

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Reporting inaccurate meter readings
Inquiry Sub-Category	Estimated meter reading discrepancies
Description	Customers receive bills based on estimated gas consumption rather than actual readings, resulting in billing inaccuracies that require adjustment based on the correct usage data.
Data Size	8,008 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)
