

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Data usage and bandwidth queries
Inquiry Sub-Category	Streaming and gaming performance
Description	Customers who frequently stream videos or play online games may experience buffering, lagging, or poor performance. They contact ISPs to identify the potential causes, optimize their internet connection, and enhance their streaming or gaming experience.
Data Size	7,283 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)
