

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network outages and service disruptions
Inquiry Sub-Category	Limited service availability
Description	Customers may be in areas where only certain services, such as voice calls, are available, while others, like internet access, are not.
Data Size	5,077 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

_____ to _____ and disrupt some services while _____ remain functional?
Some _____ issues _____ others are not.
_____ anyone know how the _____ with _____ services?
Can _____ keeps messing with certain services?
_____ is _____ to _____ that causes _____ interruptions?
Is there _____ reason why some _____ periodic _____?
The network is _____ some _____ to go kaput _____ wrong.
Do you have _____ some functions of the _____ are affected _____?
What is _____ these _____ disruptions _____ the _____?
What's going _____ that _____ parts _____ network to _____?
_____ don't know _____ causing some services _____ be _____ others _____ remain _____.
What is _____ some _____ to _____ down _____ are _____?
What _____ the _____ affecting _____ not all?
The _____ up _____ some services _____ while _____ still work.
_____ you know _____ the _____ disruptions?
Some services _____ network _____ services aren't.
Network issues _____ affecting _____ services _____ not.
What's _____ cause of _____ certain _____ in _____ network?
What _____ cause of _____ disruptions affecting _____ normal functioning of _____?
_____ down while _____ alright, _____ come that _____?
_____ are _____ services _____ on the _____ others aren't?
_____ come different parts _____ network _____ sporadic outages?
When _____ working smoothly, what _____ be causing _____ have service _____?
What is the _____ the periodic _____ to _____ network?
There _____ disruptions _____ disrupting _____ service, while _____ are unaffected.
_____ certain services being disrupted on the network _____?
_____ for the periodic disruptions to some _____ the _____?
_____ are some _____ while others _____ still _____?
_____ services _____ functional _____ others are disrupted _____ network _____.

_____ a _____ why _____ are frequent outages impacting some _____ of _____ system, _____ ?

Is there _____ you _____ tell me _____ why _____ outages impacting _____ functions _____ not _____ ?

Why _____ parts _____ network _____ leaving _____ services untouched?

_____ the cause _____ experiencing some service disruptions?

What _____ causing _____ network _____ some but not _____ ?

Do _____ know _____ some _____ the _____ affected _____ frequent outages, but _____ others?

Do _____ know why _____ are _____ leaving _____ services unaffected?

The _____ is _____ issues which _____ disrupting _____ .

_____ network _____ affect _____ not _____ services

_____ and network outages _____ what?

Is there _____ why _____ parts of your network _____ ?

Do _____ know why some _____ the _____ frequently, _____ not others?

What _____ be disrupted while others _____ up?

_____ are _____ network _____ while others _____ .

_____ network disruptions that cause disruption _____ services?

_____ you _____ of the system _____ affected by frequent outages but _____ ?

_____ part _____ the _____ shutting down _____ now _____ then?

_____ services _____ functional _____ are disrupted due to _____ is happening _____ network.

_____ causing intermittent network _____ affecting _____ ?

_____ is the _____ making some _____ useless _____ others _____ still _____ ?

_____ may be causing _____ issues _____ some _____ .

_____ going on that's _____ of your _____ go down?

_____ are _____ others are disrupted _____ of what _____ causing the _____ to _____ .

_____ trouble _____ causing _____ in some areas, _____ others are working _____ .

Why _____ some services _____ issues, _____ aren't?

What is the _____ network _____ affects specific services?

intermittent network issues _____

_____ network having issues _____ are still functioning?

Is _____ a known _____ that leads _____ outages impacting _____ ?

_____ of the network issues _____ disruption _____ certain services?

_____ there a _____ periodic _____ to some _____ the network?

_____ affecting some but not all services, _____ ?

_____ is _____ cause _____ intermittent _____ disruptions _____ parts of your _____ ?

The _____ outages and _____ services according _____ what is causing _____ .

_____ anyone know _____ the periodic _____ in the network?

Is there a reason _____ keep _____ down _____ work _____ ?

_____ is causing network _____ service _____ ?

_____ it because _____ disrupted _____ the _____ while others aren't?

_____ you _____ explanation _____ network experiences intermittent disruptions?

Why are _____ being disrupted _____ the _____ aren't?

Network trouble may _____ service _____ some _____ but _____ still _____ .

How come _____ experience _____ ?

What _____ is _____ for intermittent _____ ?

_____ network _____ makes _____ services useless and _____ still _____ .

_____ is the _____ the _____ disruptions _____ service disruptions?

What's _____ one service in _____ network _____ others _____ ?

_____ disruptions affecting some _____ not _____ services _____ .

_____ us why _____ services keep _____ down intermittently?

What _____ be the _____ of _____ and network _____ ?

_____ reason for intermittent disruptions _____ network.

_____ is the _____ acting _____ services are still _____?
 Some _____ remain functional _____ are _____ by _____ on the _____
 How _____ services _____ down _____ when others _____ perfectly?
 _____ is _____ having issues and disrupting _____?
 We don't know _____ caused the _____ down _____ some services _____.
 _____ this network _____ with _____ services?
 Network _____ be _____ service _____ some areas _____ others _____ not.
 Do you _____ some services are _____ disrupted _____?
 Why _____ having _____ that cause _____ some services?
 _____ services _____ functional while _____ as a result of _____ network.
 _____ are some services _____ while others _____?
 _____ other services remain _____ is causing _____ to _____ down?
 _____ haywire, _____ some services _____ kaput, _____ others _____ like nothing is wrong?
 We don't _____ what's _____ to go _____.
 _____ is _____ the network to have _____ and _____?
 Why _____ the _____ and _____ up in certain areas?
 What's _____ has _____ your network _____?
 _____ you _____ us _____ the network _____ intermittent _____?
 Network issues _____ some _____ not _____.
 _____ are _____ outages _____ the _____ that are _____ one _____ leaving _____ unaffected.
 We don't _____ some services _____ while others _____.
 _____ on _____ of your network to _____ down?
 Network trouble may _____ in _____ but _____ working fine.
 _____ don't know _____ caused _____ network to go _____ of _____ services _____ disrupted.
 We _____ not _____ caused _____ go _____ and _____ services are disrupted.
 _____ baffling why the network keeps _____ my _____.
 _____ is behind _____ periodic disruptions _____ in the _____?
 _____ network is _____ causing _____ services _____ be disrupted.
 _____ anyone _____ why _____ are disrupted _____ others _____ unaffected?
 intermittent network issues _____ some _____
 Is _____ a known _____ the intermittent _____ disruptions that _____?
 _____ network trouble _____ service _____ in some areas _____?
 _____ services _____ functional _____ by what is causing the network _____ outages.
 _____ of _____ network to _____ down?
 There _____ reason _____ intermittent _____ to the _____.
 Why _____ the _____ keep going down and _____ areas?
 _____ network disruptions causing _____ services.
 _____ is _____ hiccup stopping stuff?
 _____ you have _____ on _____ some functions _____ system _____ affected _____ frequent outages?
 _____ has _____ are disrupting _____ tasks.
 _____ services _____ unaffected _____ others _____ due to what is _____ the _____ down.
 Some _____ remain functional _____ others are disrupted _____ happening in _____.
 If _____ services still works, _____ network _____?
 _____ is _____ service _____ network disruptions?
 What's _____ the network to _____ down _____ others _____?
 _____ trouble _____ the cause of service _____ areas.
 _____ don't _____ network to _____ down _____ some services are disrupted while _____ functional
 The intermittent disruptions _____ are disrupting one service _____.
 _____ the system _____ outages but not others?
 What _____ on with _____ network that causes service _____?

____ don't ____ what happened ____ cause ____ go down, and ____ services are ____.
 What ____ the ____ experience service ____ in certain ____?
 I'd ____ to ____ the cause of sporadic ____ impacting ____ the ____.
 ____ is causing ____ services ____ be ____ out and ____ to ____?
 ____ going ____ this network that ____ messing up ____ things but ____ unaffected?
 ____ is ____ behind ____ network disruptions?
 ____ know what ____ to disrupt some ____ others ____ functional.
 If some services are still ____ crashing?
 ____ tell me ____ the periodic disruptions ____ services?
 Do ____ know why parts ____ network ____ down, ____ untouched?
 Some services are ____ functional ____ others ____ disrupted ____ what ____ network.
 ____ caused the network ____ down while some services ____ disrupted.
 ____ are having ____ issues ____ others.
 ____ don't know ____ the ____ to ____ some services are disrupted.
 ____ is the reason this ____ messing ____ certain ____?
 Was there ____ that ____ services keep ____ intermittently?
 The ____ the network ____ normally, ____ why are some ____?
 Why do ____ segments ____ others ____?
 ____ don't understand ____ caused the network ____ services are disrupted.
 ____ disruptions affecting ____ but ____ are unexplained.
 ____ network trouble ____ issues ____ some areas while ____ not?
 ____ some services remain ____ what is causing ____ experience ____?
 What ____ happening with the ____ is ____ up some ____ not ____?
 The ____ for ____ the network are not ____.
 ____ are disruptions ____ but ____ others?
 Can you explain what ____ network ____?
 What ____ certain areas to ____ breaks ____ others are ____?
 Why ____ some ____ disrupted while ____?
 What is ____ on the ____ to ____ down?
 ____ explanation for ____ some functions of the ____ are ____ by ____ outages?
 ____ why ____ disrupted while others are functional.
 What's ____ intermittent disruptions in ____ network, ____ one ____ while ____ unaffected?
 Why does part ____ keep ____ down ____ times?
 Some ____ others are ____ what's going ____ in the network.
 The reason ____ disruptions ____ network is ____ known.
 Do ____ have any ____ about ____ the system are affected by ____?
 Some ____ while others ____ still working ____ the ____ issues.
 The ____ to be ____ up ____ things but leaving ____.
 What could ____ reason why the ____ experiencing ____?
 ____ is up with ____ it is ____ up ____ things ____ others ____?
 Is there a ____ the ____ that ____ interruptions?
 What ____ causing ____ network to go ____ leaving other ____?
 What's ____ network? It's messing ____ things, ____ leaving others unaffected.
 ____ issues affect ____ service ____ not ____
 What is ____ network ____ not all ____?
 ____ why ____ services ____ disrupted and ____ are functional
 Is ____ known ____ of ____ intermittent service disruptions ____ select ____?
 We don't ____ services ____ but ____ remain functional.
 ____ network causing ____ issues in some ____ others are ____?
 Is there ____ cause for ____ impacting ____ parts ____ the ____.

Some _____ remain functional, _____ is the cause?

_____ you _____ any theories _____ why _____ functions _____ the system are _____ by _____?

_____ are _____ disruptions to _____ few _____ others on _____ network?

Why are _____ services _____ while _____?

Some _____ remain _____ others _____ by something on the _____.

Why _____ network have _____ but _____?

Why are certain _____ disrupted _____ the _____ compared _____?

When _____ working smoothly, what _____ be _____ certain _____ suffer _____ breaks?

_____ some services go down intermittently _____ others continue _____?

_____ don't know _____ network has _____ some services _____ disrupted.

_____ is _____ on _____ network, it is _____ up _____ things but leaving _____?

Why is _____ network _____ but _____ all services.

Why _____ the _____ go down and only _____?

_____ are intermittent _____ network?

What causes _____ to _____ and _____ up _____?

_____ are _____ disruptions _____ the network that disrupt _____ while leaving _____.

Is network _____ some areas while others _____ fine?

What is _____ network that _____ disrupting _____ and _____ others unaffected?

_____ happening with this _____ messing _____ some _____ but _____ others _____.

_____ are certain services _____ disrupted _____?

What _____ net _____ mess _____ service?

Do you _____ why parts _____ the _____ other services _____?

There are _____ service disruptions _____ the network, _____ one _____ others _____.

_____ network experience _____ service disruptions _____ affect only specific _____?

How _____ down _____ doing well?

How _____ is crashing if some _____ still _____?

Why _____ services disrupting _____ the _____ while others _____?

There's _____ about _____ network segments disrupt _____ don't.

Could you _____ what's _____ to certain services _____ the network?

Can you _____ me _____ experiences intermittent _____?

_____ with the _____ causes service disruptions, _____ not all?

How _____ of _____ network are down, _____ other _____?

The _____ is _____ causing _____ services to _____ others _____ act _____ is wrong.

The _____ malfunctioning _____ some _____ go _____ while others act _____ nothing _____ wrong.

_____ is _____ to _____ disruptions?

_____ caused the network to _____ down _____ services are _____ but _____ are still functioning.

There are _____ network, disrupting one service, leaving _____.

_____ there a _____ reason _____ some services _____ occasional outages?

_____ while _____ are _____ to what is happening _____ the network.

_____ is the cause _____ service loss on _____?

What _____ disruptions to _____ network?

_____ there a _____ some _____ to _____ down intermittently?

Why do _____ get _____ the network while _____?

_____ network _____ that is causing _____ issues _____ some _____?

What could _____ the _____ network _____?

What's _____ that _____ parts _____ your _____ leaving _____ services unaffected?

_____ network _____ issues, causing disruption _____.

Can _____ tell _____ why _____ network _____ intermittent service _____?

_____ come network _____ while _____ not?

_____ the network experiencing _____?

_____ there _____ for _____ but not others on your _____?
 _____ know what caused _____ network _____ go _____ services are disrupted.
 _____ causing the _____ to go down _____ others are _____?
 _____ us _____ services on the network are _____ disrupted?
 _____ the _____ that is messing up _____ but leaving _____ unaffected?
 The reasons _____ service outages _____.
 Can _____ explain why some _____ network go _____?
 There _____ intermittent failures _____ disrupting _____ service but _____ unaffected.
 _____ some services _____ and others are working.
 _____ happened that disrupted some _____ while others remained _____.
 We do not _____ caused some _____ be _____ and _____ to _____.
 Is network _____ service issues in _____ areas while _____?
 _____ know what _____ some _____ disrupted _____ others still _____.
 What is _____ with _____ network _____ but not all?
 Can you tell _____ why certain _____ being _____ the _____?
 _____ services _____ when the _____ of _____ network does not?
 _____ don't _____ what's causing _____ services to be _____ functional
 _____ problems can _____ service issues _____ some _____ others _____ fine.
 _____ don't _____ why _____ services are disrupted _____ unaffected.
 _____ causing these intermittent _____ network?
 _____ is the _____ of _____ down and disrupting _____?
 _____ don't know _____ the network _____ went _____ and _____ services _____ disrupted.
 What _____ of network _____?
 _____ are _____ working, why is the _____ problems?
 _____ problems _____ some but _____ all services _____.
 _____ the _____ of _____ particular functions _____ normal functioning of _____ network?
 We don't _____ why some _____ are _____ but _____ functioning.
 Is _____ a _____ explain the cause _____ intermittent outages _____ different parts _____?
 What could _____ tell us about _____ some _____ down _____?
 _____ sporadic _____ downtime?
 Is _____ network _____ that _____ service issues _____ some _____.
 _____ up _____ some services _____ while others work.
 Some services _____ functional but others _____ due _____ is _____ in _____.
 _____ in _____ areas are caused _____ trouble, _____ others are _____.
 _____ a cause _____ outages affecting different _____ of the _____?
 What _____ happening with the network _____?
 Why _____ network _____ affecting some _____ all services?
 _____ the cause _____ intermittent network disruptions _____ one _____ others unaffected?
 What's _____ intermittent _____ issues?
 _____ network _____ having _____ causing disruption for some _____
 So _____ this network _____ with _____?
 What is causing some services _____ but _____ still _____?
 Why is certain services _____ are _____?
 _____ don't understand _____ network is _____ some things but leaving _____.
 _____ are some services having _____ while _____?
 What _____ intermittent outages _____ network to _____ one _____ and _____ others unaffected?
 What _____ this network, _____ messing up some _____ others unaffected?
 _____ is _____ the _____ to _____ down _____ other _____ are functional?
 What could be the _____ of the _____?
 Network _____ cause _____ certain services while _____ up.

How come ____ network ____ messing ____ ____ ?

It's ____ mystery ____ of ____ keeps shutting down ____.

What's the ____ the occasional ____ to ____ in the ____?

What ____ problems affecting some ____ all services?

____ you have ____ why some ____ of the system are ____ by ____?

Some services ____ network issues ____ others ____ still working.

We don't know why ____ gone down ____ are ____.

____ don't ____ caused ____ go ____ some services are disrupted ____ others remain functional.

There are network ____.

____ is disrupting one ____ while ____ unaffected ____ network?

What ____ the cause of ____ disruptions ____ affect certain ____ normal ____ network?

____ network downtime and ____?

Do you have an ____ for ____ affecting ____ parts ____ network?

____ you ____ why the ____ intermittent downtime?

____ are ____ network issues while others ____?

____ does ____ network ____ outages ____ affect only a ____?

Is ____ anything you can tell ____ about ____ services keep ____?

____ intermittent network ____ service disruptions?

____ is the ____ of the ____ to certain services?

What ____ with this network, it is messing up ____.

Is there ____ you ____ tell ____ the ____ periodic disruptions ____ certain services in ____ network?

____ come ____ network ____ acting up and ____ some ____.

What is the ____ parts of your ____ are down, ____?

Some services ____ functional but others ____ disrupted by ____ causing ____ be ____.

Is there ____ some services ____ down ____ when others are ____?

____ parts of your ____ are down.

____ happening ____ that causes service interruptions.

____ issues ____ experienced ____ services while ____ aren't.

Is it a ____ disruptions ____ the ____?

____ of your network ____ other services are not?

Why ____ there disruptions ____ a ____ services ____ on the ____?

____ there a ____ the ____ affecting ____ parts ____ the network?

____ is the cause of ____ service ____ some cases?

____ remain ____ while others are disrupted ____ a problem ____ the ____.

____ network problems ____ some ____ services

The network ____ are ____ but ____ all ____.

____ services remain ____ while ____ are disrupted due to ____.

Some ____ are ____ problems ____ are not

____ have any ____ why some ____ of the system ____ by ____ outages?

What ____ the ____ the periodic disruptions ____ some services ____?

We don't know what happened ____ services to be ____ and ____.

____ services remain functional, while ____ due ____ what ____ in the ____.

The network ____ going ____ causing ____ to go kaput ____ like ____ is ____.

What ____ causing ____ service disruptions ____ the network ____ leaving ____?

Some ____ still functional ____ are disrupted ____ network issues.

____ don't ____ what caused ____ services to be ____ but others ____.

____ you ____ me what causes the network ____?

____ do some ____ segments disrupt ____?

____ know ____ behind the periodic disruptions ____ services ____ the ____?

____ network disruptions causing ____ to certain services ____ others ____.

Why does _____ experience _____ service disruptions and _____ services?
 _____ are _____ experiencing network problems while _____?
 _____ cause _____ intermittent network _____?
 _____ are working while _____ are disrupted by the _____?
 What _____ the reason for _____ network disruptions _____ to _____?
 What's _____ reason behind the periodic _____ certain _____ the _____?
 What is _____ of _____ services _____ knocked _____ but _____ operating?
 Why _____ intermittent disruptions to _____?
 What _____ net _____ have _____ mess _____?
 What _____ network to go _____ disrupting _____?
 _____ don't know _____ the _____ go _____ there are some _____ are disrupted.
 _____ while others _____ disrupted _____ to _____ causing the network to be _____.
 _____ don't know _____ some services to be _____ and others _____.
 _____ network disruption?
 What _____ the _____ certain services _____ the network?
 _____ reasons _____ network _____ are _____.
 _____ don't _____ what caused the network to _____ as _____ services _____.
 Is _____ the network experiences _____?
 _____ some _____ all services is a question.
 We don't _____ what _____ network _____ go down _____ services are _____ while others _____ functional.
 _____ is _____ knocked out, but not others?
 _____ are _____ being disrupted while _____ are _____?
 _____ a factor that's responsible _____ the _____ affecting select _____?
 _____ is _____ cause _____ the _____ disruptions causing _____ disruption?
 _____ network _____ making some _____ and others still work.
 _____ don't _____ why _____ services _____ disrupted _____ are functional.
 What _____ one _____ in _____ network _____ others _____ unaffected?
 _____ know _____ some _____ are disrupted while others are _____.
 _____ network is _____ that are disrupting some _____ while others _____.
 There _____ network _____ some _____ all services.
 What _____ the _____ behind intermittent _____ to _____?
 _____ there a _____ the _____ disruptions to some _____ network?
 _____ a reason _____ stay _____ when others work perfectly?
 _____ you know _____ services are _____ network while others _____ not?
 _____ does _____ network _____ some services useless _____ work?
 _____ some _____ disrupted _____ not others on your _____?
 _____ you _____ what's behind _____ problems affecting parts _____?
 _____ the _____ acting up when _____ services _____ work?
 Can you tell us why _____ are _____ are _____?
 Network trouble is _____ some _____.
 What _____ going on with _____ that _____ messing _____ things _____ leaving _____ unaffected?
 Why are _____ areas having service _____ working _____?
 There _____ issues with _____ for some services.
 _____ is causing _____ services _____ be disrupted _____ are _____?
 Why are certain _____ others _____ still _____?
 _____ services _____ and _____ are disrupted by what _____ the _____ go down.
 What is the reason _____ the _____ to _____?
 What is _____ the _____ failures causing disruptions _____ certain _____?
 _____ don't _____ what _____ causing _____ services to _____ disrupted and _____ functional.
 _____ are _____ services _____ on _____ network, while _____ are _____?

_____ don't know _____ to go down and some _____ work.
 While others _____ still up, _____ behind the _____?
 What _____ the reasons _____ being _____ the network?
 What is _____ cause _____ the network?
 What _____ some _____ be knocked _____
 _____ others _____ still _____ why _____ services disrupted?
 While _____ working, why _____ network experiencing issues?
 _____ the _____ go down _____ others remain functional?
 Some services are disrupted _____ others _____ what _____ causing _____?
 What _____ net to _____ up _____?
 What is the _____ the network?
 _____ and ruin some services _____ work fine?
 _____ for disruptions to _____ network is _____.
 _____ is _____ cause _____ the network disruptions _____ certain services?
 While others _____ up, _____ the cause _____ the _____?
 How come this network _____ up _____ leaving _____ unaffected?
 There _____ reason _____ intermittent _____ disruptions.
 _____ there _____ reason that some _____ not _____ while _____ are?
 Could _____ some services keep _____ down?
 _____ still functioning _____ others are _____ to something on _____ network.
 We _____ why some services were _____ and _____.
 _____ of the _____ issues _____ some _____ not all services?
 There _____ issues that _____ some _____ not _____ services.
 Does _____ an idea _____ certain services _____ but not _____?
 Is _____ a _____ sporadic outages impacting _____ of the _____?
 Why is _____ on _____ others are not?
 _____ why _____ services are _____ disrupted while _____ aren't?
 _____ don't _____ caused some services _____ disrupted _____ others to _____ functioning.
 _____ a reason _____ to certain services in the _____?
 What _____ affecting some _____ not all services?
 What _____ cause of _____ problems affecting _____ services?
 _____ could be _____ service _____ and network disruptions?
 _____ is the cause of _____ disrupted while _____ up?
 _____ still working, why is _____ crashing?
 Can anyone _____ how _____ keeps messing _____ services?
 People _____ wondering how this network _____ services.
 _____ with _____ network _____ service disruptions, but not all?
 _____ causing intermittent network _____ aren't _____ services?
 _____ there a reason _____ parts _____ your network _____?
 What's _____ services on _____ network _____ be _____?
 _____ explain to me _____ services are not _____ others _____?
 _____ why services are disrupted _____ others remain _____.
 _____ is _____ reason certain _____ are disrupted _____ the _____?
 _____ you _____ certain _____ system are impacted _____ frequent outages?
 Anyone _____ know _____ network keeps messing _____ certain _____?
 _____ there something you _____ tell me about the _____ the _____ disruptions _____ in the _____?
 _____ this network _____ trouble _____ certain _____?
 How do you _____ why _____ keep going _____?
 Is _____ reason _____ services keep going down _____?
 _____ don't _____ what's _____ outages affecting _____ of _____ network.

Why _____ having problems and causing _____ services?

Is _____ issues _____ some _____ while others aren't?

_____ be causing _____ have service breaks.

Some _____ remain _____ others _____ disrupted by something on _____.

How _____ disrupting _____ services while _____ still functional?

Network _____ is _____ issues _____ areas, while _____ work fine.

_____ is _____ on with the _____ it _____ messing _____ some _____ but _____ others _____?

_____ causes _____ network to _____ disruptions in _____ cases?

_____ the _____ disruptions affecting _____ and not all _____?

_____ reason why _____ services keep going _____ occasionally?

What causes _____ outages _____ parts of _____?

_____ a reason _____ services _____ down _____ when _____ continue to work _____?

What is _____ network _____ down _____ services are functioning?

_____ services _____ functional _____ what is happening in the network

_____ is _____ for _____ being disrupted while others _____ not?

The _____ having _____ and _____ some _____

Some services _____ the network _____ while _____ are _____.

_____ don't know what's causing _____ to _____ others to _____ functional

_____ the _____ disrupt while others don't?

Some _____ while _____ are still up, _____ the _____?

_____ there a _____ services _____ going down _____?

_____ you _____ what causes _____ services _____ down intermittently?

What is the _____ sporadic _____ impacting _____ of the _____?

_____ don't know what caused the network _____ go _____ services _____ disrupted while _____ are _____.

What's _____ on that _____ your _____ to _____ out?

Is _____ a _____ explanation for _____ outages _____ services?

Why _____ disruptions for _____ services on _____ network?

Why does _____ network _____ down and _____ different areas?

_____ network disruptions _____ some but _____ all services _____.

We _____ know why the network _____ are disrupted _____ are _____.

_____ know why _____ the _____ are affected _____ intermittent outages?

_____ you _____ keep _____ down intermittently?

_____ with _____ network, it's messing up _____ others unaffected?

_____ may _____ something causing certain _____ face service _____.

_____ is _____ of _____ disruptions.

_____ you _____ functions of _____ system are _____ there _____ frequent outages?

_____ are network issues affecting _____ but _____

Is _____ anything you can _____ me about why _____ to certain services _____?

What _____ and _____ disruption?

Is _____ reason for _____ intermittent outages _____ some _____?

Can you _____ me about _____ of _____ disruptions?

_____ there _____ reason why _____ services are being disrupted _____?

Network trouble _____ cause service _____ some _____ other _____ fine.

_____ there _____ explanation for _____ service disruptions?

Network _____ are _____ to certain services while _____ are _____.

Do you _____ why some functions _____ system _____ with _____?

How come _____ has _____ with certain services?

How _____ the _____ keeps _____ with _____.

_____ segments disrupt _____ others do _____?

_____ network is malfunctioning, _____ go _____ others act _____ nothing's awry.

_____ is _____ with _____ it's messing _____ some _____ but _____ others unaffected?

We don't know _____ others remain functional

why do _____ disrupt _____ others _____

_____ come certain _____ are _____ while _____ normally?

Why _____ the network experiences intermittent _____ and _____ services?

_____ service _____ while others aren't.

While some services are _____ remain functional _____ is _____ the _____ to _____.

_____ tell _____ why some _____ are not _____ while _____ are?

_____ don't know why _____ services _____ disrupted _____ remain _____.

_____ may be _____ service issues _____ while others work _____.

Why _____ the network crashing _____ work?

Why _____ disrupted while _____ are _____?

Why _____ and service _____?

Some services are _____ others _____ but what _____ that?

_____ are _____ services disrupted _____ the network, _____ not _____?

_____ the cause _____ the _____ outages that cause _____ services?

_____ the reason _____ parts of _____ network are _____?

Can you tell _____ why _____ of _____ are not _____?

_____ is _____ for intermittent _____ to the _____.

Why _____ there network _____ disruptions?

Why _____ the network _____?

_____ some services _____ down intermittently when _____ to work _____?

_____ are intermittent _____ in _____ network _____ are _____ service _____ others unaffected.

_____ is the _____ affecting particular _____ normal functioning of _____ network?

Why _____ some services _____ others _____?

The network _____ up makes _____ useless _____ others _____.

What caused the _____ affecting some _____ all _____?

What _____ network disruptions?

_____ the reasons behind _____ some services in the _____?

_____ are some _____ disrupted _____ the network is _____ normally?

_____ don't _____ caused _____ network to go _____ and _____ services _____ offline.

_____ why _____ services are disrupted _____ are not?

There _____ reasons _____ downtime _____ disruptions.

What are _____ reasons _____ network to go _____?

_____ others _____ what may be _____ certain areas to _____ breaks?

Network _____ be causing _____ issues _____ some areas, _____ not _____.

Is _____ known cause _____ affecting select services?

Why _____ having _____ compared to others?

_____ are _____ but not all _____.

Anyone _____ to explain why this _____ with _____?

Can you tell _____ are _____ disrupted while _____ aren't?

_____ network _____ some but not _____ what _____ causing it?

Can you _____ on _____ some _____ go _____ intermittently?

intermittent _____ problems _____ some _____ services.

_____ is malfunctioning _____ some services.

Is _____ the periodic outages impacting select services?

_____ is _____ the network _____ some _____ functional while others are disrupted.

_____ network _____ that are _____ disruptions for some _____.

Network disruptions _____ disruption to _____ while _____ up.

What might be _____ network _____ service disruptions?

Is there _____ why _____ of _____ network are _____?

What is the _____ of _____ network _____ some but _____.

_____ others work _____ certain areas to _____ service breaks?

_____ disruptions _____ for certain _____ are still up.

Why _____ network _____ some _____?

Why _____ some _____ while others aren't?

_____ know what causes _____ network to go _____ and _____ services _____.

_____ this network? It's messing _____ some things, _____ others unaffected.

Why _____ disruptions _____ service disruptions?

_____ causing the _____ loss _____ network _____?

How _____ networks _____ other people _____ fine?

Can you _____ me _____ has intermittent _____?

Can _____ explain why _____ while others _____ disrupted?

_____ down _____ things are _____ for others?

While _____ services remain functional, _____ are _____ by something _____.

The _____ disruptions in the _____ are _____ leaving _____ unaffected.

The network _____ going _____ some services to _____ act like _____ wrong.

_____ why some services _____ disrupted and _____ are _____.

_____ services _____ still functioning _____ disrupted by something on _____.

Does _____ know _____ certain _____ getting disrupted _____ not _____?

Some _____ others are _____ a _____ of what is happening _____ the _____.

_____ is causing some services _____ and _____ remain functional?

_____ know what's causing some _____ disrupted _____ others to stay _____.

_____ you have any insight _____ some _____ the _____ are _____ by frequent _____?

_____ services _____ still functional _____ others are _____ happening on _____ network.

_____ reason _____ some parts of _____ are down?

_____ the _____ disruptions that affect specific functions _____ functioning _____ the network?

Is it _____ that _____ some but not _____?

_____ is _____ network _____ affecting _____ but _____ all?

_____ want to know what's behind _____ disruptions to _____ network.

_____ causing _____ failures _____ the network _____ disrupt one _____ leaving _____ unaffected?

Is _____ causing service issues _____ some areas _____ unaffected?

_____ those _____ to certain services in _____ network?

_____ remain functional _____ others are disrupted according _____ what _____ causing _____ go _____.

How come we _____ down _____ doing well?

We _____ causing the _____ go down _____ are disrupted.

Is _____ trouble _____ issues _____ some areas, while _____ fine?

What is the _____ of service on _____?

Can _____ tell me _____ of intermittent _____?

_____ working smoothly, _____ could be _____ certain _____ to _____ service breaks?

Do _____ an _____ sporadic _____ different parts of the network _____?

_____ cause for the network experiencing service _____?

Why _____ a _____ services but not others on _____?

_____ don't know what is _____ some _____ be _____.

_____ is the _____ the _____ loss?

There _____ the network that are causing _____ services.

What _____ of _____ downtime?

Why are some _____ but not _____ network?

Do _____ have any idea why _____ services _____?

_____ for the sporadic _____ impacting different _____ of _____ network.

intermittent _____ affecting _____ but _____ all
_____ is going on _____ network that is disrupting _____ leaving _____?
_____ the network _____ up while others _____ still _____?
_____ are still _____ others are _____ because of what _____ in the _____.
There are intermittent _____ affecting _____ but not _____
What's behind the network _____ not all _____?
_____ network _____ but not all _____ what's _____ cause?
_____ malfunctioning, _____ not everyone is affected?
What is causing _____?
_____ services having _____ issues _____ others?
_____ us _____ services are disrupted while _____ are not?
_____ why the _____ is _____ frequent outages, but not _____?
_____ intermittent network _____ for some but not _____?
The _____ is _____ up, _____ services, but not _____.
_____ don't know _____ causing _____ issues.
Is _____ something _____ can _____ me _____ why some services keep _____?
Do you have any _____ into why _____ the _____ affected _____ outages?
Some _____ others are functional, we _____ know _____.
I need _____ what's _____ the _____ to _____ in the network.
_____ do not know _____ is _____ some services to _____ be functional.
_____ the network issues _____ some _____ all?
We don't _____ what's _____ services _____ and others _____.
Some _____ functional _____ others are _____ of what's happening on _____.
Some _____ remain functional _____ others _____ disrupted as _____ result _____ on the _____.
The network going _____ causes _____ to go _____ while others _____.
_____ behind the intermittent _____?
