

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Equipment troubleshooting and replacement
Inquiry Sub-Category	Equipment Failure
Description	Customers report equipment failures, including DVRs, set-top boxes, and modems, which require replacement or repair.
Data Size	5,200 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

Should data loss _____ recordings/settings between failed/set-upgraded recorders/DVRs/etc _____?

Do _____ think it _____ likely _____ I _____ encounter _____ loss _____ between _____ recorders?

Does _____ loss occur if recordings are _____ recorder _____ one _____ it _____ see potential _____ or corruption of _____ between _____ recorder devices?

Is _____ possible to _____ data _____ when moving _____ malfunctioning/upgraded _____? _____ that _____ could be lost _____ changing to a _____ or _____ DVR?

Do we need _____ expect data losses _____ we _____ recorders to _____? _____ I expect a _____ in _____ when _____ recordings/settings _____ and faulty _____? _____ recordings _____ settings be _____ I _____ a _____ or upgraded DVR? _____ that _____ content will _____ lost _____ you _____ to a new _____ DVR. _____ you think it will _____ for _____ encounter data _____ faulty/upgraded recorders? _____ any data when _____ move my _____ a failing _____ upgraded _____ to _____ newer device?

Will there be any risk _____ to _____ or improved recording _____?

Can it _____ there will be data loss _____ material and _____ old _____ new _____?

Will there _____ loss when _____ between failed/upgraded _____?

Is it _____ that _____ you shift to _____ new or _____ DVR? _____ there _____ data _____ moving recordings between failed/set-upgraded _____ in transition?

Can _____ data loss _____ moving _____ to new _____?

Can _____ data loss _____ we move recordings _____ recorders? _____ it _____ to _____ data _____ while _____ recordings between _____ upgraded recorders?

Can I _____ to lose _____ if I _____ over _____ failed _____?

There _____ a chance _____ data _____ when transferring recordings and _____ from _____ recorder _____ a _____ . _____ loss may _____ recorder/DVR transition.

Do _____ think there _____ be data loss _____ of _____ between _____ upgraded _____? _____ that recorded _____ will _____ lost _____ moving _____ a _____ or upgraded DVR? _____ a _____ of data loss during _____ recordings among _____ video _____ devices.

Is _____ of information _____ media/instrument _____ audio/ video recorders _____ such devices?

Is _____ chance _____ data _____ recordings and _____ between devices during the _____?

How _____ for my recordings to _____ lost _____ faulty/upgraded recorders? _____ me to _____ a _____ when I transition between faulty/upgraded recorders?

Will there be a data _____ between _____?

_____ may be data loss _____ settings from _____ failed _____ a new _____.

Is _____ possible _____ to be _____ a recorder _____ a DVR?

_____ it possible for data _____ transfers of _____ and _____ failed or altered _____?

During transition periods, _____ losses occur _____ recordings _____?

_____ have _____ expect _____ losses _____ the _____ of _____ from faulty/upgraded/crashed recorders/DVRs

_____ it be anticipated _____ there will _____ data _____ transitioning _____ settings _____ old to new _____?

_____ data lose _____ are swapped _____ recorder and an upgraded _____?

Is there any _____ losing data _____ transferring recordings _____ failed _____ upgraded _____?

Can it _____ anticipated _____ and settings will _____ lost _____ transitioning to _____?

There _____ a _____ that _____ content _____ be _____ switch to _____ new or upgraded _____.

How _____ is _____ that _____ will _____ data loss when _____ between _____.

Do _____ need _____ data _____ as _____ recordings/settings _____ faulty/upgraded/crashed recorders/DVRs?

_____ is a _____ that recorded _____ be lost _____ to _____ upgraded DVR.

Do _____ anticipate a _____ in _____ transfer _____ faulty and upgraded recorders?

Should _____ be a _____ of _____ transfer of recordings _____ faulty _____ recorders?

_____ necessary to prepare for data _____ while _____ between _____?

_____ expected data loss _____ transferring recordings between _____?

Would there _____ a _____ loss _____ recordings were moved _____?

_____ my _____ and settings _____ to a _____ or upgraded DVR?

Can _____ lost when _____?

_____ is _____ of _____ content when _____ switch to _____ or upgraded DVR.

I'm not _____ expecting _____ data _____ go poof when I transfer _____ and _____ broken and _____

During _____ periods _____ losses _____ moving recordings/settings _____ failed/set- upgraded _____?

_____ there a _____ of data loss _____ transferring recordings _____ settings _____?

_____ happen when transferring recordings/settings _____ and _____ recorders?

_____ are _____ chances of _____ switch to _____ new recorder _____ upgrade my _____?

_____ don't _____ if _____ data loss _____ changing DVRs _____ equipment.

_____ I _____ data _____ switch recorders or upgrade them?

_____ expect a _____ in data _____ I transfer recordings/settings _____?

Does _____ loss _____ when transferring recordings _____ recorders/etc _____?

_____ it _____ data loss when _____ move recordings among _____?

_____ we anticipate the _____ moving recordings/settings to _____?

Can the _____ loss _____ recording material and settings _____ to _____?

_____ a chance of _____ when transferring _____ and settings _____.

_____ lose data while transferring _____ between _____ recorders?

Will I lose _____ I _____ recordings/settings from _____ failing recorder _____ upgraded _____?

Does _____ loss occur if a _____ swapped _____ a _____ an _____ one?

_____ I _____ to _____ data when _____ from a _____ recorder?

Do we _____ to expect _____ losses when _____ recordings _____ settings _____ newer _____?

Can I _____ to _____ my recorded _____ when I switch from _____?

_____ I lose _____ when _____ move recordings/settings from _____ failing _____ to _____?

There is _____ that recorded content _____ lost _____ switch to a _____ or _____.

_____ you _____ me _____ there is data loss _____?

_____ transferring _____ between failed _____ recorders _____ data _____ expected?

Do _____ know if _____ will _____ loss of data during _____ of recordings/settings _____ or _____?

_____ there a chance of losing _____ when transferring _____ failed devices _____ the _____?

Would _____ be _____ data _____ were _____ between failed/set-upgraded recorders?

_____ you _____ there _____ be any _____ of data _____ or upgraded recorders?

Will there be _____ risk _____ loss _____ transitioning to _____ or _____?

Can it _____ anticipated if _____ recording material _____ transitioned _____ new _____?

Does data _____ occur _____ are swapped _____ recordings _____ upgraded _____?

_____ transition _____ moving recordings/settings _____ DVRs/recorders, _____ losses occur frequently?

_____ we _____ to expect _____ losses _____ we _____ from faulty/upgraded/crashed _____

Is it _____ that _____ will be lost _____ I _____ or upgrade _____ DVR?

Is _____ loss of _____ expected _____ faulty/modified video recording _____ recorders?

_____ possible for my recordings to _____ when I _____ them _____ from _____ failed _____ upgraded _____?

_____ we _____ data _____ recordings/settings to _____ recorders?

_____ we really _____ data _____ when we _____ recordings _____ to upgraded recorders and _____?

Can _____ the _____ of _____ or _____ of data when transferring _____ between _____ recorder devices?

If _____ happens _____ transitioning _____ new equipment, can _____ be anticipated?

_____ transition periods, do losses _____ when _____ failed/set-upgraded _____.

_____ be a _____ when moving _____ between _____ recorders/DVRs?

If _____ loss _____ while _____ to new equipment can it _____ anticipated?

_____ lose all my recordings when _____ from a failed _____ upgraded recorder?

_____ is a chance of lost _____ recordings _____ settings _____ and _____ devices.

Is _____ a _____ data _____ transfer of recordings between faulty or _____ recorders?

_____ think there _____ be data _____ if _____ were _____ failed/set-upgraded recorders?

Is it _____ prepare _____ data _____ shift recordings _____ and upgraded recorders?

Do _____ expect the _____ be lost _____ the recordings _____ or upgraded _____?

_____ risk _____ data loss _____ moving _____ between failed/set-upgraded recorders.

_____ chance that _____ content could be _____ while changing _____ new _____ upgraded _____.

Is _____ really _____ to _____ data _____ when _____ recordings _____ to upgraded _____?

_____ think a data _____ would _____ moving recordings between _____?

Is there _____ chance of _____ loss _____ recordings between _____?

_____ cause data _____ when transitioned to _____?

_____ possible _____ anticipate _____ loss as we _____ new recorders?

Is _____ possible _____ recorded content when _____ a new _____ DVR.

_____ anticipate _____ lost data during _____ transfer of _____ faulty _____ upgraded _____?

_____ the data _____ expected when transferring _____ recorders?

Will there be _____ while _____ recorders or upgrade _____?

_____ know if _____ need _____ prepare for _____ shifting recordings between failed _____ recorders.

Do you know _____ will _____ a _____ of _____ between faulty _____ upgraded recorders?

_____ likely _____ will encounter data loss while _____ faulty/upgraded _____?

Can we _____ while moving recordings/settings _____ faulty/upgraded _____?

_____ I _____ my _____ to _____ upgraded DVR, _____ I lose _____ settings _____ recordings?

Is _____ a way to anticipate _____ data _____ recorders _____ a new _____?

Is _____ likely _____ recordings/settings will _____ when transitioning _____ malfunctioning _____ to _____ new _____?

Data _____ is possible _____ failed _____ and an upgraded one.

_____ there _____ a data _____ while transitioning recorded material to new _____?

Do _____ really have to _____ when transferring _____ and upgraded recorders?

Will _____ be a _____ if _____ moved between _____ recorders/DVRs?

_____ it possible _____ anticipate _____ loss while moving _____ among _____?

If recordings are _____ a _____ an _____ will data be _____?

_____ there be _____ loss when _____ settings from _____?

_____ a _____ of data loss during _____ transfer _____ recordings _____ malfunctioning/replaced _____ recording _____?

Do _____ need _____ data losses when _____ from faulty/upgraded/crashed recorders _____?

Do _____ really have _____ expect data _____ when _____ and _____ upgraded _____ and _____?

Is _____ during transfer _____ faulty/modified video _____ expected?

_____ get lost _____ moving between _____

_____ possible for data _____ lose _____ transferring _____ from failed _____?
 _____ moving _____ among _____ during changeover, can we _____ data _____?
 In recorder/DVR _____ does _____?
 _____ I expect _____ to be lost _____ I _____ them over _____ a _____ or _____?
 Does _____ when _____ recordings/settings _____ failed _____ set-upgraded recorders?
 _____ it _____ to _____ data _____ while _____ to DVRs?
 Will _____ be _____ corruption of _____ when transferring _____ failed/updated _____ devices?
 Do you _____ a _____ data when the _____ are _____ between _____ recorders?
 _____ is a _____ of _____ moving _____ across failed/set-upgraded _____.
 _____ anticipate potential deletions _____ of _____ failed and updated recorder devices?
 Can _____ expect _____ in data _____ recordings between upgraded _____?
 Do _____ occur _____ the _____ transitions?
 _____ we _____ to _____ data losses _____ transferring recordings/settings _____ faulty/upgraded/crashed _____.
 Can _____ anticipate _____ the _____ of settings/recordings when we _____ or upgrade to _____ newer _____?
 _____ likely _____ it _____ me _____ experience data loss _____ between _____ recorders?
 Is there a risk _____ when _____ between _____ and set-upgraded _____?
 _____ transition periods, _____ happen when moving _____ across _____?
 Is _____ possible _____ I _____ my recordings when I _____ them _____ a new _____?
 _____ be aware _____ deletions _____ corruption _____ data when transferring _____ failed/updated recorder _____?
 _____ it _____ that _____ occur when transferring _____ from _____ recorders?
 When _____ between failed/set-upgraded recorders, should _____ be _____?
 _____ it _____ the recordings and settings _____ recorders _____ lost?
 Is _____ likely that _____ between failed/set-upgraded _____ will be _____?
 Do _____ need to _____ data losses as we _____ recordings _____ recorders _____?
 _____ can _____ when moving _____ across _____ DVRs/recorders.
 Can _____ expect a loss _____ transferring recordings/settings _____?
 Will there _____ any chance _____ loss when _____ to new _____ equipment?
 When moving _____ DVRs/recorders, do losses occur _____?
 _____ expects _____ the transfer of _____ malfunctioning/relocated recorders/digital video recording devices _____ conversion periods
 _____ possible _____ data loss when _____ failed/set-upgraded recorders?
 Would _____ occur when moving recordings between _____?
 Can _____ anticipate _____ loss _____ moving _____ a _____ recorder?
 How likely _____ I _____ experience data _____ while transitioning _____ recorders?
 Is _____ loss _____ in _____ transitions?
 Is it _____ to be _____ when transitioning _____ to a newer _____?
 _____ lost when I move my recordings/settings _____ failing _____ an _____ one?
 _____ possible _____ recordings _____ be _____ when _____ to a new or upgraded DVR?
 Is _____ possible _____ will _____ recordings _____ when _____ to a new _____ DVR?
 How _____ me to _____ loss while changing recorders?
 Is _____ for _____ to be lost when _____ recordings _____ settings _____ to failed _____?
 Can _____ anticipated if there is data _____ while transitioning _____ material _____ old _____ new _____?
 _____ lose data _____ I _____ my _____ from _____ recorder to an upgraded _____?
 Does data _____ happen if _____ are swapped _____ failed _____ a _____?
 During _____ periods, do _____ occur when _____ across _____ DVRs/recorders?
 Does data _____ occur if _____ are _____ failed _____ upgraded _____?
 _____ is it that _____ will experience data _____ I _____ faulty _____ upgraded _____?
 _____ possible to _____ loss when _____ to new/recalled recorders or _____?
 _____ is _____ me to lose _____ data _____ switch recorders/DVRs?
 _____ it that I _____ lose _____ when I switch _____ recorders/DVRs?
 I wonder _____ expect _____ while changing _____ or recording _____.

____ there a ____ when transferring recordings ____ settings from ____ failed/set-upgraded recorder ____ new one?

Is ____ loss ____ and settings ____ to ____ or altered recorders?

Is it likely ____ be ____ when ____ a ____ recorder to an ____ one?

____ you ____ a ____ lost ____ when transferring ____ and settings ____ failed devices?

____ be ____ data ____ are moved between failed/set-upgraded recorders/DVRs?

____ transition ____ losses ____ moving recordings across ____ DVRs/recorders?

Do you ____ moving ____ stuff ____ updated recorders ____ cause the ____ disappear?

Is it ____ that ____ loss occurs when ____ failed ____?

____ the chance ____ my ____ I ____ to a new recorder?

How likely ____ it that ____ my data ____ switch between ____?

____ data loss while moving ____ and ____ among ____ recorders?

____ I ____ data loss when ____?

____ lose data ____ move ____ recordings from ____ failing or ____ a newer one?

____ moving ____ between failed/set-upgraded ____ would ____ a ____ loss?

What ____ chances ____ I will ____ recordings/settings when I switch ____ recorder ____ my DVR?

There is ____ that recordings and ____ will ____ lost ____ between _____.

Do you ____ will ____ data in the ____ of recordings between ____ recorders?

Do you ____ there would be ____ loss ____ between ____?

Will there ____ risk ____ data loss ____ to new ____ recording ____?

____ transitioning and transferring ____ failed/updated ____ can ____ anticipate potential deletions ____ data?

During ____ losses ____ when ____ recordings/settings across failed/set ____ DVRs/recorders?

____ any risk ____ loss when ____ over ____ a ____ or improved recorder?

How likely is ____ for ____ data loss ____ I switch ____?

Do ____ think that there ____ loss of data during ____ transfer ____ recordings/settings ____ upgraded ____?

Is it ____ loss while moving ____ faulty recorders?

____ it ____ recordings to be lost ____ transitioning ____ recorder to ____ new ____?

____ data ____ occur if recordings are swapped ____ a ____ recorder?

Will ____ possible for ____ to occur ____ recorded ____ new equipment?

____ it possible ____ potential ____ or corruption of ____ when ____ recordings/settings ____ devices?

Is it likely ____ recordings ____ when transitioning ____ malfunctioning/updated recorder ____ one?

Can I ____ a loss ____ data when I ____ recorder?

Will ____ if I move my recordings/settings from ____ failed recorder ____?

Will ____ a ____ of ____ when ____ to new or improved recorders ____?

____ are the chances ____ recordings/settings ____ switch to ____ new ____ upgrade my ____?

When ____ failed/upgraded DVRs/recorders, ____ losses ____ frequently?

____ I expect a ____ when ____ recordings/settings between upgraded ____ faulty ____?

____ risk ____ when recordings are moved between ____ recorders/DVRs?

Do you ____ data loss ____ between faulty ____ upgraded recorders?

Is ____ possible to lose ____ content while ____ to ____ new ____?

During ____ do losses occur ____ between ____ DVRs/recorders?

Can ____ the ____ of deletions ____ corruption ____ transferring recordings/settings among ____ and updated ____ devices?

There is ____ possibility of ____ loss ____ transferring ____ and settings ____ recorder ____ a ____ recorder.

Can ____ be ____ if ____ loss occurs while transitioning ____ material ____ new equipment?

Is the data ____ recordings between ____ and upgraded ____?

____ there ____ of ____ corruption ____ data when ____ recordings/settings ____ failed/updated recorder devices?

____ is a chance ____ data ____ lost ____ transferring recordings ____ between ____ and ____ devices.

____ I ____ to lose ____ recordings when ____ move ____ from a ____ or ____?

____ it ____ that ____ settings ____ be ____ when ____ them between ____ upgraded devices?

____ it ____ anticipate potential ____ loss ____ recorders orUpgrading our ____ DVR?

_____ we _____ to _____ data losses _____ transfer of recordings/settings _____ to
 Is _____ chance of _____ content when changing _____ new or _____?
 Can it _____ data loss occurs while transitioning _____ material _____ to _____?
 Can there be _____ chance _____ recorded content if you switch _____?
 _____ in recorder/DVR transitions
 _____ it necessary _____ to _____ data _____ when transferring _____ from faulty/upgraded/crashed _____
 _____ loss _____ be _____ when _____ settings from failed _____.
 _____ loss could _____ possible _____ transferring _____ from a _____ recorder to _____ one.
 Is it _____ data _____ recordings _____ settings between failed devices?
 Do _____ to expect data _____ when _____ faulty/upgraded/crashed recorders _____ ones?
 _____ a _____ of a data loss _____ or upgrade them?
 Does _____ occur if _____ swapped between _____ failed recorder _____ upgrade?
 Is it _____ to be _____ shifting to a _____ or upgraded _____?
 How _____ is it for _____ I switch _____ recorders?
 _____ anticipate _____ or corruption of data _____ transferring _____ between failed/updated _____?
 _____ I need _____ for data loss _____ failed and upgraded _____?
 _____ we _____ any _____ like the potential for _____ loss when _____ the impact on _____ transfer _____?
 _____ it _____ prepare for _____ loss by _____ recordings _____ failed or _____?
 There is a _____ content _____ changing _____ a new or _____.
 _____ is a _____ data loss when _____ recordings _____ from a failed _____ to _____ upgraded _____.
 Can _____ anticipate _____ as _____ recordings _____ faulty/upgraded recorders?
 _____ any _____ of data _____ when changing _____ new or improved _____?
 _____ is _____ chance that _____ content _____ if you _____ to _____ new _____ upgraded DVR.
 Is _____ possible _____ recordings _____ will _____ when I move _____ new or upgraded DVR?
 Does _____ happen _____ recordings between failed/set-upgraded _____ transition?
 _____ data _____ happen _____ recordings/settings are swapped _____ recorders?
 Is there a way _____ anticipate _____ potential _____ changing _____ upgrading to a _____?
 Can we anticipate challenges _____ the potential for _____ when changing _____ on _____ settings/recordings?
 If _____ loss occurs _____ and settings _____ can it be expected?
 Do we _____ to expect _____ when transferring recordings/settings _____?
 Is _____ anticipate data _____ material and _____ transitioned to new equipment?
 Can I _____ to _____ data _____ between upgraded _____?
 Do I have to _____ when I switch _____?
 _____ data _____ occur _____ recordings/settings are swapped _____ and upgraded _____?
 _____ the loss _____ data _____ while transitioning _____ video recording _____?
 How likely _____ it _____ to _____ data _____ between _____ recorders?
 _____ be a _____ of _____ changing to a new _____?
 Can _____ be anticipated _____ is data loss _____ recording _____ and _____ transitioned _____ equipment?
 Is the _____ between faulty/modified video recording equipment?
 _____ loss _____ possible when _____ and _____ from _____ recorder to _____ upgraded recorder.
 _____ lose data _____ move _____ from _____ failed _____ to a newer device?
 _____ we _____ data losses _____ transferring _____ from faulty/upgraded/crashed _____ better ones?
 _____ anticipate _____ loss while moving _____ to new _____?
 When _____ recordings/settings between _____ recorders, should _____ loss _____?
 _____ losses _____ possible during the _____ of _____ settings _____ failed/alterd recorders.
 Will _____ lose any _____ my recordings/settings _____ a failing _____ to _____ device?
 Is data _____ I switch DVRs _____ equipment?
 _____ be lost _____ the _____ transitions?
 _____ will be _____ loss of _____ during the transfer of _____ between faulty or _____?
 Do _____ prepare _____ while shifting recordings between failed _____ upgraded _____?

Can _____ that data _____ recorded material and _____ to new equipment?

Is there _____ of _____ you shift to a new _____ upgraded _____?

_____ there _____ of data _____ when _____ over _____ new _____ improved _____ and settings?

Do you _____ a loss _____ of recordings between _____ or upgraded _____?

Any _____ losing recorded content _____ changing _____ a _____ upgraded _____?

How likely _____ for me to _____ when _____ faulty/upgraded recorders?

Do you _____ of data during the _____ recordings _____ faulty _____ recorders?

_____ it possible _____ my settings _____ be lost _____ I _____ my _____ to _____ or upgraded _____?

What _____ chances of losing _____ or settings _____ switch _____ new recorder or _____ my _____?

_____ anticipate data _____ when _____ recordings among _____ and upgraded _____?

Is _____ a _____ data loss _____ are moved _____ recorders.

_____ data loss be anticipated _____ the _____ are _____ to _____ equipment?

If _____ potential _____ loss _____ the _____ recordings/filter adjustments among malfunctioning/replaced _____ video _____ devices, they _____

_____ lose _____ I _____ my recordings/settings from a _____ recorder to a _____?

_____ likely _____ it for _____ experience _____ as I _____ between faulty/upgraded _____?

Can _____ a loss of _____ when _____ recordings/settings between _____?

It is _____ data to _____ the _____ of _____ among malfunctioning/replaced _____ recording devices.

Can we anticipate any possible _____ or _____ of _____ failed/updated recorder _____?

_____ transition periods do losses _____ when _____ failed/set-upgraded _____?

_____ data _____ are swapped between failed and _____ ones?

Is there _____ chance of _____ when you change _____ a _____ upgraded _____?

Do you _____ any _____ of _____ the transfer _____ faulty or _____ recorders?

Is _____ data _____ when _____ to new recorders or DVRs?

_____ data loss _____ recordings/settings are swapped _____ a failed _____ upgraded _____

_____ data _____ occur _____ recordings _____ swapped _____ a failed _____ upgraded one?

Do _____ data loss _____ expected _____ transferring recordings between _____?

Can _____ data _____ when moving recordings _____ settings _____ recorders?

_____ can _____ anticipate data loss?

_____ a _____ or corruption of _____ when _____ recordings/settings _____ failed/updated recorder devices?

_____ there a _____ recordings/settings will be _____ when _____ from _____ malfunctioning _____ to _____ newer _____?

_____ think it's possible _____ occur while transitioning recorded _____ settings to new _____?

_____ is _____ chance of _____ recorded _____ when shifting _____ or upgraded _____.

Is _____ to anticipate data _____ during the _____ recorders?

_____ recordings/settings _____ data _____ failed/set-upgraded recorders?

Is _____ possible that _____ of settings/recordings _____ impacted by _____ loss when changing recorders?

_____ any risk of _____ loss _____ changing _____ to _____ new recorder/DVR?

_____ the _____ and settings be _____ when _____ them to _____ or _____ DVR?

_____ the _____ of my recordings being lost when _____ new _____ upgrade _____ DVR?

_____ it _____ to anticipate potential data loss _____ recorders or upgrade _____?

What _____ the chances _____ I _____ to _____ new recorder or _____?

_____ the _____ lost _____ recordings are transferred between _____ DVRs?

Can we anticipate _____ as _____ to new _____?

Will there _____ a risk _____ when _____ to _____ or improved recording _____?

Is it _____ recording/settings will _____ when _____ to _____ recorder?

Will _____ lose _____ data _____ my recordings _____ a failing recorder _____ upgraded _____?

Is _____ possible _____ recordings will disappear when _____?

Do _____ really _____ data loss when transferring recordings and settings _____?

_____ if _____ be _____ of data during the transfer of _____ between _____ recorders?

Will _____ of data during _____ video recording equipment _____?

Do _____ have to _____ data loss _____ recordings and _____ and set _____?

____ data ____ occur when records ____ settings are ____ to failed ____ ____ ?
 Is ____ possible ____ see potential ____ or ____ of data ____ among ____ devices?
 Is it possible to ____ data loss ____ recorders?
 How ____ is it ____ me ____ data when ____ transition ____ faulty/upgraded ____ ?
 Will I ____ I move ____ recordings/settings from ____ to a newer ____ ?
 Can ____ anticipate ____ deletions ____ corruption ____ when moving ____ among failed/updated ____ devices?
 Is ____ necessary ____ prepare ____ when ____ recordings between failed ____ recorders?
 I wonder ____ is ____ transferring recordings and ____ failed recorder to a new ____ .
 Is ____ data will be ____ recordings and ____ between ____ devices?
 ____ is a chance ____ loss ____ recordings and ____ between ____ devices.
 During ____ times, ____ losses ____ when moving ____ across ____ ?
 Can ____ anticipate any ____ with ____ of ____ changing recorders?
 Can I ____ a ____ while transferring recordings/settings ____ upgraded ____ ?
 ____ we ____ while moving recordings/settings among faulty/upgraded ____ ?
 Is it ____ that ____ be ____ when ____ from a ____ recorder to ____ ?
 During ____ do ____ frequently when moving ____ across ____ DVRs/recorders?
 ____ data ____ if ____ are swapped ____ a ____ recorder ____ newer one?
 ____ a ____ of losing ____ if ____ switch to ____ new or ____ DVR?
 If ____ failed ____ is swapped ____ an ____ one, does ____ ?
 ____ likely ____ when ____ from a malfunctioning ____ to a new ____ ?
 ____ we ____ need to ____ data loss ____ and ____ fail and upgrade?
 ____ settings ____ be lost when ____ move to a new ____ DVR?
 Do we need ____ expect to ____ data ____ transfer ____ faulty/upgraded/crashed ____
 Is ____ for me to prepare for ____ loss ____ between ____ recorders?
 Do ____ there will ____ of ____ during the ____ of ____ between faulty ____ upgraded recorders?
 ____ likely that recording/settings ____ from a malfunctioning recorder ____ new one?
 ____ data ____ if recordings are swapped between failed ____ ?
 ____ is the possibility ____ losing ____ content ____ you ____ new or upgraded ____ .
 ____ chance that recorded ____ could ____ you switch to a ____ upgraded ____ ?
 Will my ____ be ____ I ____ failing recorder ____ a newer device?
 During transition ____ occur when moving ____ DVRs/recorders.
 Can ____ a ____ data while transferring ____ between different ____ ?
 When transferring ____ between ____ during transition ____ data ____ expected?
 Is the loss ____ expected while ____ ?
 When ____ shift ____ between ____ upgraded ____ do ____ need ____ prepare for ____ loss?
 ____ we anticipate ____ loss while ____ recordings ____ changeover?
 Do we really have ____ data ____ recordings ____ settings ____ recorders ____ DVRs?
 ____ of ____ when swapping recorded media/instrument adjustments amid malfunctioning/new- ____ audio/video ____ ?
 Is ____ any chance ____ data ____ and settings between failed/set-upgraded ____ ?
 ____ for data ____ lost while transferring ____ upgraded recorders?
 Is it likely ____ lost when transitioning to a ____ ?
 Is data loss ____ during ____ records ____ failed/alterd recorders/DVRs?
 ____ we ____ data loss when we ____ settings between fail and ____ ?
 What are the ____ my recordings and ____ being ____ to a ____ recorder ____ DVR?
 There is a ____ loss when ____ recordings ____ settings ____ failed/set-upgraded ____ .
 ____ we ____ have to expect data ____ recordings and settings ____ one ____ ?
 ____ am ____ if ____ will ____ recordings and settings ____ to a new ____ DVR.
 ____ transitioning between faulty/modified ____ recording ____ is ____ loss ____ data ____ ?
 Will ____ data ____ I move my ____ from ____ failing ____ device to ____ ?

_____ likely during _____ of records _____ on failed/alterd recorders?

_____ to _____ for data loss by changing _____ or upgraded _____?

_____ there a expectation of data loss _____ between _____?

_____ I prepare for _____ data _____ when _____ recorders or _____?

Is it _____ my recordings when _____ move them _____ from _____ recorder?

When _____ across failed/set _____ do losses occur _____?

_____ data _____ be lost when transferring recordings between _____?

Do _____ be lost during _____ transfer of recordings/settings _____ upgraded recorders?

_____ I _____ data if _____ move _____ recordings _____ a _____ or upgraded device _____ device?

_____ is _____ chance _____ recorded content _____ you _____ to _____ or upgraded DVR.

_____ any loss of _____ the transfer _____ recordings _____ or upgraded recorders?

Is it likely that _____ data _____ I transition between _____?

We _____ data _____ when _____ from faulty/upgraded/crashed recorders/DVRs.

_____ we _____ anticipate _____ losses _____ transfer _____ from faulty/upgraded/crashed recorders to _____ ones?

Is loss of _____ expected when swapping _____ amid _____ and such _____?

Should data loss _____ expected _____ transferring _____ between failed _____?

_____ we expect to _____ when _____ move _____ among _____ recorders?

Do I _____ to lose _____ when _____ switch _____ them?

_____ data _____ swapped between a failed one and an upgraded _____?

How likely _____ it _____ data _____ lost _____ between faulty/upgraded recorders?

_____ it likely _____ I will _____ loss _____ between faulty/upgraded _____.

Any chance _____ content while _____ a new or _____?

Is it _____ transfer of _____ could _____ affected by _____ potential _____ when changing _____?

Can _____ there _____ data _____ when transitioning recorded _____ to new equipment?

_____ have to _____ loss _____ moving recordings _____ settings _____ fail and upgrade?

Can we anticipate _____ deletions or _____ of _____ when _____ from _____ recorder _____ new _____?

Is data loss _____ when transferring _____ failed _____?

_____ frequently when _____ recordings/settings across failed/set _____ DVRs/recorders?

How _____ it _____ to lose _____ data _____ I switch _____?

Does data _____ when _____ swapped between _____ and _____ recorders?

How _____ is _____ that I _____ encounter _____ loss _____ moving between _____?

Is it likely _____ to _____ when transitioning _____ a _____ to _____?

Do _____ know _____ there is _____ loss of _____ transfer _____ between faulty _____ upgraded recorders?

Is loss _____ swapping recorded media/instrument _____ malfunctioning _____ recorders and similar _____?

Can _____ loss _____ data when transferring _____ between different _____?

There is a chance of _____ as we _____ our _____ into _____.

Is there _____ that _____ will _____ lost _____ a recorder to _____ device?

Is there a chance of losing _____ transferring recordings _____ settings _____?

If recordings/settings were to be _____ recorders, _____ be _____ loss?

_____ prepare for _____ loss if I switch _____ or _____?

Is _____ when transferring settings _____ failed _____?

Do _____ need _____ expect data _____ when _____ from faulty/upgraded/crashed _____?

Is _____ likely _____ be lost when transitioning from a broken _____?

Will there be _____ of data _____ over _____ recorders _____ settings?

Do _____ need _____ data loss _____ we transfer _____ between recorders?

_____ possible _____ content will be lost while shifting _____ new or _____.

How likely _____ for me to have _____ data _____ between _____ recorders?

_____ transition periods do _____ when moving _____ upgradedd DVRs/recorders?

_____ expect _____ lose _____ recorded _____ moving _____ from a _____ or upgraded recorder?

Is _____ likely _____ be lost _____ transitioning from a _____ DVR?

_____ it possible _____ there _____ or corruption _____ data when _____ recordings/settings among _____ devices?

When transferring recordings/settings _____ failed/ _____ loss be _____?

Will _____ a loss in _____ I _____ recordings/settings _____ upgraded and _____?

Can _____ loss _____ recording material and _____ transitioned from old equipment _____?

While moving _____ new recorders _____ anticipate data _____?

_____ risk _____ data loss when changing over to a _____ device?

Can I _____ my _____ lost _____ I move them _____ from _____ failed _____ recorder?

_____ be a risk of data _____ changing to new _____?

Is it possible that data _____ occur while transitioning _____ from _____ to _____?

_____ there be risk _____ when _____ to a new _____?

_____ we anticipate _____ or _____ of data when _____ recordings _____ recorder devices?

Can _____ anticipate _____ when moving recordings among _____?

When _____ settings are _____ new equipment, can it be _____ that _____ be _____ loss?

Is it possible _____ recordings _____ will _____ move them to a _____ or _____ DVR?

_____ be _____ loss when moving _____ failed/set-upgraded recorders?

Does data _____ occur _____ failed _____ is _____ with _____ upgraded _____?

_____ there a _____ of _____ loss _____ to a _____ recorder?

Is _____ a chance _____ data _____ when moving recordings/settings _____?

Do losses often _____ moving _____ failed/set-upgraded _____?

There is _____ be lost _____ shift to a new or upgraded _____.

Data loss _____ a possibility _____ recordings _____ settings from _____ ones.

Is it possible _____ data to _____ transitioning _____ material _____ settings _____ old _____ equipment?

Will _____ lose data _____ I _____ my recordings from a _____?

_____ chances _____ the recordings/settings being _____ when I _____ new recorder or _____ my DVR?

_____ possible that recorded content will _____ lost _____ to _____ new _____ upgraded _____?

Will _____ be data _____ settings from _____ recorders?

_____ me _____ encounter data loss when _____ transition between _____ recorders?

_____ I _____ my recordings _____ them _____ from a failed _____?

Is _____ of _____ data loss _____ are moved _____ failed/set-upgraded recorders?

_____ there a chance _____ recorded content _____ moving _____ a _____ DVR?

Will I lose _____ move my _____ from a _____ recorder, DVR, _____?

_____ expected during _____ of recordings/filter adjustments _____ malfunctioning/replaced _____ video recording devices throughout conversion _____

_____ have _____ losses _____ transferring recordings/settings from _____ to new ones?

_____ lose _____ moving recordings from _____ recorder to an _____ device?

If _____ transitioning recorded material _____ to new _____ can we _____ it?

Do _____ think a _____ loss _____ occur _____ recordings/settings _____ failed/set-upgraded _____?

Will _____ be data _____ recordings _____ faulty/upgraded recorders?

When _____ from a _____ to a _____ recordings will be _____?

Is _____ possible _____ the _____ of settings/recordings _____ impacted by the _____ data loss _____ recorders?

_____ think there _____ be data _____ if _____ were _____ failed/set-upgraded recorders?

Do _____ be any data lost during _____ transfer _____ recordings _____ or _____ recorders?

_____ loss _____ as recorded material _____ to new equipment, _____ be predicted?

_____ data lost _____ between failed/upgraded _____ expected?

_____ data _____ expected _____ recordings/settings between failed/upgraded recorders?

_____ changeover _____ we _____ data _____ while moving _____?

_____ data loss occurs as _____ of transitioning recorded _____ and _____ can it be _____?

_____ data _____ when transferring _____ failed/upgraded recorders?

_____ it _____ that _____ lose my recordings and settings when _____ move _____ upgraded _____?

_____ be any data lost _____ I move my recordings from _____ device?

Is it _____ data loss when _____ DVRs?

Data loss _____ when transferring recordings/settings _____ failed/set-upgraded _____
 _____ I lose _____ my recordings/settings _____ a _____ or upgraded device _____ one?
 Can _____ expect a _____ in data while _____ upgraded and _____?
 _____ recordings/settings are _____ between _____ and upgraded recorders, _____ data _____?
 _____ is it _____ me _____ data loss _____ transition _____ faulty/upgraded recorders?
 _____ data _____ occur _____ recorder/DVR _____?
 _____ there be a _____ of data _____ and recording _____?
 _____ likely is it that I _____ encounter _____ loss when _____?
 _____ expect to lose _____ during _____ transfer of recordings _____ recorders/digital _____ devices?
 _____ it _____ that I _____ recordings and settings when _____ them _____ a _____ upgraded DVR?
 _____ lost during the transfer _____ recordings _____ recorders/digital video _____ devices _____ conversion _____.
 When _____ to a new _____ my recordings be _____?
 Does data loss _____ recordings/settings are _____ and _____ recorder?
 _____ loss expected _____ transferring recordings/settings between _____ recorders?
 Data loss might be _____ transferring recordings _____ from _____ ones.
 _____ you _____ if recordings _____ swapped between failed and upgraded _____?
 _____ I lose any data when I _____ recordings _____ a failing _____ device _____ device?
 _____ I expect to lose data when I _____?
 Would there be data _____ moved _____ recorders/DVRs?
 Can it _____ if _____ is data _____ transitioning recorded _____ new _____?
 Does data _____ if _____ are _____ between _____ upgraded recorders?
 Do _____ have to _____ while transferring recordings from _____?
 Data _____ can happen while transitioning _____ and _____ from _____ to _____.
 _____ is _____ that I _____ data _____ I transition _____ faulty/upgraded recorders.
 _____ transition periods _____ occur when _____ recordings/settings across _____.
 Is it _____ for _____ content _____ be _____ while _____ to a _____ DVR?
 Will I _____ when _____ my recordings from _____ failing _____ a _____ device?
 Do you _____ data _____ lost during _____ recordings _____ faulty and upgraded _____?
 Will _____ lose _____ I move my recordings _____ failing _____ to _____ device?
 Should _____ prepare for the _____ of _____ data _____ I _____?
 _____ loss _____ if _____ are _____ failed and upgraded recorders?
 _____ any _____ loss while changing _____?
 Is _____ chance _____ losing recorded _____ using a _____ or upgraded _____?
 Do we _____ have to expect data _____ when _____ settings _____ upgrade?
 I don't _____ if _____ my _____ poof _____ I _____ recordings _____ between the broken and _____ recorders
 _____ transferring _____ failed/set-upgraded recorders, should data loss _____?
 _____ be _____ of the possibility of _____ or _____ of data _____ among failed/updated recorder _____?
 _____ transferring recordings and settings _____ failed/set-upgraded _____ to _____ there _____ be _____.
 _____ it normal for my data _____ go _____ I transfer _____ settings between old _____?
 Is _____ likely when transferring _____ and _____ recorders?
 _____ loss happen _____ moving _____ between failed/set-upgraded _____?
 Do _____ need to expect _____ when _____ from faulty/upgraded/crashed _____ to _____?
 Will there _____ data _____ over to a new recorder?
 There _____ a _____ of losing recorded _____ you _____ to _____ or upgraded _____.
 Is _____ possible _____ data loss _____ recordings/settings _____ a new _____?
 _____ if there would _____ a _____ loss when moving _____ recorders?
 Do _____ know if there _____ be _____ of _____ transferred between faulty _____ upgraded recorders?
 Will there be a _____ of _____ when _____ to _____ recorders _____ settings?
 _____ is possible _____ be _____ while shifting to a _____ or _____ DVR.
 Is _____ chance _____ losing recorded content _____ switch to _____ new _____ upgraded _____.

recordings ____ get ____ when ____ between ____

Is ____ possible ____ data ____ when transferring settings ____ a ____ recorder?

____ a ____ of ____ loss when I transfer ____ from ____?

____ recordings and settings ____ when I switch ____ upgraded device?

____ there is a ____ of data ____ when transferring ____ settings ____ failed ____?

____ we have ____ expect data ____ we transfer ____ settings ____ fail ____ upgrade?

____ we really have ____ expect data loss ____ recordings ____ recorders?

Do we ____ have ____ data ____ transferring ____ and settings ____ fail ____ upgraded ____.

Is the data ____ be ____ transfer ____ the ____ equipment?

____ there a risk ____ data ____ transferring recordings ____ to recorder?

____ lost when transferring recordings and settings between ____.

Is ____ a ____ of ____ recordings/settings ____ moved between ____ recorders/DVRs?

Can ____ data ____ while ____ recordings and ____ between faulty/upgraded ____?

Is ____ necessary to ____ for ____ while ____ recordings ____ upgraded recorders.

Is there ____ loss when ____ and settings ____ a ____ a ____ one?

____ of ____ expected ____ adjustments amid malfunctioning audio/video recorders ____ similar devices?

I'm ____ sure ____ expecting my data to go ____ transfer ____ and ____ between ____ or upgraded ____

____ there be ____ of ____ when ____ and settings between failed/set-upgraded ____?

____ we have ____ expect data ____ transferring ____ faulty/upgraded/crashed recorders?

____ I transfer ____ and settings between the ____ and upgraded ____ are you expecting ____?

____ to expect ____ losses in transferring ____ recorders to ____ ones?

Is ____ in recorder ____?

Is ____ a ____ losing ____ if you switch to a ____ upgraded ____?

Will ____ be ____ recordings/settings from a failing recorder to ____ one?

When ____ recordings between ____ in transition, ____ there be ____?

I ____ know if ____ will encounter ____ faulty/upgraded recorders.

During ____ data ____ be ____ when ____ between failed/set-upgraded recorders?

____ we anticipate ____ loss ____ to a ____ recorder?

____ there ____ chance ____ data loss ____ I ____ settings ____ recorders?

____ transferring ____ between ____ recorders/DVRs, should ____ be ____ loss?

____ to expect data ____ we transfer recordings/settings ____ faulty/upgraded/crashed ____?

____ periods, ____ when moving recordings/settings ____ or upgraded DVRs?

Will I ____ data ____ move my recordings/settings ____ a ____ upgraded one?

____ it likely that ____ loss ____ I ____ between faulty/upgraded ____?

____ sure if you're expecting my data to ____ poof ____ I ____ and ____ the ____ recorders

____ loss be expected when ____ recordings/settings ____ failed/upgraded ____?

How ____ it ____ I'll encounter ____ loss when ____ transition ____ recorders/DVRs?

Data may ____ transfer of recordings ____ DVRs

Losing recorded ____ changing ____ a ____ or upgraded ____ is ____.

____ likely that ____ be lost ____ transitioning from ____ to a ____ device?

____ a ____ of ____ loss ____ and settings ____ a failed/upgraded ____ to a new one?

____ expected when transferring recordings/settings between ____ transition?

Will there ____ data ____ when ____ move ____ recorders?

Would there be ____ data loss if ____ are ____?

If data loss ____ while ____ recorded material ____ settings from ____ to ____ equipment, ____?

Is ____ data losses ____ recordings from faulty/upgraded/crashed ____ to ____ ones?

Can we anticipate ____ while moving ____?

Can we ____ the potential ____ loss when changing ____ or ____ impact ____ the transfer ____ settings ____?

Can ____ while ____ recordings/settings during changeover?

____ we ____ the ____ on the ____ of settings and recordings when ____ or ____ our ____?

What is _____ of _____ when _____ switch to _____ new _____ or _____ DVR?
 _____ it possible that _____ be lost _____ is upgraded?
 _____ loss in _____ I transfer recordings/settings between _____ and _____ recorders?
 Is it _____ to _____ data _____ moving recordings _____ recorders?
 Do we _____ to _____ transferring _____ from faulty/upgraded/crashed recorders.
 Will _____ data loss _____ changing over to _____ or improved _____ settings?
 _____ a _____ of _____ recorded content while changing _____ new _____ DVR.
 Is there _____ way _____ anticipate the _____ for data loss _____ changing _____ DVR?
 _____ a _____ loss during the _____ recordings among _____ video recording devices.
 _____ it possible _____ when you swap _____ recorders?
 _____ transition periods, do _____ frequently _____ moving recordings/settings across _____?
 Can _____ get _____ in a _____?
 _____ I _____ data _____ move _____ recordings/settings from _____ failing recorder to _____ better _____?
 Is _____ any chance _____ a _____ in _____ transferring _____ between upgraded _____?
 _____ losses _____ when moving recordings/settings _____ DVRs/recorders?
 _____ data losses _____ during transfers _____ records and _____ failed or _____?
 _____ losing recordings/settings when _____ to _____ new recorder or upgraded DVR?
 _____ it be predicted if there is _____ when _____ material _____ settings from _____ equipment?
 _____ I lose _____ when moving my recordings/settings _____ failing _____?
 _____ data _____ during transfers of records _____ failed or altered _____?
 Is _____ expected _____ swap recorded media/instrument adjustments amid malfunctioning _____ and _____?
 Will _____ be any data lost when I _____ failing _____ to _____ one?
 _____ there _____ risk of _____ loss when changing _____ a _____ improved _____?
 Can there _____ data _____ when recording material _____ are _____ to new _____?
 _____ it likely _____ recordings/settings will _____ when _____ malfunctioning recorder _____ a _____ one?
 Is _____ possible for data _____ between failed/upgraded recorders?
 _____ really have to expect _____ data loss _____ recordings _____ settings between _____?
 _____ we experience lost _____ transitions?
 Is there _____ of _____ the _____ between faulty/modified _____ equipment?
 _____ a _____ of data _____ if _____ switch recorders _____ them?
 Will _____ if I move my _____ failing recorder _____ a newer _____?
 Is _____ possible _____ anticipate _____ loss when _____ faulty/upgraded _____ during changeover?
 _____ a chance of losing _____ when _____ settings between _____.
 _____ it possible _____ data to _____ when transferring _____ and _____ between _____ transition period?
 _____ there a possibility of _____ content when _____ switch to _____ DVR?
 _____ it _____ anticipate possible deletions _____ corruption of _____ when transferring recordings/settings _____?
 What _____ the chances of my recordings _____ to a new _____ upgrade _____ DVR?
 Is it possible _____ transitions from non-working _____ system upgrades?
 _____ loss _____ occur when _____ recordings _____ failed/set-upgraded recorders?
 _____ often when moving recordings/settings _____ failed/set-upgraded DVRs/recorders?
 If _____ switch _____ or upgrade _____ expect data _____?
 Will I lose _____ if _____ to a _____ or _____ DVR?
 _____ data loss _____ while _____ material _____ to new _____ can it _____ anticipated?
 Does data _____ occur _____ and _____ are _____ between _____ and _____ recorders?
 There _____ a _____ of _____ recorded _____ you change _____ or upgraded DVR.
 There _____ that recorded content _____ while moving to _____ upgraded DVR.
 _____ data loss _____ anticipated when transferring _____ from _____?
 When _____ my recordings _____ settings _____ those fancy _____ recorders, are y'all expecting me _____ my _____?
 How likely _____ to _____ loss when _____ switch between faulty _____ recorders?
 During transition periods, _____ losses occur _____ across _____?

_____ there be _____ data loss _____ recordings/settings are _____ between _____ ?
 Can it _____ loss when _____ material is transitioned _____ new equipment?
 _____ data _____ in _____ transitions?
 _____ it _____ anticipate data loss _____ moving _____ new recorders?
 Is it possible _____ my _____ failed _____ updated _____ would _____ the _____ off?
 _____ recorder/DVR transitions is _____ question.
 _____ possible to _____ data when _____ from a _____ recorder _____ a new one?
 _____ that _____ be lost when transitioning from a _____ recorder _____ updated _____ ?
 Is it _____ data _____ lost when _____ from failed _____ .
 Can _____ anticipate data loss _____ moving recordings _____ and _____ ?
 Is _____ to _____ loss while _____ recordings to _____ equipment?
 Is it _____ the data to be _____ settings from _____ recorders _____ new ones?
 Do we _____ to _____ losses when _____ from faulty/upgraded/crashed _____ ones?
 Can we _____ data loss _____ the changeover _____ ?
 _____ any data _____ I _____ and settings from a failing recorder to _____ upgraded _____ ?
 During _____ periods, do losses _____ moving _____ DVRs/recorders.
 If _____ occurs _____ transitioning _____ settings from _____ new equipment, can _____ be expected?
 Does data loss _____ recordings _____ swapped between an _____ and _____ ?
 _____ loss could _____ when transferring _____ from _____ to a new one.
 _____ there any chance of _____ loss in data _____ transferring _____ ?
 _____ we _____ expect the data _____ be _____ we transfer recordings and _____ ?
 _____ likely _____ recordings _____ settings will be _____ when _____ between failed _____ devices?
 Data loss may _____ the _____ .
 Do I need _____ loss when _____ or equipment?
 _____ transition period, are _____ chances _____ recordings and settings?
 If data _____ material _____ settings _____ old recorders to _____ equipment, _____ it be anticipated?
 _____ it _____ settings/recordings _____ be impacted by potential _____ loss when _____ recorders?
 Do we _____ to expect _____ data to _____ transferring recordings _____ settings _____ ?
 Should _____ data loss when _____ recordings/settings _____ recorders?
 Does _____ loss _____ if _____ swapped between _____ failed recorder _____ upgraded _____ ?
 _____ anticipate _____ or corruption of _____ when moving _____ failed/updated recorder _____ ?
 _____ you know _____ there _____ a _____ of data _____ you transfer _____ faulty _____ upgraded recorders?
 Do _____ have _____ loss _____ transferring recordings and settings _____ and DVRs?
 _____ that recordings _____ will be lost _____ transferring _____ failed and set-up _____ ?
 _____ to anticipate _____ loss while _____ recordings and settings _____ recorders?
 _____ data when _____ are _____ between failed/set-upgraded recorders?
 _____ possible to _____ data when transferring recordings and _____ failed/upgraded recorders _____ ?
 _____ it _____ data losses while transferring _____ faulty/upgraded/crashed recorders/DVRs _____
 Is _____ data loss _____ recordings/settings are _____ between _____ and _____ ?
 Will _____ data loss _____ moving recordings/settings between _____ ?
 _____ there an _____ of _____ loss _____ between failed/upgraded recorders?
 _____ it _____ to anticipate data _____ when moving _____ faulty _____ recorders?
 _____ possible to anticipate _____ losses while _____ recordings among _____ ?
 Can we anticipate data _____ when _____ ?
 When transferring _____ recorders, _____ you lose _____ ?
 _____ be predicted _____ while transitioning recorded material _____ new equipment?
 _____ likely is it _____ to _____ loss _____ transition between faulty/upgraded _____ ?
 Is there _____ need _____ prepare for _____ shifting recordings between _____ or _____ ?
 How _____ is _____ that _____ will lose data _____ faulty/upgraded _____ ?
 _____ data _____ occur when _____ transitions?

_____ there a _____ of data _____ if _____ moved _____ failed/set-upgraded _____?
 Is _____ data loss to _____ transitioning _____ material and settings _____ to new _____?
 Is it possible _____ recordings and _____ when I move _____ to an _____?
 Will _____ moving _____ among faulty/upgraded recorders?
 _____ we really _____ data loss _____ transferring _____ and settings _____ recorders?
 _____ it _____ will _____ lost _____ transitioning from a _____ a DVR?
 Is there _____ way _____ anticipate _____ when _____ among faulty/upgraded _____?
 Will _____ of settings/recordings be impacted by the _____ changing _____?
 Is the data _____ lost _____ it is _____ faulty/modified _____ equipment?
 Will _____ be _____ data _____ when moving _____ between _____?
 _____ I _____ settings between _____ broken _____ upgraded recorders, are _____ my data _____ be lost?
 _____ prepare _____ data loss when I shift _____ between failed _____?
 Will _____ lose _____ data when moving my _____ from _____ to _____ upgraded _____?
 _____ among _____ during changeover can _____ anticipate data loss?
 _____ data loss _____ when recording/settings _____ between failed/set-upgraded _____?
 I would like to _____ if I can _____ from failed _____.
 _____ between _____ recorders, should data _____ be expected?
 _____ to prepare _____ data loss _____ I shift recordings between _____ upgraded _____?
 _____ possible _____ to _____ recordings when _____ move them over _____ a _____ recorder?
 Do we _____ expect data losses when _____ recordings/settings _____ faulty/upgraded/crashed _____ to _____?
 _____ there be a _____ loss if _____ were moved _____?
 Do _____ moving recordings/settings _____ DVRs/recorders?
 _____ data _____ occur if _____ are swapped between _____ an upgraded _____?
 _____ transferring recordings and _____ failed/set-upgraded _____ there any _____ of _____ data?
 Does _____ data losses?
 Should I be _____ loss _____ changing recorders?
 Does data _____ transferring _____ between _____ and upgraded _____?
 _____ really have _____ expect _____ loss _____ transfer recordings _____ and set upgraded _____?
 When _____ between failed/set-upgraded recorders, _____ data _____ be _____?
 Does _____ loss _____ if _____ are _____ between failed recorders _____?
 Is it possible _____ expect a _____ in _____ while _____?
 _____ losses are likely _____ of records and settings _____ recorders?
 It _____ that _____ the transfer of recordings/filter adjustments among malfunctioning/replaced recorders/digital video _____
 Will _____ be _____ my _____ from a failing or upgraded recorder to _____ device?
 Is _____ likely _____ will be _____ when _____ broken recorder _____ updated one?
 _____ loss of information expected _____ swap _____ media/instrument _____ malfunctioning/new-generation audio/video recorders _____?
 _____ often when _____ recordings/settings across _____ DVRs/recorders?
 Will I _____ prepare for _____ if _____ recordings between failed or _____?
 Does _____ if _____ between failed and upgraded ones?
 Can _____ potential _____ or corruption _____ data _____ transferring _____ updated recorder devices?
 When _____ recorders, do you lose _____?
 Is _____ possibility of _____ when moving _____ between _____ recorders/DVRs?
 Can _____ expect data _____ when moving _____ among _____ changeover?
 _____ the _____ expected _____ be lost _____ between faulty/modified video _____?
 _____ recorder/DVR transitions _____ loss _____?
 It _____ possible that _____ will be _____ the _____ adjustments among malfunctioning/replaced _____ recording devices.
 Is it possible for _____ when transferring _____ failed/set-upgraded devices?
 _____ to anticipate data loss while moving _____ malfunctioning/upgraded _____?

_____ a chance that _____ will _____ when you switch _____ a new _____ DVR?
 _____ of data _____ when I switch recorders or _____?
 Will there be _____ risk _____ data _____ when _____ over _____ and _____?
 _____ is _____ chance of _____ data _____ transferring _____ and _____ between _____ and _____ devices.
 Will recordings and setting _____ transitioning to _____?
 _____ I _____ data _____ I move _____ recordings/settings _____ a _____ to an _____ device?
 There _____ the possibility of _____ and _____ from failed/set-upgraded _____ to new _____.
 Is there _____ loss _____ recordings/settings between _____ recorders/DVRs?
 Data loss _____ during _____.
 When transferring recordings/settings between failed/upgraded _____ expected?
 Does _____ occur _____ the recorder is swapped _____ failed _____?
 _____ to expect data losses _____ recordings/settings from _____ recorders/DVRs.
 _____ likely is _____ me _____ experience data _____ move between _____ recorders?
 Is it _____ be a loss _____ recordings between upgraded recorders?
 _____ we able _____ anticipate data loss _____ among _____ recorders?
 Can _____ potential _____ data when transferring _____ among failed/updated _____ devices?
 _____ possible that _____ my _____ failed _____ recorders _____ wipe out _____ my data?
 _____ expect data to be _____ I transfer settings from _____?
 _____ loss occurs as _____ result of _____ to new _____ it be _____?
 There _____ possibility _____ recorded content if _____ change to a _____ or _____.
 When transferring recordings/settings between _____ recorders, _____ expected?
 When _____ settings _____ recorders, _____ expect data loss?
 _____ likely _____ records and settings _____ transferred _____ failed or _____ recorders?
 _____ I _____ data _____ I move _____ from a failing _____ to _____ one?
 Is _____ me to _____ data while transferring _____ between upgraded _____?
 Do _____ have _____ expect data loss _____ recordings _____ failed and _____?
 _____ prepare for data _____ when shifting recordings _____ failed _____ upgraded _____?
 Is it possible _____ see the _____ deletions _____ corruption _____ recordings between _____ recorder devices?
 Is _____ a chance _____ losses _____ transfers of _____ and settings _____ recorders?
 Is _____ likely _____ recordings/settings _____ be _____ from a faulty recorder _____ a _____?
 Will there be _____ loss _____ changing _____ new _____ improved recorders?
 _____ possible that _____ will _____ when I move _____ over from a failed or _____?
 _____ there _____ loss if recordings/settings were moved _____ recorders?
 _____ there _____ data loss when _____ recordings and _____ between failed/set-upgraded _____?
 _____ loss _____ information expected when exchanging recorded _____ malfunctioning _____ and such _____?
 Is _____ possible that data loss _____?
 Can I lose _____ transfer settings _____ recorders?
 Is it _____ to _____ and settings _____ failed/set-upgraded devices?
 Can _____ data _____ as we _____ recordings/settings _____ faulty/upgraded _____?
 Do _____ think _____ a loss _____ during _____ transfer between _____ upgraded recorders?
 Is it possible for _____ be _____ when _____ recordings _____ settings _____ failed/upgraded _____ to _____?
 _____ it possible _____ there _____ be data _____ when _____ settings _____ failed _____?
 Is data _____ when transferring recordings/settings _____?
 Can I _____ loss _____ transferring recordings/settings _____ upgraded and malfunctioning _____?
 Is _____ data _____ during the transfer _____ recordings between upgraded _____?
 Do we _____ to expect _____ transfer _____ from faulty/upgraded/crashed recorders/DVRs
 Is _____ data loss when _____ settings from _____ failed recorder _____ one?
 _____ transferring recordings and settings _____ failed _____ is _____ a _____ of losing _____?
 _____ one _____ data _____ of recordings/filter _____ among malfunctioning/replaced recorders/digital _____ recording
 devices throughout _____ periods
 When _____ recordings/settings _____ recorders, should _____ be data _____?

Will _____ data when _____ among _____ recorders during _____?

Can we expect _____ moving _____ faulty/upgraded _____ during changeover?

Do _____ expect _____ when _____ recordings _____ settings to upgraded recorders?

_____ we _____ for _____ loss _____ we change recorders or _____ DVR?

_____ prepare for data loss _____ changing _____ between _____ upgraded _____?

_____ to expect data loss when transferring recordings _____ upgrade _____ and _____?

Does data _____ occur _____?

Will _____ risk of _____ loss when _____ to new _____ recording equipment?

_____ likely _____ it _____ I'll encounter _____ when I transition between _____.

_____ is data loss while _____ from _____ to new _____ can it be anticipated?

_____ there a _____ deletions or _____ data _____ transferring _____ from _____ devices to new ones?

_____ that I can expect _____ loss when I _____ failed _____?

If _____ loss occurs when transitioning _____ from old _____ new equipment, _____ be _____?

What are _____ chances _____ I switch _____ a _____ or _____ my equipment?

_____ have to expect the _____ to be _____ when _____ recordings _____ between _____ and upgrade?

_____ there _____ data loss when moving recordings/settings _____?

When _____ a new or _____ DVR, _____ lose my _____?

If recordings/settings _____ a _____ recorder _____ upgraded _____ will data _____ occur?

_____ occur if _____ are _____ between _____ failed recorder _____ upgrade one?

Is there a _____ data _____ when transferring recordings _____ settings _____ or _____ new ones?

Is _____ a chance _____ when shifting to _____ new _____ upgraded _____?

Can _____ anticipated _____ settings are transitioned to new equipment?

Is _____ possible _____ moving my _____ failed _____ wipe out my data?

Is there _____ when _____ recordings between failed/set-upgraded _____?

Do we need _____ expect _____ losses _____ to other devices?

_____ might _____ during recorder/DVR _____.

_____ be a risk _____ loss when changing _____ improved recorder?

_____ I have _____ for _____ loss while _____ recordings _____ failed _____ recorders?

Can _____ expect _____ loss _____ move recordings _____ recorders?

Do _____ will be any _____ loss _____ transfer _____ between faulty or _____ recorders?

Can I _____ my _____ to _____ I move _____ from a failed or _____ recorder?

Is there _____ of data _____ moving _____ among _____ recorders?

_____ be data _____ moving recordings/settings among faulty/upgraded _____?

_____ are the _____ of losing _____ when _____ change _____ or upgrade _____ DVR?

Do I have to _____ data _____ when _____ recordings _____ upgraded _____?

_____ transition _____ do losses _____ when moving recordings _____ DVRs?

_____ data _____ recordings are transferred between _____ recorders?

There is _____ chance of lost _____ content when _____ to _____.

Is there _____ or _____ of _____ when transferring recordings from _____ devices to _____ ones?

What _____ chances of _____ recordings _____ settings when I switch to a _____ my _____?

_____ have _____ data loss _____ transferring recordings _____ between fail and _____ recorders and DVRs?

Can we anticipate _____ loss when _____ recordings _____?

_____ settings be lost when _____ a _____ or upgraded DVR?

Is _____ risk _____ loss _____ changing recorders and _____?

Can _____ anticipate _____ or _____ of data when transferring _____ recorder devices?

Is _____ data expected _____ lost _____ transfer _____ faulty _____ equipment?

_____ loss _____ when moving recordings between _____?

Can we anticipate data _____ moved _____ faulty/upgraded _____?

Do we _____ data losses _____ transferring _____ from _____ recorders _____ ones?

_____ are the _____ of _____ recordings or settings being _____ switch _____ a _____?

Can we _____ loss when _____ recordings _____ among faulty _____ upgraded _____?

_____ chance _____ loss when moving recordings _____ failed/set-upgraded recorders/DVRs?

Is _____ that _____ will _____ when swapping old/new _____?

How likely _____ it _____ I encounter data _____ I _____ faulty/upgraded _____?

_____ we need _____ expect data _____ when _____ and settings from _____ new _____?

_____ think the _____ be lost _____ the transfer between _____ upgraded _____?

What _____ of losing _____ when _____ switch _____ new recorder or _____ DVR?

Can _____ anticipate _____ loss _____ to new recorders?

_____ it _____ if data _____ occurs _____ transitioning recorded _____ new equipment?

_____ there _____ risk of _____ loss when _____ to new _____?

How _____ is _____ that _____ data _____ when _____ transition between _____ recorders.

_____ will be potential data _____ during the transfer _____ adjustments among malfunctioning/replaced recorders/digital _____

_____ it _____ data to be lost _____ transferring _____ settings from a failed recorder _____?

Do you _____ loss _____ expected _____ transferring recordings/settings _____ recorders?

Is it _____ that _____ can disappear _____?

Do _____ really _____ to expect _____ when _____ recordings and _____ DVRs _____ recorders?

_____ of _____ being lost if I switch to a _____ recorder or _____ my _____?

_____ any _____ loss occur _____ between failed/set-upgraded recorders?

Do I _____ prepare _____ loss _____ changing recordings _____ failed _____ recorders?

Is there _____ data _____ I should _____ recorders?

_____ any _____ occur when moving recordings/settings _____ failed/set-upgraded _____?

Is _____ that recordings/settings _____ be _____ from a _____ recorder?

_____ loss _____ in _____ recorder/DVR transitions?

_____ a chance _____ losing _____ content _____ a new _____ upgraded DVR.

Is it _____ anticipate _____ while moving recordings to _____?

_____ expect _____ during _____ transfer of _____ between faulty and upgraded _____?

Any _____ of losing recorded content _____ new _____ upgraded _____?

_____ we anticipate _____ or corruption _____ when transferring recordings from _____ newer _____?

During transition periods, _____ occur _____ recordings/settings _____ and upgraded DVRs/recorders?

When I _____ and settings _____ broken and upgraded recorders, are _____ my _____ to _____?

_____ it be _____ if _____ occurs _____ recorded material and settings _____ equipment?

When transferring _____ a failed _____ can _____ expect _____?

_____ data _____ occur _____ transferring _____ between _____ recorders?

Is it _____ to _____ in data while transferring _____ between _____?

_____ I expect my recordings _____ I move them _____ from _____ recorder?

_____ data loss _____ transitioning recorded material and settings _____ new equipment, _____ it _____ anticipated?

_____ are the _____ of _____ recordings/settings _____ changeover to _____ or DVR?

Will _____ data _____ moving my _____ from a _____ recorder to _____?

Is _____ a chance _____ data _____ when _____ between failed/set-upgraded _____

How likely _____ that _____ encounter data _____ switch between _____ and upgraded _____?

_____ records get _____ recorder/DVR _____?

_____ transition _____ losses happen frequently when moving _____ failed/upgraded _____?

Is it _____ a _____ in _____ while transferring _____ between _____ recorders?

_____ data _____ occur _____ recorder _____ swapped between failed _____ upgraded?

_____ there _____ data _____ if recordings/settings are moved _____ failed/set-upgraded _____?

_____ we expect data _____ moving _____ among faulty/upgraded _____?

_____ you _____ any data _____ during _____ transfer _____ faulty _____ recorders?

_____ it _____ for _____ to _____ I switch DVRs or _____ equipment?

Is _____ when transferring _____ from _____ recorders?

Is there _____ chance of data _____ the _____ recordings between _____?

____ you think ____ will be ____ data during ____ transfer ____ faulty or upgraded recorders?
 ____ I transfer ____ recorders, can ____ to lose data?
 Can we anticipate ____ when ____ to ____ recorders?
 ____ transferring ____ between failed/upgraded ____ data loss ____?
 Do we ____ data ____ when we ____ from faulty/upgraded/crashed ____ etc?
 Is ____ my ____ will be lost if ____ move them over from a ____?
 ____ lose data if ____ move ____ from a ____ or ____ device?
 ____ be lost ____ I ____ my ____ a ____ to an upgraded one?
 ____ transferring ____ between failed/set-upgraded ____ data loss ____ anticipated?
 How ____ is ____ that ____ encounter ____ loss when ____ switch ____ recorders?
 ____ think ____ occurs in ____ transitions?
 Can recordings ____ lost ____ recorders ____?
 ____ there ____ chance of ____ loss when ____ failed recorders.
 When I ____ and ____ old and ____ are you expecting ____ data ____ be lost?
 ____ it for ____ to ____ I switch between faulty/upgraded recorders/DVRs?
 ____ possible ____ expect ____ loss in data while transferring recordings/settings ____?
 ____ possible ____ content ____ be lost while ____ to ____ or upgraded DVR?
 How likely ____ it ____ to encounter data ____ recorders?
 ____ anticipate ____ or corruption of ____ transferring ____ recorder devices to newer devices?
 ____ there ____ chance that data will ____ the ____ between upgraded DVRs?
 Will ____ be potential deletions or ____ of data ____ recorder ____?
 Is it ____ I'll encounter ____ between faulty/upgraded recorders.
 ____ anticipate ____ data during ____ transfer of ____ between ____ or upgraded recorders?
 ____ be ____ of data loss when ____ to ____ recorder or ____ device?
 ____ possible ____ content ____ be ____ while ____ to ____ new or upgraded DVR.
 Will I ____ if ____ move ____ recordings from a ____ an ____ device?
 ____ I ____ to ____ lost ____ by ____ between failed and ____ recorders?
 Is ____ possible for data to ____ lost ____ a ____ recorder to a ____ one?
 Is ____ data to ____ lost when ____ recorders to new ones?
 Is ____ likely ____ I'll encounter data loss ____ recorders/DVRs?
 When transferring ____ and settings ____ there a ____ of ____?
 Is ____ a ____ of ____ content if you ____ a new ____ upgraded ____?
 ____ data be lost when I ____ my ____ from ____ newer device?
 ____ there be a ____ data ____ I ____ recordings/settings ____ upgraded recorders?
 ____ of ____ expected ____ media/instrument adjustments amid malfunctioning ____ and such devices?
 ____ there ____ risk of data ____ a new ____ or recording ____?
 ____ recorder/DVR transitions ____ loss?
 Do you anticipate a ____ of data ____ the transfer ____ faulty ____?
 ____ I ____ prepared for ____ loss when ____?
 Can ____ data ____ while ____ among faulty/upgraded recorders ____ changeover?
 Is it likely ____ recordings and settings ____ lost ____ they are ____ between ____?
 ____ transfer recordings ____ settings between ____ or upgraded recorders, are you ____ to ____ poof?
 Do we really have ____ data loss ____ and ____ and DVR?
 ____ recordings ____ to be ____ from ____ malfunctioning recorder ____ new one?
 ____ you expect ____ loss ____ recordings/settings between ____ or upgraded recorders?
 ____ anticipate data loss ____ we ____ recordings ____ recorders?
 Can ____ anticipate ____ data ____ moving recordings/settings ____ recorders?
 ____ be any data ____ I ____ recordings/settings from a ____ to an upgraded ____?
 ____ anticipate any issues ____ transfer of ____ when ____ recorders or upgrade to a ____?
 What is ____ chance of ____ being lost ____ switch to ____ new recorder ____ my ____?

Is _____ that I _____ my recordings _____ I move _____ a new _____?

Does data _____ occur when _____ are _____ recorders/DVRs?

Is it _____ loss _____ moving _____ to new recorders?

Can _____ possibility _____ or corruption of data when transferring _____ from failed/updated _____ ones?

Is _____ possible that _____ switched between _____ new recorders?

_____ occur if recordings _____ between a failed recorder and _____?

Is _____ information _____ exchanging _____ media/instrument _____ amid malfunctioning/new- generation _____ such devices?

_____ to expect data losses if _____ recordings _____ faulty/upgraded/crashed recorders to _____?

_____ likely _____ recordings will be _____ when _____ from _____ recorder _____ a new _____?

_____ and settings be lost when _____ them _____ a _____ or upgraded _____?

Is _____ that my recordings _____ be _____ when _____ to a _____ or upgraded _____?

Is the loss of _____ transferring between equipment _____?

What _____ the chances _____ my _____ being lost _____ to _____ new recorder _____ upgrade _____ a _____?

When _____ from _____ recorders _____ ones, could there be data _____?

Is data loss expected when _____ recordings _____?

_____ there _____ any risk _____ data _____ when _____ or improved _____ and settings?

_____ lose any data when _____ my _____ failing recorder to an _____?

_____ likely that _____ loss while transitioning _____ faulty/upgraded recorders/DVRs.

_____ we _____ to expect _____ losses when transferring _____ from _____?

_____ be a _____ loss if _____ are moved _____ failed/set-upgraded _____?

_____ there a _____ of _____ and _____ when transferring between _____?

When _____ between _____ are there likely chances _____ losing data?

Can it be _____ there is data loss _____ transitioning _____ material and _____ old _____?

What are the _____ and settings being lost when _____ to _____ recorder _____ upgrade?

Is _____ possible _____ recordings will _____ lost _____ from _____ malfunctioning _____ a _____ one?

_____ I expect _____ data _____ transferring recordings/settings _____ recorders?

_____ records _____ lost _____ transitions?

_____ there is data _____ while _____ recorded material and settings to _____?

_____ transition _____ losses occur _____ moving recordings/settings across _____ DVRs/recorders?

_____ I prepare for _____ changing _____ or upgrade _____?

_____ moving _____ between failed/set-upgraded _____ be data loss?

_____ it _____ transfer of _____ by the potential loss of _____ when changing recorders?

How _____ data loss will occur _____ I switch _____ recorders/DVRs?

During the transition _____ there likely _____ when _____ recordings _____ settings?

Will _____ lose _____ data _____ move my recordings/settings _____ an upgraded device?

_____ expect _____ loss _____ transferring recordings between _____ recorders?

I'm wondering if _____ recordings _____ will _____ I _____ them _____ a new or upgraded _____.

_____ you _____ data loss occurs _____ transferring _____ between _____?

During _____ periods, do _____ recordings/settings across failed/set-upgraded DVRs/recorders?

_____ likely is _____ for _____ to _____ data loss _____ I _____ faulty/upgraded _____?

_____ anticipate _____ when _____ move _____ among faulty/upgraded recorders?

Will _____ be _____ loss of _____ the transfer of _____ between _____ upgraded _____?

Will _____ be _____ risk _____ you change _____ to new or _____ recorders?

Is data loss _____ transferring _____ from _____?

Will _____ a _____ in data _____ transfer _____ between _____ and _____ recorders?

_____ there _____ of _____ content while _____ to _____ new or upgraded _____?

Is _____ a risk of data _____ when changing _____ recorders?

Is _____ that data _____ occur when _____ settings _____ recorders?

If recordings _____ failed _____ upgraded ones, does _____ loss _____?

Is _____ necessary to prepare for _____ shifting recordings _____ failed _____?

Does ____ data ____ occur when ____ recordings ____ failed/set-upgraded ____?
