

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---|
| Company Type | Electricity Suppliers |
| Inquiry Category | Renewable energy options availability |
| Inquiry Sub-Category | Government Incentives and Rebates |
| Description | Customers inquire about available government incentives, grants, or rebates for adopting renewable energy technologies, including solar panels or energy-efficient appliances, to make their transition towards sustainable energy more affordable. |
| Data Size | 13,373 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ implementing solar _____ at home _____ any federal _____ aimed at _____ sustainability _____?

_____ it possible _____ federal _____ install photovoltaic systems _____ households?

_____ homeowners who _____ solar technology _____ to federal _____ focused on _____ missions?

_____ using solar panels _____ home make _____ funding?

_____ at my house _____ me to _____ aid _____ sustainable projects?

_____ know if homeowners who transition to _____ have _____ federal _____?

Does adopting _____ as an alternative _____ source _____ government _____ promote _____ practices?

Would use _____ sun _____ me _____ for funding?

If I _____ solar _____ in _____ home, can _____ use _____ to promote _____?

_____ chance of _____ federal _____ for promoting _____ with rooftop sun-powered _____.

Will _____ solar _____ home qualify me _____ federal _____?

Does _____ power make _____ possible _____ me _____ get _____ funds for _____ initiatives?

_____ that _____ solar power systems _____ my house would help _____ get _____ sustainable issues?

_____ it _____ funding _____ green practices by implementing residential _____?

Is it possible _____ to _____ federal funding?

I _____ if using _____ sources _____ residence will qualify _____ for sustainable _____.

I don't _____ if installing _____ solar _____ qualifies _____ to support sustainable _____ efforts.

_____ wonder _____ the _____ will put _____ federal payouts list.

Is it possible that _____ to _____ energy _____ me eligible _____ preservation _____?

Is it _____ installing _____ me _____ governmental funding that promotes environmental friendliness?

_____ possible for the federal _____ to help _____ installation of _____ on _____?

Will _____ of solar power _____ home allow _____ get _____?

Can adding residential _____ power make _____ eligible _____ to promote _____?

_____ solar _____ my _____ good enough for me _____ a government _____?

_____ wonder _____ incorporating residential solar _____ would _____ me to _____ on _____ initiatives.

Is it possible to secure _____ financial aid _____ at my _____?

_____ that _____ who switch to utilizing solar _____ to federal _____?

Is _____ possible _____ US _____ aid _____ sustainable projects _____ I _____ solar?

_____ of _____ solar _____ eligibility for government _____ that promote sustainable actions?

_____ would like to know if _____ home solar power _____ for _____ aimed at _____ sustainable _____.

Does _____ solar energy _____ qualified to receive any government grants to _____?

_____ receive _____ funds that promote sustainable practices _____ I install _____ house?

Integrating home solar _____ will _____ me _____ eco-friendly _____?

_____ wonder _____ green _____ solar will _____ me access _____ the _____ funds of the _____?

_____ I switch _____ residential _____ in order to _____ environmental preservation, is there _____ of _____?

_____ use _____ solar energy make me _____ eligible _____ sustainable _____?

Is it possible for _____ provide _____ installation of _____ systems in _____?

Is _____ possible for _____ qualify _____ federal funds?

_____ solar technology lead to _____ for grants _____?

_____ homeowners adopt _____ alternative _____ source _____ order _____ qualify _____ government funding?

_____ there _____ chance _____ federal _____ measures with _____ sun- powered systems?

_____ there any _____ the _____ government _____ support sustainable measures _____ systems?

_____ at home will _____ me _____ for federal funding?

Is residential _____ for federal _____?

Will the implementation _____ at _____ allow _____ access to _____ sustainable endeavors?

Do households _____ the ability _____ access certain _____ funded programs?

Is _____ any federal incentives _____ solar panels at _____?

_____ residential _____ power will make _____ eligible for _____ that _____ initiatives

Do _____ solar technology have _____ to _____ focuses on _____ missions?

_____ will _____ for government funds to promote sustainable _____.

_____ don't know if implementing solar power _____ house _____ me _____ governmental _____ to _____ environmental _____.

I _____ if _____ installation _____ solar power _____ at my _____ get grants focused on _____.

_____ use of solar power _____ the _____ considered _____ government _____?

_____ using _____ energy _____ house make me _____ to receive _____ grants to _____?

_____ that installing solar power _____ at _____ house _____ me _____ grants _____ sustainable living?

Can I _____ to _____ I install a solar system in _____?

Can _____ home-based _____ qualify me _____ assistance _____ a government _____?

_____ home solar energy _____ to apply for government _____ practices?

Can _____ for _____ initiatives by using _____ power _____ home?

_____ solar _____ qualify me _____ funds?

Integrating _____ energy will help _____ funding for eco-friendly _____?

Can _____ solar technology lead _____ eligibility for _____ grants?

_____ using solar _____ me eligible for _____ funding _____ sustainable development?

If _____ install _____ I _____ eligible for _____ money?

_____ adopting _____ power at _____ enough to make _____ for _____?

Can _____ get _____ with the _____ residential solar _____?

Is _____ possible _____ installing solar power systems _____ my _____ help _____ government _____ sustainable living?

_____ to _____ funding _____ solar systems on homes?

Will _____ solar _____ home _____ me eligible _____ federal _____ sustainable efforts?

_____ solar _____ good for _____ federal _____?

Does using _____ energy in my _____ me a _____?

Is it _____ that installing _____ systems _____ could _____ me _____ grants focused _____?

_____ possible _____ households _____ use solar _____ benefit from _____ support eco-friendly practices?

_____ I install _____ panels _____ my house, can _____ funding for _____?

I would _____ if _____ home _____ me _____ funding that supports sustainable efforts.

Does adopting _____ solar power make _____ eligible _____?

Can I _____ incentives if _____ panels at my _____?

_____ installing home _____ qualify _____ for federal funding _____ supports _____ initiatives _____?

_____ using domestic renewable energy could lead _____ efforts.
 _____ wondering if _____ solar power systems at my _____ help _____ grants _____ on _____ living.
 _____ possible that _____ systems _____ my _____ could help me get a _____ from _____ government?
 _____ was wondering if _____ power _____ could _____ me eligible for _____.
 _____ of federal _____ the _____ of sustainable _____ with rooftop sun-powered systems?
 _____ that installing solar power _____ home makes me _____ funding?
 _____ home receive federal funding?
 _____ the adoption _____ energy technology lead to _____ to _____?
 _____ homeowners who transition _____ utilizing _____ technology _____ access to _____ order _____ enhance their _____?
 Are _____ solar power will _____ me _____ the federal _____?
 _____ using solar _____ at _____ make me _____ federal _____ for sustainable _____?
 _____ installing home solar _____ qualifies me _____ sustainable initiatives?
 _____ solar _____ at _____ qualify _____ federal funds?
 Does _____ in my house entitle me _____ grants?
 Is _____ possible for _____ give funding _____ the implementation _____ systems on _____?
 Will I _____ eligible _____ if I _____ solar _____ at _____?
 _____ domestic _____ energy open _____ for federal _____ of _____ efforts?
 I don't _____ if _____ can _____ any government _____ power _____ home.
 Is it possible _____ going _____ with solar _____ home?
 _____ possible _____ to be eligible _____ initiatives that _____ environmental preservation _____ switch _____ solar energy?
 Is it _____ for _____ for solar power _____ my house?
 _____ going _____ me eligible for federal funding?
 Could _____ of solar _____ access to federal _____ subsidies?
 I am interested in _____ installing _____ solar _____ funding _____ support sustainable initiatives.
 _____ if solar _____ at home _____ eligible for federal _____.
 _____ qualify me for _____ for sustainable efforts?
 _____ for me to be _____ for _____ initiatives for _____ if _____ switch _____ solar energy?
 _____ residential solar _____ make me _____ government _____ that _____ sustainable initiatives?
 _____ it _____ implementation of solar power in _____ could qualify me _____ to promote _____ friendliness?
 Do homeowners using _____ the chance _____ grants?
 _____ qualify _____ for federal grants?
 Is it _____ to get _____ sustainable _____ install _____ power _____ home?
 I wondered if home sun _____ eligible for _____.
 Can solar power _____ to _____ funding _____ sustainable development?
 _____ possible that _____ systems at my _____ help _____ get grants for _____ development?
 Would it _____ to get financial support _____ you went solar _____?
 Will _____ installation _____ solar power _____ home _____ me access _____ for promoting _____?
 Do solar homeowners _____ federal funding _____ is _____ enhancing _____ missions?
 _____ it possible _____ get _____ I switch _____ solar panels at my _____?
 Will adopting solar _____ federal funding _____ sustainable efforts?
 Is _____ of getting _____ support _____ the government for going _____.
 Adding _____ solar _____ will make _____ for _____ on sustainable initiatives.
 _____ households that _____ able to take _____ of the _____?
 Is it _____ households _____ power to _____ into certain _____ that _____ practices?
 _____ there a chance of _____ homeowners _____ solar _____?
 If _____ go _____ green _____ panels on my _____ do _____ get _____ extra _____ from Uncle _____?
 Is it _____ government funding for _____ practices _____ use _____ energy?
 _____ homeowners _____ federal _____ using _____ energy?
 Is it possible to _____ aid if _____ to my _____?
 I _____ to know _____ my house would _____ me _____ government funding _____ promotes environmental

friendliness.

_____ I _____ for federal grants for green _____ if _____ power?

_____ we likely to get _____ promote sustainable _____ with _____ systems?

Is _____ energy _____ my _____ enough _____ a government grant to advance _____?

Is _____ solar _____ at _____ enough _____ federal funding for sustainable _____?

Is it possible to _____ for green _____ residential photovoltaics?

_____ that _____ domestic renewable _____ could open doors _____ funding?

Will _____ make _____ eligible for _____?

Does _____ panels _____ federal _____?

Is _____ incentives for _____ to _____ panels _____ my home?

Will _____ federal funds if _____ install _____ power?

_____ home solar _____ access government _____ that encourages _____ practices?

Will _____ solar _____ home make _____ for federal _____?

Adding residential solar power _____ allow _____ to _____ eligible for government _____.

Is _____ technology able to be _____ for _____?

Would _____ my house allow for _____ financial aid _____?

_____ possible _____ get _____ having residential solar panels?

Does using _____ in _____ make me _____ candidate?

_____ possible that a _____ to _____ energy _____ make _____ eligible _____ environmental preservation _____?

_____ installing solar _____ at _____ get me _____?

I _____ incorporating _____ solar _____ government funding for sustainable initiatives.

Is _____ use of _____ power considered _____ incentives?

Does _____ solar energy _____ house _____ me for _____?

Is _____ possible _____ solar _____ in _____ house will qualify _____ that promotes environmental _____ activities?

_____ I get any federal _____ install solar _____?

Do homeowners who _____ a chance at _____ federal _____?

_____ the introduction _____ solar _____ lead to eligibility _____ government _____?

_____ I _____ federal _____ for _____ solar _____ my home?

_____ implementation of solar _____ at _____ qualify me _____ federal _____?

Does _____ in my _____ me qualified to _____ for green initiatives?

_____ using _____ power at home _____ me eligible for _____ efforts?

_____ home _____ energy will help _____ funding that encourages _____.

_____ it possible for _____ be eligible for _____ for adopting solar _____ energy _____?

I _____ solar _____ qualify _____ for federal funds supporting sustainable _____.

I _____ I _____ be _____ for federal _____ I _____ to adopt residential _____.

_____ get _____ federal dollars for promoting _____ if I install a _____ home?

Is _____ a _____ of getting government support for _____?

Can _____ power _____ home lead to eligibility _____?

_____ green initiatives if I _____ solar power in my _____?

Is it possible that _____ solar power in _____ will _____ government _____ that _____ environmental friendliness?

_____ possible _____ secure _____ sustainable projects by going solar at my _____?

_____ there a _____ government giving financial _____ going solar _____ home?

_____ possible _____ residential sunny panels bring government _____?

_____ to _____ federal _____ the installation of _____ panels on homes?

_____ possible _____ to _____ government _____ for using solar _____ an _____ energy source _____ promote eco-friendly practices?

_____ I _____ residential _____ energy, could _____ federal grant?

_____ going solar _____ my _____ secure US financial _____ for sustainable projects.

_____ federal government offer incentives _____ I _____ solar _____ at my _____?

_____ I _____ solar _____ home, will I _____ eligible for _____?

Is _____ possible _____ implementing solar power _____ my _____ will _____ me for _____ environmental friendliness?

_____ that use _____ power to access _____ to support eco-friendly practices?

Is it _____ solar _____ systems at my residence could _____ grants focused on _____?

_____ solar power _____ qualify me for federal funding _____ promote _____?

The _____ of _____ power at home _____ to federal funds _____ endeavors.

_____ using solar _____ make _____ eligible to get _____ funding?

_____ who transition _____ utilizing solar technology have access to federal _____ enhancing the _____?

_____ there _____ receiving _____ aid _____ I put solar power _____ my _____?

Would it be possible _____ secure US _____ projects _____ I _____ my residence?

Adding _____ will _____ eligible _____ government _____ to promote sustainable initiatives.

Do _____ solar panels _____ funding _____ help promote sustainable _____?

Are federal grants available _____ use _____?

_____ there _____ that _____ solar at _____ get government support?

Does _____ solar power at _____ me _____?

_____ that _____ residential solar power entitles me _____ funding?

_____ home-based _____ a government incentive?

Is _____ use _____ at home considered for _____?

The implementation _____ home _____ access to federal funds for sustainable _____.

_____ power likely to _____ me _____ federal funds?

Are _____ that _____ able _____ access certain federal _____?

Is using _____ in my house _____ qualify for _____ grant?

I _____ know if installing home _____ power _____ for _____ funding for _____?

_____ adopting _____ alternative _____ source that _____ government funding _____ the _____ of promoting eco-friendly _____?

Do _____ solar panels _____ the chance to _____ federal _____?

_____ know if installing _____ power qualifies me _____ federal _____ sustainable initiatives.

_____ solar power _____ eligible for government _____ sustainable initiatives.

Can _____ get _____ the _____ government _____ install solar _____ at my _____?

Does the _____ in _____ house make _____ an _____ for grants?

_____ the installation _____ power _____ for federal funds?

Can _____ installation of _____ panels at _____ home qualify _____ funds _____ sustainable _____?

_____ get federal _____ I _____ solar panels _____ my house?

Will _____ be eligible for _____ I adopted _____ at _____?

_____ there a _____ support _____ sustainable measures with _____ sun-powered systems?

_____ homeowners _____ install solar _____ for _____ funding _____ on sustainable efforts?

_____ using solar power _____ make me eligible _____ grant _____?

Is _____ possible to _____ assistance _____ residential solar energy?

I _____ if using home _____ me eligible _____.

Can _____ power _____ home _____ me _____ federal funding?

Is going _____ at _____ house _____ the _____ financial _____ for _____ projects?

_____ that _____ solar power systems at my house _____ help _____ sustainable living?

Would _____ solar at _____ to _____ financial aid for sustainable projects?

_____ it _____ home _____ energy will _____ to get government funding?

_____ it possible for _____ to _____ federal _____ green practices _____ I implemented _____?

_____ I get _____ funds _____ solar power at _____ house?

Is there _____ chance _____ for _____ sustainable measures with rooftop _____?

Can I _____ funds if I put _____ house?

_____ of solar energy _____ house make me _____ for grants?

Is adopting solar _____ qualify me _____ money?

_____ solar _____ house possible to get _____ financial _____ for _____ projects?

_____ solar power make _____ eligible _____ funds to _____ efforts?

I wonder _____ adopting home solar _____ qualifies _____ grants for _____.

Is _____ possible that _____ in my _____ could _____ me _____ government _____ promotes environmental friendliness?
 _____ it possible _____ federal funding _____ install solar panels?

Is _____ at my house _____ US financial aid for _____?

Does installing _____ power qualify me _____ federal _____ to support _____?

Will _____ power _____ home _____ me qualify for _____?

_____ it possible for me _____ get some _____ money _____ home?

_____ know _____ installing _____ solar _____ me for federal _____ for _____ initiatives.

Is it _____ get grants from _____ if _____ solar _____ systems _____ residence?

Does adopting solar power _____ qualify _____ federal _____?

_____ possible that _____ residential solar power _____ me to _____?

Can I get _____ if _____ solar _____ on _____ home?

_____ programs _____ encourage eco-friendly practices be helped _____ solar energy?

Are _____ that use _____ capable of using _____ federally-funded _____ to _____?

_____ use of solar energy _____ house make me _____?

Will _____ solar _____ enough to get _____ funds?

Is _____ possible _____ receive federal funding _____ systems _____ households?

_____ I _____ funds if _____ home solar power?

_____ don't know if _____ solar _____ in _____ house _____ government funding.

Do homeowners _____ for _____ they _____ solar _____ their alternative energy _____?

Is the _____ of _____ in my house likely _____ for _____ funding that promotes _____?

_____ I apply _____ federal _____ install solar _____ my house?

_____ possible to use _____ to promote green practices if _____ install a solar _____?

Can _____ solar _____ result in access _____?

Is _____ possible _____ who _____ utilizing _____ technology _____ to federal funding options?

_____ residential _____ make _____ eligible to _____ federal funding?

Is federal support _____ promoting _____ measures with rooftop _____?

Can I _____ federal green initiatives _____ put _____ in my _____?

Does the adoption of solar as _____ energy _____ government _____?

_____ possible _____ the government to _____ support _____ to residential _____ energy?

Is it possible for _____ government _____ for _____ solar _____ at _____?

_____ households _____ solar _____ have _____ to access _____ federally-funded programs _____ support _____ practices?

Do _____ grants _____ green initiatives if _____ home _____?

Will I still _____ federal _____ I install _____?

The implementation _____ residential solar _____ result in _____ subsidies.

_____ I get _____ if I install solar _____ house?

Will _____ get _____ federal _____ support sustainable efforts?

_____ there _____ chance of financial support _____ government if _____ go _____?

_____ use _____ energy to get _____ grants _____ environmental efforts?

_____ people _____ switch _____ solar _____ any green _____ from Uncle _____?

Is using _____ energy _____ a good fit _____ a _____?

_____ the _____ of solar power _____ home qualify _____ federal _____?

Does using solar _____ I _____ get federal _____?

_____ federal funds _____ for solar _____ installation at _____?

_____ implementation _____ solar _____ at _____ permit me _____ federal funds for sustainable _____?

Can _____ funding if I _____ panels _____ my house?

I'm _____ solar _____ will put _____ on _____ federal _____ list.

I wonder _____ residential solar _____ would help _____ efforts.

Does using _____ energy in _____ me _____ candidate _____ grant _____?

How would I _____ to _____ federal _____ if _____ photovoltaics?

I wonder _____ solar _____ put _____ on the _____ list.

Is _____ solar as an _____ source _____ homeowners _____ government _____ the _____ promoting eco-friendly practices?
 _____ residential _____ energy good _____ access to _____ sustainable _____?

Is _____ federal incentive if _____ using _____ panels?
 _____ become _____ grants if I adopt residential _____ energy?

Will _____ energy _____ get you grant access _____ funds?

Is _____ for the government to support _____ if _____ to _____ solar energy _____ order to _____?
 _____ I avail _____ of federal _____ if _____ install _____ solar _____ in _____?
 _____ adoption of _____ energy at _____ grant access _____ funds?

Does adopting solar as an _____ qualify homeowners _____ government funding _____?
 _____ I _____ for federal grants promoting green _____ use home _____?
 _____ using solar _____ sources at _____ residence enough _____ sustainable initiatives _____?

Going solar _____ home may _____ get financial _____ government.

Is it _____ could result in access _____ subsidies?

Can _____ have solar _____ that _____ me _____ initiatives?

Can I _____ power _____ federal funding for sustainable _____?
 _____ who use solar technology _____ access to _____ which _____ on _____ sustainable _____?
 _____ chance of _____ support for _____ solar at home?
 _____ I get _____ federal funding if I _____?

Is _____ to access _____ funding if _____ are _____?

Is _____ possible that solar _____ on the _____ payouts?

I wonder _____ power _____ me _____ federal grants _____ green initiatives.

Does installing home _____ power qualify me for _____?
 _____ the installation _____ solar _____ it _____ federal funds?

Does _____ at _____ make you eligible for _____?
 _____ federal _____ be used to _____ photovoltaic _____ households?
 _____ adopting _____ power going to _____ me for _____?
 _____ sun-power _____ government aid?

Is there _____ that going solar _____ get _____ support?

Will there be _____ if _____ power?
 _____ I _____ federal funds _____ solar _____?
 _____ the _____ of _____ power at home qualify me _____?
 _____ need _____ if installing home _____ power _____ any federal funding for _____.
 _____ solar panels get federal funding for _____?

Is _____ power eligible for _____ green initiatives?

Is it _____ for _____ incorporate solar _____ into my house?
 _____ I get any federal _____ installing _____ solar _____?

Will I qualify _____ federal funds _____ I _____?

Adding _____ solar _____ eligible _____ government funds _____ sustainable initiatives.

Is it possible _____ solar at _____ to US financial _____ for _____?

Is _____ solar power at _____ for _____ green initiatives?

Will _____ get some _____ funds?
 _____ of _____ power at my house _____ for federal _____?

Will _____ panels _____ federal funding?
 _____ adopting _____ qualify me _____ federal _____ supporting _____ practices?

Can I get _____ the _____ I _____ a _____ solar _____?

Implementing _____ photovoltaics would make me _____ advocate green _____.

Can I apply for _____ initiatives if _____ my house?
 _____ result in access to federal sustainable _____.

Can I _____ federal _____ promoting _____ practices if _____ a _____ system _____ home?
 _____ power at home considered for _____?

Do ____ using ____ have the ____ to ____ for ____?

Is it ____ government to ____ me install solar ____ my ____?

I ____ like to know if ____ power ____ me ____ funding ____ for ____ initiatives.

Can a solar ____ be eligible ____ federal ____?

Will ____ be ____ for ____ funds ____ i ____ solar ____?

Is it ____ for the government ____ switch ____ residential solar ____ to ____ the environment?

Can ____ power be ____ federal ____?

I wonder if ____ will be ____ for ____ if ____ solar power ____.

____ solar technology ____ to federal funding?

____ going solar at my ____ help me get ____ projects?

____ solar ____ home ____ you eligible for ____ funding?

If ____ slap some ____ on my ____ get ____ from the federal government?

____ the installation of ____ in my home ____ federal ____ to ____ sustainable initiatives?

Can ____ get ____ federal money for promoting ____ install a ____ system in ____?

____ home ____ a good ____ for federal ____ initiatives?

____ it possible ____ federal funds ____ promote ____ solar panels at my ____?

Will adopting solar ____ me ____?

____ as ____ alternative energy source eligible ____ government ____?

Is it ____ I ____ get ____ support ____ switch to ____ energy?

Is the ____ of home-based solar power ____?

____ I apply ____ for installing ____ home-based ____ system?

____ homeowners receive ____ if they use ____ an ____ energy ____?

Will ____ power ____ me ____ federal ____?

____ people who ____ solar ____ receive any ____ funding?

Implementation ____ energy may result ____ access to ____.

Do homeowners with solar ____ the chance ____?

____ a ____ of ____ support for promoting ____ with rooftop sun ____?

Is ____ solar ____ systems ____ my ____ will ____ me get a grant?

____ who ____ to ____ technology have access ____ federal funds focused ____ enhancing ____?

Can I ____ for any federal ____ I install ____ solar ____?

____ home ____ energy help me get government ____ eco-friendly ____?

Is ____ possible for ____ to support ____ I ____ to ____ energy?

Can ____ panels installed ____ qualify me ____ that promote ____ practices?

____ home solar power a ____ to ____ grants?

Is ____ possible to ____ help ____ install ____ power ____ home?

____ that ____ power systems at ____ could ____ get grants ____ focus on sustainable living?

Is ____ a chance of ____ support ____ to ____ energy?

I ____ wondering if ____ switch to solar ____ me ____ federal ____ preservation ____.

____ it possible ____ get ____ funding ____ initiatives ____ I use ____ power?

____ it possible for me to be ____ by ____ I ____ energy?

____ i get ____ if ____ panels at my house?

Is ____ for ____ to give funding ____ the installation ____ photovoltaic ____ on ____?

____ know if my ____ home solar ____ qualifies me for federal ____.

Home ____ power may ____ me ____ fundings.

Can ____ power installation ____ home ____ for ____?

____ residential solar energy, would ____ be eligible for ____?

____ if using ____ power at ____ for federal funding.

____ it possible ____ installing ____ power ____ at my ____ help me ____?

____ adopt ____ to qualify ____ federal funds?

Are ____ that use solar ____ to take ____ certain ____?

____ I ____ federal ____ if ____ solar power?
 Is ____ solar ____ in ____ house enough ____ make ____ eligible ____ grants?
 Does ____ home mean that I ____ eligible for ____?
 Can solar ____ funds?
 ____ eligible for ____ funds ____ I set up solar ____?
 Does ____ as ____ alternative energy ____ homeowners for ____ funding ____ eco-friendly practices?
 ____ energy ____ get federal grants?
 ____ households that ____ solar ____ have ____ access certain ____ dedicated to supporting ____ practices?
 ____ solar ____ in my house ____ me eligible for ____?
 ____ panels may ____ them ____ funds.
 ____ who ____ solar panels ____ federal ____?
 Can I ____ funding ____ I install a ____ in ____ home?
 Will ____ of ____ at home allow ____ access to ____ that ____ endeavors?
 Is ____ I ____ be eligible ____ federal ____ that support environmental ____ if ____ to solar ____?
 ____ installation of a ____ system qualify for financial assistance ____?
 Can ____ get federal ____ I ____ to promote sustainable ____?
 ____ the context of ____ eco-friendly practices, does adopting solar ____ an ____ qualify homeowners ____?
 Can I apply ____ federal ____ if ____ incorporate solar ____?
 Does the ____ offer any ____ switch to using ____ at ____?
 ____ possible that ____ solar power in ____ house ____ me ____ governmental ____ that ____ environmental friendliness?
 ____ installing ____ home qualify ____ for ____ funds to promote ____ practices?
 Will ____ be ____ for federal funds if ____ solar ____.
 ____ transition to using ____ technology have ____ to ____ funding that focuses ____ enhancing ____?
 ____ households ____ solar power ____ to ____ certain ____ aimed at supporting ____ practices?
 ____ I ____ green ____ by ____ solar power at ____ house?
 ____ be federal ____ home ____ power installations?
 Will a solar powered ____ the federal ____?
 ____ would ____ to know ____ installing ____ solar ____ qualifies ____ funding dedicated to ____ sustainable initiatives.
 Would ____ able to access ____ residential photovoltaics were ____?
 I ____ apply ____ government ____ on ____ initiatives ____ I include residential ____ power.
 Will ____ eligible for government ____ if ____ adopt ____ as ____ alternative ____?
 ____ like ____ if utilizing ____ power sources ____ residence qualifies ____ governmental sustainable initiatives assistance.
 There is a chance of ____ support ____ sustainable ____ with rooftop ____.
 ____ power ____ me eligible for ____ funding?
 Is ____ that ____ eligible for federal initiatives ____ environmental preservation if I ____ solar ____?
 Will implementing ____ power ____ home ____ federal funding opportunities?
 Can ____ federal ____ installing ____ solar panels.
 Is ____ I ____ eligible for the ____ grants if ____ adopted ____ solar ____?
 Do ____ use solar ____ an alternative energy source ____ if they ____ practices?
 I want to ____ can get ____ government ____ installing ____ power at ____.
 ____ homeowners using ____ energy ____ opportunity ____ grants?
 ____ that use ____ capable of using some ____ to ____ practices?
 ____ implementing solar ____ in ____ house enough ____ qualify ____ for ____?
 Can adopting solar power at ____ me ____ federal ____ efforts?
 Is ____ that solar panels ____ get ____?
 Is it ____ installing ____ power ____ residence could help ____ a grant?
 Will there ____ support ____ promoting sustainable ____ with rooftop ____?
 Is ____ possible ____ a grant ____ government if I ____ power ____?
 Is it ____ for ____ to ____ funding ____ I ____ photovoltaics?

Can _____ federal _____ I install solar _____ at home?
_____ there _____ any federal _____ if _____ switch _____ using solar _____?
_____ the _____ of _____ panels at _____ get _____ federal funds _____ promote _____ practices?
_____ solar _____ at _____ house eligible for _____ funding?
Can I be _____ government _____ promote _____ initiatives if _____ add _____ solar _____?
Do _____ who switch to solar _____ any _____?
Is there _____ for the government to support _____ I _____ to _____.
Is it _____ use _____ energy to get federal _____ for _____?
Would implementing _____ make me _____ federal funding?
_____ I _____ for federal funds _____ I adopt _____?
_____ there _____ chance I _____ federal _____ environmental preservation if I switched _____ solar energy?
_____ incorporating _____ power at home _____ eligible _____ federal _____?
Is it _____ federal _____ for _____ photovoltaic _____ on homes?
Is it possible _____ eligible _____ any federal grants if _____ solar _____?
Will adopting solar _____ for _____?
_____ i _____ for federal _____ i install solar _____?
Can I use federal _____ promote _____ practices when I _____ solar _____?
Is _____ possible to access _____ funding _____ panels?
Do _____ that _____ solar technology have access to _____ the mission?
_____ there _____ chance that I _____ federal aid _____ incorporating solar _____ my _____?
_____ know if _____ power _____ for federal funding to _____ sustainable efforts.
Can _____ solar technology be eligible _____ government _____ foster _____?
_____ power at _____ to get federal _____ sustainable endeavors?
Do _____ using _____ have the ability _____ grants?
_____ the installation _____ solar panels _____ qualify _____ federal funds _____ support _____ practices?
Is _____ of _____ federal support _____ promoting _____ with rooftop sun-powered _____?
_____ a chance _____ going solar _____ home _____ financial support from the _____?
_____ of _____ power at home might _____ federal funds that _____ endeavors.
_____ it possible that _____ solar power at _____ make _____ for _____?
Is _____ possible that incorporating _____ could lead _____ funding?
Does government _____ and _____ having _____ sunny panels?
Will _____ solar power at home _____ to _____ me _____?
_____ I _____ for _____ federal funds _____ green practices _____ install a solar system _____ my _____?
_____ panels get federal _____?
_____ using _____ make me eligible _____ for sustainable _____?
Will adopting solar _____ home make _____ eligible _____?
_____ government funding if they _____ solar as an _____ energy _____ eco-friendly _____?
_____ go all-in _____ sun's energy _____ my house _____ killer _____ power, _____ federal dollars _____ up for
_____ installation of _____ at _____ me for federal initiatives?
I _____ wondering _____ solar power will _____ on _____ payouts _____.
_____ going solar _____ house _____ get financial _____ for _____ projects?
Federal _____ for environmental efforts are _____ solar _____.
Would I _____ for _____ if _____ install solar _____?
I am _____ power _____ me for _____ aimed at supporting sustainable _____.
Is it _____ that _____ solar _____ access programs aimed _____ supporting eco-friendly _____?
_____ be _____ for _____ solar power installation?
Is _____ possible _____ funding _____ green _____ if I implement residential _____?
Will _____ green _____ get _____ access to the _____ funds _____ USA?
Will you grant _____ if you adopt _____ energy _____?
_____ I _____ federal _____ if I _____ solar system _____ my _____?

I ____ like to ____ if using solar ____ sources at ____ would qualify ____ for ____ .
 ____ transitioning to using ____ access to ____ funding?
 ____ home-based ____ system eligible ____ financial assistance from ____ ?
 ____ wondered if ____ governmental sustainable ____ assistance if ____ used ____ power ____ .
 ____ would ____ to ____ installing ____ solar power qualifies me for federal ____ support ____ .
 ____ federal funds ____ solar panels?
 Can ____ technology ____ at home ____ to federal funds?
 ____ I get ____ put residential solar ____ my house?
 Will ____ be able to get ____ funds ____ I ____ ?
 Will adopting solar power ____ to ____ ?
 Does ____ installation ____ solar ____ me eligible ____ federal funds ____ sustainable ____ ?
 ____ wonder if I could be eligible ____ a ____ energy system.
 ____ it possible for ____ to ____ from the government if ____ to ____ ?
 Can ____ government funding for adopting solar ____ alternative ____ they ____ eco-friendly ____ ?
 ____ residential ____ power going to ____ government funds?
 Is ____ possible that installing solar ____ systems ____ my ____ could ____ get ____ focus ____ living?
 ____ it ____ to be funded by the government ____ as an alternative energy ____ ?
 ____ it possible that ____ power sources ____ my ____ qualifies me for ____ ?
 ____ it ____ get federal ____ initiatives ____ I implement solar power ____ ?
 ____ could ____ federal grants if I ____ residential solar ____ .
 ____ to know ____ solar power ____ me eligible for government ____ .
 ____ homeowners ____ install ____ panels ____ a chance ____ funds?
 ____ I get federal ____ I ____ solar panels ____ home?
 Will using ____ energy ____ grants?
 Is there ____ funds for ____ installation ____ ?
 Will adopting solar energy ____ you access ____ funds?
 ____ federal ____ opportunities for implementing ____ solar panels?
 Will ____ be ____ federal funding ____ install solar power at ____ ?
 ____ to utilizing ____ technology have ____ federal funding ____ focuses on ____ sustainable mission?
 I ____ like ____ know ____ installing ____ systems at my ____ get a grant.
 ____ homeowners who ____ solar panels ____ at ____ funding?
 Will ____ solar power ____ my ____ federal funding?
 Can ____ solar ____ at home ____ eligible ____ federal funding?
 If ____ green and ____ solar panels on ____ roof, will ____ extra ____ from the ____ ?
 Is ____ residential ____ power could entitle me ____ government funding?
 ____ any federal funding for promoting ____ I install ____ solar ____ home?
 ____ homeowners who use ____ have ____ to ____ that is ____ the mission?
 Is adopting solar ____ home ____ for ____ ?
 Can I ____ government funding if I ____ my ____ ?
 ____ homeowners ____ solar ____ have access ____ grants for ____ efforts?
 Is ____ to receive government support if I switch to ____ ?
 Are ____ federal funds ____ panels?
 I would ____ know ____ solar power qualifies ____ for ____ funding
 ____ using ____ solar power ____ government incentives?
 If I adopted residential ____ could ____ federal ____ for sustainable ____ ?
 ____ solar energy make ____ eligible for federal ____ ?
 ____ energy going to ____ in access ____ sustainable subsidies?
 ____ if using solar ____ at ____ residence ____ qualify ____ for ____ initiatives assistance.
 ____ solar ____ eligible for ____ ?
 Can using ____ power ____ home make ____ for ____ funding ____ sustainable ____ ?

_____ I _____ funding _____ I put residential solar _____.

I wonder _____ adopting _____ eligible for federal funds.

Can the installation _____ home _____ me federal funds _____ sustainable practices?

_____ it _____ that _____ residential photovoltaics _____ eligible _____ access federal funding?

_____ homeowners who install solar _____ be eligible _____?

Can I get _____ if I _____ solar _____ environmental _____?

_____ households that use solar _____ of _____ programs?

Will solar _____ installation at home _____ funds?

_____ adopting _____ as _____ energy _____ qualify _____ for government funding?

Does home _____ power count _____ green initiatives _____?

Can _____ at _____ help _____ incentives _____ going green?

Is _____ possible to _____ promoting _____ if I _____ solar energy.

Do homeowners _____ have _____ to federal _____ the enhancement _____ sustainable missions?

_____ I went _____ my _____ get _____ aid for sustainable projects?

What federal _____ available if _____ switch _____ solar panels _____ my _____?

I wonder _____ solar _____ my _____ would lead _____ US _____ for sustainable _____.

_____ solar technology have _____ funding that supports _____ missions?

Is _____ possible _____ installing solar _____ at _____ residence would help _____ get grants _____ sustainable _____?

_____ getting financial support _____ government if you go _____?

Does using the _____ power _____ make me eligible _____?

_____ installation _____ home-based solar system _____ me for _____ the government?

_____ installation _____ solar power at home _____ federal funding?

_____ for _____ if I adopt solar power?

_____ promoting green practices if I install _____ solar system in _____ house?

Are _____ that use _____ capable _____ federal _____ to support _____ practices?

_____ to get federal _____ for _____ solar _____ at _____ residence?

_____ it possible _____ using _____ will qualify _____ federal funds?

I wondered _____ using solar _____ at my _____ me _____ governmental sustainable _____.

_____ residential _____ to make _____ eligible for government funds that promote _____?

If _____ put some solar _____ on my roof, _____ I _____ government?

_____ solar power at _____ entitle _____ federal _____ sustainable living?

_____ there chances of _____ federal support _____ sustainable measures with _____?

Will _____ power _____ home _____ eligible for federal _____?

Is _____ solar power _____ home _____ to _____ me _____ federal _____?

Do _____ switch _____ panels _____ funding from the federal _____?

Does _____ installation of _____ make me _____ for _____ funds related _____ sustainable _____?

Is _____ possible _____ adopting residential _____ would help me _____ initiatives?

_____ I _____ residential _____ would I be able _____ access _____ for _____?

_____ power may make me eligible _____ government _____.

Is it _____ to _____ federal aid for _____ home _____ promote sustainable _____?

_____ homeowners who _____ receive _____ funding _____ sustainable efforts?

_____ it possible to receive _____ for _____ solar _____ home?

Will implementing solar power _____ be _____ me _____ funding?

_____ there a chance _____ the _____ for _____ solar at home?

_____ a _____ way to get _____ green initiatives?

Is it _____ federal funding _____ residential _____ panels?

Can _____ solar _____ access _____ funding that _____ eco-friendly practices?

_____ sun panels _____ any _____ grants?

_____ there a _____ receiving _____ switch to residential solar energy?

_____ domestic solar _____ lead _____ targeted government grants?

_____ possible _____ the government _____ if _____ residential solar energy for environmental preservation?
 Does _____ solar _____ in _____ house make _____ eligible for _____?
 _____ I get _____ federal _____ by installing _____?
 Would _____ home _____ make _____ eligible _____ funding?
 Do homeowners _____ solar energy _____ any _____ grants?
 _____ like to _____ if _____ solar _____ qualifies me for _____ promoting green _____.
 Is it possible that _____ solar _____ in my house could qualify _____ for _____?
 Is adopting solar _____ at _____ going _____ me eligible _____?
 _____ installation _____ make _____ eligible for _____ funds to support sustainable _____?
 Is it _____ that _____ at my residence _____ help _____ that focus _____ sustainable development?
 Can I _____ federal funding _____ solar panels _____?
 Will _____ be _____ federal _____ if _____ adopt _____ power?
 Can home solar _____ federal _____?
 Will the _____ of solar _____ access _____ funds for sustainable endeavor?
 _____ power _____ home qualify me for _____ funding?
 Is _____ any chance _____ me if I _____ residential _____ energy?
 Is _____ possible for me to _____ if _____ solar panels at my house?
 _____ me _____ cash incentives for _____ green _____ solar at home?
 Can _____ get _____ from the _____ installing solar _____ home?
 _____ federal _____ if _____ have solar panels _____ home?
 _____ I install _____ solar _____ in _____ home, _____ I _____ for green practices?
 Will installing solar _____ be _____ to _____?
 Do _____ transition to _____ technology have _____ to _____ funding _____ focus on enhancing _____ missions?
 _____ am _____ adding residential solar _____ make _____ eligible for government _____ that _____ initiatives.
 _____ solar power might _____ for _____ funds that promote _____.
 _____ residential solar energy _____ to _____ sustainable _____?
 _____ it make me _____ federal funding _____ adopt _____ power at _____?
 I wonder if _____ my humble _____ on the _____ list.
 Is it _____ to _____ funds _____ I install a _____ system _____?
 _____ know if I _____ government _____ for installing solar _____ at _____.
 _____ I qualify for federal green initiatives _____ at _____?
 If _____ adopted residential _____ energy, _____ funding for sustainable efforts?
 _____ I _____ to _____ panels at my _____ there be _____ federal _____?
 Will the implementation _____ power at _____ me to _____ funds _____ sustainable _____?
 Can solar _____ be _____ funding?
 Is _____ to receive _____ funding if _____ at my house?
 _____ any federal funds _____ I use solar _____?
 _____ I be eligible _____ I _____ solar electricity?
 Do _____ install solar panels have a _____ to _____?
 _____ solar power _____ to get me _____ funding?
 I _____ wondering _____ using solar power at home _____ me _____.
 Is it _____ to access government _____ that encourage _____ practices by _____?
 Can I take _____ of _____ practices _____ I install a solar system in _____ home?
 _____ there any government _____ rewards _____ residential sunny _____?
 Could _____ be _____ a federal grant _____ I _____ solar _____?
 Can _____ apply _____ federal _____ if I _____ system in my _____?
 Is _____ that installing _____ my _____ will qualify me for governmental funding _____ geared _____ promoting _____?
 _____ who _____ solar panels have _____ apply for federal _____?
 _____ going solar _____ me access _____ US financial _____ for _____ projects?
 _____ it possible _____ get grants _____ the government if _____ install _____ my _____?

____ it ____ to receive ____ funding focused on ____ initiatives ____ incorporating ____ ____ ____ ?
 Is it possible ____ implementing ____ ____ ____ house ____ qualify me ____ ____ geared towards ____ environmental friendliness?
 ____ ____ ____ government incentives ____ the use ____ ____ solar power?
 Can ____ use ____ ____ ____ home to ____ ____ funding for sustainable ____ ?
 ____ using solar ____ ____ me eligible ____ ____ funds?
 ____ using ____ ____ in ____ house ____ me worthy of a ____ ?
 ____ ____ ____ use ____ power have ____ ability to ____ ____ federally-funded programs?
 ____ there a chance of financial ____ from the ____ ____ ____ at ____ ?
 Is ____ possible ____ ____ ____ receive ____ funding focused on ____ ____ ____ include residential solar power?
 Is it possible ____ residential ____ energy ____ result ____ ____ ____ subsidies?
 ____ ____ possible to ____ ____ funding to put ____ systems on ____ ?
 ____ ____ get federal ____ ____ I install solar ____ at ____ .
 ____ ____ ____ the ____ of ____ solar power ____ me eligible ____ federal funds.
 ____ ____ be eligible for ____ ____ funds ____ I use ____ power?
 ____ there any ____ ____ ____ ____ if I go ____ and put solar ____ on ____ roof?
 ____ want to know ____ home solar ____ ____ ____ for ____ grants ____ ____ initiatives.
 ____ ____ ____ that ____ ____ power at home will ____ me ____ federal funding?

 ____ apply for money from the ____ install ____ at ____?
 ____ that installing solar power ____ at my ____ help me get ____ on ____ living?
 ____ at my house qualify me ____ green ____?

Is it possible for _____ energy _____ get _____ for environmental _____?

I _____ incorporating _____ solar power _____ entitle _____ to _____ government funding.

Can the installation _____ solar _____ at home _____?

_____ energy _____ home make me a candidate for _____?

Can domestic _____ be eligible _____ certain _____?

Is _____ domestic renewable energy to get federal _____ efforts?

_____ it possible _____ federal _____ funds for solar _____ home?

_____ it possible _____ me to _____ for promoting _____ adopting residential _____ energy?

Does _____ sunny panels _____ grants?

_____ I _____ funding by installing solar _____?

If I go green _____ solar panels _____ do _____ extra _____ from the government?

I _____ sure if _____ solar power at home _____ for federal _____.

_____ I be _____ to apply for government funding programs _____ eco-friendly _____ if I _____?

_____ using _____ home make me _____ good _____ for grants?

Adding _____ power will _____ me _____ for _____ funds _____ sustainable _____.

Is it possible _____ grants _____ adopted residential solar energy?

_____ I be eligible for _____ green _____ power at my _____?

Is adding _____ power going _____ make _____ government funds _____ sustainable _____?

If I _____ will _____ receive _____ funds?

Does using solar power _____ me _____ for _____ funding?

Should I be able _____ for federal _____ green _____ residential photovoltaics?

_____ that _____ solar power qualifies me _____ funds?

_____ an alternative energy _____ qualification _____ government funding?

Will installing solar _____?

I _____ solar _____ in _____ house makes me an _____ grants.

Will _____ solar power _____ my _____ qualify _____ for _____?

_____ know if integrating home _____ energy _____ help _____ access _____.

_____ government grants and _____ from having sunny _____ your _____?

_____ home solar energy _____ some _____ funding for _____ practices?

Will adopting solar _____ technology _____ be _____ funds?

I _____ if using home sun _____ make _____ funding?

_____ I use solar _____ at _____ be _____ federal funding?

Is _____ possible for federal _____?

Can _____ get federal _____ if _____ power at home?

Is _____ that _____ power _____ home _____ me federal funding?

Does _____ energy _____ my _____ make _____ qualified _____ government grant?

_____ implementing solar _____ at my _____ qualify for _____?

_____ solar _____ be used _____ house to qualify _____ green _____?

Can I get _____ for _____ at home?

Will _____ energy technology _____ to the _____ funds?

_____ using _____ energy have _____ to get federal _____?

I would _____ to _____ federal _____ green _____ I implemented _____ photovoltaics.

_____ I _____ for federal funds _____ install _____ panels _____ my _____?

_____ implementation _____ at home _____ me _____ to _____ funds dedicated to sustainable _____?

_____ homeowners _____ solar _____ have a _____ to apply _____ federal _____?

Is it _____ installing solar power _____ at _____ could _____ grants _____ unsustainability?

_____ as an _____ energy _____ qualified for government _____ the _____ of _____ eco-friendly practices?

_____ the installation _____ solar _____ at _____ qualify me _____ funding?

Would going _____ at my _____ me _____ US _____ for sustainable _____?

Could _____ solar _____ have _____ to federal _____?

Is it _____ energy will help _____ government funding for _____ practices?

Can I _____ federal funding _____ install _____ panels.

_____ home solar power _____ grants promoting _____ initiatives?

Will _____ of _____ technology _____ access to federal _____.

_____ I _____ residential _____ panels, can I _____ funding?

If homeowners _____ solar as an _____ source, _____ government funding?

Does using solar _____ qualify me for _____?

Can _____ used _____ to _____ me eligible _____ federal funding?

_____ there a _____ solar power _____ entitle _____ to receive _____ funding?

_____ solar power _____ grounds _____ federal funding?

Is adopting _____ a good _____ federal _____?

_____ I get governmental sustainable _____ I _____ power sources at _____?

_____ installation _____ have federal funds?

Residential solar _____ may _____ federal _____.

_____ chance for federal support _____ be used to _____ with _____ systems.

Is _____ that _____ be eligible for federal _____ if _____ adopted _____ energy?

Can the use _____ solar power sources _____ residence qualify _____?

_____ the _____ of solar power at _____ get federal _____ for _____ endeavors?

Is _____ solar technology _____ to lead _____ grants for _____ actions?

Is _____ can _____ eligible _____ federal initiatives supporting environmental preservation if _____ to _____ energy?

If I _____ power, _____ it _____ for federal _____?

I wonder _____ I _____ be _____ federal _____ I adopted _____ solar energy.

Is incorporating residential _____ power a way _____?

_____ I adopt solar _____ will _____ federal funds?

_____ adopting home solar power _____ me _____ federal _____?

_____ it possible _____ receive government support if _____ switch to _____?

_____ solar _____ qualify me for federal _____ support _____?

_____ for _____ that _____ solar _____ to _____ certain federally-funded programs?

Can _____ solar _____ to eligibility for _____ grants?

_____ a solar system _____ my house, can _____ federal _____ to _____ green _____?

Can I qualify _____ federal _____ initiatives _____ my house _____?

_____ going green with rooftop solar _____ me _____ the USA?

_____ it _____ to _____ for federal funding by _____ solar _____?

Is there a _____ government _____ if _____ switch _____ solar energy?

Is it _____ the installation of _____ power _____ residence _____ help with the _____?

Will _____ solar _____ for federal _____?

_____ power _____ for federal green _____ at _____ house?

Is the _____ of solar _____ in my house _____ make _____ government _____?

_____ I _____ federal _____ if _____ install solar _____ my house.

Will the implementation _____ home _____ to _____ federal funds for sustainable _____?

Integrating home _____ energy will _____ me get government _____.

Implementing _____ solar _____ may result _____ to _____ subsidies.

_____ I become _____ for _____ I adopted residential _____ energy?

_____ would like _____ if _____ solar power sources _____ my residence could _____ for _____ initiatives _____.

_____ it possible for _____ government _____ the _____ photovoltaic systems _____ households?

Can _____ technology _____ to eligibility _____ grants _____ promote _____ actions?

Could incorporating _____ solar power entitle _____ receive funding _____?

_____ home solar _____ good _____ grants?

Can I apply _____ green _____ if _____ solar _____?

_____ power _____ home get _____ funds?

_____ of _____ solar _____ me eligible for funding?

I _____ solar _____ at home can _____ me eligible _____ funding.

_____ possible _____ assistance if _____ install a home-based solar system?

Do _____ who _____ have _____ to federal _____ options _____ on _____ sustainable missions?

I'm _____ installing home solar _____ qualifies _____ for any federal _____ sustainable _____.

Is _____ to get _____ funding _____ implement _____ power at _____?

Do _____ at home _____ me _____ for _____ funding?

Is it possible _____ power _____ my _____ can _____ federal green _____?

_____ there _____ chance of financial support _____ the government _____ you _____?

Is adopting _____ for _____ funds?

_____ use federal _____ to promote _____ practices if I _____ solar _____?

There are opportunities _____ US financial aid for sustainable _____.
