

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	SIM card replacement and activation
Inquiry Sub-Category	SIM Card PUK Code
Description	When customers input their SIM card PIN code incorrectly multiple times, the SIM card may get locked and request a PUK (Personal Unblocking Key) code. Operators provide this code to customers to unlock their SIM cards and regain access to their mobile services.
Data Size	5,089 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)
