

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Network equipment recommendations and compatibility
Inquiry Sub-Category	Home networking equipment
Description	Customers need assistance in choosing the right networking equipment, such as Ethernet switches or powerline adapters, to optimize wired connections and create a stable and secure network infrastructure within their premises.
Data Size	5,043 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Which Ethernet switch ____ recommended ____ wired connections ____ ensuring ____ home?
 ____ suggestions on ____ good home ____ switch ____ a ____ connections ____?

How ____ anEthernet switch ____ wired ____ security of your ____?
 ____ it ____ to ____ safe ethernet switches ____ network connections?

Whatoptimal ____ use to enhance ____ connection ____ secure home ____
 Can you ____ a suitable switch ____ enjoy secured ____ maximum wired connectivity at ____?
 ____ suitable Ethernet switch that ____ allow ____ to enjoy ____ maximum wired connections?

I ____ to ____ if ____ is necessary ____ my wired connections and ____ my home ____.
 ____ is the ____ use to enhance wired connection and ____?

Do ____ an essn ____ wired connections and ensure a ____ network?
 Can you recommend ____ appropriate switch that ____ enjoy ____ connection at my house?

Should you recommend ____ switch ____ network?
 What's the ____ switch to ____ enhance wired ____ secure ____ network?

Suggestions on a ____ good home ____ of connections ____ are ____?
 ____ suggestions ____ a ____ home ____ switch ____ lots ____ connections that ____ secured?

AnEthernet ____ is one ____ good home network.
 What ____ suggestions for ____ home-network-supporting, high-connectivity-offering ____ switches?

Why not use ____ for ____ connection to increase ____ home?
 ____ you ____ essn switch that maximizes wired connections ____ ensures a ____?

Is ____ use ____ essn ____ that ____ secure network and ____ more wired ____?
 Which reliable, secure ____ switch ____ wired ____ most ____ setting?

____ need ____ if ____ is ____ goodEthernet ____ that ____ my home secure ____ enhance ____ wired connections.
 ____ wired ____ home ____ require a safe ____ switch.

____ the best switch ____ improving wired ____ my home ____?
 Is it ____ to ____ switch ____ can make ____ wired connections and ____ guarantee ____ secured ____?
 ____ be secured by ____ the best ethernet ____.

____ to maintain a secure ____ environment, there ____ be a ____ anEthernet ____.

Are you able ____ tell ____ what the ____ my ____ network?

____ best wired Ethernet ____ can help _____ recommendations ____ connections.

There _____ switch _____ that can ____ security at home.

I need to know _____ a _____ to ____ my _____.

Suggestions for an _____ can _____ guaranteeing- ____ network security, pretty please?

____ is _____ recommendation for ____ right kind ____ reliable, _____ switches

Home ____ security _____ boosted by the best _____.

Is ____ a ____ idea _____ an _____ that makes _____ connections ____ also ____ a secure network?

Home network _____ connections may be _____ a best _____.

Would you _____ an essn switch that makes _____ and _____ secure ____?

____ can find _____ that ____ unparalleled hardwired _____ security for your _____.

____ suggest ____ switch that ____ wired _____ guarantees ____ secure network _____ home environment?

What ____ the _____ increase wired connection ____ maintain a ____ home ____?

____ you recommend ____ an essn ____ that will make ____ wired ____ and _____?

Can _____ a switch _____ allow ____ to ____ secured ____ with ____ wired connection at my ____?

Home network connections can ____ secured ____ the _____.

AnEthernet switch as _____ good home network?

____ need to _____ there ____ anEthernet switch _____ enhance my ____ connections ____ ensure security ____ my _____.

____ you suggest ____ an _____ makes more wired connections and secures _____?

____ of _____ home-network-supporting, high-connectivity-offering Ethernet ____ do ____ recommend?

Choose _____ Ethernet switch _____ keep your in- _____ secure.

____ recommend ____ appropriate switch _____ that _____ me to enjoy _____ with maximum wired _____ my place?

____ switch _____ connection ____ the ____ of the home

____ suggestions ____ a _____ Ethernet ____ that is secured _____ tons of connections?

____ an essn _____ would _____ connections and guarantee a secure network?

What _____ for improving wired ____ and ____ my ____ network?

What ____ your top suggestion for a ____ secured- _____?

Would _____ essn switch ____ could _____ connections and ensure ____ secure network?

____ your ____ suggestions for _____ secured, home-network-supporting, high-connectivity-offeringEthernet ____?

Powerful hardwired connections _____ top-notch home ____ switch recommendations.

_____ and _____ can be boosted with the bestEthernet _____.

Can you _____ Ethernet _____ compromising domestic security?

____ is your ____ suggestion _____ right kind of ____ secured-home-network-supporting, _____ switches

Do you _____ for ____ secure home ____?

____ a go-to ____ switch that ____ can use ____ protect _____?

Would you _____ essn switch that makes more _____ ensure a _____?

____ you ____ an ____ switch that would _____ connections _____ a ____ network?

____ it be _____ an essn switch _____ more wired connections ____ secures a _____?

How about _____ connection that will increase _____ home?

____ the _____ to _____ capacity while fortifying home network?

I ____ anEthernet switch that ____ wired _____ safe at _____.

You might want ____ use ____ essn switch ____ makes more ____ connections ____ also _____.

____ efficient ____ switches for my _____?

Are you looking for a top-notch _____ wired connections ____ guaranteeing _____ data protection?

Would _____ the ____ of an essn _____ wired connections _____ secure network inside?

Can ____ recommend a _____ allow me ____ enjoy ____ networks ____ maximum ____ connections ____ my place?

____ you recommend _____ will _____ and guarantee a secure network _____ home environment?

Would ____ suggest using ____ essn switch to ____ more _____ your ____ network?

Would you ____ using an ____ switch _____ more wired connections ____ guarantee _____?

____ the best switch for _____ while _____ network?

____ network recommendations _____ connections ____ be secured _____ the best ____ Ethernet switch.

____ need ____ is a good Ethernet switch ____ help ____ my wired ____ and ensure security.
 Would you ____ using an ____ switch ____ maximize wired ____ ensure ____ secure ____?
 If ____ a ____ for ____ wired connections and ____ my ____ I need to know.
 I ____ to know what a good Ethernet ____ wired connections and protecting ____.
 ____ to know if there is ____ will enhance my ____ connections ____ make them ____.
 ____ reliable, ____ high-connectivity-offering Ethernet switches ____ you suggesting?
 What is the ____ switch to use ____ wired connections and ____?
 ____ an Ethernet ____ connection increases security in ____ home?
 Do ____ think ____ an Ethernet switch would be a good ____ to ____?
 Would ____ essn switch that ____ maximize ____ connections ____ make sure a secure network ____?
 I need ____ if there ____ switch ____ my ____ connections ____ ensure security on my network.
 ____ about an Ethernet switch for wired ____ the ____ home?
 ____ about ____ switch ____ wired ____ increase security at home?
 ____ pretty please, for an Ethernet ____ can ____ wired connections and ____?
 What is the optimal ____ to use ____ enhance ____ connection, ____ your ____?
 ____ about ____ switch ____ my ____ so ____ can securely network ____ home?
 Any ____ good ____ switch with lots of ____ secured?
 ____ an Ethernet ____ wired connection ____ increased ____ at the house?
 Which reliable, ____ switch ____ connections ____ a residential ____?
 ____ to ____ home network secure, ____ right Ethernet switch configuration.
 Any ____ on how ____ Ethernet switches ____ are ____ for steadfast ____ guaranteeing ultimate ____ data protection?
 Any suggestions ____ a good home Ethernet ____ is ____ with ____ of ____?
 Are ____ switch ____ makes more wired ____ and ____ a secure network?
 ____ is the best switch ____ wired ____ and to ____ home ____?
 ____ top-notch home Ethernet ____ recommendations for superior ____ rock-solid network ____?
 ____ suggest ____ an ____ to ____ more wired connections and ____ a secured ____?
 ____ suggest using an essn switch ____ wired connections ____ home network?
 I ____ to ____ if there ____ suggestions for a ____ home Ethernet ____ with ____.
 What is the best switch ____ wired ____ home ____?
 What ____ the ____ switch ____ my wired ____ that ____ can ____ network my ____?
 Is there ____ that ____ wired ____ and guarantees ____ secure ____ inside ____?
 ____ go-to Ethernet ____ can use to safeguard my ____ network?
 ____ an advice on a ____ switch for ____ home ____?
 Can you ____ advise ____ the best Ethernet switch ____ me and ____?
 I need ____ know ____ switch to enhance ____ connections and ensure ____ in my ____.
 ____ Ethernet switch can be ____ help secure ____ recommendations and home ____.
 ____ it a ____ idea to use ____ switch ____ makes ____ wired connections ____ a ____ network?
 ____ an Ethernet switch ____ a safe network ____ and ____ wired connections.
 ____ suggest using an essn switch ____ more ____ guarantees a secure ____?
 ____ recommend an Ethernet switch ____ to guarantee a ____ home ____?
 To ____ and make ____ network, ____ is the optimal ____ to use?
 ____ are your top ____ reliable, secured, ____ high-connectivity-offering ____ switch?
 ____ to tell ____ about ____ best Ethernet ____ for ____ and my home ____?
 What ____ for ____ of reliable, ____ home-network-supporting, high-connectivity-offering Ethernet switches?
 Would you ____ an ____ switch that ____ wired ____ and ____ secure ____?
 ____ network recommendations and home connections ____ be ____ a switch ____ best ____ ethernet ____
 ____ to enhance connections ____ secure ____?
 What is the best ____ of ____ high-connectivity-offering ____ to ____?
 Is ____ idea ____ use ____ ethernet ____ for maximization ____ connections ____ my network?

_____ is _____ best switch to increase _____ wired _____ and maintain _____ _____ ?

While _____ a _____ residential _____ environment, _____ there any _____ of an _____ switch _____ prioritize _____ bandwidth?

_____ I can get _____ good Ethernet switch for enhancing my wired _____ and keeping _____ _____ .

_____ on the best Ethernet _____ for my home network?

_____ is the optimal _____ to use _____ wired _____ and _____ a _____ home _____ ?

Is _____ switch _____ guarantees a secure network within _____ environment _____ connections?

Which type of reliable, _____ Ethernet _____ would _____ ?

_____ about _____ switch _____ wired connection that _____ increase _____ ?

Is _____ use an essn _____ makes _____ connections _____ guarantees a secure _____ ?

I need _____ if there _____ a good Ethernet _____ that _____ enhance my _____ ensure security _____ my _____ .

_____ networks can be _____ using the _____ _____ .

What _____ best switch _____ use _____ improve _____ and _____ a secure home _____

_____ network _____ home connections _____ secured with _____ best wired Ethernet _____ .

_____ it _____ idea _____ use an _____ that _____ a _____ network and makes more wired _____ ?

_____ recommend using an essn _____ wired connections and _____ network?

What _____ the _____ wired connection and _____ secure home _____ ?

_____ recommend _____ appropriate switch _____ will _____ enjoy secure _____ with maximum wired _____ at _____ place?

Should an Ethernet _____ be used to make _____ _____ ?

I need _____ if _____ will help _____ my _____ connections _____ protect my _____ network.

_____ suggest that _____ use an essn _____ makes _____ wired _____ and guarantees _____ secure _____ ?

_____ have recommendations for _____ secure home Ethernet _____ ?

I need _____ know _____ for increasing _____ connections and keeping my home safe.

In order to _____ secure residential _____ environment, _____ be _____ choice _____ Ethernet switch.

_____ you _____ an _____ that will allow me to _____ with maximum _____ access at _____ place?

_____ for _____ home Ethernet _____ lots of connections?

_____ it _____ wise to use an _____ wired connections and _____ secure _____ inside?

Is it _____ use a _____ that makes more _____ connections _____ guarantees _____ _____ ?

Suggestions, _____ please, for a Ethernet _____ that _____ connections _____ network security.

_____ it _____ use an essn _____ maximize wired connections _____ ensure _____ secure network inside?

Is _____ to advise on _____ wired connections _____ guarantees a secure network _____ a _____ ?

_____ is the _____ kind of _____ secured- home-network-supporting, _____ ?

I _____ to get an Ethernet _____ maximize _____ connections _____ guarantee _____ safe _____ at _____ .

Would _____ an essn switch _____ maximize wired connections _____ secure network _____ ?

_____ an appropriate Ethernet _____ that _____ me _____ secured networks with maximum wired _____ ?

_____ it recommended to use _____ that makes _____ connections and _____ network?

What _____ your top suggestion regarding the _____ kind _____ high-connectivity- _____

Is _____ for _____ connections or ensuring network _____ at _____ home?

Pick the _____ configuration _____ secure your in- _____ .

_____ networks _____ connections can be secured _____ best _____ .

_____ to _____ if _____ switch _____ increase my _____ connections and ensure _____ my network.

_____ Ethernet _____ are durable _____ wired _____ guaranteeing ultimate household data protection - _____ suggestions?

_____ using an _____ switch _____ can _____ wired connections and _____ guarantee a _____ network?

Are there _____ which Ethernet switch _____ wired connections _____ which _____ protocols _____ in _____ ?

Would you recommend _____ of an _____ that makes _____ connections and _____ secure _____ ?

Can _____ recommend _____ switch that would _____ me to _____ secured _____ wired _____ my place?

An Ethernet switch for _____ make _____ home _____ secure.

_____ an Ethernet switch _____ way _____ assure _____ good _____ network?

_____ recommend an appropriate _____ would _____ me to enjoy _____ with _____ wired connection _____ my place?

What _____ best _____ my home _____ and _____ a lot _____ wired connections?

_____ reliable, _____ switch _____ wired _____ ?

_____ you have _____ suggestions _____ a _____ secure _____ switch with _____ connections?

Is _____ a good _____ a good _____ network?

_____ would _____ to know _____ is _____ goodEthernet switch _____ enhancing my wired connections _____ security in _____.

_____ top _____ right _____ of reliable, secured-home-network-supporting, high-connectivity-offering Ethernet

Recommended safe _____ ethernet _____ to maximize connections _____ ?

Suggestions, pretty _____ an Ethernet switch _____ maximize _____ connections and _____ home _____.

I _____ to know if _____ are _____ homeEthernet switch _____ tons _____ connections.

_____ you give _____ an advise _____ bestEthernet _____ for _____ home _____ ?

_____ we recommend which _____ secure Ethernet _____ wired _____ ?

_____ if a goodEthernet switch can enhance my _____ connections _____ make my _____.

_____ need to know if there is _____ enhances my _____ connections and _____ network.

Would _____ to _____ essn switch that makes _____ guarantees a secure network?

I _____ know if _____ is a _____ switch _____ enhancing _____ wired _____ and protecting my _____.

I _____ know if _____ a goodEthernet switch that will _____ and ensure my _____.

What _____ be _____ suggestion for _____ high-connectivity-offering Ethernet switch?

Which _____ switch _____ connections in _____ residential Setting?

_____ is the _____ to use _____ and keep your home network _____ ?

Can _____ suggest _____ that _____ to enjoy secured _____ and maximum _____ at my place?

_____ please, _____ Ethernet _____ can _____ wired connections while guaranteeing Home network _____.

_____ about _____ switch for _____ connection to _____ at the _____ ?

Is _____ to use an essn switch that makes _____ wired _____ secured network.

Can _____ tell _____ about an Ethernet _____ that _____ a _____ within a _____ ?

_____ switch as _____ way to ensure _____ home network?

What is _____ best _____ for enhancing _____ connection and _____ home _____ ?

Which reliable, _____ best maximizes wired connections _____ setting?

Is _____ to use an _____ secured _____ and makes _____ wired connections?

Is _____ wise _____ an essn _____ makes more wired _____ and _____ home _____ ?

_____ possible _____ anEthernet switch for wired connection _____ the security of _____ ?

How _____ switch _____ connection _____ the security _____ home?

Which secure, _____ maximizes wired connections _____ setting?

Any suggestions on _____ homeEthernet _____ that _____ secure?

_____ switch _____ improve my wired connections and _____ in _____ home _____ ?

_____ Ethernet _____ bet for optimum _____ hardline saturation _____ network fortification?

_____ about anEthernet switch to increase _____ home?

_____ you _____ a _____ for a secure _____ with _____ of _____ ?

I want to _____ anEthernet switch that _____ and _____ at home.

_____ the _____ to _____ my wired connections _____ can securely _____ my home?

_____ for _____ connection increases security at home.

_____ anEthernet switch _____ a _____ way to _____ home network?

_____ the _____ use to improve wired connection and _____ your _____ safe?

_____ an ethernet switch _____ ensure _____ connections _____ with _____ measures.

_____ there a switch _____ network and maximizes _____ connections within _____ ?

_____ you recommend _____ an essn _____ that _____ more _____ connections _____ guarantees a _____ ?

How _____ a switch to _____ wired _____ so that _____ securely network _____ ?

_____ you recommend anEthernet switch as _____ a _____ home _____ ?

_____ suggest _____ an _____ that can _____ wired _____ and _____ the home network?

Seeking _____ on which reliable, secure _____ switch _____ wired _____ a _____.

Looking for top-notch _____ that are durable _____ connections _____ ultimate _____ data protection?

_____ it be _____ to _____ an _____ switch _____ makes more wired connections _____ secures _____ ?

Which secure Ethernet switch _____ wired _____ residential _____ ?

Is _____ the _____ switch _____ network security and _____ connections?

Are you _____ that _____ essn _____ that will _____ wired connections and ensure _____?

Is it _____ to _____ an essn _____ connections _____ also guarantees _____ secured network?

Is _____ advisable to use _____ maximize _____ connections and ensure _____ secure _____?

_____ the _____ for maximizing wired _____ or _____ network security _____ my _____?

_____ recommend an Ethernet switch for _____?

Would _____ suggest _____ that makes _____ and guarantees a secure _____?

The _____ switch _____ secure _____ networks?

_____ ethernet _____ security _____ home possible?

What _____ the best _____ for enhancing wired connection _____ your _____?

_____ you recommend _____ an _____ switch _____ wired connections and ensure _____ network _____?

Can you give me an _____ best Ethernet switch _____?

Is it _____ to _____ an essn _____ secured network and _____ wired _____?

_____ advisable to use an essn _____ that _____ wired connections _____ also _____ network?

Recommended _____ ethernet _____ for maximizing _____ on _____?

Should _____ use _____ essn switch _____ more _____ guarantee a secure _____?

_____ suggest _____ switch _____ guarantees _____ secured network and also _____ wired connections.

_____ switch for wired _____ increase the _____ home?

I _____ know if _____ is a _____ switch that can _____ wired _____ and _____ secure.

_____ you _____ an _____ that will _____ more wired connections _____ ensure _____ network?

_____ think _____ is a good _____ to ensure a _____ network?

_____ you _____ switch _____ way to _____ a good home _____?
