

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Clarification on product specifications
Inquiry Sub-Category	Material composition
Description	Customers inquire about the material composition of a part, such as whether it is made of aluminum, steel, or plastic. They want to understand the durability and quality of the product.
Data Size	5,042 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)

I'd ____ to know ____ the durability ____ by its material ____.

____ there any ____ on durability due ____?

____ material it is ____ of ____ the ____ of ____?

____ dependability is affected ____ compositions?

I ____ if ____ it's ____ of affects ____ long it lasts ____ is.

____ know if the quality ____ by ____ material used?

____ the ____ composition influencing its ____?

Ask ____ the materials ____ strength ____.

Do ____ know if the ____ and ____ are ____ by them?

Did ____ this ____ or durability?

I ____ if ____ composition affects ____ quality and durability.

____ effects ____ its ____ on quality ____?

____ me if ____ the quality and durability?

Does ____ product's ____ composition ____ its ____ longevity?

____ of materials affects ____ andDurability?

I ____ like ____ the quality ____ is affected by ____ material ____.

Is ____ composition ____ to ____ quality?

Does the ____ effect on ____?

Can the ____ from ____ the ____ of it?

Let me know ____ affect either strength ____.

____ the material ____ how ____ the thing ____?

____ it's made of ____ long it lasts and ____ is?

____ the ____ composition of ____ affect its ____?

____ to ____ it ____ the ____ of its material.

____ if the ____ affect the quality and ____.

I need to know ____ resilience of ____ material ____ it.

Does ____ of ____ affect the quality and ____?

Is it possible that what ____ is made ____ affects ____ lasts ____ it ____?

Can ____ tell me ____ quality andDurability ____ influenced by ____ ?

____ to know if or not the ____ of the ____ .

Is there an ____ on ____ to ____ ?

I ____ to know ____ not the ____ and ____ the material ____ affected ____ change.

____ what ____ to ____ how ____ it lasts ____ how good it is?

____ the ____ of ____ material ____ resilience?

Does ____ way it ____ made affect ____ long ____ ?

I ____ like ____ know ____ quality is influenced ____ .

____ if the makeup of ____ or quality.

____ the ____ and resilience?

Does ____ affect ____ strength?

____ is ____ of ____ long it ____ and ____ good it is?

____ the makeup of ____ quality orDurability.

____ choice ____ materials ____ longevity or ____ ?

____ the ____ it's made ____ affect how ____ lasts or ____ good?

Is the material ____ messing ____ ?

I ____ know ____ quality and resilience ____ the ____ are affected.

____ to know if ____ quality is influenced ____ .

I want ____ its quality is affected ____ material ____ .

____ it possible ____ the ____ of ____ affects ____ andDurability?

I'm wondering if ____ used ____ quality and ____ .

____ its material ____ the ____ quality andDurability?

Does the ____ of material ____ ?

____ tell me ____ the material ____ affect the ____ ?

____ what it's ____ will affect ____ long ____ lasts or how ____ it ____ ?

____ the choice ____ materials ____ quality ____ ?

What effects ____ have ____ endurance?

____ the choice ____ and durability?

____ to know ____ quality of ____ material ____ affected ____ it's composition.

____ you ____ some light ____ how ____ quality andDurability?

I want ____ know ____ not ____ resilience ____ the material ____ changed.

What is ____ this ____ quality?

____ the quality ____ material composition, ____ want to ____ more.

I need to ____ if the ____ the ____ affected ____ .

Is ____ this affecting ____ orDurability?

____ the quality ____ durability ____ to ____ ?

Is ____ by ____ composition?

I ____ to know ____ the quality of ____ is ____ material composition.

____ wondering if ____ are ____ by the materials.

____ material affect ____ can last?

Can ____ me if ____ can ____ the quality?

____ you ____ me ____ choice ____ materials affects ____ and quality?

____ its material ____ of its quality and ____ ?

____ makeup affect its endurance ____ ?

I ____ know ____ of this affects ____ .

Does ____ material it's ____ an effect ____ how good ____ ?

Is it ____ the ____ composition ____ its ____ and ____ ?

I'd ____ to ____ if that ____ quality and ____ of ____ .

____ the quality and durability would be ____ by ____ ?

Is ____ material it ____ made of ____ durable ____ ?

_____ want to know ifDurability _____ by material _____.
 Is there _____ on _____ to material _____?
 Is the _____ a factor _____ quality _____ durability?
 If there is a _____ composition, I _____ whether it _____ quality _____.
 _____ material effects _____ andDurability?
 Do you _____ what _____ made _____ long it lasts?
 _____ related to how well this thing _____?
 _____ tell me _____ the _____ by the material used?
 _____ the material _____ and _____?
 Does _____ of _____ the quality?
 I _____ know if _____ are influenced _____ the materials used.
 Is _____ that its _____ composition influences its _____?
 Will the _____ an effect _____ durability?
 Does _____ affect its _____?
 Is its _____ influence on _____ andDurability?
 Is _____ the _____ composition influences its _____ and _____?
 I'm wondering _____ the material _____ would _____ the _____.
 _____ want to know if _____ has been _____ by _____ material _____.
 I _____ wondering if the _____ composition _____ the _____.
 If _____ quality and resilience of _____ are _____ like _____ know about _____.
 What does _____ composition mean _____?
 _____ material composition _____ quality?
 _____ an effect on _____ due to _____?
 Will _____ material choice affect _____ thing will _____?
 I _____ like to _____ quality _____ by material composition
 What _____ does its _____ endurance and standard?
 Do _____ affect _____ it is?
 _____ you _____ the _____ of this affects quality _____?
 Does the _____ of _____ product _____ its longevity _____.
 _____ quality _____ by material composition.
 I _____ quality would be _____ by _____ used.
 _____ of _____ material are affected, I would like _____ know _____.
 Is there _____ caused _____ materials chosen?
 _____ if its quality _____ affected by its _____ composition.
 _____ if _____ material _____ affects quality.
 _____ curious if the _____ quality _____.
 Is _____ the material _____ quality?
 _____ of the material _____ quality?
 _____ want to _____ if _____ quality will _____ the _____ used.
 Is the material _____ the _____ and _____?
 Does _____ material composition influence _____?
 It'd be great to _____ andDurability are _____ material _____.
 _____ know if the _____ is affected _____ the material _____.
 Does _____ material _____ is made _____ how _____ is?
 _____ the quality and resilience of _____ affected I _____ know _____.
 Does _____ composition effect the _____ the _____?
 _____ material makeup have on endurance _____?
 _____ want _____ if the quality is affected when _____ is _____ in _____.
 Does _____ material composition _____?
 Can _____ tell me about how _____ materials affects _____?

____ need ____ know ____ the ____ durability ____ influenced by ____ material.
 ____ the ____ composition changes, ____ know if ____ resilience are affected.
 I need ____ if that affects the ____ material.
 Does it ____ up over ____ what ____ is ____?
 I'm ____ the ____ would be ____ the material.
 I want ____ if ____ change ____ composition affects ____.
 Does ____ impact quality ____?
 How ____ its makeup ____ its ____?
 ____ the ____ affect ____ orDurability?
 ____ want ____ if ____ quality is ____ by ____ change in material ____.
 ____ its ____ have an ____ on ____?
 ____ would like ____ know ____ the ____ of the material ____ by a change in ____.
 If ____ a change ____ composition, I want ____ know ____ quality ____ are ____.
 I would like ____ know ____ the ____ affected ____ the ____.
 ____ want ____ quality andDurability are ____ the material composition.
 What effect ____ have ____ durable?
 What ____ composition have on ____?
 I ____ to ____ if ____ and resilience of ____ affected.
 If ____ resilience of its material is affected ____ I ____ like ____.
 I'd like to ____ the ____ the quality ____.
 If the ____ quality and resilience ____ about that.
 Do you know ____ affect ____?
 ____ does its composition ____ andDurability?
 ____ the makeup ____ this ____ quality?
 Is the ____ impacting ____?
 If ____ change ____ material ____ I want ____ it ____ the quality.
 Does ____ it ____ an effect on the quality ____ it?
 ____ material impact ____?
 ____ choice going to affect how well ____ holds ____?
 How ____ its ____ and standard?
 Would the choice ____ materials ____ the ____ or ____?
 ____ andDurability ____ by material ____?
 ____ material composition ____ product affect ____ longevity?
 ____ the ____ on it ____ durable ____ is?
 Will ____ material ____ the performance of ____?
 ____ material composition ____ the quality ____ the product?
 ____ know whether ____ quality is affected by the ____ composition.
 ____ it's made of ____ long it lasts and ____ it ____?
 ____ like to know ____ quality ____ the ____ are affected ____ that.
 ____ material used ____ durable ____ is?
 ____ to ____ whether or not a ____ composition ____ its ____ and resilience.
 What will its ____ do ____?
 Let me know ____ materials ____.
 I ____ to ____ if the quality ____ impacted by ____ material ____.
 If the ____ affected ____ material ____ I want ____.
 ____ affect its dependability and ____?
 ____ there ____ on theDurability due ____ chosen?
 ____ may be impacted ____ composition.
 How does ____ composition ____ quality ____?
 Are ____ andDurability ____ the ____ used?

____ the ____ composition ____ an ____ on the ____?
 ____ does its ____ and reliability?
 ____ you ____ me if the quality ____ affected ____ material?
 ____ tell me if the material composition ____
 ____ know if the ____ an ____ on the ____ composition.
 Does ____ material composition ____ its ____?
 Is the ____ a ____ in ____ quality and ____?
 ____ there a ____ between ____ makeup?
 It'd ____ know if ____ quality.
 I ____ to ____ if ____ and ____ of the material.
 Can ____ us ____ about how ____ choice ____ materials affects ____ and ____?
 If there is a ____ quality ____ the composition ____
 ____ it's made of affect how ____ it ____?
 ____ you tell me ____ the material ____ quality andDurability?
 ____ ImpactingDurability and ____?
 I want ____ know if material ____ changes affect ____.
 ____ there is ____ in material composition, I ____ if it affects ____.
 If ____ material's ____ and ____ are ____ to ____ about it.
 I want ____ if ____ and resilience ____ material ____ affected by a ____.
 I want to ____ quality of the material ____ in composition.
 ____ question ____ quality ____ impacted by material composition.
 ____ its material makeup ____?
 ____ it ____ its material ____ its quality andDurability?
 I'm wondering if ____ and Quality ____ be ____ material ____.
 ____ composition ____ factor ____ its quality andDurability?
 ____ the ____ that it's made ____ of it?
 I ____ like to ____ the quality ____ the ____ been ____ by a change ____.
 Do ____ know ____ compositions ____ dependability?
 Does ____ composition ____ quality ____?
 You ____ tell ____ affect strength or goodness.
 ____ would ____ to ____ if the quality ____ influenced by ____.
 What ____ the effects of material makeup ____?
 ____ want to ____ andDurability ____ affected by ____ composition.
 ____ there ____ on ____ durability due ____ materials chosen?
 ____ you ____ quality and durability of the material ____?
 ____ is ____ the choice ____ materials on quality and ____?
 ____ want to know if ____ quality ____ the ____ are ____ the ____ composition.
 Is ____ material ____ make ____ how durable it ____?
 Will ____ composition ____ its ____?
 Do ____ that ____ of affects how ____ lasts ____ how good ____ is?
 I ____ to ____ quality is affected ____ composition.
 Does ____ material influence ____ reliable ____?
 Can you tell me ____ the ____ durability ____ affected ____ material?
 ____ want to know if ____ quality and ____ of the ____ the ____ composition.
 ____ you ____ the ____ of this ____ quality or durability?
 Are ____ ways ____ which ____ choice ____ both ____ and durability?
 Is ____ material ____ how well this ____ holds ____?
 Should ____ makeup ____ durability?
 What ____ its composition ____ quality ____?
 Can you ____ the makeup of this ____?

_____ would _____ quality has been affected by _____ change in material _____.
 I _____ know if _____ and resilience _____ affected _____ material composition _____.
 I'm _____ to know if the _____ would _____ affected _____.
 _____ like _____ know if the quality is _____ composition.
 It would like to _____ quality andDurability _____ material _____.
 Can _____ me _____ if the material _____ the _____?
 It would be _____ if quality _____ are _____ by _____.
 What _____ does material _____ make _____ endurance _____ standard?
 _____ what it's made of affect how long _____ lasts _____?
 Would _____ or standards of _____?
 I want to know _____ the _____ composition
 I want to _____ and _____ are affected _____ change in _____ composition.
 _____ want to _____ if _____ is affected _____ the _____ the material
 _____ true _____ the material _____ influences _____ and resilience?
 Is _____ related _____ the quality _____?
 If _____ quality _____ affected _____ the material _____ would _____ know that.
 _____ will _____ composition _____ and durability?
 _____ need _____ know _____ quality _____ of its material _____ affected.
 Is it possible the _____ composition _____?
 _____ the quality is affected by the material _____ want _____.
 I _____ the quality and _____ its material _____ by a change in _____.
 What _____ its _____ on its _____ and standard?
 Does _____ affect _____ product's quality _____?
 _____ you tell me if the _____ the material _____ affected?
 _____ need _____ know if _____ resilience of its _____ affected _____ that.
 Does _____ it's _____ have _____ on its quality?
 _____ want _____ if _____ quality and _____ are _____ by the material _____.
 _____ the _____ by the _____ composition, I _____ want to _____ about _____.
 _____ the material _____ affect _____ quality and _____ product?
 _____ to know _____ material's quality _____ resilience _____ affected.
 Does _____ material _____ of this _____ quality and _____?
 _____ it possible _____ the material composition _____ andDurability?
 Does _____ material _____ made _____ affect _____ quality?
 _____ tell if _____ materials _____ goodness.
 I wonder _____ the _____ are _____ the material _____.
 Can _____ shed _____ on _____ the _____ materials affects _____ and durability?
 _____ the _____ the material affects _____.
 Please _____ materials can affect _____ or _____.
 _____ the material _____ influence _____ quality _____?
 I want _____ if the quality of the material _____ change _____.
 _____ composition _____ for its strength _____ quality?
 _____ the _____ and resilience of _____ then I _____ to know that.
 Do you _____ impact strength _____?
 _____ quality and resilience of _____ material are _____ know _____ it.
 _____ related to quality _____ durability?
 _____ able to _____ the choice of _____ impacts _____ and durability?
 _____ the quality of the _____ I _____ know.
 It would like _____ quality andDurability _____ by material _____.
 I _____ know if the quality _____ by _____ chosen.
 _____ the quality _____ affected _____ the _____?

_____ and _____ influenced by _____ materials?

_____ its _____ affect strength and _____?

_____ what _____ made of affect how _____ it good?

Do you _____ material composition _____ quality?

Will the material _____ quality _____?

Can _____ me if the material used will _____?

Do you think what it's _____ affects _____?

I want _____ know if _____ quality _____ damaged _____ material _____.

If _____ because of _____ of the material.

_____ does _____ affect its _____ and _____?

I _____ know _____ quality and resilience of the _____ been _____.

Is _____ and _____ to the _____?

Can you _____ me if the _____ quality and _____?

Does _____ made of _____ how _____ will be?

Tell _____ if the _____ strength or _____.

I _____ to _____ the _____ and _____ of its material _____ impacted.

_____ composition affect quality _____.

_____ to _____ andDurability are affected by material _____

_____ know whether or not _____ change _____ material _____ its _____ and resilience.

_____ the _____ it is made _____ a _____ durable and good _____?

_____ its composition _____ its _____ longevity?

I am _____ if the _____ and _____ are _____ the _____.

_____ material it's _____ of affect _____?

Will what _____ made of _____ it _____ or how _____ is?

How _____ its _____ durability?

Can _____ me _____ the _____ of materials _____ quality _____ durability?

Do _____ know _____ makeup _____ quality _____?

_____ know _____ the choice of materials _____ and _____?

Can _____ how _____ the quality and durability?

_____ what it's made _____ how _____ it _____ or _____ good it _____.

_____ how well it holds up?

If _____ composition _____ the _____ can _____ tell me?

_____ would like _____ know if the _____ durability _____ the composition.

_____ want to _____ affect _____ or goodness.

_____ the material it is _____ affect _____ is?

_____ material composition _____ quality?

_____ want _____ know whether _____ quality is _____ composition.

_____ of affect how durable it is?

If _____ a _____ the _____ composition, _____ want _____ know _____ its _____ is affected.

It _____ to know if _____ material composition.

What effect _____ material _____ on endurance and _____?

Can _____ clarify if _____ affected by the _____ used?

_____ it's made _____ long it _____ and _____ good _____ is?

_____ the material _____ have _____ on quality and _____?

_____ the _____ composition _____ durability?

_____ does its composition _____ and durability?

_____ want to know _____ the quality _____ affected by it.

_____ let _____ the materials affect _____ quality andDurability?

Do you _____ the quality?

_____ the _____ longevity and quality?

_____ it's made _____ have any _____ on _____ it _____ or how _____ it _____?

Is the _____ for _____ quality _____ reliability?

What _____ know _____ how _____ materials affects both _____ and durability?

Will the _____ choice affect how _____?

I need you to _____ me if _____.

_____ to _____ if the material's _____ and _____ are _____.

_____ the material _____ made from _____ durable _____ is?

Is it the material _____ quality _____?

Can you _____ the _____ be _____ by _____ material that is _____?

Does _____ material composition _____ on the quality of _____?

If _____ quality _____ affected by _____ want _____ about it.

How does _____ of materials _____ durability?

_____ know if quality andDurability are _____ by _____ composition.

Is the _____ composition affected _____ the _____?

_____ impact does the _____ on its _____?

I need to _____ aware that the _____ material _____ affected.

_____ of this _____ quality or _____.

_____ tell me _____ quality _____ affected by material used?

Does _____ composition of _____ its quality andDurability?

_____ the _____ durability influenced by _____?

_____ its _____ strength and durability?

Will _____ used affect the _____?

I _____ to _____ if _____ quality _____ affected by _____ composition.

I want _____ be aware _____ quality _____ the _____ composition.

Does what it's made of _____ affect _____ how _____?

Does its _____ affect its _____?

I _____ to know _____ material's _____ is _____ by _____.

_____ the _____ it _____ made of _____ quality?

_____ material _____ quality and resilience?

_____ the _____ composition _____ product affect its _____ and _____?

_____ tell _____ how the choice of _____ affects _____ quality?

_____ material _____ quality _____ reliability?

Does _____ material used affect how durable _____?

_____ if you _____ me if materials _____ strength or _____.

_____ want _____ know _____ quality is affected by _____ its material.

_____ need _____ the _____ is affected by the _____ composition.

Can _____ let _____ know _____ the quality _____ affected _____ the material _____?

_____ effect will the _____ on strength _____?

_____ wondering if the quality and _____ are _____.

Does _____ used have an impact _____ reliable _____?

_____ quality _____ material are affected _____ I need to be _____ of that.

I want to _____ if the quality _____ affected _____ material _____

_____ material _____ affect its longevity _____ quality?

Does what _____ have anything to do _____ how _____ good it is?

_____ know _____ the quality _____ its material affects _____.

_____ what _____ affect _____ good it is?

Would differing materials _____ excellence?

_____ of _____ affecting durability?

_____ you tell _____ quality _____ be affected by the _____ used?

What effect does _____ on its _____ standard?

_____ is a _____ material composition I want _____ know _____ is affected.

_____ wants to know _____ quality andDurability.

_____ the material _____ bad for _____?

_____ material that it _____ made of _____ its _____?

Does _____ composition _____ item _____ its quality?

_____ want to know if _____ materials _____ strength _____.

I want _____ know _____ the _____ of _____ been affected.

Do you _____ if _____ quality and _____ of _____ are _____?

Is _____ an _____ on its _____ and longevity?

I'd like to _____ if _____ composition _____ andDurability.

Does _____ composition affect _____ lifespan?

_____ the _____ the reliability?

Does the _____ of _____ affect _____?

_____ need to know _____ and _____ of the _____ are affected _____.

_____ impacted by material composition?

Is _____ material composition _____ quality orDurability?

_____ love to know _____ the _____ and _____ the material are _____ by _____.

I _____ to _____ quality andDurability _____ affected _____ the material.

_____ the _____ used _____ quality _____?

_____ you _____ me about _____ impact _____ materials on _____ longevity?

_____ to materials _____ are there _____ durability?

Is the _____ choice _____ well _____ up and performs?

Can _____ me _____ the makeup of _____ durability or _____?

_____ need _____ quality and _____ of _____ material is affected by _____.

Does _____ affect _____ durability?

Can _____ tell _____ if _____ affects its _____?

I _____ like _____ know _____ quality and _____ of _____ are impacted _____ that.

_____ the quality _____ of the _____ affect _____?

_____ you know how the _____ of materials affects _____?

Does _____ affect its _____ quality?

If _____ quality _____ changes because _____ it's composition.

What impact _____ the _____ on _____ and longevity?

I'd like _____ if _____ quality is affected _____ composition.

_____ the material used _____ affect _____ reliable it _____?

Will _____ material choice affect how _____ holds _____?

Can _____ me more about _____ choice of _____ affects quality _____?

Do _____ know _____ the _____ affects the _____ and _____?

Does _____ affect _____ this _____?

I _____ know _____ quality andDurability are _____ the _____ composition.

_____ affect longevity or _____?

_____ and durability are influenced by _____ material.

Does the _____ made _____ affect how _____ is?

What _____ will _____ composition _____ andDurability?

_____ want _____ whether _____ a change in material composition affects _____ and _____.

_____ material _____ quality and _____?

_____ like _____ know ifDurability _____ are affected _____ composition

_____ the _____ this affectingDurability _____ quality?

_____ the composition _____ the material _____ the quality _____?

_____ know if the _____ this affects the _____?

I am _____ quality _____ by _____ materials used.

_____ would like _____ if _____ quality _____ by material composition.

_____ the quality _____ the _____ is _____ I _____ about it.

What _____ does _____ makeup have on endurance _____?

If _____ and _____ affected by _____ I need to _____ about _____.

_____ to know if quality _____ by _____ composition.

The _____ may _____ quality andDurability.

Is _____ material _____ to _____ how well _____ up?

Is the _____ sturdiness and _____?

What _____ composition have on _____?

You _____ if the material _____ quality andDurability.

_____ impact _____ its material _____ on _____ endurance _____ standard?

_____ would _____ to know if _____ composition _____ andDurability.

Is the _____ to _____ durability?

Is _____ an _____ durability _____ to _____ materials used?

Is _____ possible _____ composition _____ its quality?

_____ like to _____ quality of its material _____ affected.

I _____ the quality and resilience _____ material are _____.

I'm wondering if _____ materials used would _____.

If _____ is a _____ material _____ I want to _____ or quality.

_____ material used _____ it is?

Is _____ composition _____ its _____ andDurability?

Do you _____ if _____ used would _____ quality?

_____ the quality and resilience of _____ I _____ to _____ it.

Is quality _____ to _____ used?

Does _____ material _____ of affect _____ it lasts?

_____ quality is _____ material composition, I _____ to _____ that.

_____ the _____ of this _____?

If _____ quality is affected by _____ I _____ know _____.

I want _____ if the quality _____ impacted _____ the material.

Let me _____ the quality and durability _____ material.

What effect _____ have on _____ and _____?

_____ material _____ impact quality?

_____ impact does _____ composition have _____ quality _____?

I _____ if the _____ durability are _____ materials.

_____ if _____ will affect the quality _____ durability.

Does _____ used _____ the _____ this?

_____ the _____ composition _____ the _____ andDurability.

_____ know if the quality _____ by materials.

_____ composition of material _____ on _____?

Can _____ tell me if the _____ and _____ material used?

_____ quality _____ have _____ on _____ composition?

_____ quality _____ by the material composition, I need to _____.

Do the _____ it's _____ of _____ durable it _____?

Is _____ composition responsible for _____ quality _____?

_____ the _____ the reliability _____ this?

I don't _____ if _____ quality _____ by _____ material _____.

_____ material used _____ dependability of _____?

_____ want _____ know if the _____ material composition.

I need to know _____ is affected _____.

_____ material used affect _____?

_____ there a _____ to _____ how the _____ materials impacts both _____ ?
 _____ the _____ of _____ material _____ its quality _____ ?
 _____ the quality and durability be _____ ?
 _____ _____ affect strength _____ goodness.
 _____ to _____ how _____ choice _____ materials affects both quality _____.
 If a change _____ composition _____ quality _____ want to _____.
 _____ the material composition _____ on _____ ?
 I _____ if _____ quality is affected by _____.
 I _____ if the quality is _____ by _____.
 _____ like _____ know if Durability and _____ impacted _____ composition
 _____ to _____ the quality and resilience of _____ material _____.
 I _____ to know _____ the quality _____ resilience _____ material.
 Is the _____ this _____ or _____ ?
 I'd _____ to know _____ the _____ affect _____ quality _____.
 _____ would like _____ know _____ the material _____ quality.
 There is _____ if _____ composition affects _____ quality.
 Do _____ know _____ the _____ the material affects _____ and Durability?
 Do _____ know if _____ are _____ by material _____ ?
 What _____ does material _____ on _____ ?
 The _____ composition _____ quality and _____.
 Does _____ the material mess _____ quality?
 I _____ to _____ if the quality and _____ of _____.
 _____ quality _____ are impacted _____ composition
 I _____ to know if _____ material's _____ affected _____.
 _____ want _____ the _____ been _____ by the _____ in material composition.
 I want to _____ whether the quality _____ durability _____ material _____.
 _____ the _____ how reliable the _____ is?
 I would like _____ if the _____ of _____ material _____ affected _____ a change _____ composition.
 _____ the quality is _____ by _____ material composition, _____ about that.
 _____ want to know _____ quality _____ affected by _____ material _____
 I want _____ know _____ of the material affects _____.
 _____ to tell us _____ choice of _____ affects _____ and durability?
 Can you tell me _____ how _____ of _____ affects _____ longevity?
 _____ think what _____ made of _____ lasts or how good _____ is?
 _____ is a _____ in _____ composition, I _____ know _____ it affects its _____.
 Is _____ on _____ due to the _____ chosen?
 _____ be nice to know _____ and Durability _____ impacted _____ material _____.
 Can _____ tell me _____ composition affects _____ quality?
 _____ you _____ if make-up _____ strength?
 _____ tell me _____ the material _____ influences _____ quality and _____ ?
 _____ may affect its quality _____.
 _____ me know if _____ affect _____ quality _____.
 _____ material change the _____ of _____ ?
 _____ you know _____ affect _____ goodness.
 _____ to know whether or _____ by a change in material _____.
 _____ the material _____ mess _____ quality?
 Do you _____ the _____ composition _____ quality and Durability?
 _____ material used affecting how _____.
 Does _____ material composition _____ an _____ on _____ ?
 What impact does _____ of _____ on _____ quality _____ ?

_____ to know _____ quality _____ are _____ the material composition.
 _____ it _____ of _____ impacts both quality andDurability?
 _____ to _____ the resilience of its _____ affected by _____.
 _____ the _____ the material affect _____ durable _____ is?
 _____ does _____ durability and worthiness?
 Can _____ tell me _____ the _____ and _____ of _____ materials _____?
 _____ need _____ material composition affects the quality and _____.
 _____ you tell me _____ and _____ influenced _____ materials?
 _____ the _____ of the material affect _____ it _____?
 Can _____ if _____ material effects its _____?
 Is _____ possible _____ material composition _____ its _____ and _____?
 _____ what _____ made of _____ any _____ on _____ long _____ or how good _____?
 _____ used affect the _____ this.
 Can _____ tell _____ the _____ materials has on quality?
 _____ affect the _____ andDurability?
 If there _____ a _____ quality because _____ composition _____ material
 Does what _____ of _____ how _____ it _____?
 I want to know _____ the quality _____.
 Is _____ possible that _____ composition _____ its quality _____?
 Can you _____ me _____ materials _____ the _____ andDurability.
 _____ the _____ it's made _____ affect _____ durable it _____.
 I want _____ if _____ quality _____ is affected.
 _____ to know if _____ resilience _____ its _____ affected.
 Can you let us _____ how _____ of _____ both quality _____?
 _____ question _____ quality andDurability are impacted by _____ composition.
 _____ important to know if quality _____ by material _____.
 _____ andDurability affected by _____?
 What _____ its composition _____ and resilience?
 I _____ like _____ know _____ it _____ quality and _____ of _____ material.
 _____ know if _____ quality _____ durability _____ affected _____ the material composition.
 _____ the _____ that it's made _____ affect _____ it _____?
 _____ need _____ it affects _____ quality _____ resilience of the _____.
 I _____ to _____ if _____ of this affects _____ or _____.
 _____ me how _____ choice _____ materials _____ both durability _____ quality?
 _____ want to know _____ the _____ impacts _____ quality _____ durability.
 _____ would like to _____ whether the quality _____ by _____.
 _____ wondering if _____ quality of the _____ will be _____.
 _____ you know if _____ composition _____ the quality.
 _____ wish to know _____ affected by _____ material composition.
 I need to _____ if the _____ of _____ material _____ affected.
 Tell _____ if _____ or goodness.
 I _____ to know if _____ affects _____ longevity _____ quality.
 How long it _____ and _____ is can _____ what it's _____ of.
 Is the _____ how durable _____ reliable this is?
 _____ be aware _____ quality and resilience _____ its _____ it is affected.
 Does _____ it's _____ an affect on _____ durable _____ is?
 If the quality _____ of its material _____ I need _____ that.
 Does the material _____ reliable _____?
 I _____ to know _____ quality _____ material _____ affected by _____.
 _____ the material composition affect _____?

I ____ like ____ know ifDurability ____ affected ____ material ____.
 ____ affects strength or goodness.
 I want ____ know how ____ impacted ____ the material ____.
 ____ material ____ an effect ____ quality?
 ____ change in material ____ want to know if the ____ affected.
 ____ if the materials used ____ the ____ andDurability?
 ____ the ____ of the ____ affect ____ product's ____?
 It ____ like ____ if quality is ____ composition.
 ____ the ____ composition ____ quality?
 ____ based on materials?
 ____ want to ____ if materials ____ goodness.
 ____ material ____ a difference ____ andDurability?
 ____ does material ____ endurance ____ standards?
 ____ to ____ if ____ of the ____ is affected ____ that.
 I want to ____ quality is ____ a ____ composition change.
 ____ its composition affect strength ____?
 Will ____ us know ____ choice of materials affects both ____?
 ____ used ____ how durable and quality ____ is?
 ____ of affect how ____ lasts and is ____ good?
 I need to know ____ if the ____ are affected.
 What impact ____ material makeup ____ the ____ standard?
 ____ need ____ know ____ the ____ and ____ of its ____ affected.
 ____ if ____ is influenced by materials?
 Do ____ what impact the ____ materials ____ on quality ____?
 ____ are the effects ____ its material makeup ____ and ____?
 I want to know ____ the ____ are ____ the material ____.
 ____ its composition affect ____?
 ____ you know if the ____ goodness?
 Will material ____ durability?
 ____ would ____ to ____ if the ____ would affect the ____.
 ____ like ____ know ____ quality andDurability are ____ material ____.
 I ____ know if the quality ____ resilience ____ material ____.
 What ____ will its ____ resilience?
 Is ____ material composition ____ its ____?
 How the ____ materials ____ and durability?
 ____ like ____ know ____ quality and resilience of the material is affected ____ the ____.
 ____ you ____ me about how the ____ quality andDurability?
 Can you ____ if ____ the quality and ____?
 I ____ if the ____ is affected by ____ composition.
 ____ it's made of ____ long ____ lasts?
 ____ composition affect ____ quality ____?
 ____ to know ____ impacted ____ material composition.
 ____ know if its ____ affected ____ material composition.
 ____ the material ____ made ____ durable it is?
 ____ to know if the quality and ____ of the ____.
 ____ material ____ to affect ____ and ____?
 Does it ____ over time considering what ____?
 Is ____ and ____ the ____ used?
 Does ____ affect how ____ this ____?
 Does ____ material composition of ____ quality ____ performance?

Can ____ please ____ me if the ____ would be ____ by ____ ____ ?

____ know if ____ affect ____ goodness.

I would ____ if ____ quality andDurability are ____ by ____ composition of ____ ____.

____ changes, ____ want to know if ____ is affected.

Does the composition ____ the ____ an impact ____ ?

____ tell ____ if ____ material composition ____ quality?

Does ____ composition ____ its quality ____ ?

____ you ____ material effects ____ strength?

____ like to ____ if ____ and reliability ____ by ____ material composition.
