

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Technical assistance with part installation
Inquiry Sub-Category	Compatibility with hybrid or electric vehicles
Description	Inquiries pertaining to the compatibility and installation procedures of automotive parts specific to hybrid or electric vehicles, providing guidance on specialized installation techniques and considerations for these vehicle types.
Data Size	8,337 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)

_____ a professional _____ to install _____ on my hybrid or electric car, _____ complexity?
_____ electric/ hybrid vehicle require _____ during installation?
Complex parts _____ need _____ installation.
Do you _____ installing _____ h-car _____?
Should professionals _____ fitting _____ vehicles?
_____ get help _____ installation of _____ hybrid components?
_____ I hire a _____ to fit _____ on _____ hybrid _____?
Need a technician _____?
_____ you need _____ to do installations _____ hybrid?
_____ the _____ of _____ professional _____ necessary _____ installation _____ components on my hybrid/electric _____?
Is _____ help advised _____ hybrid/EV _____ complexities?
Is it _____ qualified _____ install intricate parts _____ electric/ hybrid _____?
_____ professional help to install _____ parts on _____ hybrid _____ car?
Does a _____ have _____ install _____ on hybrid/electric _____?
Are _____ technicians _____ for _____ of _____ and electric _____?
_____ necessary _____ a _____ technician to _____ intricate _____ in my _____ vehicle?
Do you know _____ professional _____ to _____ complex components on _____?
Does _____ assistance to _____ tech elements _____ hybrid auto?
_____ parts require _____ expertise _____ specialist _____?
_____ a certain _____ electric/ hybrid _____ that _____ expert technician aid?
Should _____ expert assistance _____ install _____ parts?
_____ I _____ the _____ of a trained _____ certain parts _____ hybrid or _____ vehicle?
Is it necessary _____ on electric _____ and hybrid _____?
_____ may benefit from _____ technician's involvement _____ installation.
_____ there a _____ specialized technicians _____ and hybrid?
Is it _____ a professional _____ in hybrid/electric _____?
Is _____ compulsory for a _____ to _____ on fitting difficult _____?
Should _____ be _____ to fit intricate parts _____ hybrid _____?

Is it _____ for experts _____ fit _____ components _____?

_____ of the components _____ vehicle need _____ technician assistance?

_____ have _____ help _____ install my hybrid/EV?

_____ there _____ need for _____ mounting complex electrified/ _____ autos?

_____ look _____ installing hybrid components?

_____ elec _____ requires _____ technicians?

_____ _____ pay _____ technician for adding intricate _____ to my _____?

Is _____ requirement for _____ for complex installations _____ vehicles?

Will I _____ an expert to _____ on my _____?

Are _____ skills necessary _____ complex parts _____ hybrid?

Should _____ use _____ experienced _____ for _____ complicated pieces in _____ and _____?

Do _____ and electric _____ need _____ installation?

Is _____ required for the installation of specific parts on _____?

Is an _____ technician needed to _____ hybrid?

_____ an expert technician _____ for _____ parts _____ my _____ EV?

_____ installation of complex parts in _____ cars?

_____ for _____ professional to install complex _____ on _____ cars?

Is _____ bring _____ a _____ to _____ complicated gear _____ electric/ hybrid vehicle?

_____ need _____ an expert to _____ certain parts on _____ or _____ vehicle?

Do hybrid/ EV _____ the _____ of _____?

_____ a professional _____ hybrid/electric cars?

_____ an expert _____ parts on my hybrid or _____ vehicle?

There are _____ in hybrid/electric _____ could benefit _____ an _____ technician's _____.

_____ a pro for hybrid _____?

_____ are some hybrid/electric cars that would _____ an _____ during _____.

Should professionals be used _____ electric vehicles?

I need a _____ hybrid/electric _____.

_____ the assistance of a _____ required _____ certain components on _____ car?

_____ it a requirement for a skilled _____ to _____ parts in _____?

_____ help _____ expert _____ install parts on my hybrid or _____ vehicle?

_____ the complexity _____ or electric car, do _____ need a _____ install certain _____?

_____ be _____ when _____ complex features into _____ vehicles?

Should professional assistance be _____ parts due _____?

_____ required for complicated _____ installations in _____ cars?

Is _____ for hybrid/electric _____ would benefit _____ an _____ technician's help?

_____ a professional technician _____ certain parts on _____ hybrid or _____?

_____ requirement _____ a skilled technician to _____ parts in my hybrid _____?

Is _____ for the installation of intricate _____ in _____ electric/ _____ vehicle _____ be _____ technician?

How about _____ skilled tech _____ can _____?

Is certain _____ hybrid/electric _____ by experts?

_____ requirement for _____ professional _____ when fitting difficult _____ into _____ vehicles?

_____ some _____ in _____ vehicles best _____ experts?

Should I _____ the _____ of a professional _____ EV/ _____?

Do _____ parts in _____ hybrid or _____ car need _____ of _____?

_____ installing elements _____ hybrid/electric _____ require skilled _____?

_____ complicated _____ hybrid and electric cars _____ would _____ from _____ technician's _____ during installation.

Do _____ parts require _____ of a _____ tech?

Are _____ technicians _____ tricky _____ on hybrid _____ electric _____?

_____ complicated _____ hybrid/ electric vehicles?

Is an _____ technician _____ specific parts _____ my _____?

Do ____ need ____ skilled ____ install the ____ my ____ or electric ____?
 When I ____ components to my ____ do I ____ for ____?
 ____ the complex ____ my ____ electric ____ require ____ expertise ____ a professional technician?
 ____ technician required when installing ____ parts on ____?
 Should ____ be used ____ fitting ____ electric vehicles?
 ____ technicians required for installation ____?
 ____ a ____ for complicated part installations in ____ and ____?
 Should a professional ____ cars?
 Should ____ for ____ hybrid components?
 Need an expert's ____ installing ____?
 ____ it necessary for experienced technicians ____ in hybrid ____ EV ____?
 ____ hybrid/electric cars ____ might benefit from an ____ technician.
 Is ____ assistance of ____ professional ____ order ____ install specific ____ on ____ hybrid/electric ____?
 ____ the ____ of a ____ expert ____ parts on ____ or electric vehicle?
 ____ the ____ of a professional technician ____ want to install ____ on ____ hybrid/electric ____?
 Is ____ to bring in a ____ to ____ up ____?
 Is an expert ____ to install ____ a ____?
 Is ____ necessary for ____ some ____ parts in ____ hybrid or electric ____?
 ____ help ____ professional technician required ____ install components on ____ car?
 Do hybrid/EV ____ expertise?
 ____ technical expertise required ____ installation of ____ electric ____?
 Should ____ for ____ guidance ____ sophisticated elements on my ____?
 While ____ in ____ on electrical/ hybrid ____ should ____ seek ____?
 Does ____ assistance advise ____ complexity for ____?
 Is it ____ a professional tech ____ advise ____ fitting ____ into ____?
 Is ____ a good ____ to seek ____ while putting in elaborate ____?

_____ on elec-vehicles may _____.
_____ complex _____ necessary _____ professional installation in _____?
_____ there a need for _____ complex _____ hybrid/EVs?
Is _____ for _____ to install complex parts in _____ hybrid _____ electric _____?
Do _____ need _____ professional technician to _____ on _____ hybrid car?
Do _____ the _____ of a specialist tech?
Should _____ hired to fit _____ features into _____?
_____ are _____ parts for _____ would benefit _____ a skilled _____.
Do components _____ need a technician's _____?
_____ necessary for a _____ technician to install _____ electric car?
_____ technicians need _____ install hybrid and _____?
There _____ enhancements that _____ a skilled _____ to _____.
When installing _____ in hybrid/electric cars, _____ necessary to _____ advice _____ professional _____?
_____ for _____ technician _____ parts in my hybrid vehicle?
_____ bring in _____ to _____ up my electric/ hybrid car?
Do _____ high-tech _____ hybrid/electric autoRequire skilled _____?
_____ hybrid _____ electric cars _____ for _____ or can I manage _____ myself?
_____ should _____ skilled tech _____ install _____ enhancements.
_____ it necessary _____ a _____ mechanic _____ intricate components in hybrid/electric _____?
_____ technician _____ part installations in electric/ hybrid _____.
_____ it _____ for an _____ install _____ parts _____ my hybrid/EV?
Are there _____ for _____ that would benefit _____ technician's involvement?
Is _____ for a qualified _____ components in my _____ hybrid _____?
_____ may _____ complicated _____ hybrid/electric cars that _____ from _____ expert _____ involvement.
Is it _____ idea to _____ professional advice while _____ in _____ cars?
Is there a way to _____ expert _____ hybrid/electric cars?
Does _____ a _____ tech's guidance _____ units into hybrid/ _____?
_____ are _____ for hybrid/electric _____ that _____ from expert _____ involvement _____ installation.
Is _____ a skilled _____ to work _____ my hybrid _____ electric _____?
Is it _____ to _____ to _____ complex _____ onto _____ hybrid?
_____ hybrid/EV _____ specialized expertise?

Are _____ technicians _____ to install parts _____ electric _____?

Is the assistance _____ required _____ specific components on _____ hybrid _____?

_____ it wise _____ seek professional _____ in _____ parts on _____ hybrid _____?

Do you _____ professionals to handle _____ and _____?

_____ I _____ an experienced auto mechanic for installing _____ hybrid _____?

_____ I _____ expert technician _____ installing parts _____ my _____?

Do _____ parts _____ my _____ car need the expertise _____ professional technician _____?

I wonder _____ certain elements _____ cars _____ technical _____ for _____ installation.

_____ it _____ tech _____ help fit _____ into hybrid/ EV?

Is it necessary _____ a _____ hybrid _____ installation?

_____ a need for _____ technician's help to install parts _____ electric _____?

_____ it a _____ a professional to install components _____?

Installation of _____ elements _____ be done _____ a professional?

Do hybrid/EV _____ the skills _____ a _____?

_____ of a _____ technician required _____ specific _____ my hybrid/electric car?

Should professional assistance be required _____ installations?

Is _____ good _____ to _____ for _____ while _____ elaborate parts _____ electrical/ hybrid cars?

Is professional assistance advised due _____.

Are _____ to hire an _____ install complex parts _____ my _____?

Is _____ necessary for a _____ complicated _____ my electric/ hybrid _____?

Is _____ possible to _____ hybrid/electric car _____ installation?

Is _____ advised _____ complexity for hybrid/ EV _____?

_____ it necessary for a _____ technician to _____ components in _____?

Is a _____ parts _____ in _____ cars?

Installation _____ components should be _____ professional?

_____ expert technician necessary to install _____ hybrid?

Should _____ hire _____ or _____ a _____ part _____ my hybrid/electric _____?

Will _____ need a _____ technician's assistance _____ complex _____ my _____?

During the _____ of my _____ vehicle, do _____ call for _____?

_____ it _____ to use _____ skills _____ fit _____ onto _____ hybrid?

_____ need _____ to _____ installations on _____ and EV _____?

_____ a _____ technician _____ me with the _____ intricate _____ in my _____ hybrid _____?

_____ tech to _____ install EV _____?

_____ need _____ installations on hybrid _____ EV?

When installing _____ components _____ is _____ important _____ seek _____ guidance of a _____?

_____ tech elements on _____ hybrid/electric _____ skilled assistance?

Do the _____ in _____ or _____ the skills of a _____?

Is _____ get a pro to fix my _____?

Will I need a _____ installing _____ my hybrid _____ electric _____?

_____ it _____ a _____ for hybrid/electric car _____ installation.

Is _____ a pro _____ will install _____?

There _____ complicated _____ hybrid/electric _____ would benefit _____ an _____ involved in the installation.

Is it possible for a trained expert _____ parts _____ hybrid _____?

Is _____ experienced _____ to install parts _____ and electric _____?

Is it necessary for _____ components _____?

_____ if _____ seek professional guidance when _____ sophisticated _____ on _____ hybrid/electric _____.

_____ don't _____ professional technician is needed to _____ on _____ hybrid _____ electric _____.

_____ are complicated parts _____ that would _____ from _____ expert's _____.

Do hybrid/EV _____ need _____?

A _____ complex _____ installations in hybrid and _____ cars.

Complex _____ hybrid/electric cars _____ installation.

Will _____ need a _____ technician's _____ in _____ complex parts on _____?
_____ hybrid/electric cars require _____?

Is it _____ specialized _____ to _____ complex EV _____ installations.
_____ relying _____ an _____ auto _____ for _____ complicated pieces _____ hybrid _____ EV vehicles?

Should _____ a _____ to install complex parts _____ hybrid _____?

Is it necessary for _____ work in _____ hybrid _____?

Do _____ need an expert's _____ on installing _____?

Considering their _____ will _____ need a _____ expert's _____ installing _____ parts on my _____ or _____?
_____ to install hybrid and _____?

_____ specialized technicians _____ install hybrid _____?

_____ experts _____ used _____ fitting _____ components on _____?

Are specialized _____ complex _____ in _____ vehicles?

_____ hybrid/electric auto _____ skilled assistance?

Is it _____ for _____ when fitting _____ units into hybrid/ _____?

You _____ a _____ that can install _____.

Will I _____ trained expert _____ install _____ my _____ electric vehicle?

Do _____ parts _____ of a tech _____?

I _____ know if _____ technician's _____ to install _____ parts _____ my _____ car.

_____ it compulsory for a _____ tech to teach you _____ fit _____?

Is professional help necessary _____ and _____?

_____ a tech for installation _____ my _____ car?

_____ the assistance _____ professional technician _____ install certain _____ my _____ car due _____ their _____ nature?
_____ of hybrid/electric cars _____ require _____ of _____.

_____ people rely _____ professional to _____ complicated _____ hybrid/electric _____?

Should _____ tech _____ install complex _____ on my _____?

_____ in a pro to _____ my electric/ _____?

Is _____ professional _____ install certain parts in _____ or electric vehicle?

_____ I depend on a trained _____ install _____ on _____ or _____?

_____ a tech help me with my _____?

_____ a professional _____ complex parts in _____ or electric car?

Is _____ have _____ fix _____ gear on my electric/ hybrid _____?

Is _____ help _____ a _____ necessary _____ on my hybrid/electric car?

Do _____ professionals to _____ electric _____ and _____ cars?

Does _____ have certain _____ need _____ technician aid?

Should _____ rely _____ for fitting complicated _____ hybrid/electric _____?

_____ it necessary for _____ to help install _____ parts of my _____?

_____ important _____ have technical _____ to _____ EV/ hybrid _____?

_____ there complicated parts _____ hybrid/electric cars _____ expert technician?

Is _____ to hire _____ professional _____ car _____ installation?

Does _____ from _____ specialist tech?

_____ required to install _____ in hybrid or _____?

Some components in _____ vehicles _____ be _____?

Is _____ a _____ to advise on fitting difficult _____ EV?
