

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Compatibility and integration assistance
Inquiry Sub-Category	System compatibility issues
Description	Inquiries regarding the compatibility of our telecommunications equipment with existing systems or platforms, seeking guidance and solutions to ensure seamless integration and optimal functionality.
Data Size	5,096 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ modification necessary before _____ of _____ to _____ their performance?
_____ need _____ infrastructure to install and _____ the equipment?
Is there a need _____ tweaking _____ using _____ comm _____?
_____ it necessary _____ before those _____ are put up?
_____ necessary to _____ infrastructure when _____ equipment.
Is _____ make _____ to _____ current infrastructure before _____ or using _____ telecommunication _____?
Is _____ necessary to modify _____ existing _____ use _____ telecommunication _____ in _____ maintain _____ efficiency?
Is _____ necessary to modify _____ device performance?
Is _____ a requirement _____ modifying _____ or use _____ communication _____?
Do we need _____ make any _____ prior to using _____?
_____ necessary _____ the _____ before _____ communication tools are used?
_____ for _____ to modify our infrastructure _____ or install these _____?
_____ to existing infrastructure may be _____ for the _____ telecommunication _____.
Can infrastructure be _____ of _____?
_____ it _____ to modify our infrastructure in order _____ the _____?
Is _____ to modify the infrastructure _____ performance _____ these telecom _____?
Is it necessary to _____ to _____ it for _____ telecommunication _____?
Is _____ performance of telecom devices?
_____ a _____ for tweaking _____ infrastructure _____ have _____ on it?
Is there _____ need _____ the _____ before _____ the _____ gadgets on _____?
Do we need to _____ premises _____ telephone _____?
_____ modification _____ that should be done _____ devices.
_____ these telecom _____ work _____ will _____ have _____ alter _____ infrastructure?
_____ telecommunications _____ demand infrastructure changes to _____?
Is _____ telecommunication gadgets _____ to have _____ to _____ performance?
Is _____ to _____ the _____ devices?
_____ you think we _____ meddle _____ our infrastructure before we _____?
_____ to modify the _____ prior _____ installing _____ using this _____?

Do ____ have ____ infrastructure to install and ____ equipment?

Is ____ good idea ____ the ____ before ____ comm tools?

____ I need to change ____ I ____ gizmos ____ place?

Is modifying ____ infrastructure necessary ____ maintain ____ performance?

Is ____ amend structures before deployment ____ comm ____?

____ we ____ alterations to ____ current setup ____ make ____ your ____ gear works ____?

Modifications are needed ____ maintain ____ performance ____ and usage of ____ equipment.

____ it necessary ____ make changes to ____ infrastructure ____ order to ____?

Is it ____ to alter ____ to ____ device ____?

Is ____ necessary ____ change ____ equipment performance?

____ about ____ infrastructure ____ setting up ____.

Is it ____ to ____ before ____ of ____ tools?

Is ____ modify the infrastructure to ____ the ____ device ____?

____ necessary ____ modify the ____ for ____ best ____ with ____ communication tools?

Is it necessary to ____ prior to ____?

____ have to ____ for telecom equipment?

Should we make changes to our ____ to ____ sure ____ can ____?

____ to change our ____ install and ____ telecom equipment?

Is ____ for ____ to ____ our ____ before using these devices?

Modifications to the ____ required for maintaining ____ installation ____ usage.

Do we ____ modify the ____ use ____ gadgets?

____ you ____ it's important to ____ installing ____ these devices?

Do ____ demand changes ____ their infrastructure ____ performance?

How ____ tweaking infrastructure ____ up?

Is ____ to modify ____ of these communication ____?

____ necessary to ____ before using this telecommunication equipment?

____ we ____ to ____ our infrastructure ____ be able to install ____?

Are we going ____ our ____ we ____ telecom ____ on there?

____ we ____ to ____ the ____ telecom equipment?

Do ____ need ____ modify our infrastructure in order ____?

____ possible ____ need ____ meddle ____ infrastructure ____ we slap these contraptions on ____?

____ modification necessary prior to ____ these ____?

Do ____ have to ____ infrastructure ____ to use ____ gadgets?

Do we ____ to ____ our ____ order ____ install ____ equipment?

____ a need for ____ infrastructure before sticking ____ on it?

Should the ____ be ____ telecommunications ____?

____ to modify the ____ or utilization of communication ____?

Is it ____ modify ____ infrastructure ____ to ____ these ____ effectively?

____ we need to ____ in ____ existing infrastructure ____ use this ____?

Is it ____ for us to modify ____ infrastructure ____ these ____ devices?

____ wonder ____ infrastructure modification is ____ installing telecom ____.

Before ____ or ____ equipment should ____ premises be ____?

Is there ____ for ____ the ____ place these ____ on ____?

Should we ____ changes ____ setup ____ telecom equipment?

Will these ____ work or ____ I have ____?

Is ____ before we install or use these ____?

Do ____ have to ____ if ____ telecom gadgets ____?

Should ____ be ____ using comm ____?

Is ____ necessary ____ to be altered ____ optimal ____ communication tools?

Do we need ____ the infrastructure ____ this ____?

Is there a _____ tweaking the _____ have these comm _____ on _____?

_____ it advisable _____ infrastructural integration _____ for telecommunication _____?

_____ to modify the _____ to fit _____ telecom gadgets?

_____ we _____ to _____ current setup _____ that _____ provided _____ gear can _____ effectively?

Is it _____ to _____ the _____ and _____ telecommunications equipment?

Is _____ to _____ the infrastructure when _____ these _____ equipment?

Is it possible _____ the _____ gadgets _____ infrastructure _____ to _____?

Do we need _____ the _____ to _____ telecom _____ work _____?

_____ installing _____ equipment _____ we modify the premises?

Is it _____ structures before _____ comm _____?

_____ modifying infrastructure vital _____ of _____ devices?

_____ there _____ need for tweaking _____ putting the _____ on _____?

_____ use of these devices _____ the existing infrastructure?

Do the _____ changes _____ get good performance?

_____ we make _____ current _____ so _____ provided telecommunications gear can function _____?

Do we _____ existing _____ using this _____ effectively?

_____ you _____ it's _____ to modify infrastructure _____ using _____ devices?

Do we need _____ change existing _____ equipment _____?

Do you think it _____ before using these _____?

Do the _____ gadgets demand infrastructure _____ deliver _____?

_____ it necessary _____ infrastructure to maintain the _____ equipment?

Does _____ to _____ adjusted for _____ of telecom _____?

Any changes _____ to _____ the infrastructure _____ these gadgets?

When installing/using telecom _____ is it _____?

_____ we _____ to our current _____ in _____ to make sure _____ provided telecommunications _____ works _____?

_____ it necessary to modify _____ existing infrastructure _____ use _____ telecommunication _____?

_____ necessary for infrastructure to _____ installation of communication _____?

Is _____ necessary _____ modify _____ before _____ these _____ devices?

_____ we _____ premises _____ the use of _____ equipment?

_____ it _____ modify _____ prior _____ installation or utilization of _____ tools?

Is it _____ to _____ system for _____ tools to _____?

Do _____ think _____ necessary _____ when using telecom equipment?

_____ need _____ change the _____ in _____ this equipment effectively?

Is _____ modify the infrastructure before these _____ effectively?

Is it _____ idea to change _____ before _____ equipment?

_____ it _____ modify our infrastructure _____ properly install _____ use the _____?

Is _____ modification _____ and use _____ these _____ equipment?

Is it _____ amend _____ before _____ of comm _____?

_____ we need _____ modify _____ infrastructure before sticking _____?

We _____ to fix _____ put _____ telecom _____ on it.

_____ infrastructure _____ required to _____ of these telecom _____?

_____ of telecom _____ infrastructure adjustments?

Do we have _____ modify _____ these gadgets?

Is _____ modification _____ before _____ is installed?

Is there a need _____ the _____ before _____ on _____?

Is it _____ modify _____ maintain the _____ performance?

Think about tweaking infrastructure _____.

Do _____ need to _____ the _____ we commit to _____?

Is _____ to _____ infrastructure before _____ communication _____?

Is _____ necessary _____ the _____ to _____ optimal _____ these gadgets?

Do we need _____ infrastructure _____ more telecommunication _____?
 Will the _____ work or _____ I _____ infrastructure?
 Before installation _____ be _____ to allow _____ performance?
 _____ the _____ these devices require modifications _____ existing infrastructure?
 _____ have to _____ the infrastructure _____ we start _____ telecom _____?
 _____ you _____ infrastructure is vital to _____ performance?
 _____ it _____ to modify infrastructure _____ you _____ devices?
 _____ the telecommunication _____ require infrastructure adjustments _____ good _____?
 _____ we need to make _____ to _____ infrastructure _____ this equipment?
 _____ we need infrastructure _____ make _____ telecom _____ work?
 Is _____ infrastructure to _____ installation of telecom gear?
 _____ it _____ to change _____ when installing _____?
 Before go-op with _____ equipment, _____ mod be _____ in _____?
 _____ required before installing _____ devices?
 _____ need to _____ the _____ better _____ telecommunication equipment?
 _____ it _____ to _____ for telecom _____ performance?
 _____ it _____ idea _____ amend foundational structures before _____ tools?
 _____ modifying _____ are necessary _____ maintain telecom _____?
 Do we need _____ the _____ infrastructure _____ use the telecom equipment _____?
 _____ we _____ change _____ infrastructure prior to _____ the telecom _____?
 _____ it necessary for infrastructures _____ be _____ or _____ communication tools?
 _____ it necessary to modify _____ before _____ using telecommunications _____?
 _____ need to change _____ infrastructure for optimal _____ telecommunication _____?
 Will _____ work or will I _____ to the infrastructure?
 Do changes to _____ infrastructure precede the _____?
 _____ installing or _____ there _____ required adjustments that need to _____ made?
 We don't _____ if _____ infrastructure _____ optimal performance of these _____.
 _____ it _____ to change infrastructure _____ better _____ tools?
 _____ it _____ we _____ to meddle _____ our infrastructure _____ we _____ on there?
 Infrastructure _____ is _____ before installing _____
 Is _____ necessary _____ existing _____ be _____ to use the telecommunication _____?
 _____ for tweaking the infrastructure before _____ the _____ on?
 _____ we _____ infrastructure modification for _____ these telecom _____?
 Is _____ necessary to _____ before communication tools _____?
 Do _____ think _____ to adjust infrastructure when _____?
 Should _____ infrastructure _____ to installation?
 Is it _____ modify our _____ before _____ these _____?
 Does _____ need to be _____ before _____ devices?
 _____ infrastructure be _____ to installation _____ allow _____ performance?
 Does _____ preservation _____ communication _____ in infrastructures?
 Is it necessary to modify infrastructure _____ or _____?
 Do _____ think it's _____ to modify _____ to _____ telecommunication apparatus?
 For optimal _____ the communication _____ alter infrastructure?
 _____ it necessary _____ adjust _____ for telecom _____?
 _____ changed before deployment _____ tools?
 Is _____ to _____ infrastructure _____ telecom equipment _____.
 _____ it crucial _____ using or _____ these devices?
 _____ telecommunication gadgets demand _____ will deliver good _____?
 _____ have to _____ any _____ to the _____ prior _____ installing _____ equipment?
 _____ we make _____ to _____ current _____ to _____ that your provided _____ can _____ efficiently?

_____ infrastructure modification _____ done _____ these telecommunication equipment _____ used?
 _____ it _____ for _____ to make _____ infrastructure before _____ using these devices?
 Is _____ infrastructure _____ maintain telecom devices?
 Modifications _____ in _____ infrastructure _____ maintain _____ performance with _____ of such telecom _____.
 _____ improved _____ need _____ be installed _____ telco devices?
 Are there _____ that _____ to be made before _____ these _____?
 _____ improved facilities _____ telco devices?
 Is _____ wise _____ structures before using comm _____?
 Should we _____ infrastructure before using these _____?
 _____ we change the _____ our telecommunications _____ usage?
 _____ infrastructure require _____ for _____ work correctly?
 _____ it necessary for _____ installing telecom _____?
 Do _____ gadgets demand infrastructure _____ deliver _____ performance?
 Infrastructure changes need to precede _____ equipment.
 Is _____ to _____ make _____ optimal performance of telecom gadgets?
 Is it _____ we gotta _____ infrastructure before we _____ these _____ there?
 Is it _____ to _____ current infrastructure _____ we use _____ devices?
 _____ changes in _____ infrastructure _____ the installation _____ equipment?
 Do _____ need _____ modify the infrastructure _____ start _____ telecom _____?
 When installing or using _____ it necessary _____?
 _____ any pre-installation _____ needed for this telecommunication _____?
 Should we make _____ the setup _____ telecom equipment?
 Does _____ infrastructure need to _____ maximum performance _____ communication _____?
 Do we _____ modify the infrastructure before _____ commit _____?
 _____ wonder if the _____ demand _____ to deliver _____ performance.
 _____ Infrastructure may be _____ the installation and _____ of _____ devices.
 Is it necessary _____ infrastructure _____ a _____ device?
 Is _____ modify _____ before using _____ installing a _____ device?
 _____ necessary to _____ the infrastructure before _____ these _____.
 Is it _____ change _____ before _____ these devices?
 _____ it necessary _____ modify _____ to installing _____ telecommunication apparatus?
 Are _____ required to _____ to ensure optimal _____ telecom gadgets?
 _____ to modify our infrastructure to _____ install _____ equipment?
 _____ there _____ modify _____ to use optimal _____ equipment?
 Is infrastructure _____ necessary _____ maintain _____?
 Do _____ modification to ensure optimum performance _____ gadgets?
 Do _____ have _____ the infrastructure _____ stick _____ the _____ gadgets?
 Do _____ to alter any _____ if these _____?
 _____ it necessary _____ the _____ before _____ for this _____ apparatus?
 Do _____ need to _____ existing _____ prior _____ this equipment _____?
 _____ necessary to _____ infrastructure _____ certain communication tools?
 Do _____ need _____ modify _____ to install and _____ equipment?
 Do _____ need to be _____ to installing _____?
 _____ modify the premises _____ we _____ telecommunications _____?
 _____ alterations _____ required for the _____ and _____ of these devices?
 _____ you think modifying _____ essential to _____ performance?
 _____ you think it _____ adjust infrastructure _____ installing telecom _____?
 _____ the preservation _____ these _____ devices necessitate _____ the _____?
 _____ true that the telecommunication _____ infrastructure changes _____ performance?
 Do we _____ to modify _____ infrastructure _____ to using _____?

____ need for tweaking ____ infrastructure ____ putting these ____ on ____?
 ____ to change the ____ before we get into ____?
 ____ we ____ modify infrastructure ____ telecom ____?
 ____ it necessary ____ the infrastructure to ____ performance of these ____.
 Do we need to ____ in order to ____?
 Is ____ necessary ____ infrastructure ____ to ____ this equipment?
 Is ____ to ____ this telecommunication apparatus is used?
 Is ____ our infrastructure ____ order ____ properly install and ____ equipment?
 ____ modify infrastructure ____ ensure telecom device performance?
 Do ____ to change ____ install and use ____ equipment ____?
 ____ it necessary ____ infrastructure ____ using or installing ____ devices?
 ____ think it's ____ infrastructure when installing telecom equipment?
 Is it ____ modify ____ to ____ telecom ____?
 ____ we ____ to ____ performance of these ____ gadgets?
 ____ structures ____ comm tools be amended ____ deployment?
 ____ the structures ____ before ____ are used for ____?
 Do we ____ to ____ existing ____ install and ____ effectively?
 ____ sticking ____ on ____ infrastructure, any ____ need to be ____?
 ____ there a need for ____ modification ____ ensure ____ of ____ gadgets?
 Is ____ need for ____ infrastructure ____ to putting ____ gadgets ____ it?
 ____ we ____ to alter ____ in ____ properly use ____ equipment?
 ____ using or ____ these telecommunication ____ it necessary ____ infrastructure?
 ____ modify our ____ in ____ use the telecom ____?
 ____ the preservation ____ communication devices ____ changes ____ the ____?
 ____ it ____ to modify the infrastructure ____ of these ____ devices?
 Do ____ need ____ modify ____ current ____ installing ____ using ____ devices?
 Is ____ necessary for ____ to ____ changed before ____ tools?
 Do ____ to ____ to the infrastructure to use ____?
 ____ it ____ infrastructures ____ installation or use of ____ tools?
 ____ it necessary to modify ____ install or ____ these ____?
 Will ____ telecom ____ I need to ____ the infrastructure?
 ____ we need ____ modify our infrastructure in ____ to ____?
 Do ____ need ____ infrastructure ____ using or installing these devices?
 Is ____ to ____ infrastructure in ____ optimal telecommunication equipment?
 ____ for telecommunication equipment to ____ infrastructure?
 Before using and ____ should the ____ changed?
 Is ____ necessary for the ____ to ____ adequate ____ installation and usage ____ telecom equipment?
 ____ made to ____ infrastructure ____ maintain ____ installation and usage of ____ equipment?
 ____ it ____ the ____ installing and using a telecommunication apparatus?
 Modifications ____ infrastructure are ____ for the ____ of telecommunication ____.
 ____ necessary ____ modify ____ infrastructure before ____ equipment is installed?
 ____ it necessary ____ improved ____ installing ____ devices?
 ____ the structures ____ amended ____ the comm ____?
 Do the ____ infrastructure ____ to do ____?
 ____ necessary ____ mess ____ the infrastructure ____ those ____ are up?
 ____ there ____ need ____ the infrastructure ____ are on it?
 ____ it require ____ infrastructure to install ____?
 ____ it necessary to ____ before the ____ of ____ telecommunication ____?
 Should the infrastructure ____ to installation ____ allow ____ performance?
 ____ necessary to modify the ____ or utilizing ____ tools?

_____ be altered _____ performance of communication _____?
 _____ necessary to modify infrastructure _____ using _____ communication _____?
 Is _____ need for _____ infrastructure prior _____ putting these _____ on _____?
 Is _____ necessary _____ the infrastructure _____ installing/ using _____?
 Do you think it _____ modify infrastructure before _____?
 _____ necessary to modify _____ infrastructure to _____ this _____ equipment?
 _____ you _____ we have _____ meddle with _____ before we _____ these _____ contraptions _____?
 Do _____ modify _____ to properly use _____ telecom equipment?
 Does it _____ modifying infrastructure _____ communication _____?
 Do _____ change _____ infrastructure _____ install and _____ this _____ effectively?
 Will _____ telecom gadgets _____ do I _____ infrastructure?
 Do _____ need to _____ changes _____ the infrastructure before _____ use _____?
 Is _____ a _____ to _____ telecom _____ performance?
 Infrastructure _____ is important _____ telecom _____
 _____ necessary for infrastructure to _____ to _____ telecom device _____?
 _____ work well _____ I have _____ change the infrastructure?
 _____ modify _____ premises to _____ and use _____ equipment?
 _____ devices _____ changes to the _____?
 Does _____ these _____ devices _____ changes in infrastructure?
 _____ be _____ to _____ prior to installation?
 Before _____ these _____ equipment, _____ there _____ required changes needed?
 _____ it necessary _____ infrastructure to _____ adjusted _____ installing _____?
 _____ it wise to _____ the structures _____ of the _____?
 Do _____ the _____ before we use _____ telecom gadgets?
 _____ we _____ modify the premises _____ telecommunications equipment?
 Do _____ modify _____ infrastructure in order to _____ use _____ telecom _____?
 _____ it necessary to _____ installing _____ using these _____?
 Is it necessary _____ before _____ equipment?
 Do we need to modify _____ infrastructure _____ equipment?
 _____ any required changes need to _____ made before _____ these _____?
 _____ we modify the _____ to _____ of _____ telecom gadgets?
 _____ it necessary for the _____ of telecom _____ to _____?
 Do telecommunication _____ demand _____ good performance?
 Is it possible that _____ meddle _____ infrastructure _____ we _____ these contraptions _____?
 Do we have to modify the _____ telecom _____?
 _____ of _____ communication devices _____ changes in infrastructures?
 Before installing _____ using _____ telecommunication _____ it _____ to _____ the _____ infrastructure?
 Before _____ these comm _____ be _____ in the area?
 Is _____ a need _____ tweaking _____ infrastructure _____ room _____ these comm _____?
 Is _____ needed _____ modify infrastructure to _____ device _____?
 _____ think _____ have to meddle _____ infrastructure before _____ slap _____ contraptions on _____?
 Is _____ to modify the _____ before _____ using telecommunications _____?
 _____ use of _____ devices require modifications _____ existing _____?
 Is there a _____ for _____ use of telecommunication _____?
 We gotta meddle _____ we put these _____ contraptions _____?
 _____ modification _____ before these _____ is used?
 Is _____ modification _____ for the _____ telecom _____?
 _____ improved facilities _____ installing _____ devices?
 _____ it necessary to _____ prior _____ of _____ tools?
 Do we _____ to _____ to our _____ installing or using _____?

Does _____ make _____ for _____ changes to _____ before using _____ devices?

Does the infrastructure need _____ changed _____ equipment?

_____ structures be _____ before _____ of comm _____?

_____ installing _____ improved facilities required?

Is _____ to _____ infrastructure _____ the _____ of communication tools?

_____ changing infrastructure required _____ of _____?

_____ you think it is _____ modify _____ infrastructure _____ these _____?

Does _____ preservation of _____ communication devices _____ to _____?

_____ we _____ modify _____ before installing _____ using these _____?

Is _____ to _____ infrastructure _____ telecom _____ installation?

Is _____ telecommunication _____ that demand _____ tweaking _____ performance?

_____ the infrastructure are _____ for _____ installation and usage of _____ equipment.

Modifications _____ be _____ in _____ to maintain adequate _____ with installation _____ telecom equipment.

Do _____ modify existing _____ and utilizing this equipment?

_____ it necessary _____ the infrastructure for _____ these _____ tools?

Does it make _____ us _____ make _____ our _____ before installing _____?

Does _____ preservation _____ communication devices _____ infrastructure?

_____ we _____ to modify existing infrastructure _____ utilize _____ effectively?

_____ we _____ we stick with the telecom gadgets?

_____ using telecommunications equipment _____ the premises be _____?

Should telecommunication _____ changes first?

_____ it _____ to modify _____ infrastructure before _____ the _____?

Before _____ these _____ infrastructure modification _____?

_____ might _____ for _____ installation and _____ of these telecommunication devices.

_____ considered _____ infrastructure _____ equip set up?

_____ modify the existing infrastructure to use _____ apparatus?

Should _____ structures _____ before deployment of _____ tools?

_____ need _____ infrastructure _____ ensure _____ performance of telecom gadgets?

_____ necessary to modify the _____ install this telecommunication apparatus?

What _____ are _____ adequate performance with _____ usage of _____ equipment?

Should _____ structures _____ use of the _____ tools?

_____ take modifications _____ peak performance before _____ tools _____ used?

_____ need _____ our infrastructure to _____ use the telecom _____?

_____ infrastructure needed _____ device performance?

Does _____ need adjusting _____?

_____ we have _____ modify _____ infrastructure to stick _____?

Should _____ modify infrastructure to make _____ optimal performance _____?

Do _____ modify _____ to maintain telecom _____ performance?

Does _____ make _____ for _____ to _____ the _____ of _____ equipment?

_____ we modify _____ infrastructure _____ equipment?

_____ necessary _____ modify the infrastructure to _____ use _____ devices _____?

Do _____ need _____ our infrastructure _____ and use _____ telecom _____?

_____ the installation of _____ require modifications _____ existing _____?

_____ infrastructure modification _____ before _____ telecommunication equipment _____?

Do _____ it's _____ adjust _____ installing telecom equipment?

_____ necessary _____ make modifications to our current _____ we _____ use these _____?

Do we _____ infrastructure _____ maintain adequate _____ with installation _____ usage _____ equipment?

Does it make sense to _____ of _____?

Is it necessary _____ modify _____ infrastructure _____ telecommunication device?

Do we need _____ to use and _____ equipment?

Is it ____ to modify ____ existing infrastructure before ____ this ____?

____ necessary to modify our ____ before installing ____?

____ you ____ infrastructure modification is necessary ____ devices?

Do ____ need to make any ____ to ____ before installing ____ using ____?

Do ____ necessary to modify infrastructure ____ or ____ these devices?

____ we ____ infrastructure ____ to use this equipment?

____ it ____ change ____ for ____ of telecom gear?

____ the infrastructure ____ prior ____ installation?

Is ____ necessary for infrastructure to ____ changed ____ communication ____?

____ you ____ infrastructure ____ necessary to ____ optimal performance ____ these telecom devices?

Is it ____ to modify ____ before ____ and ____ telecommunication apparatus?

Should an ____ before ____ comm tools?

Do ____ have to modify ____ before we ____ these ____?

____ of the infrastructure are ____ to maintain ____ with ____ of telecom ____.

____ modify our infrastructure to ____ and use ____?

Is ____ necessary ____ guarantee optimal ____ when deployment of ____ devices?

____ structures be changed before ____ tools?

Is it ____ modify ____ installing ____ telecom devices?

____ for ____ equipment ____ to be changed?

____ it necessary to adjust infrastructure ____ of ____.

Is ____ necessary ____ modify the existing ____ telecommunications apparatus?

Will ____ of these ____ require ____ to ____ existing ____?

Is it ____ to change ____ before ____ these devices?

Modifications ____ are needed to maintain ____ with installation ____ such telecom ____.

____ to modify ____ infrastructure in order to use ____?

Can we make ____ our infrastructure ____ these ____?

____ we ____ to modify ____ infrastructure ____ we ____ ourselves ____ these ____?

____ it ____ to ____ infrastructure for telecom ____?

____ it ____ infrastructures ____ be modified ____ installation of communication tools?

Modifications are needed ____ infrastructure to ____ with ____ of such equipment.

____ it necessary ____ modify infrastructure ____ devices effectively?

____ it ____ for modifying infrastructure ____ are used?

____ the ____ communication devices ____ changes in ____ infrastructures?

Is ____ necessary to ____ these ____ are installed?

____ changing ____ essential ____ telecom device ____?

____ have to modify ____ infrastructure ____ telecom gadgets?

Is ____ modification necessary prior ____ these ____ equipment?

Do you think ____ to ____ with our ____ before ____ these contraptions ____?

Do the telecommunication gadgets ____ fixes ____ performance?

Before ____ or using ____ devices, ____ necessary to ____ infrastructure?

Is ____ necessary to modify ____ and ____ this telecommunication ____?

Does ____ preservation ____ communication devices ____ infrastructures?

____ necessary ____ infrastructure ____ implementation or ____ of communication tools?

Is ____ infrastructure ____ be modified ____ maintain ____ device performance?

Modifications to ____ might ____ to perform well.

Is ____ necessary for ____ to be ____ of telecom ____?

____ infrastructure ____ when installing/using ____ equipment?

Is there a ____ for ____ to ____ optimal ____ these ____ gadgets?

____ it ____ to ____ the ____ for using these ____?

Is it necessary ____ modify infrastructure prior ____?

_____ essential to modify _____ telecom devices?

_____ it make _____ to adjust the infrastructure _____ the _____?

_____ the telecommunication gadgets _____ infrastructure tweaking _____ good _____?

_____ the _____ are _____ to _____ performance with installation and _____ telecom equipment.

_____ make alterations to our _____ so that _____ gear _____ well?

Does _____ for _____ need to _____ changed _____ smooth operation?

_____ it _____ us _____ modifications _____ our _____ before we use these _____ devices?

_____ necessary to adjust infrastructure _____ installing/ using telecom _____?

_____ need _____ premises before using telecom equipment?

Is _____ modification _____ prior _____ installing _____?

Is _____ necessary to modify the _____ telecommunication _____?

Do _____ needs to _____ adjusted _____ the _____ of _____?

Should _____ to our current _____ to make sure that _____ provided _____ gear _____?

Is it necessary to _____ before you _____?

Is _____ necessary _____ modify _____ before using or _____ communication _____?

Do we need _____ alter _____ better performance _____ these _____?

_____ equipment to _____ through modified infrastructural integration first?

_____ there a _____ in infrastructure _____ this equipment?

_____ it necessary to modify _____ adequate _____ installation _____ usage of _____ equipment?

_____ telecom _____ or will I have _____ change the _____?

Fix _____ infrastructure _____ put these _____ on _____?

_____ it make _____ infrastructure before use or installation _____?

Should a person change _____ tools?

_____ it necessary _____ using or installing these _____?

Do _____ necessary to _____ the infrastructure _____ telecom equipment?

_____ infrastructure modification necessary _____ the _____ of these _____?

Should _____ precede the _____ equipment for _____ functioning?

_____ we _____ changes _____ the setup _____ before _____ the telecom _____?

_____ need to _____ the _____ before _____ this equipment?

Is _____ for _____ modification before installation of _____?

_____ to modify _____ infrastructure _____ we _____ into telecom gadgets?

_____ we need _____ change the _____ equipment?

Do you know _____ required to guarantee optimal _____ for _____ devices?

Is _____ infrastructure essential _____ equipment?

Is _____ necessary to mess with _____ before _____ put the _____?

_____ make sense for _____ be _____ the installation of _____ gear?

_____ preservation of these _____ changes in _____?

_____ alterations _____ to our current setup _____ that _____ gear can function _____?

Is _____ necessary _____ the infrastructure to _____ modified before _____ tools?

_____ infrastructure modification _____ telecommunication _____ installed?

_____ of these devices _____ changes to existing _____?

Do we need _____ the infrastructure _____ sure _____ work?

Is it necessary for us _____ make _____ infrastructure _____ we _____ use _____?

Do we need _____ modify _____ to _____ equipment effectively?

Do _____ modifications _____ optimal performance of _____ telecom _____?

Is changing _____ for telecom _____?

Should we _____ our current _____ so that our _____ gear can _____?

Does it _____ to _____ infrastructure before installing or _____?

_____ need to be _____ for _____ use _____ equipment?

Is it _____ for _____ for installation of _____ adjusted?

____ you ____ important ____ modify ____ using these devices?
 ____ infrastructure ____ telecom gear?
 Will ____ gadgets ____ are I going ____ have to ____ infrastructure?
 ____ the preservation of ____ devices ____?
 Is changing ____ telecom ____ performance?
 Is ____ to ____ infrastructure ____ installing ____ these devices effectively?
 Before the ____ these ____ equipment, ____ infrastructure ____ needed?
 ____ infrastructure crucial ____ maintaining ____ device ____?
 Do ____ need to change ____ infrastructure ____ order ____ install ____ use ____?
 ____ we ____ to meddle ____ our ____ before we ____ these ____ there?
 ____ there a need ____ change ____ putting these comm ____ it?
 Should ____ make changes ____ our current setup to make ____ gear ____ function ____?
 Is it ____ infrastructure changes to deliver good performance?
 ____ need to ____ to use ____ equipment correctly?
 Modification ____ is necessary before installing or ____ effectively.
 ____ we need to change ____ prior to installing ____ effectively?
 ____ we need ____ existing ____ to install ____ telecom equipment effectively?
 ____ you think ____ modify infrastructure ____ or using these ____?
 ____ to be made to the infrastructure ____ adequate performance ____ installation ____ such ____.
 Modifications ____ maintain ____ performance with the ____ and usage of ____.
 ____ of the ____ is needed ____ we ____ in ____ telecom ____.
 ____ the ____ of ____ equipment preceded ____ changes?
 ____ infrastructure necessary ____ telecom equipment?
 Do we need to ____ infrastructure for ____ use ____?
 Is ____ telecommunication equipment to ____ modified ____ integration ____?
 Is it ____ to modify the ____ using ____?
 Is infrastructure ____ required ____ these ____ equipment ____?
 Is ____ to be altered before the ____ of ____ tools?
 ____ the infrastructure ____ for ____ adequate ____ with installation ____ usage ____ telecom equipment.
 ____ you believe ____ necessary to ____ when ____ telecom ____?
 ____ it necessary to make modifications ____ before installing ____ using ____?
 Should ____ changes ____ the ____ of ____?
 ____ need to change ____ in order ____ install ____ use ____ telecom ____ effectively?
 ____ modify the infrastructure before ____?
 ____ we need ____ infrastructure in order to ____ use the ____?
 ____ necessary to ____ infrastructure to maintain the performance ____ the ____?
 Is ____ possible ____ meddle with our ____ before ____ these ____ on there?
 Is ____ necessary ____ the ____ install telecom gear?
 Is it possible ____ precede ____ of ____ equipment?
 ____ of ____ gear might require ____.
 Is ____ modify infrastructure before installations ____ use ____ communication ____?
 ____ we ____ change ____ infrastructure ____ use of telecommunication equipment?
 ____ to modify existing ____ using ____ telecommunication apparatus?
 ____ installing/using telecom ____ is it necessary ____?
 ____ of comm ____ be ____ before they are ____?
 Does ____ of these communication ____ changes in ____?
 Can we ____ our ____ in ____ and ____ telecom equipment?
 Before these ____ equipment are ____ must ____ in the ____?
 ____ a ____ infrastructure ____ to ____ good performance ____ the telecommunication gadgets?
 ____ tweaking the infrastructure ____ accommodate these ____?

_____ the structures _____ amended _____ deployment of _____ comm _____?

_____ we _____ the _____ before getting _____ gadgets?

_____ the infrastructure _____ adjusted _____ to _____?

_____ mean _____ tweaking _____ before telecom equip _____ up?

_____ to existing _____ needed for the _____ and _____ these telecommunication _____.

_____ there _____ modify the system for _____ tools?

Do _____ need _____ infrastructure _____ install telecom equipment?

Is _____ modify the _____ infrastructure before this _____ be used?

Are _____ to _____ to _____ performance of these _____ gadgets?

Do _____ to _____ changes to _____ infrastructure prior _____ using _____ telecom _____?

Should the _____ prior to _____ to _____ better _____ performance?

Can we _____ to _____ use the telecom _____?

Modifications _____ the _____ may _____ using this equipment.

_____ it a _____ to amend the _____ before _____ of _____ comm _____?

Does _____ sense to _____ the premises _____ telecommunications _____?

_____ telecom equipment is _____ necessary to _____ infrastructure?

Is _____ necessary for _____ before _____ use _____ communication _____?

Is _____ to modify _____ installation of _____ equipment?

_____ equipment _____ to perform well?

Is _____ modification essential for _____ of _____?

_____ we _____ modify _____ infrastructure to ensure _____ performance _____ telecom gadgets?

Does _____ the infrastructure for _____?

_____ telecommunication devices _____ any _____ for optimal performance?

Is there a need _____ to _____ sticking these _____ on it?

Is it ok _____ telecommunication _____ to _____ first?

_____ or _____ these telecommunications _____ are there _____ adjustments required?

Is adjusting infrastructure necessary _____?

_____ we need _____ modify the _____ before _____ using _____ gadgets?

_____ it _____ alter infrastructure _____ better performance of _____ tools?

Is _____ necessary _____ modify existing _____ to install _____ effectively?

Is _____ a _____ to _____ infrastructure for _____ use _____ telecommunications _____?

_____ preservation _____ communication devices _____ changes to the _____?

_____ necessary _____ to ensure peak performance before _____ communication _____?

_____ tweaking _____ infrastructure _____ these comm gadgets _____ it?

_____ it necessary to _____ infrastructure to install/ _____?

Do _____ to _____ to our _____ infrastructure before _____ install _____ devices?

Do _____ mean fix _____ before _____ up?

Does _____ for telecom gear?

_____ be _____ before using _____ tools?

_____ necessary _____ the infrastructure before _____ these communication _____?

_____ preservation _____ devices require changes to the _____?

_____ infrastructure modification _____ before the _____ the _____ equipment?

Does _____ require _____ installation of _____ gear?

Does _____ have to _____ done _____ these devices?

Is _____ to _____ the _____ prior to using _____?

_____ it necessary for _____ modify our _____ before _____ these _____?

_____ tweaking infrastructure _____ is set up.

Do we need to modify our infrastructure _____ devices?

_____ to change _____ for telecom equipment _____?

_____ it necessary to modify _____ before _____ use of _____?

Do _____ to change _____ infrastructure _____ to using _____ equipment _____?

_____ our _____ setup to _____ that the provided telecommunications _____ works well?

Do _____ to change _____ before we stick with _____?

Is _____ modify _____ before _____ or _____ communication tools?

_____ installing _____ devices, is _____ modification _____?

_____ think _____ essential to adjust infrastructure _____ equipment?

Infrastructure _____ may be _____ to _____ optimal _____ telecom _____.

Is it _____ modifying _____ before _____ communication _____?

Before using or installing telecommunications _____ changed?

Will the installation _____ telecommunication _____ to _____ infrastructure?

_____ the preservation _____ these _____ necessitate _____ infrastructure?

Can _____ modify _____ in order _____ and use _____ equipment?

Do _____ to meddle with _____ before we _____ telecom _____ on there?

Is _____ necessary for _____ modification _____ telecommunication equipment's _____?

Does _____ devices _____ changes to infrastructures?

Do _____ changes to our _____ before we _____ these devices?

Is _____ for _____ to perform well?

Before _____ using _____ equipment, are there _____ required _____ needed?

_____ necessary to _____ to install these _____ devices?

_____ infrastructure _____ needed _____ installing telecom _____?

Do you _____ have to interfere with _____ before we _____ contraptions _____?

Is _____ a _____ tweaking the _____ to _____ these _____ gadgets _____ it?

_____ we _____ in order to properly _____ and _____ equipment?

_____ necessary _____ modify infrastructure to install _____ use telecommunication _____?

Is _____ essential _____ the infrastructure _____ these devices?

_____ it necessary to modify _____ infrastructure _____ telecommunication _____?

Do I have _____ change _____ if _____ work?

Do _____ need to modify _____ sticking _____ gadgets?

Modifications _____ for _____ infrastructure _____ maintain adequate _____ and _____ of _____ telecom equipment.

Any pre-installation modifications that _____ function with _____ gear?

_____ it _____ to _____ our infrastructure _____ we use _____ these _____?

_____ a need _____ before _____ the gadgets on it.

Is it necessary for us _____ our _____ we install _____?

_____ necessary to modify the _____ prior _____ the _____ apparatus?

_____ specific modifications _____ to the _____ with these communication tools?

_____ it _____ to _____ prior _____ or utilization of communication _____?

_____ the _____ required before _____?

Are _____ any _____ to _____ made before installing _____ using _____ equipment?

Do _____ have to _____ the _____ order to use _____?

Do we need _____ the _____ before we _____ gadgets?

_____ any _____ adjustments _____ to _____ using or installing _____ equipment?

Should _____ to _____ setup in _____ to _____ sure your provided _____ works well?

_____ changes in _____ precede _____ telecom equipment?

_____ for _____ to make _____ to our infrastructure _____ telecommunication devices?

Does it _____ sense _____ our _____ before _____ install or _____ these _____?

_____ the _____ infrastructure _____ to installing the telecommunication apparatus?

_____ using these _____ equipment, must there _____ in _____ vicinity?

_____ have to _____ infrastructure _____ we put _____ telecom _____ on _____.

_____ the _____ important to _____ telecom device _____?

_____ the _____ before deployment of _____ comm tools?

_____ it _____ to modify _____ prior _____ of communication tools?

Do _____ to _____ infrastructure for optimum use _____?

_____ we _____ to make _____ changes to _____ prior _____ using _____ equipment?

Is there _____ need for _____ to _____ comm gadgets?

Can the preservation _____ communication _____ necessitate _____ infrastructures?

_____ to _____ with our _____ before we slap _____ on it?

_____ it necessary _____ infrastructure before these telecommunication _____ are _____?

Is _____ for _____ ensure _____ of these telecom gadgets?

Is _____ necessary _____ modify _____ infrastructure prior to _____ using this _____?

_____ necessary for _____ modifications to _____ optimal _____ telecom gadgets?

Will the _____ of _____ necessitate changes to _____?

Do _____ to change _____ infrastructure _____ to _____ this equipment _____?

Is there _____ to modify _____ use _____ equipment?

_____ to modify our _____ to install _____ use telecom _____?

Before _____ utilizing telecommunications equipment, _____ there any _____?

Is it _____ modify _____ before _____ of _____ tools?

_____ installing _____ equipment are there any required _____?

_____ it _____ to _____ before using the _____ devices effectively?

_____ for _____ adequate _____ and usage of telecom equipment

Before _____ equipment, _____ we _____ premises?

Do _____ need to _____ the infrastructure before _____ gadgets?

Do _____ to _____ before we use _____ gadgets?

Should the infrastructure _____ changed _____ installation _____ better _____?

Modifications _____ to _____ infrastructure in _____ to _____ performance _____ installation and usage of such _____ equipment.

For optimal performance _____ communication tools, _____ we _____?

_____ existing _____ have _____ made for _____ installation and use _____ these telecommunication _____.

_____ infrastructure modification _____ use _____ these telecommunication _____?

Do we _____ modify the _____ fit in _____?

The _____ of _____ communication _____ changes to the _____.

_____ use of these _____ is _____ to _____ the infrastructure?

Is _____ idea _____ structures _____ deploying comm tools?

Before installing _____ utilizing the telecommunications _____ required _____?

_____ infrastructure need to be adjusted _____ of _____?

Does the _____ gear require _____ infrastructure?

_____ we need to change _____ use of _____ equipment?

Do _____ need to _____ for telecom _____?

_____ modification required _____ installing a _____?

_____ to _____ the _____ infrastructure prior _____ using _____ telecommunication apparatus?

Do _____ make changes to _____ infrastructure for _____ equipment?

We need to _____ with _____ infrastructure before _____ put _____ on _____?

Is it _____ to keep telecom device _____?

Does _____ necessary for _____ gear _____ to be adjusted?

_____ it essential to _____ infrastructure _____ telecom devices?

_____ it make _____ to make modifications to _____ infrastructure _____ installing _____ these _____?

Do _____ modify the existing _____ to _____ and use _____ equipment _____?

Do you _____ infrastructure is _____ maintain _____ performance?

_____ there _____ for _____ the infrastructure to put these _____ it?

Modifications to _____ can _____ required _____ installation and _____ these telecommunication _____.

Does _____ communication _____ require _____ in existing infrastructures?

Is it important _____ the _____ installing _____ these devices?

_____ need to modify _____ infrastructure _____ work with _____?

Does the infrastructure _____ be changed for _____?

Do _____ modify our _____ in order _____ and use _____ equipment?

_____ a need for tweaking _____ to _____ room for _____ gadgets?

Do we _____ the _____ for telecom _____ performance?

Does infrastructure modification _____ be _____ telecom devices?

Is _____ necessary to _____ the _____ to ensure optimal _____ these _____?

_____ we _____ alter the infrastructure _____ install and use _____?

Is it a _____ for _____ equipment performance?

Does the _____ for the installation _____ telecom _____ to _____?

_____ modifying _____ infrastructure necessary to guarantee optimal _____ using _____?

_____ you _____ we _____ meddle _____ our _____ before _____ put these _____ contraptions on _____?

_____ vital _____ infrastructure _____ maintain telecom devices?

Is _____ to modify the _____ order _____ use this _____?

_____ we use _____ equipment, _____ the premises _____?

_____ go-op with the comm equipment, must mod _____?

_____ it necessary _____ improve facilities _____ to _____ devices?

Before _____ or _____ telecommunications equipment, _____ any _____ adjustments _____?

Modifications are _____ to _____ adequate performance _____ installation _____ usage _____ telecom _____.

_____ infrastructural changes precede _____ of _____?

Do _____ modify existing infrastructure _____ order _____ this telecom equipment _____?

_____ need _____ modify the _____ we install telecommunications _____?

_____ it _____ infrastructure in order to _____ these _____ equipment?

Is it _____ must _____ our infrastructure before we slap _____?

_____ need _____ make _____ to our _____ infrastructure _____ or installing _____ devices?

_____ essential _____ modify _____ before installing or using these _____?

Do _____ to make changes to the _____?

Will _____ installation of _____ necessitate changes _____ existing _____?

_____ changes _____ current _____ so that our provided telecommunications _____ can function _____?

_____ there a _____ for _____ infrastructure before _____ on it?

_____ it necessary _____ infrastructure for the _____ telecom _____?

Do we _____ to _____ the _____ before we _____ in _____?

_____ of _____ devices necessitate modifications _____ the infrastructure?

Should _____ to _____ current setup _____ provided telecommunications _____ can function properly?

Should _____ infrastructure _____ to installation?

Before _____ or using _____ equipment are _____ required adjustments _____?

Alterations to the groundwork _____ smooth operation _____ devices.

Is _____ necessary to modify _____ using the _____ apparatus?

_____ improved facilities _____ prior _____ these devices?

_____ to _____ the _____ before using telecommunications equipment?

Do _____ modify our current infrastructure before we _____ install _____?

_____ it _____ to modify the _____ maintain these _____?

_____ to modify infrastructure to ensure optimal _____ telecom _____?

_____ we _____ to _____ existing _____ to _____ equipment effectively?

_____ we need _____ for better use _____ equipment?

Before _____ and _____ telecommunications equipment, _____ the _____ be _____?

_____ to _____ to properly _____ and use telecom equipment?

Are _____ going _____ infrastructure before we stick _____ gadgets?

Is it _____ to our _____ before we use _____ devices?

Do _____ need _____ change our _____ to properly _____?

Do ____ need to ____ infrastructure before installing or ____ telecommunication ____?
 ____ premises be ____ use of telecommunications ____?
 ____ it ____ with the ____ before the telecommunication ____ are ____ place?
 Does ____ of these communication ____ require ____ in ____?
 Is ____ appropriate for ____ equipment to ____ altered ____?
 Will ____ of ____ require ____ to the infrastructure?
 ____ it ____ the ____ to guarantee optimal performance for ____ devices?
 Is ____ important to change ____ maintain ____ device ____?
 ____ you think ____ is necessary to adjust ____ telecom ____?
 ____ sense to make changes ____ our current infrastructure ____ installing ____?
 Do we ____ to modify our infrastructure to ____ equipment?
 ____ the ____ infrastructure changes ____ order ____ deliver good performance?
 ____ we ____ alter the infrastructure ____ optimal ____ communication tools?
 For effective ____ must ____ changes ____ the ____ telecom ____?
 ____ we ____ infrastructure to install and ____ this equipment?
 Is ____ modification necessary before ____ are ____?
 Is ____ necessary ____ adjust ____ when ____ these ____ equipment?
 ____ modify infrastructure ____ using or installation of communication ____?
 ____ we need ____ to install and ____ telecom equipment effectively?
 Is there ____ pre-installation ____ this telecommunication ____?
 Does it ____ to be ____ the installation ____?
 ____ modify the infrastructure for telecom ____ performance?
 ____ we ____ changes to ____ to ____ and use the ____ effectively?
 ____ we need ____ make ____ alterations ____ the infrastructure ____ to ____ equipment?
 Will ____ installation and ____ these telecommunication devices ____ existing ____?
 ____ infrastructure modification ____ telecom devices?
 ____ to the ____ smooth operation of ____ is a ____.
 Do ____ mean ____ before telecom equip set ____?
 Is ____ to maintain ____ devices?
 ____ it ____ tweaking ____ before putting the gadgets on ____?
 ____ go-op with these ____ equipment, ____ be made in ____?
 Should the ____ to installation?
 Is it a ____ gadgets to ____ changes to ____ performance?
 ____ it essential ____ modify ____ infrastructure to install ____?
 ____ to modify the infrastructure to ____ these ____ performance?
 When ____ telecom ____ is it necessary ____ adjust ____?
 ____ we need ____ change the ____ installing ____ using ____ equipment?
 ____ we need to ____ the ____ performance of ____ telecom ____?
 ____ need to make ____ changes ____ the ____ before ____ use ____ equipment ____?
 ____ there ____ required adjustments needed ____ using ____ telecommunications equipment?
 Is ____ alter ____ infrastructure ____ better ____ of these ____ tools?
 ____ necessary ____ the infrastructure to make ____ of the ____ gadgets?
 Is there ____ for tweaking ____ infrastructure before ____ gadgets ____ it?
 Should we ____ any ____ infrastructure before ____ or using these ____?
 Should ____ structures ____ the ____ be ____ prior ____ deployment?
 ____ the preservation ____ communication ____ necessitate ____ in infrastructures?
 ____ need to modify our ____ order ____ utilize this equipment?
 ____ we ____ our infrastructure in order to ____?
 Is it ____ to ____ infrastructure before using ____?
 ____ important ____ infrastructure when installing these ____ equipment?

Is it necessary to _____ the _____ using _____ devices?

Modifications to _____ infrastructure are _____ performance with _____ and _____ the _____ equipment.

_____ necessary _____ modify _____ infrastructure to use _____ telecommunication apparatus?

Do _____ gadgets _____ changes?

Will _____ telecom gadgets _____ have _____ alter the infrastructure?

_____ need to _____ to _____ in the telecom gadgets?

Do you _____ it is necessary to _____ before _____?

Do _____ need infrastructure modification to _____ the _____ gadgets _____?

_____ it _____ to _____ infrastructure _____ installing and using _____ devices?

_____ you think _____ to adjust infrastructure _____ equipment?

_____ we _____ and use _____ should _____ modify _____ premises?

_____ the _____ or do _____ need to change _____?

Do we need _____ change _____ in _____ to _____ telecom equipment _____?

_____ installing _____ using telecommunications equipment, _____ we _____ premises?

Is it _____ infrastructure _____ telecom gear?

_____ it necessary _____ the _____ before the _____ gizmos _____ in place?

Before _____ or _____ telecommunications equipment, are _____ any _____ adjustments _____?

_____ adjusting _____ for telecom _____ installation?

_____ it necessary _____ the infrastructure _____ telecom devices?

_____ it _____ to _____ the _____ to _____ telecommunication _____ in _____ to maintain _____ efficiency?

_____ to the _____ may be required _____ use _____ these telecommunication devices.

_____ we _____ the infrastructure _____ ensure optimal _____ the telecom gadgets?

_____ the _____ be _____ maintain _____ performance of _____ devices?

Is _____ necessary _____ infrastructure when _____ telecom equipment?

Alterations _____ the _____ required _____ operation of telecommunication devices.

Does _____ of these communication _____ require _____ infrastructures?

_____ installing/using telecom equipment is _____ the infrastructure?

_____ it _____ to _____ changes _____ infrastructure before _____ these devices?

Should there _____ to _____ deployment of these comm _____?

_____ the preservation of these _____ in _____ infrastructure?

Is _____ necessary _____ the infrastructure _____ to _____ this telecommunication _____ in order _____ maintain _____?

_____ it _____ modify _____ infrastructure _____ guarantee _____ performance _____ using these devices?

Do we need to _____ to _____ equipment?

_____ modification _____ be _____ before installing _____.

_____ infrastructure are needed to _____ performance _____ installation and _____ telecom equipment.

Is infrastructure _____ before installing _____?

Will the _____ and installation of _____ changes _____ infrastructure?

_____ the _____ have _____ be _____ gear to work correctly?

Do _____ need to _____ our current _____ or use these _____?

Is it necessary _____ when installing _____ using _____ equipment?

Before those _____ gizmos _____ in _____ do _____ have _____ mess _____ the _____?

The _____ communication _____ changes to infrastructures.

Is it _____ to _____ with _____ infrastructure _____ the telecom _____ are _____?

_____ the preservation _____ these _____ devices _____ to _____ in _____?

Do _____ modifications need to _____ prior _____ equipment?

Is _____ a _____ tweaking the _____ before placing _____ comm _____ it?

_____ and use of _____ devices require changes to _____?

Before _____ using _____ telecommunications equipment, _____ any required _____?

_____ confirm _____ modifying _____ is needed _____ guarantee optimal performance for _____ telecom _____?

Should _____ be _____ prior to using _____?

Is ____ necessary for ____ make changes ____ infrastructure in ____ these devices?
 ____ we modify ____ infrastructure before ____ with ____ gadgets?

Do we ____ to ____ infrastructure in order ____ these ____?

Is it necessary ____ infrastructure ____ maintain ____ performance ____ the ____?

Does ____ require modification ____ telecom gear ____?

Is it ____ to ____ infrastructure ____ using ____ telecommunication apparatus?
 tweaking ____ putting these comm gadgets ____?

Is it ____ to modify ____ or using ____ telecommunication ____?

Is ____ the infrastructure before using ____ devices?
 ____ need to ____ infrastructure ____ and ____ telecom equipment effectively?

How about ____ putting ____ comm ____ on it?

Is it ____ to modify ____ or use ____ tools?
 ____ it ____ to modify ____ infrastructure before we ____ devices?
 ____ we ____ modify the ____ before ____ put these gadgets ____?

Is it ____ to modify ____ devices ____ installed?

Should ____ be changed ____ better ____ communication ____?

Do you ____ to modify ____ before using ____?

Is there a ____ tweaking ____ prior to sticking ____ comm ____?

Is ____ a good idea ____ in ____ to install ____ use ____ equipment?
 ____ infrastructure prior ____ telecom ____ set up.

Can ____ alter the ____ better performance of ____?

Does the ____ communication ____ need to be ____ in ____?
 ____ are improved facilities essential?

Does infrastructure have ____ gear ____ work correctly?

Is ____ infrastructure needed to ____ performance?
 ____ we ____ in our current ____ so ____ telecommunications gear ____ well?

Before installing ____ telecom devices, ____?

Alterations in ____ groundwork ____ necessary before ____ devices.

Do we need ____ make ____ prior to using this ____?

Before those telecommunication ____ do ____ have ____ mess with ____ infrastructure?
 ____ it necessary for infrastructure ____ use ____ these ____ tools?
 ____ we modify the ____ to ____ and ____ equipment?
 ____ to modify the infrastructure ____ getting ____ the ____ gadgets?

Do ____ make any ____ to our infrastructure ____ or installing ____?

Is ____ necessary ____ adjust ____ infrastructure ____ installing ____ telecom equipment?
 ____ to ____ will be ____ order to ____ and use ____ telecommunication ____.

Does ____ infrastructure need ____ installation of ____ gear?

Do ____ think ____ necessary ____ modify infrastructure ____ use ____ tools?
 ____ believe we ____ infrastructure before we slap ____ telecom contraptions ____ there?
 ____ the installation ____ of ____ devices ____ changes ____ existing infrastructure?
 ____ telecom gear ____ require adjusting ____.

Do ____ to modify our current ____ use ____ devices?

Do ____ need to alter ____ infrastructure ____ using ____?

____ it make ____ us to make changes to our ____ before ____?

Do we ____ modify ____ infrastructure ____ use this ____?

Modifications to the ____ may ____ to ____ performance with ____ of telecom ____.

Do ____ modifications need ____ done before ____ devices?
 ____ it necessary ____ infrastructure ____ use and installation of ____?

Should ____ changes ____ process ____ using these telecom equipment?
 ____ I ____ change ____ infrastructure ____ those gizmos ____ put ____ place?

_____ have to modify existing _____ and _____ telecom equipment effectively?
 _____ we _____ modify our infrastructure to _____ use the _____?
 _____ for _____ to be modified before _____ or utilization _____ communication _____?
 _____ infrastructure before telecom equip _____?
 _____ it essential _____ modify infrastructure in order to _____?
 _____ to _____ changes to our _____ before installing _____ devices?
 _____ changes _____ need _____ made to _____ before _____ these gadgets _____ it?
 _____ it necessary _____ change _____ these devices?
 Do _____ think it's important to _____ before _____ devices _____?
 _____ infrastructure are required _____ adequate _____ with installation and _____ of _____ equipment
 _____ modifying the infrastructure _____ performance _____ deploy _____ telecom devices?
 _____ optimal _____ equipment _____ need to modify the _____?
 Is it _____ to modify _____ existing _____ prior _____ of this _____?
 _____ we need to make _____ to _____ infrastructure _____ installing or _____ devices?
 _____ equipment, _____ the premises _____ modified?
 _____ we need _____ modification _____ ensure _____ of telecom _____?
 Is it necessary to _____ install or _____ these _____?
 Is _____ modification _____ these _____ devices?
 Is it _____ before installation or use of _____?
 _____ infrastructure need to _____ optimal _____ telecommunication equipment?
 If there _____ a _____ tweaking _____ before putting _____ gadgets _____ it?
 _____ that the telecommunication _____ infrastructure tweaks to _____ good _____?
 Installation _____ gear _____ infrastructure adjustments.
 Do we _____ make any changes to _____ infrastructure _____?
 _____ installing or _____ telecommunications equipment, are _____ any _____?
 Should we modify _____ premises _____ to _____?
 Do _____ infrastructure _____ telecom equip set up?
 _____ to _____ Infrastructure _____ be necessary _____ installation and _____ telecommunication devices.
 _____ there _____ for tweaking the _____ in _____ to stick _____ gadgets _____ it?
 _____ infrastructure _____ to _____ adjusted _____ the _____ of _____ gear?
 Is _____ to modify infrastructures for _____ equipment?
 Is _____ necessary for _____ before _____?
 Is it _____ adjust _____ installing/using _____ equipment?
 There should _____ to _____ infrastructure _____ the _____ of telecom _____.
 Is _____ to make changes _____ our infrastructure _____ installing _____ devices?
 _____ the facilities need to be _____ to _____?
 Prior _____ should the _____ to allow _____ device performance?
 _____ for us to make _____ our current _____ before _____ devices?
 Before installing or using _____ should _____ modified?
 _____ need _____ infrastructure _____ telecom equipment performance?
 Do we _____ in _____ to install or _____ these devices?
 Is _____ necessary _____ be _____ before use _____ installation of communication _____?
 _____ with _____ comm equipment, must _____ be _____ in the _____?
 _____ the installation and _____ require changes to _____ infrastructure?
 Does the _____ of _____ devices _____ to _____ infrastructures?
 _____ necessary _____ modify _____ infrastructure _____ use the devices effectively?
 _____ necessary to _____ infrastructure prior _____ the _____ use _____ communication tools?
 _____ infrastructure _____ changed to _____ better device _____ before _____?
 _____ necessary _____ be modified _____ utilization of communication tools?
 _____ infrastructure _____ need _____ be made _____ using _____ equipment?

Is it necessary to make infrastructural ____ before ____ ____ ____ ____ ?
____ it true that the ____ gadgets ____ improvements ____ good ____ ?
Before installing ____ telecommunications equipment, ____ any required adjustments ____ ?
Modifications to ____ Infrastructure ____ needed ____ installation and ____ telecommunication ____ .
Before y'all ____ these telecom ____ on ____ ____ ____ ____ our infrastructure.
Is it ____ ____ the ____ to ____ optimal performance with ____ telecom ____ ?
Is it necessary ____ infrastructure ____ before ____ equipment?
____ need to ____ any ____ to the infrastructure ____ using this telecom ____ ?
Should infrastructure ____ installation ____ gear?
Does ____ make ____ make ____ to our ____ before using ____ devices?
Do ____ need ____ modify the ____ are in ____ gadgets?
Is it ____ ____ our infrastructure to ____ install ____ utilize ____ ?
Does the ____ of ____ devices ____ to ____ ?
Are we going ____ with our ____ before ____ slap ____ telecom ____ ?
Think ____ the infrastructure before ____ set up.
____ installation ____ use of ____ devices require ____ to ____ infrastructure?
Do you think we ____ meddle with our ____ we ____ on ____ ?
Infrastructure ____ before installing telecom devices.
____ infrastructure ____ required ____ installing telecom ____ ?
____ it necessary ____ infrastructure ____ maintain ____ device performance?
Is there ____ to modify the ____ telecom ____ ?
____ the preservation of ____ devices require ____ to ____ existing ____ ?
Is ____ to modify ____ prior to ____ apparatus?
Modifications to the infrastructure ____ adequate ____ with ____ and usage.
____ it ____ to ____ for optimal ____ of ____ tools?
Do ____ need ____ modify the ____ before ____ telecom ____ ?
____ it necessary ____ modify our ____ before we install ____ use ____ ?
____ think it is essential ____ before ____ these devices?
Is it possible we ____ to meddle ____ our infrastructure ____ on ____ ?
____ to change the infrastructure before ____ this equipment?
____ adjustments need to be made ____ or ____ telecommunications equipment?
If ____ is ____ need for tweaking the ____ gadgets on ____ .
Is it ____ make changes ____ infrastructure ____ we use ____ devices?
____ we need ____ infrastructure ____ order to ____ this equipment ____ ?
____ to ____ Infrastructure may ____ required ____ the ____ of ____ telecommunication devices.
____ to existing ____ are required ____ installing and ____ equipment ____ .
____ we need to ____ our infrastructure ____ equipment well?
____ of these communication devices necessitate ____ ?
____ there ____ to ____ infrastructure ____ equipment?
____ need ____ modify the infrastructure ____ these ____ gadgets?
Do ____ gadgets ____ to provide good performance?
Is it ____ adjust ____ infrastructure ____ install/ ____ these telecom ____ ?
____ it ____ change infrastructure for ____ communication tools?
____ infrastructure ____ required to ____ adequate performance with ____ telecom equipment.
When installing or ____ equipment, ____ necessary ____ the infrastructure?
Is ____ use of ____ telecommunication equipment?
____ using these ____ we make ____ to the setup ____ ?
____ it ____ to ____ before deployment?
For telecom ____ performance, ____ we ____ to ____ ?
____ it required to ____ infrastructure ____ tools?

We gotta meddle with our _____ telecom contraptions _____?

Is _____ infrastructure to be altered _____?

_____ it necessary _____ infrastructure to guarantee _____ deployment of these telecom _____?

Is _____ use of telecommunication _____?

_____ need to make any changes _____ before _____ and _____ this equipment?

_____ it is important _____ infrastructure _____ using telecom equipment?

Do we _____ modify our _____ and use _____ equipment?

Is _____ for us _____ infrastructure to install _____ these devices?

Do _____ need to _____ our _____ in _____ Telecom equipment?

Is there a need _____ infrastructural changes _____ use _____?

Is _____ a _____ infrastructure _____ for telecom equipment _____?

_____ need to make _____ to _____ infrastructure before _____ this equipment _____?

Should the premises _____ the use _____ equipment?

_____ changes to our _____ use these devices?

_____ we need _____ changes to _____ infrastructure _____ install and use telecom _____?

Do we _____ to _____ existing _____ to install _____ telecom _____ effectively?

_____ it necessary _____ modify the _____ infrastructure _____ telecommunication apparatus?

_____ installing and _____ telecommunications _____ should the _____ be _____?

_____ modify _____ to properly _____ and use _____ equipment?

_____ the infrastructure for _____ need _____ altered?

Will infrastructural _____ the _____ of _____?

_____ you think _____ to modify _____ using _____ devices effectively?
