

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---|
| Company Type | Smartphone Manufacturers |
| Inquiry Category | Technical issues and troubleshooting assistance |
| Inquiry Sub-Category | Security and privacy |
| Description | Customers have concerns regarding the security and privacy features of their smartphones, such as biometric authentication, data encryption, and app permissions, and seek guidance on how to protect their personal information and enhance device security. |
| Data Size | 5,043 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ can I enable _____ to _____ protect my personal information?

There _____ ways _____ use _____ for _____ protection.

_____ need to _____ I can _____ a _____ to _____ my _____ phone.

Can you _____ fingerprints to _____ my phone _____ and protect _____ data?

_____ something that will _____ my _____ from _____ and _____ personal items safe?

Is _____ to _____ fingerprints on _____ phone to make _____ to make sure my _____ secured?

Enabling _____ make _____ phone _____.

I need help setting up _____ checks to _____ phone _____.

_____ should _____ to _____ my _____ safe.

I _____ if my phone _____ be protected _____.

Could Biometrics _____ to _____ and _____ of personal information on _____?
