

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Service outages and disruptions
Inquiry Sub-Category	Network outages
Description	Customers may contact us to report complete or partial loss of TV service due to network issues, such as cable or satellite signal disruptions, equipment failures, or maintenance.
Data Size	5,083 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

_____ weather _____ and _____ signals frequently _____ our area?
Bad meteorological impact _____ satellite _____
_____ weather a problem for _____?
Yes, _____ interference _____ adverse climate _____ operation.
_____ affecting _____ cable and satellite _____?
Satellite _____ signals are likely _____ weather a _____ of _____.
Do _____ think bad _____ affects _____ satellite _____?
The _____ cable and satellite _____.
_____ think the weather impacts _____ satellite reception?
_____ disrupt cable and satellite _____?
_____ are most _____ impacted by bad weather _____ number _____ times.
_____ weather _____ and satellite reception?
_____ the _____ affect _____ of cable and _____?
Bad _____ can _____ cable _____ providers.
Is bad weather _____ for _____?
There _____ poor _____ with cable and _____.
_____ poor _____ with cable/satellite?
Do the _____ affect _____ around _____?
_____ and _____ most _____ by _____ weather _____ than once a year.
_____ signals get hit by _____ weather?
Satellite _____ cable _____ are _____ to bad _____ of _____ year
Satellite and _____ signals are _____ by bad weather more _____.
_____ it _____ bad _____ that _____ my cable _____ unreliable?
Poor _____ interfere with _____ or _____.
_____ weather affect cable _____ satellite _____?
Do _____ signals _____ the area?
Does _____ TV service nearby _____?
_____ a problem when _____ comes _____ or satellite communications?

_____ weather _____ with _____ satellite signals?
 _____ and cable _____ affected _____ bad _____
 _____ can be thrown off because _____.
 Will weather disrupting _____ and _____?
 Satellite and cable _____ could _____ impacted _____ weather _____ than _____.
 The signals of _____ affected by _____ weather.
 Satellite and _____ prone _____ weather sometimes.
 Is _____ a problem _____ and _____ communication _____ our area?
 Poor _____ the satellite _____?
 _____ lousy _____ affecting _____ and satellite _____?
 Poor conditions _____ interfere _____
 Can _____ affect _____ cable communications?
 Do _____ satellite _____ affected by bad _____?
 _____ weather _____ reception here?
 Satellite signals _____ be impacted _____ a _____ times a year.
 _____ the _____ of bad _____ channels?
 Does _____ weather affect _____ reception?
 _____ weather bad for _____ satellite _____?
 Satellite and cable _____ can _____ weather at times _____.
 Poor conditions _____ cable/satellite.
 _____ atmospheric conditions _____ cable/satellite _____?
 _____ bad weather _____ and _____?
 _____ weather _____ affect satellite _____ cable _____ times.
 Bad weather _____ affect cable _____.
 _____ cable signals may be disrupted more _____ times per month _____.
 _____ cable or satellite signals?
 Will _____ disrupt cable _____ services _____?
 Are _____ affected by the bad _____?
 _____ weather _____ affect _____ satellite.
 How often _____ poor weather _____?
 _____ it _____ atmospheric conditions to _____ cable/satellite _____?
 _____ weather _____ cable _____ satellite signals.
 Poor _____ affect the _____.
 Does bad weather _____ by?
 _____ bad weather affect _____ signal?
 Satellite and _____ most _____ by bad _____ more _____ per month.
 _____ weather a problem _____ and _____?
 Can _____ ruin our _____ satellite _____?
 Is _____ interfering _____ cable?
 Bad meteorological _____ local cable _____ satellite _____ is _____.
 _____ satellite broadcasts _____ by _____ weather?
 Will _____ affect _____ satellite _____ cable _____?
 _____ and _____ are _____ affected _____ bad weather more than _____ in _____.
 _____ and _____ signals _____ disrupted _____ bad weather more _____ once a _____.
 Bad weather _____ affect _____ satellite.
 Sometimes bad _____ cable signals.
 Satellite _____ cable _____ often _____ impacted by _____ weather.
 Is bad weather problematic _____ satellite _____?
 _____ cable _____ satellite _____ usually _____ rough conditions?
 _____ cable _____ are probably _____ bad weather.

Are ____ weather issues ____ to ____ satellite signals?

Is bad ____ concern when it ____ signals?

____ the ____ impact ____ signals?

Satellite and ____ signals can ____ bad ____ at ____ of ____ year.

____ and cable signals ____ bad ____.

____ the ____ of bad ____ channels?

____ weather interfering ____ the ____ of cable and ____?

____ bad ____ a ____ for ____ and ____ communications?

____ and cable ____ likely ____ more than once per year.

Does ____ weather affect ____ from cable ____ satellite?

____ the ____ affect ____ here?

____ and satellite reception here?

____ bad weather affect the ____ satellite ____ our ____?

____ cable ____ by bad ____ more than once every month.

Are bad weather ____ satellite ____?

Is ____ weather ____ with ____?

Satellite and cable ____ likely ____ be ____ by ____ once per month.

Bad ____ likely ____ impact satellite ____ signals.

Bad ____ local cable and ____?

____ bad weather ____ problem when ____ satellite and ____ communications?

____ problem for cable ____ satellite signals?

Are ____ signals of cable and ____ weather?

____ weather always ruin our ____ signals?

____ weather ____ and satellite communications?

____ is ____ it comes to cable ____ signals.

Poor ____ can ____ cable/satellite.

____ disturbed by rough conditions.

Satellite ____ cable signals are ____ likely ____ bad ____ in ____.

Does ____ impact ____ and ____ frequently?

____ and ____ broadcasts ____ likely affected ____ bad ____.

____ the weather ____ cable ____.

Satellite and cable signals ____ by bad ____ more ____ month.

____ does bad weather have ____?

____ and cable signals are ____ affected by ____ than ____.

____ be disrupted by ____ condition.

____ weather ____ satellite signals ____?

____ signals ____ satellite might be affected ____ weather.

Bad meteorological ____ transmissions?

____ satellite signals ____ by poor ____?

____ conditions have an ____ cable/satellite ____ in our ____?

Is bad ____ satellite communication?

____ cable signals ____ affected ____ bad weather ____.

Do ____ think ____ cable ____ communications in our area?

____ may ____ satellite ____ cable signals.

Does ____ affect signals for ____?

____ bad ____ and ____ signals?

Satellite ____ are subject ____ bad ____ often.

____ weather ____ be ____ problem for ____ and ____ signals.

____ and ____ impacted ____ weather more than once ____ month.

____ and ____ our ____ are ____ to bad weather.

Is _____ interference from _____ on _____ link _____?
 _____ weather _____ cable and _____ in the area?
 _____ affect local cable _____ satellite _____.
 _____ weather affect area _____?

Does _____ and _____ reception here?
 _____ local _____ and satellite transmissions is more _____?
 _____ common for _____ disrupt cable and satellite?
 _____ cable _____ satellite signals _____ disturbed by rough _____?

Is _____ cable _____ reception _____ lot?
 _____ effects _____ cable and satellite?
 _____ the signals _____ cable and satellite.
 _____ bad _____ problem when _____ comes to cable _____?

Is _____ weather a problem _____ to satellite _____?
 _____ weather affect reception of _____?

Satellite _____ cable signals _____ susceptible _____ bad _____.
 Does _____ cable _____ Satellite?
 _____ the _____ impacting cable _____ often?
 Satellite _____ are _____ by _____ weather a lot.
 Satellite _____ cable signals _____ likely interrupted _____.

Will _____ disrupt _____ and satellite _____?
 _____ weather _____ and satellite service?
 _____ and _____ can be impacted _____ more than a few _____.

Are satellite _____ by _____?
 Satellite _____ signals are likely _____ bad _____.
 Bad _____ cable _____ satellite
 _____ cable _____ satellite affected _____ weather?

Did bad _____ ruin _____ satellite _____?
 _____ area prone to frequent _____ because _____ weather?

Do _____ cable/satellite?
 _____ bad _____ mess up _____ satellite _____ cable _____?
 _____ the _____ impact cable/satellite _____ our _____?

How _____ does _____ cable and _____?
 _____ and _____ signals are prone _____ be _____ bad _____.
 Satellite and cable _____ bad _____.
 Are cable _____ reception _____ by _____?
 Satellite broadcasts may _____.
 _____ cable signals _____ be _____ by bad _____.
 Bad _____ and cable signals.
 Is bad _____ a _____ Satellite signals?

There _____ bad _____ times _____ the year for _____ and _____.
 Are cable _____ affected _____ bad _____?
 Bad weather _____ disrupt _____.
 Is bad _____ a _____ when _____ to _____?

Is _____ weather a problem _____ it _____ to _____ communications.
 _____ bad weather _____ cable _____ signals?
 _____ bad weather _____ cable _____ reception?
 _____ bad weather may affect the _____ and _____.

Is bad _____ problem for _____ and _____.
 Satellite and _____ impacted by _____ weather more than _____ a _____.
 Satellite and _____ signals _____ hit _____ bad _____.

_____ weather disrupt _____ satellite providers?

Satellite _____ cable signals may _____ disrupted _____ than _____ times _____ bad _____.

Do bad _____ satellites in our _____?

_____ and cable _____ may _____ impacted by bad _____.

_____ cable _____ likely _____ bad weather at _____ a few _____ per month.

Is the _____ cable _____ affected by _____ weather?

_____ bad weather _____ for satellite _____ our area?

Satellite and _____ likely _____ bad weather _____ than once per _____.

_____ there _____ that affects cable _____?

Bad weather _____ signals of cable _____.

Is the cable _____ bad weather?

Does _____ weather affect _____ cable _____?

_____ and cable _____ can be _____ bad weather frequently _____.

Does _____ satellite _____ cable television?

Are cable _____ satellite _____ frequently _____ conditions here?

_____ a problem when _____ comes _____ cable or _____ signals?

Are _____ and _____ signals _____ by _____ weather?

_____ satellite and cable _____ in _____ area, is _____ weather _____ problem?

There is _____ weather when _____ to _____ and _____.

Is _____ likely _____ weather will disrupt _____ and _____?

Does _____ weather affect _____ you?

Satellite and _____ bad weather _____ than once in the _____.

_____ the cable signals _____ by _____ weather _____?

storms _____ affect _____ and _____ where we are.

_____ are _____ to be affected by the _____.

Satellite and cable _____ are _____ weather _____ a year.

_____ weather _____ cable and satellites?

_____ cable signals are _____ more than once a _____.

_____ and _____ networks affected _____ weather?

_____ satellite signals _____ affected by bad _____?

Bad weather _____ affect the reception _____ signals.

Do storms _____ with _____ television _____ where _____ are?

Satellite _____ signals might _____ by _____ weather more than _____ a _____.

Poor _____ cable/satellite?

Are cable _____ disrupted _____ rough conditions?

_____ wonder _____ cable and _____ signals _____ disturbed _____ conditions here.

_____ and _____ signals might be hit _____.

Satellite _____ signals _____ bad weather more _____ a few times _____ month.

Are _____ weather _____ problem when _____ to cable or _____?

Bad weather impact on _____ and _____ is _____?

Does _____ disrupt _____ cable and _____?

Satellite and cable _____ affected _____ weather in our _____.

Will bad _____ disrupt _____ signals?

_____ interfered with regularly by _____?

_____ bad _____ when _____ comes to cable and satellite _____?

Does _____ weather _____ and satellite _____?

_____ weather affect TV _____ region?

Satellite and cable _____ weather.

Do _____ weather affect the signals _____ cable _____?

_____ cable and _____ affected _____ weather?

There is _____ that _____ affect _____ or _____ signals.

Does adverse _____ here?

_____ it comes to _____ satellite communication, _____ bad _____ problem?

_____ weather _____ likely to _____ signals.

Bad _____ cable _____ Satellite.

Do bad weather _____ cable _____?

Does bad weather _____ the performance of _____?

Satellite _____ cable signals _____ be impacted _____ weather _____ in _____ year.

The weather _____ cable _____.

How often does _____ affect the _____?

Satellite and cable signals can be _____ by _____ once _____ course of _____.

_____ and satellite signals _____ by _____ weather?

Do _____ affect _____ cable _____ satellite _____?

_____ weather _____ be _____ problem for _____ and _____ signals.

_____ on local cable _____ transmissions frequent?

_____ bad _____ interfering with _____ signals?

Cable and satellite are _____.

Do you _____ and satellite _____ are _____ conditions?

_____ the _____ problems for _____?

_____ affect TV service _____ often?

Do _____ weather _____ for _____ satellite?

Satellite _____ cable signals _____ by bad _____ than once _____.

_____ storms _____ service _____ we are?

Is bad _____ a problem _____ and _____ signals?

_____ the _____ cable _____ satellite signals?

_____ issue when _____ comes to cable _____ satellite communications?

_____ often _____ weather _____ local _____ satellite reception?

_____ signals can be unreliable during _____ weather _____.

_____ it _____ bad _____ affects _____ and satellite reception?

_____ affect _____ and satellite signals _____?

Satellite and _____ may _____ by _____ more than _____ few _____.

_____ impacted _____ bad weather more than once a _____.

_____ and satellite affected _____ bad _____?

_____ cable _____ susceptible to bad _____ occasionally.

Satellite and _____ might be affected _____ bad _____ than _____.

Will _____ weather have _____ influence _____ here?

Will _____ here _____ and satellite _____?

_____ impact cable _____ satellite signals _____?

Do _____ weather affect cable _____?

_____ often do atmospheric _____ impact _____?

_____ and cable _____ to be affected by bad weather _____ than _____ a month _____.

_____ and cable _____ by _____ weather some times of the _____.

Will bad weather interrupt _____?

Satellite _____ signals _____ be impacted by _____ than _____ few times per _____.

_____ and cable signals are likely to _____ bad weather _____ few _____.

_____ adverse weather affect _____?

Is _____ weather always _____ with our _____ satellite _____?

Is the weather always _____ our _____ signals?

_____ bad _____ disrupt _____ and _____ service?

_____ meteorological _____ on _____ and _____ transmissions most _____ the time?

Is bad _____ a _____ to cable _____ satellite?

Should _____ and satellite reception?

Are poor _____?

Is bad _____ problem _____ comes _____ satellite _____ cable service?

_____ weather impacting _____ and _____ reception.

_____ frequent interference from bad _____?

_____ bad weather _____ problem when _____ comes to _____ channels?

Are _____ satellite negatively _____ by _____?

_____ cable _____ are _____ to bad weather _____ a regular _____.

_____ bad _____ affect our satellite _____ cable _____?

_____ and _____ signals can be affected by bad _____.

_____ weather impact local _____ reception frequently?

_____ weather is _____ affect _____ cable signals.

Are _____ it _____ to cable or satellite _____?

_____ bad weather _____ problem with _____ satellite _____ the area?

_____ the cable _____ signals _____ disturbed _____ rough conditions?

Is _____ bad _____ signals of _____ and cable?

_____ bad _____ affect our _____ and _____?

Satellite and cable _____ likely _____ be _____ bad weather _____ area.

_____ weather impact _____ cable and _____?

_____ weather _____ cable _____ here?

_____ lousy weather ruin cable _____?

The _____ of _____ and satellite _____ affected _____ bad _____.

_____ and cable signals can _____ by _____ more than once _____ month _____.

Bad _____ impact on local _____ and satellite _____.

_____ cable signals could _____ impacted _____.

_____ can be _____ to bad weather.

_____ cable and satellite signals?

_____ cable _____ are _____ to bad _____ in _____ area.

_____ we get _____ weather _____ cable and satellite _____?

_____ weather cause _____ satellite signals to be _____?

Is _____ weather _____ or satellite _____?

_____ negatively affect cable _____ satellite _____?

_____ cable signals _____ likely _____ bad weather a few _____ each _____.

_____ cable signals _____ often impacted _____ weather more than _____.

Is _____ weather a problem with _____ communication _____ area?

Does _____ our cable _____ signals?

Can _____ conditions _____?

Satellite _____ signals are susceptible to _____ weather _____ year.

The weather is _____ satellite reception _____.

Is bad _____ problem when it _____ to _____ cable _____?

There are _____ meteorological _____ cable _____ satellite transmissions.

_____ impacting _____ cable _____ satellite _____ frequently?

Is _____ weather _____ problem for _____ satellite _____?

_____ weather _____ disrupt satellite _____ signals.

_____ the weather _____ impacts local cable _____ satellite _____?

_____ interrupt _____ and satellite?

_____ lousy weather affect cable _____ in this _____?

_____ and satellite signals often _____ conditions here?

_____ signals may _____ susceptible _____ bad weather.

_____ cable _____ satellite signals _____ _____ conditions?
 Satellite and _____ are prone _____ bad _____ at _____.
 Satellite _____ cable _____ can be _____ weather more _____ a _____.
 _____ bad _____ reception in _____ area?
 _____ effect _____ has on the _____?
 _____ bad _____ and _____ signals?
 _____ _____ are subject to _____ changes.
 _____ cable and _____ reception a _____.
 _____ and _____ signals can be disrupted _____ a few _____ weather.
 _____ bad _____ satellite _____ here?
 Is _____ interference _____ bad _____ the cables?
 _____ bad weather a _____ for _____ cable and _____?
 _____ rough _____ and satellite signals?
 _____ meteorological impact on _____ and _____ transmissions?
 Poor _____ satellite television?
 _____ satellite and cable _____ than once in _____ year.
 Is _____ a chance _____ weather _____ disrupt _____ and satellite _____?
 Can _____ local _____ and _____ reception?
 _____ adverse weather affect _____?
 _____ are possibly impacted _____ bad weather.
 Satellite and cable signals _____ affected by bad _____ few _____ in _____.
 Satellite _____ can be impacted _____ than a few _____ annually.
 _____ atmospheric _____ signals in _____ area?
 Are cable _____ satellite signals _____ by _____ around _____?
 _____ our cable and _____ signals?
 Repeated _____ weather _____ satellite.
 Satellite and _____ be impacted _____ weather _____ than _____ time.
 _____ lousy weather _____ cable _____ satellite _____?
 Will weather _____ signal?
 Is lousy _____ affecting cable _____ around _____?
 Sometimes Satellite and _____ signals _____ subject _____.
 _____ and _____ signals _____ affected by bad _____ once per month.
 Is _____ area _____ to _____ interference _____ weather?
 _____ it _____ the _____ weather _____ my cable _____ satellite is _____?
 Do atmospheric conditions _____ in _____.
 _____ and _____ signals can _____ affected more _____ a _____ times by _____.
 Will _____ the cable and _____?
 _____ local cable and satellite _____ frequently?
 Bad meteorological _____ on _____ satellite _____?
 _____ it _____ to cable and _____ is _____ a problem?
 Do _____ interfere _____ conditions where _____?
 _____ weather _____ it _____ to cable and satellite communications
 Satellite and _____ are _____ bad weather more than _____ a _____.
 _____ and satellite _____ by _____ weather?
 _____ satellite carriers affected _____ bad _____?
 _____ and _____ signals _____ likely _____ by _____ more than once _____.
 Satellite and cable _____ to _____ times of _____ year.
 Does _____ weather _____ cable _____?
 Is bad _____ a _____ cable _____ satellite _____?
 _____ bad _____ affect _____ cable and _____?

Satellite _____ signals sometimes _____ hit _____ bad _____.

Can bad _____ cable?

Satellite _____ are _____ to bad weather _____ lot.

Is _____ chance _____ weather will disrupt cable _____ signals?

Is _____ problematic when it _____ and _____ signals?

_____ weather _____ for cable and satellite _____?

_____ many _____ poor weather _____ cable _____?

Is _____ problem with cable and _____ signals?

_____ bad weather _____ cable _____ satellite _____?

Should _____ weather affect _____ nearby _____?

Bad _____ is _____ to impact _____ and _____.

Bad _____ on _____ broadcasts?

_____ and _____ affected _____ weather at least a _____ times _____ year.

_____ bad weather _____ problem when _____ comes _____ signals

_____ adverse weather have _____ affect _____ TV _____?

_____ cable _____ satellite _____ disrupted _____ rough conditions?

_____ bad weather affect _____ signal _____ and satellite?

Satellite _____ cable signals _____ subject to _____ in _____ area.

Is bad weather _____ with _____ communication in our _____?

Satellite and _____ may _____ disrupted by _____ weather _____ than _____.

_____ and cable signals _____ by _____ weather.

_____ affect cable and _____?

Satellite and cable signals are _____ by _____ times in _____ year.

Does _____ disturb cable _____ signals?

_____ and satellite _____ are affected _____ weather.

Is _____ to _____ on rainy days?

_____ on local cable _____ satellite transmission?

_____ signals are likely impacted _____ weather more _____ a few times _____ the _____ year.

Satellite _____ bad weather sometimes in our area.

Do you _____ bad _____ a problem _____ it _____ satellite signals?

_____ bad _____ affect cable and _____?

_____ cable and _____ bad _____ in our area?

Is _____ weather _____ problem _____ nearby?

_____ do bad _____ disrupt cable _____?

Does bad _____ effect _____?

Do _____ in our area?

Does _____ bad _____ cable and _____?

_____ a _____ for _____ service nearby?

What _____ local cable and _____ reception?

_____ and cable signals _____ be _____ by _____ weather _____.

Rough conditions _____ here _____ and _____.

_____ weather _____ the signals _____ satellite and _____.

_____ bad _____ a problem _____ cable or _____ signals?

Satellite and cable signals _____ impacted _____ bad weather more _____ each _____.

_____ weather _____ satellite reception _____?

Is it usually _____ weather _____ and _____ reception?

Satellite _____ signals _____ likely to _____ affected _____ weather often.

_____ satellite _____ to be disturbed by rough _____?

Will _____ satellite _____ disrupted due to _____?

Do _____ bad _____ and _____ signals?

Is _____ weather _____ and satellite signals here?
 _____ cable _____ satellite _____ frequently by _____?
 _____ and _____ affected _____ bad weather.
 Satellite and cable _____ bad _____ times of _____.
 _____ cable signals are most likely _____ weather _____ lot.
 Does _____ cable _____ satellite?
 Bad weather _____ satellite and _____ during _____ year.
 Does _____ the _____ or satellite _____?
 _____ it _____ conditions _____ with cable?
 Bad weather _____ affect _____ performance _____ cable and _____.
 _____ affect satellite reception _____?
 _____ do bad _____ have on _____?
 _____ can affect _____?
 _____ bad _____ a problem with _____ communications?
 bad _____ cable _____ satellite signals.
 Do _____ think bad _____ is _____ problem with _____?
 _____ impact the _____ and satellite _____?
 _____ and _____ signals may _____ by bad weather _____ once per _____.
 _____ cable and _____ signals disrupted _____?
 _____ signal _____ be affected _____ bad weather.
 Do bad _____ affect _____ satellite _____ in _____ area?
 _____ and cable _____ are likely _____ bad _____ frequently.
 _____ signals _____ be disrupted by _____ more _____ once _____ a year.
 _____ and cable _____ are _____ to bad _____ times _____ the _____.
 _____ messing up _____ and _____ here?
 _____ bad weather _____ satellite _____?
 Does lousy weather _____ cable _____?
 _____ weather a problem _____ to cable _____ communications?
 Satellite and _____ are _____ affected by bad _____ more _____ a few times _____ year.
 _____ can interfere _____ conditions.
 _____ conditions likely to impact _____?
 _____ conditions _____ affect _____ cable/satellite.
 Satellite and cable signals _____ impacted _____ than a _____ by _____.
 _____ bad weather _____ satellite?
 Satellite and _____ impacted by _____ weather more than _____ times _____ month.
 Is _____ weather messing _____ cable and satellite _____?
 Does _____ weather _____ broadcasts?
 Will the weather _____ cable _____ satellite signals _____?
 _____ weather _____ TV service _____?
 _____ cable and _____ with by _____ conditions?
 Satellite and _____ are likely _____ by _____ weather _____ in the _____.
 Will bad _____ disrupt _____ and _____?
 Satellite _____ cable _____ are affected _____ weather _____ in _____ area.
 _____ satellite and _____ signals at times _____ the year.
 Weather _____ local reception of _____.
 Bad _____ affect _____ of cable _____ satellite.
 _____ meteorological _____ on _____ local _____ and satellite _____?
 Satellite _____ cable signals are sometimes _____ to _____ in _____.
 Are _____ satellite _____ the weather?
 Can bad _____ disrupt _____ and _____?

____ it ____ that ____ weather ____ and satellite ____ here?
 ____ storms affect ____ conditions where ____ ?
 ____ often ____ bad ____ affect ____ communications?
 Will ____ ruin ____ signals here?
 Are cable ____ due ____ weather?
 ____ weather has ____ area channels?
 ____ affect cable and satellite ____ here?
 ____ bad ____ affects the ____ of cable ____ .
 Satellite ____ are sometimes impacted ____ weather.
 Bad ____ impact on ____ and ____ .
 ____ may ____ the cable/satellite.
 ____ and ____ are ____ likely affected ____ weather more than ____ .
 Do ____ and satellite ____ get ____ conditions?
 ____ and satellite ____ constantly disrupted by ____ ?
 ____ bad weather ____ problem of ____ signals?
 Is ____ weather a ____ and ____ ?
 ____ and ____ signals are ____ subject ____ bad weather ____ area.
 Satellite ____ are ____ to ____ at certain times ____ the ____ .
 Does bad weather mess ____ the ____ ?
 ____ poor ____ cable/satellite?
 Were ____ satellite signals disturbed ____ rough ____ ?
 How often ____ bad ____ cable signals ____ ?
 ____ and cable ____ by weather ____ certain times of the ____ .
 ____ weather affect ____ cable signals ____ ?
 Is the ____ impediment ____ nearby?
 Satellite signals ____ disturbed by ____ conditions ____ .
 ____ cable ____ are often ____ by ____ weather.
 Satellite and cable signals are ____ .
 Does ____ weather affect ____ you?
 Are ____ weather impacting local ____ satellite ____ on a ____ ?
 Does lousy weather ____ satellite ____ ?
 ____ cable ____ most likely impacted ____ bad ____ than once a ____ .
 ____ always bad ____ that ____ cable ____ satellite reception?
 Satellite and cable ____ be adversely impacted ____ .
 ____ storms interfere with ____ .
 Bad meteorological ____ and satellite ____ often?
 ____ adverse ____ disrupt ____ service ____ ?
 ____ and ____ signals ____ interrupted ____ rough conditions?
 ____ and cable ____ may ____ by ____ more ____ few times a year.
 ____ bad ____ always ____ up ____ satellite and ____ signals?
 ____ signals ____ by rough weather?
 ____ is believed ____ affect ____ and cable ____ .
 ____ bad weather ____ and satellite ____ ?
 ____ cable signals ____ be ____ more than a few ____ the course ____ a year.
 ____ weather a problem ____ satellite communications ____ our area?
 Does bad ____ affect ____ cable ____ communications ____ area?
 ____ cable and satellite?
 Does the ____ signals ____ cable and satellite?
 ____ and ____ signals are ____ bad weather more ____ month.
 Is ____ and ____ by ____ weather?

Isn't bad ____ a ____ it ____ cable ____ satellite signals?
 ____ and cable ____ by bad ____ more often ____ not.
 ____ satellite ____ affected by weather?
 ____ bad weather ____ or ____ signals?
 ____ meteorological impact ____ cable and ____?
 The signals ____ and ____ by bad weather.
 Is ____ bad ____ our cable and ____?
 ____ weather ____ affect ____ signals ____.
 The weather ____ impact local ____.
 ____ cable signals ____ subject to ____ at ____.
 ____ and ____ signals can be disturbed ____ here.
 Are ____ affected ____ bad weather?
 ____ cable and satellite ____ by ____?
 Satellite ____ are ____ by bad ____ more than once ____ area.
 Some ____ the time satellite ____ subject ____ bad weather.
 The weather ____ cable ____ reception.
 ____ our area ____ to ____ signal interference ____ weather?
 ____ weather affect ____ and cable ____?
 Satellite ____ signals may be affected ____ bad ____ few ____.
 Bad ____ can ____ satellite and ____ signals.
 Satellite and cable ____ likely to ____ affected ____ more than ____ month.
 Satellite ____ cable signals ____ be affected ____ bad ____ a few ____ in ____.
 Do ____ affect ____ of ____ and ____?
 ____ bad weather a problem for our ____ it ____ to ____?
 ____ do bad ____ affect ____?
 Satellite and cable signals are ____ times ____ year.
 Does bad ____ affect cable ____?
 ____ weather affect ____ satellite reception ____?
 ____ bad ____ the ____ signal?
 Satellite and cable ____ affected by ____ more ____ few ____ month.
 Is ____ problem ____ and cable signals?
 ____ weather a ____ cable ____ satellite reception here?
 Satellite and cable ____ bad weather ____ our area.
 ____ think bad ____ affects cable ____?
 Scattered ____ impact ____ cable and ____ transmissions.
 ____ weather ____ local cable ____ satellite reception ____?
 How often do ____?
 ____ the ____ cable and ____ affected ____ bad weather?
 Is ____ weather a problem ____ when ____ comes ____ and satellite ____?
 ____ the signals of cable and ____ be ____?
 Is ____ a problem ____ signals?
 Is ____ satellite affected by ____?
 Does bad ____ affect ____ and ____?
 Can bad weather ____ the signal ____?
 The bad ____ can affect ____ signal ____ satellite.
 Does ____ weather ____ local cable ____?
 Do ____ and ____ signals get ____ rough ____ here?
 ____ conditions affect cable ____?
 Do ____ interfere ____ service?
 ____ bad ____ problem when ____ comes to cable ____?

Is _____ and satellite _____ ?

_____ impact _____ cable and _____ transmissions _____ ?

_____ weather _____ local _____ satellite reception?

_____ weather can _____ and cable _____ more than a _____ a _____.

Satellite _____ cable signals _____ vulnerable _____ than _____ a month.

_____ conditions _____ with _____

_____ bad _____ problem when _____ comes to _____ communications?

_____ cable signals _____ experience bad weather _____ certain _____ year.

Is _____ weather _____ on local cable _____ ?

Does _____ weather _____ reception around _____ ?

Does bad weather _____ or _____ ?

_____ cable _____ signals _____ by _____ conditions here?

_____ weather a _____ when _____ comes to _____ and _____ signals?

Do the poor _____ ?

Are _____ satellite _____ bad weather _____ ?

_____ bad weather _____ satellite?

Satellite and cable _____ could _____ by _____.

Does bad _____ and _____ ?

_____ conditions _____ satellite.

_____ and _____ signals _____ affected _____ weather _____ than once a year.

Is _____ weather affecting cable _____ ?

_____ negatively impact _____ signals?

_____ weather a issue for cable _____ ?

_____ bad weather _____ affect _____ signals?

_____ weather _____ affect satellite and cable signals.

Can _____ cable and _____ here?

_____ cable _____ are _____ affected _____ weather more _____ few times annually.

_____ and _____ signals _____ subject to the _____ area.

_____ disturb cable and _____ signals.

Satellite and _____ signals are likely _____ by bad weather _____ few _____.

Satellite and cable _____ likely disrupted _____ weather _____ than _____ a _____.

Satellite _____ signals are likely affected by _____.

Satellite and _____ are vulnerable _____ weather _____ a _____ a month.

Satellite _____ cable signals _____ impacted _____ bad _____ than _____ few _____ a year.

Is satellite _____ bad _____ ?

There _____ storms that _____ television/cable _____.

Is bad _____ a _____ when _____ comes _____ satellite signals.

Poor _____ can _____ cable/satellite

Satellite and cable _____ vulnerable _____ than _____ times each year.

How often _____ cable and _____ affected _____ bad _____ ?

Does _____ and satellite _____ by _____ ?

Frequent _____ weather _____ affect _____ satellite.

_____ bad _____ and satellite _____ frequently?

_____ bad weather _____ problem _____ and satellite signals?

_____ weather _____ tv _____ near you?

Does bad weather _____ and _____ ?

Is _____ affecting _____ and satellite _____ ?

_____ signals _____ due to bad weather?

_____ satellite and cable _____ weather?

Is _____ weather _____ problem _____ communications in my area?

_____ cable signals are sometimes _____ conditions.

_____ much affect _____ weather _____ cable _____ here?

_____ are affected _____ bad _____ often.

_____ bad weather _____ satellite reception?

_____ weather affect _____ nearby?

Local _____ and _____ reception is _____ by the _____.

Satellite and _____ signals _____ impacted _____ weather

_____ and cable _____ are subject to _____ weather _____.

Satellite _____ signals are _____ to be _____ by _____ than any _____ time.

_____ bad weather a problem with _____ area?

_____ bad weather _____ cable _____?

_____ weather can _____ satellite signals.

Is _____ cable _____ satellite signal _____ bad _____?

The _____ can be interfered with by _____.

Satellite _____ cable _____ can be disrupted _____ bad weather _____ than _____ month.

_____ storms interfere _____ TV _____ cable _____ we are?

Does bad _____ affect cable _____ very _____?

The weather _____ a bad _____ on _____ cable _____.

Poor conditions _____ an _____ on _____.

_____ and _____ signals _____ likely _____ be affected _____ weather more _____ every month.

Is _____ meteorological _____ local cable _____ transmissions frequent?

Is bad _____ a problem _____ signals?

Does _____ interfere _____ cable _____ satellite?

When it comes to _____ satellite _____ Is _____ problem?

_____ the weather _____ our _____ and satellite _____?

_____ and cable signals _____ impacted _____ in the course of _____ year.

Satellite _____ are _____ by bad weather at _____.

_____ will likely impact _____ and _____.

Is _____ weather _____ and satellite reception?

_____ cable _____ to the weather?

Bad _____ impact on _____ cable _____?

_____ and _____ signals will _____ impacted _____ weather more _____ once.

_____ weather effects _____?

_____ conditions affect _____ signals _____ our _____?

_____ it possible _____ cable and satellite signals?

_____ weather _____ with _____?

_____ weather _____ cable and satellite _____?

What effect _____ bad weather _____?

_____ bad _____ have _____ on cable or _____ signals?

Satellite and _____ signals _____ by bad weather _____.

There _____ that can _____ and satellite signals.

_____ meteorological impact _____ local _____ and _____ is not _____.

_____ signals are subject _____ weather _____ times _____ year.

_____ it true _____ interfere with _____?

_____ weather ruining _____ satellite signals?

What is _____ weather's _____ channels?

_____ are subject to _____ weather

Can bad _____ cable _____ signal?

_____ cable _____ reception is _____ affected by _____.

Are cable _____ satellite _____ to _____?

Satellite and cable _____ are vulnerable _____ bad _____ once _____.

Does _____ weather affect _____ cable _____?

Satellite _____ cable signals _____ weather more than once per _____ in _____.

_____ impacts _____ cable and _____ reception _____.

There _____ weather _____ satellite reception frequently.

_____ lousy _____ cable reception?

_____ our area _____ interference due to weather?

_____ poor _____ affect _____?

Poor conditions _____ interfere _____ cable/satellite _____.

_____ affect _____ on cable and _____?

_____ impact on local cable _____ frequently?

_____ poor conditions frequently?

Satellite _____ signals are likely _____ weather more _____ per month.

Is there any _____ on SAT/TV link _____?

_____ meteorological effect on _____ satellite _____ often.

Will _____ and _____ be _____ weather?

Does _____ weather make a _____ cable _____?

Are _____ satellite _____ disturbed by rough _____?

Do adverse _____ service near _____?

_____ meteorological impact _____ and satellite _____?

Satellite and _____ signals _____ be affected _____ weather _____ per month.

_____ affect _____ and _____ signals often?

_____ and _____ disturbed by rough conditions around _____?

Is bad _____ when _____ to satellite signals?

_____ and cable _____ can _____ disrupted by _____ weather _____ per month.

_____ weather _____ and satellite _____ in our area?

Are _____ weather _____ problem for cable _____?

Is lousy weather _____ up our _____?

Satellite _____ cable signals _____ likely _____ be _____ by _____.

_____ meteorological _____ satellite transmissions is _____?

_____ reception of _____ and cable?

Satellite and _____ impacted by bad weather _____ few times per _____.

Can bad _____ impact _____ signals?

_____ atmospheric conditions impact _____ signals _____ area?
