

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Inspections for compliance with electrical standards
Inquiry Sub-Category	Industry Standards
Description	Customers seek clarification on the relevant industry standards and codes that must be followed during electrical inspections, including updates, revisions, or specific interpretations related to compliance with electrical safety regulations.
Data Size	7,931 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ new guidelines or _____ on _____ with electricity-related building code requirements _____ like hurricanes _____ earthquakes?

Is _____ new way _____ electrical code _____ after _____?

Is _____ changes _____ comply with electricity rules _____?

_____ you _____ any information _____ new rules _____ tackling _____ building _____ following natural _____?

Inquire _____ the _____ of _____ safety rules during _____.

_____ guidelines _____ meeting electric code _____ post-hurricanes?

_____ there _____ revised _____ meeting the _____ needs for electrical systems _____?

_____ there _____ update on _____ with _____ related codes _____ disaster?

Can there be new _____ for _____ code _____?

Did you get any electricity _____ hurricanes or _____?

Have there _____ changes _____ building _____ earthquakes and _____?

_____ there any _____ following electrical codes after _____?

Can you tell me _____ building _____ after _____?

_____ information about electrical building codes _____ of disasters?

Is _____ any information _____ related _____ regulations after _____?

_____ you have _____ rules for dealing _____ building codes _____ disaster?

Do you _____ about the _____ compliance rules _____ tackling _____ building _____ following _____?

Is _____ post _____ electric _____ changed?

_____ there _____ on following electrical codes after _____?

_____ an update _____ post-hurricane _____ codes?

Something new when _____ meeting _____ requirements _____ and hurricanes?

Are there _____ code _____ available after earthquakes?

Do _____ new guidelines _____ updated _____ dealing with earthquakes _____ hurricanes?

Is there any _____ how we _____ with electricity related _____ disaster?

Do you _____ on electricity-related _____ regulations _____ calamities?

_____ electricity _____ updates _____ dealing _____ like hurricanes, huh?

_____ about the _____ new electrical safety _____ is a _____.

Is there any _____ information _____ with _____ codes _____ natural _____?

_____ updated _____ code guidelines?
 Any _____ electrical code _____ disaster?
 _____ new rules about _____ electrical building _____ natural disasters?
 _____ for complying with _____ codes after a _____.
 What _____ the _____ updates _____ adhering _____ building codes after _____?
 Is _____ a revision _____ meeting _____ hurricanes or earthquakes?
 _____ to building _____ regarding _____ after _____.
 _____ want _____ if there are _____ published instructions or _____ that will _____ regulatory demands of _____ structures in _____ wake _____
 _____ new rule for _____ electricity codes after storms _____?
 _____ on following electrical building codes in the aftermath _____?
 Is _____ an _____ on complying _____ building _____ earthquakes and hurricanes?
 _____ any _____ how we can comply _____ electricity-related building _____ in _____ of _____ disaster?
 Is there any _____ revisions _____ after hurricanes?
 _____ change _____ the electrical building code _____ following _____?
 Are _____ for _____ for electricity _____?
 _____ for _____ with _____ after earthquakes _____ hurricanes are _____.
 _____ any _____ on _____ to _____ with electricity related building _____ after _____ disasters?
 _____ to _____ with _____ regulations after _____ disasters is available.
 Are there new standards _____ with _____?
 _____ recent _____ modifications _____ electricity-related building _____ compliance _____ disasters?
 Is _____ any revised guidelines _____ meeting _____ building _____ needs _____ systems after _____ natural _____?
 Is _____ a revised guidelines _____ meeting building code _____ systems after _____?
 _____ meeting the _____ code needs related to electrical systems _____ a _____ disaster?
 _____ there be _____ power code compliance _____ earthquakes?
 Do you _____ on _____ codes following natural disasters?
 _____ new post-disaster _____ code _____?
 Do you know _____ for _____ codes after disasters?
 _____ you have _____ guidelines _____ meeting _____ code _____ after _____?
 Is _____ updated building _____ safety _____ natural events.
 Questions about revised building _____ regarding _____ safety _____.
 Inquire _____ the availability _____ new _____ safety rules _____ affected _____.
 _____ for _____ code after _____ natural _____?
 Is _____ any _____ meeting the _____ needs for electrical _____ after _____ disaster?
 There are electrical _____ disasters.
 Is _____ new _____ with earthquake/hurricane electric-code obligations?
 _____ mark, post-natural _____ code _____ changes.
 Are there any _____ in adhering to electrical _____?
 _____ guidelines for _____ with _____ codes _____ a _____.
 _____ if _____ are new _____ electrical _____.
 _____ any updates on _____ with _____ after a _____ disaster?
 _____ is the _____ guidance for obeying _____ the event of _____?
 _____ have _____ for _____ codes in the event of _____ disaster?
 _____ any _____ for meeting the building code _____ hurricanes _____ earthquakes?
 Do you have any _____ codes _____ earthquakes?
 revisions _____ regulations amid _____?
 Are _____ any new _____ or _____ with _____ building codes _____ a disaster?
 Do _____ have _____ new _____ after hurricanes and earthquakes?
 _____ what the _____ rules _____ for tackling _____ codes after disasters?
 _____ there be changes to _____ code requirements _____ hurricanes _____?
 _____ have updated _____ electricity code _____?

Any _____ requirements _____ code compliance _____ the _____ of _____ disaster?
 _____ new guidelines _____ following electrical codes _____ hurricanes.

Something _____ it comes to _____ requirements after _____ and _____?
 _____ there _____ new _____ for _____ electricity _____ after disasters?
 _____ electric _____ changes are _____ offered?
 _____ any updated rules _____ dealing with _____ building codes _____ a _____ earthquake?
 _____ there any _____ on _____ electrical standards after _____ earthquakes?
 _____ an _____ electricity codes?
 _____ there any updated _____ code _____ with disasters?

Will _____ revised _____ regarding electricity _____ natural catastrophe?
 _____ new _____ for electric _____ compliance _____?
 _____ new requirements _____ electrical building codes _____ earthquakes and _____?

Do you _____ anything about _____ for tackling _____ codes following _____?
 _____ there _____ electricity code _____ dealing with disasters?

Is _____ any _____ about _____ with _____ codes _____ an earthquake?
 _____ disaster, _____ requirements _____ electric _____ compliance?
 _____ there _____ on _____ with electricity-related _____ codes _____ hurricanes or _____?

Is there _____ update _____ with electricity-related _____ after _____ disaster?
 _____ be any _____ following electrical _____ codes in the wake _____?
 _____ regarding post-disaster changes to electricity _____ codes?
 _____ post-natural disaster electric _____ be _____?

Do _____ guidelines for _____ electric codes after _____ storm?

Will _____ be _____ new updates _____ complying _____ building _____ after hurricanes _____ earthquakes?
 _____ you _____ new guidelines on codes _____ a _____?
 _____ about _____ electrical standards in _____ aftermath _____ and _____?

Any suggestions _____ how _____ codes after natural _____?

Did _____ know there _____ code updates _____ disasters like _____?

Do you have _____ meeting _____ in the _____ of _____?
 _____ if _____ rules _____ safety are _____.

_____ there _____ with electricity-related building codes after _____ storm?
 _____ the _____ obeying utilities protocol when there is _____?
 _____ there _____ to the electricity _____ after hurricanes and _____?
 _____ the _____ of new electrical _____

Questions _____ revised regulations _____ fulfilling _____ hurricanes or earthquakes.

I _____ there _____ for power code compliance after _____.

_____ revisions to _____ electricity _____ to disasters?

Is _____ for complying _____ earthquake/hurricane _____ code?
 _____ you _____ any _____ guidelines _____ complying with _____ building codes _____ a _____?
 _____ there _____ updated _____ meeting electrical building _____ after _____?

Is there _____ guidelines _____ electrical _____ after earthquakes?
 _____ there any _____ information about adhering _____ electrical standards _____ hurricanes _____ earthquakes?

Have _____ updated _____ guidelines _____ electrical building _____ natural disaster?

Is _____ new set of rules _____ earthquake _____?

Is _____ any _____ to meet _____ code requirements _____ earthquakes?
 _____ you learned anything _____ electric buildin' codes _____ and _____?
 _____ revised power _____ requirements after _____.

post _____ disasters are there _____ code?

Meeting electricity-related _____?

Is there any new _____ or _____ rules for _____ electricity _____ or _____?
 _____ there _____ information _____ with _____ building _____ requirements after disasters?

Is _____ information _____ complying with _____ related _____ a storm?

Do _____ guideline modifications _____ building _____ compliance _____ earthquakes?

_____ new guidelines for _____ code _____ available _____?

Are _____ any _____ guidelines _____ compliance after hurricanes?

Does _____ when it _____ to _____ electrical code requirements _____ storms?

Should there _____ new _____ meeting _____ codes _____ disasters?

_____ heard of _____ for those who ride _____ hurricanes _____ AC?

Is _____ any change to _____ after _____ disaster?

Following hurricanes or earthquakes, are _____ changes _____ requirements?

Are _____ to _____ electricity _____ requirements _____ hurricanes?

_____ inquired _____ revised regulations on _____ code requirements _____.

_____ meet electricity standards?

Are _____ code compliance _____ emergencies?

Should the electrical building _____ changed _____?

_____ any information on _____ changes _____ codes for _____?

Is _____ any update on _____ we can _____ codes _____ there _____ an earthquake or _____?

Do _____ anything _____ the _____ for tackling _____ related _____ codes _____ natural disasters?

Do _____ any _____ information on _____ electrical standards _____ and hurricanes?

How about _____ electric code requirements after _____?

_____ there any new _____ building _____ needs _____ systems after a disaster?

Is _____ post-natural disaster _____ code _____?

_____ new _____ complying with earthquake/hurricane electric _____ obligations?

_____ are _____ requirements _____ like hurricanes and earthquakes.

_____ any _____ information on _____ electrical codes after _____?

I need _____ fresh electricity _____ for _____ disasters.

Inquire _____ the _____ of _____ electrical safety _____ when there _____.

_____ for _____ electrical building _____ after disasters _____ earthquakes?

_____ you know the new _____ electricity related building codes _____?

Is _____ a new electricity code _____?

_____ there _____ guidelines for _____ electrical building codes _____?

_____ electricity-related standards after _____?

_____ about new rules _____ electrical _____ when there _____ or _____.

Have _____ been any _____ code requirements after _____ earthquakes?

There _____ code _____ and earthquakes.

_____ any _____ code updates for _____ or _____?

I _____ info on electricity-related building regulations _____ natural disasters.

Inquire the availability of _____ electrical safety _____ an _____.

Do you know about new _____ for _____ related _____ catastrophes?

Is it _____ to inform _____ of any _____ instructions or _____ us _____ demands of _____ structures following _____ and _____

Do recent guideline modifications _____ code _____ hurricanes _____ earthquakes?

_____ about _____ revised guidelines for electric code _____ hurricanes?

_____ offer post-natural disaster _____ changes?

Do you _____ guidelines on how _____ comply _____ codes _____ a _____?

_____ requirements _____ electricity-related constructions after _____ and earthquakes.

Is _____ an update _____ electricity- related building _____ and hurricanes?

_____ it _____ to inform me _____ published instructions _____ revisions guiding _____ through the regulatory demands _____ structures _____?

_____ there any _____ electricity _____ after natural disasters?

Do you have _____ rules for _____ electricity _____ codes after _____ earthquake?

Any _____ for _____ compliance _____ disaster?

I was _____ revised _____ fulfilling power _____ requirements after _____.

_____ new guidelines _____ following electrical _____ after _____ and earthquakes?

_____ for meeting _____ code requirements _____?

Inquire _____ availability of new electrical _____ rules _____ is _____.

Does _____ electric code _____ change _____?

_____ for electricity code after _____.

New guidelines _____ on _____ electrical codes _____?

Do _____ on _____ building _____ the wake of disasters?

_____ for electric _____ compliance _____ disaster?

Do you have updated _____ codes _____ as earthquakes?

Does anyone _____ new _____ on _____ electrical standards _____ hurricanes _____ earthquakes?

_____ new _____ complying with earthquake/hurricane _____ obligations?

Any updates _____ electricity _____ the disaster?

_____ new requirements _____ code _____ after _____ natural disaster?

_____ there any revision _____ code requirements _____ disasters?

_____ complying _____ electric _____ earthquakes and hurricanes.

_____ the electrical _____ hurricanes and _____?

How _____ we _____ with electricity-related _____ codes when _____ hurricanes _____?

Is _____ change to electrical _____ after _____ and hurricanes?

_____ may _____ rules to _____ for earthquake electricity _____.

_____ any _____ guidelines available _____ the building _____ electrical systems after a _____ disaster?

Is there _____ when it _____ adhering _____ electrical-building codes during _____?

_____ the latest _____ for _____ utilities _____ in _____ event of _____?

_____ you _____ new compliance _____ for _____ related building codes following _____ disasters?

_____ there any _____ following electrical _____ codes in _____ of disasters?

_____ electrical _____ code following natural _____?

_____ there _____ change regarding complying _____ electricity related _____ a _____?

_____ post-natural _____ code compliance changing?

Do _____ have updated _____ for _____ building _____ after _____ disasters?

_____ new guidelines _____ earthquake/hurricane electric code obligations?

Can _____ be new _____ electricity _____ after _____?

_____ the _____ change soon?

_____ are any _____ codes _____ who _____ out _____ or earthquakes _____ AC?

_____ any new _____ on _____ to _____ standards after _____ and _____?

_____ updated information regarding electrical building _____ disasters?

_____ there _____ available about _____ to electrical standards _____ hurricanes?

_____ latest _____ on electrical _____ in the wake _____ hurricanes and _____?

_____ you _____ on electrical building codes _____ disasters?

_____ new rules _____ following _____ building codes _____ the _____ disasters?

Is there any _____ building code _____ or earthquakes?

Is _____ a _____ procedure _____ codes after hurricanes?

Is _____ available for meeting the building _____ needs _____ electrical _____ after _____?

_____ for _____ for electricity _____ disaster?

_____ changes to the _____ building code _____ a natural _____.

_____ there any _____ post _____ changes to _____ codes?

_____ recent changes _____ with electricity-related rules after _____?

_____ updates _____ adhering _____ electrical _____ disasters such _____ hurricanes exist today?

_____ on the _____ of new electrical _____ a _____.

Is _____ on post-disaster changes _____ and electricity _____?

Is _____ new _____ about _____ with earthquake/hurricane _____ code _____?

_____ latest guidance _____ obeying utilities _____ the event _____ a _____?
 How to _____ standards _____ earthquakes?
 Is _____ regarding post-disaster _____ codes?
 _____ any _____ how to comply with electricity _____ building codes _____?
 Is _____ way _____ comply with _____ building codes _____ natural _____?
 _____ there _____ electricity _____ updates for us dealing _____ or _____?
 _____ guidelines for _____ code _____ after hurricanes or earthquakes?
 Is _____ revised _____ codes _____ electricity safety _____ events?
 Is there _____ changes in the _____ codes?
 Are there any guidelines _____ after _____?
 Is _____ any _____ how _____ can comply _____ electricity-related _____ disasters like hurricanes?
 _____ updates _____ adhering to _____ building codes _____ like hurricanes _____ earthquakes, _____?
 _____ there are _____ guidelines for electricity _____ after a _____.
 _____ know _____ are any _____ for complying _____ electricity-related building code _____ hurricanes and _____?
 _____ there any updated information _____ complying _____ electricity _____ codes _____ or _____?
 Is there any _____ for dealing _____ electricity-related _____ codes _____?
 Is there _____ new _____ adhering _____ electrical _____ during disasters?
 Is there _____ new guidelines _____ code _____ natural _____?
 _____ to _____ electricity _____ after earthquakes?
 Is _____ about _____ changes in codes _____ electricity _____?
 Is _____ electrical building _____ after disasters?
 _____ on _____ electrical _____ after hurricanes _____?
 Is _____ new rules _____ following _____ building _____ aftermath of hurricanes _____ earthquakes?
 _____ there any _____ to meet _____ code _____ or earthquakes?
 Following _____ disasters _____ hurricanes, should _____ code _____ changed?
 _____ you _____ about _____ rules for tackling _____ related building codes _____ wake _____ disasters?
 Is _____ any _____ for _____ building _____ needs for electrical _____ in _____ event _____ natural disaster?
 _____ an update regarding complying _____ codes after _____ natural _____?
 Is there _____ following electrical _____ after hurricanes?
 _____ it known _____ we can comply _____ building _____ of a disaster?
 Should there be _____ following electrical _____ aftermath of _____ disasters?
 _____ there _____ to _____ code requirements _____ disasters _____ hurricanes _____ earthquakes?
 Is there _____ electricity regulations?
 Is there _____ on _____ electricity- related building code _____ hurricanes?
 _____ there revised guidelines for _____ code requirements _____ hurricanes?
 Is it _____ provide _____ electricity related _____ after hurricanes or _____?
 Guidelines for _____ with _____ after _____ or earthquakes are _____ need _____.
 Do you _____ to _____ to meeting electrical code requirements after _____?
 Any new _____ code compliance _____ disaster?
 _____ interested _____ building _____ electricity safety after natural events.
 Is _____ new _____ for _____ with _____ building code _____ or hurricanes?
 Should there be _____ code _____ earthquakes and hurricanes?
 _____ anything _____ about complying _____ electricity _____ building _____ after earthquakes?
 _____ for _____ electricity codes after _____?
 _____ there _____ about _____ in _____ for electricity?
 Are there _____ compliance _____ tackling electricity-related building _____ following _____?
 Is there _____ electrical standards in _____ of disasters?
 _____ you _____ of new compliance _____ for _____ electricity related building _____?
 _____ any new requirement _____ follow _____ codes _____ disasters?
 Is _____ any new _____ electricity codes _____ a storm?

Inquire _____ availability of _____ electrical safety _____ storm.
_____ have any new _____ regarding _____ codes following natural _____?
_____ electrical codes _____ updated.
_____ is the latest _____ obeying utilities _____ the event _____ earthquake _____ Hurricane?
What is _____ when _____ to meeting _____ after _____ storm?
There _____ meeting _____ related codes _____ storms and earthquakes.
Do _____ any new _____ dealing _____ electricity-related building codes _____ storm?
Are _____ requirements for adhering to _____ during earthquakes _____ hurricanes?
Is _____ regarding complying _____ electricity _____ codes after _____ storm?
Is _____ any _____ information _____ adhering to _____ in the _____ hurricanes?
Is _____ any _____ complying with _____ building code _____ hurricanes _____ earthquakes?
_____ about updated _____ hurricanes or _____?
There _____ new guidelines _____ electricity codes _____ natural _____.
_____ any _____ information about electrical _____ in the _____ natural disasters?
_____ be updates regarding complying _____ related codes after _____.
_____ there _____ new _____ of regulations on electrical code _____?
_____ you _____ electric buildin' codes _____ hurricanes or _____ changed?
_____ to _____ with _____ building regulations following _____ hurricanes?
Is _____ any _____ on complying _____ codes _____ a natural _____?
Are there any new updates _____ electrical _____ and _____?
_____ if _____ are any updated rules for earthquake _____?
Is there _____ how _____ comply with electricity _____ codes _____ disaster?
Do _____ any new guidelines _____ building codes _____ a natural _____?
_____ need new guidelines _____ electricity codes after _____?
_____ could _____ new _____ electric _____ after a disaster.
Do _____ have _____ new guidelines _____ electrical _____ hurricanes _____ earthquakes?
Are _____ for meeting _____ code needs _____ electrical systems _____ or earthquakes?
Do you _____ updated _____ regarding _____ following natural _____?
Inquire about _____ for _____ safety _____ a _____.
How to _____ with _____ in _____ of _____ can be updated.
What _____ for following utilities _____ when there _____ a _____ or _____?
Is there any updated _____ building _____ needs for _____ systems _____ disaster?
_____ mark _____ post-natural _____ electric _____ compliance _____.
Revisions _____ building _____ concerning _____ natural _____.
_____ there _____ to the regulations pertaining to _____ compliance _____ or hurricanes?
Do _____ the new rules _____ tackling electricity _____ after _____ catastrophes?
_____ been _____ changes to the _____ code compliance after _____ or hurricanes?
There are possible _____ on complying with electricity-related _____ hurricanes _____.
_____ there any _____ for _____ codes _____ disasters?
Is there _____ updated guidelines _____ electrical building _____ after _____ hurricanes?
_____ you have _____ for meeting the _____ building _____ natural disaster?
Inquire _____ of new _____ if there is an _____.
Is there any _____ on adhering _____ code _____ earthquakes and _____?
Can you _____ me any information _____ electricity-related _____ disasters?
Is there any revision _____ electricity _____ following _____ earthquakes?
_____ there _____ changes _____ the _____ electricity-related building _____ compliance after hurricanes or _____?
Do you _____ guidelines for _____ electrical _____ hurricanes?
Will there be _____ regarding _____ electricity related _____ disaster?
Will _____ new guidelines for _____ disaster?
_____ there _____ recent changes _____ code compliance after _____?

_____ about _____ electrical _____ rules when there is _____.

_____ about an update to the _____?

Do _____ standards _____ complying _____ electric-code obligations _____?

Do _____ have _____ for _____ building codes _____ a natural disaster?

Is there _____ new information _____ building codes after _____?

Is there _____ update _____ with electricity-related _____ code _____ hurricanes _____ earthquakes?

There might be new _____ for meeting electricity _____.

_____ there _____ electrical code compliance _____?

Is _____ any new _____ regarding adhering to _____ natural _____?

Can you update the _____ after hurricanes or _____?

_____ there _____ regarding _____ building regulations _____ natural calamity?

Are _____ guidelines _____ the building code _____ for electrical systems _____ event of _____ natural _____?

_____ have any information _____ electricity-related _____ a natural calamity?

Do _____ know anything about new rules _____ electricity-related building _____?

Is there any _____ guidelines or _____ complying _____ building code _____ or earthquakes?

_____ do we _____ electricity _____ building _____ after _____ or earthquakes?

_____ there changes to _____ code _____ and earthquakes?

_____ updates _____ adhering _____ electrical building codes _____ like hurricanes _____?

_____ released any new guidelines for complying _____ after a _____ disaster?

_____ electricity code _____ after a _____?

Question _____ the post-natural disaster _____ code _____.

Are _____ any changes to _____ code _____?

_____ electricity-related building codes if there is an _____ or _____?

_____ you _____ updated _____ for dealing _____ electricity codes _____ storm?

Need guidelines _____ how _____ comply with _____ storm.

_____ have _____ information on _____ rules _____ tackling _____ building codes _____ disasters?

Is _____ available _____ with electricity-related building _____ requirements after natural _____?

_____ there any _____ to the _____ building code _____ earthquakes or hurricanes?

_____ we _____ with electricity _____ building codes in _____ event of _____?

_____ you have _____ new electricity _____ updates _____?

_____ want to know _____ published instructions or revisions _____ will guide _____ through the _____ of electrified structures after _____

_____ there _____ on _____ electricity-related codes after _____ natural disaster?

_____ require _____ latest code _____ post-disaster electrical compliance?

Is there any information about _____ regulations?

_____ guidelines for _____ compliance _____ hurricanes and earthquakes?

_____ electric _____ can _____ accomplished _____ post-disaster guides.

_____ revising _____ for _____ code requirements _____ earthquakes and hurricanes?

_____ electric code compliance change?

Changing building codes _____ natural _____.

_____ Mother Nature knocks, what's _____ latest _____?

_____ any _____ on complying with electricity-related building code _____ after _____?

_____ anything new _____ it comes _____ meeting _____ after _____ and _____?

_____ keep _____ with _____ standards after _____?

Is _____ any _____ rules for _____ codes after _____?

_____ you _____ anything _____ updated power rules _____ or hurricanes?

_____ there any _____ complying with _____ requirements after _____ and _____?

_____ any _____ power code compliance after _____?

_____ is the _____ updated power _____ for _____ and _____?

How can we comply _____ electricity _____ in _____ event _____ disaster _____ hurricanes?

_____ there any _____ rules _____ dealing with _____ codes _____ a _____?

_____ requirements _____ electric code _____ disasters?
 _____ the _____ hurricanes _____ any new updates _____ electrical standards?
 _____ there a new _____ comply with _____ related _____ codes after _____?
 _____ have _____ the new _____ tackling electricity-related building _____ after disasters?
 In the aftermath _____ any _____ electrical standards?
 Is _____ guidelines _____ electricity _____ disasters?
 _____ be anything _____ it comes _____ meeting electrical _____ requirements after _____?
 Is _____ information _____ with _____ related codes after a _____ disaster?
 _____ there any new rules _____ following electrical _____ of disasters?
 Should _____ electrical building code following earthquakes?
 _____ electrical building _____ be _____ after _____ like hurricanes _____?
 Is there _____ building code needs _____ electrical systems _____ disasters?
 Is _____ any _____ on power code compliance _____?
 _____ comply with electricity- related building _____ the _____ of _____ or hurricanes?
 _____ any _____ complying with electricity _____ codes after a _____?
 _____ there a _____ for _____ electricity _____ after storms?
 Is _____ code _____ electricity after _____?
 Is there a _____ codes for _____ events?
 _____ have _____ new guidelines _____ to comply _____ related building _____ after natural _____?
 _____ get any _____ code _____ for dealing _____ disasters like _____ or _____?
 Is _____ any recent revisions _____ electricity _____ after _____?
 Is there _____ related building code requirements _____ hurricanes?
 Is there an update _____ how _____ can _____ with _____ building _____ there _____ an _____?
 New _____ on _____ emergencies?
 How _____ we comply _____ after _____ hurricanes or earthquakes?
 _____ new guidelines on how to _____ with electricity-related _____ after _____ disasters?
 Do you _____ rules for dealing with _____ after _____ or _____?
 _____ there any _____ information _____ about how to _____ with electricity related building _____?
 _____ there _____ changes _____ building code compliance after _____ earthquakes?
 _____ you know _____ about electricity-related _____ a disaster?
 _____ on how _____ comply _____ electricity related building codes after hurricanes or _____?
 _____ looking _____ on earthquake _____ codes.
 There are _____ electric code _____ requirements _____ disaster.
 Is there any _____ on how _____ can _____ with _____ a disaster?
 Are there _____ for _____ electrical-building _____ when there _____ a _____ calamity?
 _____ updated _____ for meeting the _____ code needs for electrical _____ like _____ or earthquakes?
 _____ updated guidelines for meeting electrical _____ disasters _____ hurricanes or _____?
 _____ any _____ guidelines regarding power code _____ after _____ or _____?
 _____ there any revision to _____ electricity regulations _____?
 Have you _____ any new _____ those _____ ride out _____ or _____ without _____?
 Is _____ a _____ update _____ adhering _____ the power _____ disasters?
 When _____ the _____ rules on electrical safekeeping?
 _____ you _____ information _____ related _____ regulations after _____ natural calamity?
 How to meet _____ related _____?
 There should _____ for meeting electricity _____ codes _____ storm.
 _____ there be any _____ the _____ building code _____ natural _____?
 _____ there any updated _____ for _____ building codes _____ earthquakes?
 Have _____ electricity _____ for disasters like hurricanes _____?
 _____ to _____ regulations following natural disasters _____ the _____ of updates.
 Have _____ ever wondered about the _____ codes _____ or _____?

Is there updated ____ for ____ with ____ ____ ?

____ code updates ____ electrical ____ ?

Have ____ been ____ the ____ code ____ after ____ and hurricanes?

What ____ when it comes to meeting electrical ____ ____ ?

____ have ____ made on adhering to ____ code regulations after ____ ?

____ codes about electricity safety?

Do ____ updated information ____ electrical ____ codes following earthquakes ____ ?

____ about new ____ rules when there ____ .

____ new electricity code ____ with disasters?

____ anything new ____ meeting ____ code requirements ____ storms and earthquakes?

____ in adhering ____ codes after ____ and earthquakes exist?

____ you ____ information about ____ new compliance ____ for tackling ____ building codes after ____ and ____ ?

Do you ____ information ____ electricity- related building ____ natural ____ ?

____ things ____ do ____ electrical code requirements after storms?

____ any ____ electricity code updates ____ or quakes?

Do you know ____ the new ____ building ____ in the wake ____ disasters?

____ post-disaster changes in electricity codes ____ regulations?

Can there ____ requirements ____ code compliance ____ a disaster?

Is ____ any revised ____ the ____ needs ____ systems ____ hurricanes or earthquakes?

Are ____ updated guidelines ____ electricity-related building codes ____ storm?

What's ____ guidance for ____ utilities ____ during ____ hurricanes?

____ be changes to ____ electrical ____ code ____ natural ____ .

____ electricity codes ____ disaster?

____ disaster ____ code ____ change?

Is ____ any ____ complying with electricity ____ after hurricanes and earthquakes?

____ requirements for ____ electrical-building codes during disasters.

____ electricity-related building code compliance following earthquakes or ____ ?

____ it possible to ____ related constructions after ____ or earthquakes?

____ you ____ any ____ guidelines ____ for ____ related building codes ____ a storm?

Do ____ have any ____ about ____ rules for ____ building ____ after disasters?

____ you know ____ new rules ____ tackling ____ related ____ codes ____ disasters?

____ you ____ updated information ____ building codes ____ disasters?

Is ____ guidelines for meeting ____ codes after a ____ ?

____ on ____ or earthquake ____ .

____ on availability ____ rules ____ electrical safety when ____ an ____ .

Have ____ been updates to the building ____ hurricanes?

____ guidelines for electricity ____ after ____ natural disaster.

____ any recent ____ to electricity-related ____ code ____ or hurricanes?

____ any ____ guidelines ____ after disasters?

____ can ____ comply ____ building codes after earthquakes or ____ ?

____ you know any information ____ regulations ____ disasters?

____ new rules about ____ with earthquake/hurricane electric ____ ?

Is there ____ new ____ on ____ electricity-related ____ codes ____ earthquakes?

____ requirements for adhering ____ electrical ____ codes during hurricanes ____ ?

____ guidelines on ____ for ____ after ____ ?

Any new ____ for ____ code ____ a disaster?

Is ____ an update for ____ with ____ building ____ after hurricanes ____ ?

____ to ____ for electricity ____ constructions after ____ hurricanes or earthquakes?

____ there any ____ updates for us dealing ____ ?

Any changes ____ code ____ natural ____ ?

Do you know about _____ rules _____ building _____ after _____ catastrophes?

Is there _____ on _____ electrical _____ in the wake of _____?

_____ the _____ electric code compliance _____?

Does _____ new _____ for following _____ codes after hurricanes?

How can _____ standards related to _____?

_____ there any recent updates about _____ power code _____?

What are _____ latest guidelines for _____ utilities _____ and _____?

Is _____ requirement for proper harness of _____ in _____?

_____ if there _____ new _____ for electrical _____ when there _____ big _____.

Do you have any _____ guidelines _____ electricity- _____ after natural _____?

Is there _____ electricity-related building codes after a _____?

_____ have _____ regarding _____ building codes in the aftermath of _____?

_____ there _____ guidelines for electricity _____ a _____?

_____ new _____ about earthquake electrical _____.

Do _____ have _____ new rules for _____ electrical building _____ the _____?

Are you _____ of new _____ rules _____ tackling electricity-related _____ codes _____?

Is there any _____ code _____ in emergencies?

_____ new information available _____ to _____ in _____ aftermath of hurricanes and _____?

_____ you have _____ updated _____ regarding _____ codes following _____ hurricanes?

The post-disaster _____ requirements _____.

Are _____ rules for _____ code _____ emergencies?

_____ on _____ electrical standards _____ wake of hurricanes and _____?

_____ disaster electric _____ compliance _____ now?

_____ about the revised _____ for _____ electric _____ requirements after _____?

Is _____ available on _____ to electrical standards _____ and _____?

Guidelines for _____ with _____ after _____ are _____ need.

_____ it possible to _____ on complying _____ electricity-related building _____ hurricanes and _____?

_____ in any _____ following electrical codes _____ hurricanes.

_____ there any update _____ adhering to _____ regulations _____ and _____?

Does _____ know of _____ updates _____ to _____ regulations after _____?

_____ there _____ regulations _____ power code requirements after _____ earthquakes?

_____ or _____ for dealing with electricity related _____ codes after _____ storm?

Do you have updated _____ meeting electrical building _____?

_____ can _____ with _____ codes after disasters _____ as _____ or earthquakes?

_____ know _____ the word is on updated power _____ storms _____?

_____ there any new rules _____ dealing _____ electricity related _____ storm?

There may be new _____ for electricity _____ of _____.

Is there an _____ power _____ regulations _____ disasters?

Do you know anything about _____ tackling _____ after _____ disasters?

Is _____ guidelines _____ power _____ compliance after earthquakes?

How _____ deal with _____ building _____ storm or _____?

_____ the _____ guidance available _____ following utilities _____ the event _____ a _____ or _____?

_____ have _____ for dealing _____ electricity-related building codes _____ storm?

_____ there _____ complying with _____ related _____ after hurricanes _____ earthquakes?

_____ is the _____ for following the utilities _____ in _____ or Hurricane?

How _____ updating electrical standards in _____ and _____?

_____ there _____ revision to meeting _____ code _____ after hurricanes _____?

_____ there any updated rules _____ dealing _____ electricity _____ building codes _____?

_____ there a _____ guidelines for meeting the needs _____ electrical _____ natural _____?

Will there _____ any _____ for _____ compliance _____ a natural _____?

_____ you _____ updated _____ or rules _____ with electricity related _____ codes _____ a _____ ?
 Is _____ possible to inform _____ recently _____ instructions or revisions _____ through the _____ of _____ structures following _____ earthquakes?
 _____ you update _____ codes after a _____ disaster?
 _____ about new _____ rules _____ a _____ .
 _____ familiar _____ new _____ rules for _____ electricity-related _____ codes following _____ catastrophes?
 _____ about the availability _____ electrical safety _____ a storm.
 _____ about the _____ requirements _____ hurricanes.
 _____ obeying _____ after hurricanes or earthquakes _____ needed.
 _____ electrical _____ in emergencies _____ updated?
 Is _____ guidelines _____ how _____ comply with _____ building _____ after disasters?
 _____ there any new rules regarding _____ building _____ earthquakes?
 _____ guidelines on codes for _____ disaster?
 Will _____ updates _____ complying with electricity-related _____ code requirements _____ and _____ ?
 Do _____ any information _____ electricity-related _____ after _____ disasters?
 How to comply with _____ building _____ following _____ can be updated.
 Is the _____ updated?
 Is there any information on _____ regulations _____ ?
 _____ there _____ the changes to _____ and codes _____ disasters?
 _____ for electrical _____ when _____ is a disaster.
 Is there any updated guidelines _____ rules _____ dealing _____ electricity _____ after _____ ?
 Do _____ the electrical building _____ following natural disasters?
 _____ new guidelines _____ after disasters?
 Is _____ recent _____ to the regulations regarding _____ after earthquakes _____ ?
 _____ we do to _____ electricity related standards _____ ?
 _____ code compliance changes are _____ offered?
 _____ there _____ new on _____ with electricity _____ codes after _____ hurricanes?
 _____ wondering about revisions to _____ requirements after _____ .
 Is _____ any revisions to _____ following _____ earthquakes?
 Inquire availability _____ new rules _____ safety _____ there _____ a _____ .
 New rules _____ electricity related _____ after earthquakes _____ ?
 _____ there _____ guidelines for meeting electrical _____ the _____ a natural _____ ?
 _____ there any new rules _____ following _____ building codes _____ ?
 _____ new guidelines _____ electricity _____ a _____ ?
 _____ there _____ rules about complying with _____ code?
 _____ can we comply with _____ building codes _____ a disaster, like a _____ earthquake?
 Does _____ have _____ code guidelines?
 _____ there _____ new _____ with electricity-related building codes after _____ ?
 Should _____ electrical _____ codes _____ followed _____ the _____ of natural _____ ?
 _____ can we comply with _____ building codes _____ like _____ earthquakes?
 There _____ new _____ to _____ codes during natural disasters.
 Do you know _____ about new compliance rules _____ codes _____ of disasters?
 _____ new _____ for _____ code compliance after disasters.
 _____ you _____ any _____ on _____ to _____ standards in the _____ of hurricanes _____ ?
 Do _____ of any new _____ who ride out hurricanes _____ AC?
 _____ the _____ of new _____ when there is an _____ .
 _____ rules _____ meeting electricity _____ after _____ ?
 _____ know if there are _____ electricity _____ and codes?
 _____ any _____ information regarding _____ electricity related _____ after hurricanes?
 _____ there _____ about post-disaster _____ to codes _____ regulations?
 _____ you know any information about _____ disasters?

Is there any new ____ on following ____ electrical ____ earthquakes?

Is there a change ____ electrical ____ code ____?

Is ____ about meeting ____ code requirements ____ earthquakes or ____?

New guidelines ____ changes ____ electrical ____ or earthquakes?

How ____ electric ____ after earthquakes and hurricanes?

Did you ____ the ____ updates ____ like ____ or earthquakes?

____ any revision of ____ regulations ____ to natural ____?

____ any new ____ for adhering to ____ natural disasters?
