

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Brake pedal feels soft or spongy
Inquiry Sub-Category	Brake pads and rotors wear
Description	This category includes inquiries about worn brake pads and rotors, which can cause a soft brake pedal. Customers may ask for an inspection to determine if these components need to be replaced, and seek advice on selecting appropriate replacement parts.
Data Size	5,039 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Are there _____ causes besides wornout _____ pad& _____ which _____ towards Soft/spong _____ ?
 _____ are other _____ that _____ brakes pedals feel?
 Do you have other reasons _____ ?
 Is there _____ reason _____ worn-out _____ pads _____ rotors that _____ a _____ in my braking _____ ?
 Is there more _____ the _____ beyond _____ rotors?
 Do _____ have _____ reasons for _____ brake _____ FEEL?
 _____ soft or spongy _____ the _____ is caused _____ worn _____ brakes _____
 _____ there _____ other reason _____ brakes other than worn _____ rotors?
 _____ the _____ soft or spongyfeel in _____ pedals?
 Is _____ more _____ mushy brakes than _____ pads and _____ ?
 Mention _____ sources _____ the old pad and _____ might _____ weakness _____ brakes?
 Is _____ possible to _____ other than worn-out pads or _____ ?
 Is it _____ that _____ soft/spongy brake _____ to _____ factors?
 Is _____ brakes _____ worn-out pads?
 Do you think _____ other reasons for a _____ brake _____ other _____ ?
 A _____ or spongyfeel _____ brake _____ caused by _____ out _____ pads _____ rotors
 Do you _____ any other reasons _____ the _____ ?
 I want _____ know if there _____ brake pedal.
 Is it possible _____ than old brake _____ rotors _____ in a _____ brakes pedal _____ ?
 Do _____ think _____ other reasons for _____ pedal _____ worn _____ brake pads and _____ ?
 _____ you _____ there are _____ causes of _____ pedal?
 Is there _____ alternative cause for _____ from _____ pads _____ ?
 _____ factors _____ the case of _____ brake pedal?
 _____ is _____ possibility to _____ a _____ brake _____ sensation _____ something other _____ old brake pads _____ .
 _____ there _____ factors that _____ a soft pedal besides _____ ?
 Is _____ to the _____ pedal than _____ worn-out _____ pads?
 _____ the _____ of _____ be attributed _____ factors besides worn pads/rotors?
 _____ is _____ to _____ brake _____ for something else than the _____ brakes _____ and rotors.

_____ more to a soft _____ pad and _____ wear?
 _____ do you think contribute _____ spong brakes pedals _____?
 _____ there _____ pedal than worn out pads?
 _____ pedal feels soft _____ to worn _____ pads and _____.
 Is it _____ that _____ other than _____ pads and rotors?
 _____ or stiff _____ in _____ pedal can be _____ out brakes pads _____ rotors.
 Is _____ brakes _____ by _____ other _____ worn-out _____ and _____?
 _____ else _____ to _____ besides _____ pads and rotors?
 _____ is the reason _____ a soft _____ spongy _____ in _____?
 _____ do you think contribute to _____ spong _____ pedals _____?
 Mention any _____ the _____ and rotor that might _____ causing weak/softer _____?
 _____ am _____ if _____ other reason _____ soft/spongy brake pedal.
 _____ for spongy _____ worn out pads and _____?
 Did _____ other _____ involved _____ a _____ brake _____?
 Is _____ possible _____ the old brake _____ and _____ to make a soft _____ pedal _____?
 Did _____ a soft pedal besides _____ worn _____ brakes?
 _____ there _____ than _____ pads and _____ in a spongy _____?
 Though worn _____ to _____ brakes, what _____ other _____?
 _____ is possible _____ a _____ sensation, besides the brake _____ and rotors
 It is _____ to give _____ pedal _____ other _____ old _____ pads _____ rotors.
 Is _____ any reason _____ a _____ pedal _____ can _____ deteriorated _____ and _____?
 Did _____ anything _____ cause _____ soft/spongy _____?
 _____ sources besides the _____ and _____ that might be _____ weak/ soft braking _____?
 _____ it _____ spongy _____ to _____ caused by factors beyond _____ worn-out _____ rotors?
 Is there _____ reason _____ weak/softer braking _____ from _____ rotor?
 What _____ the _____ the spongy _____ pedal feel?
 Do you _____ soft/spongy brake _____ feel _____ related _____ other _____?
 _____ any _____ the other causes lead _____ pedal feel?
 Is _____ for _____ to be caused by _____ other _____ and rotors?
 Is _____ more to the soft/spongy brake _____ than _____ out _____?
 What _____ are involved in _____ in the _____ pedal?
 Is _____ one of the factors causing _____?
 Can worn pads _____ be blamed for _____ pedal?
 _____ the spongy _____ are caused by _____ than worn-out pads and _____?
 Do you _____ other reasons _____ soft brake pedal other than _____ worn out _____ the _____?
 There are worn out _____ and _____ that _____ pedal feel _____.
 Is there more to _____ pads _____ the soft/spongy _____?
 _____ the _____ pedal caused _____ any _____ than _____ pads?
 _____ the brakes _____ attributed _____ anything _____ than _____ pads and _____?
 _____ feeling _____ the brake pedal be attributed _____ any _____ than _____ pads?
 Is _____ an alternative _____ for _____ from worn _____ and rotors?
 Mention any _____ other than the old _____ that _____ related _____ braking sensation?
 _____ causes do _____ think contribute _____ pedals feel?
 _____ pads, what else _____ to _____ spongy _____ feel?
 Did there _____ a _____ pedals?
 Is _____ possible for something _____ old _____ pads and rotors, _____ squishy brake _____ sensation?
 Is _____ brake _____ responsible _____ spongy _____ feel?
 Is _____ a _____ a _____ besides worn _____ and rotors?
 _____ spongy _____ caused by factors other _____ worn- _____?
 _____ there other reasons _____ soft pedal _____ worn-out pads _____?

Do I get _____ or _____ the _____ because _____ sources _____ wear-indicating breaks?

Is there other _____ a _____ brake _____?

_____ there a reason _____ worn-out brakes _____ and rotors that _____ system _____ soft?

_____ worn out _____ pads _____ the _____ for soft _____ pedal?

A _____ brake _____ could be caused by factors _____ out of _____.

Is the _____ brakes _____ factors _____ worn-out pads?

_____ I experience a _____ or sponge-like _____ of _____ other than _____ breaks?

_____ other causes do _____ to _____ same feeling _____ braks pedal _____?

There is _____ soft or sponge-like brakes besides the _____.

_____ any _____ the old pad _____ that might be causing the _____ soft _____?

The soft _____ pedal may _____ caused by worn _____ brakes _____ rotors.

_____ experience a _____ sponge _____ on the brakes _____ to _____ than wear-indicating _____?

It is _____ to _____ sensation, _____ than _____ pads and brake rotors.

Is _____ cause spongy brakes by factors _____ and rotors?

Are there _____ reasons _____ brake _____ the worn _____ brake _____ or _____ rotors?

Do _____ any _____ reasons for _____ pedal?

_____ a _____ or sponge-like _____ on the brakes _____ other _____ wear-indicating breaks?

_____ sources other than the old pad and _____ the _____ braking _____?

_____ there _____ than worn-out _____ involved in mushy _____?

Is _____ pads _____ rotors the _____ factors _____ cause _____ spongy _____?

_____ any other reason _____ the _____ brake _____?

_____ there _____ other _____ wronout _____ pad and roter that _____ to _____?

Is _____ a _____ other _____ worn out brakes pads and _____ contributes to _____ in _____?

_____ feel soft due to _____ out _____ pads.

_____ there a reason _____ than _____ brakes pads and _____ my _____ system _____?

_____ it possible _____ something else _____ brake pads _____ rotors _____ a _____ sensation?

_____ worn out _____ and _____ there _____ reasons _____ spongy brakes?

Will there be _____ culprits behind _____?

_____ there _____ for _____ soft _____ pedal other than worn _____ pads _____ rotors?

Is there something _____ that makes _____ pedal _____?

_____ a _____ pedal besides worn-out brake pads?

Is _____ spongy feeling _____ brake _____ due _____ any _____ factor?

Is there _____ additional reason _____ brake _____?

_____ possible that _____ brakes _____ and rotors _____ to _____ soft or _____ feeling in _____ brakes?

_____ and _____ that can cause _____ mushy brake pedal.

_____ worn _____ pads and _____ can _____ a soft pedal.

_____ others _____ broken pads cause _____?

worn _____ brakes pads _____ rotors are _____ the _____ soft or spongyfeel _____ the _____.

Is there more _____ brake pedal _____ worn _____?

Can there _____ any other _____ soft and _____ braking _____?

Is there an alternative _____ spongy _____ worn-out _____ rotors?

Is _____ for a spongy _____ worn-out pads _____ rotors.

Did _____ other reasons for _____ soft _____ worn-out _____?

_____ more to _____ a _____ brake _____?

Do you think _____ a soft _____ pedal other _____ out _____ pads or _____ rotors?

Aside from _____ pads, _____ can lead _____ feel?

_____ anything else to explain _____ pedal feel?

_____ think there _____ other _____ a soft/spongy _____ pedal?

There may be _____ than _____ and _____ that _____ a soft _____ sensation.

Is _____ something _____ than old brake pads _____ rotors to _____ soft pedal _____?

A soft _____ in _____ by _____ out brake pads and rotors.
 Is there an _____ cause _____ spongy _____ worn-out _____?
 Did there _____ factor _____ a soft/spongy _____ pedal?
 _____ the brake pedal _____ attributed to _____ other _____ other _____?
 _____ possible for _____ old brake pads and _____ cause a _____ brake _____ sensation?
 _____ possible to _____ brake pedal _____ for something besides _____ brakes _____ and _____.
 I would _____ to _____ is _____ other reason for the _____.
 _____ there _____ reason _____ spongy _____ besides the _____ out _____ and _____?
 _____ than _____ what else leads _____ soft or sponge-like _____?
 I _____ to _____ if there was a _____ for a soft pedal _____.
 _____ there any _____ behind the brakes besides _____ and _____?
 _____ a _____ a soft _____ pedal _____ the worn out pads and _____?
 Is _____ brakes caused _____ factors _____ worn-out _____?
 Do you _____ culprits behind the brake pedal _____?
 Is it _____ for something else other than old brake _____ and _____ sensation?
 _____ there _____ other _____ for _____ soft/spongy _____ pedal?
 Do _____ other _____ for _____ soft _____ than _____ worn out brake pads?
 Mention _____ besides _____ old pad _____ rotor _____ be causing the _____ braking _____.
 _____ there other factors than worn-out _____ a _____?
 _____ possible _____ other _____ pads to _____ in a soft brake pedal _____?
 _____ there _____ feel of the brake pedal?
 _____ there other factors _____ a _____?
 _____ are _____ factors that can cause a _____.
 The worn out pads _____ are not _____ only _____.
 _____ a _____ culprit behind _____ of brakes?
 Can there be _____ sponge-like touch _____ due to sources _____ wear-indicating _____?
 _____ be _____ reasons for a _____ brake _____ feel?
 Why is _____ besides the worn-out pads _____?
 Is there any _____ reason _____ wornout breaks pad _____ which _____?
 Did _____ factors _____ a _____ pedal besides _____ brakes?
 _____ there _____ soft _____ pedal _____ the worn out _____ pads or the rotors?
 Is _____ any other cause besides _____ and roter _____ leads _____ pedal _____?
 Mention _____ possible _____ old pad and rotor _____ could _____ causing the _____ soft _____?
 _____ there _____ cause _____ the wronout breaks pad _____ leads _____ Sotf?
 Is _____ other _____ pad _____ rotor damage could cause a _____?
 Is it _____ for _____ brakes _____ be _____ by _____ other _____ worn- _____ and _____?
 Mention _____ sources other than the _____ and _____ for weak/softer _____?
 Do you _____ any _____ for _____ brake pedal _____?
 There _____ other _____ for _____ Soft/spongy brake _____.
 The brake pedal _____ soft due to _____ pads _____.
 Do _____ think _____ are _____ causes for _____ other than _____ out brake pads?
 Is _____ for _____ brake pads _____ rotors _____ result in a _____ brake pedal sensation.
 The _____ pedals have _____ spongy feel _____ to _____ out brake _____.
 What other causes _____ thinking _____ braks pedals feel?
 _____ it possible _____ to _____ caused _____ other than worn-out pads.
 _____ you reckon _____ are other reasons for _____ soft _____ pedal _____ than _____?
 Is there _____ else _____ to _____ soft/spongy _____ pedal _____?
 Are there _____ for the _____ brake _____?
 _____ there _____ other _____ besides wronout breaks pad _____ leads _____ sotf?
 _____ soft/spongy brake _____ is affected _____ pads and _____.

_____ to _____ if there are _____ for _____ brake pedal.
 _____ the feeling _____ be attributed to _____ other than _____ pads _____?
 _____ if _____ is other _____ for a _____ brake pedal.
 _____ a _____ or sponge-like _____ the brakes _____ other than wear-indicating?
 _____ think there are other _____ soft pedal than the _____ pads or the _____?
 I _____ know _____ is _____ else that _____ soft/spongy brake pedal.
 _____ that worn-out _____ rotors are to blame for _____?
 _____ there more _____ pads _____ rotors affecting _____ pedal?
 _____ soft or slippery feeling _____ brake _____ be caused by _____ out _____ rotors.
 Is there _____ other _____ breaks _____ roter _____ leads to soft?
 _____ the brake pedals can _____ by worn out pads _____.
 A _____ pedal _____ be _____ of _____ beyond just wearing out _____.
 _____ soft or spongy feel _____ the brake pedals _____ due to _____.
 Is there any _____ for the _____ brake _____?
 What other _____ to soft _____ brakes _____ and rotors?
 _____ other _____ soft/spongy brake _____?
 Though _____ contribute to _____ what _____ other _____ causes?
 Is worn-out _____ factor causing _____ spongy pedal?
 There _____ a possibility _____ a soft/ _____ for something other _____ old brakes _____ rotors.
 _____ possible _____ brake pedal is a result _____ factors?
 Is spongy brakes _____ pads?
 _____ more reasons _____ a soft/spongy brake _____ components?
 Do you think _____ reasons _____ a soft _____ than _____ out _____ pads?
 _____ and the soft/spongy brake pedal.
 _____ sources other _____ pad and rotor _____ may have _____ the _____ sensation?
 _____ factors besides worn out _____ pads and _____ soft/spongy brake pedal?
 Is there an _____ to _____ pads and _____ to _____ brakes?
 Is there _____ else _____ leads _____ softer or _____?
 _____ don't _____ any other reason _____ a _____ brake pedal.
 _____ you think _____ is _____ to _____ worn out brake pads or the _____?
 _____ there any other _____ besides _____ wronout _____ and _____ leads to the _____?
 Is there _____ the mushy _____ pads and rotors?
 There are _____ a _____ brake _____ than worn _____?
 _____ other _____ you _____ lead to the _____ feelings as _____ pedals?
 _____ there any _____ factors for a _____?
 _____ there _____ else that caused _____ pedal?
 _____ it _____ that _____ are _____ by other factors _____ and rotors?
 Is _____ alternative that _____ spongy _____ from _____ out pads?
 Is the soft/spongy brake pedal _____ other _____ brake pads _____?
 _____ other factors involved in creating a _____?
 _____ any _____ besides _____ brakes pads _____ rotors that _____ a soft feeling in my braking system.
 There _____ be _____ for _____ Soft/spongy brake _____.
 _____ out _____ and rotors cause a _____ or spongyfeel _____ pedals.
 Do _____ soft/spongy brake _____ feel is _____ to _____ reasons?
 Is _____ behind the _____ pedal feeling?
 _____ there _____ culprit _____ soft/sponginess of _____ brakes?
 _____ worn-out pads _____ what else leads _____ or sponge-like _____?
 Is _____ to _____ problem _____ mushy brakes than the _____ pads _____?
 _____ is _____ to _____ a soft/ brake _____ feeling _____ something _____ than _____ brake _____.
 _____ there another _____ the soft/spongy _____?

Do _____ another explanation for _____ soft/spongy _____ pedal _____?

_____ is more to soft _____ pads and rotors.

_____ there _____ sponge-like touch _____ the _____ of different sources?

_____ are _____ the worn-out _____ that can _____ spongy brakes.

Is _____ feel in _____ brake _____ to other _____?

_____ more _____ a flawed brake _____ pad _____ rotor issues?

_____ brake _____ caused by worn out pads and rotors.

There could _____ factors that caused _____ brake _____.

_____ the _____ possible _____ of sponge-like _____ and _____ pads?

_____ possible to give _____ brake pedal sensation _____ than _____ old _____ and _____.

Is it _____ other than _____ pads and rotors _____ result _____ soft pedal _____?

Is there any _____ cause besides worn out breaks _____ towards _____?

_____ the brake _____ attributed to anything _____ worn _____?

The _____ feel in the _____ pedals is caused _____ rotors

Do _____ reason for the _____ pedal _____?

_____ a softer _____ the brakes due to _____ sources?

_____ other reasons do you _____ contributes to _____ spong _____?

A _____ or spongy feel _____ the _____ to worn out _____ and _____.

There _____ other _____ that _____ affect _____ brake pedal.

Is _____ a _____ a _____ pedal _____ due to _____ other _____ and rotor _____?

_____ other _____ that _____ the _____ brake pedal?

Do you _____ is _____ reason _____ a _____ brake pedal _____ the _____ out brake _____?

_____ other factors cause _____?

Do you know if there are more _____?

_____ there more than _____ culprit behind the _____?

_____ cause a soft _____ than _____ out brake pads?

_____ you _____ any other _____ for _____ brake pedal?

Is there anyone behind _____ other _____ the worn _____ rotors?

_____ to a mushy _____ worn pad and rotors?

Do you believe there are _____ the _____ out _____ a soft _____?

_____ there other factors _____ to _____ pedal?

_____ there _____ cause behind _____ brakes?

Is _____ for _____ be caused by factors _____ of _____ and rotors?

_____ wish _____ there's any other _____ for a _____ brake _____.

_____ pedal _____ could be _____ result of factors beyond _____ out _____.

_____ other causes _____ a soft/spongy brake pedal _____?

The _____ pedal _____ causes _____ from worn _____ rotor issues.

Is it possible _____ spongy _____ factors beyond _____ pads and rotors?

The feel in _____ brake _____ can be _____ worn out _____.

_____ other factors caused _____ pedal?

Is there any _____ reason _____ brake pedal _____?

What _____ do _____ lead _____ the same feelings as _____ pedal _____?

_____ any _____ and rotor that _____ be causing the _____ braking sensation?

_____ soft/spongy _____ pedal _____ to worn-out _____ pads _____ the rotors?

One can _____ a _____ brake _____ sensation for _____ other _____ brakes _____ and _____.

Is _____ any _____ cause _____ pad and rotor _____ leads _____ Sof/spong _____ pedal _____?

Can _____ feeling of the _____ pedal _____ factors other _____ worn _____?

A soft or spongy FEEL _____ brake _____ is caused _____ worn _____.

What other _____ do you _____ contributes to _____ feel?

Do you _____ are other _____ for _____ pedal besides _____ out _____?

Do _____ causes _____ a soft/spongy brake _____?
 _____ soft or _____ in _____ brake _____ be caused _____ out pads.
 Is spongy brakes _____ by factors _____ worn-out _____?
 It _____ possible to _____ soft/ _____ pedal _____ something _____ than old brake pads and _____.
 Is _____ an _____ cause of spongy brakes _____ rotors?
 _____ soft/spongy _____ pedal be attributed _____ factors?
 Do _____ think _____ are _____ soft pedal other _____ out brake pads?
 _____ leads to _____ besides worn-out pads _____ rotors?
 _____ other factors cause _____ brake _____?
 Is _____ other _____ the _____ pedal besides the worn-out brake _____ and _____?
 Can there _____ causes _____ a _____ brake pedal _____?
 I want to _____ any _____ reason for a soft/spongy _____.
 Do _____ know _____ other _____ wornout breaks _____ and _____ that leads _____ Soft?
 Is there more _____ a soft/spongy brake _____ components?
 _____ possible _____ spongy brakes _____ factors beyond worn-out _____ and _____?
 Is there any _____ besides the old _____ rotor _____ weak/ _____?
 Do _____ are other _____ for a _____ pedal other than _____ out _____?
 _____ there other causes _____ a soft/spongy brake _____?
 Do you think _____ a _____ brake _____ than the _____ out pads?
 Can I _____ a soft or _____ the _____ due to _____ other _____?
 Is it possible _____ brakes _____ caused _____ other than the _____ and _____?
 _____ it possible _____ old brake pads and rotors _____ have _____ brake pedal _____?
 Other _____ broken pads causes _____?
 _____ other reasons do you think contribute _____?
 _____ something else _____ a soft/spongy brake _____?
 Is _____ other _____ wornout breaks pad and _____ leads _____ Soft?
 _____ pads contributing to sponge-like _____?
 Do _____ explanations for _____ brakes?
 Do _____ are any _____ for a soft/spongy _____ feel?
 Does anyone know if _____ culprits _____ the brake _____?
 A soft _____ feeling in the _____ be caused by worn _____ and _____.
 Do _____ other causes _____ to _____ soft/spongy _____ pedal _____?
 Is there _____ the spongy _____ than _____ pads?
 _____ there _____ the brake _____ worn pad and rotor _____?
 _____ else _____ the mushy _____ pedal _____ worn pads and _____?
 Will spongy brakes _____ other _____ worn-out _____ and rotors?
 Is _____ a _____ for a soft brake _____ brake pads or _____?
 _____ there _____ for a _____ pedal besides _____ components?
 A soft _____ slippery _____ pedal can be _____ worn _____ pads and rotors.
 Are there _____ the soft/spongy _____ pedal feel?
 A soft or spongyfeel _____ brake pedal can _____ worn _____.
 _____ squidgy _____ feel _____ a result of factors _____ out brake materials.
 _____ besides the old _____ that may be causing the weak _____?
 Is it _____ spongy _____ caused by _____ the _____ pads and rotors?
 _____ more _____ pads and rotors _____ the pedal?
 Is _____ any _____ for _____ soft/spongy brake pedal _____ than _____?
 _____ any other _____ besides _____ old pad and rotors that _____ the _____ braking _____?
 Did the other _____ cause _____?
 _____ causes for the soft/spongy brake _____ feel?
 _____ possible _____ cause _____ brakes _____ factors _____ worn-out _____ and rotors?

Do ____ think there are ____ reasons ____ pedal ____ than ____ worn ____ brake ____?

Is ____ possible ____ factors for a soft/spongy ____?

____ the ____ pedal ____ by ____ other ____ than ____ worn pads?

A soft or spongy ____ brake pedals is ____ worn ____

I want to ____ if ____ another reason ____ pedal ____ to ____ and rotors.

____ are other reasons for a soft brake ____ the worn ____?

____ there ____ reasons ____ soft/spongy ____ pedal besides ____ worn-out brake pads ____?

____ possible for something else, apart from the ____ to cause a soft ____?

Did ____ factors behind ____ soft/spongy ____?

Is it possible ____ besides old brake ____ to make ____ brake pedal ____?

Why do ____ pads ____ brakes?

____ in the brake pedals ____ worn ____ and rotors.

____ squidgy brake pedal ____ could ____ caused by ____ beyond ____ of braking ____.

I wonder if ____ besides ____ brakes pads and rotors ____ a ____ feel in ____ system.

____ pedal ____ be caused by ____ out ____ pads and ____.

____ know ____ worn ____ brakes pads ____ can cause a ____ feel ____ the brake ____?

____ any sources ____ than the ____ rotor ____ causing weak/ ____ braking sensation?

Can ____ include ____ culprits behind ____ brakes?

Is ____ any other ____ for ____ brake ____ feel?

It is possible ____ a soft/ brake ____ sensation to something ____ than the ____.

Is ____ possible ____ there are ____ reasons ____ a soft/spongy ____?

____ there more ____ a ____ pedal than ____ tear?

____ is possible for ____ sensation for ____ other than old brake ____ and ____.

____ or ____ brake pedal ____ could be a ____ factors beyond ____ wearing out of ____.

____ there ____ causes of ____ brake ____ feel?

Did ____ reasons ____ soft pedal, ____ worn-out brake ____?

____ to ____ a sponge-like touch on the ____ to sources other ____?

Do ____ believe there are other reasons ____ soft ____ pedal than the ____ brake ____?

____ leads to ____ sponge-like brakes?

____ there any ____ besides ____ pad and roter, ____ towards Sotf?

Did ____ factors that ____ a soft/spongy brake ____.

Can I ____ on the ____ due ____ other ____ wear-indicating breaks?

____ there ____ the mushy brakes ____ worn-out ____ and ____?

A soft or spongyfeel in ____ brake ____ may ____ worn ____.

____ more to it than ____ pads and ____ with ____ pedal?

____ there anything else ____ can ____ soft/spongy ____ pedal?

It ____ possible ____ soft/ ____ sensation to something ____ than old brake ____ rotors.

Can there be other factors ____ brake pads ____ soft/spongy ____?

____ in ____ brake pedal caused ____ other ____ than ____ pads/rotors?

It is possible ____ a ____ pedal sensation for ____ the old brakes ____ and ____

____ there are other causes ____ a ____ brake pedal ____?

I ____ are other ____ besides ____ and rotors that ____ to ____ soft ____ my braking system.

Is there more to ____ brake ____ worn ____ and ____?

____ possible that ____ pads and ____ can ____ to ____ soft ____ spongy feeling in ____ brakes?

Is ____ that factors other than ____ affect ____ feel?

____ or spongyfeel in the brake ____ are caused ____ out ____.

____ possible that other ____ blame for a ____ pedal?

____ a ____ caused by other factors than ____?

It ____ to create a ____ pedal sensation for something other ____ old ____ pads ____.

____ leads to ____ brakes besides worn-out ____ rotors?

A soft _____ brakes pedal _____ be caused _____ worn _____ brakes pads _____.
 Can _____ feeling of the _____ pedal be _____ anything _____ pads/rotors?
 Is it _____ are caused by _____ other _____ worn-out _____.
 There _____ soft or spongyfeel in the brake _____ caused _____.
 Did _____ more than one factor _____ brake _____?
 _____ you think _____ are other _____ the soft _____ pedal _____ the worn out _____ pads _____?
 There _____ other _____ can make the _____ pedal _____ or _____.
 Mention _____ possible sources _____ pad and _____ for _____ weak/softer _____ sensation.
 What _____ leads _____ or sponge-like brakes besides _____?
 Is _____ spongy _____ the _____ by other factors?
 Is _____ brakes _____ by _____ worn-out pads and rotors?
 Is there other causes _____ pedal _____?
 _____ it possible for _____ to _____ caused _____ factors beyond _____ out _____?
 Do _____ other reasons for _____ soft brake _____ worn _____ brakes?
 The _____ out _____ and _____ or spongyfeel in the brake _____.
 Do you _____ other _____ the soft/spongy _____ feel?
 _____ any other reason for _____ brake _____ other than _____ worn out _____?
 I _____ wondering if _____ could _____ a soft _____ on the _____ to sources other than _____
 _____ other factors _____ contributed _____ the _____ brake pedal?
 Why _____ brakes _____ weak, _____ the worn-out _____ and _____?
 _____ more to the _____ mushy brakes _____ out pads _____ rotors?
 _____ feeling in _____ brake pedals _____ the _____ out pads and _____.
 Is _____ anything _____ that leads to _____ or _____?
 _____ other potential causes _____ pads _____ rotors _____ to _____ brakes?
 _____ brakes _____ caused _____ other than worn-out pads and _____.
 _____ the _____ spongy brakes _____ to factors _____ worn-out _____ and rotors?
 _____ there other factors _____ soft/spongy _____ pedal?
 Because of _____ other than _____ can _____ or sponge-like touch on _____?
 Did _____ cause _____ soft/spongy _____ pedal?
 _____ there other _____ that _____ a Soft/spongy brake _____?
 _____ there _____ reasons _____ a soft/spongy _____ pedal?
 _____ any possible _____ the _____ and rotor _____ weak/softer braking sensation?
 _____ the brakes to be _____ by factors other _____ worn-out _____ rotors?
 Can the _____ brake _____ be related _____ brake _____ and _____?
 A _____ the _____ is _____ worn out pads and _____.
 _____ other than brake pads and rotors _____ in a _____ brake _____?
 _____ softer or _____ brakes besides _____ out pads and _____?
 What _____ causes of _____ soft _____ spongyfeel _____ brake pedals?
 _____ that caused a soft/spongy _____ pedal?
 Can the _____ the _____ be attributed _____ any other _____?
 _____ factors _____ a soft/spongy _____ pedal?
 _____ else _____ a soft/spongy brake pedal?
 _____ it _____ soft _____ sponge-like touch on the brakes from _____ other than _____?
 _____ cause a _____ pedal feel?
 Is there _____ alternative _____ the _____ out pads _____ to _____ spongy _____?
 Do you _____ for _____ soft/spongy brake _____?
 What _____ brake pedal?
 The soft/spongy _____ pedal _____ factor affecting _____.
 Can _____ culprits behind the _____ of brakes?
 Is it possible _____ a _____ to _____ reasons?

_____ there any _____ cause _____ worn-out _____ and rotor which _____ to _____?
 Is there _____ alternative _____ the worn-out _____ and _____ that _____ spongy _____?
 _____ the _____ the _____ pedal _____ to any other factors?
 _____ possible to give a _____ pedal _____ for _____ else _____ brakes pads _____ rotors.
 Except _____ what causes _____ soft/spongy _____ feel?
 Did _____ be other _____ that _____ a _____ pedal?
 _____ possible _____ brakes pads _____ rotors contribute _____ or spongy feeling in _____ system?
 _____ is _____ to give _____ brake _____ sensation for something else, _____ than _____ old _____ pads _____.
 _____ there other _____ for _____ soft/spongy _____ that didn't _____ old _____ pads?
 _____ causes _____ you _____ contribute to _____ brakes pedal _____?
 _____ you _____ there are _____ a _____ brake pedal _____ than _____ pads and rotors?
 Mention _____ and rotor that might have caused _____ soft braking sensation?
 Is _____ spongy _____ caused _____ factors other than worn-out _____?
 _____ reasons for a soft/spongy _____ pedal _____ than worn _____
 Other _____ you think contribute to _____ feeling?
 _____ to give _____ brake pedal _____ to something _____ than the _____ brakes pads _____.
 Is there _____ soft _____ sponge-like touch to _____ due _____ other than _____?
 Is _____ there _____ besides worn-out _____ pads and rotors that contribute to a soft _____ spongy _____
 _____ there a _____ besides worn _____ brakes _____ rotors _____ contributes _____ a soft or _____ braking system?
 Is _____ for something else, _____ than _____ and rotors, _____ result in _____ pedal sensation?
 _____ there more _____ the problem of _____ brake pedal _____ worn _____?
 _____ is possible _____ brake _____ sensation for something other than old _____.
 Is there a _____ the brakes due to _____ sources other _____?
 Is _____ a reason besides _____ pads and _____ soft _____ sensation?
 _____ think _____ to it _____ worn _____ brake pads and rotors?
 Is _____ something _____ than old _____ and rotors _____ cause a _____ in the brake _____?
 _____ there more to _____ than worn _____ and _____ for a _____?
 _____ soft/spongy _____ pedal related to _____ pads _____ rotors?
 Is _____ possible _____ there are _____ affecting _____ soft/spongy _____ pedal?
 Is _____ to _____ spongy pedal feel?
 _____ pads aren't the only cause of _____ brake _____?
 Is the feeling _____ brake pedal _____ to _____ than _____ pads?
 Is there another _____ for _____ soft/spongy _____ other than _____?
 _____ pads are not the only thing that can _____.
 What other causes do _____ think contributes _____ the _____ pedals?
 _____ there any other cause of _____ pedal _____ worn _____ and _____?
 _____ need to know _____ there's another _____ for _____ soft/spongy _____.
 Is _____ an _____ worn-out _____ and _____ to spongy brakes?
 It is possible _____ a _____ for something else, besides _____ old _____ pads _____ rotors
 I wonder _____ there's _____ other _____ for _____ soft/spongy _____.
 _____ you _____ are _____ for a soft pedal _____ the _____ out brake pads _____?
 _____ be _____ besides worn _____ brake pads _____ the _____ brake pedal?
 Other than broken _____ cause _____?
 Is it _____ for something _____ apart _____ old _____ and _____ to _____ in a _____ pedal _____?
 _____ am _____ if _____ experience a _____ sponge-like touch on the brakes due to _____ other _____
 _____ factors associated _____ a Soft/spongy brake _____?
 Is it _____ that the brakes _____ be _____ by _____ pads and _____?
 _____ beyond worn-out pads _____ cause spongy _____.
 A soft or _____ feel in _____ pedals _____ by _____ out pads _____.
 Is there _____ cause _____ a soft/spongy brakes _____?

Is ____ any ____ cause besides ____ out ____ rotors that ____ brakes?
 ____ give a ____ pedal sensation for something ____ than old brake ____.
 ____ spongy feeling in ____ pedal be ____ by ____ factors?

Is ____ another ____ a mushy ____ pedal besides ____ pads ____?

Is ____ more to the ____ issue ____ pad ____ rotor?

____ there ____ alternative ____ for ____ spongy brakes ____ from ____ worn-out ____ rotors?

What ____ factors caused ____ pedal?

____ for the soft/spongy brake ____ be ____ to other ____?

Is there a ____ or ____ the ____ because of ____ other ____ wear-indicating?

Did ____ anything ____ make a ____ pedal?

Do you ____ other ____ soft/spongy brake ____ feel?

____ you believe ____ other reasons ____ have ____ soft brake ____?

Is there ____ than worn-out pads ____ rotors ____ spongy ____?

Can ____ more ____ behind ____ soft/sponginess ____ brakes?

Is ____ than ____ out ____ and rotors ____ mushy brakes?

Do ____ think there ____ other ____ a ____ brake ____ besides ____ out ____ pads?

The ____ pedal ____ soft ____ worn out ____ pads and rotors.
 ____ possible to ____ a ____ brake pedal sensation ____ something ____ than ____ and rotors

What causes ____ soft/spongy ____?

____ other factors ____ caused a soft/spongy ____ pedal.

Do ____ think there ____ reasons ____ a ____ brake ____
 ____ anyone ____ any ____ behind the brake ____ feel?
 ____ factors that could affect ____ soft/spongy ____ pedal.

Is ____ to the brake ____ than ____ pad and ____?

The ____ feel in ____ be caused by ____ out brakes pads ____.

There are ____ out brakes pads ____ that ____ soft or spongy ____ brake pedal.
 ____ are ____ other reasons for ____ Soft/spongy ____?

Could something other ____ cause ____ pedal feeling?

Is there ____ reason ____ spongy ____ out ____ and rotors?

There ____ other factors affecting the ____.

Can ____ other ____ affecting the ____ pedal?

What ____ the other ____ my ____ soft and ____?

What ____ do you think ____ the ____ feeling?

____ other reasons for a ____ brake pedal ____ the worn out brake pads ____?

____ you ____ there ____ for a ____ brake pedal ____ than the ____ out ____?

____ any ____ the ____ breaks ____ and roter ____ towards Sotf/spong braks pedal feel

Do ____ reasons for the ____ feel?

____ in ____ pedal related to anything ____ than ____ pads?

Is it ____ for ____ besides ____ and ____ to ____ in a soft ____ pedal ____?

What ____ causes do ____ think ____ pedal feel?

The worn ____ brake ____ can ____ spongyfeel in ____ brake pedals.

Can you ____ other culprits behind ____?

____ another ____ for a weak brake ____?

____ else contribute ____ braks ____ feel?

____ other ____ a ____ pedal, besides ____ brake pads?

There ____ a soft ____ the ____ pedals ____ worn out ____ pads.

Do ____ think there's more ____ soft ____ pedal ____ the ____ out ____ the rotors?

Is ____ other ____ soft/spongy ____ pedal?

____ there more to the ____ brakes ____ pads and ____?

Is it ____ that ____ besides worn-out ____ pads and ____ to a ____ spongy feeling in ____ braking

Is there ____ other ____ besides ____ pad and roter ____ towards ____?

____ it ____ for something else besides ____ pads and rotors to ____ soft ____ pedal ____?

It is possible to ____ soft brake ____ for ____ other ____ old ____ and ____ rotors.

____ other factors ____ a ____ worn out ____ pads?

I ____ can ____ a soft or sponge-like touch on the ____ because of ____.

It ____ brake pedal sensation for something other than ____ old brakes ____ rotors

____ do ____ think ____ the spong brakes ____ feel?

What ____ causes ____ you ____ make the ____ feel?

____ there ____ reason besides deteriorated pads ____ rotors ____ a ____ when ____?

A soft ____ sensation ____ be given to something other ____ and ____.

____ sources besides ____ and ____ could be causing the ____ braking sensation?

Did ____ that caused a ____ besides ____ out brake ____?

____ more to ____ pedal ____ worn- out pads ____ rotors?

Is ____ for ____ else besides ____ brake ____ and rotors ____ a ____ brake ____ sensation?

A soft feel ____ the brake ____ be ____ to ____ out ____.

____ else ____ soft brakes besides ____ out pads and ____?

Is ____ possible ____ something ____ brake pads ____ rotors, ____ result in a soft pedal ____?

Is there ____ soft ____ pedal than ____ and rotor ____?

____ think there ____ for a soft brake ____ other than the ____ pads or ____ rotors.

Is ____ an ____ to the worn-out ____ and ____ causing ____?

Is ____ that factors other than ____ pads ____ rotors cause ____?

____ we ____ the brakes ____ other ____ pads or rotors?

The ____ out ____ pads and ____ cause a ____ in ____ brake ____.

What else ____ to the ____ braks ____ feel?

It ____ possible to ____ soft/ ____ sensation for something ____ the ____ brakes ____ and rotors

____ you think there ____ reason ____ a soft brake ____ the ____ brake pads ____ rotors?

____ it ____ for something ____ than old ____ and ____ a soft brake pedal ____?

Did there ____ than ____ factor ____ brake pedal?

Is ____ caused by ____ outside ____ pads ____ rotors?

Is there ____ behind ____ brakes?

____ factors cause ____ soft ____ besides the worn-out ____ pads?

Do you think ____ there are ____ other than worn ____ brake pads?

____ there ____ the mushy brakes ____ out pads and ____?

____ it possible for ____ other than ____ rotors to result in a ____ pedal ____?

____ it ____ spongy ____ to ____ by factors besides ____ out pads and ____?

Did ____ other ____ softer/spongy brake ____?

____ to give ____ soft/ brake ____ for something ____ than just old brake ____ and ____

Did ____ other ____ of a soft ____ besides the ____?

Can ____ soft or sponge-like touch ____ the ____ to sources other ____?

Is ____ any other cause ____ pad ____ leads to the ____?

____ possible ____ other ____ old brake pads and ____ result in a ____?

Is ____ something other ____ brake pads and rotors to ____ a ____ pedal ____?

____ give a soft brake ____ sensation ____ other than ____ pads and brake rotors

____ there an additional ____ soft/sponginess of ____?

Can ____ pads ____ to blame for ____ brakes?

Is ____ possible that spongy ____ by ____ besides worn-out pads ____?

Is it ____ to ____ by factors ____ than worn-out ____ rotors?

____ of the ____ braks ____ feel?

____ you ____ are other reasons for ____ brake ____?

I want to know ____ are other causes besides ____ pad and ____ Soft/spong ____

Is spongy _____ factors besides _____ out _____ rotors?

_____ other factors _____ that _____ a spongy pedal?

_____ any _____ cause _____ spongy _____ from worn-out _____ and rotors?

_____ the brake pedal _____ attributed _____ than _____ pads?

A _____ spongy feel _____ the brake pedals _____ a _____ worn out brake _____.

Along _____ worn-out _____ what _____ can lead to a _____?

_____ be more reasons _____ a soft/spongy _____?

_____ causes do _____ think contributes to the spong _____?

Is there more to _____ the _____ and rotors?

Is _____ any _____ other than _____ brakes _____ and rotors _____ contributes _____ a _____ spongy _____?

Is there a _____ than _____ rotors that contributes to a _____ or spongy feeling _____ braking _____?

Did the Soft/spongy _____ pedal _____?

_____ there any _____ behind the soft/spongy brake _____?

_____ causes may contribute to the _____ pedals _____?

What _____ possible _____ worn pads and _____ contribute _____ sponge-like _____?

_____ there any other _____ behind a _____ brake _____?

_____ are other reasons for _____ soft/spongy _____ pedal feel?

_____ possible _____ spongy _____ can _____ caused by factors _____ worn-out pads _____ rotors?

Is it possible _____ than _____ brake _____ to _____ a soft _____ pedal?

_____ are other culprits _____ soft/sponginess _____?

_____ another cause apart _____ worn-out _____ contributes to spongy brakes?

Is there _____ can _____ soft/spongy brake _____?

Is _____ possible that the _____ is due _____ factors?

Is there _____ causing _____ spongy pedal _____ worn-out _____ rotors?

_____ brake _____ caused _____ factors than _____ worn pads/rotors?

Do _____ different _____ the soft/spongy _____ pedal feel?

Is there _____ touch to _____ brakes _____ of things _____ than _____?

_____ other _____ do you think _____ spong _____ feeling?

_____ be reasons _____ soft/spongy brake _____ other than worn _____.

A _____ pedal feel _____ be a _____ of factors beyond just the _____ braking _____.

Is _____ for something other than _____ and rotors to _____ a _____?

I _____ there _____ other reasons _____ a _____ pedal.

Is _____ possible for something _____ old brake _____ and rotors to _____ pedal?

Is _____ more _____ the Soft/spongy brake _____ than _____ and _____?

Is there _____ else _____ blame _____ worn pads _____?

_____ possible for something _____ than _____ pads and _____ in a softer brake pedal _____?

_____ you believe that _____ is more _____ soft brake _____ the _____ pads?

_____ want _____ know if _____ reason _____ a soft/spongy brake pedal.

_____ there _____ for a _____ brake _____?

Is there _____ alternative cause for the _____ from _____ worn-out _____?

A soft _____ in the _____ is _____ worn out pads _____.

Is there _____ reason _____ pedal besides _____ pads?

_____ it _____ than _____ and rotor damage cause a _____ feel?

Is _____ the brakes can be _____ factors _____ than _____ pads _____ rotors?

Is there other _____ brake _____?

_____ there _____ other _____ breaks pad and roter _____ leads _____ soft?

_____ worn-out _____ and rotors that could _____ soft or spongy _____ in _____ braking system.

Mention any _____ sources besides _____ and _____ that _____ be _____ the _____ braking _____?

_____ mushy pedal _____ could be _____ to _____ pad _____ rotors.

Is _____ more to _____ brake _____ the worn pads _____?

Due to _____ wear-indicating breaks can _____ soft _____ sponge-like touch _____ brakes?
 _____ feel could be a result of factors beyond just wear _____.

_____ soft/spongy brake _____ been affected _____ factors?

_____ a soft _____ touch on _____ brakes come _____ sources _____ wear-indicating _____?

The mushy _____ feel could _____ other _____ pad _____ rotors.

Is _____ an alternative _____ worn _____ pads _____ rotors that _____ to _____ brakes?
 _____ another _____ a soft/spongy brake _____ feel?

Is _____ for a _____ brake _____ worn components?

Is it possible that something _____ than old brake _____ result in _____ brake _____?

Mention _____ sources other than _____ pad and _____ may have _____ weak/ _____ braking _____?
 _____ there _____ factors that contribute _____ a _____ pedal?
 _____ more than _____ a soft/spongy brake _____?

Is there _____ out brakes _____ rotors that contributes _____ a soft _____ feeling _____ my brakes?
 _____ soft or _____ in _____ brake _____ caused _____ out brake pads
 _____ mushy pedal _____ could _____ from _____ other _____ pad and _____.

Is _____ other _____ a soft/spongy _____ pedal _____?
 _____ the reasons for _____ soft/spongy _____ pedal _____?
 _____ be additional _____ soft/spongy brake pedal.

Is _____ possible _____ something _____ brake _____ and _____ cause a soft _____ pedal sensation.
 _____ to _____ if there's any _____ reason for _____ soft/spongy _____ besides _____.

Can we _____ the brakes to anything _____ worn-out _____?

Other _____ pads, what can _____ to _____ feel?

Is it _____ to cause _____ by _____ than _____ pads?
 _____ causes _____ sponge-like brakes _____ worn out _____ rotors?

Do _____ have _____ reasons _____ a soft/spongy brake _____?
 _____ it _____ that factors other than pad _____ damage _____ in _____ mushy _____?

Can I experience a _____ touch _____ the brakes _____ wear-indicating breaks?

Is _____ for _____ other _____ old brake pads _____ rotors _____ pedal sensation?

Is there more to this _____ pedal _____ and _____?
 _____ other cause _____ spongy _____ besides the worn-out pads and _____?
 _____ there something _____ contributes to _____ brakes _____ the worn-out pads _____?
 _____ to know _____ there are other reasons _____ a soft/spongy _____.
 _____ you know _____ other _____ besides _____ breaks pad and roter _____ towards _____ braks _____?
 _____ it _____ that _____ other _____ and rotors _____ to blame _____ spongy brakes?
 _____ other reasons _____ a _____ pedal _____ worn-out brake _____?
 _____ spongy brake feel _____ by worn _____ and other _____.
 _____ for something else, _____ old _____ pads _____ rotors, to _____ soft brake pedal sensation?

Other than worn-out _____ else _____ lead _____ a _____ feel?

Is it possible for _____ other _____ old brake _____ and rotors _____ pedal sensation?

Is there _____ reason _____ brakes pads and _____ soft _____ spongy feeling _____ my _____ system?
 _____ there other factors _____ soft _____ besides _____ worn-out _____ pads?

Aside from _____ what _____ can lead _____ a soft _____?

Is there _____ other _____ wronout breaking pad _____ towards Sotf/spong braks _____?
 _____ a _____ besides worn-out _____ pads and rotors that _____ a soft or _____ feeling _____?

Is there _____ cause other _____ wronout _____ roter which _____ towards _____?

What are the _____ of _____ or _____ brake _____?

Is _____ for _____ other than brake pads and _____ result _____ pedal sensation?

Can there be _____ of _____ soft/spongy _____?

Is there a reason _____ a _____ than _____ rotors?

Is there more _____ brake _____ than the _____?

_____ there a reason _____ worn-out _____ pads _____ contributes to _____ soft _____ spongy feel in my _____ ?
 Do _____ that there _____ other _____ for a _____ brake pedal _____ than _____ ?
 Is there _____ softer or sponge-like touch _____ other _____ wear-indicating?
 It is _____ give a soft/ _____ sensation, other than _____ and _____ .
 One can _____ a _____ something other than _____ brake pads and brake _____ .
 Is there _____ pedal than worn-out pads?
 _____ there a _____ for a _____ brake pedal _____ and rotors?
 Is _____ that factors _____ than pad _____ result in a _____ feel?
 There are _____ out brakes _____ and _____ that _____ brake pedal _____ .
 It _____ possible to _____ soft/ brake pedal _____ for something _____ old brakes _____ and _____ .
 Is it _____ for something _____ brake pads and _____ result in _____ soft/ brake _____ ?
 Is there _____ to _____ pedal than _____ out _____ ?
 Is _____ to the soft/spongy brake _____ than _____ pads _____ ?
 Is it possible _____ spongy _____ are _____ by _____ beyond _____ ?
 _____ other culprits _____ and _____ for _____ brake pedal?
 _____ you have any other _____ soft/spongy _____ feel?
 _____ there _____ associated _____ soft/spongy brake pedal?
 _____ mushy pedal feel _____ be _____ factors _____ pad and _____ damage.
 Is _____ more _____ the _____ pads and rotors?
 Is _____ reason for the spongy _____ besides _____ and rotors?
 Can you _____ behind the soft/sponginess _____ ?
 _____ in _____ brake _____ is caused by _____ brakes _____ and rotors
 Do you _____ for a soft brake pedal _____ brake pads?
 There _____ rotor damage that result _____ a bad pedal feel.
 Is _____ culprits _____ the _____ of _____ ?
 _____ factor beyond worn-out _____ and rotors that _____ spongy _____ ?
 Did _____ soft/spongy brake pedal?
 _____ feeling in the _____ other factors other _____ worn pads?
 _____ it possible for _____ besides _____ brake _____ and _____ to create _____ soft _____ sensation?
 _____ factors may _____ a soft/spongy _____ .
 _____ may _____ other _____ a soft _____ other than the _____ out brake _____ .
 _____ be a _____ or sponge-like _____ the brakes _____ of _____ sources.
 A _____ brake _____ be _____ result of _____ beyond just wear _____ tear _____ the _____ .
 _____ know any _____ causes _____ the wornout breaks pad _____ which _____ to _____ ?
 _____ possible to _____ brakes _____ anything other than _____ and rotors?
 A soft _____ supple _____ brake pedal can _____ worn out _____ pads _____ rotors.
 The worn _____ to sponge-like _____ the _____ possible causes?
 _____ sponge-like _____ are _____ with worn out pads _____ .
 _____ softfeel _____ brake _____ is caused by worn out brakes _____ .
 _____ anyone _____ culprits _____ brake pedal feel?
 Is _____ other _____ for _____ brake _____ ?
 Is _____ possible that _____ pad _____ rotor damage affect the _____ ?
 _____ there _____ other _____ worn-out brakes _____ rotors that contributes _____ soft feeling in my _____ ?
 Do you _____ there are _____ reasons for a soft _____ pedal _____ worn _____ ?
 There _____ other factors for a _____ .
 Is _____ possible that there are _____ factors _____ spongy _____ ?
 Is there _____ than _____ pads _____ to blame for _____ ?
 _____ squidgy brake _____ feel _____ caused by _____ out of brakes.
 Is there _____ other reason for _____ soft/spongy _____ components?
 A soft _____ in _____ can be _____ by worn out _____ pads _____ .

Do _____ any _____ culprits behind the soft/sponginess _____?

_____ to attribute _____ brakes to _____ other than _____ pads _____ rotors?

Mention any _____ other than _____ old pad and _____ braking sensation?

Could something _____ feeling, besides _____ brake components?

It's _____ give a soft/ _____ sensation for something _____ pads and rotors.

Is there any other _____ the _____ weak/softer braking sensation?

Is there more _____ this soft/spongy brake _____?

I _____ there _____ other _____ for a Soft/spongy _____.

_____ it _____ something besides old brake _____ and _____ a soft brake _____?

_____ in the _____ is _____ to _____ out _____ and rotors.

_____ is possible to _____ a _____ sensation for _____ than the old brakes pads _____.

_____ there _____ to the _____ brake _____ feel _____ wear?

What _____ the soft/spongy brake _____?

_____ another culprit behind _____ feel?

_____ else causing a spongy _____ worn-out pads?

_____ possible _____ the _____ be cause _____ factors other _____ worn-out pads _____ rotors?

Did _____ other factors for _____ pedal _____ old brake pads?

Is _____ more to _____ brake pedal than _____?

_____ other factors _____ and _____ damage _____ result in a mushy pedal _____.

_____ think there _____ than _____ out brakes _____ a soft brake _____?

_____ it possible for _____ to _____ caused _____ the worn _____ pads _____ rotors?

Mention any other sources _____ old _____ and _____ could _____ causing the _____?

It _____ to _____ a _____ brake _____ other than the _____ brake pads and rotors.

_____ there's _____ to a soft _____ pedal than _____ worn out brake _____?

_____ I experience a _____ or sponge-like _____ the _____ because _____ sources _____ wear-indicating _____?

_____ broken _____ the reason _____ the spongy pedal?

There _____ some _____ for a soft/spongy brake _____ components.

Is _____ caused by _____ broken pads?

Is _____ possible _____ attribute weak brakes to _____ and _____?

What _____ some _____ that the _____ brakes pedals _____?

_____ you think _____ other _____ of a _____ brake pedal?

I _____ there _____ any _____ besides worn out brakes _____ and _____ contribute _____ a _____ or spongy _____ my braking _____.

Do _____ there's more to _____ soft _____ pedal _____ the _____ brake _____?

_____ there _____ alternative reason for the _____ out _____ and rotors?

_____ worn-out brakes _____ and rotors _____ could possibly contribute _____ a _____ spongy _____ in _____ brakes.

_____ possible that _____ wearing out braking materials could result _____ brake _____ feel?

Is it _____ something else _____ brake _____ to _____ a soft brake _____ sensation?

_____ would _____ to know _____ is _____ reason for a _____ pedal.

_____ want to find out if _____ another _____ a _____ pedal.

_____ want to know if _____ are any _____ rotors that _____ a _____ spongy feeling in my braking _____.

It _____ to give _____ brake pedal sensation, other _____ old _____ pads _____.

_____ that _____ factors _____ the soft/spongy brake pedal?

_____ other factors _____ the soft/spongy brake pedal.

Maybe _____ are _____ a _____ brake pedal?

_____ there _____ culprit _____ the soft/sponginess _____ brakes?

Is the spongy feeling _____ the _____ pedal _____ to _____?

_____ there _____ for a soft/spongy _____ pedal _____ components?

_____ it _____ cause spongy _____ other than worn-out pads.

Can I _____ a _____ or _____ touch _____ the _____ than the _____ breaks?

_____ there are other _____ than the worn _____ brakes _____ a _____ brake _____?

Is _____ cause besides _____ worn out broken pad _____ rotor _____ to _____?

Is there other _____ of _____ besides worn _____ rotors?

_____ reason other than worn out brakes _____ rotors _____ contributes _____ soft _____ spongy feeling in _____?

_____ there _____ reason _____ worn-out _____ pads _____ that _____ to a _____ or _____ FEEL in my braking _____?

Is it possible _____ besides old brake _____ to result in a _____ brake _____?

Can _____ in the _____ to other factors _____ worn pads/rotors?

Is _____ other _____ that affects _____ soft/spongy brake _____?

What other factors _____ you think _____ to _____ brakes _____?

I _____ to know _____ are _____ other _____ soft and spongy braking _____.

An _____ or _____ could be _____ of factors _____ just worn _____ braking materials.

_____ or spongy feel in _____ brake pedals _____ of worn _____ and _____.

There are _____ that can _____ a _____ pedal.

What other causes _____ you _____ contribute _____ the spongy _____?

What _____ or sponge-like brakes, besides _____ rotors?

A _____ in the _____ by _____ out brakes pads and _____.

_____ there another factor behind _____?

Is _____ any other _____ affect _____ brake pedal?

Is _____ possible that _____ than pad _____ damage _____ in _____ pedal _____?

_____ there _____ more reasons for a _____ pedal _____ worn _____ brakes?

_____ other _____ that affect _____ soft/spongy _____ pedal

Is _____ brakes to be caused by _____ factors than _____ pads _____?

_____ there _____ other _____ for a _____ and _____ braking _____?

I _____ know _____ other reason _____ a soft/spongy brake pedal.

_____ have other reasons for _____ pedal feeling?

Besides worn-out _____ else can cause _____ soft _____?

It is possible _____ have a _____ brake pedal _____ other _____ brake _____.

Even _____ worn _____ to sponge-like brakes, _____ other possible _____?

_____ there a _____ sponge-like _____ on the brakes due _____ other sources _____?

Is _____ factors beyond worn-out _____ and rotors?

Did _____ other _____ that made _____ soft/spongy _____ pedal _____?

Besides _____ what else _____ a poor brake _____?

Is it _____ that _____ brakes _____ worn-out pads and rotors.

_____ other causes _____ brakes besides _____ pads _____ rotors?

What _____ soft or sponge-like brakes _____ worn-out _____?

Is _____ that worn-out brakes pads and rotors contribute _____ a _____ brakes?

_____ possible for something else besides _____ to make _____ soft brake pedal _____?

Do _____ think there's _____ reason for _____ soft _____ the worn _____ brake pads or _____?

_____ it possible for _____ other _____ and _____ result in a mushy _____?

_____ is _____ cause _____ spongy brakes apart from _____ rotors.

_____ there _____ reason _____ a _____ brake pedal _____ brake pads or _____ rotors?

Is _____ the spongy pedal _____ worn-out _____ and rotors?

Is there any other _____ to _____ brake _____ feel?

_____ have any other _____ the soft/spongy _____ feel?

_____ worn out breaks pad and rotor that leads towards _____ pedal _____?

Is _____ possible for _____ other _____ old brake _____ and rotors _____ result _____ Brake _____ sensation?

_____ I experience _____ soft or sponge-like _____ brakes _____ source other than _____?

Is _____ possible _____ are _____ factors that cause _____ pedal?

_____ you think there's more _____ a soft _____ pedal _____ pads?

_____ might be _____ for _____ Soft/spongy _____ pedal.

_____ it _____ pad and _____ damage result in _____ damaged pedal feel?

Is ____ another ____ for a ____ brake ____ besides the ____ and ____?
 ____ any ____ that ____ a soft/spongy brake pedal feel?
 ____ factors cause ____ soft ____ besides worn-out brake ____?
 What other causes do you think ____ spong ____?
 It's ____ give a soft/ brake pedal ____ else ____ the ____ and rotors
 A soft ____ feel in the brake ____ caused by worn ____ and ____.
 Did ____ else ____ pedal ____ worn-out brake pads?
 Is ____ to ____ pedal than just ____ components?
 Is ____ other than ____ pads ____ rotors that ____ to a ____ spongy feeling in ____ brakes?
 ____ have ____ to explain the soft/spongy ____ pedal ____?
 Is ____ possible that factors ____ than ____ and rotors can ____?
 ____ there other factors ____ soft pedal ____ brakes?
 Is ____ other ____ for the spongy brakes ____ and rotors?
 ____ addition to ____ pads, what ____ to ____ spongy brake ____?
 Is ____ soft or sponge-like touch ____ the ____ sources ____ than ____?
 ____ if there ____ other ____ that affect the soft/spongy brake ____.
 Is it ____ something other ____ pads ____ rotors to ____ pedal ____ soft?
 Is there ____ than ____ rotors ____ the brakes?
 Can I experience a soft ____ sponge-like ____ the brakes from ____?
 ____ there ____ factors related ____ brake pedal?
 ____ are ____ reasons for a ____
 ____ to ____ brake ____ issue than ____ and rotor issues?
 ____ than ____ breaks, ____ I experience a soft or sponge-like ____ on ____.
 Do ____ think there ____ reasons other ____ worn out brakes ____ pedal?
 Can the feeling ____ brake pedal be ____ factors ____ worn ____?
 Is there ____ to ____ pads and rotors ____ spongy ____?
 ____ there be ____ besides worn-out ____ that affect the ____?
 The ____ brake pedal ____ worn out ____ pads and ____.
 Soft or ____ brakes ____ led ____ worn-out ____ and ____.
 ____ other ____ sources besides the old ____ and ____ for ____ sensation?
 ____ wanted to ____ there ____ other ____ for a soft/spongy brake ____.
 Is ____ possible for ____ pedal to ____ other ____?
 ____ you ____ reasons for ____ soft/spongy ____ feel?
 Do you ____ other ____ for ____ feel?
 What ____ causes of the ____ braks pedals ____?
 Are ____ other ____ with a soft/spongy brake ____?
 Is there any ____ reason ____ brake ____ feels?
 ____ there more than ____ reason for ____ brakes?
 Is there ____ besides the wronout ____ pad ____ roter ____ leads ____?
 ____ another ____ besides worn-out ____ and rotors that ____ to ____?
 What ____ or ____ brakes other than worn-out ____ and ____?
 ____ anything ____ besides ____ pads and rotors ____ can cause ____ soft ____?
 ____ you reckon ____ are other reasons ____ a ____ brake ____ other than ____?
 ____ the cause of ____ brakes ____ worn-out pads ____ rotors?
 It's ____ a ____ brake ____ for ____ than just old ____ pads and brake rotors.
 Is ____ spongy ____ brake pedal due ____ other ____?
 Can there be a ____ sponge-like ____ the brakes ____ of sources ____?
 ____ more than ____ factor for the ____ pedal?
 ____ there a way to ____ a soft/ brake ____ than ____ rotors?
 ____ would like ____ is a reason ____ the ____ brake pedal.

Is ____ any ____ cause besides worn-out ____ pad ____ rotor which ____ ____ ____ ____ ____ feel?
 ____ ____ possible ____ me ____ experience ____ ____ or ____ touch ____ the brakes because of sources other ____ ____
 ____ ____ a soft ____ ____ in ____ brake ____ due ____ worn-out brakes ____.
 ____ worn ____ brakes pads ____ ____ a soft ____ ____ in the ____ pedal.

Is it ____ that spongy ____ ____ be ____ by ____ other ____ ____ ____ and rotors.
 ____ ____ another cause besides worn-out ____ and ____ ____ contributes to ____ spongy ____?
 ____ ____ more ____ ____ soft brake ____ than worn-out ____ pads ____ rotors?
 ____ ____ any sources ____ than ____ old ____ and ____ ____ are causing ____ weak/softer braking ____?

Is ____ a ____ ____ ____ brakes pads ____ rotors that contributes ____ ____ soft feel in ____ brakes?
 ____ ____ is ____ ____ a ____ brake pedal sensation for something besides ____ old brake ____ ____ ____ rotors.

Is ____ any other ____ ____ ____ soft/spongy brake ____ feel.
 Besides worn-out pads, what ____ factors ____ ____ to ____ spongy ____ ____?
 ____ ____ there more ____ a ____ brake ____ apart from ____ ____ ____ rotor issues?
 ____ ____ think there are other ____ ____ a ____ brake ____?

I ____ if ____ ____ other reasons ____ worn out ____ ____ and rotors that contribute to ____ ____ or ____ ____ in my ____ ____.
 ____ ____ ____ pedal ____ ____ attributed to other factors?
 ____ ____ I ____ ____ soft, ____ touch on the ____ from ____ ____ ____ wear-indicating breaks?
 ____ ____ the ____ ____ the ____ ____ ____ anything other than worn pads and rotors?
 ____ ____ ____ there ____ other reasons for a ____ ____ pedal other ____ worn out ____ pads ____ the ____?

Is ____ ____ other ____ ____ besides the ____ breaks pad ____ ____ that leads ____ ____?
 Is ____ ____ ____ worn-out ____ and ____ ____ the spongy pedal?

Will ____ experience ____ soft ____ ____ ____ the ____ due to sources other ____ wear-indicating ____?
 ____ ____ any ____ ____ besides the old pad ____ rotors for the ____ ____ ____?
 ____ ____ there an alternative to ____ to ____ brakes ____ from worn-out ____ ____?
 ____ ____ there ____ ____ to ____ ____ ____ and rotors that ____ ____ the poor brakes?
 ____ ____ there be any other ____ ____ ____ soft/spongy brake ____?

What ____ causes ____ ____ think contribute ____ ____ spongy ____ pedals sense?
 Is there ____ ____ for a ____ brake ____ other than ____ ____ out brake ____ ____ ____?
 Is the brake ____ ____ ____ factors than worn ____?

____ ____ any ____ cause ____ a soft/spongy ____ pedal feel?

There ____ ____ ____ other ____ pad and rotor damage that make ____ ____ ____ ____.

There ____ other ____ ____ a Soft/spongy brake ____ besides ____ worn out ____ ____ ____ rotors.

A soft ____ ____ in the brake pedals is ____ ____ ____ out ____ ____ ____ rotors.

Can I experience ____ ____ ____ sponge- ____ ____ on the brakes ____ ____ ____ other than ____ breaks?

Is ____ ____ ____ the spongy pedal ____ ____ ____ and rotors.
 ____ ____ it ____ for spongy brakes ____ ____ ____ factors other ____ worn out ____?

Is it possible for something ____ ____ ____ than ____ pads ____ ____ ____ result in ____ ____ pedal ____?

Is there ____ ____ ____ affecting the ____ brake ____?

Do you agree that there ____ ____ ____ reasons for ____ ____ ____ ____?

Mention ____ ____ ____ other ____ ____ ____ pad and rotor ____ weak/softer braking sensation.

What can lead ____ ____ ____ brake ____ besides worn-out ____?
 ____ ____ other factors for ____ soft/spongy ____ ____ didn't involve old ____ ____?
 ____ ____ any sources ____ ____ the ____ ____ and rotors ____ might be causing ____ weak/ softer ____ ____?
 ____ ____ are worn-out pads ____ ____ can lead to ____ ____ ____ ____.

Did there be other factors ____ ____ ____ brake ____?

____ ____ worn pads ____ ____ ____ the spongy feeling in ____ ____ pedal?
 ____ ____ ____ there ____ any ____ besides ____ worn-out brakes ____ ____ ____ rotors that contribute to a soft or spongy feeling ____ ____ ____
 ____ ____ ____ possible sources other ____ ____ ____ pad ____ rotor ____ the weak ____ sensation?

Mention ____ ____ ____ ____ than the ____ pad ____ ____ ____ that ____ ____ causing the weak braking sensation?

I ____ ____ ____ if there ____ ____ ____ another reason ____ a soft/spongy ____.

There are _____ and rotors _____ reasons for _____.

_____ mushy pedal feel _____ be due _____ factors other _____ rotor _____.

Is _____ something _____ spongy pedal besides worn-out _____?

_____ of the brake pedal caused _____ other _____ than _____ pads?

There _____ worn-out _____ things _____ can lead _____ spongy brake feel.

_____ list _____ culprits _____ soft/sponginess of brakes?

_____ there _____ factors _____ contributed _____ a _____ brake pedal?

_____ there are _____ for _____ brake pedal _____ just the worn out brake _____?

What _____ other causes _____ contribute to _____ pedals _____?

Do you think _____ are _____ than worn out _____ pads?

_____ it _____ for _____ brake pads _____ rotors to _____ a _____ pedal sensation?

_____ there a reason _____ a _____ brake _____ besides _____ worn-out _____ pads _____?

_____ more _____ just _____ brakes cause a _____ pedal?

Is there _____ than _____ pads _____ rotors _____ contributes to _____?

Besides worn-out pads and rotors, _____ sponge-like _____?

_____ it _____ other _____ pad and rotor _____ cause a soft _____?

_____ could _____ factors affecting _____ brake pedal.

_____ causes can contribute _____ braks _____ feel.

Is it possible _____ other _____ old _____ pads _____ to cause a _____ brake _____ sensation?

Is there _____ soft/spongy brake _____ the _____ out brake _____?

Is _____ to _____ bad _____ than _____ worn pads and _____?

_____ any reason _____ deteriorated _____ that can cause _____ soft pedal sensation?

_____ possible for something _____ old brake _____ and rotors _____ mushy brake pedal sensation?

_____ an _____ worn-out pads and rotors that _____ softer _____?

What other factors _____ think contributes to _____ spong _____?

Is there a reason other _____ worn-out _____ pads _____ or spongy feeling in my _____?

_____ it _____ else, besides _____ pads _____ rotors, to result in a _____ pedal sensation?

_____ there _____ other causes for a _____ the _____ of the _____?

Is there _____ cause _____ wronout _____ pad and _____ Sotf/spong braks pedal _____?

_____ there any other _____ the old _____ weak/softer braking sensation?

_____ leads _____ sponge-like brakes, _____ worn-out pads _____ rotors?

_____ besides worn-out pads _____ rotors?

Is the _____ spongy brakes caused _____ factors _____ than _____?

Is _____ pedal _____ by anything other _____ worn pads/rotors?

_____ there _____ factors that _____ caused _____ brake pedal?

Other causes do you _____ contributes _____ pedals _____?

A squidgy _____ brake _____ feel _____ a result _____ factors beyond _____ wearing out _____ materials.

Is it _____ for something _____ old brake pads and _____ a _____ pedal _____?

_____ there anyone else _____ pedal besides worn pads _____?

_____ other _____ do you think lead to _____ Sotf/spong _____ pedal _____?

Could _____ cause a _____ the faulty brake _____?

Is _____ a reason for _____ besides _____ worn _____ pads?

A pedal _____ caused _____ other than faulty _____ components.

_____ possible _____ to _____ caused _____ factors beyond the worn-out pads?

_____ possible for spongy _____ to be _____ more _____ just _____ pads and _____?

Is _____ more to _____ soft/spongy _____ pedal _____ worn out _____ rotors?

_____ soft or spongy feel _____ the _____ by _____ out pads _____ rotors.

Do you _____ there is _____ reason _____ soft _____ than _____ worn _____ brake pads?

_____ else causes _____ besides _____ worn-out pads and rotors?

Is _____ to _____ brakes than the worn-out _____?

_____ there any other _____ brakes pedal feel?

Is there more to _____ of _____ soft/spongy _____?

Is _____ possible to _____ softer _____ to _____ worn-out pads?

I want to know _____ was _____ reason _____ than worn out pads and _____.

_____ the _____ pad and rotor that might _____ causing _____ weak braking _____.

_____ soft/ brake _____ for _____ other than old brake pads and _____.

_____ reason _____ a soft/spongy brake pedal besides _____?

Apart from _____ breaks and _____ other sources _____ to weak _____?

_____ think there _____ other _____ than _____ worn out _____ soft pedal?

_____ brake pedal could _____ other factors.

Is it _____ experience _____ soft _____ sponge touch _____ brakes from _____ other than _____?

_____ sources other than _____ old pad and rotors that _____ causing _____?

_____ wondering _____ there is any other _____ a _____ brake _____.

_____ it _____ for _____ other than old _____ pads and rotors, _____ cause a _____ sensation?

_____ possible _____ factors beyond _____ worn out braking _____ result _____ squidgy brake pedal feel?

Is there anything _____ a _____ besides _____ brake pads?

Does _____ know _____ wronout breaks pad _____ which leads to _____?

_____ think _____ are other _____ for a soft pedal other than the _____ pads _____?

It's possible to _____ a _____ brake pedal _____ other than _____ pads _____ brake _____

What _____ leads _____ or _____ brakes?

_____ it possible _____ something else besides brake pads _____ rotors _____ sensation?

Is _____ something else _____ the _____ brake pads and _____ make a _____ sensation?
