my phone.
 ____ (NFC) is ____ wireless communication technique ____ the ____ can ____.
 ____ it possible ____ use the ____ technology to ____?
 ____ my cell phone allow me to ____ with ____ via the ____?
 Was ____ of using a ____ connection ____ the nFC ____?
 ____ wondering if ____ cell ____ can ____ use ____ with gadgets that are compatible ____ built-in NFC tech.
 ____ the phone ____ communicate with a wireless ____ with ____?
 There ____ a way ____ use ____ Communications ____ technology, ____ is ____ possible?
 I ____ wondering ____ is ____ my ____ to connect to different ____.
 ____ this ____ with nFC technology ____ wireless ____?
 Can my ____ be ____ with ____?
 ____ it possible ____ phone's NFC feature to ____ connections?
 ____ use my ____ Field ____ make a seamless wireless link?
 ____ phone compatible ____ connecting to wireless ____ using ____?
 The phone ____ compatible ____ Field Communication ____ technology ____ wireless ____.
 ____ I use ____ phone's Near Field Communication ____ capabilities to establish ____?
 ____ phone allow me to use ____ with ____ are compatible ____ tech.
 ____ interested in ____ phone can allow seamless ____ through ____.
 Near-field Communication ____ be ____ to link ____ more.
 ____ it ____ to use the ____ technology ____ phone?
 Will ____ phone's ____ Field Communications ____ technology be ____ wireless ____?
 Can ____ Near ____ Communication (NFC) ____ to make ____ link between?
 ____ it ____ use NFC on my ____ connect with ____?
 ____ there is a way to ____ other devices?
 Near-field Communication, ____ is ____ communication technique ____ the ____ can ____.
 ____ want to hook ____ a ____ device, my ____ device ____ can ____?
 Do ____ have the ____ use ____ new ____ Field Communications (NFC) standard?
 ____ I ____ field Communication ('NFC') ____ on ____ phone?
 You can ____ and connect ____ Near Field ____ (NFC) technology.
 Is ____ to use ____ method?
 ____ this phone ____ with ____ reach a ____ network?
 I ____ in ____ my ____ allow seamless ____ an NFC technology
 ____ my ____ have ____ ability to ____ with a variety of ____ using ____ near ____?
 ____ it ____ link the ____ feature ____ other devices?
 Can ____ use ____ Field ____ (NFC) ____ a connection with someone else?
 Does this phone ____ with ____ wireless ____?
 ____ wonder if Near ____ Communication (NFC) can be ____ device to ____.
 Do ____ the chance to connect my ____ to ____ network ____?
 Is ____ use the phone's ____ to connect to ____?
 Do ____ devices work ____ my phone via ____ technology?
 ____ it possible for the phone ____ communicate ____ wireless network ____ as a NFC ____?

Can _____ my phone's _____ communication _____ capabilities _____ make a _____ link?

The near-field communication (nFC) technology can _____ wireless network.

_____ Communication (NFC) is _____ wireless communication _____ linked with _____
_____ mobile device _____ use it _____ hook _____ with a compatible _____?

Can I use the _____ or _____ to get _____?

Will _____ phone _____ using NFC?

_____ my _____ phone _____ me to use _____ ties with gadgets _____ are _____ with _____?

_____ compatibility-based _____ possible _____ my phone's Near-field Communication _____ tech?

_____ would _____ know if it is possible _____ extend _____ phone's NFC _____.

_____ my cell _____ me _____ wireless _____ gadgets compatible _____ built in NFC tech?

Is _____ possible to use my _____ without wires?

_____ my cell phone allow _____ use Wireless _____ with gadgets _____ the _____ tech?

Is it _____ that my phones _____ with compatible _____?

Can the _____ technology let _____ pair _____ device?

_____ it _____ phone's NFC feature _____ link with _____ compatible devices?

Is it possible _____ use _____?

Will _____ device _____ to _____ the _____ NFC technology _____ make wireless _____?

_____ my device allow _____ use _____ phone's NFC _____?

Near-field _____ wireless _____ method that _____ phone can use.

_____ my device let _____ use _____?

_____ phone's near _____ communication (NFC) capabilities to _____ seamless connection?

_____ is a _____ to use _____ Communications _____ technology, but is _____?

_____ it possible to _____ my _____ establish a _____ NFC technology?

_____ the NFC technology _____ me _____ pair _____ with _____ wireless _____?

I'm not _____ if _____ use NFC _____ to connect with _____.

_____ accept compatible devices _____ NFC?

I _____ use my _____ Near _____ Communication _____ capabilities _____ a _____ Wireless link.

_____ this phone _____ with _____ connect _____ a wireless network.

Does my _____ work with compatible _____?

Can _____ technology _____ me _____ my phone _____ a _____?

_____ near field _____ technology _____ possible _____ have wireless connections on _____?

Can _____ allow _____ to _____ my _____ ties with _____ the built-in NFC tech?

_____ Near _____ Communication (NFC) _____ be used for connecting _____ with _____.

Can _____ Field Communication _____ establish _____ seamless wireless link?

Can compatible devices use _____ near-field communication _____?

Does my _____ work _____ with _____?

Will _____ Field Communications (NFC) _____ for _____ my phone?

Is _____ to link up _____ other _____ using _____ NFC?

_____ it possible for _____ cell _____ to _____ me _____ wireless _____ with gadgets that are _____ with _____?

Can I _____ my device to _____ other _____?

Can I use my _____ field _____ capabilities _____ link _____ other _____?

Will _____ to use _____ Near _____ Communication _____ to connect?

I wonder if _____ possible _____ extend _____ other devices.

Is _____ compatible with _____ Field _____ wireless connections?

Do _____ the chance to _____ my _____ devices with _____ new _____ communications standard?

_____ the _____ compatible _____ NFC to _____ to a _____ network?

Can _____ this phone _____ up my compatible gadgets?

Should my phone be _____ connection _____ the NFC _____?

_____ cellphone _____ with compatible _____ via _____?

Is _____ capable of _____ with a _____ an accessory such _____ device?

Can my _____ Near _____ Communication (NFC) capabilities _____ establish _____ seamless _____?

Is it _____ up my devices _____ my phone's _____ Field _____?

_____ my _____ a _____ connection _____ Near _____ Computing (nFC) method?

Can my phone's _____ (NFC) _____ support compatibility-based _____?

Will Near _____ Communication _____ allow for wireless _____ on _____?

The near-field _____ (nFC) technology may _____ phone _____ a wireless _____.

Can _____ my phone's near _____ capabilities to _____ seamless, _____ link?

I'm _____ to _____ can use _____ phone to connect _____ compatible NFC _____.

Near-field Communication _____ link the phone _____ another.

Does _____ on my _____ wireless _____?

Do my _____ support connecting _____ over _____?

_____ the _____ of using a wireless _____ with an accessory _____?

Is it _____ phone to _____ other _____ wireless?

Is my phone compatible _____ the wireless _____ near _____?

_____ I use _____ phone's Near _____ (NFC) capabilities to _____ up _____?

_____ to set _____ a _____ connection on my _____ the nef- _____?

_____ if I can _____ on _____ to _____ other gadgets.

I'm _____ I _____ my phone's _____ Communication (NFC) feature.

Can my _____ phone _____ me _____ tethers with _____ with the built-in NFC tech?

Will _____ use _____ Field _____ (NFC) _____ for wireless connections on _____?

_____ I use my phone's _____ Field _____ to _____ my _____?

Do _____ ability _____ to compatible devices via nFc?

_____ Near Field _____ (NFC) possible _____?

Does my cellphone work _____ works _____ devices through a _____ called _____?

Is _____ to use a _____ in the _____ system?

_____ my phone's _____ field _____ (NFC) _____ used to _____?

I want to _____ if _____ phone _____ connect _____.

Can _____ be used with _____ device _____ field _____ standard?

_____ used _____ with other devices

_____ phone allow me _____ establish wireless ties _____ gadgets _____ NFC tech?

Will the _____ links _____ connections?

_____ it possible _____ use NFC _____ on _____ connecting?

Do compatible devices _____ with _____ the _____ nFC _____?

I want _____ know _____ my phone _____ use _____ connection _____ system.

_____ Communication (NFC) _____ wireless communication _____ that can _____ used _____ phone.

_____ capable of using a wireless _____ within the _____?

_____ be extended to connect to other devices.

Does _____ phone have _____ ability to _____ to _____ variety _____ gadgets using a _____?

Is _____ way to use _____ Near-Field _____ technology _____ phone?

_____ I _____ use NFC _____ my device, _____ connected gadgets.

I'm wondering _____ I can use NFC _____ my device _____.

Does _____ phone have the _____ connect to a variety _____ use _____ near _____ communications _____?

_____ can use _____ Near Field Communication (NFC) _____ to establish a _____ Wireless link.

Can _____ phone _____ to a _____ connection _____ Near _____ Communication _____?

I wonder _____ it _____ be _____ to _____ my _____ to _____ other _____.

_____ my _____ with _____ via nFc?

_____ my _____ Communications (NFC) support _____ based _____ connections?

Is this _____ connect to a _____ using _____?

Will _____ on my _____ be possible through _____ field _____?

I would _____ use the Near field _____.

Will _____ of _____ field communication _____ for _____ connections on _____ phone?

Can I _____ cell _____ Field Communication (NFC) _____ a _____ Wireless link?

Can _____ my _____ Communication (NFC) _____ connect _____ my other devices?

_____ my device _____ me to use _____ phone's _____ to _____?

_____ to make wireless connections _____ gizmos _____ the _____ feature.

Can _____ NFC to _____ with _____?

I _____ to establish a _____ link _____ all _____ my _____ (NFC) capabilities.

_____ phone be _____ with a _____ field _____ (NFC) _____?

Will wireless _____ phone _____ possible through nFC _____?

_____ knowing if my phone _____ allow seamless connecting _____ an _____.

I _____ curious _____ Near Field Communication _____ is _____ for _____ without a _____.

Can _____ phone allow me to _____ with gadgets _____ are _____ with _____ built _____ tech.

I am curious _____ the _____ to _____ phone's _____.

Is my _____ of using a _____ using _____?

Will _____ field _____ allow _____ phone to have wireless _____?

Is it possible to use _____ phone's _____ cross- _____?

Is _____ connect my phone _____ compatible _____?

_____ it possible to _____ Near Field _____ (NFC) feature _____ devices?

_____ Near field communication _____ capabilities _____ establish a seamless, wireless _____?

_____ wireless connections _____ my _____ using Near Field _____ (NFC)?

I _____ to _____ my phone's Near field communication _____ without _____.

_____ it _____ my gadgets using the _____ NFC _____?

_____ phone's _____ communication _____ technology _____ to use it for _____ connections?

_____ be used on _____ device _____ connected gadgets.

Is _____ possible _____ with other _____ by using _____ phone's _____ feature?

_____ cell _____ allow me _____ use wireless _____ with _____ that are compatible with _____ built-in _____?

Is it possible _____ a seamless link _____ my phone's _____ (NFC) _____?

_____ I _____ phone with a compatible _____ that _____ a _____ Field _____ (NFC) _____?

Does my cellphone _____ in a _____ with _____ feature called _____?

_____ phone work _____ compatible devices that use the Near _____?

_____ I _____ phone's Near _____ capabilities to establish a _____?

_____ to use _____ phone's Nfc technology _____ wireless connections?

Can _____ feature _____ used _____ with other devices?

_____ my _____ near field _____ (NFC) method?

I want _____ use my _____ Field Communication _____ capabilities to _____.

I _____ know if _____ can _____ seamless _____ through _____ NFC technology

Do _____ get _____ use my _____ and _____ devices _____ Near _____ Communications _____ standard?

I _____ whether _____ to extend _____ connect to other _____.

_____ am curious _____ ability to connect _____ a _____ NFC _____.

I _____ if it _____ to _____ phone's NFC to _____ different things.

Is _____ phone _____ connect to _____ connection _____ nFC?

Is it _____ to _____ NFC feature _____ make wireless _____ with _____?

Does _____ phone have _____ ability to _____ with _____ gadgets using _____ field _____?

Can _____ my _____ to connect?

Is it _____ use NFC _____ my _____ connect _____?

_____ it's _____ extend my _____ to connect _____ other things.

_____ my _____ phone let _____ establish wireless _____ with _____ electronics _____ the _____ technology?

_____ I use _____ phone's _____ Field _____ (NFC) _____ to _____ a seamless _____.

Is _____ possible for my phone to _____ the Near Field _____?

Can I _____ my _____ Field _____ (NFC) technology _____ establish a _____ between _____?

I would like _____ know _____ phone is _____ to connect _____.

_____ phone work _____ gadgets _____ the _____ of NFC?

Can my cell phone allow _____ with gadgets that are _____ the _____ in NFC _____

Is _____ use cross-device connections _____ phone's NFC?

I'm _____ phone _____ a wireless _____ in the _____ system.

_____ work _____ phone via its _____ near-field communication (NFC) _____?

Can _____ use _____ Field _____ functions to _____ a seamless wireless _____?

compatibility-based _____ supported by _____ phone's _____ Communications (NFC) technology
_____ my device _____ use my phone's NFC _____?

Can the _____ feature _____ to _____ with _____ gizmos?

Is it _____ to _____ the phone's _____ connecting _____?

_____ my _____ phone's Near _____ Communication _____ to connect?

Is the _____ a wireless _____ in _____ NFC system?

_____ I use NFC _____ my _____ to _____ gadgets?

_____ I _____ phone's Near _____ to _____ a seamless connection between my.

Will _____ phone _____ me _____ NFC?

I'm wondering if _____ can _____ Near _____ my device.

_____ to use the phone's NFC _____ to connect.

I _____ it's possible to _____ my _____ to connect _____.

Is _____ possible _____ use _____ up with other devices?

Does _____ phone have _____ ability to _____ a variety _____ near field communication _____
_____ my phones work _____ compatible _____?

_____ my _____ support connecting _____ compatible _____ using _____?

Is _____ possible _____ on my device _____ connect _____ gadgets?

_____ used for Near field _____ (NFC)?

Will my _____ allow _____ to use _____ technology to _____?

I'm _____ in seeing if my _____ facilitate _____ connecting _____ an _____.

I would _____ to _____ my phone's _____ Communication _____ to make a _____.

_____ curious _____ I can _____ on my _____ gadgets.

_____ if it's _____ extend my phone's NFC to _____ to _____.

_____ it possible _____ use NFC _____ this _____?

Will _____ wireless connections _____ possible _____ tech _____ phone?

_____ is possible _____ use the phone's _____ (NFC) _____.

Is _____ phone _____ to _____ Field Communication _____ method?

_____ would like to _____ it is _____ my _____ to connect _____ devices.

_____ for me to _____ and other gadgets with no _____?

_____ the capacity to _____ wireless _____ in the NFC system?

Will _____ connections _____ possible _____ the Near Field _____ (NFC) technology?

Does my phone _____ the _____ to _____ a near _____ communications device _____ connect _____ a _____?

_____ my phones work with _____?

_____ interested _____ my phone _____ allow _____ connecting through _____ NFC _____.

_____ my device _____ me use _____ Field Communication _____ for wireless _____?

Is _____ able _____ with _____ with an accessory such as a NFC _____.

I want _____ know _____ not the phone _____ connect _____.

_____ if I _____ use _____ on my device.

Will _____ Field Communication _____ a _____ on my phone?

_____ phone _____ devices via NFC?

_____ you _____ chance _____ use my phone and _____ devices _____ the new _____ Field _____ standard?

Can _____ use _____ feature to connect to _____?

_____ field _____ (NFC) _____ allow _____ to use my _____ a wireless _____?

Near-field ____ (NFC) ____ a ____ that ____ be ____ on the ____.
 ____ my ____ allow ____ use the phone's ____ field Communication ____?
 ____ my phones ____ ability ____ connect with ____ via nFc?
 ____ possible ____ use the ____ feature to connect ____ devices?
 ____ let me ____ field communication ____ technology for wireless connections?
 ____ wireless connections ____ be possible ____ the ____ Field ____ (nFC)?
 Is it ____ link my ____ up with ____ feature?
 I'm ____ if ____ on my device for connected ____.
 ____ connected to a ____ Near field Communication ____ standards?
 ____ want to know if ____ is ____ connect ____ the ____.
 I'm curious about the ____ use the ____.
 ____ use my ____ Near Field Communication (NFC) capabilities ____ establish ____ link ____?
 ____ I use my ____ Communication (NFC) capabilities ____ wireless ____?
 ____ if ____ possible to connect ____ phone's NFC port.
 The new Near ____ technology makes ____ to ____ my phone ____ connect ____.
 My mobile device ____ it to ____ with ____ compatible device?
 ____ want to ____ or ____ the ____ able to connect through ____.
 Is my phone ____ field Communications ____ in ____ to ____?
 ____ use ____ Field Communication ____ capabilities to establish ____ seamless link.
 Is my phone able ____ use the ____ the ____?
 ____ I use my ____ Near ____ to ____ a seamless wireless ____?
 Can ____ Near ____ Communication (NFC) capabilities to link up ____?
 Can ____ use ____ phone's Near Field ____ for ____ seamless wireless ____?
 Is ____ phone capable ____ Field Communication ____ with compatible devices?
 Is the phone able ____ a wireless ____ such as a NFC ____?
 Is my ____ phone capable ____ ties ____ supporting ____ via the built-in ____?
 ____ phone can connect with other ____ using ____ Communication (NFC).
 Can ____ cell ____ me to use my wireless ____ gadgets that are ____ the ____?
 Does my cellphone work ____ in ____ wireless ____ feature called ____?
 Is ____ compatible ____ devices ____ NFC?
 Can my phone's Near ____ (NFC) ____ used ____ other devices?
 ____ I ____ phone's Near Field ____ capabilities to ____ a ____ link?
 Is my phone ____ to ____ a wireless ____ the ____?
 Is ____ with ____ new near-field communication (nFC) technology?
 ____ I use ____ phone's ____ Communication (NFC) ____ to ____ wireless link?
 My phone's ____ system ____ let ____ connect across.
 There ____ to use ____ Communications (NFC) on ____.
 Will my ____ let me ____?
 Is ____ to use ____ on my phone ____ new NFC ____?
 ____ connections ____ possible with the nq technology ____ phone?
 ____ cell ____ allow me ____ establish ____ connections ____ my electronics ____ built-in ____ technology?
 The ____ can use ____ Near-field Communication (NFC) which ____ linked ____ some
 I ____ use my ____ device to ____ a ____ wireless ____
 The Near-field Communication ____ technique can ____ the ____.
 ____ my device permit me ____ the ____ capabilities?
 Does my phone have the ____ use a near ____ connect ____?
 Do ____ have ____ ability to ____ my phone and connect ____ the new Near ____?
 Does my ____ the ability to communicate ____ a ____ device?
 ____ to use ____ phone's Near ____ Communication (NFC) ____ to ____ a seamless ____?
 ____ my ____ Field Communication (NFC) ____ make a link?

____ compatible ____ connect to my ____ ____ ____ ?
 ____ it possible to ____ ____ NFC ____ to make wireless connections ____ ____ gizmos?
 Is ____ possible ____ the phone's NFC feature to ____ with ____ ?
 Will near ____ communication (NFC) technology allow ____ ____ on ____ ?
 Can I ____ phone ____ a compatible ____ with ____ Communications ____ chip?
 Does my ____ ____ ability to connect to ____ ____ the use of ____ ____ field device?
 Can ____ phone let me use ____ ____ gadgets ____ ____ with built-in NFC technology?
 Is ____ phone ____ of using a ____ ____ technology ____ ____ to other ____ ?
 Is it possible ____ a wireless ____ on my ____ ____ new ____ ?
 ____ my ____ ____ of using the NFC ____ ?
 ____ my ____ allow ____ ____ a variety of gadgets using ____ ____ field communications ____ ?
 I ____ interested ____ my phone can facilitate ____ ____ an NFC ____ .
 Can I use my ____ ____ (NFC) chip to ____ ____ ?
 I'm ____ I ____ use the ____ field communication (NFC) ____ ____ .
 ____ Near Field ____ (NFC) ____ work for ____ ____ ?
 ____ ____ use ____ phone's Near Field Communication (NFC) ____ to ____ up ____ ____ ?
 ____ ____ allow ____ to use ____ ties with gadgets compatible ____ the built-in NFC ____ ?
 Can I ____ ____ (NFC) capabilities ____ establish a wireless link
 Can ____ ____ phone's NFC to ____ ____ others?
 Is ____ phone ____ capable ____ the ____ method?
 Near ____ ____ I connect using my ____ ?
 ____ it possible ____ my phone to use ____ ____ connection ____ ____ protocol?
 Can ____ phone ____ used to ____ ____ a ____ ____ using NFC?
 Is ____ possible ____ link ____ compatible devices using NFC ____ ____ phone?
 ____ ____ use ____ ____ Field Communication ____ ____ to ____ up a Wireless link?
 I ____ ____ the ____ ____ able to ____ via the NFC.
 ____ ____ to use the ____ ____ Field ____ ____ feature to connect ____ other gadgets?
 I ____ ____ it's ____ extend ____ phone's NFC ____ connect to ____ devices
 ____ ____ interested in seeing ____ ____ can ____ ____ connecting with an NFC ____ .
 ____ ____ phone ____ ____ the Near Field Computing (nFC) ____ ?
 ____ ____ phone ____ use a wireless connection ____ the ____ ____ ?
 Can I use ____ ____ Communication ____ capabilities to ____ ____ seamless link between ____ .
 ____ ____ new ____ Field ____ (NFC) standard allows you ____ ____ my ____ ____ devices.
 ____ ____ my phone ____ ____ Near field ____ (NFC) device?
 I'm wondering ____ ____ can ____ ____ device.
 Can ____ ____ connected to a ____ network ____ the nFC ____ ?
 ____ ____ my phone's ____ Field ____ (NFC) ____ link ____ my devices?
 It ____ ____ to use ____ ____ to make ____ ____ with other gadgets
 ____ ____ phone ____ with ____ technology for ____ connections?
 ____ ____ want ____ know if ____ phone ____ to connect with ____ .
 Near ____ Communications (NFC) can ____ ____ phone ____ compatible devices.
 It ____ ____ use my phone ____ connect ____ ____ Near Field Communications ____ standard.
 ____ ____ phone compatible with ____ ____ get to ____ wireless network?
 ____ ____ phone ____ the ____ to connect to many gadgets ____ ____ use of ____ ____ field ____ technology?
 ____ I ____ ____ Nearfield Communication (NFC) capabilities ____ establish ____ seamless ____ ?
 Will ____ field ____ (NFC) ____ for ____ ____ on ____ phone?
 Can ____ ____ allow ____ ____ use wireless ties ____ ____ that ____ compatible with the ____ NFC technology?
 ____ ____ device allow me ____ ____ my ____ NfC technology ____ ____ connections?
 The phone's NFC ____ can ____ ____ to make ____ ____ with ____ gizmos.
 Is ____ ____ use NFC ____ to ____ my ____ ____ to other devices?

_____ to use _____ on _____ phone?

_____ like _____ to _____ me _____ ties with gadgets _____ are compatible with the built-in NFC tech.

Will near _____ technology be able to allow _____ connections _____?

_____ possible to _____ Near Field Communication _____ to link with other _____?

I am curious _____ to connect _____ phone's _____.

I am _____ it's _____ to extend _____ to other _____.

_____ my phone work _____ that _____ an NFC chip?

_____ capable of _____ Near Field Computing _____?

Is _____ with wireless _____ using _____ technology?

_____ if _____ use my phone's NFC _____.

Will _____ phone _____ its near field _____ capabilities?

_____ curious _____ ability to connect via _____ NFC port.

Can _____ cell phone _____ me _____ use wireless _____ with _____ are _____ the _____ tech?

_____ my phone _____ with _____ use NFC?

I _____ if I am able to _____ on _____ with _____ gadgets.

_____ wireless connections _____ possible with the _____ Communication (NFC) _____?

Does my phone have the _____ to connect _____ a range of _____ a _____ communications _____?

Can my _____ phone let _____ wireless ties _____ with the _____ tech?

Does _____ work in _____ wireless manner _____ feature _____ NFC?

_____ my _____ compatible with _____ with _____ Communication (NFC) chips?

Can _____ cell phone give me _____ ability to use _____ ties with gadgets _____ tech?

Is _____ phone's NFC feature _____ connect with other electronics?

_____ my phone have _____ variety of gadgets using a _____ field _____ technology?

_____ devices _____ my phone _____ its new _____ communication (NFC) _____?

Can _____ to connect _____ devices without wires?

_____ interested _____ know if _____ facilitate seamless _____ through an _____ technology

Is it possible to _____ to _____ wireless _____ using _____

_____ my phone able _____ Near _____ Communications (NFC) method _____ compatible _____?

Is _____ NFC on my _____ connect with other _____ devices?

Can I _____ (NFC) _____ on my phone _____ make _____ seamless wireless _____?

Near-field Communication (NFC) is _____ wireless _____ which can _____ the _____.

Is _____ phone able _____ connect to a variety of gadgets _____ near _____ device?

_____ it _____ to _____ my _____ for connecting _____ compatible devices?

_____ phone _____ me _____ establish _____ connections with my _____ the _____ NFC technology?

Can _____ use _____ Near Field _____ (NFC) _____ make a link _____?

Does my _____ support connecting _____ nFC?

Can the _____ be used _____ connect _____ devices?

Is _____ using nFC to _____ a Wireless Network?

The _____ technology could connect this phone _____ wireless _____.

_____ my phones support _____ with compatible _____?

_____ possible to _____ phone's NFC feature to link _____?

Is _____ phone capable _____ using _____?

_____ my _____ Field _____ to establish a seamless, wireless link?

_____ phone can communicate with _____ with _____ accessory _____ as a NFC _____?

Does _____ phone have _____ connect _____ a _____ gadgets _____ a near _____ device?

Will _____ communication _____ in my _____ allow compatibility-based wireless _____?

_____ Communication _____ is _____ wireless _____ can be used on _____ phone.

I wonder _____ is possible to _____ my phone's NFC to _____.

Is _____ possible to _____ my phone _____ a compatible _____ has _____ Communications _____ chip?

_____ my _____ allow _____ use my phone's NFC _____ for _____?

_____ interested in the ability _____ phone'sNFC port.

Can I _____ Field _____ (NFC) _____ to _____ a seamless Wireless _____?

_____ support _____ compatible devices via nFc?

_____ to make connections with _____ using _____ phone'sNFC feature?

Is it possible _____ my _____ a _____ device that _____?

A wireless _____ technique _____ Near-field Communication _____ the phone.

Can my phones _____ communication _____ field communications _____?

_____ have _____ ability to use a Near _____ (nFc) _____?

Can I _____ mobile _____ establish a _____ connection, _____ nef- _____?

Can _____ the phone's Near _____ (nFc) _____ connect _____?

_____ my _____ have the ability _____ use the _____ (NFC) _____?

Will my _____ allow _____ to _____ my _____ via the built-inNFC technology?

The _____ Near Field _____ (NFC) _____ allow _____ to use _____ phone and _____.

Is _____ phone compatible _____ using _____ connect _____ wireless _____

Is _____ phone _____ with using _____ Field _____ to _____ wireless connections?

_____ my phone's Near _____ Communications _____ based wireless connections?

_____ capable of _____ a _____ connection in _____ field _____ nFc?

I wonder if it _____ possible _____ phone'sNFC _____ connect _____ different _____

Can _____ be used _____ from phone _____?

Can _____ allow me _____ pair _____ with a _____?

_____ phone allow _____ to use _____ that are compatible with built-inNFC?

_____ be used with a _____ field communication _____?

_____ can _____ used _____ my phone.

Do _____ with my phone via _____?

Does my _____ have the _____ to _____ gadgets _____ a _____ field communications _____?

_____ my _____ compatible with compatible devices _____ Near _____ (NFC) _____?

_____ to allow _____ to use the _____ Nfc technology _____ connections.

_____ I use my _____ Communication (NFC) capabilities to _____ my _____?

Will _____ wireless _____ be supported by my _____ Communications _____?

_____ wonder _____ it's _____ extend my phone's _____ to other _____.

_____ it possible _____ use _____ field communications _____ phone?

Will _____ wireless connections _____ Nq tech _____ my phone.

_____ want to _____ if _____ phone _____ of _____ Near Field Communication (nFc).

Can I _____ my _____ Near Field Communication _____ seamless wireless _____

_____ my _____ allow me _____ use my _____ near _____ communication _____ to _____?

_____ I _____ the _____ phone's Near field _____ wireless?

_____ you tell me _____ my _____ me to connect _____ NFC?

Is _____ possible to useNFC to _____ device?

_____ in _____ my phone can facilitate seamless connecting _____

Is _____ compatible _____ compatible _____ via _____ nFc?

_____ allow _____ Field Communication (NFC) links using _____ connections?

_____ to know if the _____ able to _____ nFc.

_____ my phone _____ with a _____ with _____ (NFC) standard?

_____ possible _____ use _____ phone's Near _____ Communication _____ capabilities to _____ a _____ connection?

_____ the phone _____ usingnFc to _____ wireless connections?

I _____ curious _____ the _____ of _____ Field Communication (NFC) _____ device _____ directly with _____.

I _____ it is _____ my phone'sNFC _____ connect to different _____.

_____ I make _____ seamless wireless link using _____ phone's _____ capabilities?

_____ wireless _____ be possible _____ tech in _____ phone?

_____ it possible _____ use the phone'sNFC feature _____ to _____?

Can I use _____ Near- Field _____ to establish _____ wireless _____?

Is Near _____ (NFC) possible _____?

_____ use my _____ Near Field Communications (NFC) capabilities _____?

Is _____ to _____ feature to _____ with other compatible devices?

_____ use _____ near _____ communication (NFC) _____ establish _____ link between all?

_____ am wondering if NFC can be used _____ connecting _____ gadgets.

_____ can use _____ wireless _____ technique called Near-field Communication _____ which _____ with _____

I am _____ about _____ ability _____ the _____ NFC _____.

I need _____ if _____ is able to connect _____.

_____ the _____ to use my phone and _____ devices with the new _____ standard?

_____ this _____ with using NFC to _____ to _____ wireless _____?

Do my _____ support _____ to compatible _____ via _____?

_____ I _____ my _____ Near Field _____ to establish a _____ link.

Is _____ way _____ the mobile phone's Near _____ Communication ('NFC') _____?

Will my _____ allow _____ to _____ others without _____?

Is it _____ phone _____ a wireless network _____ communication (nFC)?

Is _____ phone _____ of using _____ Computing _____ form?

Near field _____ (NFC) _____ allow _____ connections on my _____.

_____ my _____ Near _____ Communication (NFC) capabilities _____ to _____ wireless link?

_____ it _____ establish _____ wireless connection _____ the uses of _____ technology?

Do _____ devices _____ with my _____ via new _____?

Will _____ device allow _____ the phone's near _____ (nFC) _____ to _____?

Can _____ my _____ get connected?

Can _____ phone's nFC to _____ devices?

Is it possible _____ feature _____ be used _____ other devices?

_____ like _____ cell phone _____ let _____ use _____ ties with _____ that _____ compatible _____ the built-in NFC _____.

I am _____ if _____ Field Communication _____ used to _____ wires.

Can _____ NFC technology let me _____ another _____?

Can _____ the phone's nFC _____ get in _____ with _____?

I _____ to _____ my _____ Near field _____ to connect without _____.

Can the _____ technology _____ my _____ with a _____ device.

Does my _____ the ability to _____ near field _____?

Do _____ chance _____ the _____ field Communication ('NFC') system _____ my mobile _____?

Is it possible to _____ other gadgets _____ the _____?

"Do my phones _____ with compatible _____ via _____

Do compatible _____ my phone via _____ near-field _____ (nFC) _____?

Can _____ the _____ to pair my _____ up with _____?

_____ support connecting _____ compatible devices _____ nFC?

Is _____ connect _____ other _____ with _____ phone's NFC feature?

Is _____ possible _____ use _____ NFC feature _____ connect _____ gadgets.

Is it possible to _____ up _____ various _____ phone's Near _____ capabilities?

_____ my phone's _____ able _____ enable cross- _____?

_____ connections be possible _____ Nq _____ in my cell?

I'm _____ if I _____ on _____.

Is _____ for _____ phone to use a _____ in _____?

_____ I use my phone's _____ (NFC) _____ to _____ seamless wireless link _____?

Does my _____ in the Near _____ Computing _____ protocol?

_____ capable _____ using a Near Field _____ connection?

Is my phone _____ of _____ wireless connection, in _____?

How _____ I know _____ my _____ be _____ for Near Field _____?

_____ compatible devices via nFc?

Can I _____ phone's _____ field _____ capabilities to _____ various devices?

Did _____ have the ability _____ connect _____ a _____ gadgets _____ the use of _____ near _____ device?

Is _____ possible to _____ phone and _____ with no _____?

Is _____ to establish _____ ties with supporting gadgets _____ NFC _____ my cell _____?

_____ my _____ using a wireless _____ in nFc?

_____ allow near field communication _____?

_____ Communications (NFC) technology support _____ based wireless connections?

_____ connections _____ supported by my phone's Near _____ Communications _____?

Can _____ Near Field _____ (NFC) _____ to make _____ link?

_____ my _____ phone _____ me _____ use wireless ties with _____ work _____ the _____?

_____ possible to establish a _____ the nef- _____?

_____ you _____ make wireless connections with other gadgets?

_____ communication _____ a wireless _____ that can _____ with the phone.

_____ cell phone allow me to _____ built-in _____ wireless ties?

_____ wonder if _____ toExtend _____ phone'sNFC to _____ different devices

_____ phone _____ connecting to _____ wireless connection _____ nFc?

_____ phone allow _____ connect to a _____ gadgets using a _____ device?

Will _____ (NFC) _____ allow me _____ use my phone for _____?

_____ I _____ phone's _____ to connect _____ things?

_____ it _____ establish a seamless _____ using _____ Field Communication (NFC) _____?

_____ my _____ Field Communication (NFC) capabilities to establish _____ seamless link _____.

The phone's near field communication _____ let _____ use _____ wireless _____.

_____ my phone _____ use awireless _____ nFc form?

Is it possible _____ use the _____ make _____ with _____ gizmos?

_____ Field _____ tech _____ compatibility-based wireless connections?

Is my _____ NFC _____ device _____?

_____ it _____ use my phone _____ compatible device that has the Near _____?

_____ it _____ to use _____ NFC on _____ phone _____ connect with _____?

_____ my _____ ability to _____ with many gadgets using a _____?

Does my _____ have _____ ability _____ connect _____ a _____ gadgets with the use _____ near _____ technology.

I'm curious _____ the ability _____ connect _____ the _____.

Is this phone compatible with usingNFC _____?

Can _____ phone _____ used _____ connect _____ wireless network using _____ Field _____?

_____ Field _____ (NFC) _____ supported _____ phone's compatibility-based wireless connections?

Can theNFC technology _____ my _____ another device?

_____ communication technique, can be _____ on the phone.

_____ device _____ me _____ my phone's _____ technology for wireless _____?

_____ curious about _____ via phone'sNFC port.

_____ able to use a _____ the Near _____ Computing (nFc) _____?

I'm _____ my phone _____ seamless connecting _____ an NFC _____

_____ Communications (NFC) _____ support compatibility-based wireless _____?

Is it _____ to _____ other gadgets _____ using the phone'sNFC _____?

_____ able to use _____ wireless connection _____ nFc?

_____ phone _____ connect to a variety of _____ use _____ a _____ field communication technology?

Does my _____ compatible devices _____?

_____ phone can use _____ communication technique _____ Near-field Communication _____ linked _____ another.

_____ my _____ with _____ devices via nFc?

Is my _____ capable of _____ wireless _____ Near Field Computing _____?

_____ my phone _____ a _____ connection in the nFc _____.

Is _____ of using _____ field computing (nFC) _____ connection?
 _____ NFC technology _____ me to pair my _____ with _____
 _____ my _____ have the ability _____ to _____ of gadgets with _____ of _____ near _____ device?
 _____ this phone _____ with NFC _____ connect _____ wireless _____?
 _____ in if _____ phone _____ facilitate seamless _____ an NFC _____.
 _____ communication _____ is a _____ communication technique that _____ can _____.

Do my _____ support connecting _____ compatible _____?
 _____ phone able _____ use a wireless connection _____?
 Is my _____ capable _____ having _____ wireless _____ in _____ nFC _____?
 _____ you _____ the _____ to use my phone _____ devices _____ the new Near _____ (NFC) _____?
 Can _____ communicate _____ using its _____ Communication (NFC) technology?
 Can I _____ the _____ capabilities on _____ phone to _____ a _____?
 _____ wonder if it is _____ extend the _____ connect _____ other _____.
 _____ I use my _____ Near Field Communication _____ capabilities _____ set _____?
 I'm _____ if _____ can use _____ connection _____ nFC field.
 Is my _____ able to _____ the _____ communication _____ (NFC)?
 I want _____ cell phone _____ enable _____ to use _____ that are _____ with _____ tech.
 I'm _____ about _____ ability to _____ a _____ NFC _____
 _____ this _____ connecting _____ a wireless network via _____?
 Do _____ the _____ use _____ and _____ compatible _____ with _____ card called _____ Field Communication (NFC)?
 I want _____ link _____ various devices _____ phone's _____ Communication _____ capabilities.
 Will _____ communication (Nfc) technology let _____ use it _____ wireless _____?
 I wonder _____ possible to _____ my phone's NFC, to _____ devices.
 _____ the chance to use my _____ and connected devices by the _____ Near _____?
 _____ in _____ ability _____ connect via a phone's NFC _____.

Will _____ (NFC) technology allow for wireless connections _____.
 _____ my phone's _____ field _____ (NFC) capabilities _____ establish _____ seamless link _____ all
 _____ if _____ possible to extend _____ phone's NFC to connect to _____.
 Is there _____ to _____ connections with other gadgets using _____?
 Is my _____ enough to use _____ Near _____ protocol?
 It's _____ to use the _____ to _____ this _____ to _____ network.
 _____ allow _____ to use its _____ capabilities?
 _____ wonder if it _____ possible to _____ connect _____ other devices.
 _____ the opportunity _____ mobile phone's _____ field Communication _____ for wireless?
 _____ my _____ to use _____ Near Field Communications _____?
 _____ technique known _____ Communication (NFC) can be _____ by _____ phone.
 Can _____ use the _____ nFC _____ certain _____?
 Can _____ phone be _____ with a _____ that has _____ Communications _____ chip?
 _____ my _____ connected to _____ device with _____ communication (NFC)?
 Can _____ the _____ to make wireless connections _____ other _____?
 I _____ know if _____ on my _____ for _____ with _____.
 _____ possible to connect _____ to _____ network using _____ (nFC) technology?
 _____ I use _____ Field Communication (NFC) capabilities to set _____?
 _____ able to _____ the _____ field communication (NFC) _____?
 Will _____ connections _____ my _____ be _____ field Communications (NFC)?
 _____ I use my _____ to establish a _____ Wireless _____?
 Can _____ NFC technology _____ with another device?
 Is it possible _____ link _____ phone's NFC _____ devices?
 Is it _____ to _____ my _____ Near Field _____ (NFC) capabilities _____ link?
 _____ compatibility _____ be possible with _____ Nq technology _____ phone?

There is a _____ the _____ (NFC) _____ but _____ it possible?

Near-field _____ can be used _____ the phone _____ link _____.

Is _____ possible _____ use _____ phone's _____ to _____ devices?

Does my phone _____ use _____ ties with _____ that _____ compatible with _____ _____?

I'm _____ in _____ my _____ can _____ seamless connecting _____ an NFC _____

_____ use my _____ Near _____ Communication (NFC) to _____ seamless Wireless _____?

_____ capable _____ using a Near field _____ (nFC) _____?

Do compatible devices _____ with my _____ Near-field _____ (nFC) _____?

_____ compatible _____ nFC to connect _____ a wireless connection.

Can _____ my _____ Near _____ (NFC) capabilities to make _____ seamless _____ between?

_____ my phone's Near _____ Communications _____ be _____ with _____ connections?

_____ compatible _____ with _____ phone via its _____ Near-field _____ technology?

_____ I _____ my phone's _____ Field _____ (NFC) abilities to _____ link?

Is my _____ compatible _____ via _____?

_____ field communication (NFC) _____ allow _____ to _____ wireless _____ on _____ phone?

Is my _____ able _____ use a _____ with _____ framework?

_____ the ability to use _____ field _____ (NFC)?

_____ Field Communication (NFC) capabilities allow _____ to _____ seamless wireless _____?

_____ my _____ have the _____ communicate _____ a _____ gadgets _____ a _____ field device?

_____ my _____ work _____ compatible phones with Near _____ Communication _____?

_____ near _____ technology allow for wireless connections _____ phone?

_____ I _____ Near Field _____ (NFC) _____ establish a connection?

_____ the _____ nFC to connect _____.

_____ phone _____ the ability _____ connect _____ variety _____ gadgets, with the _____ a near field _____ device?

Can _____ phone's Near Field Communication _____ make a wireless _____?

_____ to a _____ network using the nFC technology.

Will _____ Communications _____ on _____ phone support compatibility-based wireless _____?

Is it _____ the _____ communication _____ feature with other devices?

I wonder _____ it _____ to use my _____ to _____ devices.

Is _____ possible _____ my phone _____ connections _____ nFC?

_____ my device _____ the phone's near _____ (NfC) _____ for _____?

_____ possible to use a _____ Near _____ (NFC) chip _____ my phone?

Will near field communication, also _____ the _____ wireless _____ my phone?

I _____ it is possible _____ my phone's NFC to connect _____?

_____ my phone have the _____ connect _____ devices via _____?

Does my _____ gadgets _____ NFC?

_____ my phone able _____ a _____ under _____ Field Computing (nFC) _____?

Will my _____ Near _____ Communication (NFC) technology _____?

Can _____ field communication _____ on _____ phone?

_____ my _____ me to _____ with gadgets that are _____ with the built-in NFC _____?

_____ I use my phone's Near Field _____ (NFC) _____ to _____?

_____ my phone capable of _____ gadgets with _____ a _____ field communications _____?

Can _____ my phone's Near _____ Communication (NFC) _____ to _____ my _____?

_____ a _____ technique, _____ be linked to the phone.

_____ support _____ with compatible devices _____.

_____ want to know if _____ is _____ of _____ then FC.

Near-field _____ is a _____ technique which _____ connected to _____ phone.

Is it possible _____ use the _____ Field Communication (NFC) feature _____?

Is _____ link _____ gadgets by using _____ on my _____?

Can I connect my _____ with _____ Near _____ capabilities?

____ my phone able ____ a wireless ____ nFC ____?
 ____ phone ____ the Near Field Computing ____ method?
 ____ possible to use ____ to make ____ connections ____ other gadgets?
 ____ my ____ able ____ with ____ devices using NFC technology?
 I'd ____ to ____ if my ____ facilitate ____ connecting ____ an NFC ____.
 ____ I use ____ Field Communication (NFC) capabilities ____ a ____ connection?
 ____ my device allow ____ use ____ phone's Near ____ (NFC) to ____?
 ____ cell ____ allow me to have wireless ____ that ____ with the built-in NFC ____?
 Does ____ allow me ____ connect to ____ of gadgets ____ the use ____ a ____ device?
 I ____ cell phone will allow me ____ use wireless ____ gadgets that ____ compatible ____ tech.
 Is my phone able ____ use a ____ the ____?
 Is ____ possible ____ phone's NFC feature?
 Is ____ to use nfc to ____ from ____?
 Is it ____ to ____ my ____ Communication ____ capabilities to ____ other devices?
 Is ____ to ____ the ____ feature to make wireless ____?
 ____ phone's nFC to connect to ____?
 Near-field Communication ____ is ____ in which ____ phone can ____.
 ____ possible ____ use phone's ____ Communication (NFC) feature ____ devices?
 ____ the ability ____ connect ____ a variety ____ gadgets ____ a near ____ device.
 I'm ____ to ____ if ____ phone ____ allow seamless ____ through an ____.
 Can ____ NFC feature ____ to ____ with other ____?
 Can ____ use my phone's Near ____ Communication ____ abilities to ____?
 ____ cell phone ____ me to ____ wireless ____ with gadgets that are ____ with ____?
 Is this ____ compatible ____ connect ____ wireless networks?
 I am ____ if ____ to ____ phone's NFC to connect to ____.
 ____ my phone ____ the ability ____ many ____ using a ____ device?
 I ____ can ____ possible ____ extend ____ to connect ____ other devices.
 ____ it is possible to ____ my phone's NFC into ____.
 ____ to ____ on my phone?
 I ____ if I can ____ to different devices.
 ____ communications ____ for wireless connections on my phone?
 ____ my phone ____ the ____ connect with a variety of ____ use of ____ near ____ communications ____?
 Will compatible ____ connections ____ my phone's ____ Field Communications ____?
 Does ____ phone work ____ devices with ____ Near ____ Communication ____?
 Will my device ____ to use ____ near ____ (NFC) ____?
 Can ____ use ____ phone's ____ Communication (nFC) ____ connected?
 Will my ____ me ____ with my other ____ the built-in ____ technology?
 ____ this ____ compatible ____ use nFC ____ connect to ____ connection?
 Is it ____ phone's NFC ____ make Wireless connections with ____ gadgets?
 Is ____ possible to use the ____ feature ____ make ____ other ____?
 ____ use ____ phone's ____ Field Communication (NFC) to ____ a ____ link?
 Is ____ use the phone's NFC ____ to ____ other gizmos?
 ____ my cell phone ____ use wireless ____ with gadgets that ____?
 Can my phone be connected ____ field ____ (NFC)?
 Is my phone ____ of ____ field ____ (NFC) ____ to ____?
 Will ____ device let me ____ my phone's near ____?
 ____ wonder if ____ possible to ____ connect to other ____?
 Is my ____ use a ____ in ____ nFC system?
 Will my ____ me ____ use ____ Nfc technology ____ wireless ____?
 ____ my phone have ____ ability ____ connect ____ of ____ using a near ____ communications device?

____ want to ____ my phone's ____ Communication ____ capabilities to ____ seamless ____.
 Can ____ Field ____ (NFC) ____ link ____ my various devices?
 ____ I use my ____ communication ____ capabilities ____ a seamless connection?
 Is ____ phone able ____ use ____ wireless connection in ____?
 ____ to use the ____ field communication ____ technology for ____.
 Can ____ use ____ phone's ____ Field Communication ____ to establish ____ link ____ my
 ____ communications ____ technology ____ me to use a wireless ____ my ____?
 ____ I ____ phone's ____ Field Communication ____ capabilities ____ make a seamless ____ all?
 Will wireless ____ my phone ____ the nFC?
 Can I ____ phone's ____ Field Communication ____ to ____ up different ____?
 ____ use my phone's ____ to other devices?
 ____ interested to ____ if ____ facilitate seamless connecting ____ an NFC ____.
 ____ I use ____ phone's Nearfield ____ capabilities ____ make a seamless ____?
 Can ____ my phone's ____ Field ____ (NFC) capabilities to ____ a ____ wireless ____?
 ____ use ____ capabilities on my device?
 ____ me to use wireless ties ____ that are ____ built-in Near Field Communication ____ tech?
 ____ possible ____ connect ____ to ____ wireless network ____ thenFC technology?
 ____ the phone able ____ communicate ____ the ____ such ____ a NFC device?
 ____ (NFC) ____ a ____ communication ____ allows the phone to be ____ another.
 Is ____ a ____ use ____ phone's Near-Field ____ (NFC) ____?
 Is ____ phone compatible ____ connect ____ a wireless network?
 ____ use ____ to establish ____ through the use ____ nef technology?
 Can ____ cell phone allow ____ wireless ____ with ____ are ____ with ____ built-inNFC tech??
 Is ____ possible ____ connect my gadgets ____ NFC ____?
 ____ the phone ____ to use a ____ in ____ method?
 ____ capable of ____ a wireless ____ in the ____ method?
 I'm ____ if I ____ use Near ____ on ____ device.
 I ____ if it is ____ toExtend my ____ to ____
 ____ connections ____ supported ____ my phone's Near Field ____ tech?
 ____ wonder if it is possible ____ phone'sNFC ____ devices.
 Can ____ my ____ Communication ____ abilities to establish a ____?
 ____ my phones ____ connecting ____?
 ____ like ____ use ____ phone's Near ____ Communication (NFC) ____ to establish ____ Wireless ____.
 ____ phone have ____ connect ____ range ____ gadgets using a ____ field device?
 Does my ____ support ____ compatible ____ through ____?
 Can my phone's ____ Field ____ (NFC) tech support ____?
 Will my ____ let ____ use the ____ wireless connections.
 Is my ____ to ____ a wireless ____ in ____?
 Can I use my ____ connect to ____?
 Do my ____ support connecting ____ devices ____?
 Can my cell phone allow ____ to ____ gadgets that ____ built-inNFC ____?
 ____ am interested in using ____ field ____ ('NFC') for ____.
 Can I use ____ phone's ____ capabilities to make ____ seamless ____?
 Is it ____ this phone to a ____ near ____ communication ____?
 ____ phone'sNFC feature ____ used ____ with other devices?
 Is there a ____ to ____ NFC ____ this ____?
 Can I use ____ phone's ____ Communication (NFC) features ____ connection?
 Will my cell ____ allow me ____ connections with my ____ the built-in ____?
 ____ possible to connect this ____ to ____ wireless ____ nFC ____.
 ____ this phone compatible ____ connecting ____ a wireless ____?

_____ my _____ Near Field Communication (NFC) _____ to _____ a _____ link?

Is it possible _____ my _____ to communicate?

_____ think _____ possible to _____ feature for connecting devices?

_____ my phone have _____ ability to _____ to _____ with the use _____ communications device?

_____ my _____ work with compatible _____ use of _____?

Can _____ use my phone's Near field _____ to establish _____?

_____ on _____ phone be possible through Near _____ (NFC)?

_____ this _____ used _____ connect to _____ wireless network _____ nFC?

_____ my _____ Near Field _____ (NFC)?

_____ am wondering if my phones _____ compatible _____ via _____.

_____ am _____ it's possible _____ use _____ phone's NFC feature.

Can _____ Near Field Communication (NFC) _____ to establish _____ between _____?

Is _____ phone allowed to _____ in _____ nFC framework?

Does my phone _____ to _____ wireless connection in _____ form?

Can my device _____ use _____ phone's NFC chip _____ wires?

_____ my cell phone _____ me use wireless _____ that are _____ built-in NFC _____.

Does _____ the _____ to _____ a variety _____ gadgets _____ near field communications technology?

_____ phone _____ me _____ use _____ wireless tie _____ gadgets that _____ compatible _____ the built-in NFC tech?

_____ cell _____ allow me to _____ wireless _____ with _____ other electronics using the _____ technology?

_____ my phone have the _____ to _____ Field Computing _____?

Will _____ (NFC) _____ allow a wireless connection on _____?

_____ wondering _____ it _____ to extend _____ connect to other devices.

Do _____ the _____ to use _____ wireless connection _____ my _____ with _____ new NFC _____?

Can _____ use _____ phone's Near Field Communication (NFC) _____ to _____?

_____ my cell phone _____ the _____ wireless _____ with gadgets _____ compatible with the _____?

Does the _____ nFC _____ connect _____ wireless connections?

_____ be connected to a _____ field Communication (NFC)?

_____ Near _____ Communication _____ allow me to make wireless _____ phone?

_____ it possible to use _____ (NFC) to _____ my _____?

_____ my _____ to use _____ phone's nFC?

I'm _____ is _____ use _____ Near- Field Communication (NFC) feature.

Does my _____ to use _____ field _____ technology _____ connect to many _____?

I _____ to _____ a seamless _____ between _____ with _____ Field _____ (NFC) capabilities.

Do compatible _____ work with _____ new _____ (nFC) technology?

_____ establish a _____ wireless link _____ phone's _____ Field Communication (NFC) _____?

Does _____ work with Near Field _____ connections?

_____ to _____ my phone use a _____ with _____ Communications (NFC) chip?

Will _____ (NFC) _____ support compatibility-based wireless connections?

Near-field _____ is _____ wireless _____ technique _____ linked to a phone.

Can _____ technology allow me _____ pair _____ phone _____ with _____?

_____ Communication _____ used _____ link the phone _____ others.

_____ my _____ have an _____ connect to _____ gadgets using a near _____ communications _____?

Is my _____ able _____ field communications (NFC) _____ devices?

Is _____ phone _____ to use _____ wireless connection under _____?

Will _____ connections _____ my phone be _____ using _____ Communication _____?

_____ am wondering if I _____ use the _____ Communications _____ my _____.

Can _____ use _____ phone's _____ Field Communication _____ a wireless link?

Is _____ capable _____ connecting _____ wireless network _____ the _____ method?

Can my _____ be connected _____ device _____ Near field _____ (NFC) _____?

I _____ in the ability to _____ via _____ phone's _____.

_____ use the phone's NFC _____ connections with other gizmos?

_____ use my phone's Near _____ (NFC) capabilities _____ establish a _____?

_____ a way _____ the phone's _____ to link _____ other devices?

_____ possible _____ make _____ connections with _____ devices _____ phone's NFC feature?

Will my _____ Near Field _____ support _____ based wireless _____?

I _____ know if _____ is _____ of connecting _____ NFC.

Does it _____ use _____ feature to make wireless _____?

Can I use _____ Field Communication (NFC) _____ to communicate _____?

_____ wondering _____ I can use NFC _____ connect to other _____.

_____ near field _____ (NFC) technology _____ me _____ my _____ for wireless _____?

I wonder _____ it's possible to extend _____ to connect _____

_____ be used with _____ Near field communication (NFC)?

_____ be _____ to use _____ phone's _____ capabilities?

_____ possible for me to _____ Communication (NFC) capabilities to establish a _____ wireless _____?

_____ mobile _____ can I use it _____ up _____ compatible wireless _____.

_____ there a way to _____ phone _____ network _____ the NFC _____?

Can _____ my _____ Communication (NFC) capabilities _____ up _____ devices?

_____ it _____ to use _____ feature _____ the _____ make wireless _____?

I am _____ can use NFC on _____ device _____ with _____.

_____ would like to know _____ to _____ phone's NFC to connect to _____.

compatible _____ wirelessly with _____ NFC _____?

_____ wireless _____ on my phone _____ possible _____ Field _____ (NFC) _____?
