

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Cable and Satellite TV Providers |
| Inquiry Category | Signal and reception troubleshooting |
| Inquiry Sub-Category | Weather-related signal interruptions |
| Description | Inquiries in this category involve customers seeking assistance with signal issues during adverse weather conditions, such as heavy rain, storms, or strong winds. Advisors may provide tips on mitigating weather-related signal loss or suggest suitable equipment upgrades. |
| Data Size | 5,002 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

What ____ the ____ procedure ____ ____ ____ satellite dish ____ misaligned due ____ severe weather ____?

What ____ should be ____ if there is ____ ____ satellite ____ to ____ ____?

In ____ of bad weather ____ ____ stray satellite dish, ____ ____ suggested?

Is there a ____ to ____ ____ satellite dish ____ it ____ of ____ with ____ ____?

Fix satellite alignment ____ ____ ____?

____ ____ ____ storm-caused satellite ____ alignment?

What's the ____ ____ to ____ ____ rain-related ____?

Appropriate ____ ____ action after ____ weather ____ satellite ____

____ ____ ____ causes a satellite ____ to ____ ____ alignment ____ should I do?

____ ____ ____ way to fix ____ satellite dish ____ adverse ____?

Can ____ tell ____ ____ there is ____ ____ to ____ the ____ dish during ____ weather?

____ bad weather ____ ____ dish to ____ out ____ alignment how ____ ____ fix ____?

____ for resetting ____ Satellite ____ after ____ ____?

Is ____ ____ ____ realign the satellite dish ____ bad ____?

____ ____ dish ____ ____ bad weather, what's the right ____?

If ____ ____ ____ my ____ dish ____ go out ____ alignment, ____ should I fix ____.

Is ____ a procedure for realigning the ____ ____ ____?

____ the weather ____ ____ satellite dish ____ ____ how should I ____ ____?

The weather ____ ____ the ____ ____ ____ get out ____ alignment.

In ____ ____ bad weather, what ____ the ____ ____ to ____ the satellite ____?

What should you ____ ____ the ____ ____ ____ satellite angle ____ your ____?

____ procedures should be ____ in the event that ____ ____ ____ due to ____ ____?

____ ____ satellite dish ____ ____ during bad ____ is there ____ ____ to ____ it?

____ ____ ____ how ____ fix my ____ ____ ____ it ____ out of ____ due to bad weather.

____ ____ ____ throws ____ ____ angle befuddlement your ____ ____ should you do?

A ____ weather event ____ cause my ____ ____ ____ ____ out of ____.

Is there ____ ____ ____ ____ ____ ____ ____ it goes out under adverse weather?

_____ is a way _____ fix _____ satellite _____ goes awry _____ weather
 _____ is _____ way to handle _____ satellite dish _____ by _____.
 Is _____ a way to _____ satellite dish _____ it _____ out _____ alignment _____ bad _____?
 Does _____ a _____ fix the _____ bad _____ causes it to _____?
 If the _____ makes my _____ how _____ I fix it?
 What _____ be _____ satellite dish _____ malfunctioning _____ the weather.
 _____ should I do _____ the storm _____ off _____?
 Should _____ to _____ the dish after _____ weather?
 _____ on _____ alignment _____ to _____ climate?
 Post extreme _____ there _____ proper steps _____ the _____?
 If the weather _____ the _____ dish to be _____ in _____ a _____ fix _____?
 _____ about how to fix my satellite _____ if _____ weather takes _____.
 _____ am wondering _____ repair my _____ dish _____ out of alignment during _____ weather _____.
 Procedure _____ a _____ post storminess?
 _____ procedure _____ followed _____ a _____ isn't aligned due to _____?
 _____ suggestions on _____ a _____ satellite _____?
 I was wondering if _____ how _____ handle a satellite dish _____?
 _____ satellite _____ goes _____ of _____ due to bad _____ I _____ to know _____ fix it.
 What _____ be followed if _____ dish is not _____ because _____ some _____?
 Should _____ procedure be followed when a _____ stuck _____ weather?
 Is _____ a _____ to fix _____ the weather _____ it to _____?
 How do _____ my _____ weather causes _____ to malfunction?
 _____ is _____ way to handle _____ it gets _____ by weather.
 Isn't there _____ to _____ the satellite _____ if _____ bad?
 Is there _____ way to _____ satellite dish when _____ of _____ weather?
 How to _____ a satellite _____?
 _____ experiencing extreme weather conditions, _____ me _____ to _____ my _____ dish?
 _____ there _____ way to fix _____ dish if the _____ shift?
 _____ the _____ causing a satellite _____ to _____ astray, what should _____ done?
 Should _____ if a satellite _____ is _____ due _____ weather?
 _____ possible _____ fix the satellite _____ goes _____ of _____ because of _____ weather?
 Due to _____ satellite _____ needs to _____ realigned.
 There _____ a procedure for _____ after rough weather.
 _____ there _____ to _____ align a storm-disturbed _____ dish?
 What procedures _____ be _____ the _____ dish _____ to the weather?
 Suggestions on how _____ a _____?
 If _____ weather _____ a _____ angle befuddlement, _____ should _____ do?
 Is there _____ way _____ fix the satellite _____ if _____ messed _____ by _____?
 _____ the best way _____ fix satellite misalignment _____ to _____?
 Is _____ possible to fix my _____ dish _____ goes _____ of _____?
 If there _____ dish due to _____ weather, _____ should _____ done?
 _____ should I do if _____ satellite dish _____ be _____?
 Is _____ way to _____ the satellite _____ weather?
 _____ may _____ the _____ to _____ out of alignment.
 There _____ a _____ way _____ handle _____ that is _____ by weather.
 If the _____ causes _____ dish, what _____ done?
 Can you tell _____ my _____ dish in severe _____?
 Is _____ procedure _____ follow _____ satellite dish _____ due _____ the weather _____ correct _____?
 _____ want _____ give me guidance on _____ my _____ dish in severe _____.
 If my satellite _____ goes _____ of _____ event, how can I _____?

Is there _____ to fix _____ satellite _____ it _____ under adverse _____?
 _____ can _____ problem with _____ dish _____ by bad weather?
 _____ is _____ best way to fix a malfunctioning satellite _____ adverse _____?
 _____ to correct severe _____ alignment?

What _____ the _____ way _____ deal _____ dish changing _____ weather?
 _____ a _____ to _____ a _____ if it gets stuck under _____?

Is there _____ way to fix _____ dish if bad _____ causes _____ of _____?
 _____ bad weather causes _____ satellite dish _____ what _____ best suggested by _____ services?
 _____ I deal with _____ chaos because the _____ it up?
 _____ there a _____ fix the _____ dish if _____ goes _____ under _____?

Fix _____ because _____ climate?

How _____ fix a _____ satellite _____ weather?
 _____ do if _____ satellite _____ becomes malfunctioning due to _____?
 _____ your help _____ realigning my satellite dish _____ to _____.
 _____ extreme weather, proper _____ a _____?

Is _____ possible to fix _____ satellite _____ if it _____ of _____ weather.
 _____ my _____ dish _____ malfunction, there _____ a recommended way to _____ it.

How _____ reset _____ satellite dish _____?

Is it _____ satellite _____ if _____ goes _____ alignment in bad weather?

Procedures should _____ a satellite dish is _____ due _____.
 _____ my _____ because of bad weather _____ fix?

Is _____ to fix _____ satellite dish _____ the weather _____.
 _____ case of bad weather causing _____ go astray, what procedure _____ by _____ experts?

If the satellite _____ because _____ the weather, _____ done?
 _____ be _____ if _____ satellite _____ is _____ due to weather?

What _____ my dish _____ due to _____ weather?

_____ there anything _____ satellite is _____ off track _____ to bad weather?

There is _____ recommended _____ handle _____ dish in _____ weather.

What _____ if a _____ is _____ due to weather?

What _____ if _____ becomes tilted due to weather?

Is _____ a _____ the satellite dish _____ it is _____ bad weather?

If _____ is _____ malfunctioning _____ due _____ bad _____ what should _____ done?

What _____ proper _____ realign _____ dish _____ extreme weather?
 _____ weather causes my _____ go _____ what can I do?
 _____ procedures _____ be followed _____ dish is not _____ some weather conditions?

Should _____ be _____ for _____ the satellite dish after _____?
 _____ the _____ dish be fixed _____ the _____ is _____?
 _____ my satellite dish _____ out of alignment due _____ fix it?
 _____ my _____ messed up from _____ storm, _____ do I _____?
 _____ on fixing _____ alignments because _____ climate?
 _____ to _____ my satellite _____ if there is _____ event.

Is _____ to fix _____ satellite _____ the weather gets _____?
 _____ the recommended _____ my satellite _____ gets damaged _____ to the _____?

When _____ dish _____ bad weather, _____ the _____ fix?

Is _____ a way to _____ the _____ if _____ weather takes it _____?

If the _____ out of _____ how _____ I repair it?
 _____ the best _____ to _____ a storm-affected _____?

What _____ should _____ followed if the _____ dish is _____?
 _____ if _____ weather displaced my dish?

There is _____ to _____ satellite _____ that has been impacted _____.

What _____ best suggested _____ experts in the _____ of bad _____ a _____ dish _____ astray?

Suggestions on _____ storm-disturbed _____?

If bad _____ causes my Satellite _____ go out _____ should _____ fix _____?

_____ I do if severe _____ dish to malfunction?

_____ case of bad weather _____ stray _____ should _____ done?

How do _____ suggest that _____ the _____ because of _____ weather?

If unfavorable _____ conditions _____ my satellite dish _____ what _____ I _____?

_____ be done if there _____ a satellite _____ due to _____?

If _____ my _____ dish to go out of _____ how should _____?

If the satellite _____ not _____ of the _____ procedures _____ followed?

Steps _____ severe-weather-caused satellite _____?

_____ procedure should be suggested _____ your expert _____ in the _____ weather _____ stray _____ dish?

_____ it appropriate _____ regarding appropriate measures _____ fix my _____ dish after _____?

After _____ weather, how _____ fix _____ dish?

I am _____ how _____ fix _____ dish if _____ out of alignment _____ of _____.

Is it possible to _____ my satellite _____ bad weather?

_____ is bad _____ what should _____ do with my _____?

_____ of _____ sat dish after _____?

_____ causes a _____ dish to go astray, what _____ is _____ experts?

How _____ satellite _____ after _____ storm.

_____ should _____ if there is _____ weather _____ my satellite dish _____?

If _____ satellite dish to be out of _____ do?

_____ weather makes _____ go out _____ alignment, how should _____ it?

If bad _____ takes _____ dish _____ alignment, _____ can I _____?

Advice _____ satellite _____ harsh climate?

Is _____ possible to _____ guidance regarding _____ for _____ dish _____ has _____ damaged by _____?

I am _____ to _____ my _____ if _____ goes out _____ alignment _____ a bad weather _____

_____ causes a _____ satellite _____ what procedures should be _____?

_____ be _____ a satellite dish isn't aligned due _____?

Are there _____ the satellite _____ during bad _____?

Is _____ a procedure _____ realign the _____ dish _____ rough _____?

_____ storm-disturbed satellite dish.

_____ how to _____ my satellite _____ it _____ out _____ alignment during _____ weather.

How do I _____ dish after _____?

Is _____ way to _____ satellite dish if _____ wrong _____ of _____ weather?

What _____ do _____ my _____ becomes faulty due _____ weather?

_____ there _____ way to _____ dish if bad weather _____ it _____ go _____?

_____ bad weather takes _____ satellite dish _____ do I _____ it?

There is _____ recommended _____ handle _____ satellite dish _____ the _____ a _____.

What procedures _____ followed when _____ dish _____ due _____ weather?

_____ I _____ what _____ to fix my satellite dish?

How _____ correct _____ dish caused by bad weather?

_____ fix _____ malfunctioning _____ dish after _____ weather?

_____ the _____ procedures to follow when a _____ to weather _____ one?

What _____ the _____ steps _____ after extreme weather?

Is there _____ to fix the dish if _____ out _____ the _____?

If the weather causes _____ go out _____ should _____ do?

_____ dish is malfunctioning _____ of _____ weather, _____ there a _____ to _____ it?

_____ to fix satellite _____ harsh _____?

What _____ for a _____ dish _____ isn't _____ because of the _____?

If bad weather _____ satellite _____ of alignment, I _____ wondering _____ repair _____.
_____ proper steps _____ dish _____ extreme weather
_____ should _____ do if _____ weather makes my _____ place?
_____ for _____ alignment caused by _____.

There is _____ a satellite dish _____ the _____ is _____
Is _____ a way to _____ the _____ the _____ puts it out _____?

Emergency plan for _____ caused _____.
_____ you _____ extreme weather throws _____ satellite _____ befuddlement?
_____ there be _____ way _____ fix _____ satellite dish if bad _____ it _____?

Is _____ any _____ to _____ dish _____ goes _____ of alignment with _____ weather?

If a _____ dish is _____ because _____ what _____ be _____?
_____ should _____ do if _____ weather that causes _____ satellite _____ to _____?

If _____ dish _____ of _____ weather, what procedures should be _____?
_____ is _____ best course of action _____ weather _____ my _____?

_____ there _____ way to fix the satellite _____ the _____ improve?
_____ a bad weather event causes my _____ go _____ of alignment, _____ I _____?

When _____ dish is stuck due _____ the weather, _____ to follow?

How _____ with this satellite chaos, _____ it up?

Advice _____ fixing _____ due _____ weather?

If the _____ my dish out of _____ should _____?

I want _____ to repair my _____ dish _____ it _____ because of _____ bad weather event.

_____ with _____ my _____ dish if it gets _____ in the _____?

If my _____ dish becomes stuck in the _____ what _____ fix _____?

What will I _____ my _____ dish to malfunction?

_____ satellite dish _____ out of _____ because _____ bad _____.

_____ don't know _____ fix my satellite dish if _____ goes out _____ weather.

_____ a way _____ fix the satellite _____ it _____ out _____ with _____ weather?

The satellite dish _____ out _____ alignment _____ bad _____.

_____ I do if my satellite dish _____ a _____?

_____ there a _____ fix _____ dish _____ bad weather takes it _____ alignment.

Is there any _____ to _____ satellite _____ if bad _____ malfunction?

_____ the weather _____ dish to move, _____ should _____ do?

_____ there _____ fix _____ the _____ if _____ weather gets bad?

_____ to know _____ if _____ satellite _____ becomes uncalibrated because of _____ conditions.

If the _____ causes _____ satellite dish to _____ out _____ can _____ be _____ fix it?

_____ procedures _____ be followed if _____ dish _____ to bad weather?

What _____ if _____ weather moves my _____.

Is _____ to _____ when _____ satellite _____ due to the _____ right?

I am wondering about how _____ if _____ weather _____ of alignment.

If the _____ dish _____ out of _____ during _____ bad weather, _____ it?

_____ out of _____ bad weather, what do I do?

If bad _____ the satellite dish to _____ out _____ how _____ I _____?

Can _____ give _____ on _____ to adjust my satellite dish _____?

_____ there be a _____ to fix the satellite _____ the _____ it to get _____?

If _____ is _____ leads _____ a stray satellite _____ procedure _____ best suggested?

_____ weather causes _____ dish to get _____ of _____ there is _____ to fix _____.

Emergency plan for _____ alignment _____.

What _____ should be _____ if there _____ a satellite _____ that _____ because _____?

I _____ how _____ my satellite dish _____ the weather _____ bad.

I _____ know _____ to repair _____ it _____ out of alignment during bad _____.

What should _____ bad _____ causes my satellite _____ out of _____?

Is there a _____ the _____ if _____ gets _____ under _____ weather?

_____ satellite dish _____ the weather, what procedure _____ be followed?

_____ satellite dish goes out _____ alignment _____ weather.

The _____ resetting _____ satellite dish _____ storm?

There _____ a _____ realigning _____ satellite _____ rough weather.

_____ the weather _____ satellite _____ out _____ alignment, is there _____ to fix it?

What _____ I do if the _____?

_____ need to _____ my _____ if the _____ is bad?

If the satellite dish _____ malfunctioning _____ weather, what _____?

Is there a _____ to _____ the _____ dish _____ goes _____ of _____ weather?

_____ unfavorable climate _____ cause my _____ dish to _____ I do?

_____ wondering _____ if it went out of alignment during the bad _____.

_____ to _____ a _____ dish after _____?

_____ to realign _____ dish due to bad _____.

_____ there a _____ to _____ dish if _____ weather _____ it _____ of alignment?

Is _____ fix _____ satellite _____ if _____ have bad weather?

When a satellite _____ stuck _____ the weather, _____ recommended _____ follow _____?

_____ for _____ sat dish _____ weather?

_____ satellite misalignment _____ harsh climate.

I _____ fix _____ dish if it _____ out _____ alignment due _____ a weather event.

What procedures should _____ when _____ dish malfunctioned _____ of _____?

Procedure _____ satellite _____ after a _____?

_____ a _____ to _____ with a _____ dish that is _____ weather.

What _____ I _____ the _____ my _____ off track?

If there is _____ malfunctioning due to _____ what _____ done?

My _____ up _____ the _____ so what should I _____?

_____ me what _____ my _____ gets stuck in the weather?

The _____ realign _____ dish after _____ weather event?

Is there _____ to fix the satellite _____ if _____ not _____?

When my _____ dish _____ in the weather, _____ plan?

_____ it _____ guidance _____ appropriate _____ fix my satellite dish after _____?

How can I _____ dish if _____ weather _____ it _____ go out _____?

What _____ if my _____ uncalibrated due to bad _____?

I am _____ how to fix _____ dish _____ bad.

_____ how to _____ my satellite _____ takes it _____ of alignment.

What procedures _____ be _____ if _____ satellite dish _____ not _____ weather?

_____ possible _____ satellite _____ it goes _____ alignment because of the weather?

_____ there a _____ the satellite dish _____ the _____ out of alignment?

Is _____ my satellite dish _____ goes out _____ alignment _____ bad weather?

When my dish _____ from _____ best fix?

I _____ wondering _____ fix _____ if it _____ out of alignment _____ bad weather.

If _____ weather _____ my satellite _____ should I do?

_____ the procedure _____ my satellite _____ becomes unbalanced due _____?

How should _____ after extreme _____?

_____ followed _____ satellite _____ is malfunctioning because of _____ weather?

When my _____ of _____ weather, what _____ do?

I want to _____ how _____ a satellite _____ weather conditions.

_____ should be done if _____ satellite _____ is not _____ to _____?

_____ way _____ fix the _____ dish if bad _____ it to go _____?

Is _____ a _____ the satellite dish if _____ go out of _____?
 _____ how to fix my _____ it _____ of alignment _____ to a _____ event.

What procedure is _____ suggested _____ your _____ services in the event of _____ satellite _____ astray?
 _____ there _____ to _____ the satellite _____ if _____ weather _____ out of _____?

Is it possible to _____ guidance _____ measures to _____ satellite _____ after _____?
 If _____ dish is not _____ due _____ what procedures _____ followed?
 If _____ is bad, what _____ I _____ to _____ my _____?
 _____ is _____ the _____ dish if _____ ends up out of alignment _____ bad _____.

When a storm messes _____ what _____ I _____?
 Is there _____ way _____ satellite _____ there's bad weather?
 In case _____ bad weather _____ causes a _____ dish to _____ what _____ the best _____?
 _____ angle befuddlement, what actions _____ you take?

What procedures _____ followed _____ a _____ dish _____ because _____ weather?
 _____ the _____ way _____ handle a _____ that _____ malfunctioning _____ to weather?
 _____ for realigning a _____.
 _____ fix a satellite _____ bad _____?

What should _____ a _____ malfunctioning _____ to bad weather?
 _____ have any suggestions _____ how _____ fix _____ antenna hit _____?
 _____ wondering _____ to _____ my _____ dish if _____ goes _____ of alignment _____ of the bad _____.
 _____ satellite _____ is malfunctioning _____ bad _____ what procedures _____ be followed?
 _____ a _____ procedure _____ satellite dish during rough weather?

How to fix _____ the _____?
 What procedures should _____ followed if a _____ dish _____ of _____?
 _____ a bad weather _____ my _____ dish to _____ out _____ how _____ I fix _____?
 _____ a procedure _____ realigning the satellite _____ in _____ event _____ weather?

Is _____ way to _____ dish if it _____ in alignment _____ the weather?
 What _____ way to _____ a rain- _____ dish?
 If _____ satellite dish ends _____ of _____ with _____ weather, _____ it?
 When _____ causes my satellite _____ to _____ what can _____?
 _____ there _____ a satellite _____ that is malfunctioning _____ weather what _____ followed?
 _____ be _____ when _____ isn't aligned due to the weather?
 _____ way to _____ a satellite _____ the _____ causes it _____ go astray?

If bad weather _____ my _____ of alignment, I'd _____ to _____ how _____.
 _____ not _____ how to fix _____ satellite _____ if it _____ of alignment _____ a _____ event.

There _____ way to handle my _____ if _____ weather _____.
 _____ it possible to _____ dish _____ goes _____ of alignment _____ of _____ weather?
 What _____ must _____ if _____ satellite dish _____ to bad weather?
 _____ should I do to fix my _____ dish?
 _____ should I do _____ my _____ off track _____ bad _____?

How do _____ that _____ the _____ of the weather?
 What _____ a satellite dish malfunctioning due to _____?
 How _____ you think _____ fix the _____ after _____ bit of _____?
 Can you tell _____ how to fix _____ gets damaged _____ the _____?
 How _____ fix this dish fuss _____ to the _____?
 _____ not _____ repair _____ satellite _____ if it goes _____ of alignment _____ weather.

If _____ climate _____ my satellite _____ to _____ please _____ me _____ what to _____.
 How are _____ I fix this _____ fuss _____ a bit of _____?
 _____ weather _____ satellite _____ befuddlement _____ what actions should one _____?
 _____ dish _____ awry because of _____ there be a _____ to _____ it?
 Is _____ a _____ fix _____ satellite _____ if it's not in line _____?

_____ would like to _____ how to repair _____ dish if bad _____ alignment.

I _____ on what to _____ if _____ satellite dish _____ uncalibrated _____ to _____ climate _____.

_____ would _____ how _____ fix my satellite dish if the _____.

Should _____ adjust my _____ if _____ conditions _____ to become uncalibrated?

If _____ a satellite _____ isn't aligned due _____ conditions, what _____ followed?

_____ share _____ for _____ my _____ dish due to _____ weather.

_____ my _____ shifts from _____ what's _____ correct solution?

_____ the satellite dish _____ awry _____ bad _____ is there _____ to _____?

When a _____ gets _____ to _____ weather, is the recommended _____ follow?

_____ wondering how to _____ my satellite _____ weather happens.

Is there _____ way to _____ a _____ if it _____ alignment _____ weather?

_____ my satellite dish _____ to weather _____?

There is a procedure for _____ weather.

_____ a way to _____ satellite dish if _____ gets stuck _____?

What _____ should be followed _____ a _____ is _____ due to _____?

Do you know _____ do _____ my satellite _____ becomes _____ due _____ unfavorable _____?

Tell me, _____ should _____ deal with the _____ messed it _____?

_____ dish gets hit _____ weather, what's _____ plan?

_____ unfavorable _____ cause my satellite dish _____ do you have _____?

_____ if severe weather causes _____ satellite _____ to _____ faulty?

Can you _____ me _____ to _____ my satellite _____ gets stuck _____ weather?

_____ wondering _____ to fix _____ it _____ out of _____ after a bad _____ event.

I _____ wondering _____ to repair _____ satellite dish if _____ causes it _____ of _____.

What _____ be done _____ is displaced _____ weather.

_____ it _____ guidance regarding _____ measures after storms rendered _____ satellite dish _____?

If _____ out of _____ with the _____ does there _____ way _____ fix it?

_____ for _____ location _____ a storm?

After storminess, _____ satellite dish?

Is _____ a _____ to _____ a satellite _____ weather?

Is there _____ way _____ fix _____ satellite _____ it gets _____?

Please give me _____ realigning my satellite _____ due to _____.

_____ there _____ a satellite dish _____ due _____ should be _____?

_____ there _____ way _____ the _____ dish if _____ causes it _____ go awry?

_____ follow _____ if my _____ dish becomes misaligned due _____ weather?

_____ a _____ dish _____ aligned due _____ some weather conditions, what _____ should _____?

There is a _____ take _____ of _____ dish in _____ a storm.

_____ there any advice _____ dish is _____ by _____?

I _____ to _____ satellite dish if _____ malfunctioned _____ the _____ weather.

Proper steps _____ a _____ bad weather event?

There is _____ to handle _____ my satellite _____ impacted _____ the _____.

_____ satellite dish _____ out of alignment due _____ event, _____ can _____ it?

_____ should _____ take _____ the _____ causes _____ dish to move?

_____ severe _____ causes _____ become unbalanced, what should _____ do?

Is _____ a way to _____ a satellite _____ the _____ causes _____ get _____ alignment?

Fix satellite _____ harsh _____?

_____ would like to know _____ to repair _____ satellite dish if _____ goes _____ bad _____ event.

What should _____ do _____ becomes _____ due to bad _____?

Possible course _____ action _____ extreme _____ satellite _____.

_____ dish _____ from bad weather _____ should I _____?

_____ way to handle _____ my satellite _____ is impacted _____ weather.

How ____ I ____ this ____ chaos because winds messed ____?

____ weather ____ a ____ dish to ____ out of ____.

____ is a ____ to ____ the satellite dish ____ it ____ lose its ____.

The steps ____ realign ____ after ____?

Steps ____ correct ____ satellite ____?

____ need for advice on ____ caused satellite dish ____.

When the ____ causes ____ satellite ____ to get ____ in alignment, is ____ way ____?

____ the ____ is malfunctioning ____ of ____ what procedures ____ be ____?

If a satellite dish is ____ because ____ procedures ____ followed?

What should one ____ weather throws ____ satellite ____ course?

What procedures should ____ is ____ that ____ aligned ____ of the weather?

If ____ satellite ____ went ____ alignment ____ bad weather, ____ can ____ fix ____?

How ____ you think that ____ fix this dish ____ the ____?

____ suggestions for ____ a ____ satellite ____.

____ cause my satellite ____ to ____ unbalanced.

I am wondering how ____ if ____ out ____ alignment during a bad weather ____

What can ____ when ____ dish shifts from ____?

____ to repair the ____ dish ____ gets stuck under bad ____?

If ____ satellite dish ____ by a ____ do ____ do?

____ to ____ because ____ harsh climate?

Is there ____ to ____ the satellite ____ there is ____?

____ do we realign the ____?

Is the ____ follow when a ____ dish ____ stuck ____ to ____ correct ____?

Is there ____ to ____ the satellite ____ it ____ stuck in ____.

Advice for fixing ____.

____ satellite ____ be re-aligned?

What ____ do ____ my ____ has been messed ____ by ____?

If bad ____ takes ____ satellite dish ____ of ____ how ____ it?

There are ____ steps ____ realigning ____ satellite dish ____ bad ____.

I'm wondering if there's a way ____ after ____ event.

____ procedures ____ for a ____ satellite ____ due to weather?

____ my ____ dish ____ alignment ____ bad ____ how would I fix it?

____ I realign ____ dish because ____ weather?

____ do if ____ dish ____ unaligned during ____ weather?

What ____ when my dish ____ bad weather?

Suggestions ____ a ____ satellite ____.

Should I take action ____ the ____ satellite ____ become ____?

____ am ____ if ____ to fix ____ satellite ____ it goes out ____ alignment ____ to a bad ____ event.

____ is ____ dish ____ is malfunctioning ____ of the ____ what ____ should ____ followed?

How ____ dish ____ during bad weather?

If the satellite ____ of ____ weather, is ____ way to fix ____?

If ____ is a satellite dish ____ procedures should be ____?

What ____ should ____ taken if ____ satellite dish ____ due ____ bad ____?

____ adjust ____ satellite dish ____ it ____ uncalibrated due ____ unfavorable climate ____?

____ a satellite dish ____ stuck ____ the weather, ____ best procedure ____?

____ storminess, ____ should ____ dish be ____?

What should be done ____ a satellite ____ of ____?

____ procedures should ____ followed ____ there ____ bad ____ satellite dish?

____ my satellite ____ to go ____ of alignment.

Advice ____ fixing ____ due ____ harsh ____?

_____ resetting a satellite _____ after _____ ?
 _____ there something I _____ do _____ my satellite _____ of bad _____ ?
 If _____ weather _____ my dish, what _____ I _____ ?
 _____ there a way to _____ after _____ out _____ with the weather?
 Should I _____ recommended procedure if _____ dish _____ crooked _____ to _____ ?
 _____ I _____ the extreme weather _____ my satellite dish _____ ?
 Can you give _____ advice on how _____ my _____ dish _____ ?
