

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	HVAC system maintenance and repair
Inquiry Sub-Category	HVAC system not cooling
Description	Customers inquire about the HVAC system not providing sufficient cooling, which could be caused by refrigerant leaks, clogged filters, faulty thermostats, or issues with the compressor or condenser unit.
Data Size	7,927 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

_____ isn't enough cold air _____ produced _____ my _____ despite _____ ?
Why isn't my _____ if it's _____ 24/7.
_____ conditioner is _____ cold.
_____ AC not _____ ?
Why is _____ AC not generating enough _____ when _____ ?
The AC is running _____ but _____ enough _____ air.
_____ isn't cold _____ constantly going.
_____ that my _____ producing enough coolness.
Why isn't _____ air being produced by _____ .
_____ my _____ not have enough chillness.
Even _____ AC is running, _____ producing adequate _____ .
Lack of _____ air _____ from _____ .
I _____ understand _____ my _____ without producing _____ cold air.
_____ enough chill coming out _____ AC _____ on.
Why _____ there enough _____ by _____ AC despite _____ ?
_____ come my _____ I am not chill?
There isn't _____ to come _____ when _____ on.
_____ always on _____ there _____ chill coming _____ .
Is the _____ running _____ enough cold _____ ?
_____ air conditioner _____ cold air.
Why _____ my _____ a _____ of _____ ?
Why _____ cold air _____ produced _____ AC?
_____ of _____ air _____ conditioning?
_____ does _____ cool _____ ?
I _____ AC isn't generating _____ cool air.
What _____ the cause of limited _____ when _____ running _____ ?
Not _____ cool air from _____ ?
Even though my _____ functioning, _____ to provide adequate _____ .

____ it's always ____ there's not enough ____ ____ ____ .
 ____ nonstop ____ Air Con has ____ cool breeze?
 ____ going ____ air ____ isn't ____ enough.
 AC does ____ despite ____ use.
 I'm ____ enough ____ even ____ my ____ has been running ____ .
 ____ the reasons for limited ____ running AC?
 I'm not ____ cold air ____ which is running ____ .
 ____ is it ____ cold air ____ the ____ is insufficient?
 My ____ running all ____ time but ____ doesn't have ____ ____ ____ .
 Doesn't ____ AC ____ me ____ air after ____ run?
 ____ the air conditioning blowing ____ ?
 ____ cold ____ now, but ____ run long ____ ?
 I'm not getting ____ air, ____ is ____ constantly.
 ____ of ____ from ____ AC?
 Why isn't ____ cold ____ produced ____ AC?
 Lack ____ cold ____ coming ____ from the ____ ?
 Why ____ conditioner ____ the cold ____ ?
 Cool ____ come by ____ my AC.
 ____ my AC doesn't generate ____ air ____ nonstop, ____ it malfunctioning?
 ____ AC lacks ____ despite ____ .
 ____ cold air being ____ by my ____ ?
 Why ____ the air conditioner get ____ running ____ .
 ____ is my air ____ generating ____ ?
 ____ AC isn't cooling ____ ?
 Why ____ my ____ not have ____ ?
 ____ isn't ____ cooling from ____ ?
 ____ doesn't ____ cool air.
 ____ why ____ get ____ air from my air conditioner.
 ____ my ____ have lack ____ chillness?
 ____ though ____ running the ____ conditioner doesn't ____ cold.
 ____ my ____ all ____ time and ____ enough chilled air?
 ____ though my ____ working, it ____ to ____ enough ____ .
 Is ____ enough cool air from ____ conditioning?
 ____ come ____ is ____ all the ____ but not providing ____ chilled ____ ?
 There ____ the AC.
 ____ does my AC ____ provide ____ ?
 The ____ not cooling, ____ .
 My air conditioning ____ cold ____ .
 ____ all day, ____ any ____ air?
 ____ isn't the ____ coldness?
 My AC ____ chill ____ .
 Is ____ AC does not produce ____ cool air?
 My ____ produce ____ despite ____ functioning.
 ____ my AC ____ doesn't ____ the cold air?
 Help! ____ AC ____ cold ____ !
 Help! my ____ isn't ____ !
 There is ____ enough ____ air ____ .
 Despite constant use ____ the ____ unit, ____ air ____ .
 ____ of cold ____ AC?
 It's not ____ continuous use ____ AC unit.

_____ there not cold air when _____ ?
 My _____ produce enough _____ with continued _____.
 _____ AC _____ all the _____ but _____ is not _____ enough _____ air.
 _____ isn't _____ running?
 How _____ chill despite the running _____ my _____?
 The _____ not cooling despite _____.
 Why _____ airconditioner make _____ air?
 _____ though _____ still works, it _____ produce adequate _____.
 Why isn't _____ air _____ AC?
 Why _____ there enough _____ produced by _____?
 There is _____ cooling _____ with _____.
 _____ isn't _____ air produced _____ my continuously _____ air _____.
 _____ it _____ cause _____ limited cooling _____ continuously _____ AC?
 _____ insufficient cold _____ when _____ an _____.
 How _____ AC _____ running _____ and _____ don't _____ any chill?
 _____ ac is _____ blowing _____.
 _____ is _____ with the _____ blowing cold _____?
 _____ is _____ not _____ when running?
 _____ aren't _____ AC's _____?
 _____ does Continuous running of _____ A/C not _____?
 Why isn't _____ AC producing enough _____ despite _____?
 _____ AC fails to produce adequate _____.
 The AC isn't _____.
 Why _____ my _____ constant _____ but not _____?
 _____ conditioning _____ not cooling _____.
 _____ cold _____ produced by AC.
 There's _____ cold air, _____ continuous use _____ the _____.
 AC _____ a _____ but not _____ cold _____?
 _____ AC isn't _____ enough
 There _____ not _____ when AC _____.
 There might be _____ reason _____ cooling _____ an _____ AC.
 _____ not _____ by my AC despite running continuously.
 Why doesn't the air _____ get _____ all _____?
 I _____ getting _____ chill from _____.
 The air _____ won't _____ despite _____ much.
 _____ getting sufficient _____ from my _____?
 _____ is it that _____ blasted _____ cooling _____?
 Despite _____ my AC _____.
 My _____ does not _____ chill even after _____.
 Why _____ my _____ blowing enough _____?
 Even _____ AC doesn't produce enough _____.
 Is _____ air _____ out _____ air?
 _____ isn't _____ chill when _____ always _____.
 _____ does _____ to produce cold output?
 _____ isn't _____ cold _____ when I'm on _____ 24/7.
 Why _____ the _____ don't _____ enough _____?
 I _____ an AC _____ is _____ but _____ am _____ enough _____ air.
 _____ wonder why my _____ cold air.
 _____ my AC _____ enough _____?
 _____ lack _____ coming out of the _____.

_____ is _____ problem _____ my continually _____ AC.
 _____ about _____ cooling _____ AC?
 The _____ running _____ has a _____ of _____.
 Why doesn't _____ coldness?
 _____ airconditioning _____ cold air.
 _____ AC is _____ enough cold air.
 _____ is the reason _____ blasted _____ cooling squat?
 _____ my airconditioners produce _____ cold _____?
 Why _____ produce _____ cold air?
 _____ continuous use _____ the AC _____ insufficient _____ airflow _____.
 Shouldn't _____ cool air?
 Insufficient _____ cool air _____ unit?
 _____ isn't _____ conditioning _____ despite going constantly?
 _____ not enough _____ in _____ ac.
 Why _____ continuous _____ not _____ coldness?
 _____ supply _____ cool _____ in _____ AC?
 Isn't there _____ chill _____ when _____ on?
 _____ issue _____ cooling with the _____ running AC.
 _____ was no _____ AC _____ the continuous use.
 _____ production _____ cooling air in _____?
 _____ if _____ isn't blowing cold air?
 _____ AC _____ continuously produce enough _____?
 _____ is _____ running _____ cold output?
 _____ AC _____ no chillness?
 _____ conditioning _____ blowing _____ cold air.
 _____ cold _____ produced _____ consistently operational _____.
 It's not _____ cool _____ in _____.
 _____ use of the AC _____ there's insufficient _____.
 _____ is not _____ in from _____ continuously running _____.
 Why _____ my AC _____ cold _____?
 Why does _____ ac _____?
 _____ doesn't _____ AC _____ properly?
 The _____ continuously _____ enough cold _____ output.
 I _____ getting _____ cold _____ from _____ AC _____ it is being _____.
 Help! _____ conditioning isn't _____
 How come my _____ adequate _____ air output?
 _____ cold _____ produced _____ to _____ operational AC.
 _____ AC _____ to _____ chill even with _____ working.
 _____ an AC that is _____ enough _____ air.
 Is _____ operating _____ production _____ cool air _____?
 Why _____ it _____ air _____ AC is inadequate?
 Why _____ there insufficient _____ AC for _____ purposes?
 AC _____ a _____ time _____ no _____ air _____.
 Is _____ AC malfunctioning _____ generate sufficient _____ air?
 Despite _____ use, no _____ the _____?
 I _____ understand why my _____ doesn't have _____ it being _____.
 AC runs for _____ time _____ not _____.
 _____ limited _____ caused by continuously _____ AC?
 How come _____ have any _____ running _____ AC?
 _____ of the AC unit, what _____ causing _____ flow?

_____ hasn't _____ air conditioner _____ cold despite _____ so _____?
 _____ I not get _____ air from _____?
 _____ air conditioner _____ not getting _____.
 _____ isn't _____ blowing the _____ air?
 _____ air conditioning _____ not cold _____.
 Despite _____ constant _____ my _____ is not _____ enough.
 _____ doesn't _____ AC always _____ enough _____?
 _____ my AC _____ not cool _____ the constant operation, _____ _____?
 I _____ my air _____ doesn't make _____ cold _____.
 How come my AC _____ adequate _____ air _____?
 _____ running nonstop and _____ enough _____ air?
 _____ conditioner isn't cold _____!
 With continued functioning _____ AC _____ adequate _____.
 AC is not _____?
 Why _____ I not _____ enough cold air _____ despite _____ being _____ continuous _____?
 _____ get _____ air from my AC _____ it's running _____.
 _____ isn't my AC _____?
 _____ isn't _____ producing _____ chill?
 Why _____ my _____ isn't generating _____ air _____?
 _____ AC cool?
 _____ isn't _____ cold air produced _____ my AC _____?
 _____ fail to cool properly?
 My _____ isn't _____ enough _____ going _____.
 _____ isn't _____ cold _____ when my AC is _____?
 _____ doesn't continuous operation of my _____ _____?
 _____ continuously _____ lack _____ cold air.
 What _____ wrong with _____ if _____ not _____ cold _____ on 24/7.
 Why isn't _____?
 There _____ cold air from the _____.
 Why isn't the _____?
 _____ is the _____ in output _____ running _____?
 Not _____ comes outta _____ AC _____ it's _____.
 Is _____ cool air _____ in my _____?
 Even _____ AC _____ running _____ there _____ not _____ produced by it.
 Why _____ my _____ enough _____ air circulation?
 _____ reason _____ insufficient cooling on an always-on _____?
 My AC lacks _____.
 The AC _____ running all _____ but _____ isn't providing _____.
 Why _____ air conditioning _____ more _____?
 _____ AC _____ producing enough coldness.
 _____ does the A/C run _____?
 _____ AC doesn't produce enough _____.
 When _____ always on, _____ enough chill _____ out _____.
 Is _____ the AC unit?
 _____ operating AC produces _____ cool _____.
 The continuous _____ coldness.
 _____ air when my AC is _____?
 _____ AC not producing _____ air?
 Isn't _____ AC _____ enough icy air _____ I _____?
 _____ air conditioning fails _____ generate _____ air, is it _____?

Why _____ the _____ conditioner get _____ running so _____?
_____ running _____ isn't providing _____ cool _____.
_____ hasn't cold air _____.

How _____ non-stop and _____ have zero chill?
_____ my _____ conditioning blowing enough icy _____ running _____?
_____ keeps running and it _____ get _____.
_____ my AC _____ enough _____ even though it _____ continuously?
_____ with an always-on _____ there a _____ cooling?
_____ down enough?

I _____ been _____ air because _____ has _____ running constantly.
_____ is _____ coldness _____ AC.

Why _____ continuous running of the _____ chilly _____?

AC run a _____ air now?

Why _____ my _____ all the _____ without providing _____ chilled _____?

Shouldn't the AC _____ air?

I _____ understand _____ isn't generating enough _____ circulation.

Why doesn't _____ chill _____?

Why _____ my AC not _____ flow?

How come it _____ cold _____ though _____ AC?

My _____ not _____ enough _____ going constantly.

There _____ cold air _____ running _____.

_____ enough cold _____ my AC.

_____ my _____ not have enough _____?

Why wasn't _____ AC _____ cold _____?

My _____ cool _____.

_____ though the _____ is still working, it fails _____.

_____ the _____ cool?

Why am I not _____ cold air from _____ AC _____ in _____?

Why _____ there _____ enough _____ air _____ by _____ AC?

_____ isn't _____ AC _____ enough _____?

_____ wasn't _____ air _____ despite the continuous _____.

Even though my _____ it _____ produce adequate _____.

How come there _____ no chill even _____?

Despite continuous use of _____ unit, _____ has _____ cold _____.

_____ running _____ insufficient _____ cooling purposes?

Is _____ cool air coming from _____?

Is _____ a _____ for _____ with the always-on _____?

Why do _____ running of A/C _____ produce _____?

_____ why _____ conditioner doesn't make _____ cold air.

Cold _____ lacking from _____.

Am _____ getting enough cool _____ running AC?

_____ going constantly _____ air _____ is _____ enough.

_____ had an _____ insufficient cooling _____ my _____ running _____.

Did AC _____ long time, _____ air now?

_____ explain _____ my AC isn't _____ despite being in _____.

I don't _____ blow cold air when _____ 24/7.

Why is _____ cold?

Is _____ air _____ cold air?

_____ does _____ not _____ cold air?

There's a question _____ why _____ more cold air.

The air conditioning isn't _____.
 _____ AC make _____ air output?
 Not _____ enough air _____ my _____?
 _____ my _____ conditioning blowing _____ air even after _____?
 _____ cold air produced _____ the _____.
 How _____ is running _____ and I'm _____ cold?
 Why _____ conditioning is not _____ despite _____?
 Why _____ the A/C _____ cold _____?
 _____ coolness _____ the AC?
 _____ My _____ not _____ cold.
 _____ doesn't my _____ conditioner _____ air?
 _____ AC is not _____!
 _____ my _____ generating enough cool _____?
 _____ doesn't my airconditioning produce _____?
 _____ get enough cool _____ AC.
 _____ does _____ lack cold _____?
 _____ continuously, I _____ get enough _____ air _____ my AC.
 _____ air _____ doesn't produce _____ cold air.
 _____ air _____ in _____ AC.
 Why _____ not have enough _____?
 Lack of cold _____ coming _____ of _____ AC?
 A/C runs and _____ a lack _____.
 _____ cool _____ is _____ the AC.
 _____ of cold _____ the air _____?
 Is _____ cold _____ AC despite _____ use?
 _____ is constantly _____ and _____ don't have a chill?
 AC _____ very _____ make _____ air.
 _____ is the _____ with _____ enough cold air?
 Is my _____ if it does _____ cold _____?
 _____ I not _____ enough _____ AC even _____ it _____ in constant use?
 The _____ conditioning _____ despite _____.
 _____ enough cool air circulation?
 I'm not _____ cold air _____ what's _____ reason?
 _____ continuous _____ the air conditioning unit, _____ insufficient cold _____.
 Why doesn't _____ AC _____?
 AC _____ cold _____ even _____ continuous _____?
 My _____ running _____ has an _____ with _____.
 Even _____ isn't cooling.
 Why _____ when the A/C lacks in _____?
 Air conditioning _____ despite _____ so _____.
 _____ continuous use of _____ AC unit, insufficient _____ air _____.
 The _____ cooling _____ running.
 _____ the air conditioning _____ air?
 _____ do I _____ get enough _____ from _____?
 There _____ not enough cold _____.
 Is it because the AC _____?
 Why does _____ continuously with _____ output?
 Why _____ air conditioner _____ colder?
 Why _____ give _____ cold air output?
 I have _____ issue with _____ on _____ running _____.

_____ there _____ cool air generated _____ ?
 Why isn't _____ air conditioning generating _____ circulation _____ constantly?
 _____ possible _____ AC fails _____ enough cold air?
 _____ AC has been _____ but _____ am not _____ air.
 _____ it _____ the A/C is lacking in _____ ?
 _____ wrong with my _____ not _____ ?
 Why _____ my _____ more cold _____ ?
 _____ isn't _____ coming _____ the _____ AC.
 My _____ isn't _____ .
 _____ not enough chill coming out _____ is _____ .
 _____ is there _____ enough coldness in _____ ?
 Insufficient cooling is _____ running AC.
 _____ isn't _____ cooling _____ down?
 My _____ fails in _____ even with _____ functioning.
 _____ don't understand why _____ not generating enough cool _____ .
 Despite running constantly, _____ enough cool air _____ ?
 _____ the _____ limited _____ continuously running AC?
 Isn't _____ conditioning _____ enough icy air _____ running?
 How come _____ can't _____ running my _____ ?
 _____ don't understand _____ isn't _____ properly.
 _____ to know _____ my AC _____ running _____ enough cold air.
 _____ all the time without _____ enough _____ air.
 _____ it because _____ is running all _____ without _____ enough _____ air?
 There isn't enough _____ being _____ my AC despite _____ .
 Why is _____ cold?
 Despite _____ unit, what is causing _____ cold air?
 Despite _____ the AC _____ .
 _____ the _____ to generate _____ cold air while operating, _____ ?
 AC on _____ day _____ cold _____ ?
 _____ does _____ not _____ enough chilliness?
 _____ it's always on, why _____ chill _____ out?
 Suggestions of _____ enough _____ AC?
 Not _____ air _____ my AC is _____ ?
 Why _____ AC _____ produce enough _____ air?
 _____ air conditioner cooler _____ running so much?
 The _____ doesn't have _____ air despite _____ .
 I _____ my _____ running AC is making _____ cold _____ .
 _____ AC _____ if _____ fails _____ generate cold air?
 _____ why _____ there no _____ air?
 Why is it _____ cold air _____ by _____ ?
 I would _____ why my air conditioner _____ more _____ air.
 If _____ ac doesn't _____ enough _____ air, _____ it _____ ?
 Why air conditioners don't _____ running _____ ?
 _____ of cold air _____ the continuously _____ AC.
 _____ isn't _____ enough _____ going constantly.
 Even _____ my _____ is _____ it doesn't _____ enough _____ .
 _____ air cold while A/C _____ ?
 _____ doesn't _____ AC produce _____ coolness _____ operation?
 _____ doesn't _____ air _____ more cold _____ .
 If my AC _____ enough _____ it malfunctioning?

_____ air conditioner _____ cold

My _____ conditioning does not _____ enough _____.

My air _____ isn't _____

Insufficient _____ coming from _____ conditioning.

Why _____ not produce _____ cold _____?

_____ cold air coming from _____ running AC.

_____ air conditioning cold _____?

_____ me because _____ operational AC _____ cold enough.

_____ doesn't my _____ cold air _____ I'm running?

_____ cold air while A/C _____.

_____ is _____ enough coldness _____ the _____.

_____ isn't producing enough _____.

_____ get _____ air from my _____.

_____ a _____ of cooling air _____ A/C _____.

_____ production of cool air in _____ air _____.

_____ because of _____ cold _____ produced by _____ AC?

I don't _____ why _____ AC _____ enough despite _____ use.

_____ AC _____ cool air circulation?

Why _____ AC _____ more _____ air?

_____ is not enough cold _____ air _____.

Why does _____ AC _____?

_____ my _____ continuously running without _____ cold _____ output?

_____ the _____ conditioner _____ enough _____ air?

The _____ conditioning doesn't _____ air _____?

Why _____ get colder _____ running so _____?

_____ continuously without chilly output?

I _____ cold air due to _____ running constantly.

Why _____ not cooling _____?

_____ enough _____ AC?

How _____ chill even though _____ my AC?

_____ cold _____ by AC?

_____ enough _____ in _____ AC.

_____ air _____ blowing enough ice after I _____?

Despite _____ AC _____ there is still _____ cold air.

_____ aren't there _____ out when it's _____ on?

Why is _____ AC in _____ but _____?

AC _____ cooling

Cold air _____ not _____ from _____.

_____ no cooling _____ the _____?

What is _____ my AC isn't _____ enough _____ the _____?

Why _____ I _____ getting more _____ from my _____?

Why _____ insufficient _____ air _____ operational AC?

_____ cold _____ running an AC.

When _____ always on, _____ isn't _____ enough _____ come _____?

_____ sufficient _____ being _____ my AC.

_____ getting enough _____ air from my _____ running continuously.

If _____ cold _____ while it is running, is it _____?

AC run _____ a _____ can't _____ cold air.

I don't _____ isn't enough cold _____ by my _____.

I _____ an _____ with inadequate cooling _____ my _____.

It isn't cold ____ AC _____.
 ____ my ____ operating ____ enough cool ____?
 ____ isn't there ____ cold ____ coming ____ my ____?
 ____ enough cold air ____ an ____
 Why ____ my ____ fail to ____ enough ____ circulation?
 ____ is my ____ in use ____?
 HELP! ____ is ____ enough.
 Why ____ my AC ____ the time ____ chilled ____?
 Lack ____ cold ____ at ____?
 ____ air ____ running the AC.
 Why ____ not ____ very well?
 Is ____ possible ____ AC ____ insufficient production ____ cool ____?
 The air ____ doesn't get cold ____ running.
 ____ is my ____ not producing enough cool ____ constantly?
 Is ____ malfunctioning if it ____ enough cold ____ while ____?
 ____ AC have ____ chilliness?
 I have ____ issue with ____ for ____ AC.
 ____ my AC ____ enough ____ air ____ despite ____ constantly?
 ____ my ____ making too ____ cold ____?
 ____ air in the AC.
 AC ____ in ____ even with ____ functioning
 ____ been ____ I'm not getting enough ____ air.
 There ____ cool air coming _____.
 Been ____ the ____ long, ____ no coolness was _____.
 AC ____ down despite ____?
 ____ is my ____ cold.
 I ____ cooling ____ with my continuously ____ AC.
 Why ____ my AC ____ produce enough ____?
 Is ____ that my air ____ produce more ____?
 AC run ____ long ____ not make ____ air.
 There ____ an ____ cooling from _____.
 ____ AC ____ have enough cold air ____?
 Why ____ air conditioner ____ me ____?
 ____ is ____ reason the ____ conditioner doesn't ____?
 ____ my ____ conditioners make ____ air?
 ____ running continuously, ____ isn't enough ____ air ____ AC.
 I am ____ insufficient ____ air ____ AC even ____ it ____ being _____.
 ____ my ____ enough icy air when I ____?
 Is ____ air conditioning ____ me ____ air ____ running ____?
 The ____ conditioning ____ generating ____ air.
 Is my AC running ____ cold air?
 ____ there enough cool ____ in my ____?
 ____ air ____ make more ____ air?
 Is ____ reason I ____ enough cooling ____ my ____ unit?
 ____ AC ____ cold air ____ use.
 AC ____ all ____ but ____ air.
 ____ AC ____ produce ____ chill even with ____ functioning.
 ____ my AC ____ me enough ____ after running ____?
 ____ the air ____ me ____ cold air?
 How ____ my ____ is ____ and I ____ zero ____?

_____ my AC produce _____ air _____?
 _____ isn't _____ generating enough cool air _____ running _____?
 The _____ to make _____ chill _____ with _____ functioning.
 By _____ AC, _____ can _____ cause _____ limited cooling?
 Why _____ my AC _____ have _____ air _____?
 Is there _____ lack _____ air _____ from the _____ running _____?
 _____ possible that my AC _____ cold air?
 _____ need more _____ from _____ AC.
 AC _____ long _____ not make _____ air now?
 _____ my _____ do not _____?
 _____ not _____ enough cool air.
 The lack _____ air _____ the _____?
 Is there _____ reason _____ insufficient _____ if the _____ on?
 _____ AC _____ enough cool _____ circulation?
 I want to know the _____ continuously running _____.
 I _____ like to _____ my _____ enough cold air.
 I'm _____ AC _____ but I'm not _____ enough _____.
 Not _____ air _____ from the _____.
 _____ the AC _____ not _____?
 _____ all _____ but no cold _____?
 _____ always-on but not _____ chill?
 _____ there any reason for insufficient _____ even _____?
 Why do coldness _____ operate it without _____?
 _____ AC isn't generating _____.
 I want _____ why _____ isn't _____ produced by _____ AC.
 Continuous operation of _____ isn't _____.
 _____ for _____ no cold air?
 What _____ that my _____ blowing _____ cold air?
 _____ come my _____ produce _____ air?
 It's not enough _____ being _____ by _____.
 _____ is the _____ not up to par?
 How come there _____ cooling by _____?
 There _____ a _____ of _____ while _____ A/C _____.
 Why is _____ producing _____ coolness?
 _____ enough cold air _____ by _____ AC.
 Is there _____ for insufficient cooling, _____ an always _____?
 _____ is _____ A/C is running?
 _____ insufficient coldness _____ continuous AC.
 _____ run long time but _____.
 My _____ conditioning isn't _____ enough _____ I _____ constantly.
 Is there insufficient _____ air _____?
 Why _____ the _____ make enough _____?
 _____ have an AC that _____ all _____ time without _____ air.
 The _____ was _____ from running _____ AC.
 Even _____ an always-on _____ reason for insufficient _____.
 _____ AC generate _____ cold _____ output?
 I _____ why _____ conditioner _____ produce more cold _____?
 Despite running _____ generating enough cool air _____.
 Is _____ a reason _____ cooling in _____ unit?
 _____ for insufficient _____ even with an _____ on AC.

_____ there not enough cool _____ from _____ AC?
 The _____ conditioning is _____ going _____.
 _____ my _____ running continuously, I _____ getting enough cold _____ by it.
 Despite _____ AC running _____ isn't enough cold _____.
 Is _____ a _____ for insufficient _____ on AC?
 _____ is insufficient _____ from _____ ac unit, _____ a _____?
 _____ have a _____ with _____ my continuously running _____.
 Why _____ my AC _____ of _____?
 Why _____ my _____ blowing _____ air?
 Too _____ cool _____ produced _____ AC.
 AC _____ a long _____ not make _____.
 _____ there _____ of cold _____ from _____?
 Why isn't there enough _____ coming _____ is _____?
 Not _____ from _____ but _____ always-on?
 Is _____ a reason for _____ always-on AC?
 _____ on _____ day _____ any _____ air.
 _____ if there is a reason _____ insufficient _____ AC.
 Is _____ something wrong _____ cooling _____ with _____ always-on _____?
 Cool air _____ despite _____?
 I am _____ if my _____ making enough _____.
 I'm _____ getting enough _____ air _____ running.
 _____ running _____ not _____?
 _____ my _____ enough icy air even _____ long run?
 _____ getting enough _____ air _____ my AC _____ been _____ frequently.
 Not _____ that _____ air _____ my _____?
 _____ that my AC is producing _____?
 What _____ the _____ for insufficiently _____ by consistently _____ AC?
 I _____ air in _____ AC.
 _____ there a _____ for the ac _____ not _____?
 _____ my _____ conditioning not _____ enough?
 There is _____ cold _____ produced _____ my _____ conditioner.
 Why _____ AC _____ the time _____ it down?
 _____ AC running all _____ not enough cold _____?
 Why _____ there no cold _____ A/C _____?
 _____ AC _____ enough coldness.
 I am having _____ coming _____ of my AC _____ it _____ use.
 What is _____ of _____ cooling when _____?
 Is _____ production of the _____ my _____ insufficient?
 Is _____ it _____ produce cold air?
 Even _____ my AC _____ chillness.
 Is _____ running with _____ air?
 Why _____ not enough _____ air _____ by _____ operational _____?
 _____ we _____ from AC?
 Help, _____ air _____ cold enough?
 _____ cold air _____ AC?
 _____ do I not get enough cold _____ from _____ AC _____ in _____?
 _____ AC not chill _____?
 You don't _____ air from _____ use?
 _____ I _____ no chill even though my _____?
 Why _____ continuous AC not _____?

_____ is insufficient in _____ air _____.
 _____ get enough cold _____ because of _____ AC _____.
 Even _____ the _____ works, _____ fails _____ produce _____ chill.
 What _____ produced _____ consistently operational AC?
 I don't _____ why _____ getting enough _____ being _____ constant use.
 _____ continuous _____ unit, the cold air _____ not flowing.
 _____ cooling _____ my AC?
 Is _____ ac _____ making enough _____?
 I'm _____ getting _____ air because _____ is _____ constantly.
 Continuous use _____ the AC _____ has _____ air.
 Why _____ constant _____ producing enough _____?
 _____ continuous use of _____ AC unit, there _____ air _____.
 AC _____ but no _____.
 The _____ is _____ insufficient _____.
 _____ wonder why _____ air conditioner _____ get _____ running _____ much.
 _____ out enough cold air?
 Despite _____ the _____ unit, there is _____ air.
 With _____ the AC _____ is causing _____ cold air?
 Why _____ my air _____ cold as _____ would _____?
 Despite _____ my _____ weak cool _____?
 _____ AC _____ been used intensely yet _____.
 What is _____ that my air _____ air?
 AC _____ air despite _____ use.
 _____ why doesn't _____ AC _____?
 _____ insufficient cold air _____ the AC unit _____ being _____.
 Why _____ the _____ not _____?
 There's _____ cold _____ produced _____ operating _____.
 _____ getting _____ while my AC _____ any ideas why?
 _____ can't the AC _____ cool _____?
 _____ air conditioner not _____?
 Why _____ the AC _____ air?
 Shouldn't my AC be _____ cold _____ 24/7.
 _____ all day _____ air?
 _____ insufficient cold _____ despite continuous _____ of _____ AC _____.
 Despite constant _____ of _____ unit, _____ cold air _____.
 _____ is _____ cooling when continuously running AC?
 Is _____ all night, but not _____ air?
 _____ AC _____ been used _____ yet _____ coolness has _____.
 _____ there a _____ the _____ of cooling with _____ on _____?
 _____ AC _____ running _____ but _____ enough cold air.
 Even with continued _____ does not _____.
 Why isn't _____ AC _____ enough _____ output?
 Are there reasons for _____ cooling _____ with _____?
 Why _____ AC fail _____ produce _____?
 Why _____ my _____ failing _____ produce _____?
 My AC _____ enough _____ air _____.
 Why _____ air _____ get cold despite _____ much?
 _____ enough _____ air generating _____ AC.
 My AC is running _____ time, _____ is not _____ chilled _____.
 There's insufficient _____ air despite _____ use _____ AC _____.

Despite continuous _____ of _____ insufficient cold _____ is _____ by.
 _____ the _____ all day _____ not _____ cold air?
 _____ in producing _____ chill even _____ continued functioning.
 Why _____ my _____ enough _____ air _____?
 _____ have no _____ though my AC _____ running _____ stop?
 _____ is _____ cooling _____ continuously _____ AC.
 _____ of _____ from the _____?
 Why _____ my AC _____ but not _____ enough?
 _____ doesn't the _____ conditioner get cold _____ it's _____?
 Is _____ malfunctioning _____ doesn't _____ enough cold air?
 _____ AC has been used a _____ zero _____.
 _____ conditioning is _____ despite going constantly
 _____ AC runs without producing _____.
 Continual _____ of _____ AC _____ causing insufficient _____ air.
 Cool _____ AC _____ produced enough.
 _____ isn't _____ cold _____ my fully _____.
 My _____ running _____ I don't _____ cold air.
 The _____ to produce _____ chill _____ continued _____.
 _____ continuously _____ has a _____ of _____ air.
 I wonder _____ AC _____ cool air.
 _____ there isn't _____ cold air being _____.
 How _____ conditioner is _____ cold despite running _____?
 Why _____ AC _____ appropriately?
 Why _____ cold _____ consistently _____ AC?
 _____ the AC _____ cool _____?
 Why don't _____ from _____?
 Why does _____ enough cool _____ circulation?
 AC _____ day _____ not very _____.
 I don't _____ AC.
 There is lack _____ the AC.
 _____ AC produce enough _____ air?
 _____ reason _____ too _____ from my ac unit?
 The _____ runs without _____ adequate _____.
 _____ my air conditioning _____ air _____ I _____ non-stop?
 Why do _____ like my _____ cold _____ despite it _____ use?
 _____ doesn't _____ produce more _____ air?
 The AC doesn't _____ continuous _____.
 _____ AC _____ to _____ chill.
 _____ AC not blowing _____ when it _____ on?
 _____ AC doesn't _____ air despite _____?
 _____ cold _____ from AC running.
 Even _____ my _____ to _____ it _____ to _____ adequate chill.
 The _____ was _____ despite the _____.
 AC on _____ day _____ any _____?
 AC _____ long _____ but _____ make cold _____?
 _____ AC isn't _____ despite _____.
 _____ of _____ AC isn't _____ sufficient _____.
 _____ is my AC not _____ cool _____?
 _____ cold air not _____ by _____ operational AC?
 _____ know _____ my AC _____ running all _____ time without cooling _____.

_____ is _____ that cold _____ operational AC is insufficient?

_____ cooling _____ the issue with _____ running _____.

There _____ continuous running _____ the _____ chilly _____.

_____ enough cold air with my _____ continuously.

_____ is _____ of cold air _____ continuously running _____.

Why _____ continuous _____ providing enough _____?

_____ conditioner supply _____ cold air?

There is _____ coldness _____ AC.

_____ isn't _____ AC?

_____ am wondering _____ air _____ not cold.

Is _____ air _____ not _____ cool air _____?

Why _____ my _____ more _____ air out?

_____ my ac _____ enough _____?

_____ A/C _____ produce chilly output?

My _____ doesn't produce enough _____ with _____.

_____ my _____ in _____ why am I experiencing _____ from it?

Is _____ AC _____ if it doesn't _____ air?

_____ AC not _____?

Insufficient _____ air is _____ consistently _____.

_____ running _____ the time _____ enough cold air?
