

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Electricity Suppliers |
| Inquiry Category | Energy consumption analysis and advice |
| Inquiry Sub-Category | Energy consumption analysis |
| Description | Customers inquire about their energy usage patterns, seeking insights on peak hours, usage spikes, and efficiency. They may request advice on reducing consumption and improving sustainability. |
| Data Size | 5,798 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ you ____ my ____ to ____ peak ____ and ____ ways ____ reduce consumption?

Is it possible ____ you ____ figure out when I use ____ of ____ and ____ ____ ?

____ I spend the ____ advise on cuts.

____ it possible ____ and ____ out when I'm most efficient?

Is it ____ for ____ identify peak ____ use the ____ energy?

Is ____ possible ____ evaluate ____ energy ____ identifying ____ demand ____ and ____ advisable approaches in ____ consumption?

Wouldn't it ____ if you ____ analyze my electricity ____ identify optimal times with ____ and ____ to ____

____ it ____ for ____ guys ____ show me ____ save power ____ energy use?

____ I use the ____ it ____ you ____ suggest ways of ____ consumption?

____ to ____ my electricity usage data, locate ____ times with ____ demand, ____ recommendations to mitigate ____.

____ wondering if ____ could ____ my electricity patterns and ____.

____ you ____ to ____ how I consume ____ during ____ times?

____ my energy consumption ____ and provide ____ hours ____ potential ____ strategies?

How can ____ suggest ____ methods?

Is ____ to ____ energy use for ____ hours?

Is ____ to show ____ when I use the ____ give ____ advice ____ it?

____ wish to assess ____ consumption patterns and ____ hours?

____ it possible for ____ to show ____ save power ____ analyzing ____ usage.

Offer ____ reduction ideas ____ use during peak ____.

____ it ____ you to measure ____ usage, locate peaks, and ____ consumption ____?

____ I ____ assess ____ energy ____ patterns ____ highlight peak hours?

Evaluate my ____ consumption ____ and ____ hours for ____ reduction strategies

I ____ to request ____ expertise in examining my energy ____ peak ____ consumption reduction ____.

I'd like to ____ what ____ most energy intake ____ use ____ strategy.

Do you ____ to ____ I ____ energy ____ identify peak times?

Could ____ me ____ analyzing ____ I spend the ____?

____ it possible to identify ____ highest-demand periods ____ tips on reducing ____ in ____ energy ____?

____ there a way ____ identify high-energy periods and ____ ____ ?
 Is ____ get ____ analysis of my energy use, ____ highest demand periods, ____ reducing ____ ?
 I want to ____ power usage ____ point ____ when ____ .
 ____ energy ____ and ____ strategies to reduce usage.
 ____ need help ____ energy tops.
 Can ____ help ____ identify ____ and suggest ways ____ reduce my ____ ?
 Do you ____ identify ____ of ____ energy use and ____ suggestions for ____ consumption?
 ____ it ____ to ____ analyzing when I spend most ____ ?
 ____ you help ____ energy ____ during peak hours ____ suggest ____ for ____ consumption?
 What ____ energy ____ periods ____ you ____ for ____ ?
 Can you ____ peak ____ energy ____ ?
 ____ you help ____ analyze my ____ times with high demand, and ____ to reduce ____ consumption?
 Can you ____ hours and suggest ____ ?
 Can you ____ me ____ use periods ____ ideas ____ cut ____ ?
 ____ you check my ____ guzzlin' ____ spill the ____ and give me some ____ ?
 ____ able ____ power usage, locate peaks ____ propose lower ____ strategies.
 ____ am interested in ____ my electricity ____ advising ____ .
 ____ you ____ evaluate my ____ consumption ____ give ____ into ____ for reduction strategies?
 ____ could use your ____ by ____ when ____ spend the ____ .
 I'd like to ____ what ____ intake so that I can ____ .
 ____ assess my ____ patterns and advise ____ reductions?
 Is ____ to evaluate my electricity patterns ____ ?
 Offer consumption reduction ____ energy ____ during peak ____ .
 Can you ____ me when I ____ power ____ ways to ____ ?
 Is ____ you to determine when I ____ propose ____ of reducing consumption?
 ____ power ____ and how to reduce ____ during ____ ?
 ____ me how to save power, find ____ hours ____ my ____ ?
 If you can ____ my ____ data ____ give ____ advice ____ lowering my ____ .
 ____ can you ____ to save ____ I ____ energy?
 ____ possible to find peak ____ and recommend ____ ?
 How ____ identify ____ suggest ways to reduce ____ ?
 ____ analysis ____ to ____ peak ____ of my energy ____ ?
 I ____ like ____ to examine my energy usage ____ identify ____ hours ____ to ____ .
 ____ help me find out when I use ____ and ____ to ____ ?
 ____ would appreciate it if ____ electricity usage ____ optimal ____ with high ____ and ____ ways to ____ consumption.
 ____ to assess my power ____ locate peaks, ____ lower consumption ____ .
 Is it ____ to ____ peak ____ of energy ____ suggestions on ____ consumption?
 ____ consumption ____ when ____ use peaks?
 ____ I ____ to ____ me ____ out ____ energy usage during ____ hours ____ suggest strategies ____ reduce ____ ?
 Is there ____ to identify ____ of ____ energy and ____ ?
 ____ suggestions on how ____ by analyzing power ____ .
 ____ you mean ____ assess my ____ consumption patterns ____ strategies ____ usage?
 Do ____ think ____ to assess ____ power ____ locate ____ and ____ consumption strategies?
 ____ help with ____ when I spend ____ electricity and advising ____ .
 Is ____ for you guys to ____ me ____ or analyze my ____ ?
 ____ saving electricity by analyzing ____ during peak periods.
 ____ there ____ way to analyze ____ point out when I ____ ?
 Can you ____ times, ____ the beans and recommend ways ____ ?
 I would like to ____ if ____ could get an ____ energy ____ reducing consumption.
 ____ ideas when ____ energy use ____ peak hours.

Is it possible ____ find ____ and ____ save ____.

____ you ____ ability ____ assess my power ____ peaks and ____ consumption strategies?

Help us ____ impact ____ in our utility ____?

____ can be tracked to ____ peak hours ____ recommend ____.

Would ____ be ____ for ____ show ____ how ____ save power, ____ my ____ usage?

I want you ____ assess ____ patterns ____ reductions.

____ you capable ____ showing me ____ to ____ power, and ____ usage?

____ possible to ____ my energy usage for ____ and ____ to ____ use?

____ want to know ____ could ____ analysis of my energy ____ on ____ consumption.

Can you help me ____ hours ____ ways to ____?

____ usage, find ____ hours, suggest ____.

____ want to know ____ could get ____ analysis of ____ use, with tips ____.

____ want you to analyze ____ electricity usage ____ find ____ times ____ high ____ to decrease ____ consumption.

____ us ____ impact by ____ spikes ____ our ____ use?

Is it possible for ____ how to ____ and analyze my ____?

____ me figure ____ how much energy I use during ____ and ____ consumption reduction ____?

____ you been able ____ identify ____ periods ____ in usage?

Help ____ cut down ____ by inspecting ____ use.

Help ____ reduce ____ by examining ____ our utility ____?

Can ____ me ____ analyzing when I ____ advise on cuts?

____ you ____ ways ____ save when ____ the most ____?

____ it possible ____ my energy ____ and ____ cuts?

Is ____ to identify high ____ times ____ lowering them?

Are ____ energy usage, find peak ____ show ____ to save power?

____ like to ____ if you can find ____ recommend ____ cuts.

Would ____ be ____ ways ____ consumption when I use the ____?

____ it ____ peak hours of ____ use and recommend ____?

Do ____ to ____ my energy ____ patterns and ____ insights ____ peak ____ for ____?

____ need ____ to ____ usage ____ find ____ time ____ with high demand, and ____ me recommendations to ____ my ____.

____ you ____ times, spill ____ beans and drop ____ tips to ____ usage?

Find ____ hours, ____ suggest cuts ____.

____ know when ____ using the ____ energy and ____ it?

Can ____ tell ____ I'm ____ most energy and give me ____ on ____ less?

____ possible to ____ periods and recommend ____?

Do ____ identify ____ hours for ____ energy usage?

____ would ____ it ____ could ____ my ____ data, identify optimal times ____ demand, and recommend ____ to ____ consumption.

____ to detect peak ____ my energy ____ and ____ ways to ____ it?

____ on how ____ conserve ____ analyzing ____ power use.

Is it ____ analyze my electricity usage ____ optimal times ____ high ____ reduce my consumption?

Help ____ down impact ____ checking ____ our utility ____?

I ____ to analyze when I ____ most ____ advise on ____.

Is it ____ for ____ to ____ my ____ patterns ____ reductions?

____ how ____ energy to identify ____ and offer consumption tips.

____ need to assess ____ energy usage ____ strategies ____ reduce usage?

____ need the ____ you to ____ hours ____ the ____ energy intake.

____ it ____ evaluate my energy ____ high-demand periods and offering appropriate approaches ____ reduce ____?

____ a way ____ track my ____ energy consuming ____ so ____ can adjust ____?

Can ____ check my ____ times, ____ beans, and ____ tips ____ shrink usage?

Is ____ possible to assess ____ power ____ peaks ____ propose ____ consumption ____?

Take _____ at my energy _____ recommend strategies _____ reduce _____.

_____ possible for _____ to identify peak hours _____ my _____ use _____?

Do _____ to _____ energy consumption _____ strategies to curtail usage?

_____ suggest ways to save when _____ most energy?

Could _____ ask _____ to _____ me _____ out my energy _____ peak _____ and suggest _____ consumption?

Is it _____ you _____ peak _____ of _____ energy use _____ suggestions to reduce _____?

Provide _____ for _____ reduction _____ and evaluate _____ energy use patterns.

Can _____ give _____ on how to _____ less when _____ most _____?

_____ you _____ find _____ hours and _____ to consumption?

_____ you to help me figure out _____ hours and suggest _____ reduce consumption?

You _____ me identify _____ and _____ usage.

_____ to analyze _____ I use _____ ways to reduce it?

_____ you _____ me _____ use less energy during _____ times?

_____ it possible for you _____ power usage, locate peaks, and _____?

_____ it possible _____ and recommend _____ to save _____?

Is _____ possible _____ find peaks _____ propose lower _____ for _____?

I _____ to know if I could get _____ of _____ energy _____ to reduce consumption.

Evaluate my _____ patterns _____ give suggestions _____ reduction _____.

Can _____ me understand _____ electricity usage _____ optimal times _____ and recommend _____ reduce my consumption?

You can check my _____ ways to _____.

_____ me _____ save _____ find _____ hours, and analyze my energy _____?

_____ to identify _____ times and offer consumption _____.

_____ suggestions _____ saving _____ analyzing my power use during _____.

Is it possible to _____ my _____ usage, _____ and _____ strategies.

Is it possible _____ check my energy _____ find _____ or _____ ways _____?

Can you _____ me when _____ and _____ to use less?

Can _____ me when I use _____ power _____ suggest _____ lower _____?

_____ it possible _____ you to _____ power usage, _____ peaks, and _____ consumption _____?

Is _____ evaluate my _____ usage _____ high-demand periods _____ advisable _____ to reducing _____ electricity consumption?

Can you help _____ find _____ recommend cuts to _____?

_____ you be _____ help _____ figure _____ my energy usage _____ suggest _____ to reduce consumption?

_____ it possible to _____ use and _____ energy-saving _____?

_____ possible to _____ an _____ of my _____ highest _____ with tips on reducing consumption?

Does _____ sense _____ assess my _____ and _____ lower consumption strategies?

_____ have the ability _____ my electricity _____ and _____ on _____?

Are you able _____ my power use, _____ lower _____ strategies?

_____ recommend consumption cuts _____ you _____ track my _____.

Provide insights into _____ for _____ reduction strategies _____ my _____ patterns?

I _____ if _____ could _____ by _____ I spend the _____ electricity.

_____ my _____ allocation _____ suggestions on reducing during _____?

Can _____ my power times, _____ and _____ me _____ tips to reduce _____?

Was _____ possible to identify _____ use _____ me?

Is it possible _____ identify _____ energy _____ cuts _____ usage?

Is it _____ to _____ energy usage to _____?

_____ you be _____ to analyze _____ energy usage _____ it?

Would it _____ possible to _____ of _____ I _____ the most _____?

Provide suggestions on conserving _____ my _____.

_____ possible to identify periods with _____ energy _____ recommend _____?

Is it possible _____ electricity _____ and recommend _____?

Evaluate my energy _____ and _____ insights into _____ possible _____ strategies.

I would _____ it if you _____ my _____ usage _____ optimal _____ with _____ offer recommendations to _____ consumption.

Would it _____ possible _____ assess when I _____ the most _____ and _____ reduce my _____?

Find _____ hours and suggest _____?

_____ to analyze my electricity _____ data, _____ times _____ demand, _____ recommend ways _____ reduce consumption?

I _____ to know if you _____ hours and _____ save _____.

_____ it _____ check _____ power guzzlin' _____ spill _____ recommend _____ to shrink usage?

Would it be _____ for _____ my power _____ locate peaks, _____ suggest _____?

Is it _____ to _____ electricity patterns and _____?

Is _____ for you _____ times _____ on lowering them?

_____ can _____ peak hours _____ find energy-saving _____?

_____ I ask _____ your help _____ figuring _____ my _____ usage _____ and _____ effective consumption _____ strategies?

_____ you suggest _____ to save when _____ mostenergy?

_____ possible for you to _____ hours of _____ energy _____ suggestions _____ reducing consumption?

Can you tell me _____ energy _____ the peak _____.

_____ want to know _____ less _____ during peak _____.

Can _____ me when I _____ most power _____ on what to _____?

_____ want to assess my _____ consumption patterns or _____ reduce _____?

Can _____ on _____ my _____ when _____ am using the most?

_____ it possible to inspect _____ use and advise _____?

_____ you to _____ usage to _____ peak hours and _____ ways _____ reduce consumption.

_____ of analyzing my energy usage and _____ my _____?

Is _____ possible _____ to _____ my power _____ locate peaks, and _____ strategies?

Is _____ possible _____ identify _____ of _____ and recommend _____?

_____ would like to _____ hours _____ most _____ intake so that a _____ may be _____.

Is it _____ for you to _____ my power _____ consumption strategies?

_____ possible to _____ my _____ and help reduce _____?

Can _____ tell me _____ save _____ find _____ hours, _____ analyze _____ energy usage?

Do _____ ability to identify _____ of _____ energy _____ and _____ on how to reduce _____?

_____ consumption reduction ideas _____ my energy use during _____.

Can _____ suggest _____ when _____ consume the most?

Can _____ me when _____ use _____ energy and _____ cuts?

Is it _____ to _____ usage _____ identifying high-demand _____ and _____ advisable approaches _____ reducing overall _____?

_____ you tell me _____ hours _____ suggest ways _____ reduce _____?

_____ it _____ possible for _____ to assess _____ I _____ energy and _____ of reducing consumption?

_____ my energy _____ patterns _____ offer _____ into peak _____ for _____ strategies?

Can _____ my power _____ me how _____ use less?

Evaluate _____ energy use _____ give _____ insights _____ hours for potential _____.

Is _____ possible for _____ to _____ peak hours of _____ offer _____ for how _____ reduce _____?

Can you suggest _____ reduce _____?

_____ would like you to _____ my _____ data, find _____ high _____ and _____ reduce my consumption.

Evaluate my _____ consumption patterns _____ into _____ for potential _____ strategies?

Would _____ possible _____ assess when I use _____ most energy and _____ ways to _____?

Help us _____ impact _____ in our utility _____.

_____ about identifying _____ suggesting _____ in usage?

_____ possible _____ assess my energy usage _____ strategies to curtail _____?

_____ may _____ to assess my _____ patterns and _____ on _____.

_____ you find out _____ use the _____ power and _____ lowering it?

Can you _____ power guzzlin' times, _____ the beans, _____ drop _____ usage?

_____ suggest _____ reduction _____ and to examine my energy usage to find _____ hours?

Help us trim _____ examining spikes _____ utility _____.

_____ you _____ of analyzing my _____ usage _____ reducing _____?

Is _____ possible _____ identify _____ hours _____ energy _____ and _____ suggestions on how _____ consumption?

_____ it _____ to _____ energy periods and _____ cuts _____ usage?

Is it possible _____ you _____ power usage, _____ and propose _____ consumption _____?

_____ be possible for _____ assess _____ I use _____ most _____?

_____ I ask _____ to _____ me _____ energy _____ at peak hours _____ suggest _____ to reduce _____?

_____ know what _____ need _____ most energy _____ that a _____ strategy _____ be applied.

Is it _____ you to _____ to _____ power and _____ my energy _____?

Find peak hours and _____?

Is _____ you _____ assess _____ I _____ the most energy _____ propose _____ reduce it?

_____ it _____ to _____ and suggest reductions in _____?

_____ there a _____ high-energy periods and recommend cuts _____?

Can _____ me find peak _____ recommend _____?

Can you _____ power, and how to _____ hours?

Assessing my power _____ and _____ on _____ peak _____.

_____ know _____ I'm _____ the most _____ how to reduce _____?

_____ it possible _____ to analyze my _____ find peak _____ show me how to _____?

_____ possible to figure out when _____ most _____ and how _____ use _____?

I need your _____ high-consumption _____ usage.

I would _____ know what hours require _____ intake so _____ a _____ be considered.

_____ for _____ to _____ power usage, _____ peaks, _____ suggest _____ consumption strategies.

_____ you _____ examine my _____ to _____ peak hours and suggest effective _____ reduction _____?

_____ me _____ on how _____ less when I'm using _____ most energy?

_____ you _____ use the most power and teach _____ to _____ it?

_____ you able to _____ my _____ and _____ consumption?

_____ to _____ me figure out _____ peak _____ and recommend effective consumption reduction strategies?

_____ in need _____ assistance _____ when _____ spend _____ most electricity.

_____ would like _____ know _____ analysis can detect _____ in my _____.

Is _____ to _____ my _____ for identifying _____ periods and offer helpful _____ to _____ electricity _____?

Are you _____ to analyze my electricity _____ find _____ times _____ demand, _____ to _____ consumption?

_____ would be great _____ you could _____ my _____ data, _____ optimal times _____ demand, _____ to _____ overall consumption.

I _____ your assistance _____ usage and _____ high _____.

_____ need your help analyzing how I _____ times.

_____ recommend strategies to _____ or _____ my energy _____ patterns?

I request that you _____ my _____ usage _____ optimal _____ demand, and _____ to mitigate my _____.

Can _____ recommend _____ for _____ save _____?

_____ it possible _____ analyze _____ optimal times _____ high _____ and _____ recommendations to reduce my consumption?

Analyze energy _____ find _____ hours, _____?

_____ it possible _____ usage, _____ hours, _____ ways to save power?

I _____ with identifying high-consumption periods and _____.

_____ it possible to _____ and recommend consumption _____?

_____ me when I use the most _____ and propose _____?

Is _____ to evaluate _____ energy usage _____ identifying _____ periods and offer _____ approaches _____ reduce _____?

Can you _____ energy use?

Is it a _____ idea to assess my _____?

I want to _____ you _____ assess my _____ peaks, _____ lower consumption _____.

Are _____ to analyze my _____ reduce consumption?

Find _____ suggest _____ cuts?

_____ like your help _____ figuring out my _____ usage during peak _____ to _____ consumption.

Is there a _____ periods of _____ energy _____ in usage?

Are you _____ to _____ how _____ use _____ identify peak times _____ offer _____?

Are you able _____ detect peak _____ in _____.

_____ in _____ guzzlin' _____ spilling the _____ and dropping some tips to _____ usage?

_____ you _____ check _____ energy _____ peak _____ and _____ ways _____ save power?

_____ help _____ when I _____ the _____ and advise on cuts?

I need _____ when _____ the most electricity _____ on _____.

_____ way to _____ my power _____ and _____ out _____ I use the _____?

Can _____ me _____ I _____ most power and _____ to lower _____?

_____ it possible _____ hours _____ recommend _____ cuts?

Help me _____ usage _____ high _____.

_____ to evaluate _____ consumption patterns and provide _____ into _____ hours?

_____ possible to _____ energy-consuming moments so that I _____ adjust _____?

I would _____ to analyze _____ electricity usage _____ with high demand, and _____ my consumption.

Could _____ you to help me figure _____ energy _____ the _____ and _____ consumption reduction strategies?

_____ you _____ assess my _____ consumption patterns _____ strategies to _____ usage?

_____ it be possible _____ when _____ the most _____ and recommend ways to _____ consumption?

Are you able to analyze my _____ and _____?

_____ assess _____ electricity patterns and advise _____ reductions?

Are _____ able to _____ how _____ power, and analyze my _____?

Do you _____ how _____ use _____ to identify peak times _____?

_____ be _____ to _____ when _____ most energy and propose _____ reduce consumption?

_____ it _____ to check my power _____ spill _____ and _____ on usage?

_____ possible _____ figure out peak energy _____ for _____?

Are _____ check my _____ times, spill the _____ and _____ to _____ usage?

_____ it possible _____ get _____ analysis of _____ I _____ reduce my consumption?

_____ identify peak _____ consumption _____?

Offer _____ ideas _____ my energy _____ at _____ hours.

I _____ to _____ can _____ peak _____ recommend _____ to my energy usage.

_____ possible _____ my energy _____ for identifying high-demand periods _____ offering _____ to _____ consumption?

You _____ energy usage, find peak _____ and _____ save power.

_____ like to _____ what hours _____ the _____ that I _____ use a _____ strategy.

_____ would like to _____ the _____ tips on _____ consumption.

_____ my _____ down on _____ watt usage?

Is there _____ to find _____ and recommend _____?

I _____ analyze when _____ spend the most electricity and _____.

Can you _____ reduce _____ use?

Can _____ on lowering _____ when I use the most?

Help me _____ usage _____ periods.

_____ consumption patterns and _____ insight _____ peak hours for potential _____.

Do _____ way to find _____ hours _____ to my consumption?

Provide _____ on conserve _____ my _____ use.

Is it _____ for _____ when I _____ most energy and propose _____ reducing _____?

_____ it possible to _____ hours _____ my usage and _____ ways _____?

Can _____ suggest _____ to save _____ when _____ most?

Does _____ sense _____ to _____ my power _____ peaks _____ propose lower _____ strategies?

Is it _____ to _____ my power _____ locate _____ and propose _____?

Can _____ when I use _____ power and give _____ advice on _____ do with _____?

I _____ to _____ I _____ the most electricity and advise _____.
 Do _____ the most energy and how _____ use _____?
 Is it _____ to get an _____ of _____ energy use _____ the _____ tips _____ reducing _____?
 _____ you _____ any _____ to analyze _____ power _____ and point _____ when _____ the _____?
 Provide insights _____ potential reduction strategies, and _____ consumption patterns.
 I'd like _____ know _____ I _____ get _____ my energy _____ with tips _____ consumption.
 _____ wish _____ assess _____ energy usage patterns _____ strategies to _____ usage?
 _____ possible to _____ peak hours _____ my energy use _____ offer suggestions _____ consumption?
 I _____ analyze my _____ use _____ peak times.
 _____ you have the ability _____ assess when _____ energy, propose _____ consumption?
 Provide _____ to _____ electricity _____ analyzing my _____ peak hours.
 Is _____ possible to evaluate my _____ consumption _____ strategies?
 _____ suggestions on _____ while analyzing my power use _____.
 Do you _____ to _____ my _____ consumption patterns _____ highlight _____?
 I _____ like to know _____ I _____ an _____ my energy use to _____ demand _____.
 I _____ appreciate it _____ you could _____ and _____ usage.
 Is _____ possible _____ periods and _____ cuts _____ use?
 Could _____ help me _____ for energy usage _____ suggest _____ reduction strategies?
 Determine _____ usage, _____ peak _____ suggest _____.
 Do you know _____ is possible _____ my _____ usage, _____ peaks, and _____ strategies?
 _____ get _____ of _____ use to identify the highest-demand periods with _____ reducing consumption?
 _____ it possible _____ track _____ highest _____ so _____ I can _____ accordingly?
 _____ you have _____ way _____ peak hours _____ my _____ use?
 Is there _____ hours and cut _____ use?
 _____ possible _____ to _____ the most energy _____ propose ways of reducing consumption?
 _____ it possible to _____ electricity _____ times _____ high _____ recommend ways to mitigate consumption?
 _____ possible for _____ to _____ peak hours of _____ energy _____.
 Inquire _____ my _____ consumption patterns and give insights _____ reduction _____.
 Are _____ to _____ when _____ the most energy _____ propose _____ reduce consumption?
 It's _____ to _____ peak hours _____ my energy _____ suggest _____ consumption.
 Is _____ to find _____ and suggest energy-saving _____?
 _____ you help _____ find peak _____ ways _____ save power?
 _____ can _____ peak hours for my energy usage.
 I _____ your assistance with analyzing when _____ the most _____.
 Is it possible _____ evaluate my energy _____ for identifying high-demand _____ offering _____ approaches _____?
 I _____ like to _____ my energy usage _____ figure _____ peak _____ and suggest _____ consumption _____ strategies.
 _____ power allocation _____ it during peak times.
 _____ need _____ assist me _____ spend the most electricity.
 Is _____ advise on reductions _____ assess _____ patterns.
 _____ it possible _____ find peak hours _____ cuts?
 Can _____ advice on how _____ lower my usage _____ use _____ most _____?
 _____ check my energy times to reduce _____?
 Can _____ help me find peak _____ and suggest _____?
 _____ am _____ if _____ can _____ how _____ use _____ energy _____ peak times.
 Can you _____ me _____ hours _____ to save _____?
 Think _____ energy _____ peak _____ and suggest _____ cuts.
 _____ my _____ patterns and _____ insight _____ hours for _____ reduction _____.
 _____ suggestions _____ saving _____ by _____ my power use _____.
 How _____ waste and _____ my _____ times?
 _____ it _____ possible _____ assess when _____ use the most _____ propose ways _____ reducing consumption?

I need _____ and _____ high-consumption periods.

I need _____ help analyzing when I spend _____ advising _____.

_____ it _____ analyze when _____ most energy and suggest _____ to _____?

Were _____ able _____ me _____ when _____ the most electricity?

_____ you _____ ability to identify _____ hours _____ use and _____ ways _____ reduce it?

Can _____ tell me _____ hours _____ most _____ intake _____ that a _____ strategy _____ used?

Would _____ possible _____ ways _____ reduce consumption when I _____ most _____?

_____ you _____ ways _____ when _____ consume the _____ energy.

_____ _____ peak energy use _____ for _____?

Evaluate _____ energy _____ patterns _____ possible _____ strategies?

_____ it possible for _____ to analyze my _____ _____ identify optimal times _____ _____ offer recommendations to mitigate _____?

_____ possible to assess _____ electricity patterns and _____?

_____ you able to _____ me how _____ use _____ power _____?

_____ like to know what hours _____ most energy _____ so that _____ be implemented.

Can _____ me _____ guzzlin' times _____ give me _____ reduce usage?

Can you tell me _____ highest _____ periods _____ ideas _____ down _____?

_____ would like an _____ energy _____ to identify the highest demand periods _____ reducing _____.

Could I get _____ analysis _____ my _____ use, _____ the _____ reducing consumption?

Do _____ to _____ consumption _____ and give _____ into peak hours _____ potential _____ strategies?

Are _____ able _____ identify _____ my energy use and _____ on how to _____?

Can _____ consumption tips _____ of how I _____ to _____ peak _____?

You can give _____ advice on _____ my _____ my energy _____ data.

Are _____ able to _____ energy during peak _____?

_____ it _____ and suggest ways to reduce consumption?

I _____ know _____ analyze _____ electricity usage _____ with _____ demand, and recommend ways _____ reduce my consumption.

_____ possible to _____ use _____ suggest energy-saving methods?

I want to know if you _____ check _____ peak _____ suggest ways _____ save _____.

_____ help me find _____ times and _____ consumption _____?

_____ it _____ you _____ show _____ how _____ and analyze my energy usage?

Can _____ identify when _____ use _____ most _____ and _____ advice _____ lowering _____?

_____ it possible _____ to show me how to _____ hours?

_____ you help me by _____ I _____ most _____?

_____ let me _____ when I _____ the _____ give me advice on _____?

_____ you able to check _____ guzzlin' _____ the _____ and recommend _____ reduce _____?

I would _____ know your _____ in examining _____ usage to figure _____ hours _____ effective consumption _____.

_____ you _____ to save _____ how _____ find peak hours?

_____ would _____ you could _____ on reductions _____ assess my _____ patterns.

Is _____ way _____ find _____ in my energy _____?

_____ peak _____ suggest cuts _____ energy _____.

_____ possible _____ my energy use _____ ways _____ save energy?

Can you _____ how _____ use _____ times and offer _____ tips?

_____ you _____ the _____ analyze how _____ energy _____ of peak usage?

I am _____ if _____ is _____ assess _____ power usage, _____ propose _____ consumption strategies.

_____ when I _____ most power and give me _____?

Is it possible for _____ to _____ my _____ usage?

_____ suggestions for _____ electricity _____ analyzing _____ power _____.

Is _____ possible _____ peak hours and recommend _____?

_____ would be _____ for _____ to assess when _____ use _____ most energy and propose _____.

How _____ a way _____ analyze _____ and point _____ when I'm _____ most?

I _____ for you _____ analyze my _____ usage data, _____ optimal times _____ high _____ recommend _____ my consumption.

_____ I use the _____ power, can you _____ to _____?

Is it _____ to _____ usage data, _____ optimal _____ with _____ demand, _____ give _____ to _____ my consumption?

I _____ to _____ if _____ have _____ analyze how I consume energy _____.

I want _____ hours require _____ most energy _____ so that _____ reduction _____ be _____.

_____ it possible to _____ energy usage, _____ peak _____ ways to _____ power?

_____ energy _____ provide insights _____ peak hours for reduction _____.

_____ if _____ could _____ an analysis of my _____ use _____ the _____ times to use _____.

_____ us reduce impact _____ in utility _____?

_____ insights into peak _____ potential _____ as _____ evaluate _____ consumption patterns.

_____ possible _____ take _____ look at my _____ usage, _____ peaks, _____ lower _____ strategies?

Would _____ be _____ propose ways to _____ consumption _____ use _____ most energy?

_____ advise on _____ minimize _____ use?

Can you check my _____ recommend _____ power?

_____ wonder _____ you could _____ electricity _____ and recommend _____?

Are _____ able to _____ my usage, _____ peak _____ ways _____ save _____?

Is _____ possible _____ my _____ usage and _____ when I'm _____ most?

_____ to assess _____ I use the _____ energy, propose _____ to _____?

Is there a way _____ use _____ peak _____?

_____ you able to _____ periods _____ in usage?

_____ to _____ my _____ use and suggest ways _____ save _____?

Can _____ recommend _____ to _____ check my _____ usage?

Can _____ how _____ my electricity _____ during peak times?

Do you think it's _____ to assess my _____ peaks, and _____?

_____ help me figure out _____ energy usage _____ suggest _____ it?

_____ possible for _____ my power _____ locate peaks _____ propose lower _____ strategies?

Do you _____ assess _____ consumption _____ and highlight peak _____ to _____ to _____ usage?

Do _____ to _____ power _____ locate peaks and propose lower consumption _____?

_____ of _____ how I use energy _____ identify peak times _____ consumption _____?

You _____ be _____ to _____ I _____ the most _____ and propose _____ reduce _____.

I _____ if _____ could get an _____ energy _____ on reducing consumption.

_____ use _____ power, can you give _____ advice _____ lowering _____?

Offer _____ reduction _____ analyzing _____ during peak hours?

I _____ my electricity usage _____ find _____ with high demand, and offer _____ to _____ consumption.

Will _____ be able to analyze _____ energy _____ my _____?

_____ down _____ by inspecting spikes in utility _____?

_____ you _____ me _____ on lowering my power use _____ the _____?

Is _____ assess my _____ usage, _____ peaks, _____ my consumption?

_____ could _____ my _____ patterns and advise on reductions.

_____ possible _____ peak hours in _____ use _____ energy?

Is _____ have _____ of _____ energy use with tips _____ reducing _____?

Provide insights _____ peak _____ for _____ by analyzing my _____ patterns.

_____ you _____ using _____ most _____ and how _____ use less?

_____ energy _____ and give _____ into _____ hours for possible _____ strategies?

_____ it possible _____ power usage and _____ when I'm _____?

_____ hours _____ consumption cuts?

I _____ to know _____ most energy and _____ to _____ it.

_____ you _____ I use the _____ energy and _____ ways to _____ consumption?

Provide suggestions _____ conserve _____ analyzing _____ power use _____ times.

Is it _____ to detect peak _____ energy usage _____ ways _____ it?

Do you wish _____ energy _____ and provide _____ peak hours for _____ strategies?
_____ can measure _____ can _____ tell me how _____ use less?
_____ peak energy consumption _____ for me?
Is it possible _____ to _____ my energy _____ peak hours and show _____ to _____?
It _____ possible for you _____ when _____ and propose ways to reduce consumption.
Is _____ possible to _____ analysis of my _____ suggestions _____ consumption?
_____ suggestions on conserve _____ after _____ power _____.
_____ your _____ tell _____ hours in my energy usage?
_____ know _____ assess my energy _____ and recommend strategies to _____?
_____ have the ability to _____ my _____ usage, find _____ hours, and _____ how _____ power?
_____ allocation; any _____ reducing during peaks?
I would _____ to _____ electricity _____ data, find optimal _____ and _____ ways to _____ my consumption.
_____ it possible _____ strategies to curtail _____ by _____ my _____ patterns?
_____ you help _____ figure _____ use energy to _____ times?
_____ it possible to find peak _____ energy _____?
_____ find _____ consumption periods and _____.
Is it _____ my power allocation _____ peaks?
_____ able _____ help me by analyzing _____ spend _____ power?
Can _____ ways to _____ hours, or check my energy _____?
_____ possible to _____ my _____ patterns _____ on reductions?
_____ way to find the highest-demand _____ with _____ on _____?
Can you _____ me how _____ use _____ to _____ peak _____ give _____?
Offer consumption _____ I _____ energy _____ during peak hours.
Are you _____ assess my power usage, locate _____ lower _____?
_____ you tell _____ what hours require _____ order _____ a _____ strategy to be _____?
_____ it possible _____ energy usage and recommend _____ to _____?
_____ to _____ an analysis of my energy use, identifying _____ and tips _____ consumption?
Is _____ to _____ my _____ use _____ find peak _____?
_____ energy consumption periods _____ me?
_____ there any way to analyze _____ usage _____ out when _____ use _____?
Is _____ to _____ power _____ find peaks, and propose _____ consumption strategies?
Can you _____ me _____ patterns and advise _____?
Provide _____ ideas by _____ my energy _____ during _____.
_____ you need to look _____ patterns and _____ strategies _____ curtail _____?
Do you _____ analysis that _____ detect peak _____ usage?
_____ by _____ spikes in our _____ use?
Is it possible _____ my _____ find _____ hours?
Do _____ wish _____ evaluate _____ energy consumption _____ and _____ insights _____ peak _____?
Is it _____ I _____ during _____ times and suggest ways to _____?
_____ possible for you to _____ consume energy _____ times?
_____ tell _____ how _____ reduce my _____ usage during _____ times?
Is it _____ hours and cut _____ energy _____?
_____ possible _____ inspect _____ use _____ against over use?
_____ need _____ to analyze my _____ usage _____ find _____ with high demand, _____ ways _____ reduce _____ consumption.
Are _____ able to offer _____ and _____ I use energy _____ identify _____?
Is it _____ to _____ analysis _____ my _____ and _____ highest-demand periods _____ tips on _____ consumption?
I _____ like to know if I _____ an _____ of my _____ and _____ tips _____.
_____ reduce impact by _____ our utility usage?
Do you _____ how _____ identify _____ energy use?
_____ that _____ usage data, _____ optimal times with _____ and offer _____ to mitigate overall consumption.

_____ it _____ to analyze _____ energy usage _____ help _____?

Are you able _____ identify _____ of _____ use and _____ to reduce _____?

Provide _____ saving electricity _____ power usage.

_____ to _____ periods of high _____ and _____ cuts?

_____ possible to analyze my _____ use and _____ when I'm _____?

You could _____ when _____ use the most _____ reducing consumption.

_____ like you _____ assess _____ patterns and recommend _____.

Is _____ possible _____ identify _____ advise on _____ electric consumption?

_____ would like _____ me by analyzing when _____ spend the _____.

_____ possible _____ electricity patterns and advise _____ cuts?

Offer _____ reduction _____ and _____ my _____ for _____ hours?

Are _____ hours and recommend _____ cuts for me?

_____ it possible to _____ of _____ energy use and _____ ways _____ reduce _____?

Is _____ possible _____ how I consume _____ of _____ use?

_____ find out how to _____ less energy?

Find peak _____ suggest _____.

Is _____ possible _____ detect _____ hours in _____ energy use?

Would _____ figure out my energy _____ and _____ to reduce it?

_____ be _____ to _____ how _____ consume energy during peak _____?

You can _____ to _____ but can _____ check my _____?

_____ you have _____ tricks _____ power usage _____ out when I _____ using _____ most?

Are you _____ check _____ power _____ times, _____ the _____ drop some tips _____ usage?

_____ possible to identify _____ hours _____ my _____ use, _____ give _____ on _____ to reduce _____?

_____ you _____ identify peak times and _____ tips?

Provide _____ insights _____ peak hours _____ potential reduction _____?

I _____ like _____ know _____ an analysis _____ my _____ use could _____ the highest-demand _____ tips _____ consumption.

_____ there a _____ analyze _____ power usage and _____ out when I'm _____?

Do you have the _____ analyze how _____ of _____ demand?

_____ you _____ way to find _____ hours and _____ my _____ usage?

Wouldn't _____ great _____ analyze _____ usage _____ find optimal times with _____ and offer _____ mitigate overall _____?

I would like _____ know if _____ possible to get _____ analysis _____ energy use _____.

Can _____ me identify _____ and _____ ways _____ reduce my _____?

_____ be possible to _____ I use the _____ propose _____ of _____ consumption.

Do _____ the ability _____ peak _____ of _____ use and suggest how _____ reduce _____?

_____ show me how _____ save power _____ to _____ hours?

Can _____ analysis _____ energy usage?

_____ energy use during _____ hours.

Do you _____ to _____ my energy consumption _____ for _____?

_____ identify _____ periods and _____ usage.

Looking _____ suggest _____ cuts?

_____ you _____ analyze _____ energy usage _____ help reduce consumption?

_____ possible for you _____ me how to _____ analyze my _____ usage?

Do _____ have _____ analysis _____ can _____ peak hours _____ my use _____?

_____ can _____ and recommend reductions.

I'd _____ know _____ I _____ of my energy use with _____ on reducing _____.

Is it _____ assess when _____ use the _____ propose ways _____ decrease _____?

_____ tell me how _____ my electricity _____ during peak _____?

Can you help me _____ out _____ the most _____ to _____ it?

Are _____ able _____ check _____ guzzlin' times, _____ beans and give me _____ to shrink _____?

I _____ appreciate it _____ could _____ optimal _____ with _____ demand, and _____ recommendations to

mitigate overall consumption.

_____ on conserving electricity _____ I _____ my _____ use during _____.

Is _____ able to detect peak _____ in _____ of _____?

Is _____ to identify the highest-demand _____ for _____ consumption?

Provide suggestions _____ conserve electricity _____ my _____ use during _____.

_____ to know if I can get _____ my _____ to identify the best _____ it.

Would it be _____ for you _____ evaluate when _____ the most _____ and _____ consumption?

_____ when I use the _____ energy and how _____?

Are you _____ detect _____ in my _____ usage _____ suggest _____ my consumption?

_____ want to know if _____ can get _____ my energy _____ identify _____ highest-demand periods _____ on reducing _____.

_____ show me _____ save power and _____ usage?

I would _____ you _____ examine my _____ usage _____ and _____ ways to _____ consumption.

_____ you help _____ identify _____ and suggest ways to _____?

Can you tell me _____ I _____ most _____ and how _____?

_____ analysis of _____ use with tips on reducing _____?

Could you _____ analyzing _____ I _____ the _____ electricity?

_____ tell _____ the most power and give me advice on _____ to _____ it?

How can _____ when I use _____ energy?

I _____ know when _____ the most electricity _____ advise _____.

I would _____ if you could _____ spend the most _____.

Can _____ figure out _____ hours _____ suggest ways to _____?

Is it _____ evaluate my _____ identifying _____ periods and _____ advisable _____ reducing electricity use?

_____ identify _____ times and _____ on reducing my electric _____?

_____ possible for you _____ and propose _____ strategies?

_____ peak hours and suggest _____ cuts.

Can you _____ ways to _____ of energy _____?

Is it _____ my power usage, locate _____ and _____ lower consumption _____?

I _____ your help _____ find _____ periods _____ usage.

Is it possible _____ detect _____ in _____ use and _____ ways to _____?

_____ it possible _____ you to show _____ how to save _____ use?

_____ usage, _____ hours and suggest _____.

_____ check _____ usage times _____ me some tips to _____ less?

_____ to assess my _____ locate peaks, _____ propose lower consumption strategies?

Is _____ possible to _____ peak hours and _____?

_____ need to _____ my _____ provide insights into _____ hours for potential reduction _____?

Would you please analyze _____ electricity _____ data, identify _____ and _____ recommendations to mitigate _____?

_____ power allocation, and _____ suggestions _____ during peaks?

Is _____ a way _____ analyze _____ energy usage, _____ and show _____ how _____ save _____?

Find peak _____ suggest _____ energy.

If _____ measure my power _____ can _____ tell _____ how _____ energy?

_____ you help me _____ how _____ energy _____ identify _____ offer consumption tips?

_____ be _____ to assess when I _____ the most _____ of reducing _____?

_____ your expertise _____ my _____ usage to find _____ and suggest _____ reduction strategies.

_____ high-energy periods and _____ usage?

Is it possible to _____ my _____ optimal _____ with _____ demand, and _____ to mitigate overall _____?

Would it _____ possible for _____ assess _____ power _____ and _____ lower consumption _____?

Can _____ power guzzlin' _____ spill the beans, and _____ tips _____ reduce _____?

_____ help _____ out _____ peak hours and suggest ways _____ reduce it?

Is _____ to _____ the _____ hours of my _____ and suggest _____ reduce _____?

Are _____ to analyze how _____ energy _____ times of _____?

_____ you help _____ when I spend _____ electricity?

_____ possible to show _____ save _____ and analyze my energy _____?

Is it _____ tell me _____ the most power _____ to lower _____?

It would be _____ my _____ usage, _____ peaks, _____ lower consumption strategies.

_____ it a _____ to _____ my energy use _____ highlight peak _____?

Is _____ to evaluate _____ usage for _____ high-demand _____ and offering ways _____ reduce _____?

In order to _____ to curtail _____ energy _____ patterns.

_____ need _____ to _____ usage data, _____ timeframes with high _____ and offer _____ mitigate my consumption.

Can _____ help _____ analyzing _____ the most energy?

_____ possible to evaluate _____ energy _____ periods and offer advisable approaches _____ consumption?

_____ want to assess _____ consumption _____ recommend strategies _____ usage?

Offer consumption _____ if _____ my energy _____ for peak _____.

_____ able to analyze _____ I use _____ peak times?

Are _____ to point _____ peak _____ consumption _____?

_____ be possible _____ you to _____ my _____ propose lower consumption strategies.

_____ your help _____ figuring out _____ energy _____ hours and suggest _____ to reduce consumption.

_____ and _____ ways to reduce energy use?

Is _____ to _____ patterns and advise on _____?

Do you know _____ to identify _____ usage?

_____ need your _____ what hours _____ the most _____ intake.

Is it possible _____ my _____ peaks, _____ lower consumption strategies?

_____ to help _____ figure _____ energy usage _____ suggest effective consumption reduction strategies?

Do you _____ suggestions _____ peak energy _____?

Is it possible _____ find peaks in _____ suggest ways _____?

_____ you _____ the _____ to _____ my _____ usage _____ recommend cuts?

Can you _____ to _____ less electricity _____ peak _____?

_____ ability to analyze how _____ consume energy during _____?

I'd _____ know _____ I'm _____ the _____ and _____ to use less.

_____ would _____ you to analyze _____ electricity usage _____ times with high _____ recommendations _____ my consumption.

Are _____ able to identify _____ ways to reduce _____?

Is it _____ you could help _____ figure _____ energy _____ peak _____ effective consumption reduction strategies?

Can _____ help _____ analyze _____ electricity usage _____ optimal times with _____ demand, and _____ my consumption?

I need your help _____ decrease usage.

Can you recommend ways _____ when _____ most _____?

_____ it _____ get an _____ my _____ with _____ on reducing consumption.

_____ assess _____ power usage and _____ lower consumption strategies?

Do you know _____ to use _____ times?

Can you tell _____ how _____ can _____ during peak _____?

_____ to _____ high energy periods _____ reductions in usage?

_____ it feasible _____ hours and suggest energy-saving _____?

_____ possible _____ you _____ identify peak _____ of my _____ use _____ suggest _____ to reduce _____?

_____ use the _____ power can _____ tell _____ how _____ lower _____?

_____ you _____ my highest use _____ ideas to _____ down?

_____ trim down impact by _____ in _____ use?

_____ you _____ me when I _____ the _____ power _____ give me _____ it?

_____ would _____ my _____ patterns and advise on reductions.

Can _____ me what hours _____ energy intake _____ strategy can be employed?

Would _____ be _____ to assess _____ I _____ the _____ ways _____ reducing consumption?

_____ wish _____ highlight peak hours _____ strategies _____ curtail usage?
 I need _____ in _____ periods _____ decreasing usage.
 Does _____ have _____ ability to _____ peak _____ in _____ energy _____?
 Is it possible _____ check my _____ _____ beans, and drop _____ to reduce _____?
 _____ possible _____ evaluate my _____ usage _____ high-demand periods and _____ advisable approaches _____ electricity consumption?
 _____ you able to _____ peak _____ energy usage?
 Wouldn't it be _____ if _____ my _____ data, _____ optimal times _____ demand, _____ to reduce consumption?
 Is it _____ get an _____ of _____ energy use _____ tips _____ consumption?
 _____ to know _____ hours demand the most energy _____ that a _____ can _____.
 Help me find _____ and _____
 Is there _____ to _____ peak _____ energy usage?
 _____ it possible for _____ locate _____ propose _____ consumption _____ for me?
 _____ conserving _____ by analyzing my _____ use.
 _____ possible to understand my _____ usage, _____ peaks, _____ consumption strategies?
 Is it possible _____ peak _____ suggest energy _____?
 _____ interested in _____ use _____ to identify peak times and offer _____.
 _____ it make sense for _____ assess _____ power _____ and propose _____ consumption _____?
 I _____ know when _____ use _____ most _____ how to _____ it.
 _____ be able _____ me how _____ use _____ energy _____ peak hours?
 Will _____ help _____ by _____ I _____ the most _____?
 Provide _____ on _____ after _____ power use during peak _____.
 _____ energy use _____ peak hours.
 _____ do _____ minimize use _____ peak _____?
 Would _____ possible for _____ assess when I use _____?
 Do you _____ to assess my _____ patterns _____ recommend _____ to _____?
 _____ you have _____ to _____ my _____ usage, _____ peaks, and propose _____ consumption _____?
 Do you _____ to _____ how _____ to identify peak times?
 _____ show me _____ the most power _____ give _____ advice on lowering _____?
 Can _____ about _____ and recommend ways _____ save power?
 _____ to assess _____ power allocation and _____ peaks?
 Can _____ me _____ guzzlin' _____ spill the _____ and _____ me _____ to reduce _____?
 What hours _____ the _____ intake so that a _____ can _____?
 _____ like to know _____ can find peak hours _____ recommend ways _____.
 _____ me in decreasing _____ and _____ periods.
 _____ help us _____ down _____ inspecting spikes _____ utility use.
 Will you study _____ find _____ save power?
 Do _____ to assess _____ and _____ peak hours?
 _____ show _____ how _____ save _____ as well as _____ usage and _____ hours?
 How _____ analysis of _____ energy _____ with _____ on reducing _____?
 Is it _____ get an analysis of _____ energy use _____ periods _____ on _____ consumption?
 Do you _____ skills _____ my energy _____ at _____ times?
 I _____ help with _____ when I _____ the most electricity _____.
 Provide suggestions on _____ to _____ electricity by _____ use _____ times.
 _____ about _____ my energy _____ peak hours, _____ recommend ways _____ save _____?
 _____ it possible _____ my _____ use at peak _____?
 Is _____ possible that you _____ hours in _____ energy _____?
 Is _____ possible for _____ analyze my energy _____ and _____ consumption?
 _____ it possible _____ analyze my _____ usage data, _____ with _____ demand, _____ to mitigate my consumption?
 Help us _____ on impact by _____ spikes in _____.
 _____ it _____ my highest _____ moments so _____ I _____ adjust accordingly?

____ you tell ____ to use less energy ____ peak ____?

Can you ____ hours that need ____ most ____ that I ____ use ____ reduction strategy?

____ would appreciate if you could ____ out my energy usage ____ and suggest effective _____.

Is ____ to ____ hours ____ suggest ____ to reduce ____ use?

Is it possible ____ you ____ analyze my ____ lower ____ strategies?

Was ____ possible to identify high-energy ____ and ____?

Is it ____ to ____ periods with ____ cuts?

____ possible to ____ my power ____ times, ____ the ____ drop some ____ to decrease ____?

____ it possible ____ identify ____ periods and recommend ____ usage?

____ consumption reduction ____ energy use?

When ____ most energy, would ____ be ____ for ____ to propose ____ reducing ____?

____ would ____ to ____ I ____ most power and what ____ can do to _____.

____ suggestions on saving ____ analyze my ____ use ____ peak _____.

____ to use a reduction ____ you ____ help me understand ____ hours ____ need ____ energy _____.

Help us ____ trim ____ inspecting spikes ____ our ____?

I ____ know ____ hours ____ the ____ energy so that a reduction strategy _____.

I would ____ to analyze my ____ usage ____ optimal ____ with ____ demand, and ____ recommendations ____ consumption.

Can you tell ____ hours ____ intake, so ____ a reduction ____ can be ____?

Take a look ____ recommend ____ to reduce usage.

____ you know how ____ peak ____ offer ____ tips?

Do you ____ the ability ____ my ____ peak usage, ____ lower consumption ____?

____ you ____ to ____ my power usage, locate ____ propose lower ____ strategies?

____ would like ____ know ____ I ____ get an analysis of ____ use ____ reducing consumption.

Is ____ to ____ peaks, assess ____ power ____ propose lower consumption ____?

Is it ____ my electricity ____ data, ____ with ____ demand, ____ offer recommendations to ____ consumption?

____ to ____ usage, locate peaks, and ____ lower consumption strategies.

____ make ____ assess my ____ usage, locate peaks, and ____ consumption strategies?

____ you ____ to identify peak ____ my energy use ____ suggestions on how ____ consumption?

____ it possible ____ my energy usage for identifying ____ and ____ approaches ____ reduce ____ use?

____ a ____ analyze ____ power ____ point ____ when I use ____ most?

Would you ____ willing ____ help ____ out my ____ usage ____ to ____ it?

Are ____ to analyze my energy ____ and help ____?

____ you ____ to ____ and ____ me reduce my consumption?

____ know ____ hours ____ the most energy intake ____ reduction ____ be implemented?

____ can you ____ hours in ____ usage?

____ you tell ____ when ____ use the most ____ help ____ it?

Is it ____ to evaluate ____ energy usage ____ identify ____ periods and ____ approaches to ____?

____ it possible ____ peak energy consumption ____ me?

____ it possible for ____ to ____ how ____ energy ____ peak times?

Wouldn't it ____ could analyze ____ usage data, find ____ with ____ demand, and ____ to mitigate overall

____ need assistance analyzing when ____ the ____ advise ____ cuts.

Help ____ the impact ____ spikes in our ____?

Are you able ____ check ____ power ____ times; ____ the ____ and ____ tips to ____?

____ possible for you ____ my ____ usage for identifying ____ periods ____ to reduce ____ consumption?

____ to analyze ____ electricity usage data, ____ optimal ____ with high demand, and ____ ways ____ mitigate _____.

In ____ recommend ____ to ____ usage, ____ assess my ____ consumption patterns ____ highlight _____.

Can ____ my use of ____ identify ____ times ____ offer ____ tips?

____ you ____ reduce consumption ____ analyzing my ____ use?

Help _____ hours and propose _____ for _____
 _____ possible to uncover when I use the _____ on lowering _____?
 Are you able _____ power _____ times, spill _____ cut usage?
 _____ it _____ to _____ hours, and _____ me how to save power?
 _____ it possible _____ identify _____ and suggest ways _____ consumption?
 Can your _____ suggest _____ to _____ my _____?
 Is your _____ peak hours _____ my _____ use?
 Is it possible to _____ an analysis _____ to identify peak _____ with _____ on _____?
 Can you _____ my _____ patterns _____ reductions?
 Can _____ me _____ to _____ or how to _____ peak _____?
 _____ it _____ for you to assess when I use the most _____ reduce _____?
 _____ on saving _____ analyzing power _____ peak times.
 _____ you tell me _____ need the _____ energy _____ that _____ reduction strategy can _____?
 help me _____ high-consumption _____ usage
 Can _____ me find out _____ waste _____ tops?
 Can you _____ when I _____ electricity and _____ ways _____ reduce _____?
 Find _____ and _____ to _____ usage?
 Is _____ find peak _____ usage, and recommend ways to _____?
 _____ check my power guzzlin' _____ spill _____ give _____ to cut usage?
 I _____ to _____ what hours require the _____ intake _____ reduction strategy could _____.
 _____ it possible _____ detect _____ hours _____ my _____ usage and suggest _____ usage?
 _____ it _____ my power _____ times; _____ beans and drop _____ to shrink usage?
 Help _____ high-consumption _____ and reduce _____.
 _____ you suggest _____ cut _____ on _____ use periods?
 Was it _____ identify _____ times _____ on lowering _____?
 Are you _____ to detect peak _____ in _____?
 _____ you _____ assist _____ when I spend the most electricity.
 Can you _____ me by _____ electricity _____ data, _____ times with high demand, _____ to reduce _____?
 _____ hours _____ my _____ usage _____ detected _____ your analysis.
 Do you _____ assess my energy _____ patterns _____ reduce usage?
 Would _____ be _____ you to _____ when I _____ the most energy?
 Is it _____ you _____ see _____ usage, _____ and propose lower _____ strategies?
 Would it _____ to _____ periods with _____ reducing consumption?
 _____ you _____ any _____ to _____ down _____ highest use _____?
 Were you _____ identify _____ recommend cuts?
 _____ need _____ identifying high-consumption periods and reducing _____.
 _____ suggest ways to _____ energy _____ I _____ most?
 Was it possible _____ analyze _____ electricity _____ identify optimal times _____ recommendations to _____ overall consumption?
 Provide _____ on _____ electricity by analyzing _____ use _____ peak _____.
 _____ it _____ to _____ to save power _____ analyze _____ energy use?
 _____ identifying high-consumption periods _____ usage.
 _____ it possible to _____ high-energy _____ and _____ less _____?
 _____ it _____ evaluate _____ energy _____ identifying high-demand periods and _____ to reduce _____ consumption?
 Do you need _____ energy consumption _____ and _____ me _____ peak hours for potential _____?
 _____ it possible _____ find peak hours on _____?
 _____ would like _____ hours require the most energy intake _____ that _____ can _____ reduction _____.
 Can _____ ways _____ save energy _____ I _____ most?
 _____ find peak hours _____ save _____?
 Is it _____ I _____ during peak times and _____ ways to _____ electricity _____?
 _____ you _____ analyze _____ electricity usage _____ find optimal times with high _____ suggestions _____ reduce _____

consumption.

_____ it _____ get an analysis _____ energy _____ and give _____ on reducing _____?

_____ the ability _____ discover when I use the _____ power _____ advice on _____ it?

_____ be possible to assess _____ I use the most _____ ways _____.

_____ is _____ for _____ to identify peak _____ my energy _____ offer _____ on how _____ reduce _____.

Would it be possible _____ use the _____ suggest methods _____ consumption?

_____ it possible to _____ my electricity usage _____ times with _____ and offer _____ mitigate _____?

_____ have _____ ability to _____ my energy _____ find peak _____?

_____ to detect _____ hours in my _____ and suggest _____ to _____?

Do _____ to _____ and suggest ways _____ reduce energy use?

I want _____ what hours _____ most _____ so _____ I can use a _____ accordingly.

Is _____ way _____ my _____ usage _____ point out when _____ used _____ most?

Is it _____ to _____ when I use the most _____ consumption?

_____ have an _____ can _____ peak hours _____ my _____ usage?

_____ possible to _____ the _____ patterns and _____ reductions?

_____ possible to detect _____ of my _____ usage?

_____ it possible _____ check _____ power guzzlin' _____ spill _____ beans and _____?

_____ you _____ to _____ my _____ patterns _____ recommend _____ to reduce usage?

Is _____ check my power guzzlin' _____ spill _____ give some tips _____ usage?

Can you identify when _____ use _____ and _____ how to _____ it?

Can _____ tell me _____ power _____ beans, _____ give me some tips _____ reduce _____?

_____ need _____ help in _____ electricity _____ solutions for cutbacks.

Are you able _____ my _____ guzzlin' _____ spill the _____ drop _____ tips _____ usage?

_____ you _____ ways _____ save _____ I use it _____ most?

I would _____ to _____ if I _____ get _____ of my _____ use _____ learn _____ consumption.

Are you _____ to _____ when _____ use the most power and _____ lowering _____?

Do you _____ assess my energy consumption patterns _____ to _____?

Can you _____ me _____ the highest use periods _____ cut _____?

_____ you _____ me analyze _____ electricity usage data, _____ optimal _____ with high _____ and give _____ to _____?

_____ want _____ on _____ use _____ to cut down

Are _____ able to _____ I _____ energy to _____ times _____ consumption tips?

_____ you able _____ my _____ usage and help _____?

Can you _____ me use energy _____ peak _____ offer _____?

Can _____ analysis predict _____ hours _____ my _____?

Give suggestions on saving electricity _____ power _____ peak _____.

_____ it possible to evaluate my energy usage _____ periods _____ reduce electricity consumption?

Is it _____ for you to show _____ how to conserve _____?

_____ to _____ how to _____ energy to _____ times and _____ consumption _____.

_____ periods for me?

_____ evaluate my _____ usage to _____ high-demand periods and offer advisable approaches _____ use?

_____ should figure _____ peak _____ cut _____ on _____ watt usage.

_____ possible to _____ hours _____ cuts _____ my energy use?

I _____ you _____ analyze my _____ usage data, _____ optimal times with _____ demand, and give _____.

_____ possible for _____ to _____ hours _____ my energy _____ and offer suggestions on _____ to _____?

Is it _____ for _____ evaluate my _____ usage _____ identifying _____ periods and recommend ways _____ electricity _____?

_____ tell me how _____ less energy during _____?

_____ have _____ assess when I use the most energy, _____ of _____?

_____ impact by _____ spikes in _____ use?

Is _____ to _____ analysis of _____ and suggestions on _____ to reduce _____?

_____ like _____ know what hours _____ the _____ intake so _____ a reduction _____ be used.

____ you assessed my energy ____ and highlighted ____ suggest strategies to ____ ?
 Is ____ possible ____ you ____ analyze my ____ usage, ____ peak hours ____ show ____ save power?
 Evaluate ____ energy consumption patterns and ____ us ____ reduction strategies?
 ____ you able to identify ____ hours ____ and ____ ways ____ reduce ____ ?
 Evaluate my energy consumption ____ give ____ peak ____ for ____ .
 Will you ____ to save ____ consume ____ energy?
 ____ it possible ____ you ____ use the ____ energy to ____ ways ____ reduce consumption?
 ____ me ____ analyzing ____ I ____ the most electricity.
 Is ____ to track ____ energy usage ____ recommend ____ ?
 Is ____ find peak hours for my energy ____ ?
 ____ need you to analyze ____ electricity ____ data, find ____ high ____ give ____ mitigate my consumption.
 ____ it possible ____ hours ____ my ____ use ____ recommend ways to ____ consumption?
 ____ like ____ to analyze my ____ identify optimal times with ____ give ____ to ____ my consumption.
 ____ us trim down ____ impact ____ inspecting ____ in ____ utility ____ .
 ____ it be ____ for ____ assess ____ power ____ peaks and propose ____ consumption ____ ?
 Could you help ____ analyze ____ electricity usage data, ____ optimal ____ and recommend ____ to ____ consumption?
 ____ tell ____ power, or find peak hours?
 ____ it possible ____ know ____ power ____ peaks, ____ propose lower ____ strategies?
 Can ____ suggest ____ to ____ energy consumption?
 It's possible ____ I use ____ most ____ and propose ____ to ____ .
 ____ could ____ my ____ usage, locate ____ and propose ____ strategies.
 ____ would ____ for you to assess ____ I use the most ____ suggest ____ reduce ____ .
 Can you give ____ on lowering ____ when I ____ power?
 ____ me the ____ the ____ intake so I can ____ a reduction strategy?
 Help ____ peak hours and ____ for ____ .
 Is ____ detect ____ hours ____ my energy ____ and suggest ____ decrease it?
 Help ____ trim ____ impact by ____ spikes ____ utility use?
 Can you ____ I ____ the most power and ____ on lowering ____ ?
 ____ to ____ if ____ could ____ an analysis of ____ use with tips ____ reduce consumption.
 Can you tell me ____ hours ____ the ____ intake ____ reduce my ____ ?
 ____ tell ____ how to use less ____ hours?
 Is ____ to ____ my ____ guzzlin' ____ spill ____ beans ____ cut usage?
 Is it possible to ____ peak ____ ways ____ power.
 Would ____ be ____ assess ____ I use the ____ propose ____ to ____ consumption?
 ____ know ____ I ____ get ____ analysis of my energy use with ____ consumption.
 Are you ____ check my power ____ and ____ some ____ to reduce usage?
 ____ you check my power times, ____ the beans, ____ give me ____ ?
 ____ you ____ energy usage, find ____ and recommend ____ to save ____ ?
 ____ possible to ____ my power ____ peaks, and propose ____ strategies?
 Do ____ know ____ to ____ power during ____ times?
 ____ I use ____ most ____ you ____ how to use less?
 I ____ in decreasing ____ and ____ high ____ periods.
 ____ propose methods of ____ consumption ____ I ____ most energy?
 ____ tell me ____ most power ____ what to ____ to lower it?
 If ____ measure my ____ usage, ____ can tell ____ to ____ less ____ .
 Is ____ possible ____ my power usage, ____ peaks, and propose lower ____ ?
 ____ it possible to assess ____ reduce ____ peaks?
 ____ would like to know ____ you ____ electricity ____ and recommend ____ .
 ____ analysis ____ use ____ identify the highest-demand periods with tips on ____ .
 ____ you help ____ my consumption ____ my ____ usage?

Provide suggestions _____ my power use.

_____ would like _____ when I spend the _____ on cuts.

I _____ you to _____ electricity usage _____ find optimal _____ recommend ways to reduce my _____.

Do you _____ my energy _____ recommend strategies _____ reduce usage?

_____ it possible to _____ of my _____ use and _____ suggestions _____ reducing _____?

I _____ to find _____ and _____ energy-saving _____.

_____ explain _____ use energy _____ identify _____ times and offer consumption _____?

_____ you _____ me when _____ the most _____ tell _____ how to _____ it?

Is there a _____ to find _____ hours _____ recommend _____?

_____ it possible _____ find _____ hours _____ energy use?

_____ to _____ my energy consumption patterns and recommend _____ usage?

_____ me how to reduce my energy _____ during _____ times?

I want to know _____ you _____ energy usage, _____ hours, or recommend _____ power.

Can you _____ me _____ I consume most energy _____ it?

_____ me find _____ periods _____ reduce _____.

Do you _____ ability to _____ I use _____ most energy _____ propose _____ for _____?

Inquire _____ patterns and provide insights _____ peak _____ for _____ strategies?

Can you _____ energy to identify peak _____ and _____ consumption _____?

_____ on _____ by analyzing _____ power usage.

Are you _____ explain _____ energy to identify peak _____ consumption tips?

Provide _____ how to conserve _____ analyzing my power _____ hours.

Is it _____ to evaluate my _____ for identifying _____ periods and offering _____ use?

_____ analysis able to _____ peak _____ in _____ energy _____?

Is it possible to evaluate _____ for _____ high-demand periods _____ recommend _____ reduce _____?

Is _____ possible to _____ an _____ energy use _____ suggestions _____ how _____ reduce _____?

Provide _____ electricity _____ use power at peak _____.

Do you _____ assess my _____ patterns _____ highlight _____ hours?

_____ you _____ analyze my _____ data, _____ optimal _____ for _____ demand, _____ give me recommendations to _____ consumption.

_____ me advice on lowering _____ power _____ and _____ energy _____ data?

_____ you propose ways _____ save _____ I _____ energy?

_____ guys _____ the ability to show me _____ to _____ analyze _____ energy _____?

_____ you _____ to save power, _____ my energy usage, _____ find _____?

_____ use a _____ you can help me understand _____ hours need the _____ intake.

I would like to know how _____ identify _____ and _____ reduce _____.

You can tell me _____ use _____ most _____ give _____ advice _____ lowering _____.

Are you able to tell _____ how _____ use during _____?

Do you _____ it is _____ to _____ my _____ usage, _____ lower consumption _____?

I _____ is possible to _____ my power usage, _____ and _____ strategies.

Is it possible to _____ by _____ times?

Can you help _____ by analyzing my _____ usage _____ optimal _____ offering _____ to reduce consumption?

Is it _____ my energy consumption patterns _____ suggest strategies _____?

_____ recommend strategies to curtail usage, please assess _____ peak _____.

Do _____ have _____ to _____ peak _____ of _____ energy _____ and recommend _____ to reduce _____?

Are _____ me how _____ consume less _____ peak times?

Can _____ tell _____ usage, find peak hours, _____ recommend _____ to _____?

_____ possible _____ usage and point out _____ I'm most use?

_____ would _____ you could help me figure _____ my energy usage _____ peak _____ effective _____ reduction _____.

Is _____ any _____ analyze _____ power usage and _____ when _____ using _____?

Is _____ possible for _____ to _____ my _____ usage, _____ peaks _____ propose _____ consumption _____?

_____ I get an _____ my energy _____ the _____ periods with _____ on reducing consumption?

_____ would _____ an analysis of my _____ to identify the _____ and _____ reduce consumption.
_____ figure out _____ I consume _____ lot of _____ and help _____ ?
I _____ if you _____ analyze my electricity _____ data, identify _____ times with high demand, _____ recommendations _____
_____.
Can _____ detect _____ in _____ use of energy?
_____ saving _____ if _____ analyze my _____ use _____ peak times.
Are you _____ check _____ power _____ times and _____ beans _____ shrink _____ ?
_____ you tell _____ when _____ am using _____ most power _____ advice _____ it?
Are you _____ assist _____ with _____ spend _____ most electricity?
_____ you _____ power _____ spill the _____ give me some tips to _____ ?
Can you tell _____ how _____ energy _____ high _____ periods?
Do you _____ the _____ how _____ energy I consume during _____ ?
_____ would like _____ my electricity usage data, find optimal times _____ and _____ ways _____ consumption.
_____ for peak _____ and suggest _____ usage.
Think _____ energy usage, _____ hours _____ consumption cuts.
Are you able to _____ ways _____ reduce use?
Is it _____ to _____ my _____ to _____ hours and recommend _____ ?
_____ want you to help _____ my _____ during _____ and suggest effective consumption _____ strategies.
_____ it _____ possible for you _____ I use the _____ and _____ of reducing consumption?
I would _____ to know _____ me _____ out my energy usage _____ peak _____ and suggest _____ consumption _____ .
_____ identifying high-demand _____ and offering _____ in reducing _____ electricity _____ could you evaluate _____ ?
_____ you be _____ to _____ my _____ usage data, identify _____ times with high _____ and _____ recommendations _____ ?
_____ it possible to find _____ me how _____ power?
_____ me _____ identifying high-consumption periods.
Can _____ show _____ to _____ power, _____ energy _____ and _____ peak hours _____ me?
_____ on reducing _____ power use _____ times.
Can _____ me how to _____ power, _____ peak _____ analyze _____ usage?
I _____ with finding _____ hours and solutions for _____ .
_____ like to _____ when I'm using the _____ energy and _____ .
_____ I could get _____ analysis _____ my energy _____ tips on _____ reduce consumption.
_____ allocation; any suggestions on reducing during _____ ?
Can _____ identify peak hours and suggest ways _____ use?
Do _____ wish to _____ patterns and provide _____ into _____ hours for potential _____ ?
_____ could assist _____ in _____ when _____ most electricity.
Assessing _____ allocation, _____ reduce it _____ peaks?
