

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Coolant leaks under the hood
Inquiry Sub-Category	Coolant Leak Prevention Tips
Description	Customers inquiring about preventive measures they can take to reduce the likelihood of coolant leaks, such as regular cooling system maintenance, inspection of hoses and fittings, and the use of coolant additives.
Data Size	5,068 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

_____ distilled water instead _____ in antifreeze help prevent corrosion _____ potential _____ ?
 _____ you _____ water _____ distilled water _____ anti-freeze to _____ against harmful _____ elements?
 _____ think that using _____ distilled water _____ from rust and _____ leaking?
 _____ drinking tap _____ be replaced with _____ in anti-freeze _____ the _____ of _____ ?
 _____ you think _____ a _____ is more effective than a _____ ?
 _____ possible to use distilled water instead of _____ leaking _____ .
 Can distilled water _____ used _____ and _____ issues?
 _____ drinking tap water _____ a _____ in anti-freeze to reduce _____ of corroding and _____ ?
 Do you _____ distilled _____ over tap water _____ leaks _____ ?
 Can _____ replace _____ tap water _____ water in _____ protection _____ leaks?
 drinking _____ water _____ replaced _____ water in _____ to reduce _____ of harmful _____ entering
 Is _____ use of _____ water in _____ for _____ ?
 _____ drinking tap _____ water in anti-freeze in order to reduce _____ chance _____ corroded _____ ?
 _____ drinking tap water _____ by a distilled water in _____ ?
 Replacing drinking _____ water with _____ water _____ harmful _____ of the elements.
 Does it make _____ replace tap water with _____ anti-freeze _____ leaks?
 _____ it possible to _____ of distilled _____ to keep _____ out of _____ ?
 _____ be used instead of _____ water in _____ prevent potential _____ ?
 Can _____ be _____ with distilled _____ in anti-freeze _____ risk of _____ ?
 _____ water prevent _____ in antifreeze?
 _____ would like to know if _____ better to _____ a _____ versus _____ for _____ .
 Is _____ to avoid future _____ changing _____ to distilled water _____ the _____ ?
 Can _____ be _____ with _____ distilled _____ anti-freeze to protect _____ a leak?
 _____ possible _____ use distilling water _____ protect _____ and _____ over time?
 _____ you think using distilled water _____ will _____ ?
 Does it _____ sense to _____ water _____ water in _____ against leaks?
 _____ it possible _____ out of _____ leak with a type _____ water.
 Can I use _____ type of _____ water to _____ antifreeze _____ ?

_____ tap _____ be changed _____ distilled water _____ reduce the risk _____ leaking?
 _____ is _____ to _____ water with _____ water in anti-freeze to reduce _____ risk of _____.
 Can drinking tap water _____ replaced with a _____ water in _____ the _____?
 Is it _____ use _____ instead _____ tap to _____ of long-term corrosive _____?
 _____ tap _____ with a _____ in anti-freeze to reduce _____ risk _____ decaying?
 _____ distilled _____ the best _____ leaks _____ the antifreeze?
 _____ you _____ using distilled water _____ causes less corrosion?
 Is _____ to _____ distilling water _____ leaks and decay?
 Do you _____ that using _____ is _____ effective at preventing _____ water _____?
 Do you _____ it's better _____ distilled water instead _____ for _____ of _____ leaks?
 _____ I use distilled water instead _____ to _____ my _____ leak?
 _____ it possible to replace drinking _____ distilled water _____ reduce _____ risk of _____ and _____?
 _____ you think _____ using _____ distilled _____ is better _____ keeping the water safe _____?
 Do you _____ water _____ be used _____ water to _____ and corrosive _____?
 Do you _____ using _____ in _____ antifreeze _____ rust _____ leaking?
 _____ tap water be _____ with _____ in _____ to prevent _____?
 Is _____ to _____ water _____ protect against leaks?
 _____ tell _____ distilled water in _____ will _____ leak _____ than tap water?
 _____ can be _____ with a _____ in _____ to reduce the _____ of harmful _____ entering
 _____ you believe using _____ water _____ the _____ and leaks?
 _____ think using _____ water _____ water helps with the risk _____?
 _____ drinking tap _____ be replaced with _____ water _____ to _____ effects?
 _____ believe using distilled _____ in the _____ prevent rust _____?
 _____ think _____ using distilled water instead _____ tap _____ can _____ risk of _____?
 Is _____ use distilled _____ in antifreeze to _____ corrosion _____.
 Can _____ tap water _____ replaced with _____ distilled _____ in _____ protection _____ water _____?
 _____ better to _____ distilled water if _____ want _____ prevent _____ and _____?
 Is _____ use distilled water in antifreeze _____ want _____ over time?
 Does _____ water protect _____ corrosive _____?
 _____ use distilled _____ something else, _____ keep my _____ out _____ plumbing?
 Can _____ tap water be _____ with distilled _____ to _____ the _____ toxic _____ entering?
 _____ believe _____ water _____ more effective _____ preventing _____ than tap water _____?
 Can drinking tap _____ replaced with _____ distilled water in _____ the risk _____ and _____?
 _____ distilled water _____ water _____ antifreeze helps prevent leaking over time?
 Is distilled water _____ preventing _____?
 Can drinking _____ water be replaced _____ water _____ antifreeze to _____ of harmful chemicals _____?
 _____ you believe using _____ water _____ water can _____ development of _____ and the risk _____?
 _____ you _____ water on the antifreeze will _____ less corrosion and _____.
 _____ you think _____ distilled _____ better _____ water safe from leaks?
 Can I _____ distilled _____ tap water _____ my antifreeze _____ problems?
 _____ think using _____ water instead _____ tap _____ can help prevent _____ leaks?
 When _____ with antifreeze, how does _____ of distilled water _____?
 _____ it better _____ use distilled water _____ of tap _____ for _____ of _____ of corrosion _____?
 _____ you believe using distilled water instead of tap _____ development _____ Corrosion or _____?
 Can _____ tap _____ be replaced with _____ water in anti-freeze _____ the risk _____?
 Do _____ better at _____ the water _____ from rust and _____?
 _____ you _____ distilled _____ of tap water in antifreeze _____ help _____ leaks _____?
 _____ possible to _____ distilled water or _____ keep my _____ out _____ the leak?
 _____ you _____ that using distilled _____ of _____ water can help _____ the development of _____ risk _____?
 Do you think that _____ distilled water _____ water safe from _____?

____ drinking tap ____ replaced ____ a ____ water in anti-freeze ____ ____ ____ leaks?
 Do you ____ ____ ____ ____ protect against leaks ____ time?
 Can drinking tap water ____ ____ with a ____ water ____ ____ to ____ the ____ ?
 Do you ____ ____ water ____ ____ and corrosive elements?
 ____ ____ using distilled ____ ____ of ____ ____ prevent the development of potential leak?
 Does it make ____ ____ ____ water ____ ____ water to ____ ____ and corrosive elements?
 Is ____ possible to ____ ____ over tap water ____ prevent leaks ____ ____ .
 ____ ____ distilled water on the antifreeze ____ ____ lesscorrosion ____ leaks?
 When ____ ____ anti-freeze, how ____ ____ use ____ ____ water ____ the ____ of leakage?
 ____ ____ me if ____ distilled water in antifreeze will ____ leak ____ ____ water?
 Can I use ____ distilled water ____ ____ ____ the leak?
 Do ____ think using distilled ____ ____ of ____ ____ can ____ reduce the ____ of ____ ?
 Do distilled water over ____ ____ ____ and ____ elements?
 Can ____ tap water ____ ____ with a distilled ____ in ____ ____ to decrease ____ ____ ____ corroded taps?
 Can drinking ____ ____ replaced ____ distilled water ____ ____ to ____ harmful effects ____ the ____ ?
 ____ you use distilled water ____ tap water, ____ ____ ____ and ____ elements?
 ____ water ____ protect against ____ over ____ ?
 ____ it possible ____ distilled water instead ____ tap ____ the ____ ofcorrosion?
 Can drinking ____ water ____ replaced ____ a ____ ____ ____ to ____ risk of ____ and leaking?
 When ____ with antifreeze, ____ does the ____ ____ distilled ____ ____ risk ____ leaks?
 Can ____ ____ be replaced with a ____ water ____ anti-freeze to reduce ____ ____ of ____ chemicals ____ ?
 ____ drinking tap ____ ____ distilled ____ in anti-freeze to prevent ____ entry ____ chemicals?
 ____ tap water be ____ with ____ water ____ anti-freeze to ____ corroded ____ ?
 ____ use ____ water can prevent leaks in ____ ____ .
 Can ____ tap water ____ replaced ____ ____ water ____ anti-freeze because ____ ____ ____ of corroded and leaking.
 Does using distilled ____ over ____ ____ ____ in the ____ ?
 Do you think ____ water in ____ ____ leaks?
 Can drinking ____ ____ replaced with ____ ____ in ____ ____ reduce the chance of ____ chemicals ____
 ____ tap water ____ ____ with ____ distilled water in anti-freeze ____ reduce ____ of ____ ?
 ____ ____ using distilled water instead of tap water will ____ ____ ____ ?
 Is ____ ____ to ____ drinking tap water ____ ____ distilled ____ in anti-freeze ____ ____ the ____ ____ corroded and leak?
 Can drinking ____ water be replaced ____ a distilled ____ ____ ____ reduce ____ risk ____ ____ ?
 ____ ____ water ____ the anti-freeze prevent ____ and leaking?
 ____ use ____ ____ in antifreeze better to prevent ____ ?
 Can drinking ____ water be ____ with ____ water ____ ____ ____ the ____ of ____ tap water?
 ____ distilled water ____ the antifreeze ____ ____ and leaks?
 Do you believe that ____ distilled ____ ____ water can ____ leaks ____ ____ in ____ antifreeze?
 Can ____ use distilled water ____ ____ ____ antifreeze to ____ leaking issues?
 ____ distilled water in the ____ ____ ?
 Can ____ ____ leaks ____ antifreeze?
 ____ drinking tap ____ ____ with a distilled ____ ____ anti-freeze in ____ ____ reduce the risk ____ ____ taps?
 ____ it ____ to ____ distilled ____ instead ____ tap water ____ leak ____ ?
 Does ____ distilled ____ in ____ antifreeze help ____ ____ ?
 Do ____ use distilled water over tap ____ ____ ____ the antifreeze ____ ____ ____ and ____ ____ ?
 ____ ____ to ____ distilled ____ ____ tap water in ____ to keep it safe?
 ____ you think it ____ ____ ____ regular ____ with ____ water to prevent rust ____ ____ ?
 ____ drinking ____ be ____ with ____ water in ____ to ____ the risk of ____ ?
 Do you ____ the ____ distilled water ____ the ____ can ____ rust ____ ____ ?
 ____ ____ with distilled ____ ____ the chances of ____ .
 I ____ ____ if using distilled ____ ____ antifreeze ____ stop ____ .

Do _____ distilled water _____ the _____ prevent rust _____ leaks?

Will _____ water with the antifreeze prevent _____ and leakage _____?

_____ you believe _____ distilled water _____ tap water can _____ leaks?

_____ to _____ a _____ of distilled water _____ my _____ out of the _____?

Do _____ think _____ water is more _____ for keeping _____ from _____ leaking?

Is _____ to _____ water to help _____ over time?

_____ you recommend _____ distilled _____ water _____ prevent leaks _____ corrosive gasses _____ the _____?

_____ use _____ water _____ another substance to _____ my antifreeze out _____?

Is _____ to use distilled water _____ to prevent the _____ of _____?

_____ tap _____ with a distilled water in _____ to reduce _____?

_____ drinking _____ be _____ with _____ anti-freeze to reduce risk of _____ entering?

Can drinking _____ be _____ a distilled water in anti-freeze to _____ the risk of _____?

_____ the use of distillate _____ antifreeze _____ leaks?

Is _____ possible _____ tap _____ with _____ anti-freeze _____ reduce the risk of corroded taps?

_____ believe _____ using distilled water on _____ antifreeze _____ result in _____?

_____ drinking _____ water _____ distilled water _____ anti-freeze to _____ the risk of _____ entering?

_____ think distilled _____ can _____ leaks _____ corrosive _____ in the _____?

_____ I use _____ instead of tap water _____ antifreeze?

_____ using distilled water _____ keeping it from _____ time?

Do you believe _____ using a distilled water is more _____ keeping _____ water _____?

Do _____ tap water prevents leaks and _____ gasses?

_____ water _____ antifreeze _____ leaking?

Can distilled _____ used _____ antifreeze to avoid leaking _____?

Can _____ tap water _____ with distilled water _____ against possible _____?

_____ it possible to _____ future _____ by shifting from tap _____ coolant?

_____ you think using distilled water _____ of _____ will _____ leaks _____?

_____ using distilled _____ will cause less corrosion and _____?

Do _____ using _____ water in _____ antifreeze _____ leaks?

Can drinking tap _____ replaced with _____ in anti-freeze _____ protect against _____ of elements?

_____ think using distilled _____ in antifreeze _____ with _____?

_____ it _____ to _____ distilled _____ in _____ or _____ for leak prevention?

Can drinking _____ replaced _____ distilled _____ for protection from leaks?

Can distilled _____ against corrosion _____ time?

Can _____ tap water be _____ with _____ distilled _____ anti-freeze _____ reduce _____ risk _____?

Is it _____ to _____ with _____ antifreeze to avoid _____ leaking?

Do _____ think _____ water on _____ will cause less _____?

Is _____ possible _____ use distilled _____ limit risk _____?

_____ you think that _____ distilled water over tap _____ prevent _____?

Can _____ or another _____ keep _____ antifreeze out _____ the leak?

Do _____ think that _____ distilled _____ cause _____ and _____?

Can _____ use _____ to _____ my antifreeze from leaking?

Can _____ a type _____ my anti-freeze out of the _____?

_____ drinking _____ replaced _____ distilled water in anti-freeze to _____ the _____ leaks and _____ water?

I want _____ I can use _____ tap water to make antifreeze _____.

_____ drinking tap _____ replaced with _____ water _____ antifreeze to _____ against _____ effects of the _____?

Do you believe _____ using a _____ more effective _____ water antifreeze?

Do you think _____ distilled water prevents the _____ Leakage?

Do we use distilled _____ over tap _____ prevent _____ gasses in _____?

Does _____ of _____ water _____ leaking of antifreeze?

_____ in _____ prevent leaking over time?

_____ possible to use _____ water instead of tap _____ reduce _____ long-term _____ ?
 _____ tap _____ distilled water _____ anti-freeze to reduce the _____ of taps failing?
 _____ I use a _____ water _____ keep my _____ out _____ the plumbing?
 Do _____ using distilled _____ of _____ water prevents _____ of _____ leak?
 _____ against _____ and leaks _____ be _____ by using distilled _____.
 _____ you _____ distilled _____ can _____ leaks in _____ antifreeze?
 Do _____ water _____ of _____ water _____ help prevent the risk _____ leaks?
 Do _____ believe _____ water should be _____ over _____ prevent leaks?
 Is it _____ distilled _____ to reduce the risk of long-term _____ effects?
 _____ you use _____ water _____ of _____ the prevention _____ leaks?
 Can drinking tap water _____ replaced _____ distilled _____ in _____ order _____ reduce _____ risk _____ leaking.
 Is it _____ to _____ with distilled water if _____ prevent _____ leak?
 Can _____ tap water _____ replaced _____ a _____ in anti-freeze _____ reduce the risk of _____ ?
 Can _____ water _____ replaced _____ distilled water _____ anti-freeze reduce the _____ of _____ entering?
 Can drinking _____ water be replaced _____ water _____ anti-freeze _____ order _____ risk _____ corroded taps
 Can drinking _____ water _____ replaced _____ anti-freeze _____ reduce _____ of harmful chemicals entering?
 _____ you believe _____ using distilled water _____ of tap water _____ and _____ of Corrosion?
 Do you _____ water over _____ water _____ prevent leaks?
 Do you _____ water _____ anti-freeze _____ help stop _____ ?
 Can you _____ me _____ using _____ in antifreeze _____ stop _____ ?
 Can drinking tap _____ be _____ distilled water _____ against damaging effects of _____ ?
 Can _____ tap water be _____ with a _____ water _____ to _____ the _____ corroded and _____ ?
 It is _____ to _____ tap water _____ distilled _____ in _____ to reduce the risk _____.
 _____ would like _____ know _____ it is _____ to use _____ distilled water instead _____ tap _____.
 _____ you believe that _____ distilled _____ in the _____ ?
 Do _____ distilled _____ of _____ water prevents leaks?
 Do _____ think use _____ distilled water over _____ water _____ elements?
 _____ it possible to _____ a _____ of distilled _____ to _____ out _____ the _____ ?
 Do you _____ using distilled water _____ the _____ and corrosion?
 Can _____ water be replaced _____ distilled water _____ order to _____ the _____ of leak.
 Do _____ using _____ water instead of _____ prevent the development _____ the _____ of leaking?
 _____ water on the antifreeze will _____ less _____ ?
 Do you _____ that using _____ distilled _____ is more effective _____ ?
 _____ tap water _____ with _____ distilled water in _____ reduce the _____ corroded taps.
 Can _____ like distilled _____ else to keep _____ out of _____ leak?
 Do you _____ using _____ water _____ way to keep _____ safe _____ rust and _____ leaking?
 Can _____ water be replaced with _____ water _____ it against _____ ?
 _____ drinking _____ be replaced with _____ distilled _____ anti-freeze, _____ protection against _____ ?
 Drinking _____ can be _____ distilled _____ in anti-freeze _____ the risk of _____.
 _____ drinking _____ water be replaced _____ a distilled water _____ anti-freeze _____ ?
 _____ tap water with _____ in anti-freeze protects _____ harmful effects _____.
 _____ tap _____ be replaced _____ distilled _____ anti-freeze _____ the risk of corroded?
 Can drinking _____ replaced with a distilled _____ the risk of _____ and _____ ?
 _____ be replaced with a _____ in anti-freeze _____ against leaks?
 Can _____ tap water be _____ with a _____ water _____ to _____ the risk _____ corroded _____
 _____ drinking _____ be _____ with distilled water in anti-freeze _____ protection _____.
 _____ you think using _____ water _____ antifreeze will prevent leaks?
 Do you _____ using distilled water _____ tap _____ antifreeze?
 Can _____ be _____ instead _____ tap _____ reduce the risks _____ long-term _____ ?
 _____ using _____ in antifreeze will _____ than tap water?

Do you _____ using a _____ water is _____ than a _____ ?
 _____ to use distilled _____ instead of _____ water for _____ ?
 _____ possible _____ make it _____ using distilled _____ instead _____ tap water?
 _____ use distilled water instead _____ my antifreeze _____ it clean?
 Can drinking _____ water _____ replaced _____ distilled water in _____ to _____ the risk _____ damaged?
 _____ to _____ drinking tap water _____ a distilled _____ anti-freeze for _____ potential leaks?
 _____ believe using _____ water instead _____ tap water prevents _____ of _____ ?
 Do you _____ using distilled _____ in _____ better _____ leaking?
 _____ water be replaced _____ distilled _____ in _____ to reduce the _____ harm?
 _____ it _____ to replace _____ tap _____ water to _____ the risk _____ ?
 When _____ does the _____ of _____ water _____ the _____ of corrosion and potential _____ ?
 _____ H2O protect _____ corrosion?
 _____ prevent _____ damage by _____ to distilled water in _____ ?
 _____ you use distilled _____ over tap water _____ prevent _____ gasses _____ antifreeze?
 Is _____ water able to _____ the _____ ?
 _____ you _____ using _____ reduces the risk of leaking _____ ?
 Can water be _____ with _____ water _____ to _____ leaks?
 _____ using _____ water in the antifreeze keeps _____ out?
 _____ water _____ replaced with a distilled _____ anti-freeze in _____ against possible leaks?
 _____ drinking tap water be _____ with a distilled _____ to reduce the _____ of _____ .
 _____ you believe in _____ distilled water _____ and _____ ?
 _____ tap _____ with distilled _____ reduces _____ risk of harmful chemicals _____ .
 _____ you think _____ use of _____ water _____ is _____ for _____ ?
 Can _____ be _____ distilled water in anti-freeze _____ the risk of taps _____ ?
 Can drinking tap water _____ changed _____ a distilled water in _____ reduce _____ ?
 Do you _____ using distilled _____ is more effective _____ rust and _____ ?
 Can _____ be replaced with _____ water in _____ to _____ against _____ ?
 Can _____ from _____ distilled _____ in _____ to avoid future damage?
 Is _____ possible to _____ distilled water _____ tap _____ long-term _____ risks _____ leak?
 Does _____ of distilled _____ from _____ ?
 Do you think distilled _____ the _____ leaks?
 Do _____ believe that using _____ over _____ prevent leaks _____ corrosive _____ ?
 Can I use _____ to _____ my _____ of _____ leak?
 _____ know if using _____ water instead of tap _____ ?
 _____ think _____ distilled _____ instead of tap _____ the development of _____ ?
 _____ use _____ water, _____ something else, _____ antifreeze out of a _____ ?
 _____ it possible to prevent _____ in _____ water?
 Is _____ to use distilled _____ with _____ antifreeze to _____ time?
 _____ it _____ use _____ water _____ to reduce the long-term _____ risks?
 _____ I _____ make my antifreeze less corrosive?
 _____ it possible _____ prevent _____ corrosive gasses by using distilled _____ .
 _____ drinking _____ water be _____ a _____ in _____ to reduce the risk _____ taps?
 Is _____ use of _____ antifreeze better for _____ ?
 Does the _____ of _____ water over tap _____ leaks and corrosive _____ ?
 _____ it _____ to use _____ over tap water to _____ leaks _____ gasses _____ antifreeze?
 Is it possible _____ concern _____ antifreeze _____ with the _____ distilled/H2O?
 _____ you _____ water helps _____ leaking?
 _____ tell me _____ using distilled _____ in antifreeze will _____ ?
 _____ you _____ using distilled _____ instead of tap _____ development of _____ over?
 Do you _____ distilled _____ antifreeze will help _____ leak _____ ?

_____ the _____ distillate make _____ resistant to _____?
 Can _____ use of _____ water _____?
 _____ tap water _____ replaced with _____ water in anti-freeze _____ against _____?
 _____ protection _____ and leaks can be achieved _____ using _____.
 _____ to _____ if _____ better _____ use a _____ water versus _____ water for _____.
 _____ would like to _____ if it's _____ use distilled water versus tap _____ in _____.
 _____ how _____ the _____ of distilled water _____ the prevention of _____?
 Can drinking tap _____ be _____ distilled _____ anti-freeze to reduce _____ of _____?
 Do you think that using _____ instead of _____ leaks?
 Do _____ using distilled water _____ of tap _____ help prevent _____ Corrosion _____ Potentially _____ Over?
 Do you _____ distilled water _____ the _____ can _____ leaks?
 Can a _____ be used _____ protect drinking _____ water?
 Can _____ be replaced _____ a distilled water in _____ to _____ possible _____?
 _____ you _____ water instead of _____ water helps reduce the _____ of _____?
 Can _____ use _____ distilled _____ replace the _____ limit the _____ of _____?
 _____ the _____ of distilled water in _____ prevent _____ over _____ course of _____?
 Do _____ think _____ distilled _____ the _____ will prevent _____?
 Do _____ that using _____ the antifreeze helps prevent _____ leaks?
 Is it _____ replace _____ tap water with distilled _____ reduce the _____ of _____?
 _____ believe using _____ distilled water _____ effective _____ using _____ water antifreeze?
 Can drinking _____ water be _____ with _____ distilled _____ in _____ to reduce the _____ Chemicals _____
 _____ believe that _____ distilled _____ over _____ water _____ leaks _____ corrosive gasses?
 _____ tap _____ replaced _____ distilled water _____ anti-freeze to _____ risk of _____ chemicals _____
 _____ possible to minimize _____ concern _____ antifreeze rust _____?
 Do _____ believe _____ water on antifreeze will cause _____?
 Do you use distilled water _____ tap water _____ prevent _____ of _____ risk _____ over?
 Do _____ that _____ the _____ will cause less problems?
 _____ drinking tap water be _____ in anti-freeze to _____ corroded taps?
 _____ I use _____ type _____ distilled _____ keep _____ out of _____ plumbing?
 Is it _____ water instead _____ tap _____ protect _____ long-term _____ risks?
 Do you think using _____ cause _____ leaks?
 Is _____ possible to _____ water _____ tap _____ to prevent leaking _____?
 _____ I use a _____ water or _____ to _____ my anti-freeze _____ the _____?
 _____ distilled _____ prevent _____ from _____ antifreeze?
 _____ drinking _____ water be replaced with _____ water in anti-freeze _____ the _____ of _____?
 Is it _____ use distilled _____ prevent _____ in _____?
 _____ drinking tap _____ be _____ with _____ in anti-freeze in order _____ reduce the _____ chemicals _____?
 _____ reduce the risk _____ can drinking tap water _____ replaced _____ water _____.
 _____ water instead of tap _____ can prevent _____ development _____ potential _____ over?
 _____ help prevent leaks and _____?
 _____ possible to use distilled _____ limit the _____ risk?
 _____ you _____ on _____ antifreeze will _____ less corrosion and leaks.
 Do you think using _____ water _____ better _____ keeping _____ water _____ from _____?
 Can drinking tap _____ be _____ a _____ anti-freeze to _____ the risk _____?
 Do you think _____ distilled _____ keep the water _____ leaks?
 Can drinking tap _____ be _____ with a distilled _____ anti-freeze _____ reduce _____ chemicals entering?
 Drinking _____ water may _____ replaced _____ in _____ to _____ against _____ effects of the _____.
 _____ using distilled water instead of _____ can help prevent _____?
 _____ you _____ distilled _____ tap water helps prevent _____ over?
 Do _____ believe _____ using distilled water rather _____ water _____ risk of _____?

Can _____ tap water _____ a distilled _____ in anti-freeze to _____ effects _____ the elements?
 _____ tap _____ be replaced _____ distilled _____ in _____ against _____ effects of the elements
 _____ tap water _____ with a _____ in anti-freeze to _____ the risk _____ it _____?
 Do _____ using _____ water instead of tap _____ leaking over?
 _____ water be replaced with _____ in _____ reduce the _____ of corroded taps.
 _____ distilling water to protect against leaks over _____?
 _____ a _____ of _____ water be _____ antifreeze out of leak?
 _____ tap water be _____ with a _____ in anti-freeze, _____ the _____ of _____ taps.
 Will using _____ water _____ the _____ avoid problems _____?
 Can you _____ with _____ water _____ limit the risk _____?
 _____ water _____ distilled water in anti-freeze to _____ the risk _____.
 Is _____ distilled _____ in antifreeze to prevent _____ for _____ long _____?
 _____ distilled water on _____ will cause less damage?
 Do _____ believe _____ water on the _____ will lead _____ less corrosion _____?
 _____ believe _____ water instead of tap _____ helps prevent _____ development of Corrosion _____ the _____?
 _____ you think using distilled _____ of _____ in antifreeze _____ prevent _____ over _____?
 _____ the _____ of _____ water _____ the anti-freeze _____ over time?
 _____ it _____ to use _____ over tap _____ to _____ leaks and _____?
 _____ think using a _____ water is more _____ water _____ rust _____ potentially leaking?
 Is it _____ to keep _____ antifreeze _____ of _____ using _____ type of _____?
 _____ water or _____ similar to keep my antifreeze _____ of the _____?
 Can _____ distilled _____ instead _____ water _____ prevent leaking _____ my antifreeze?
 Can _____ a _____ water in anti-freeze to protect against _____.
 _____ it _____ to prevent _____ and _____ distilled water over tap _____?
 Can distilled _____?
 _____ you _____ that using _____ water is _____ using _____ tap water antifreeze?
 Is _____ better _____ use _____ water in antifreeze to _____?
 Can _____ water be replaced with _____ distilled _____ in anti-freeze _____ reduce the _____ corroded?
 _____ it _____ less corrosive by using _____ water _____ tap water.
 Do you _____ instead _____ tap water can _____ over time?
 Can drinking tap _____ be _____ with a distilled _____ anti-freeze _____ order to reduce _____?
 _____ you think _____ water _____ the antifreeze will _____ and _____?
 _____ use of _____ in antifreeze _____ preventing leaking _____ the course of _____.
 _____ think _____ using distilling water _____ protect against _____ over _____?
 _____ distilled _____ in antifreeze better _____ leaks over _____?
 _____ drinking _____ be replaced _____ a distilled _____ in _____ to reduce _____ risk of _____ leaking?
 _____ you _____ using distilled _____ instead of _____ water _____ of potential _____ over?
 _____ think using _____ distilled _____ is better _____ keeping _____ water _____ and leaking?
 _____ prevent _____ damage if _____ from tap to _____ water in _____?
 Can _____ damage _____ changing from tap _____ distilled water in _____?
 _____ distilled water _____ tap water can reduce the _____ of _____?
 Do _____ think _____ over _____ water will prevent leaks _____ corrosive _____?
 _____ believe _____ water _____ tap water can help _____ the risk _____ Leakage?
 _____ tap water be replaced _____ water in _____ the _____ leaking and corroded.
 Can drinking tap water be replaced _____ reduce _____ chance _____ chemicals entering?
 Do you believe _____ of distilled water in _____ prevents _____?
 Do you believe using _____ distilled water is _____ water _____ and _____?
 _____ better to use _____ antifreeze to _____ leaks _____ time?
 _____ think _____ a distillate will _____ more resistant _____ leaks?
 _____ using distilled _____ antifreeze better for preventing leaking _____ the _____?

Do _____ using _____ water instead _____ help prevent the development _____ leak?

Is _____ use _____ distilled _____ in antifreeze _____ for _____ over _____?

To reduce the _____ corroded taps, _____ tap water _____ with _____ in anti-freeze?

Can _____ tap _____ replaced _____ distilled _____ in _____ reduce the risk _____ rusted pipes.

_____ a distilled water be used _____ to _____?

Can drinking _____ with _____ distilled water _____ for protection _____ leaks?

_____ using distilled water instead of _____ water _____ help _____ leaking over?

_____ it _____ use distilled water _____ of _____ water _____ anti-freeze?

Do you _____ distilled _____ tap _____ prevent leaks _____ antifreeze?

_____ you _____ distilled water is more _____ preventing _____ a tap _____ antifreeze?

Is _____ possible _____ use _____ my antifreeze out of leak.

_____ think that using _____ water _____ of _____ reduce the risk of _____?

Does _____ of _____ water _____ leaking _____ the antifreeze?

Does _____ water prevent _____ and corrosive _____ antifreeze?

_____ you believe _____ distilled _____ instead _____ help reduce the _____ of leaks?

Is it _____ to use distilled _____ corrosion _____ leaks?

_____ to use distilled _____ tap _____ reduce _____ of long term corrosion?

_____ it possible _____ instead of _____ to reduce _____ of long-term _____ tendencies?

Is _____ possible _____ water instead _____ water to _____ leaking?

_____ distilled water in the _____ prevents rust _____ leaks?

_____ think the use _____ distilled _____ in antifreeze is _____ prevention?

_____ tap water be _____ water _____ to reduce _____ of harmful chemicals?

_____ the _____ pure _____ to reduced seepage _____ in antifreeze?

_____ drinking _____ replaced with distilled _____ in anti-freeze to _____ of _____ leak?

Do _____ that _____ distilled water _____ at keeping _____ safe from rust _____?

Do you _____ that using _____ water _____ of _____ prevent the development of Corrosion and _____?

Can _____ tap _____ be replaced with _____ water in anti-freeze to reduce the _____ polluted _____?

_____ use of distilled water _____ antifreeze?

_____ use a _____ of _____ to keep my antifreeze _____ a _____?

Is _____ to _____ distilled _____ to protect against _____?

_____ it _____ to _____ distilled/H2O to _____ antifreeze _____ concerns?

_____ using _____ the antifreeze enough to prevent rust _____?

_____ we _____ distilled water over tap _____ stop leaks _____?

Do you believe that using _____ distilled water _____ the _____?

_____ think that using distilled _____ effective _____ the _____ from _____ and leaking?

Can _____ use _____ water in _____ against possible _____?

Do you _____ distilled water _____ development of _____ the _____ of _____?

Is _____ to make corrosion less in _____ using _____?

I was wondering if _____ type of distilled _____ keep _____ antifreeze _____ of the _____.

Does _____ of distilled water _____ prevent leaks _____?

_____ you _____ me if using _____ water _____ antifreeze will _____ stop _____?

_____ you use _____ over _____ water _____ protection against _____ elements?

It _____ to _____ distilled water _____ protect against _____ over _____.

Do you _____ water will help _____ the _____ of Corrosion and the risk of _____?

_____ you believe _____ distilled _____ instead of tap _____ can help _____ leaking?

Can _____ be replaced _____ water in anti-freeze _____ reduce _____ risk of damaged _____.

_____ drinking tap water be _____ distilled water _____ anti-freeze _____ protect against harmful _____ elements

_____ drinking tap _____ replaced _____ distilled water in _____ against leaks?

_____ you _____ using distilled _____ on the _____ make _____ corrosive?

_____ use _____ distilled water _____?

____ a distilled water ____ used to ____ leaks?
 ____ drinking tap water ____ distilled water in anti freeze ____ ?
 Do ____ believe ____ distilled ____ the antifreeze ____ and leaks?
 ____ it ____ to ____ distilled water ____ my ____ from leaking?
 ____ you ____ using distilled ____ reduces the ____ over and the ____ of ____ ?
 Will using ____ with ____ anti-freeze ____ and rusting?
 ____ think ____ water in antifreeze ____ stop leaks?
 ____ it possible ____ in anti-freeze to ____ the ____ of ____ taps?
 Do you believe ____ distilled ____ prevent ____ development ____ Corrosion and ____ of ____ ?
 Replacing tap ____ with ____ water in ____ harmful effects ____ elements.
 Can drinking ____ distilled water ____ the risk ____ corroded and leak?
 ____ think ____ water ____ antifreeze will cause less leaking?
 Can distilled ____ to limit the ____ of ____ ?
 Can drinking ____ water ____ replaced with ____ anti-freeze to reduce ____ of the ____ ?
 ____ you ____ using ____ tap water prevents corrosive gasses in ____ ?
 Can drinking tap water ____ replaced ____ water ____ anti-freeze ____ the risk ____ corroded ____ leaking ____ ?
 ____ water be ____ with a ____ in anti-freeze ____ protection?
 Can ____ water be used ____ the antifreeze ____ over ____ ?
 ____ water ____ replaced ____ distilled ____ in ____ to ____ effects of the elements?
 Can ____ tap ____ be replaced with ____ to ____ risk of ____ and corroded ____ water?
 Do you think using ____ prevent the ____ of ____ and ____ of ____ ?
 ____ use ____ water ____ of tap water to ____ leak ____ ?
 Can ____ use a ____ of ____ keep ____ from the leak?
 ____ to know ____ I can ____ a type ____ distilled water ____ out of the ____ .
 ____ you think ____ distilled water ____ of tap ____ over ____ ?
 ____ water ____ used ____ make ____ less corrosive?
 I'm wondering ____ I ____ use distilled ____ water ____ antifreeze less corrosive.
 ____ be replaced ____ distilled water in ____ to ____ the ____ of corroded and so ____ ?
 ____ possible ____ the ____ with distilled ____ to limit the risk ____ elements?
 Can ____ be ____ with ____ distilled ____ in Anti-freeze ____ protect ____ effects of the elements?
 Can I ____ from tap to distilled ____ in ____ in the ____ ?
 Is ____ that using ____ water on ____ cause less corrosion ____ leaks?
 Can ____ water be replaced ____ a ____ water ____ anti-freeze to ____ of rusting ____ leaking?
 ____ me if ____ distilled ____ in antifreeze will ____ rust and ____ tap water?
 ____ reduce long-term corrosion risks by ____ instead of tap.
 Can ____ tap water be replaced ____ distilled ____ anti-freeze to ____ risk ____ harmful ____ entering?
 Is it ____ to ____ to limit corrosion ____ ?
 Is ____ possible to ____ distilled water ____ of ____ to reduce ____ long-term corrosive effects?
 ____ water instead of ____ to treat ____ to prevent leaks?
 ____ water stop ____ corroding and ____ ?
 ____ tap ____ be ____ a ____ water ____ to reduce ____ of corroded and leaking tap water?
 ____ drinking tap water be ____ distilled ____ in anti-freeze ____ harmful chemicals ____ ?
 Does ____ in ____ prevent ____ over the ____ years?
 Do ____ using ____ water ____ of ____ can reduce the ____ of ____ ?
 Do ____ of ____ water ____ water ____ leaks and ____ elements?
 ____ believe that using distilled ____ of ____ reduces the risk ____ leaking ____ ?
 ____ you ____ distilled ____ instead ____ tap water in ____ helps prevent ____ ?
 Do you think using ____ is ____ than a ____ antifreeze ____ leaks?
 ____ water stop ____ corroding?
 Do ____ believe that using ____ water ____ the antifreeze ____ leaks?

Do you _____ to _____ leaks and corrosive elements?

_____ believe _____ water instead _____ tap water prevents _____ development _____ leak?

Can drinking _____ replaced with a _____ anti-freeze _____ the risk _____ harm?

Do you think _____ distilled _____ in _____ will _____?

_____ tap _____ replaced with distilled _____ in anti-freeze _____ against potential _____?

_____ water be _____ distilled water in _____ prevent leaks?

Do _____ think _____ use _____ distilled water to keep the _____ safe _____ and _____?

Does use _____ distilled _____ the leak _____ antifreeze?

_____ a _____ of _____ water _____ something _____ be used to _____ my _____ of the _____?

Do _____ know if using _____ protect _____ leaks over _____?

Replacing the _____ could _____ the chances _____ leaking the _____.

_____ tap _____ can _____ replaced with distilled _____ in _____ risk of leaks.

_____ it possible _____ distilled _____ instead of _____ to reduce _____ risks?

_____ possible to prevent _____ in _____?

Are drinking _____ replaced with _____ water in anti-freeze _____ protection _____?

Is _____ use distilled water _____ of tap to decrease _____ corrosive _____?

_____ it possible to _____ instead _____ tap to _____ the _____ of long-term _____?

Is _____ use distilling _____ protect against leaks and _____?

_____ water _____ replaced with a distilled water _____ protect _____?

_____ be replaced with a distilled _____ the risk of rusting?

Is it _____ water _____ water to prevent leak issues?

Does it _____ to _____ distilled _____ instead _____ tap water in _____ keep _____?

Can _____ water be used _____ limit _____ risk _____?

_____ of distilled water in _____ more _____ at _____ over the _____ years?

Do you _____ that _____ of tap _____ the chance of leaking _____?

Can _____ use a _____ something else to keep _____ antifreeze _____ pipes?

_____ about whether distilled water _____ leaks _____ antifreeze.

Can _____ water be _____ with distilled _____ to _____ risk of _____ taps?

Can drinking _____ be replaced _____ in anti-freeze to _____ the _____ rusting taps?

Do _____ think that using _____ water _____ water _____ help _____ risk of leaking _____?

Can I use _____ water _____ to _____ my antifreeze _____ leak?

_____ drinking water be replaced with _____ distilled _____ anti-freeze _____ reduce _____ of _____?

_____ think using _____ water instead _____ water _____ antifreeze can _____ prevent _____?

Will _____ stop _____ and corroding?

_____ the use _____ in antifreeze _____ leaking?

_____ use _____ water, _____ something _____ keep my antifreeze from _____?

_____ you _____ that _____ water over tap _____ prevent leaks in _____?

_____ drinking _____ water _____ with _____ distilled _____ anti-freeze to reduce the risk _____ a _____.

_____ drinking _____ water be _____ with a _____ water _____ anti-freeze _____ reduce _____ risk of _____ corroded?

_____ future _____ by _____ from tap _____ distilled water _____ the coolant?

Can _____ a distilled water _____ to protect against harmful effects _____ the elements?

Is it possible _____ distillate to _____ more _____ leaks.

_____ the _____ of distilled _____ with the _____ problems _____ time?

_____ it possible _____ distilled _____ to _____ tap _____ to _____ risk?

Do you think distilled _____ leaks?

Can _____ replaced _____ distilled _____ in anti-freeze _____ reduce risk _____ chemicals entering?

Can drinking _____ water be _____ distilled water _____ to _____ the _____ leaks?

_____ distilled _____ able _____ in antifreeze?

Is _____ possible to _____ distilled _____ the _____ to reduce _____ risks of _____ effects?

_____ prevent _____ from the antifreeze?

Do ____ think using ____ water ____ tap ____ helps ____ the ____ of ____ and ____ over?

Can ____ tap ____ replaced ____ distilled water in ____ decrease ____ risk ____ leak?

____ drinking tap water be ____ with a ____ anti-freeze to ____ the ____ and unsafe ____?

Is ____ use ____ water ____ of ____ water ____ antifreeze to prevent ____ over ____?

____ you ____ that ____ water is better for ____ rust and leaking?

____ think ____ use of ____ will ____ leaks over time?

Is ____ possible ____ tap ____ distilled water to limit ____?

Can I ____ from tap ____ distilled ____ coolant to prevent ____?

____ you think using ____ water instead ____ in antifreeze will ____?

____ believe that distilled ____ prevents ____ in ____ antifreeze?

____ water prevent leaks ____ tap water ____ the antifreeze?

____ is possible ____ tap ____ distilled water in anti-freeze ____ protect ____ effects of the ____.

Do ____ distilled ____ the water safe ____ rust ____ leaking?

____ you tell ____ using ____ help protect against ____ over time?

Can I ____ solution to keep ____ out ____ leak?

Do ____ believe ____ will ____ lesscorrosion?

____ you ____ using ____ better at ____ water ____ from rust and ____ leaking?

Can you ____ the impact of ____ water instead ____ water ____ corrosion prevention and ____?

____ you think ____ distilled water ____ prevents the ____ of ____ and the risk ____ leak?

When ____ with anti-freeze, how ____ of distilled water ____ prevention of ____?

____ use of distilled water ____ of ____ can ____ prevention of corrosion.

____ drinking ____ be replaced ____ distilled water ____ anti-freeze to ____ risk ____ leak?

Do you ____ that using a ____ water safe from ____ potentially ____?

____ drinking tap ____ a distilled water in anti ____ for ____ against ____?

____ about ____ distilling water ____ protect against leaks ____?

____ tap water be ____ distilled ____ in order ____ reduce the risk of ____ pipes?

____ think using distilled water rather than tap water ____ the ____ of Corrosion ____ leaking ____?

Can ____ distilled water ____ tap water ____ antifreeze to ____ it ____ leaking?

____ distilled ____ on the ____ will cause lesscorrosion ____ leaks?

Is ____ distilled ____ in antifreeze ____ at ____ leaking ____ time?

Does ____ to pure ____ correlate with reduced seepage ____?

Is ____ of distilled water in ____ better ____?

____ it ____ for distilled ____ prevent leaks ____ antifreeze?

Does distilled ____ in ____?

Can ____ water be ____ with a distilled water ____ the ____ of corroded ____?

Can ____ tap water ____ with a distilled ____ anti-freeze to reduce the ____.

____ you ____ distilled water instead ____ reduce ____ risk of leak?

Do you think ____ is more effective at ____ from ____ and ____ leaking?

____ you believe ____ water ____ of ____ water can help ____ risk of ____?

Do ____ that ____ distilled water ____ the antifreeze ____ leaks ____?

____ distilled water ____ to prevent leaks in ____?

Is ____ possible ____ distilled ____ in ____ for ____ against leaks?

Do you think ____ water ____ antifreeze ____ for ____ the course ____?

Do you ____ using distilled ____ development of ____ the ____ leaks?

Can ____ be replaced ____ distilled water ____ protection against ____?

Do ____ distilled water ____ tap water to ____ corrosive ____.

Is the use of distilled ____ in antifreeze ____ for ____ leaking ____?

Can drinking tap ____ be ____ distilled ____ anti-freeze to ____ leak?

____ mixed ____ antifreeze, ____ the ____ distilled water ____ the ____ of leak?

Do you ____ that ____ instead of tap ____ lowers the ____?

Do ____ believe ____ over tap water prevents ____ corrosive ____?

____ drinking ____ be ____ with a ____ anti-freeze ____ reduce the risk ____ corroded and ____ water?

Is it possible to use ____ to ____ the ____?

____ possible to use ____ tap ____ to ____ leaks and ____ gasses.

____ to use ____ water ____ against ____ and the like?

Do you believe that ____ water in ____?

____ believe that the ____ of distilled ____ on the antifreeze ____ and ____?

Can ____ tap water be replaced ____ distilled ____ to protect against ____

____ it ____ distilled water instead ____ tap ____ leaking and corrosion?

____ using distilled ____ instead of ____ water ____ prevent ____ of potential leaks?

____ of ____ prevent leaks ____ corrosive elements?

I would ____ know ____ to use ____ water ____ water ____ leak prevention.

Can ____ tap water be ____ a distilled water in ____ reduce the ____ chemicals ____?

____ it possible to prevent damage ____ distilled ____?

____ protection ____ leaks can be achieved ____ using ____ water.

Can drinking ____ replaced ____ distilled water ____ for ____ against leak?

____ there ____ way to prevent ____ using distilled ____ in ____?

Do you ____ that ____ instead ____ tap water ____ prevent leaking?

Do ____ that using ____ of ____ water can ____ prevent ____ development of ____?

____ it ____ to keep my ____ of the ____ using ____ of ____ water?

Can drinking tap ____ replaced ____ distilled ____ in ____ to reduce the ____ of ____ and ____?

____ you ____ using distilled ____ over ____ water to prevent ____ gasses?

Does ____ a distilled ____ prevent ____ the ____?

____ the ____ of distilled water ____ anti-freeze ____ leaks over ____?

Will ____ water ____ leaking ____?

Do you ____ over ____ keep leaks and ____ gasses out?

When mixed with antifreeze, ____ does ____ distilled ____ impact ____ potential leak?

____ you ____ distilled ____ in the antifreeze ____ rust and ____?

____ water can be ____ with ____ in anti-freeze to ____ of harmful ____ entering.

____ possible to use ____ water in anti-freeze ____ leaks from ____?

____ water ____ protection against ____ elements ____ antifreeze?

Can drinking tap ____ be replaced ____ a distilled ____ in ____ reduce ____ risk ____ and ____?

Can drinking ____ be replaced ____ in anti-freeze to ____?

Can you ____ me ____ will stop the bad stuff?

____ water ____ with a ____ in anti-freeze ____ the risk of damage?

____ you ____ distilled water instead of ____ helps prevent ____ development of Corrosion ____ leaks?

____ it ____ protect against ____ and ____ with ____ water?

____ be replaced ____ distilled ____ anti-freeze to reduce ____ risk of corrosion?

Is it ____ water ____ prevent leaks in ____ antifreeze?

It ____ use distilling water to protect ____ leaks ____.

____ that using distillate makes antifreeze ____ leaks?

Can ____ drinking ____ water ____ with ____ distilled ____ in anti-freeze ____ reduce the risk ____?

Is it possible to use ____ water ____ antifreeze to ____ potential ____?

____ it possible to replace drinking ____ with a distilled ____ protect ____ leaks?

Is ____ to ____ water in ____ for ____ against potential leaks?

Can ____ replaced ____ a ____ water in ____ protect against damaging elements?

Will the ____ water ____ the ____ prevent problems ____ time?

____ drinking tap water be ____ distilled water ____ to ____ the likelihood ____ corroded ____?

____ there ____ correlation ____ using ____ H2O and ____ seepage ____ antifreeze?

____ it possible ____ distilled ____ protect against leaks ____ over time?

Is _____ possible _____ prevent _____ from corrosion _____ distilled _____?

_____ possible to _____ damage _____ corrosion _____ of distilled water?

Is _____ possible to _____ distilled _____ my _____ out of the _____?

_____ it _____ to replace _____ tap water _____ water _____ to reduce the _____ harmful chemicals _____?

Do you think _____ distilled water _____ of tap _____ in antifreeze _____?

Is the _____ distilled water _____ better _____ preventing leaking _____ years?

_____ water be replaced _____ distilled water in _____ to _____ risk of corrosive _____?

Is _____ at _____ leaks _____ the antifreeze?

_____ it be possible to _____ and _____ use _____ distilled water?

_____ drinking tap _____ be _____ distilled water in _____ for protection _____ leaks?

Is _____ swap tap _____ distilled _____ antifreeze _____ protect against potential leaks?

_____ better _____ distilled water instead of _____ long-term prevention of Corrosion _____?

Is it _____ distilled _____ to _____ leak _____ anti-freeze?

_____ water be _____ a _____ water in _____ to reduce the _____ of _____?

Can drinking tap _____ replaced with _____ in _____ to _____ the _____ and leak.

_____ to use _____ water in _____ preventing leaking over _____ course of _____?

_____ that distilled _____ can prevent leakage in _____?

_____ think that _____ water _____ at keeping the water safe from _____ leaks?

_____ drinking tap water be replaced _____ distilled _____ to _____ corroded and Leaky pipes?

Does it help _____ use distilled water _____ in antifreeze _____ leak _____?

_____ tap _____ be _____ with a distilled water _____ to _____ elements?

_____ believe _____ instead _____ tap water _____ the development _____ Corrosion and the risk of Leakage?

_____ the use of _____ antifreeze _____ for _____ prevention?

Can _____ make _____ less _____ by using _____?

_____ it _____ to use _____ to _____ antifreeze more _____ leaks?

Do you _____ distilled _____ reduces the _____ leaking and _____ Corrosion?

Do you _____ distilled _____ at _____ the water free _____ and leaks?

Do _____ think using _____ over _____ water will _____ prevent _____ gasses?

_____ mixed with antifreeze, how _____ the _____ of _____ for leakage?

Do you believe _____ using distilled _____ instead _____ potential leaking over?

Can drinking _____ a distilled _____ in _____ to _____ chances of leaks.

Would opting _____ to _____ of _____ over time?

Do you believe using _____ water will prevent _____ and _____?

Can _____ using distilled water _____ prevents _____ and corrosive gasses in _____ antifreeze?

_____ water be _____ distilled _____ in _____ to _____ the risk of rusty pipes?

Do you _____ that _____ water _____ protect against _____ over _____?

_____ tap water being replaced _____ a _____ in _____ reduce _____ of corroded _____?

_____ possible _____ use _____ water _____ protect against _____ and corrode over _____?

_____ believe _____ distilled _____ more effective at keeping _____ water _____ from _____ leaking?

Can _____ tap _____ be _____ water _____ anti freeze to reduce the _____ of _____ taps?

_____ you believe that _____ of _____ water prevents _____?

Can drinking tap _____ with _____ in _____ it from leak _____ corroded?

Can I _____ instead _____ the _____ of making antifreeze less corrosive?

_____ possible to use a distilled _____ protection _____ leaks?

Can drinking _____ water _____ replaced with _____ in anti-freeze _____ leaks?

_____ using distilled _____ in the _____ will _____ and leaks?

The _____ corroded _____ be reduced _____ replacing _____ tap _____ a distilled _____ in anti-freeze.

_____ it _____ to _____ distilled water _____ of _____ to avoid _____ risks?

Is _____ drinking tap _____ a _____ water in _____ protect it against leaks?

_____ to replace tap water with _____ distilled _____ protection against potential _____?

Does use _____ help _____ leaks _____ antifreeze?

Can drinking tap _____ replaced with _____ distilled water in _____ the risk _____ rusting?
_____ it _____ to use distilled _____ antifreeze _____ prevent _____ the years?
_____ distilled _____ help _____ leak in _____?

When _____ antifreeze, how does _____ use _____ distilled _____ impact _____ and potential leaks?

Can _____ tap _____ be _____ with a _____ water _____ anti-freeze to protect _____ the elements??
_____ you think using distilled _____ instead _____ help prevent leaks?

_____ of distilled _____ keep leaks _____ the _____ from _____?

Do _____ using _____ water instead _____ tap _____ helps to _____ development _____ leak?
_____ water help _____ against _____ elements?

_____ it _____ to avoid rusting _____ issues by _____ water?

_____ drinking _____ be replaced _____ distilled _____ in _____ in order to protect _____ leaks?

_____ drinking _____ be replaced with _____ in _____ to reduce _____ of _____ taps and

Is _____ water _____ leaking _____ antifreeze.

Can you _____ me if _____ will stop the _____?

_____ tap water _____ with _____ distilled _____ in anti-freeze to protect against _____ elements?

Can drinking tap _____ with a _____ water _____ against possible leaks?

Is _____ use of distilled _____ effective _____ preventing leaking over _____?

Can _____ distilled water or something _____ keep _____ out of _____ plumbing?

_____ distilled water _____ to _____ of _____?

_____ drinking _____ be _____ with _____ distilled _____ in _____ to _____ the risk?

Can _____ be _____ a distilled water in _____ to protect _____ leaks?

_____ using distilled _____ for preventing leaking _____ time?

Can drinking tap _____ replaced _____ a _____ in _____ the risk of _____ corroding?

Could drinking tap _____ be _____ with _____ water _____ anti-freeze _____ against _____?

_____ possible _____ use distilled _____ antifreeze to prevent rust _____ leaks?

Do you believe that _____ distilled _____ instead of _____ helps _____?

_____ use of _____ in antifreeze _____ better for preventing _____ over _____?

Do _____ use distilled _____ over _____ water to _____ from _____ elements?

_____ water be _____ for distilled _____ to protect _____ leaks?

Do you think using _____ instead of _____ antifreeze _____ prevent _____ over _____?

_____ drinking tap _____ be _____ water _____ to protect _____ from the effects of _____ elements?

Do _____ think that _____ water _____ effective _____ preventing _____ tap _____ antifreeze?

Is _____ better _____ water instead of _____ in _____ for protection?

_____ it _____ for distilled water to _____ antifreeze?

_____ is a question about _____ water _____ leaking _____ antifreeze.

_____ it better _____ use distilled _____ in _____ preventing _____ over _____?

Do you _____ using distilled _____ a better _____ to keep the water _____?

Do you _____ distilled water _____ the _____ will _____ and _____?

Can I use distilled _____ my antifreeze from _____?

_____ think that using distilled water _____ tap _____ will _____ antifreeze?

_____ it _____ to replace tap water _____ in anti-freeze _____ reduce _____ risk of _____?

Can _____ tap to _____ distilled _____ coolant to avoid _____ damage?

_____ to _____ water instead of tap _____ reduce long-term _____?

_____ be replaced with _____ water _____ to reduce the risk of _____?

_____ leaks in the antifreeze?

Do _____ of distilled water _____ the antifreeze _____ rust _____?

_____ possible to replace drinking tap water _____ water in _____ for _____?

_____ using distilled water _____ cause rusting and leaking _____?

Is _____ prevent _____ development of Corrosion or _____ using distilled _____?

____ it possible to ____ water ____ the ____ to ____ corrosion risks?
 ____ it possible to ____ leaks ____ with distilled water over ____?
 Do you ____ using distilled ____ water helps prevent ____?
 ____ it possible to ____ water ____ of ____ long-term Corrosion risks?
 ____ you ____ if using ____ water in ____ will stop ____?
 Can you tell me if using ____ antifreeze ____ better ____?
 Can I ____ antifreeze to prevent ____ problems?
 Do ____ using distilled water ____ development ____ Corrosion and the ____ of ____?
 ____ it possible ____ to prevent the ____ antifreeze?
 ____ you think using ____ water ____ can prevent Corrosion?
 ____ be ____ for distilled water in antifreeze ____ it ____ leaks?
 Does the ____ of ____ water prevent ____?
 ____ think a distilled water ____ better for ____ water safe from ____?
 Is ____ possible ____ use a ____ water to ____ my antifreeze ____?
 ____ think that ____ distilled ____ will protect against ____ time?
 Do ____ using ____ instead ____ tap water can ____ the ____ leak over?
 I want to know ____ I can ____ distilled ____ or ____ my antifreeze out ____.
 ____ tap water ____ distilled ____ and anti-freeze to reduce ____ risk of ____?
 ____ think ____ using a ____ water is ____ the water from ____ and leaks?
 Do ____ distilled ____ water stop ____ and ____ elements?
 Is ____ of distilled ____ in ____ better ____ leaking over ____?
 ____ you think ____ water is more effective for ____ the ____ from ____ and ____ leaking?
 ____ be replaced with a distilled water ____ to ____ risk of bad ____?
 Can drinking ____ water be ____ distilled ____ in ____ protection?
 ____ it's ____ to use distilled ____ tap ____ for ____ purpose of prevention of leaks?
 Do ____ over tap water prevent corrosive ____?
 Can I use distilled ____ my antifreeze ____ leak?
 ____ opting ____ lead to lower ____ leakages over ____?
 Should drinking tap ____ be replaced ____ in ____ protection against ____?
 ____ water ____ corroding and ____?
 Is ____ use distilled water ____ protect against ____ and ____?
 Can ____ tap water be replaced ____ a distilled ____ reduce ____ risk ____ corroded water?
 Is it ____ to ____ water over ____ water ____ prevent ____ antifreeze?
 Do you recommend using ____ tap ____ for ____ and ____ gasses?
 To reduce the ____ of harmful chemicals entering, ____ water be replaced ____ distilled ____.
 Can drinking tap water be changed to ____ water ____ reduce ____ harmful ____?
 Do ____ think using distilling ____ will ____ over the ____ of ____?
 ____ think ____ to use ____ water instead of ____ water ____ prevent ____ of Corrosion?
 Does use ____ affect ____ in the ____?
 Do the uses of ____ prevent ____ and ____?
 Is it possible to use ____ for ____ and ____ gasses?
 ____ in antifreeze is better for preventing ____.
 Is ____ to use distilled water ____ of ____ water ____ prevention ____ leaks?
 Does it help to ____ distilled ____ of ____ antifreeze ____ leaks over ____?
 ____ you think ____ distilled water ____ antifreeze ____ rust and ____?
 Can ____ replaced with ____ distilled water ____ anti-freeze for ____?
 ____ water be ____ a distilled ____ in anti-freeze ____ protect against the ____ of the ____.
 ____ think a distilled ____ better ____ keeping the ____ from rust and ____?
 ____ you think that ____ tap water ____ leaks ____ corrosive ____ in ____ antifreeze?
 ____ I use distilled water ____ something ____ to ____ the leak.

Is it ____ to use distilled ____ of tap ____ of long-term ____?

Can ____ be used with ____ antifreeze ____ problems ____ time?

____ it ____ that using a ____ antifreeze ____ to leaks?

Is ____ better idea ____ use ____ water ____ antifreeze ____ stop ____?

Do ____ that distilled water ____ leaks ____ the ____?

Is ____ distilled ____ more ____ keeping ____ water ____ from ____ and leaking?

____ I use a ____ of ____ water ____ my antifreeze ____ of leak?

Can ____ be ____ with ____ in anti-freeze to protect it ____ leaks?

Is it ____ to ____ by replacing ____ distilled water in ____ coolant?

____ use distillate ____ make antifreeze resistant to ____?

____ you believe that using ____ instead ____ water ____ leaks?

____ think that ____ water ____ tap water ____ help ____ the development ____ corrosion?

Can ____ water be replaced with ____ water in ____ to ____ the ____ entering ____ water, instead of tap water, to keep ____?

Is ____ water able to ____?

____ need to ____ the leak, can I use a ____ distilled ____?

When ____ anti-freeze, ____ of distilled water affect the risk ____?

____ distilled water in ____ be ____ to ____ over ____ course ____ years?

____ you recommend ____ distilled water over tap ____ for ____ corrosive ____?

Can ____ water be ____ against leaks over ____?

____ use of distilled water ____ for protection against ____?

Do you ____ that using distilled ____ instead of ____ prevent ____ leak?

____ you ____ using ____ water ____ water helps ____ the development ____ leaking?

____ think that using ____ water ____ tap water ____ prevent ____ antifreeze?

____ distilled water over tap ____ to prevent leaks and ____?

____ you think that ____ instead ____ water helps ____ leak?

Do you think ____ water instead of tap ____?

Do ____ think ____ water in the antifreeze ____?

Does ____ prevent leaks ____ antifreeze?

____ you think that ____ distilled ____ instead ____ tap ____ prevent ____ potential leaks?

Do ____ the antifreeze will cause less leaking?

____ it better ____ use ____ in ____ stop leaks than it ____ to ____ water?

Do you ____ that using ____ water instead of tap ____ of ____?

Does substitution ____ tap ____ water ____ and corrosion?

Does the ____ distilled ____ antifreeze ____ less corrosion and leaks?

Can drinking ____ water be replaced with a distilled ____ to ____ against ____?

____ you believe using ____ of ____ water ____ prevent the development of ____?

Is it possible ____ water ____ in antifreeze?

____ of distilled ____ in the ____ enough ____ prevent leaks?

Can drinking tap ____ replaced with ____ anti-freeze in ____ to reduce ____ of ____?

____ you ____ using ____ instead of tap water helps ____ of Corrosion or ____ Leaking ____?

When ____ with antifreeze, ____ does ____ of ____ water ____ of leaks?

Do ____ use ____ water ____ the ____ prevent leaks?

____ think ____ distilled water instead ____ tap ____ prevent ____ development of ____?

____ you think ____ instead of tap water ____ the risk of ____?

____ you think ____ can cause ____ and leaks?

____ drinking tap ____ replaced with distilled water ____ anti-freeze ____ order to ____?

Can ____ be ____ with distilled water in ____ prevention?

Can ____ water be ____ a distilled water in ____ reduce ____ risk of corroded ____?

____ tap ____ be replaced with ____ water in ____ against leaks.

Can ____ tap ____ be replaced ____ distilled ____ to ____ the risk of ____ leaking?

Do ____ believe using ____ of ____ can ____ the ____ of leaking?

Does ____ use ____ distilled water ____ with ____ antifreeze?

____ it possible ____ distilled water ____ in antifreeze to ____ it clean?

____ drinking tap ____ be ____ distilled water in ____ reduce the ____ harmful ____ entering?

Do you ____ that using distilled water ____ prevents ____ corrosive ____?

____ it ____ to use distilled ____ of tap ____ for protection ____ over ____?

____ drinking ____ water be ____ a distilled ____ in order to ____ the ____ of ____ and leak?

____ drinking ____ replaced with a distilled ____ in anti-freeze ____ against harmful ____?

Is ____ water ____ antifreeze ____ leaking ____ the course of ____?

Does using ____ leaks?

____ using distilled water ____ antifreeze will cause less ____?

____ in anti-freeze to reduce the risk of rusty taps?

____ it possible ____ distilled water to keep ____ out of ____ leak?

Is it possible to ____ water ____ tap ____ antifreeze ____ problems?

Does using ____ water ____ water ____ leaking ____ corrosive ____?

Drinking tap ____ be ____ a ____ water in anti-freeze ____ reduce ____ corroded and leak.

____ drinking ____ be ____ with distilled water ____ anti-freeze to ____ against ____?

____ you think the ____ of distilled ____ less corrosion and ____?

____ tap water ____ replaced ____ water in anti-freeze to avoid ____?

____ drinking ____ be replaced with ____ water in ____ reduce the risk ____ corroded.

Is ____ possible ____ rusting by using distilled ____?

Is it possible to use distilled water ____?

____ drinking tap ____ with a distilled ____ in anti freeze ____ protect ____ harmful effects ____?

____ know ____ I can use ____ water or something ____ my antifreeze ____ of ____ leak.

Do you think ____ distilled ____ instead of ____ water ____ prevent potential ____?

____ possible ____ prevent leaks ____ in ____ antifreeze ____ using distilled water ____ tap water?

Does ____ distilled water prevent ____ corrosive ____ the ____?

____ the use ____ water in ____ prevent leaking over ____ of ____?

____ you believe ____ distilled water in ____ anti-freeze prevents ____?

Does ____ distilled ____ of ____ antifreeze?

Do you believe ____ distilled ____ of ____ the development of ____ and the ____ of Leakage?

Is it a ____ idea to replace ____ water ____ rust ____ leak?

Do ____ think distilled water ____ the ____ cause ____ and ____?

____ distilled water in ____ preventing leaking ____ time?

____ water be used to prevent ____?

____ water will cause less corrosion ____ leaks?

____ you replace ____ with distilled water to limit the ____?

____ to ____ tap water ____ a ____ anti-freeze to protect against leaks?

Is ____ possible ____ leaking ____ antifreeze?

____ to use distilled water ____ antifreeze to avoid problems ____?

Do ____ believe using distilled ____ instead ____ helps reduce ____ risk ____?

____ be replaced with a distilled water ____ the risk ____ leaking?

Anti-corrosion ____ and ____ barring ability ____ achieved ____ Distilled H2O ____.

Will using ____ water ____ the ____ problems ____ time?

Do ____ distilled water instead ____ water in ____ leaks?

Do ____ think ____ distilled water ____ prevent the ____ of corrosion?

Is ____ possible ____ water with distilled water ____ to ____ leaks?

Can ____ be replaced ____ a ____ water in ____ to ____ the ____ of ____?

Do you think ____ water ____ of ____ water in ____ prevent leak ____?

_____ it possible _____ antifreeze rust _____ ?

Does distilled _____ in _____ ?

When _____ antifreeze, how does _____ use _____ distilled water impact _____ ?

_____ you believe using distilled water _____ of _____ can _____ prevent the _____ the risk of _____ ?

Is it _____ use a distilled _____ to _____ antifreeze out _____ leak?

_____ use _____ water to prevent leaking _____ antifreeze?

Is _____ of _____ water in _____ better _____ over time?

When mixed with antifreeze, _____ does _____ use _____ water _____ of _____ ?

_____ use a distilled water _____ else _____ keep my _____ out _____ ?

When _____ does the use _____ water affect the _____ of _____ and _____ leak?

Can _____ tap water be _____ distilled _____ in anti-freeze to _____ risk _____ water _____ ?

_____ it possible _____ and _____ issues with the use _____ distilled _____ ?

_____ tap _____ distilled can _____ the chances _____ leaking.

Drinking _____ replaced with a _____ water _____ to _____ harmful effects of the elements.

Do you _____ using _____ in _____ antifreeze keeps _____ leaks?

_____ using _____ distilled water _____ more effective _____ a tap _____ antifreeze?

Do you _____ distilled _____ prevent leaks _____ elements?

Is _____ water _____ reduce the risks of long-term corrosive issues?

_____ be replaced with a distilled _____ in _____ to prevent _____ ?

Do you _____ water instead of _____ water can _____ of _____ ?

Can distilled water _____ replace _____ in antifreeze?

Is it possible _____ replace _____ distilled _____ limit _____ corrosion?

Can _____ tap water be replaced _____ a distilled _____ anti-freeze _____ reduce _____ chance _____

_____ water instead of tap water _____ using my _____ to _____ ?

Is it _____ to _____ type of distilled water _____ out _____ leak?

Can _____ if _____ distilled _____ will make _____ water leak less?

_____ use of distilled water prevent _____ and _____ ?

_____ tap water _____ replaced _____ in anti-freeze to _____ the _____ of _____ taps?

Can drinking _____ water _____ replaced with a distilled _____ anti-freeze _____ the _____ corroded _____ ?

_____ distilled water be _____ antifreeze to avoid _____ ?

_____ believe that _____ distilled _____ instead of tap water _____ prevent _____ leaks?

_____ it _____ to use distilled _____ instead of tap _____ risks?

_____ water be _____ distilled _____ Anti-freeze for protection against leaks?

Do you _____ using distilled _____ of tap _____ antifreeze _____ leaks _____ time?

Can drinking _____ be replaced with distilled _____ anti-Freeze _____ leaks?

_____ you believe that using distilled _____ can _____ leak?

_____ it _____ to _____ distilled water _____ of _____ water to _____ leaking _____ issues?

Do you _____ using _____ water _____ more _____ leaks than _____ tap water _____ ?

_____ it possible _____ distilled water _____ water _____ antifreeze to prevent _____ ?

_____ possible to _____ distilled water _____ tap _____ the risk of corrosion?

Can _____ be _____ with a _____ in anti-Freeze _____ against leaks?

_____ you _____ that using _____ on the _____ cause less corrosion?

Do _____ think that _____ of tap water helps reduce _____ of _____ ?

Can drinking _____ with a _____ in anti-freeze _____ reduce the _____ corroded

Can drinking tap water _____ replaced _____ a distilled _____ to reduce _____ risk _____ harmful _____ ?

_____ prevent _____ and _____ elements _____ using distilled water over _____ water?

Does use _____ leaks in _____ ?

_____ you believe using _____ distilled water is _____ leaks than _____ tap _____ ?

_____ water prevent _____ leaks in the _____ ?

Can _____ use distilled _____ instead of tap _____ anti-freeze _____ ?

Do ____ think using a ____ will ____ less corrosion ____?

Is ____ able ____ the leaking ____ antifreeze?

____ it ____ to ____ a type ____ distilled water or ____ to ____ my antifreeze ____ leak?

Is ____ possible to ____ drinking tap water ____ water ____ anti-freeze to ____?

Do you ____ is better ____ keeping ____ water safe ____ and ____?

____ tap water ____ replaced with ____ water ____ anti-freeze ____ order to ____ it against ____?

Do you ____ distilled ____ in antifreeze to prevent ____ over ____?

____ water ____ to ____ corroding ____ leaking?

Can drinking ____ be replaced ____ a ____ with ____ to reduce the risk ____ leak?

____ drinking tap ____ be replaced with ____ water ____ against possible leaks?

Can ____ tap water be replaced with ____ protect against ____?

____ tap water can ____ distilled ____ in ____ reduce the ____ of leaks.

____ tap ____ be replaced ____ water ____ to reduce the ____ harmful chemicals entering?

Can ____ water be ____ with ____ water in anti-freeze ____ protect ____ the possibility ____?

Is the use of distilled ____ more ____ for preventing ____?

Is ____ use ____ water ____ of tap to reduce the ____ long-term ____ leak?

____ water be ____ with ____ distilled water with anti-freeze ____ prevent ____?

Do ____ using ____ distilled water is more ____ in ____ safe ____ and potentially leaking?

____ think using distilled water ____ of tap ____ potentially leaking ____?

Do you ____ distilled water ____ the ____ rust ____ leaks?

____ using ____ water in ____ is better ____ preventing leaks ____ time?

____ better to ____ in antifreeze to stop ____?

Does ____ distilled ____ prevent ____ over ____?

Is ____ possible ____ use distilled water ____ protect against leaks?

Do ____ believe ____ water ____ of ____ water ____ the ____ of Corrosion and the ____ of ____ over?

____ distilled water ____ elements ____ of antifreeze?

Do ____ think using distilled ____ will cause ____?

____ think using ____ water ____ tap ____ can prevent the ____ of ____ over?

____ it possible to ____ the concern ____ using ____?

____ tap ____ with distilled water ____ anti-freeze for protection ____ leaks.

Do you ____ using distilled ____ instead of ____ helps ____?

____ distilled ____ with ____ antifreeze ____ cause ____ and leak issues?

Do ____ water ____ antifreeze will ____ less leak?

____ tap ____ be replaced ____ water in anti-freeze for ____ against ____?

____ think distilled water is ____ effective ____ than tap water ____?

Is it possible to replace ____ tap ____ with a ____ to ____ the risk ____?

Can I use distilled ____ corrosive in ____?

____ drinking ____ be replaced ____ distilled water in anti-freeze ____ risk ____?

____ you believe ____ using distilled ____ in ____ antifreeze ____ and ____.

Do ____ instead ____ tap water helps prevent potential leaks?

Is it possible ____ corrosion less ____ antifreeze ____ using distilled ____ of ____?

Can I ____ my antifreeze out ____ the ____ using ____?

Is ____ distilled ____ the antifreeze to avoid ____ issues?

Can I ____ a ____ of ____ water or something ____ my antifreeze ____ of ____?

____ would like ____ know if ____ better to ____ distilled ____ than ____ water ____ prevention.

____ think ____ water ____ risk ____ leaking over and prevents the ____ Corrosion?

____ drinking tap water be replaced ____ a ____ water in anti-freeze ____ harmful effects ____?

____ that using distilled water on ____ antifreeze ____ less ____?

Is distilled ____ leaks from ____?

____ to use ____ instead ____ tap water to ____ leak over ____?

_____ that _____ distilled water in _____ will _____ leaks?

_____ water be replaced _____ distilled water in anti-freeze _____ the risk of _____.

Do you think _____ distilled _____ the anti-freeze will _____?

_____ drinking tap water _____ with a _____ anti-freeze _____ reduce its _____?

_____ it possible _____ to decrease antifreeze _____ concern?

_____ you _____ the _____ of distilled water on the antifreeze _____?

Can drinking tap _____ replaced with a distilled _____ in anti-freeze to _____ the _____?

If you _____ water instead of _____ water, _____ prevent _____?

Is it possible _____ in _____ by using distilled _____?

_____ possible to avoid rusting _____ issues _____ distilled water?

Does _____ water _____ in _____?

_____ think _____ distilled _____ over tap _____ protects against _____ corrosive elements?

_____ use distilled water to keep _____ from _____?

Can drinking water be replaced _____ a _____ water _____ the _____ of _____ chemicals _____?

_____ use distilled _____ instead _____ tap _____ to prevent leaks _____ my antifreeze?

Do _____ think using _____ leak?

Can _____ water _____ as _____ agent?

Can drinking tap water _____ distilled water _____ anti-freeze _____ the _____ of _____.

Do you _____ water instead _____ tap _____ helps prevent _____ development _____?

_____ using _____ water _____ of _____ can help prevent the development _____ leak?

Do _____ believe that _____ distilling water _____ protect _____ over _____?
