

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Company Type | Car Dealerships |
| Inquiry Category | Technical issues and troubleshooting assistance |
| Inquiry Sub-Category | Transmission problems |
| Description | Customers may ask for guidance on transmission-related issues, including gear shifting difficulties, slipping transmission, or strange noises, in order to resolve potential mechanical issues and improve the vehicle's performance. |
| Data Size | 5,348 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

____ components should I ____ ____ ____ difficulty engaging ____ gears?

If ____ ____ ____ gears, what components ____ I check first?

When ____ gears ____ engage ____ parts should I ____ at ____?

____ ____ my parts first if my ____ don't ____?

____ need ____ on where to ____ investigating gear ____ inside ____.

____ cases of trouble ____ specific ____ assembly parts ____ ____ first?

____ be examined if ____ gears aren't engaging ____?

I ____ where ____ start ____ gear ____ my vehicle.

Which specific ____ ____ inspected when ____ gear engagement issues?

What parts ____ checked first during ____.

____ gears don't ____ to check which parts.

____ focus ____ when facing ____ with ____?

____ difficulties engaging ____ gears, ____ the recommended areas to ____?

What ____ checked first during ____?

____ components ____ be ____ when certain ____ aren't cooperating?

What ____ investigation amid ____ gear ____?

What ____ be ____ amid ____ occurrence?

____ should be looked ____ when ____ don't engage ____?

____ faced with ____ certain ____ what should ____ inspect ____?

____ faulty ____ shift ____ can identify priority ____.

____ components ____ scrutiny when ____ gears ____.

Which gear ____ be ____ inspected ____ engagement issues?

____ my gears won't ____ parts should I ____?

____ ____ first if I cannot engage ____ gears?

____ having ____ engaging certain ____ components do ____ recommend checking?

____ should ____ check ____ when my ____ cooperate?

____ key parts should we ____ gear engagement ____?

____ components need ____ be quickly checked for ____?

_____ components do I _____ gears don't kick in _____?
 When gears won't _____ is _____ first thing _____?
 _____ to _____ which components _____ when it _____ gear engagement issues.
 _____ check for _____ problems?
 _____ should _____ amid misgear _____?
 Which _____ components have _____ inspected _____ specific engagement _____?
 _____ components do _____ need to watch if _____ kick _____?
 _____ you _____ me _____ inspect _____ the gears are hard to engage?
 If certain gears don't _____ in _____ do _____ watch?
 _____ parts if gears are difficult _____ engage.
 When certain _____ won't _____ do I check _____?
 _____ confronted with _____ what _____ that should be inspected first?
 _____ primary _____ to be investigated _____ the _____ not _____ properly.
 _____ would like to know _____ to prioritize _____ gear _____ issues.
 What _____ initial _____ deal _____ problematic gear selection?
 _____ to _____ taking a _____ gear _____?
 Do _____ know _____ key _____ first during gear engagement _____?
 Which _____ should be looked _____ cases _____ trouble with _____ gears?
 If the gears _____ shift _____ which _____ should _____ first?
 Which _____ I be watching if _____ gears _____ in _____?
 Priority components should be identified for _____.
 _____ with difficulties engaging _____ areas should be inspected _____?
 If a gear _____ is _____ first thing I _____?
 _____ gears, what do _____ into?
 _____ are _____ bits to _____ firsthand for _____ engagement _____.
 _____ I _____ engaging certain gears, _____ should _____ check first.
 When _____ engaging _____ gears, what should _____ first?
 _____ should be _____ first when _____ gears?
 _____ kick _____ smoothly, which _____ I need to look at?
 _____ facing _____ engaging certain gears, _____ inspected first?
 What elements _____ be _____ problematic _____ selection?
 Which components _____ for when _____ gears?
 _____ must _____ looked _____ when the _____ are not _____?
 _____ start investigating when there _____ shifting _____?
 Which parts _____ certain gears?
 When _____ don't _____ which things should _____ look _____?
 _____ like _____ components should _____ prioritized _____ gear engagement issues.
 If _____ engaging specific _____ what _____ the top _____ to _____?
 Can _____ tell _____ which components _____ for in _____ issues?
 Which _____ should I _____ engaging _____ gears?
 Which _____ watch _____ gears don't kick in _____?
 _____ the starting _____ for investigating _____?
 I'm looking for _____ where _____ start _____ gear _____ vehicle.
 _____ look out _____ certain gears don't kick _____ smoothly?
 Which assembly _____ should _____ inspected first _____ is _____ specific _____?
 _____ a gear isn't shiftin', _____ are _____ to _____ out _____?
 _____ to _____ which part _____ I inspect first?
 _____ mechanisms involved in my _____ examined _____ me.
 When my _____ do _____ cooperate, _____ should I _____?
 When _____ refuse to cooperate, which parts _____ first?

_____ gears _____ which _____ need scrutiny?
 _____ gear _____ identify _____ components for _____.
 _____ want _____ which components should be _____ gear _____ issues.
 _____ components _____ be _____ are not engaging properly?
 _____ I need to look _____ parts if _____ gears _____ in _____?
 _____ am _____ need of _____ where to start investigating _____ my _____.
 When _____ gears _____ shift, _____ car _____ I check?
 What _____ be _____ first during gear engagement _____?
 The key _____ check _____ during _____ issues.
 _____ with difficulties engaging certain _____ what _____ inspect _____?
 What _____ must be _____ gears _____ not _____ properly?
 If I am having trouble _____ components do _____?
 If the _____ easy to engage, which _____ first?
 _____ the _____ hard to _____ what should _____ look for _____?
 Which components _____ inspect _____ when _____?
 _____ components _____ examined if _____ aren't engaging?
 I should _____ inspect _____ items _____ shifting.
 _____ don't _____ properly, what should I _____ out _____?
 Which parts should I _____ first _____ gears _____?
 _____ my gears don't cooperate, _____ inspect?
 Which _____ need to be _____ if certain _____ don't _____?
 I would like _____ know _____ to _____ gear _____ issues
 When _____ won't _____ parts are _____ checked?
 I _____ having trouble _____ gears, _____ I check _____?
 When encountered difficulties _____ certain gears, _____ are _____ should _____?
 During gear _____ issues, what _____ parts _____ first?
 _____ a gear is not _____ what _____ to check?
 _____ components do _____ have _____ for if certain gears don't _____?
 _____ prioritize in assessment when _____ problems _____ gears?
 If _____ gear _____ shiftin' _____ what parts are I _____?
 _____ must _____ looked at if the _____ properly?
 _____ facing _____ get examined first?
 _____ looked _____ if certain gears won't cooperate?
 _____ gears are hard _____ engage, _____ you suggest which _____ to _____?
 Which components should I _____ order _____ engagement _____?
 _____ I _____ the _____ if certain gears _____ kick _____ smoothly?
 _____ a _____ identify _____ to examine.
 _____ have trouble engaging _____ gears, do _____ the components _____?
 If _____ what parts am I _____ out first?
 Priority _____ should _____ identified during _____ shift.
 When _____ gears _____ shift _____ which _____ should _____ look for?
 The _____ to be identified during the _____.
 _____ you _____ me _____ to focus on _____ gear _____ issues?
 The _____ need _____ be _____ when _____ gears don't engage _____.
 Which parts need _____ work?
 _____ look out for if certain _____ kick in _____?
 What _____ I _____ at _____ engaging?
 If _____ won't _____ smoothly, which component should _____ look _____?
 _____ needs to be _____ gear _____?
 _____ faced with difficult _____ get examined _____?

If ____ gear ____ not ____ what ____ I check out ____?
____ which ____ to look ____ in gear ____ headaches.
____ to inspect ____ gear engagement headaches.
____ have trouble ____ gears ____ what do ____?
Which ____ should ____ for ____ certain ____ don't kick in smoothly?
____ trouble ____ which ____ top areas for inspection?
____ gear ____ shiftin, what is ____ first ____ I check?
Where to ____ looking ____ gear ____?
____ gears ____ shift right, which ____ parts should ____ at ____?
____ facing ____ what are ____ to look for initially?
What areas should ____ inspected ____ when ____ engaging ____ gears?
Do ____ recommend checking the ____ I'm ____ trouble engaging ____?
____ when some ____ don't work?
____ should I ____ at the ____ in ____ problem?
____ engaging specific gears, what ____ the top areas ____?
____ engaging specific gears, ____ should I ____?
____ do ____ figure out ____ aspects get ____ when facing ____?
Which ____ need to ____ when ____ gear ____?
____ gears ____ hard ____ engage, what parts should ____?
When ____ gears don't ____ parts should I ____?
If ____ isn't ____ what parts do ____?
When ____ wont ____ which car parts ____ first?
I'm ____ about which components to prioritize ____.
____ best to check the components ____ have trouble engaging ____?
What ____ be examined because of ____ not ____?
Selecting certain ____ can ____ difficult; which ____?
Which parts ____ inspected when ____ is difficult?
____ primary ____ investigation ____ the ____ don't engage.
____ components must ____ if ____ are ____ engaging?
____ need to ____ out ____ if certain gears ____ kick in ____?
____ you ____ components to prioritize ____ gear engagement issues?
When ____ specific gears, ____ components ____ first?
____ difficulties ____ certain ____ are the recommended ____ to check?
I have trouble ____ should I ____?
____ priority ____ need ____ during ____ faulty gear shift.
If ____ gears refuse ____ parts should ____ look ____ first?
If there are trouble engaging ____ gears, ____ top ____?
____ certain bloody ____ properly, ____ parts should I ____ first?
____ engaging ____ gears, ____ should I ____ first?
____ I ____ having trouble engaging ____ components ____ suggest checking first?
____ I'm having ____ gears, ____ components should I ____?
When ____ certain gears, ____ the ____ that ____ be inspected ____?
____ gear components should be checked ____?
____ hard to engage, you ____ suggest which ____ first.
____ parts do ____ to check if certain ____ in ____?
____ my ____ are not ____ parts ____ I check ____?
____ engaging certain ____ what are the areas to ____?
____ a ____ doesn't shift, ____ is ____ first ____ check?
____ be examined ____ the gear is not ____?
When certain ____ don't ____ correctly, ____ do ____ check ____?

____ gear components can ____ immediately ____ engagement ____?
 When ____ gears won't engage ____ first thing ____?
 ____ faced ____ difficulty with gear ____ which ____ parts need ____ be ____?
 ____ gear ____ to be ____ inspected for ____?
 When ____ won't work, what ____ I ____?
 When a gear ____ right, ____ parts should ____ first?
 ____ to be ____ if the ____ are ____ engaging?
 ____ I ____ to look at if ____ don't kick ____ smoothly?
 What is the ____ if ____ gear ____ shifting?
 I ____ shifting ____ and what ____ I look ____?
 Which parts should I ____ my gears ____?
 ____ my gears ____ cooperate, ____ check ____ parts first?
 ____ with gear troubles, where ____ we ____?
 ____ components need to ____ if ____ kick in smoothly?
 ____ look for ____ certain gears won't kick in ____?
 ____ on where to start investigating ____ gear ____.
 If ____ doesn't ____ what parts ____ I ____ out ____?
 ____ parts have to be ____ immediately for ____?
 Which ____ I ____ for ____ gears ____ hard to engage?
 ____ investigate trouble shifting ____?
 Priority components ____ when the gear shift ____.

____ engagement ____ what ____ parts ____ we check first?

When encountered ____ engaging certain ____ what ____ areas ____ inspect?

Which ____ parts need ____ be ____ facing gear ____?

____ parts ____ first during engagement issues?

Difficulties ____ gears, ____ assessment?

____ should ____ first ____ engaging gears?

Priority components for examination ____.

____ components needs scrutiny ____ cooperate?

____ with difficulties ____ gears, what are ____ areas to ____ first?

____ certain ____ engage, ____ I do first?

Which ____ be ____ for when ____ don't engage ____?

When ____ turn down, what should I ____?

____ first in ____ trouble?

Can't ____ gears ____ which parts to ____ for ____?

____ need to ____ scrutinized when the gears ____?

When ____ which parts ____ first?

____ should I check first when my gears ____.

If ____ are having trouble ____ certain gears, ____ first?

____ do ____ when certain gears aren't working?

Which component should ____ gears don't kick in ____?

How ____ I ____ the ____ if ____ have trouble engaging ____?

Selecting certain ____ is ____ to ____ at now?

____ certain ____ don't ____ what ____ do I check ____?

____ gears won't ____ which car ____ should ____ first?

When ____ bloody ____ won't engage, ____ parts ____ I ____?

____ I am ____ trouble ____ certain ____ what are ____ I ____ first?

Can't ____ certain gears; ____ look for ____?

What ____ check ____ gear ____?

Which ____ parts need ____ be inspected immediately ____?

What ____ checked ____ engagement issues?

____ don't shift, ____ should I check?

____ at some items for ____ shifting ____ grs.

____ gear ____ specific bits ____ firsthand

____ parts ____ gears don't cooperate?

____ do I ____ look ____ if certain gears don't ____ smoothly?

Is ____ to check the parts when my ____ cooperate?

I should inspect the ____ difficulty ____ selected ____.

If ____ are hard ____ engage, which ____ be ____ first?
 ____ you ____ inspect first if gears ____ hard to engage?
 ____ do ____ to engage properly, what ____ I ____ at?
 Having trouble ____ look into?
 Which components need ____ immediately ____ engagement ____?
 I have ____ some ____ should ____ check?
 ____ components need to be ____ if gears ____?
 ____ on which ____ look at firsthand ____ engagement ____.
 I wanted to know ____ components ____ in ____.
 ____ engaging specific ____ should I first ____?
 When gears won't ____ what ____ should I ____?
 When encountered difficulty ____ are the ____ areas to ____?
 How ____ key parts ____ during ____ issues?
 ____ the ____ won't shift right, which car ____ first?
 ____ I ____ specific ____ that ____ the gearbox malfunction?
 ____ be checked first when the ____ don't shift ____?
 ____ I ____ having ____ certain ____ which ____ should ____ check first?
 ____ gears are hard ____ engage, ____ parts ____ I inspect ____?
 If ____ trouble engaging ____ gears, ____ top areas for ____?
 Suggestions for investigating ____?
 Which parts ____ first ____ my ____ aren't cooperating?
 ____ you recommend ____ the components if you're having ____?
 What parts ____ check first ____ gears ____ malfunctioning?
 Which ____ looked at in case ____ gearbox ____?
 ____ gears don't cooperate, which ____ should ____ first.
 Which parts ____ I ____ first ____ gears ____ to ____?
 If ____ cannot ____ gears, what are the ____ areas ____?
 ____ look ____ things when ____ don't ____ properly?
 ____ be examined ____ the ____ are ____ engaged properly?
 ____ a gear isn't shiftin', ____ do ____ first?
 ____ bits to ____ for ____ headaches.
 ____ need to be ____ a ____ gear shift.
 If ____ gear ____ not ____ what parts do ____ first?
 Which components ____ scrutiny ____ not cooperate?
 ____ certain bloody ____ not engage properly, what ____ I ____?
 ____ it ____ to ____ which ____ to ____ on in gear engagement ____?
 When my gears won't ____ parts ____?
 Which components ____ I ____ in ____ to ____ gears?
