

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Security and privacy concerns
Inquiry Sub-Category	Software Updates
Description	Customers seeking information on the latest software updates and security patches to safeguard their operating systems, applications, and connected devices against potential vulnerabilities.
Data Size	7,905 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

What _____ recommended steps _____ ensure _____ network _____ received and installed necessary _____ patches?
 _____ a specific way _____ verify adequate _____ and _____ system patching _____ entities?
 _____ we take in order to _____ patches _____ each device?
 _____ I _____ our _____ get the required patches?
 What steps should be _____ to _____ the _____ have _____ security _____?
 To make _____ get _____ required _____.
 Do _____ on how _____ make _____ patches are installed across _____?
 How to _____ devices _____ security updates?
 How come they _____ to make _____ devices _____ miss _____ patches?
 _____ they recommended _____ make _____ we _____ miss any _____ patches?
 _____ security patches on _____ network devices?
 _____ the steps _____ should _____ to _____ sure the devices _____ network are _____?
 _____ a way _____ necessary safety updates _____ been _____ on the devices?
 How _____ we make _____ network _____ have _____ updates?
 _____ we take to confirm that our _____ every _____ in _____ network?
 _____ required _____ guaranteeing all devices on the _____ and apply _____?
 _____ steps _____ be taken to make _____ that every device _____ recommended security _____?
 How should _____ updates _____ our devices?
 How _____ check _____ undergoes a security patch _____?
 _____ you _____ a _____ make the devices _____ patch safe?
 Measures to _____ installation on _____?
 What _____ can _____ take _____ security patches reach _____ network _____?
 _____ make sure all _____ on the network _____ patches?
 _____ should we _____ every device in the _____ received a security _____?
 _____ can timely application _____ patches _____?
 _____ steps should be taken _____ all _____ up _____ date?
 _____ that all _____ our network _____ updated _____ needed _____ patches?
 _____ any steps _____ need to take to _____ network _____?

Should ____ system ____ be ____ every ____ device?

Do you know ____ to ____ sure all ____ network are ____ necessary ____?

____ I ensure ____ devices are ____?

____ all ____ required patches.

Can you ____ how ____ sure our security ____ are ____ date?

How can we ____ reach ____ network devices?

____ verify patch installation on ____ device ____ flow?

____ confirm the ____ on all ____?

Can you ____ we ____ check ____ every ____ a security patch?

Can ____ a method to confirm ____ all ____ have ____ security updates?

____ can ____ sure all ____ the network have the ____ security ____?

____ you tell ____ about the ____ measures for ____ devices ____ our network ____ receive ____?

____ we ____ confirm that critical security ____ reach each ____?

How ____ we ____ sure the necessary ____?

____ should ____ make ____ our ____ devices are ____?

____ are ____ should ____ taken ____ sure devices on our network ____ protected?

Can you tell me ____ updates are ____ to date?

____ do you guarantee ____ security fixes?

____ our devices ____ updates?

____ we ____ certain network ____ and ____ security updates?

Do ____ have recommendations ____ to ensure ____ across the ____?

____ sure system updates ____ correctly on every ____ device?

____ that ____ the devices in ____ are updated ____ necessary security ____.

Is there ____ list of how to make ____ installed ____?

____ of security patches ____ network devices.

We ____ make ____ all ____ securities are up-to-date ____ network.

____ should ____ updates be implemented on ____ device?

____ steps to make sure ____ security ____ to ____ network.

____ you guarantee my gadgets ____ fixes?

Are ____ steps we ____ take to make ____ are up-to-date?

Do you ____ a recommendation ____ to ____ the network?

Do you ____ for checking ____ every ____ patch installation?

____ network ____ be ____ make ____ they have security updates?

How can we ____ every ____ in ____ network received ____ security ____?

Measures to ____ on ____ our network flow?

____ you ____ a way to ____ our ____ have received ____ security updates?

____ should be ____ to make ____ that ____ the network has received the ____?

____ you have ____ recommendations ____ sure the patches ____ installed?

How ____ sure ____ of ____ patches by ____ devices?

Let us ____ safety patches ____ our gadgets.

____ mandatory security patches ____ devices?

What ____ the ____ take to ____ sure ____ on our network are ____?

We need ____ make ____ that all ____ devices ____ with ____.

____ want ____ we guarantee ____ my gadgets ____ those ____ fixes.

____ to ____ of security patches ____ various ____ devices?

How can ____ be ____ to all network devices ____?

____ can ____ make sure all ____ devices on ____ the security ____?

Do you ____ suggestions ____ how ____ software updates evenly ____ network devices?

____ do to make sure that every device ____ patched?

____ can ____ system ____ are ____ on every device?

_____ steps should be _____ to make _____ our _____ is protected?

Are _____ any _____ we should take to _____ all _____?

Steps should be _____ install essential protection _____.

To confirm that every _____ received _____ patches, _____ should _____ do?

Reliable _____ sure devices have _____ security _____?

Do they _____ to _____ devices _____ missing any security patches?

_____ do _____ sure all devices get _____ updates _____ need?

How _____ I _____ every single device on _____ has _____ patches _____?

What should _____ to _____ sure every _____ in _____ network gets the _____?

How _____ we make sure _____ security _____?

_____ patches need to _____ on our _____.

_____ are _____ to _____ network _____ get necessary _____.

Steps to _____ sure _____ devices _____.

_____ way _____ ensure the installation of _____ on _____ network devices?

_____ we make _____ all devices _____ security updates?

Can _____ please _____ me how we make _____ my _____ the _____?

What are _____ steps you _____ to _____ sure _____ in _____ network _____ patches?

_____ I make _____ my gadgets are patched _____ security?

_____ are steps _____ make sure _____ required patches.

_____ are _____ network devices get patched.

How _____ ensure that _____ get security updates?

_____ should _____ make sure _____ patches are installed _____ devices?

_____ ensure installation of vital _____?

How _____ make _____ that _____ the devices _____ our _____ have _____ security _____?

_____ me how _____ make sure security _____ to date?

_____ us how _____ guarantee _____ patches on our _____.

_____ tell _____ guarantee _____ my gadgets get those security _____?

_____ sure _____ patches _____ all network _____.

_____ to _____ sure all _____ have _____ patches?

What _____ done _____ make sure that _____ device in _____ has _____ updates?

_____ the measures _____ should _____ to _____ device security?

_____ should _____ to _____ sure every device _____ our network _____ protected?

Installation _____ security _____ by various _____?

_____ be taken to _____ device in _____ network has received the _____ security _____?

_____ it _____ to make _____ our network _____ the _____ patches?

_____ can we ensure all _____ the _____ security _____?

_____ can we _____ to ensure _____ software updates _____ applied evenly _____ devices?

Ensure _____ all _____ devices _____.

What _____ needed _____ sure vital patches _____ installed?

How can I _____ sure that the _____ the _____?

_____ tell _____ how to _____ sure we have safety _____ gadgets?

_____ to know _____ to ensure _____ updates _____ our _____.

How can _____ make sure _____ and install _____ security _____?

_____ how _____ updates can be _____ our network devices?

_____ should be _____ sure _____ device in the _____ gets the necessary _____?

The steps are to _____ receive _____.

Do _____ a _____ recommendations on _____ patch your network?

Which _____ be _____ the deployment of important security _____ all connected _____?

How can _____ patches be applied _____ network _____?

What should we _____ sure that _____ in our _____ security patches?

_____ we ensure that _____ updates are _____ every network _____?
 _____ we _____ the _____ of _____ devices?
 _____ can _____ make _____ there _____ critical _____ on our _____ devices?
 How can _____ ensure that critical _____ our _____?
 Are _____ to verify adequate _____ and _____ crucial _____ patching among connected _____?
 _____ steps to _____ sure networks _____ security _____?
 _____ make sure _____ our network devices are _____?
 What _____ we _____ to make _____ critical patches _____ installed on _____?
 What should _____ to _____ sure that _____ device _____ our _____ patched?
 Ensure that _____ devices _____ network _____ updated with _____ necessary security _____?
 _____ to _____ patches are _____ on all devices?
 _____ are _____ to make sure _____ security _____ across our _____.
 What steps should be taken to _____ our network _____ the _____ security _____?
 How _____ sure network _____ get _____ updates?
 How can _____ essential protection updates _____ devices?
 What are the steps _____ should take _____ devices _____ the _____ are _____?
 What _____ steps _____ should take _____ confirm that every device _____ network received _____?
 _____ we get patches _____ the _____ devices?
 _____ do _____ assure that _____ gadgets _____ those _____ fixes?
 Which _____ should we _____ sure that every _____ network received security _____?
 How do _____ guarantee _____ all _____ security fixes?
 _____ do we make _____ necessary _____ reach _____ device?
 _____ you suggest _____ way _____ confirm _____ our devices _____ security updates?
 Can you tell _____ how _____ that security updates _____ on _____?
 _____ should we _____ updates on every connected _____?
 How do _____ make _____ the _____ of the devices?
 _____ we install the _____ updates on our _____?
 Should _____ get _____ updated with needed _____?
 _____ can _____ we _____ the security patches on _____ devices?
 How _____ I _____ sure _____ device _____ to my _____ is _____?
 _____ critical system updates _____ installed _____ network devices?
 How _____ we make _____ updates _____ installed _____ network devices?
 _____ I ensure the _____ security patches?
 Is _____ way to _____ that _____ device _____ our _____ received _____ security _____?
 How can we _____ network devices _____ security _____?
 _____ do we do _____ make _____ get the _____ updates?
 Do _____ have any _____ for ways _____ patching?
 _____ suggest _____ way _____ confirm that our _____ have the _____ updates?
 _____ are steps for ensuring _____ receive patches.
 Can you _____ me _____ to _____ all _____ our devices have received _____?
 Reliable _____ to ensure _____ have _____ latest _____?
 _____ us with _____ for guaranteeing all _____ the network receive and apply _____ patches?
 We _____ to make _____ that vital _____ are distributed _____.
 Is there _____ make _____ devices get the _____ patches?
 _____ can _____ sure that all _____ devices have _____ updates?
 _____ the installation _____ mandatory _____ patches be _____?
 What actions can _____ confirm that security patches _____?
 _____ steps _____ ensuring _____ devices are _____.
 How _____ guarantee that all _____ devices _____ here _____ the security _____?
 What can _____ to _____ in _____ network is patched?

____ can I ____ our ____ have the appropriate ____ patches?
 ____ you show me ____ make sure ____ updates ____ always ____?
 ____ steps ____ taken to make ____ network devices have ____ ____?
 ____ sure that ____ single ____ in my network is ____?
 ____ we ____ sure the ____ all our devices?
 ____ know ____ to ____ installed safety patches on ____ gadgets.
 ____ how ____ sure the patches are installed ____ on our ____?
 There ____ steps ____ sure network ____ get ____.
 Do ____ a ____ on ____ to ____ patches across the entire ____?
 ____ be sure ____ every ____ device on my ____ is ____?
 What ____ best way to make ____ that ____ network ____ the ____ security patches?
 How should we know ____ every ____ our ____ patches?
 Is ____ a ____ to make ____ patches ____ all network ____?
 How ____ critical ____ our ____ be installed?
 ____ can ____ sure network devices ____ security updates?
 How ____ make sure ____ devices ____ required ____ updates?
 ____ best way to make sure ____ devices ____ the ____ security ____?
 How ____ all ____ the ____ receive and apply security patches?
 ____ we take to ____ that the security patches ____ within our ____?
 ____ be done to ensure ____ every ____ in ____ network ____ the ____ patches?
 What ____ be done to guarantee ____ of ____?
 There are ____ making ____ get needed patches.
 All devices ____ network should ____ the ____.
 ____ do ____ deploy ____ security ____ connected devices?
 ____ suggest ____ to check if every device ____ patch ____?
 How ____ we update the ____ on our ____?
 Got any idea how to ____ are ____?
 How should we ____ all ____ devices have ____ updates?
 ____ you ____ how ____ make ____ devices are updated?
 ____ actions ____ you ____ secure ____ patching?
 ____ it possible to make sure ____ security patches?
 ____ can we do ____ ensure ____ network ____ updates?
 ____ steps ____ be taken ____ make ____ all ____ devices are ____?
 ____ you tell ____ sure my ____ those security fixes?
 How ____ the ____ vital patches?
 Is ____ any ____ getting every ____ with security patches?
 ____ we have essential ____ updates on ____ device?
 How ____ patches be applied ____ on ____ devices?
 ____ ensure the installation of ____ network devices?
 We ____ to ____ vital ____ patches ____ across the network.
 Is ____ list of ____ to ensure patches ____ across ____?
 ____ should be ____ to ____ that all ____ the network ____ recommended security ____?
 ____ do I ____ essential ____ all connected devices?
 ____ steps ____ to ____ sure ____ patches are ____ on our network ____?
 ____ steps ____ network ____ get patches.
 ____ can we ensure timely ____?
 Is ____ way to ____ installed ____ on ____ network gadgets?
 ____ make sure ____ our ____ devices ____ security updates?
 ____ do we ____ critical system ____ are installed ____ device?
 ____ are steps to ____ network ____ patched.

____ can I ____ sure that every ____ up ____ network ____ patched?
 ____ there ____ that all our ____ devices have received ____ updates?
 ____ are ____ best ____ deploy essential ____ updates on connected ____?
 What ____ can ____ to confirm that crucial security ____ each device ____?
 ____ recommend steps to make ____ don't miss ____ security ____?
 How do we ____ up to ____ with security ____?
 ____ can ____ ensure the ____ of ____?
 How do we make ____ our ____ security ____?
 ____ confirm ____ every device in ____ and applied vital ____ patches?
 ____ can ____ be ____ the installation of critical ____ on ____ network ____?
 ____ should network ____ be ____ to have ____ security ____?
 What steps should ____ taken to ____ all ____ have ____ security ____?
 How can ____ all devices ____ network ____ and apply security ____?
 How ____ make ____ the ____ of vital ____?
 ____ you ____ essential security updates ____ every ____ device?
 ____ we ____ our ____ security updates?
 How ____ security ____ get ____ network devices?
 ____ can ____ quickly ____ protection updates for ____ devices?
 How ____ we ____ that all ____ receive ____ needed security ____?
 What can we ____ to ____ that ____ updates ____ applied ____ across ____ devices?
 ____ do we make ____ all the devices on ____ patches?
 ____ you please tell us ____ to make sure ____ updated ____ patches?
 How do ____ properly install ____ system ____ device?
 How ____ determine ____ all connected equipment has ____ fixes?
 ____ be done ____ sure that ____ device in ____ gets necessary ____?
 There ____ for ensuring network ____ patches.
 ____ us ____ necessary ____ for guaranteeing all ____ on ____ network ____ and ____ essential security patches?
 We must make ____ that vital ____ patches ____ network.
 What are the ____ we ____ make sure ____ on the network ____?
 ____ should ____ done ____ certain ____ device in ____ is patched?
 What can we do ____ ensure ____ updates ____ are applied evenly ____ our ____?
 Which procedures ____ be ____ the ____ of ____ updates across ____ devices?
 ____ do ____ ensure network ____ up ____ date?
 What ____ the ____ to ____ sure ____ network devices have ____?
 ____ we ensure ____ installation ____ security patches?
 ____ we ____ every device ____ our network received security ____?
 How ____ we make sure ____ on each ____ device?
 Is there ____ way to ____ of our ____ gadgets ____?
 ____ make sure ____ vital ____ patches ____ the network.
 How can we ____ sure critical system ____ are ____ on ____?
 Ensuring ____ connections ____ security ____?
 ____ steps to ____ our devices ____ miss ____ security patches?
 Are ____ any ____ we should ____ make ____ securities ____ up to date?
 How ____ vital protection ____ be ____ on ____?
 ____ steps we ____ to make sure ____ of ____ network devices ____ patched?
 There ____ to confirm patch ____ our ____.
 ____ there any advice ____ getting ____ with security ____ quickly?
 ____ is the best way ____ confirm ____ our network ____ a ____ patch?
 ____ to ____ protection updates on our devices.
 ____ confirm that all ____ have gotten essential security updates?

How can _____ make sure _____ necessary security _____?

Do _____ there is a way to _____ that all _____ updates?

_____ do we _____ surecritical _____ updates _____ installed _____ devices?

_____ a _____ of _____ ensure timely application of _____ patches.

Can _____ us how to _____ our gadgets have _____?

_____ we make _____ all device _____ are up to _____?

I would like _____ know _____ to _____ that _____ devices _____ network are _____ patches.

Can _____ us how _____ our devices _____ updated with necessary security _____?

_____ needed _____ the _____ of _____ patches?

How do we make _____ the _____ security _____?

_____ make sure that _____ device in _____ network _____ received _____ security _____?

How _____ we _____ security _____ reach each _____?

_____ we ensure _____ patches by various network _____?

_____ are _____ for _____ that _____ devices receive _____.

_____ you tell me how _____ gadgets have _____?

Can you suggest _____ to confirm _____ of our devices _____ security _____?

How _____ you _____ installation _____ vital _____?

_____ make _____ on our network receive security _____?

_____ you suggest a _____ us to confirm _____ devices _____ essential _____ updates?

_____ are measures _____ confirm _____ each device?

Do you _____ recommendations on _____ patches are _____?

Is _____ any _____ all devices _____ security patches?

Is _____ a specific _____ distribution _____ of _____ system _____ among connected entities?

_____ done _____ make sure every device in our _____?

Can _____ make sure our devices _____ installed _____ updates?

_____ there _____ sure all devices _____ security updates?

_____ can security patches _____ all network devices _____?

_____ should _____ done _____ ensure _____ every _____ in _____ network _____ necessary security _____?

What should be _____ make sure all _____ the _____ have _____ recommended security _____?

_____ are we supposed to _____ critical patches _____ on our _____?

How do _____ make sure _____ get _____ updates?

Is _____ any advice _____ every device with _____?

_____ you tell _____ how to _____ if _____ gets a _____?

_____ measures should we _____ to _____ sure that every device _____ received _____?

How _____ make sure _____ on _____ network _____ patches?

What _____ do to _____ that crucial _____ patches _____ every device _____?

_____ can I make _____ that _____ network devices _____ date?

Is _____ to make _____ gadgets on my _____ are _____ up?

Is there a _____ sure _____ safety _____ installed on _____ gadgets?

How do _____ network devices are protected?

Is _____ a list _____ suggestions _____ to install _____ network?

I want _____ make sure _____ on my _____ patched _____.

How can we _____ have the right security _____?

How _____ patches reach _____ networks?

_____ want _____ know how to make sure _____ installed _____ devices.

How _____ make _____ network devices get appropriate _____?

How _____ we make sure _____ network devices _____?

_____ make _____ critical patches are _____ on our _____ devices?

How _____ ensure the _____ patches _____ devices?

Guidelines for _____ by network _____?

_____ should be _____ make _____ every _____ in our network _____ the _____ patches?

_____ should _____ system updates be installed on every _____?

_____ is the _____ way _____ that _____ on the _____ have the necessary security _____?

Is _____ you can do to ensure that _____ our _____ with security _____?

_____ should _____ to confirm that _____ device _____ received _____ security patches?

How _____ we make sure _____ patches _____ network devices?

Measures to verify _____ each _____ in the _____?

Is _____ way to _____ safety _____ have been installed _____ our _____?

_____ know how to _____ that all devices _____ our network are updated _____ patches.

How _____ make sure _____ the _____ to my _____ are _____?

_____ steps can we _____ to ensure _____ critical _____?

_____ sure critical system _____ are _____ on _____ the network devices?

Are there any _____ to ensure device securities are _____?

How can _____ updated with required _____ patches?

Are _____ able _____ tell _____ how to ensure security _____?

_____ do _____ make sure _____ all devices _____ the _____?

How _____ make _____ we _____ security _____ network devices?

_____ are _____ best methods _____ deploy security _____ connected _____?

_____ tell us _____ make sure _____ safety _____ on our _____ work?

_____ to make sure _____ in our _____ are _____ with security _____.

Did you know how to make sure _____ on _____?

_____ patching all _____ devices properly?

_____ we deploy security _____ every connected _____?

All _____ in our network _____ be updated _____.

Can _____ a way to _____ devices have received _____ updates?

Are _____ any _____ that you _____ to _____ device _____?

_____ can _____ devices _____ our network get _____ updates?

_____ are _____ steps _____ can take _____ sure every _____ in our _____ the recommended security _____?

_____ that all _____ devices have _____ necessary _____.

Are _____ able _____ tell us what _____ to _____ if every _____ patch _____?

_____ can I _____ the _____ network are patched?

Did _____ how _____ might confirm _____ our _____ gadgets were braced _____ with _____?

How should _____ the _____ of critical _____ on _____ devices?

_____ can we do to _____ provide enhanced _____ for our _____ devices?

Can you tell _____ how _____ check _____ updates _____ devices?

_____ need _____ how _____ every device _____ security patches quickly.

How _____ make sure security _____ applied _____ network _____?

_____ can we _____ that vital software updates _____ network devices?

_____ can we _____ sure we have essential _____ on _____?

_____ are _____ to take _____ properly patch _____ network devices.

How do _____ critical system updates _____?

_____ the best _____ to _____ network _____ have the _____ security _____?

How can _____ sure _____ network _____ get _____ patches?

There _____ we _____ ensure the installation of _____ patches.

_____ we _____ sure all _____ updated?

_____ way _____ make sure _____ been installed on every device?

How to make sure _____ devices _____ the _____?

_____ if we should check _____ every _____ undergoes a _____?

_____ need _____ know how _____ sure _____ updates _____ installed across my _____.

_____ are guidelines for _____ the installation _____ security _____ network _____.

What actions ____ we ____ order to confirm that important ____ reach ____ our ____?

How ____ we ____ sure ____ necessary security updates?

____ I make sure security ____ all network ____?

How do we make sure ____ updates?

How do ____ all the devices ____ security ____?

____ you ____ suggestions ____ how to install ____ patches ____ network?

What ____ the ____ that ____ be taken to ____ sure ____ network ____ protected?

____ actions should we ____ that crucial ____ reach ____ device?

How ____ we ____ certain ____ devices ____ required ____ updates?

We ____ to know how ____ make sure ____ patches ____ installed ____ .

____ steps ____ to ensure ____ network devices have the ____ updates?

How can ____ all devices get ____?

Do they ____ any ____ to ____ our ____ don't miss ____ security ____?

How ____ the ____ application of security ____?

____ should take steps to ____ sure ____ up-to-date.

____ to ensure ____ vital patches?

How ____ we make ____ our ____ get ____?

____ steps should ____ to ____ within the network receive ____ security updates?

____ can ____ that vital software updates ____ evenly across our ____?

How can we ____ sure ____ installation of critical ____?

What should we do ____ make ____ in ____ network is ____?

____ do we ____ critical ____ updates are installed properly ____?

____ you ____ to ____ essential ____ patches for our network?

____ be ____ for installing ____ patches ____ various network devices?

How can ____ sure security ____ device?

____ there ____ all devices ____ with security patches?

____ you ____ way to verify that ____ devices have ____ security ____?

____ can ____ make ____ all ____ devices on ____ network are ____?

Does ____ know the steps we ____ to ____ devices?

____ to make sure ____ network ____ the security patches ____?

____ do you ____ sure security ____ applied ____ network devices?

Is ____ to ____ that all ____ have received essential security ____.

____ us the steps we need to ____ to ____ all ____ the network ____ security ____?

The steps ____ network ____ receive ____.

____ make sure all ____ are ____?

How can ____ sure network devices ____ updates?

____ do we ____ essential ____ updates ____ our ____?

____ do ____ critical system updates are properly ____ network ____?

Is ____ a ____ make ____ all gadgets ____ my ____ are ____ up?

Can ____ tell me how to make ____ updates?

Do you know ____ to ____ connected ____ undergone ____ installations?

How can ____ make ____ that ____ up-to-date?

Do ____ have ____ on how ____ patches ____ the entire network?

How ____ make ____ patches are ____ all the devices?

Is ____ way ____ guarantee the ____ safety patches ____ our network ____?

____ their ____ steps taken ____ sure ____ miss any security patches?

What steps ____ make sure all ____ in our ____ necessary ____ patches?

____ should we ____ the installation of ____ on ____?

Please ____ us how to make sure ____ safety ____ are ____.

How can ____ that ____ patches ____ installed on ____ network ____?

Can you _____ how to make _____ patches are _____ the _____?

How can _____ make _____ distribution and _____ of crucial _____ done?

What are _____ measures you _____ make sure _____ in _____ network received _____?

_____ is the _____ update every single device _____ security patches?

What is the _____ to get _____ with necessary _____?

_____ be _____ make sure all devices _____ our _____ have _____ recommended _____ updates?

Can you _____ me _____ to _____ updates _____ devices?

_____ should _____ taken to make sure all of the devices _____ recommended _____ updates?

_____ be taken _____ sure every _____ in our network _____ the _____ updates?

_____ do _____ our network _____ get _____ latest security updates?

Is _____ advice for getting every _____ updated _____?

How can _____ all network devices _____ security _____?

Are there specific actions _____ taken _____ of crucial system patching?

_____ have any suggestions for _____ if _____ security patch _____?

_____ you tell us _____ every _____ has a _____ patch installed?

How to _____ sure _____ network _____ security updates?

_____ want to _____ make sure security updates _____ installed across _____.

How _____ get _____ device to be _____ with _____ required _____?

_____ can _____ ensure the installation of _____ various network _____?

_____ tell me how we ensure _____ the security _____?

Are there _____ strategies that could be used to verify _____ and _____ crucial _____?

_____ important protection _____ on our _____?

_____ devices need to _____.

Can _____ a _____ for _____ to _____ that _____ our _____ have _____ security updates?

The _____ need _____ be installed _____ all _____ on the _____.

How _____ make _____ that _____ the _____ on _____ network _____ patched?

How to make sure _____?

_____ can _____ network devices are up _____ date?

What actions _____ take to _____ sure _____ every _____ in _____ vital _____ patches?

What _____ the best _____ make sure every _____ the network _____ security _____?

I would _____ how to _____ security _____ for our _____.

Is there _____ to _____ sure _____ patched up for security?

How _____ be _____ to _____ network devices in _____ manner?

There are _____ that need _____ taken _____ network devices

Is it _____ to _____ all devices _____ network install _____ security _____?

_____ we make _____ devices _____ and install the _____ security _____?

_____ there _____ actions _____ taken _____ verify _____ distribution and application of _____ system _____ among connected _____?

_____ you _____ me _____ guarantee that all _____ get those security _____?

Is _____ a way _____ confirm _____ all _____ devices have _____ updates?

How _____ we _____ sure _____ network _____ the security patches?

_____ we _____ that every device within our _____ received and _____ recommended _____?

How _____ assure that _____ my _____ those security _____?

Can you _____ tell us _____ to ensure _____ devices in _____ security patches?

_____ we do _____ sure that every device _____ network received _____ patch?

Can _____ how _____ be sure that _____ get _____ security fixes?

_____ can _____ make sure _____ are installed _____ our networks?

What _____ we do to confirm _____ every _____ received _____ patches?

_____ can you _____ security _____ on _____ connected _____?

How can _____ be sure _____ device _____ my _____ patched?

_____ are _____ to take to patch _____ devices.

____ can ____ make ____ installation ____ patches?
 ____ make sure that critical ____ are ____ on every network ____?
 ____ can ____ deploy essential ____ updates ____ every ____?
 ____ you ____ recommendations ____ how ____ make ____ patches are ____ across ____ entire ____?
 How ____ get ____ to ____ updated with security patches?
 ____ should critical ____ installed ____ networks?
 How ____ we ____ fixes reach each device?
 Do you have ____ how ____ install needed ____?
 ____ do ____ make ____ device ____ are up-to-date?
 ____ tell me ____ guarantee all my gadgets get ____?
 How to ____ get ____ everyone?
 ____ you ____ a ____ what patches ____ across the network?
 ____ steps should ____ take to ____ updates?
 Can we make sure device ____ our ____?
 Is there a way ____ make sure ____ devices ____?
 What ____ can ____ confirm that ____ reaching ____ device in our network?
 How ____ we put essential ____ updates ____?
 ____ making ____ network devices ____ patched.
 What actions should we take ____ confirm ____ patches ____ every ____ our ____?
 ____ is recommended to verify if ____ have undergone ____.
 What are ____ steps to make ____ all ____ on our ____?
 Is there ____ guaranteeing all ____ our network ____ apply essential ____ patches?
 There are ____ for ensuring ____ are installed on ____.
 ____ a ____ make sure ____ the necessary ____ updates have ____ on ____ devices?
 How to ____ security ____ are installed ____ devices?
 ____ actions ____ we take ____ order to confirm ____ critical ____ each device ____ our ____?
 ____ should security ____ be put ____ connected ____?
 There ____ steps that need ____ be taken for ____.
 What ____ the steps ____ make ____ network ____ have the ____?
 How do we ____ get the ____ we need?
 ____ do you make sure the ____ all ____?
 ____ recommend actions to ____ if ____ has ____ patch installed?
 ____ our network ____ get ____ updates?
 ____ I get every single ____ be ____ required ____ patches?
 Do you have any suggestions for ____ to ____?
 ____ we make ____ critical updates ____ on ____ device?
 ____ you tell us how ____ sure that our devices are ____?
 Is there any ____ updating every ____ with the ____?
 ____ sure ____ has security updates?
 ____ show me how to ____ our ____ have ____ updates?
 ____ we ____ to make ____ all devices on the network ____ up to ____?
 What ____ be ____ make ____ that every ____ in our ____ receives the ____?
 Is there ____ getting all ____ updated ____ patches?
 What ____ we do to make ____ devices ____ updates?
 ____ that ____ software ____ providing enhanced ____ are applied ____ across our ____ devices?
 How should ____ every connected device?
 ____ do ____ make sure ____ gadgets get ____ security ____?
 ____ to ensure the installation ____?
 How can we ____ updates ____ installed on ____ devices?
 Let us ____ to ____ patches on our ____ .

____ can we ensure ____ every device within ____ network ____ received ____ ____ ____ ?
 How ____ we ____ get the required security ____ ?
 ____ want to ____ how ____ installed ____ patches on ____ gadgets.
 ____ I ____ security updates ____ installed across ____ devices?
 Is there a ____ to ____ patches ____ the ____ network?
 Is there a ____ to ____ sure ____ necessary ____ been installed on ____ ____ ?
 ____ measures are ____ so ____ every device ____ the ____ is ____ ?
 Can you tell ____ make ____ my gadgets get ____ ?
 Do you have any suggestions ____ to ensure ____ provide ____ ?
 ____ you have recommendations on ____ sure ____ are installed ____ the ____ ?
 ____ patch ____ on ____ devices in the network ____ ?
 ____ do you ____ security ____ applied to all ____ ?
 How ____ we ____ if all ____ received ____ fixes?
 Can ____ tell me ____ required for guaranteeing ____ network receive security ____ ?
 ____ need ____ make sure ____ on my ____ are ____ security.
 What ____ to ____ patch all network ____ correctly?
 I ____ to ____ how to ____ all devices ____ our ____ updated with necessary ____ patches.
 ____ I make sure ____ my network are ____ up?
 Which ____ we use to ____ device ____ our ____ received ____ patches?
 What are the measures ____ to ____ sure ____ network ____ the ____ patches?
 ____ tell us how ____ ensure the installation ____ safety ____ gadgets?
 Is there any ____ device ____ ?
 ____ are taken ____ network devices ____ the required ____ .
 ____ tell ____ how to ____ safety ____ on our gadgets?
 Can you show ____ security updates ____ installed on ____ devices?
 How ____ all ____ on our ____ receive essential security ____ ?
 Can you explain how to make ____ are ____ ?
 The steps ____ to ensure that all devices ____ our ____ have ____ necessary ____ .
 ____ know ____ to make ____ necessary patches ____ across the ____ ?
 How ____ I ____ every ____ updated ____ the ____ security ____ ?
 ____ are the steps to quickly ____ protection ____ on ____ ?
 Which steps should be taken ____ all ____ the ____ security ____ ?
 We ____ to ____ how ____ make sure the ____ patches ____ our ____ .
 ____ I ____ installation of vital ____ ?
 ____ we make ____ the ____ reach our network ____ ?
 Can ____ tell ____ how ____ all ____ gadgets ____ those ____ fixes?
 ____ tell me how ____ updates ____ our devices?
 How should ____ device ____ network gets ____ necessary security patches?
 How ____ ensure ____ of ____ on network devices?
 ____ device on this network ____ what measures are recommended?
 ____ security updates be deployed ____ device?
 How about guaranteeing ____ installed ____ patches ____ network's ____ ?
 ____ sure we patch all ____ devices properly.
 How can we ____ sure ____ all ____ equipment ____ fixes?
 ____ you please ____ how to ____ sure ____ devices ____ are ____ with security patches?
 ____ do you make ____ that every device ____ our network ____ ?
 How can ____ make sure ____ adequate distribution and ____ crucial ____ among ____ entities ____ ?
 What ____ can we take to ____ device on ____ network?
 What should ____ be doing ____ sure ____ security updates?
 How can ____ sure ____ patches are ____ on ____ devices?

How ____ we ____ sure that ____ devices ____ to ____ security?

How ____ deploy essential security ____ connected ____?

____ to ____ network devices get needed ____.

____ we make ____ update are installed on ____ device?

How can ____ every ____ in ____ network has ____ security updates?

How can ____ make ____ our devices ____ the ____ security ____?

How ____ we ____ critical ____ updates are ____ devices?

____ I ____ sure ____ network ____ get the necessary ____?

Is ____ way to ____ that all our ____ updated ____ security updates?

____ can ____ ensure ____ devices have the ____?

____ you know how ____ sure ____ are ____ our network gadgets?

The ____ making sure ____ get ____.

____ guarantee ____ installation of safety ____ on ____ network gadgets?

Is there ____ for getting every device updated ____?

How can I make ____ that ____ required security ____?

____ should we ____ to ____ all network ____ correctly?

How do you ____ updates to ____ connected ____?

Do you have ____ suggestions ____ how to ____ sure ____ the ____?

____ should be ____ to make ____ device in our ____ receives ____?

How ____ we ____ that security ____ timely?

____ be taken to ____ sure all ____ the ____ our ____ are patched?

What ____ should ____ take ____ patch ____ devices?

Can you ____ how to ____ sure ____ have installed ____ patches?

Is there a list ____ have for ____ patches ____?

Can ____ make sure ____ device ____ are ____ our ____?

____ be ____ to ____ sure every ____ our ____ gets ____ security patches?

Is there a way to make sure ____ updates have been ____ to ____?

____ to ____ sure that ____ of our ____ updated ____ security patches.

____ tell us ____ measures are ____ for guaranteeing all ____ our ____ patches?

____ we ____ all ____ securities ____ in our network?

____ can ____ taken to ____ the installation of ____?

____ know how ____ make ____ the safety patches ____ installed?

Can you ____ us ____ to ____ device ____ a patch?

What are ____ steps ____ should ____ to ensure ____ the network ____ patched?

____ are the steps that ____ to make sure ____ of ____ devices ____ up ____?

Should we make ____ our network ____ are ____ with ____?

____ should we ____ the ____ devices?

How do we ____ network ____ necessary ____ updates?

How ____ sure ____ patches are ____ on ____ devices?

____ network devices be made ____ have the ____?

____ be taken for patching all network devices.

How can we ____ sure ____ device?

Is there ____ way to make sure safety ____ have been ____ devices ____?

____ sure that ____ devices on our network ____ the necessary security ____?

____ are taken to ____ sure network devices ____.

____ give us ____ of the ____ measures for ____ all devices ____ our ____ patches?

____ single device ____ with needed security patches?

____ can we ____ the patches ____ the network ____?

What can ____ on our network get ____ updates?

____ suggest a ____ to confirm ____ our devices have ____?

_____ we _____ to confirm that _____ in _____ network received security _____?
 _____ should security patches _____ way _____ all _____ devices?
 How do we _____ critical _____ updates are _____ every _____?
 Can _____ tell me _____ we might _____ our _____ protected?
 _____ do _____ sure all _____ devices have the needed _____?
 Can _____ with _____ required _____ for guaranteeing _____ devices _____ our network to _____ security _____?
 How can _____ make _____ network devices _____ required security _____?
 _____ there a way _____ make sure _____ all our _____ security _____?
 What _____ measures you would recommend _____ confirm _____ every _____ network _____ vital _____ patches?
 How _____ we make _____ fixes _____ reached _____ device?
 _____ it _____ ensure _____ software _____ enhanced security are applied evenly _____ our _____ devices?
 How can we make _____ devices get _____?
 _____ steps to take to _____ network devices _____ security updates?
 _____ are _____ we should _____ all of _____ devices are up _____ date?
 _____ we follow _____ confirm _____ security updates _____ all connected devices?
 Can _____ tell _____ we need to _____ guarantee _____ devices _____ our network receive _____ patches?
 What should we _____ to _____ sure _____ devices _____ security updates?
 What _____ should _____ taken to ensure _____ all devices _____ network _____ been patched?
 How can we _____ essential _____ devices?
 Ensure _____ updates providing enhanced security _____ throughout _____ network devices?
 _____ we _____ sure that _____ updated _____ necessary security patches?
 How _____ make _____ network _____ proper security updates?
 There are security _____ that _____ on every device in _____.
 Guidelines _____ sure _____ patches _____ installed _____ various network _____?
 _____ the steps _____ devices check out for _____ patches?
 Can _____ tell me the _____ that _____ needed for guaranteeing _____ our _____ patches?
 _____ are steps _____ make _____ important security _____ across _____ network.
 Is it possible to _____ the _____ received and applied _____ patches?
 _____ a _____ make _____ that _____ updates have been installed on _____?
 _____ we quickly install crucial _____ our devices?
 _____ can _____ we install the required security _____?
 _____ are essential _____ updates _____ every connected _____?
 How _____ all devices on _____ network install _____ patches?
 The steps _____ make _____ network _____ receive _____.
 _____ for _____ security patches _____ devices?
 _____ can _____ do to make _____ that every device in our _____ has _____?
