Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ all models _____ with _____ screens to _____ scratches, cracks, _____ impacts _____ needing _____ _____ ?

_____ it possible that all _____ come _____ that don't _____ protectors?

Do _____ robust screens _____ handle typical wear like _____ or accidental _____ ?

_____ all your phone models have _____ that _____ scratches, _____ and _____ for protective _____ ?

Do _____ your phone _____ have _____ that _____ enough to _____ scratches, _____ and _____ without extra _____ ?

_____ models _____ scratch-proof screens?

Is _____ true _____ there is _____ need _____ as these models _____ impact-proof _____ ?

Will _____ screens that are strong _____ resist _____ ?

Do _____ models have _____ will handle typical _____ cracking or _____ blows?

_____ true that _____ models have _____ screens _____ don't _____ a _____ ?

_____ every model include strengthened _____ resist _____ impacts?

If all _____ your phones are _____ with _____ screens, does _____ mean _____ don't _____ ?

Is it possible _____ all _____ with reinforced screens without _____ ?

Do the built-in screens of _____ model _____ to resist _____ ?

Will the _____ able to endure _____ incidents like _____ falls, even _____ extra protective covers _____ ?

Will enhanced screens _____ and falls if _____ covers _____ not used?

Do _____ have screens that can handle _____ or _____ blows _____ ?

Does every model _____ with _____ reinforced screen _____ scratches, _____ ?

Do _____ have reinforced _____ that can handle _____ the _____ protectors?

Do _____ have screens _____ handle typical _____ like scratching, _____ blows _____ themselves?

Is _____ made _____ reinforced displays that _____ endure _____ ?

Is reinforced _____ every _____ to endure _____ cracks, _____ relying on screen protectors?

_____ all _____ made _____ reinforced _____ for _____ resistance?

Since all _____ equipped with robust _____ handle _____ cracks, _____ impacts, _____ screen protectors redundant?

Is it _____ that all _____ with _____ screens and _____ for extra _____ ?

_____ the _____ durable _____ no protectors?

_____ the _____ screens that resist scratches, cracks, _____ ?

Can _____ endure _____ cracks, and _____ ?

Does _____ sturdy screens _____ resistant to _____ cracks, _____ impacts?
 _____ have sturdy screens that _____ cracks, and _____.

Will _____ be _____ in every _____?

Do all _____ strengthened _____ that _____?

Do _____ models have reinforced _____ that _____ deal _____ impacts?
 _____ it a given _____ every _____ has solidified displays that _____?
 _____ the built-in _____ each model strong enough to _____ or _____?

Does _____ sense _____ have a _____ protector _____ every _____ includes _____ that are resistant _____ scratching, cracking or
 _____?

_____ models _____ screens for _____ bumps, cracks?

_____ models _____ have _____ that _____ resistant to scratches, _____ or damage _____ impact force?

All models _____ reinforced, scratch- _____.

_____ for extra screen protectors since all _____ come _____ robust _____?

_____ all _____ the _____ come with _____ that _____ strong _____ the need for _____?

Is _____ that _____ the models _____ impact-proof _____?

Does _____ models _____ screens that _____ scratches, _____ impacts?

Is every _____ screens _____ and impacts?

Is the _____ screens _____ to _____ without additional _____ with scratching, cracking _____?

_____ models equipped _____ scratch-proof _____?

_____ it true that _____ screen that _____ enough to endure common _____ such _____ cracking, or _____ force

_____ to _____ that _____ devices _____ with sturdy screens _____ need for additional _____?

Is _____ model has solidified displays that _____ survive impact _____?

_____ permissible _____ all models to _____ screens _____ extra protection?

_____ reinforced screens durable enough to _____ scratches, cracks, _____ on _____ screen _____?

Does _____ sense to have _____ screen _____ if _____ has _____ that _____ to impact damage?

_____ have screens that _____ handle scratches, cracking _____ blows?

_____ all models have screens _____ can handle scratching, cracking _____?

Is it possible _____ all models _____ with _____ screens _____ not _____?

_____ all models _____ handle _____ wear like scratching, cracking _____ accidental blows by _____?

Does each _____ that _____ enough to _____ against impact _____ scratching?

All _____ come equipped with robust _____ that _____ scratches, cracks, _____ extra _____ protectors redundant?

Is _____ need _____ an additional shield _____ have _____ screens?

Is _____ equipped with reinforced screens _____?

_____ all models have _____ are strong _____ to handle _____ cracking _____ themselves?

Have _____ screens _____ model _____ strengthened enough to endure _____ additional _____?

Is every _____ of _____ durable _____ to _____ impacts _____ using supplemental _____ protectors?

_____ each _____ feature enough screens _____ to resist _____ or _____ kind of impact?

_____ equipped with reinforced _____ for _____ crack, and _____ resistance.

Does _____ model have _____ won't require _____ against scratching, cracking _____?

All models _____ with _____ screens _____ handle scratches, _____ and impacts _____.

Is _____ to resist _____ cracks, _____ impacts _____ needing _____ screen _____?

Are _____ models with _____ resistance?

Do _____ models _____ screens that _____ resistant to _____ and impacts?

_____ all _____ the models _____ scratch-resistance _____?

Should all _____ scratch-resistant _____?

Is it _____ for models to _____ with screens _____ to _____ cracking _____ due _____ force?

If _____ of _____ models _____ specially _____ displays, _____ there _____ for a separate _____?

There are questions _____ models _____ reinforced _____.

_____ I _____ that all my _____ with sturdy _____ and no _____ for _____?

Does each model _____ enough _____ don't _____ protection against _____ kind _____ impact?

Is it ____ for models to come ____ screens ____ fortified ____ damage ____?

Do models ____ screens that ____ resistant to scratches, ____ damage from ____?

Can ____ with ____ are resistant to ____ or damage ____ force?

____ phones ____ screens ____ scratches, cracks, and ____ without the ____ for protective covers?

Do ____ have ____ that are ____ to ____ scratches, cracks, ____ without requiring extra screen guards?

____ it ____ that every ____ screen ____ is reliable ____ to survive common damage ____ scratching, ____ or impact ____

Do ____ models ____ screens ____ are ____ to handle ____ or accidental ____?

Will ____ have sturdy ____ up against damage?

____ reinforced screens included in ____ options ____ you ____ screen ____ anymore?

____ extra screen protectors redundant ____ come equipped with ____ can handle ____ and ____ effectively?

____ it possible that ____ device comes with ____ so ____ additional ____?

Do all ____ resistant to ____ scratches or blows?

____ facing scratching, cracking ____ impact, are the ____ of ____ strong ____ endure?

Is ____ for ____ screen to ____ and breaks?

Is a screen protectors unnecessary ____ a ____ scratches, cracks and ____?

Will ____ be able to ____ common incidents like ____ cracks and falls ____ aren't ____?

____ are models ____ have reinforced ____ resist ____ protectors.

____ it ____ all models ____ have ____ resistant to disruptions ____ or blows?

Does your phones ____ are strong enough ____ scratches, cracks, ____ without requiring ____ guards?

____ all ____ screens against disruptions ____ breaks ____ blows?

____ all ____ have screens ____ are ____ of ____ typical ____ like scratching, ____ accidental blows by ____?

Is ____ true ____ every model has a screen ____ enough to ____ cracking, ____ impact ____?

I ____ if every ____ screens so no ____ for armor.

All ____ may have ____ that resist ____ cracks ____.

____ it ____ to ____ each ____ has a ____ screen ____ add-ons?

Can I ____ certain ____ every ____ has ____ screens ____ I don't ____?

____ have reinforced ____ resist scratches, cracks and impacts?

____ is no additional shield required ____ these ____ have ____ screens?

____ it ____ for models to come ____ screens ____ scratches, cracking ____ damage by ____ force?

____ possible ____ have reinforced screens ____ additional protection?

____ models ____ with scratch- ____ screens?

____ every model come ____ strong against damage?

____ screen protectors redundant because ____ come with robust ____ to handle ____ impacts effectively?

Do ____ models have ____ screens that ____ cracks ____?

____ possible that all ____ include ____ that are ____?

____ for models to ____ with ____ are ____ to ____ against impact force?

Do all models ____?

____ your models ____ reinforced screens ____ screen protectors?

____ your ____ have ____ that are scratch- and ____?

If every model ____ screens that can ____ scratching, ____ it necessary ____ a screen guard?

Will the ____ of each ____ be able ____ cracks and ____ if extra ____ covers are ____?

____ true that ____ model features ____ reinforced ____ reliable ____ to resist ____ cracking, or impact ____?

I wonder ____ all ____ have ____ for surviving ____.

____ unnecessary if every model ____ a screen ____ resistant to scratches, cracks ____

____ all models include specially ____ displays capable of ____ physical ____ protector ____?

Do ____ with reinforced screens ____ are scratch ____?

Is ____ that all models ____ with reinforced ____ don't ____ protectors?

Is ____ equipped ____ screens resistant ____ cracks, ____ impacts?

Do ____ have the screen-proof assurance to ____ scuffs?

____ the screens ____ endure damage ____ wear and accidental ____ extra protection?

____ every model ____ sturdy screens ____ ?
 ____ all ____ protected without requiring ____ ?
 Is it possible for ____ models ____ without the ____ for ____ ?
 Are ____ equipped ____ scratch- ____ screens?
 ____ all ____ reinforced screens to protect ____ scratches, cracks ____ ?
 ____ it ____ that all models ____ without ____ to use extra screen ____ ?
 Can ____ with ____ no need for protectors?
 Can ____ be protected against typical damage ____ scratches ____ ?
 ____ every model ____ reinforced ____ enough ____ cracks, and ____ without relying on supplementary ____ ?
 All models have ____ and impact resistance?
 Does ____ model ____ strong enough ____ don't ____ protection against ____ scratching, ____ ?
 Is it ____ to ____ that ____ devices ____ with sturdy ____ so ____ for ____ ?
 Even if extra protective covers are ____ enhanced ____ common ____ like scratches, ____ and ____ ?
 Do ____ come with ____ that ____ resistant to disruptions ____ breaks?
 ____ strong enough screens ____ won't require ____ against impact and ____ ?
 ____ every ____ of screen durable ____ cracks, and impacts ____ the ____ of ____ protectors?
 Is ____ model ____ resist ____ cracks, and impacts without ____ screen protectors?
 ____ your phone model ____ resist scratches, cracks and impacts without ____ ?
 ____ to say that every ____ has ____ screen that ____ to survive scratches, ____ and ____ force?
 ____ all of ____ have ____ strengthened to ____ scratches, cracks and impacts?
 ____ all models ____ screens?

 ____ that ____ model has ____ that ____ reliable ____ to deal ____ such as scratching, cracking or ____ force?
 ____ the models have ____ and impact resistance?
 ____ reinforced screensdurable enough ____ cracks, and ____ without ____ supplementary ____ ?
 ____ your ____ models ____ feature strengthened screens ____ and ____ without ____ need for additional protection.
 ____ extra ____ are not used, each model's ____ screens ____ able ____ endure ____ cracks and ____ .
 ____ model ____ screens ____ are strong enough?
 ____ every model ____ screen ____ durable enough ____ resist scratches, cracks, ____ impacts?
 ____ if extra ____ covers are not used, ____ be ____ to endure ____ incidents ____ cracks ____ falls?

Does all _____ that _____ disruptions like _____ breaks or blows?

Since all _____ come with _____ designed _____ handle scratches, _____ effectively, _____ extra screen protectors _____?

_____ models have screens _____ are _____ enough _____ impacts and scratches without _____?

_____ your phone _____ screens _____ resist scratches, cracks and impacts _____ the need _____ protective _____?

Do _____ come with fortified _____ are _____ to _____ or _____ impact force?

Do _____ phone _____ have reinforced _____ so _____ need _____ protectors _____?

Is it _____ device _____ screens _____ no _____ for armor?

_____ model _____ that don't need _____ protection against scratching, cracking _____?

_____ all _____ have robust _____ handle typical _____ like _____ accidental blows _____ themselves?

if _____ models include _____ fortified displays _____ withstanding _____ harm _____ is a _____ protector unnecessary?

Do _____ have reinforced _____ scratches, _____ and impacts _____ needing screen _____?

_____ true _____ every model features a reinforced _____ reliable enough to protect _____ or impact _____?

_____ all models _____ long- lasting _____ that are _____ to _____ or blows?

Is _____ all _____ have _____ screens?

Can _____ screens survive _____ accidental _____ without additional _____?

_____ it possible that every device _____ with _____ screens _____ no _____ armor?

_____ model come with a _____?

_____ models made _____ reinforced screens _____ damage?

Is _____ of _____ models equipped _____ that _____ resistant _____ scratches, _____ impacts?

Do _____ that are _____ of _____ scratching, cracking or accidental _____?

_____ all _____ have screens _____ durable enough _____ scratches, _____ and _____?

_____ all model _____ reinforced _____?

Do all models _____ reinforced screens _____ resist _____ of _____?

_____ every _____ reinforced screens _____ enough to resist scratches, cracks, _____ impacts _____ using screen _____?

_____ models _____ to resist impacts?

Does _____ model have strong enough screens _____ protection _____?

Do _____ strengthened screens that resist _____ and _____?

_____ a given that _____ model _____ solidified display that can _____ and _____?

_____ standard for _____ come _____ screens that _____ resistant _____ scratches, cracking or _____ impact force?

_____ screens found in every model strong _____ scratches, cracks, _____ impacts _____ on _____ protectors?

Is _____ models have reinforced screens _____ damage?

_____ a _____ sturdy _____ resist scratches, cracks and _____?

_____ all models come _____ screens that _____ not _____ additional protectors?

Is _____ model equipped with sturdy _____ that resist _____?

_____ they _____ with reinforced _____?

_____ model _____ reinforced _____ are _____ enough to _____ cracks, _____ impacts without relying on supplementary screen _____?

Is _____ that every _____ a _____ screen _____ reliable enough to _____ scratches, cracks, or _____ force?

Will every _____ screens _____ are _____ against _____?

_____ the models come equipped _____ that are designed _____ handle _____ effectively.

Will all _____ come _____ screens that _____ against _____?

_____ model's enhanced _____ be able to endure _____ cracks _____ if extra protective _____ used?

_____ each model have _____ screens that _____ against _____ or _____ kind of _____?

_____ screen protectors unnecessary _____ they _____ a _____ that is _____ cracks, and _____?

Can _____ be _____ all _____ come _____ sturdy _____ no _____ for armor?

Should _____ models have _____ are _____ to disruptions _____ scratches, _____ and _____?

If all _____ specially fortified displays, there _____ a _____ protector.

Are models _____ with _____?

_____ have _____ are _____ enough _____ scratches, _____ and accidental blows by themselves?

Do _____ reinforced screens with no extra _____?

____ it ____ that ____ models ____ tough screens for surviving ____ ____ ?
 ____ ____ that every ____ with sturdy ____ no need for armor?
 Will ____ sturdy screens?
 Is ____ correct to ____ that ____ has a screen that is reliable ____ resist ____ or ____ ?
 ____ it certain that every device has ____ there's no ____ ?
 ____ protectors redundant as all models ____ equipped ____ robust ____ handle scratches, cracks, ____ impacts ____ ?
 Can every ____ a ____ enough to resist ____ damage?
 ____ the ____ have durable ____ ?
 ____ your ____ made with ____ don't need ____ protectors?
 ____ have enough screens that ____ strong ____ to ____ against ____ and impact?
 ____ it ____ given that ____ has displays that are able ____ ?
 Is ____ each phone to have ____ against drops ____ protective films?
 Can ____ screens ____ each ____ damage without ____ need ____ protection?
 ____ all models ____ screens ____ handle ____ wear like scratching, ____ or accidental ____ ?
 ____ models come ____ screens that are strong ____ protectors?
 ____ the ____ of ____ model ____ without the ____ additional protection?
 Is ____ screen protectors ____ if ____ model has ____ screen that ____ cracks and ____ ?
 Does each ____ enough ____ that will not ____ additional ____ impact ____ scratching?
 Is ____ accurate to say ____ every ____ has ____ screen ____ reliable enough ____ resist ____ or ____ force?
 ____ have ____ that can ____ typical wear ____ cracking ____ accidental ____ by themselves?
 Even ____ extra ____ are ____ used, will ____ to endure common incidents like ____ and falls?
 Do ____ have ____ without ____ protection measures?
 ____ models come equipped ____ screens designed ____ deal with ____ effectively.
 Is ____ of ____ models ____ to ____ scratches?
 ____ all ____ screens that are resistant ____ like ____ or blows?
 ____ every ____ a screen ____ reliable ____ protect against common damage such as ____ cracking, and ____ force
 Can ____ model's ____ be protected ____ and ____ ?
 Is ____ equipped ____ screens?
 ____ model ____ screens for strength?
 ____ every model come ____ strength?
 ____ possible that all ____ have ____ screens, ____ not extra ____ ?
 ____ all models ____ screens ____ to ____ cracks, ____ without extra protection?
 Do ____ models offer ____ resistant ____ disruptions, like ____ breaks ____ blows?
 Is it ____ that every model features ____ is ____ to protect ____ as ____ cracking, or impact
 Is it ____ all ____ with ____ that resist scratches, ____ and ____ ?
 Is ____ reinforced screens against potential ____ ?
 Does ____ model ____ enough screens ____ protection ____ cracking, or impact?
 All ____ might ____ reinforced, ____ .
 Can the ____ of every model be ____ damage ____ ?
 Does ____ model have ____ screens ____ scratches?
 ____ screens that are scratch proof?
 ____ come ____ screens ____ are reinforced?
 ____ all ____ screens that are impervious to ____ cracks, and ____ their ____ ?
 ____ come ____ a sturdy screen ____ damage?
 Does ____ screens ____ are strong ____ protect against scratches, ____ and ____ ?
 Are ____ models ____ are ____ and scratch resistant?
 ____ built-in screens ____ each ____ enough to ____ and impact ____ additional protectors?
 ____ true that ____ model ____ a ____ that ____ reliable enough to ____ damage ____ cracking, and impact force

_____ all _____ come _____ with _____ screens designed to _____ impacts, are _____ screen protectors redundant?
 _____ models should have screens that _____ impacts.
 Will _____ have _____ screens _____ damage?
 _____ come _____ sturdy screens that resist _____ and impacts?
 _____ all _____ have reinforced screens _____ are strong _____ handle _____?
 _____ model feature strong _____ that _____ need _____ against _____ cracking _____ impact?
 Do _____ models have _____ protection?
 _____ model come with reinforced _____ to _____ scratches, _____ impacts _____ screen protectors?
 Is _____ of screendurable enough _____ scratches, cracks, _____ without _____ supplementary screen _____?
 Can _____ screens _____ are _____ and _____ have to have protectors?
 Did all _____ reinforced _____ crack and impact _____?
 Is it true _____ has a _____ that is _____ to endure common damage, _____ as _____ or _____
 Can all models _____ that _____ strong _____ to _____ need _____?
 _____ the _____ have _____ scratch-resistant _____?
 Does each model _____ screens _____ and _____?
 _____ every model come _____ screen to _____ against _____?
 Do all _____ come with _____ with _____ screen protectors?
 _____ models _____ with _____ scratches, cracks and impacts?
 Is _____ equipped _____ reinforced _____ for impact _____?
 Can every _____ screen _____ protected _____ damage such as _____?
 _____ models _____ with reinforced screens _____ can _____ without _____ protectors?
 Can _____ screen _____ typical damage _____ scratches _____ breaks?
 _____ it _____ all _____ scratch-resistant screens?
 _____ it possible _____ all models _____ screens _____ don't need additional _____?
 _____ models _____ reinforced screens?
 _____ the _____ have reinforced _____ against damage?
 Even if _____ covers aren't used, will _____ enhanced screens _____ endure _____ and _____?
 _____ all _____ with _____ resist scratches, cracks, and impacts?
 _____ models have _____ screens _____ resist impacts and _____?
 Is it _____ for _____ phones _____ scratches, cracks and impacts _____ extra _____ guards?
 _____ all models have screens _____ strong enough _____ scratches, cracking _____ blows on _____?
 _____ all _____ have robust screens that _____ handle _____ like scratching, _____ blows?
 Is _____ a _____ that every model has _____ can _____ scratching/cracking/impact without _____?
 Even _____ extra protective covers _____ not _____ each _____ screens _____ scratches, _____ falls?
