

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Technical issues and troubleshooting assistance
Inquiry Sub-Category	Battery life
Description	Customers have concerns about the battery life of their smartphones and seek guidance on how to optimize battery usage and increase the device's lifespan.
Data Size	5,097 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ there _____ that can be _____ disabled/removed _____ reduce unnecessary power _____?

_____ there any specific _____ or processes _____ deleted to _____?

_____ be removed in _____ to reduce power _____?

Can _____ tell me the _____ and apps _____ to save _____?

Is _____ a good _____ remove _____ background _____ to _____ power _____?

_____ it safe _____ or _____ some _____ in _____ reduce power drain?

Is _____ to make _____ background _____ power consuming?

_____ certain applications _____ removed _____ reduce power consumption?

Is _____ safe _____ remove _____ disabled _____ processes in order _____ more _____ drain?

_____ possible to stop _____ for less _____ drain?

Can _____ power by _____ processes?

Is it _____ and applications to _____ power consumption?

_____ can be removed _____ in _____ conserve power?

_____ I save _____ by _____ applications?

Are _____ background processes _____ disabled to _____ unneeded power drain?

Can _____ tell me the specific _____ that may _____ erased _____?

Power _____ can be reduced _____ removal of _____.

Is _____ tasks that _____ to reduce power usage?

_____ possible _____ certain background _____ can _____ to limit power _____?

Is it possible to change _____ they _____?

Is _____ to turn off _____ power-hungry _____ apps to _____?

_____ tasks or applications _____ safely _____ for better _____.

Is it _____ to _____ background _____ to _____ power?

_____ there any _____ can be _____ for reduced power _____?

_____ some _____ that _____ be disabled _____ reduce power drain.

_____ some _____ operations _____ stopped _____ cut _____ consumption?

Some _____ be disabled _____ power drain.

_____ certain processes _____ applications be _____ to _____ consumption?

_____ certain _____ processes _____ reduce _____ drain?
 will _____ processes help _____ drain?
 _____ certain applications be _____ background processes _____ to _____ power _____?
 _____ activities _____ I eliminate _____ less power?
 Do _____ to _____ background _____ eating up batteries?
 The _____ can be _____ or _____ decrease the power _____.
 Some background _____ can _____ eliminated _____ power _____.
 Is _____ possible _____ prevent _____ tasks that use _____?
 _____ be _____ to remove background _____ apps to _____ power?
 _____ to reduce background _____ power usage?
 _____ system operations be _____ limit _____ use?
 _____ to safely _____ to reduce power drain?
 Some _____ processes can _____ disabled _____ the _____ effect.
 _____ it _____ to _____ by disabling background processes _____?
 _____ can _____ to _____ power drain.
 Is _____ processes in order _____ reduce power drain?
 Background _____ can be disabled or _____ the _____.
 _____ there _____ way to safely _____ to reduce power _____?
 Can I _____ the _____ apps _____ save _____?
 _____ processes can be _____ less power _____?
 _____ there _____ to _____ disabled _____ in _____ to not cause too much _____ drain?
 _____ background _____ removed to diminish power drain.
 _____ processes _____ be disabled to _____ use.
 Can _____ system _____ be stopped _____ consumption?
 _____ background activities can _____ to cut _____?
 There _____ background processes _____ be disabled _____ removed to not _____ power _____.
 Is it possible _____ by _____ background processes?
 Is _____ possible to remove _____ save _____.
 _____ way _____ safely remove/disable _____ processes to _____ power drain?
 Is _____ a _____ uninstall processes _____ will _____ drain?
 _____ there apps that _____ be _____ in _____ energy?
 Is _____ way _____ drain by removing _____ processes?
 Can _____ tell us about _____ to _____ drain?
 Are there any background _____ or _____ be erased _____?
 Are there applications that _____ energy?
 Can _____ or applications _____ disabled _____ better _____ life?
 Is _____ or processes that _____ be deleted _____ battery _____?
 _____ background processes can _____ order _____ decrease the _____ drain.
 _____ safe _____ certain _____ tasks _____ consume less energy.
 Which background _____ can _____ cut _____ consumption?
 _____ processes _____ be _____ in order to _____ power consumption?
 _____ some processes _____ to _____ drain?
 _____ possible _____ background items for less _____ drain?
 _____ possible _____ change background _____ order to _____ power?
 There _____ apps _____ be safely removed to _____.
 _____ drain _____ reduced _____ removing applications _____ processes.
 Is it _____ to _____ removed _____ in _____ to _____ unneeded power _____?
 _____ applications _____ I eliminate to reduce _____ consumption?
 _____ apps _____ background wasting power?
 _____ I eliminate specific _____ activities to _____?

_____ processes can I _____ less power _____?
 _____ I _____ power-hungry background apps?
 _____ specific _____ processes _____ be disabled _____ reduce _____ power drain?
 Does _____ background _____ and applications to lower power _____?
 Is _____ to reduce background _____ power usage?
 _____ way to _____ background _____ that wont _____ too much _____ drain?
 Are there _____ tasks we _____ eliminate _____ reduced _____?
 _____ drain _____ be reduced by _____ disabling _____ processes.
 Is _____ background _____ that can _____ safely removed _____ power _____?
 Is it _____ to safely _____ system operations to _____?
 Can _____ background _____ for reduced _____ usage?
 Are certain _____ safe _____ remove _____ disabled _____ to _____ cause _____ much _____ drain?
 Is it _____ to remove background _____ and _____ to _____?
 _____ there a _____ certain background _____ in _____ to _____ power drain?
 Is it _____ certain _____ processes to _____ in order to _____?
 Can _____ off background apps _____?
 _____ some background _____ that _____ be disabled or _____ in _____ cause _____ of power drain.
 _____ are _____ that can _____ disabled for better battery _____
 Some background processes _____ be _____ or _____ if it is _____ it could _____ reduce _____.
 _____ I eliminate to _____ down _____ power use?
 _____ possible to adjust the background _____ power _____?
 _____ know if there are any processes or _____ can be _____ turned _____ to _____.
 Is _____ possible _____ turn _____ the power _____ apps?
 _____ processes that _____ disabled _____ order to reduce power drain.
 Will _____ able _____ remove background _____ to _____ power?
 _____ I _____ hungry background apps to save _____?
 What background activities can _____ to _____?
 Is it possible _____ remove _____ tasks _____ for _____ battery _____?
 Some _____ processes _____ decrease power draining.
 _____ can _____ disabled to _____ drain.
 _____ possible to remove _____ might save _____?
 _____ there _____ way to _____ power _____ or processes?
 _____ background processes _____ to reduce _____ drain
 Can _____ power _____ apps to save battery?
 Applications that _____ safe _____ for _____ drain.
 Some background processes _____ be _____ to reduce the _____.
 Some _____ processes can _____ disabled to _____ power _____
 _____ it _____ to remove or Disabled specific background processes _____ order to _____?
 _____ want to _____ if _____ are any _____ can be _____ turned _____ save battery power.
 _____ be disabled _____ cut power consumption?
 _____ disabling background _____ and apps _____?
 _____ different _____ processes be removed _____?
 Is it _____ remove background _____ in order to reduce _____?
 Is _____ safe _____ system _____ to _____ to reduce _____ consumption?
 It is _____ remove certain _____ power drain.
 Is _____ safe _____ remove certain _____ processes _____ order _____ power _____?
 The _____ drain _____ reduced _____ disabling certain _____ processes.
 Is _____ safe to _____ remove certain background processes _____ reduce _____?
 _____ possible _____ remove apps _____ energy.
 _____ remove background for less _____ drain?

There _____ that could _____ removed _____ save _____
 Will _____ certain _____ processes help cut _____ battery _____?
 Can certain _____ be _____ in order to _____ power?
 _____ possible to _____ usage by disabling _____ tasks?
 I'd _____ to _____ safe _____ to improve energy efficiency.
 _____ turn off the _____ hungry _____?
 _____ a way _____ background processes _____ to reduce power _____?
 _____ the background _____ save power?
 Is it _____ modify background tasks _____?
 _____ to remove _____ for reducing unneeded _____ drain?
 Is _____ processes _____ can be _____ disabled _____ power drain?
 Can _____ turn off _____ or _____ to _____ power?
 There are _____ background processes that _____ safe to disabled or _____ in _____ too _____.
 Is there _____ way _____ safely _____ processes _____ can _____ unnecessary power _____?
 Is _____ remove apps to _____.
 _____ drain, _____ processes can I turn _____?
 What _____ tasks _____ can reduce power usage _____?
 _____ possible to stop _____ tasks _____ power usage?
 _____ it _____ to turn _____ background _____ to _____ batteries?
 Can I _____ power _____ disabling _____?
 _____ identify any background _____ to be erased to conserve _____?
 _____ I be _____ save _____ by _____ apps or _____?
 Is it possible to _____ background tasks?
 _____ certain background processes and _____ removed _____ reduce power _____ without _____?
 Do _____ recommend _____ background tasks _____ power _____?
 _____ processes that need _____ be _____ order _____ not cause too much _____ drain.
 _____ it a _____ idea _____ remove certain background _____ lower _____?
 Can _____ and _____ disabled to _____ power use?
 What can be removed _____ the _____ drain?
 _____ wondering if _____ remove background processes _____ save power.
 _____ certain background processes _____ need _____ be _____ or _____ in order _____ cause a _____ of power _____.
 Can _____ processes be _____ use?
 Is _____ any _____ can _____ disabled for reduced power _____?
 For less power drain, _____ be _____ from _____?
 Are there _____ processes _____ be _____ to reduce unnecessary power _____?
 There _____ processes that can _____ disabled _____ removed to _____ power _____.
 _____ it safe _____ background processes in order to _____ power _____?
 Which _____ activities _____ I _____ to _____?
 Can _____ background processes be _____?
 _____ usage _____ disabling of unneeded background tasks.
 Is it ok _____ background _____ or _____ save _____?
 In _____ cause too much _____ drain, _____ processes _____ be _____ or removed.
 Can _____ systems _____ reduce _____ consumption?
 Can I _____ off _____ background _____ battery?
 Is _____ certain _____ process safe _____ disabled _____ removed _____ to _____ power _____?
 Can _____ background processes _____ apps _____ save power?
 _____ it _____ power drain by disabling _____ background _____?
 Is _____ possible to _____ background _____ and _____ minimize _____ consumption?
 How _____ a background be _____ less _____?
 _____ way to reduce _____ by disabling _____ background processes?

There are _____ safe _____ remove or disabled _____ order _____ reduce power _____.

Is _____ possible _____ processes to save power?

Can we _____ to save _____?

_____ processes that _____ be disabled to _____ drain.

There _____ background _____ or removed to decrease power drain.

Can _____ background processes or _____ power?

_____ there certain _____ applications that _____ be _____?

Can we save power _____ processes _____?

Is _____ to safely _____ system operations to minimize _____?

_____ there certain background _____ that should be _____ to reduce power _____?

Is _____ any background _____ that _____ can _____ reduced _____ usage?

Do you _____ if there _____ any _____ that _____ conserve power?

Can background _____ applications be removed to _____?

_____ safe to take out _____ processes in _____ to _____ power _____?

Can _____ and _____ save power?

Is _____ possible _____ background processes _____ to reduce power _____?

_____ drain can _____ if _____ background _____ are disabled.

_____ background tasks _____ for reduced _____ usage?

_____ it _____ remove _____ background processes in _____ to reduce _____ drain?

Do you think _____ remove _____ background _____ to _____ power _____?

Some _____ can _____ to _____ power.

_____ activities and _____ eliminate to _____ power consumption?

_____ it _____ to _____ certain system _____ power usage?

_____ think we _____ background tasks to lower _____?

There _____ some processes that can _____ for _____.

_____ I turn _____ to save my battery?

_____ be _____ save battery life?

_____ that some background processes _____ decrease battery _____?

_____ removing background tasks to _____ power _____?

Is _____ a _____ can be safely disabled _____ removed to reduce _____?

_____ be _____ to conserve power?

There are some processes _____ for reduction _____ energy _____.

Is _____ possible _____ take out apps _____ save _____?

Will _____ be safe _____ background _____ apps?

_____ certain background _____ be _____?

Is _____ possible _____ identify _____ processes _____ may be erased to _____?

_____ disabling certain background tasks for _____.

_____ be stopped to _____ power _____?

_____ there _____ process that _____ be erased to _____ power?

_____ I _____ battery by _____ power-hungry _____?

_____ identify _____ background processes _____ be erased to save _____?

_____ certain _____ be _____ removed in order _____ reduce power _____?

Disabling unneeded _____ reduces _____.

_____ there a certain _____ process that _____ safely disabled _____ reduce _____?

_____ background processes _____ should be _____ removed to reduce _____ drain.

_____ safe to remove _____ processes that _____ cause _____ much _____?

Is it _____ to _____ disabled or _____ processes to _____ drain?

Can _____ tasks do _____ consume too _____?

_____ system _____ be stopped _____ minimize power _____?

I _____ know _____ certain _____ or processes are safe _____ remove and will _____.

Can _____ processes be _____ removed _____ reduce _____ consumption?
 _____ it possible to _____ tasks _____ use less _____?
 _____ able _____ reduce power usage by _____ certain _____ tasks.
 _____ wise to _____ tasks to _____ power usage?
 _____ there any background _____ be _____ or _____ reduce power drain?
 _____ it possible _____ certain processes _____ applications to _____ consumption?
 Can you identify _____ that _____ be erased to _____?
 Is _____ to _____ to _____ energy?
 _____ is _____ to remove _____ or processes _____ drain.
 Can I _____ processes _____ apps _____ power?
 _____ it _____ to remove _____ and _____ save power?
 _____ save power by _____ removing background _____?
 Can you _____ any background processes that _____ be _____?
 Can I _____ background apps?
 Some background _____ can be _____ or removed, so if it _____ also _____ unnecessary.
 There _____ specific background processes _____ should _____ or removed _____ reduce power _____.
 _____ there _____ background _____ can be _____ or _____ in order to reduce _____?
 _____ remove background _____ to _____ battery?
 _____ disabled _____ processes and applications to cut _____ consumption?
 _____ should _____ disabled or _____ order to not cause too _____ power _____.
 Is _____ to remove the background _____ order _____ reduce _____?
 I would _____ to _____ if _____ activities _____ remove _____ will improve _____ efficiency.
 If _____ to _____ drain, _____ processes can be disabled.
 What background activities _____ eliminate _____ power _____?
 Is it _____ to _____ apps _____ processes _____ save _____?
 Are some background processes _____ removed _____ to reduce power _____?
 _____ it _____ to remove certain _____ that _____ battery _____?
 _____ you identify _____ processes/apps _____ to conserve power?
 Do you _____ removing _____ tasks _____ power _____?
 Disabling _____ tasks can _____ use.
 _____ safe to remove or _____ to reduce unneeded power drain?
 _____ know which processes _____ erased to _____ power?
 Can certain processes _____ drain?
 Is _____ way to _____ for _____ energy waste?
 _____ apps in _____ background _____ power?
 Something _____ be _____ from the _____ less _____ drain.
 Is there _____ to _____ processes _____ causing _____ much _____ drain?
 Is it possible _____ safely _____ operations _____ power consumption?
 Can a _____ disabled or _____ to _____ power drain?
 Any _____ tasks that _____ be _____ reduce power _____?
 Background processes can _____ to reduce _____.
 Is _____ background _____ removing _____ safe?
 _____ wonder _____ there are _____ or processes that can _____ safely turned _____ battery _____.
 Can _____ identify _____ that may be erased _____ save _____?
 There _____ background _____ that _____ be disabled _____ to _____ cause a _____ of _____ drain.
 Do you want _____ stop _____ from _____ battery?
 Is _____ safe _____ remove _____ processes _____?
 _____ there _____ background tasks _____ turn _____?
 There _____ background processes that should _____ disabled _____ in _____ save _____.
 When _____ background _____ decrease battery _____?

_____ there _____ or _____ that should be removed to lower _____?
 For _____ power _____ processes _____ I alter?
 _____ specific background processes that can _____ safely _____ reduce _____ drain?
 _____ background processes _____ disabled to _____?
 _____ certain background _____ should be _____ or removed _____ reduce unneeded _____.
 _____ background processes can _____ to _____.
 _____ possible that some _____ tasks _____ consume _____ energy?
 Do _____ recommend _____ background _____ to lower power _____?
 _____ be stopped for _____ power _____.
 _____ background processes and _____ may be disabled _____.
 There are _____ background _____ be _____ or _____ order to reduce _____ drain.
 _____ certain _____ be _____ to _____ battery _____?
 Can _____ be disabled _____ prevent _____?
 _____ it possible _____ applications to _____ disabled to _____ power consumption?
 Is _____ to remove background _____ apps in order _____?
 _____ you _____ background tasks should _____ removed to _____ power _____?
 Is _____ to remove _____ processes in _____ too much power drain?
 _____ activities _____ I eliminate to cut down _____?
 _____ tasks safely be _____?
 Is it safe _____ background processes _____ too much _____?
 Is it _____ apps _____ processes that _____ power?
 _____ certain background _____ and applications be _____ usage?
 Is it _____ and conserve battery life?
 Which _____ activities _____ I eliminate _____ cut down _____?
 Can _____ power by disabling _____ apps?
 Are _____ any _____ that can _____ or turned off to _____ life _____?
 _____ the _____ to be _____ removed in _____ reduce power drain?
 _____ background _____ to limit power draining?
 _____ can be _____ from _____ background to _____ the _____?
 There _____ apps _____ can _____ taken _____ to _____ energy.
 Some background processes _____ removed _____ decrease power _____.
 Are there _____ background _____ that _____ be _____ disabled _____ order _____ reduce _____?
 Do _____ if any _____ waste power _____ background?
 _____ I save _____ disabling certain _____?
 Are _____ in _____ to reduce power drain?
 Can you identify _____ processes _____ be erased to _____?
 _____ I _____ off _____ apps to save _____?
 _____ any processes _____ that _____ be safely turned off _____ life?
 _____ disabling _____ processes help _____ on battery drain?
 _____ can be _____ of _____ for less power?
 What can _____ from the _____ for _____ drain?
 _____ can I make _____ background _____ less _____?
 I _____ if any particular apps _____ waste power.
 Can some _____ processes _____ to _____ power _____?
 _____ background _____ be _____ minimize _____ consumption?
 _____ it _____ for _____ background processes _____ be _____ minimize power consumption?
 _____ turn _____ the background _____ consume power?
 _____ have _____ background _____ that can be _____ for _____ usage?
 Are _____ to _____ remove _____ processes or _____?
 _____ certain background _____ limit power drain?

____ it possible to ____ certain background ____ power consumption?
 ____ to stop some background ____ for ____ power ____?
 How ____ is it ____ applications in the ____ consume ____?
 We may be able ____ by disabling ____ background ____.
 ____ possible to ____ power consumption ____ background tasks?
 Some ____ applications can ____ better battery life.
 Some background processes ____ or ____ so if ____ safe ____ do, it ____ reduce unnecessary.
 ____ it possible ____ change background ____ use less ____?
 ____ there a ____ to ____ remove background ____ power drain?
 I would like to ____ activities ____ in order ____ improve energy ____.
 ____ identify ____ or applications that ____ be erased to ____ power?
 There are ____ can ____ disabled ____ decrease power ____.
 ____ it possible ____ certain ____ processes ____ be ____ decrease power consumption?
 Will ____ possible ____ remove background ____ or apps ____ power?
 Can ____ name any processes ____ be ____ power?
 ____ reduced power ____ specific ____ tasks we can ____?
 Is it possible to ____ background ____ and ____ in ____?
 ____ safely ____ background ____ to save ____?
 ____ background processes can be ____ to ____ power ____
 ____ it ____ to remove ____ cause too ____ power drain?
 ____ save power by disabling ____ processes?
 Any ____ that waste ____ the ____?
 ____ safely remove background ____ conserve ____?
 ____ you ____ any background ____ that are ____ conserve ____?
 ____ are ____ background processes ____ be ____ or removed to ____ power ____.
 It ____ possible ____ power ____ by disabling some background ____.
 ____ background processes that ____ cause too much power ____.
 What ____ we reduce ____ usage ____?
 what ____ be ____ the ____ for ____ power drain?
 Some background ____ disabled ____ so if ____ safe ____ do, ____ reduce unnecessary?
 ____ you ____ me the ____ processes ____ apps ____ erased ____ save power?
 Is it ____ to ____ background ____ that use ____?
 ____ it safe to ____ certain ____ and processes ____ efficiency?
 ____ a ____ to reduce power ____ disabling or ____ background ____?
 ____ be disabled ____ decrease power drain.
 ____ there ____ that can ____ removed to ____ energy ____?
 Do ____ have ____ or removed to reduce power ____?
 ____ want ____ if there are any specific apps ____ processes ____ deleted to ____ life.
 ____ any ____ apps ____ turned off to save ____?
 Is ____ possible ____ save power ____?
 Is ____ to ____ tasks to save ____?
 Is it ____ save power?
 Is it possible ____ background ____ less ____ consumption?
 Is there a ____ to reduce power ____?
 Is it ____ to limit ____ disabling background ____?
 ____ you suggesting ____ any background tasks to ____?
 There are ____ apps that ____ to ____ energy.
 Which background activities can ____ to ____?
 ____ you ____ background ____ may be erased ____ save power.
 ____ background ____ and apps ____ removed to ____?

Is it _____ turn _____ any power-hungry _____?

Is there a _____ to remove _____ will not _____ of _____ drain?

What can be taken _____ background to _____ drain?

_____ and applications be removed in _____ to decrease _____?

Are _____ background tasks _____ we _____ eliminate _____ reduced _____ usage?

_____ are some background processes _____ need _____ be disabled _____ removed _____ power drain.

Specific _____ cause too _____ power drain should _____ disabled or _____.

_____ background _____ less power?

Can I save power _____ apps?

Do _____ disabling _____ that _____ eating up battery?

Is there _____ tasks _____ disabled for _____ power use?

Can _____ identify the _____ may _____ erased _____ power?

_____ it _____ to keep _____ tasks _____ in power _____?

_____ background _____ stopped to _____ power?

_____ you _____ background processes that _____ be _____ to _____ power?

Does it make _____ remove background _____ power?

Is it possible _____ certain system _____ to _____ power _____?

Can _____ be _____ conserve power?

Is _____ safely _____ system operations to limit _____ consumption?

_____ background _____ that can _____ stopped to reduce _____?

Can I _____ some _____ apps _____ battery?

_____ certain _____ applications that can be safely disabled to _____?

_____ background _____ can I eliminate _____ power _____?

_____ any specific _____ deleted _____ turned _____ to save battery life?

Can we take _____ processes and _____ to _____?

Do _____ some background tasks _____ lower _____ usage?

Is it possible _____ apps _____ energy.

Can _____ background _____ be removed _____ order to _____?

_____ it _____ to remove _____ to help _____ life?

_____ possible to uninstall useless _____ apps to _____ my _____ power?

_____ any specific processes _____ may be erased _____ power?

_____ background _____ be disabled or _____ order _____ too much power drain.

Is _____ safe _____ remove _____ to _____?

Can _____ processes/apps _____ removed to _____?

Can I _____ my _____ turning off _____?

Can you identify any _____ that _____ power?

_____ certain _____ and _____ disabled to reduce _____ consumption?

Which _____ can be _____ to _____?

Is _____ possible _____ turn off _____?

Is there _____ we can _____ for _____ usage?

Is it _____ block _____ tasks for _____ consumption?

Can _____ disabling _____ disabling apps?

_____ can _____ decreased if some background processes _____ or _____.

Is _____ possible _____ limit background _____ for less _____?

Is it advisable _____ any _____ background _____ lower _____ usage?

_____ possible _____ turn off _____ save battery?

_____ any _____ processes _____ safe to _____ in order to reduce unnecessary _____?

Is _____ possible _____ apps _____ processes to _____ power?

_____ background _____ may _____ disabled to limit _____.

Is it _____ certain system _____ be _____ to _____ usage?

Background processes ____ be ____ save ____.

Can I stop ____ processes ____?

Are there ____ background processes that are ____ to ____ in ____ to ____ cause ____ power ____?

Is ____ to ____ remove ____ background processes in ____ not cause too ____ power ____?

____ possible ____ disabled certain background ____ to minimize ____?

Are there ____ processes that can be ____ disabled ____ reduce ____?

____ it ____ to ____ apps ____ can save ____?

Is there ____ drain by disabling ____ background processes?

There are ____ processes that ____ to be removed ____ power drain.

____ processes ____ to reduce ____ drain?

Can background ____ and ____ be ____ to ____?

Are ____ or processes ____ can ____ safely ____ deleted ____ save battery life?

____ are certain background ____ that are safe to ____ or ____ in ____ cause ____ much ____.

____ sense to ____ certain background ____ to lower ____ usage?

Which ____ can be ____ power consumption?

Some background tasks can ____ use.

____ it safe to ____ disabled certain background ____ the power drain?

Is ____ remove certain ____ to ____ power consumption.

____ there a specific ____ is ____ disabled or removed?

____ can ____ power ____ disabling ____ background tasks.

There ____ background processes ____ safe ____ removed in ____ to reduce power ____.

Is ____ to ____ apps or ____ to ____ power?

Is there a ____ to save power ____.

____ applications or ____ be removed for ____ drain.

There are ____ processes ____ be ____ not cause a ____ of power drain.

____ specific background ____ that are safe ____ or ____?

Some ____ processes ____ be disabled or removed, ____ if ____ to do, ____ also reduce ____.

What ____ be removed from the ____?

Can some system operations ____ minimize ____?

____ to ____ or disabled certain background processes ____ decrease ____?

____ it ____ to remove what is ____ for ____ drain.

____ it ____ to save ____ by disabling ____ processes?

____ background processes ____ be disabled ____ could ____ reduce unnecessary ____?

____ any ____ or ____ can be ____ off ____ save battery power?

Can background ____ be ____ power?

Is ____ by disabling some background tasks?

____ be removed ____ save power?

Does it make ____ or disabled certain ____ in order to ____ cause ____ drain?

There could ____ apps that can be ____.

Can ____ processes ____ limit ____ drain?

Is there a ____ to remove ____ disabled ____ processes that ____ power ____?

____ certain ____ processes ____ power drain?

Can ____ be ____ to ____ usage?

There are ____ that ____ be disabled ____ removed to ____ cause ____ drain.

____ it ____ to alter the ____ power drain?

____ processes that can be ____ in ____ to reduce ____ power ____?

____ to change the background tasks ____ use ____ power?

____ it a ____ to remove ____ tasks ____ power usage?

____ can ____ to save power?

Are there ____ that ____ be taken down ____?

Is _____ a way _____ remove or _____ background processes _____?

_____ it _____ to remove _____ energy?

_____ any apps _____ can _____ taken _____ save energy?

_____ apps _____ be _____ to save _____?

Is _____ to remove apps _____ battery life?

For _____ power _____ processes can _____ reduce?

The background processes _____ be _____ or _____ decrease _____.

Which apps _____ I eliminate _____ power consumption?

Do you recommend _____ background _____ to use _____?

Can _____ disabling or _____ background _____?

Is _____ safe _____ background _____ and _____ save power?

Is it possible that _____ apps can _____?

Is _____ a way to _____ reduce _____ drain?

Is it safe _____ remove or Disabled _____ background _____ in _____ to _____?

Is _____ for background processes _____ be _____ removed _____ to not cause _____ much _____ drain?

Is _____ any specific _____ apps that can _____ off to _____?

Are we _____ safely remove background _____ to save _____?

_____ processes _____ be removed or disabled _____ the power _____.

_____ system _____ be halted to _____ power _____?

We _____ be able _____ power _____ by disabling _____.

Is it _____ background activities _____ minimize power _____?

_____ certain _____ processes _____ eliminated to _____ power consumption?

Can _____ be _____ to limit _____ drain?

_____ identify any background _____ that may _____ to _____ power?

Background processes can _____ disabled _____ decrease _____.

_____ know _____ turn off background apps _____ eating up _____?

Can I turn off _____ to _____ my _____?

Is _____ background tasks _____ could be _____ for _____ usage?

_____ it _____ change _____ background tasks so _____ use less _____?

Is _____ processes or applications _____ may _____ to conserve _____?

What can _____ from background for _____?

_____ you _____ the _____ and apps that may be _____ to _____?

Is _____ remove some _____ help _____ battery life?

Can _____ or applications that may _____ to _____ power?

_____ possible that _____ processes can decrease battery _____?

Is it possible _____ operations to _____ power _____?

_____ for background _____ to _____ disabled or _____ to reduce _____ power drain?

Is it _____ power _____ disabling certain background _____?

_____ order to _____ power consumption, _____ system _____ be _____?

The _____ can _____ lessened by _____ or removing _____.

Is _____ any background _____ can _____ safely _____ reduce unneeded _____ drain?

Are _____ some _____ can _____ removed to _____ drain?

_____ we remove _____ processes and apps _____.

_____ some background processes work to _____ waste _____?

_____ to _____ remove _____ processes and APPS to _____ power?

_____ there _____ specific _____ or processes _____ can _____ deleted to save _____?

Some background processes can be _____ safe to _____ it _____ unnecessary?

_____ it possible to _____ consumption _____ certain background _____?

_____ you _____ background _____ and applications that may _____ to conserve _____?

_____ I _____ background _____ save power?

_____ battery by _____ off _____ applications?

Can you identify the _____ and _____ that _____ erased _____?

_____ any particular _____ that waste power _____ the _____?

_____ remove or _____ processes _____ order to _____ unneeded power drain?

_____ background _____ can we stop _____ reduced _____?

Is it _____ to _____ drain _____ background processes?

I _____ to _____ there _____ specific processes or apps _____ can _____ off _____ save _____ life.

_____ be disabled _____ order _____ reduce power drain?

Which background _____ should _____ power consumption?

What can _____ removed from _____ make it less _____?

Is _____ to _____ processes for _____ unneeded _____ drain?

Some _____ be disabled in _____ to lower _____ power _____.

_____ identify _____ processes that _____ erased to save _____?

_____ might _____ disabled _____ limit power drain.

Is _____ possible to keep background tasks _____?

Do _____ advise disabling any _____ apps _____ battery?

Is it _____ to remove specific _____ to _____?

Some background _____ can be disabled _____.

_____ there _____ way _____ prevent _____ tasks _____ consuming _____ power?

Can _____ off _____ to conserve battery?

_____ specific _____ can _____ eliminate _____ reduce power _____?

Which can be _____ from _____ power drain?

Is it possible _____ remove _____ processes to _____ power _____?

Is there a _____ to _____ remove _____ save _____?

_____ disabled or removed _____ is safe to do.

_____ disabled certain _____ to limit power drain?

_____ background processes can be reduced to _____.

_____ it possible _____ remove _____ to improve battery _____?

_____ want _____ know if apps _____ be _____ to _____.

_____ are _____ background processes _____ are safe _____ remove _____ to not _____ too _____ power _____.

_____ background processes and _____ have _____ be _____ to reduce _____ consumption?

Can _____ tell _____ which activities are _____ remove _____ energy _____?

Can _____ by disabling or removing _____?

_____ background _____ have to _____ removed _____ to not _____ much power drain?

_____ certain background _____ energy?

_____ I turn _____ to _____ battery?

_____ there _____ background _____ safe to _____ in order _____ not _____ too _____ power drain?

_____ background _____ may be _____ to _____ the _____ drain.

There _____ that _____ to be disabled _____ in order _____ reduce _____.

I want _____ save battery _____ off _____ apps?

_____ power drain can _____ reduced _____ removing _____ or _____.

Is _____ possible _____ the _____ save power?

Is it possible _____ background _____ to _____ power?

The _____ can _____ mitigated by disabling _____.

_____ it _____ to modify _____ processes and _____ to reduce _____?

_____ background _____ be removed in _____ to _____ power consumption?

There _____ certain background _____ be _____ or _____ in order to _____ of power drain.

There are _____ background _____ that can _____ cause too much _____.

The power drain can _____ the removal _____ some _____.

Is _____ turn off _____ tasks for less _____ consumption?

Can _____ get rid _____ or _____ to save _____?

For _____ power drain, _____ applications or _____ to _____?

_____ it possible _____ background processes for _____ power _____.

_____ are certain background _____ that _____ to reduce _____ drain.

Are there _____ be _____ removed to reduce unneeded _____ drain?

_____ we able to safely _____ to _____ power?

Can _____ me about _____ processes that _____ be _____ to save _____?

Some background _____ be able _____ battery _____.

_____ it possible to _____ off _____ that _____ hungry?

Is _____ background processes in order _____ cause _____ much power _____?

_____ you _____ any _____ applications _____ may be _____ to save _____?

_____ want to _____ if there _____ any _____ can be deleted to maximize _____ usage.

Is it safe _____ processes to _____ disabled in _____ much power drain?

What _____ activities can I _____ power _____?

_____ can _____ reduce power usage _____ disabling certain _____.

_____ reduced power _____ is _____ remove applications _____ processes.

_____ remove _____ apps _____ save power?

Do you think _____ is _____ specific background tasks to _____ usage?

_____ the background for less power draining.

Is it _____ remove or _____ to _____ unneeded _____ drain?

_____ the background _____ save batteries?

Can _____ background processes _____ disabled or _____ cause too _____ power drain?

Some _____ processes can be disabled _____.

Is _____ turn _____ background apps _____ order to _____ battery?

_____ background _____ safe to _____ less _____?

_____ idea to _____ background _____ to lower power usage.

_____ in the _____ battery is safe to _____?

_____ certain _____ that _____ be _____ order _____ cause too much power drain.

_____ it possible that _____ reduce power _____ disabling _____ tasks?

_____ it possible to _____ save power?

Can some _____ be _____ to _____?

Is it possible _____ background _____ power usage.

_____ applications or _____ be removed for _____ power drain.

_____ we safely _____ processes and _____?

_____ some _____ processes and _____ be _____ decrease _____ consumption?

_____ reduce power usage by _____ tasks.

Can certain _____ be _____ in _____ to conserve _____?

Is it possible to _____ reduce power use?

Is it _____ in _____ to decrease power drain?

Are _____ background processes _____ to disabled or _____ order to _____?

The _____ can _____ lowered by disabling _____ processes.

Is it possible to modify _____ power _____?

Can certain _____ applications _____ to _____ power consumption.

_____ it possible _____ remove apps that can _____.

There are some _____ processes _____ can _____ removed _____ much power drain.

Do you _____ the _____ apps _____ disabled _____?

_____ processes _____ can be safely _____ reduce power _____?

We can reduce power _____ by _____.

Will _____ background _____ reduce unneeded battery _____?

_____ it possible _____ background _____ and _____ to lower power _____?

Is it possible to _____ power?

Is it possible _____ disabled or _____ order _____ cause _____ much power _____?

Is _____ way _____ apps _____ can save energy?

Is there a way to _____ to _____ unneeded _____ drain?

Is it _____ safely remove _____ will _____ energy?

Can _____ any _____ that _____ be _____ conserve power?

Is _____ possible _____ turn _____ powerhungry _____ apps to _____?

_____ you _____ of _____ the _____ that waste power?

Some background processes _____ decrease power drain

_____ I _____ background apps?

Some background processes can _____ the power _____.

Do _____ tasks _____ we can _____ power usage on?

_____ possible to stop _____ system _____ to _____ power _____?

There are _____ apps _____ waste power in _____?

Is there _____ way _____ modify background _____ less _____?

Is _____ to remove _____ that improve _____ usage?

Are there _____ that can _____ taken out _____?

Are there _____ be removed for reducing _____?

Did you know _____ power usage by disabling _____?

Does _____ know if _____ reduce power usage _____ background _____?

_____ you think _____ background tasks _____ help _____ usage?

_____ processes _____ or removed to help decrease power _____.

_____ possible that background processes _____ be _____ to _____?

There _____ some _____ can _____ disabled _____ removed _____ power drain.

_____ it possible to deny _____ processes _____ limit _____?

I wonder if _____ that can be _____ save _____.

Is _____ that _____ processes _____ applications _____ be disabled to _____ power _____?

_____ apps that can potentially be _____ to _____.

Can we safely remove _____ processes _____ power?

_____ make _____ or disabled background processes in order _____ drain?

Can I _____ power _____ any _____ or _____?

_____ to remove or _____ processes _____ reduce power consumption?

_____ certain apps in the _____ power

Is it _____ reduce _____ drain by removing _____?

Do you _____ to _____ apps _____ the battery?

Is _____ any _____ processes that can be _____ turned _____ or _____ improve _____?

Is _____ background processes and applications _____ save _____?

Is _____ to _____ power drain through _____ processes?

_____ is possible that background _____ it is safe to do.

Is it _____ to _____ certain _____ processes _____ cut _____ consumption?

Some _____ can _____ so if it is _____ to _____ could _____ reduce _____?

_____ apps _____ removed _____ power.

Are _____ processes that can _____ removed _____ drain?

Will _____ removed to save _____?

I want _____ know if _____ are _____ or processes _____ can be _____ maximize _____ usage.

Is _____ a way to _____ by disabling _____?

_____ can _____ changed to _____ the power drain.

Some _____ the ability to _____ battery _____.

_____ or _____ safe _____ remove _____ reduced _____ drain.

Is _____ by disabling certain background processes.

How _____ are _____ background _____ in order _____ drain?

Background _____ can _____ disabled to _____.

_____ we _____ power by _____ background _____?

_____ background _____ that _____ be removed in order to _____ power _____.

_____ a way to _____ background _____ to reduce power _____?

_____ there a way to _____ apps _____?

_____ it possible to _____ certain background _____ order _____ power _____?

_____ some background _____ off?

Is it _____ idea to _____ specific _____ tasks _____ power _____?

Is _____ way _____ reduce unnecessary _____ drain _____ processes?

Is _____ any specific _____ that waste power?

Can _____ if _____ background _____ may be erased _____ save _____?

Is it _____ that _____ certain _____ can _____ life?

Is _____ any _____ apps _____ can be safely turned off _____ battery _____?

_____ a way _____ processes that reduce unnecessary _____?

_____ some _____ operations _____ stopped _____ minimize power _____?

Is _____ to _____ apps and background _____ power?

Can you identify specific _____ erased to save _____?

_____ we _____ by disabling _____ processes _____ apps?

_____ safely disabled or removed to reduce power drain?

_____ there _____ specific _____ that _____ be turned off _____ save _____?

Some background _____ can be removed _____ to _____ the _____.

_____ apps _____ can be _____ save _____?

Are there specific _____ that _____ to remove in _____ reduce _____ power _____?

_____ background _____ be disabled _____ power drain?

There _____ processes that _____ be _____ or removed to _____ power _____.

Can we remove _____?

Is there any _____ tasks _____ stop _____ reduced power _____?

_____ any apps or processes _____ deleted _____ make _____ device use _____ battery?

Can background _____ applications _____ to decrease _____ consumption?

_____ we _____ power usage _____ disabling certain _____ tasks?

_____ background processes _____ disabled or _____ reduce power drain?

_____ are specific _____ that _____ to _____ or removed in _____ reduce _____ drain.

_____ it _____ that background processes decrease _____ when _____?

Is _____ to stop some _____ tasks to _____?

_____ it possible _____ any power-hungry _____ apps?

Do you _____ turn off any background _____?

_____ get rid of _____ background apps to _____ sucking power?

Some _____ processes can _____ disabled in order _____ decrease _____ power _____.

Is it possible to _____ processes _____ to _____ power?

There are _____ background _____ that are safe to _____ to _____ drain.

Can _____ processes _____ disabled to _____ drain?

Are _____ specific background _____ can _____ disabled to _____ power?

Is it safe _____ or Disabled _____ background _____ order _____ unnecessary _____ drain?

_____ can _____ off to save _____?

_____ we _____ to safely remove _____ processes _____?

What _____ out _____ the background _____ a _____ power drain?

Can certain _____ and applications be _____ disabled _____ consumption?

_____ there _____ way to identify and _____ processes.

What can _____ the background for _____ power _____?

_____ batteries by turning _____ background apps?

Can _____ save _____ processes?

_____ to change the _____ for less _____ consumption.

_____ apps _____ be _____ save energy.

_____ certain _____ processes that _____ disabled or _____ order to _____ cause _____ much power drain.

Some applications _____ to _____ reduced power _____.

Can _____ me which processes may _____ save _____?

_____ way to reduce _____ less power use?

_____ tasks that _____ be stopped for _____ power _____?

Can _____ tell _____ if any _____ are _____ to _____ power?

Do _____ processes _____ applications _____ be disabled _____ reduce power _____?

Some apps may _____ energy.

Is _____ specific _____ or apps that can _____ save _____ life?

I _____ like _____ which activities _____ to remove _____ energy efficiency.

Are there _____ processes _____ be safely disabled _____ reduce _____ drain?

_____ background processes can _____ in _____ to reduce the _____.

Are _____ safe to _____ or _____ power drain?

_____ background processes _____ disabled _____ removed to _____ power drain

We _____ to reduce power _____ by disabling _____.

Is a specific _____ process _____ to _____ removed _____ to reduce _____?

_____ are _____ that should _____ in order to _____ power drain.

_____ the apps be removed _____?

_____ it possible _____ disabling background processes _____ applications _____ power _____?

Are _____ tasks _____ consume _____ energy?

Do _____ think any background tasks should _____ lower _____?

Some background _____ can be _____ or _____ decrease the _____.

Is it safe _____ remove _____ save _____?

_____ it possible _____ turn _____ for _____ power consumption?

Is _____ decrease the _____ drain by _____ background _____?

_____ possible _____ the power use _____ certain _____ tasks?

_____ remove background processes _____ to _____?

_____ unneeded background _____ energy use?

Is it _____ to _____ or apps to save _____?

Are there any _____ apps _____ the background _____?

There are certain _____ must _____ or removed to reduce _____.

_____ processes _____ to _____ or removed in _____ reduce power drain?

_____ or _____ can be disabled _____ removed for _____ battery _____.

Are certain background processes _____ to reduce power drain?

_____ I turn off for _____ use?

Is there _____ or _____ processes to reduce power drain?

I wonder if _____ can _____ removed _____.

_____ it possible _____ certain apps can _____ life?

Is _____ possible _____ turn off _____ applications _____ battery?

_____ remove background processes and _____ to _____?

_____ background _____ can be _____ cut down _____ power _____?

Can _____ apps be _____ to _____?

Can _____ take _____ processes _____ save power?

_____ possible to _____ tasks for _____ consumption?

Some _____ may be _____ or _____ to _____ the _____ drain.

_____ drain _____ reduced if background _____ are disabled.

____ background ____ can I ____ in ____ minimize ____ consumption?
 Can you ____ any ____ processes ____ be ____ to ____ power?
 ____ there ____ apps that ____ removed ____ save energy.
 Do ____ the ability to ____ processes ____ apps ____ save ____?
 ____ are ____ processes that can be disabled ____ power ____.
 ____ a ____ process ____ that may ____ erased to ____ power?
 Is ____ a ____ to ____ remove background ____ in ____ power drain?
 Power ____ some background processes are disabled.
 ____ less power drain, what ____ processes ____ take ____?
 Some ____ tasks ____ consume ____ energy.
 Can ____ remove ____ to save ____
 ____ any background applications that ____ be erased ____ conserve ____?
 Is it possible ____ background tasks improves ____?
 We can ____ certain ____ tasks for ____?
 ____ might be ____ reduce power usage ____ disabling ____ background ____.
 ____ be ____ order ____ save power?
 ____ there ____ way for background ____ not cause ____ drain?
 ____ power drain can be reduced ____ some ____.
 ____ processes ____ be stopped ____ less ____?
 ____ it ____ to ____ remove ____ order to reduce power drain?
 ____ know which ____ safe ____ remove and ____ energy efficiency?
 Disabling ____ tasks ____ energy ____.
 ____ it ____ to alter ____ background ____ less power ____?
 Can ____ to conserve battery?
 Is it ____ remove apps ____ help conserve ____?
 ____ it ____ remove background processes to ____ power ____?
 Can we ____ save ____ by ____?
 Is ____ way to remove processes ____?
 Do you ____ stop ____ background ____ eating up battery?
 Is it ____ background tasks ____ improve ____ usage?
 ____ I turn off background ____ a ____ power?
 Some background ____ battery ____ when ____.
 ____ it ____ to safely stop certain ____ reduce ____ consumption?
 ____ are certain tasks ____ disabled or ____ battery life
 Does it make sense ____ remove ____ tasks ____ lower power ____?
 Can ____ tell ____ processes ____ may ____ to conserve power?
 ____ it possible ____ energy usage ____ disabling unneeded ____?
 ____ background processes or apps to ____ power?
 Is ____ a way ____ removing ____ processes that ____ cause too ____ drain?
 Can you ____ background ____ and ____ may ____ erased to ____ power?
 ____ for background processes ____ applications ____ be removed to ____ consumption?
 ____ it possible to ____ stop ____ system ____ to minimize ____?
 Are ____ any background tasks we ____ power ____?
 Is ____ to ____ certain background processes ____ consumption.
 Is ____ possible ____ apps ____ save energy?
 There ____ certain ____ processes ____ be ____ to reduce unnecessary ____ drain.
 Some background ____ can ____ disabled ____ decrease power ____
 Is it ____ remove ____ and apps?
 ____ possible ____ background ____ or apps to save ____?
 ____ processes can ____ or removed ____ power drain.

____ background processes can ____ removed ____ decrease the _____.
 ____ you ____ any processes and ____ be ____ to ____ power?
 Can background processes ____ much power ____ be ____ removed?
 Can ____ background processes to ____?
 It's safe ____ applications for ____ power ____.
 ____ there a ____ to reduce ____ the ____ app?
 Can ____ operations be stopped ____ cut ____ consumption?
 Some ____ processes ____ disabled ____ reduce power ____.
 ____ background ____ can ____ removed or disabled to _____.
 ____ identify ____ and ____ that ____ be ____ to save power?
 Can ____ be ____ power drain?
 Energy usage ____ be ____ by ____ background ____.
 Can we ____ save energy?
 ____ to safely ____ certain system operations to ____ use?
 Is it ____ reduce power ____ by ____ activities?
 ____ there a ____ to ____ background ____ less power ____?
 The ____ unneeded ____ can ____ energy usage.
 What ____ I eliminate to ____ power ____?
 Specific ____ removed to save ____.
 ____ a way to not ____ power ____ by disabling or ____ processes?
 Is ____ to remove certain background ____ in order to ____ cause ____?
 ____ processes ____ limit power drain?
 ____ you ____ there ____ background processes ____ may be erased to conserve ____?
 ____ any processes or ____ that may ____ erased to ____?
 Can ____ system operations ____ to ____ down on ____?
 Can ____ be removed ____ battery ____?
 It ____ possible ____ remove ____ processes to ____ drain.
 ____ is safe to remove ____ processes for ____ drain.
 ____ removed ____ less power drain.
 Specific ____ should ____ disabled or ____ reduce power drain.
 ____ are certain background ____ that ____ be removed ____ power drain.
 ____ order to ____ drain, are ____ processes safe to ____?
 Is there ____ processes ____ won't cause power drain?
 ____ are apps ____ can be ____ save ____.
 Can ____ identify ____ be erased ____ save power?
 Can I turn off ____?
 Is ____ to ____ power ____ by ____ background processes?
 Some processes can be removed ____.
 Is it ____ for ____ processes ____ be ____ removed to ____ drain?
 ____ wonder ____ turn ____ background ____ to save battery.
 Some ____ be safely ____ for better ____ life.
 ____ are processes that should be ____ in ____ unnecessary ____ drain.
 ____ safe ____ or ____ certain background ____ in order to ____ cause a ____ of ____ drain?
 ____ it safe ____ processes ____ disabled or ____ to reduce ____ drain?
 ____ may be ____ to save energy.
 Can ____ background ____ be disabled ____ power ____?
 Is ____ remove any background tasks to ____?
 We can ____ usage by ____ background ____.
 Is ____ to ____ can save energy?
 ____ can ____ power usage ____ disabling ____ background ____?

____ background ____ if it is safe ____ could ____ also reduce unnecessary?
 ____ system operations ____ to ____ use as much ____?
 Which ____ can ____ eliminated ____ power use?
 ____ halt certain system ____ to minimize power ____?
 ____ background activities can be ____ to ____?
 ____ background processes ____ less power?
 What ____ the ____ for less power drain.
 Can certain ____ save power?
 ____ way ____ remove ____ processes ____ do not ____ too much power ____?
 ____ it ____ background apps to save energy?
 ____ there any background ____ we ____ reduce ____ usage ____?
 ____ it possible to ____ off ____ less ____ use?
 ____ you ____ that might be erased ____ power?
 ____ way ____ safely ____ background processes to reduce unnecessary ____?
 Are ____ any background processes ____ are ____ order to reduce ____ power drain?
 ____ tasks may ____ able ____ consume ____ energy.
 ____ background activities ____ eliminate to ____ consumption?
 ____ can ____ background ____ to ____ power consumption?
 Might ____ be ____ to limit ____ drain?
 ____ the background ____ need to be ____ removed ____ to ____ too much ____ drain?
 Are there specific background ____ can be ____ or ____ to ____?
 ____ usage may be improved ____ tasks.
 Are ____ processes that ____ safely ____ and removed to ____ power ____?
 ____ it possible ____ remove background processes and applications ____?
 Is it possible to ____ processes ____ power ____?
 Does it ____ to remove specific ____ to ____ power ____?
 There are ____ processes that ____ safe ____ disabled ____ in order to ____ drain.
 ____ I ____ background ____ apps to ____ power?
 Is it ____ to turn off ____ the ____?
 Are ____ any apps or ____ be ____ to save battery ____?
 Can removal ____ power?
 ____ background ____ be ____ removed to reduce ____ power drain
 Is ____ specific ____ that are ____ disabled ____ to reduce power ____?
 Can certain ____ to ____ consumption?
 Can ____ that ____ erased to conserve power?
 Is there ____ to remove or ____ background ____ too much ____ drain?
 Are ____ processes that are safe ____ or ____?
 ____ can ____ the power ____ disabling certain ____ tasks.
 I ____ to know which ____ safe ____ improve energy efficiency.
 There are ____ are safe ____ removed ____ reduce power drain.
 ____ there a ____ keep the ____ causing too much power ____?
 ____ I ____ background ____ applications ____ save power?
 ____ it ____ to turn off power ____ background ____ save ____?
 ____ applications ____ disabled to ____ consumption?
 Can ____ background ____ disabled ____ down on power ____?
 ____ it ____ disabling specific background ____ in order to ____ drain?
 Any apps ____ that ____ up ____ much power?
 Can certain processes be ____?
 ____ are background ____ to be disabled ____ removed ____ reduce ____ drain.
 ____ you ____ it's ____ idea ____ remove ____ applications to lower power ____?

____ it possible to ____ certain applications ____ reduce ____ ____?
 ____ apps that ____ to save energy.
 ____ processes ____ can be turned off?
 ____ processes be cut ____?
 Have ____ disabling ____ apps ____ eating up battery?
 Do ____ removing ____ tasks ____ order ____ decrease power ____?
 ____ it ____ to remove certain applications ____ reduce ____ consumption?
 ____ background processes ____ off to decrease power ____.
 ____ are ____ should ____ disabled in ____ to reduce the ____ drain.
 ____ safely ____ background applications ____ power?
 ____ particular apps ____ the ____ power?
 Can ____ save ____ removing background ____ apps?
 ____ background processes ____ disabled or ____ so if it is ____ also reduce unnecessary?
 ____ background processes ____ disabled ____ power consumption?
 ____ a way to remove ____ processes ____ power.
 Can ____ turn ____ that are consuming battery?
 ____ tell ____ and applications ____ may ____ erased to conserve power?
 ____ to ____ certain background tasks ____ consuming power?
 ____ we have any background ____ we can ____?
 Are we ____ background processes ____ save ____?
 Some background processes can be ____ or ____ if ____ safe ____ could ____ reduce ____?
 There ____ background processes ____ should be ____ order to not ____ drain.
 ____ certain background ____ or removed ____ reduce power drain?
 Can ____ identify any ____ may ____ erased to conserve ____?
 Is it ____ to ____ processes to reduce ____.
 ____ certain ____ processes that are safe ____ disabled ____ to not ____ too ____ drain?
 ____ processes ____ stopped for ____ drain?
 Does ____ make sense to ____ or disabled ____ processes ____ order ____ reduce ____?
 Background processes ____ disabled in ____ the power ____.
 Can ____ limit the use ____ background ____ apps ____ power?
 Is it ____ to remove ____ to ____?
 ____ background processes ____ waste ____ disabled.
 What are ____ background ____ can ____ off?
 ____ can be taken out ____ the ____ draining?
 For reduced ____ drain, certain ____ are ____.
 There ____ some ____ processes that ____ removed to reduce power ____.
 There ____ some ____ disabled or removed to reduce ____ drain.
 ____ can background processes ____ to ____?
 Specific ____ can be ____ disabled ____ removed ____ power drain.
 Do you think ____ is a ____ idea ____ remove ____ background ____ power ____?
 Is it possible ____ stop some background ____?
 ____ there a way ____ reduce unnecessary ____ drain?
 ____ can be ____ by ____ applications or processes.
 Is ____ any ____ that can be ____ to save ____?
 ____ way to remove ____ for reducing energy ____.
 ____ background processes help ____ battery ____?
 Can ____ turn ____ some of ____ apps?
 ____ it possible ____ power drain by ____ background ____?
 ____ background ____ that can be ____ disabled ____ reduce ____ drain?
 ____ background ____ stopped to limit the ____?

_____ want _____ know if _____ any _____ that can be _____ turned off _____ battery life.
_____ background processes be _____ to limit _____?
Is _____ safe to _____ or disabled background _____ to _____ drain?
_____ we _____ processes _____ power?
Can certain _____ stopped _____ stop _____ power usage?
Is _____ stop certain _____ operations _____ power usage?
_____ processes _____ be disabled _____ less the power _____.
_____ there _____ can _____ removed to reduce power drain?
In _____ reduce _____ power drain, _____ safe to disabled or _____?
Is it _____ unwanted _____ from the system?
_____ background _____ remove to _____ power?
_____ that can _____ to save electricity?
There _____ background _____ that should be disabled _____ power drain.
Can _____ stopped _____ save power?
_____ can be _____ by _____ unneeded _____ tasks.
_____ it possible _____ reduce _____ usage of _____?
_____ a good _____ any background tasks to lower _____?
_____ can be taken _____ the _____ for less _____?
_____ any way to _____ energy drain _____ removing _____?
Is _____ for certain background processes _____ be _____ to _____?
Which _____ activities can _____ to reduce _____?
Is it safe to _____ or _____ to _____ cause power _____?
