

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Software updates and download support
Inquiry Sub-Category	Software functionality inquiries
Description	Inquiries about specific features or functionalities of the software, how to utilize them, and any limitations or known issues related to their use on the telecommunications equipment.
Data Size	5,018 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

What troubleshooting _____ common when certain _____ as expected _____ upgrading _____ systems'software?

How should _____ the _____ faulty after the _____ to _____ communications system?

_____ of the _____ are malfunctioning?

_____ you fix _____ our communication _____ following _____ software update?

Inquiry _____ effective methods _____ faulty _____ a _____ update?

Some common _____ can _____ features _____ correctly _____ updating the _____ system's software.

How do _____ with _____ afterUpgrading _____ system's software.

_____ features _____ work correctly _____ we upgrade _____ communication system's software, _____ could _____ a list of _____.

What _____ do _____ our upgraded _____ work as anticipated?

When our _____ systems _____ upgraded, _____ some _____ can _____ to fix _____ functions?

_____ to fix problems _____ comm _____

_____ certain _____ work as expected _____ systems'software, _____ are the _____ common remedies?

Is _____ any common measures that _____ when the _____ work?

How _____ fix malfunctioning _____ systems' _____ after it's _____?

_____ non-operational _____ our communication _____ software, what are the _____ steps to _____?

After _____ upgrade _____ communication systems, certain _____ don't _____.

How _____ we figure _____ causes _____ software after _____ it?

_____ work _____ they should _____ we _____ our communication _____ what are _____ common _____ to fix it?

Is there _____ common solution _____ addressing _____ functions _____ our _____ software?

After an _____ our _____ could you let us _____ the _____ debug processes that _____ to resolve _____

When our _____ systems _____ been _____ what are some things _____ do _____?

_____ effective methods _____ tackling faulty _____ after _____ update.

If _____ features _____ work correctly after _____ upgrade the _____ common measures.

_____ arise _____ systems have been _____?

_____ do _____ issues with new _____?

_____ suggestions _____ fixing _____ issues _____ upgraded communication _____?

_____ to _____ encountered _____ comm systems.

If certain features _____ work _____ after _____ the _____ can try some common _____.

What should we do _____ non-operational _____ after upgrading _____ software?
 _____ can we _____ to correct malfunctioning _____ when _____ upgraded?
 _____ upgrade to _____ software, _____ let _____ know _____ some of the common debug processes necessary _____ resolve _____?
 How should _____ fix _____ after _____?
 After an upgrade to _____ communication _____ software, could _____ details about _____ processes _____ needed?
 _____ features _____ working _____ after an _____ to a new communication, we _____.
 When _____ systems have _____ what _____ we _____ correct malfunctioning functions?
 _____ the _____ to our communications system, _____ we deal _____ problems _____ faulty?
 _____ are _____ steps if certain _____ as intended _____ a software _____?
 _____ certain software _____ are _____ as _____ after _____ software upgrade, what are _____?
 _____ are some _____ of our _____ telecommunications _____ not functioning _____.
 If the software _____ doesn't work after an upgrade, _____?
 Can you _____ guidelines for fixing issues that don't _____ as _____ your _____ systems' _____?
 What _____ the _____ that _____ do _____ malfunctioning _____ after our communication systems _____ been _____?
 How _____ tackle _____ features _____ the communication _____?
 Protocol _____ sought _____ resolving _____ caused by _____ update.
 _____ fixing functional issues _____ communication system's software?
 If certain _____ do not work correctly after updating the _____ try _____.
 When communication _____ are upgraded, what can _____ correct _____?
 _____ features _____ communication systems' _____ malfunction after being _____.
 Would you _____ to _____ non-functional _____ in _____ communication system _____ an upgrade?
 What _____ to _____ malfunctioning _____ our _____ systems have been upgraded?
 How _____ you repair the _____ our _____ systems following _____ update?
 If _____ don't _____ after upgrade, what are the _____ that can _____?
 When our _____ systems _____ been _____ what _____ do to _____ malfunctioning _____?
 _____ recent _____ to _____ communications system, _____ should _____ deal _____ that seem faulty?
 Some of our _____ telecommunications _____ not _____.
 Following _____ our _____ software, could _____ about the _____ debug processes that _____ necessary _____ resolve problems?
 When our _____ are upgraded, what _____ things _____ to fix _____?
 How _____ a new communication _____ feature that _____ as intended?
 _____ malfunctioning of _____ functions after _____ communication software?
 _____ any _____ we can take _____ address issues with _____ after _____ our communication _____ software?
 When _____ are not _____ expected after a system _____ are _____ steps?
 Is _____ to share _____ about common _____ processes _____ are _____ to _____ problems _____ upgrade to _____ system's software?
 How do _____ out what _____ wrong _____ our _____ software?
 What are _____ consequences of certain _____ not working as _____ to _____ our communication _____?
 Some _____ in our communication _____ after being _____.
 There _____ where features in our _____ being updated.
 _____ an upgrade _____ communication system's software, could you _____ about some _____ processes necessary _____ problems?
 _____ do _____ do to fix _____ our _____ systems _____ your software update?
 After we _____ our communication systems, some _____.
 How can _____ with problems _____ software _____ on _____ system?
 What _____ do if _____ communication software _____ perform _____ expected?
 Suggestions on _____ updated telecommunications hardware/software functions?
 How do _____ deal _____ malfunctioning _____ updating them?
 Do we _____ actions _____ can take _____ address issues after _____ our communication _____ software?
 _____ software update, _____ issues?

_____ to _____ that _____ after a _____ on our telecom system?

When certain software _____ do not work _____ expected _____ software _____ are _____?

There are cases where _____ an _____ to _____ communication _____ software.

_____ functions are _____ as _____ a system _____ are the typical steps?

Is it _____ to _____ about the _____ necessary _____ resolve _____ upgrade to our communication system's software

_____ the update on _____ communication systems' _____ are _____ any specific _____ take to _____ issues?

Following recent upgrades to our _____ platform, _____ malfunctioning _____?

_____ subsystems _____ work _____ they _____ supposed to _____ upgrade our _____ systems, what _____

If our communication _____ software _____ malfunctioning, _____ you have a _____?

_____ upgrading _____ how do we _____ with common problems?

_____ communication systems' _____ certain _____ malfunction

_____ are some _____ the _____ our telecommunication systems that _____ help!

What _____ the usual _____ to _____ problems _____ software?

_____ an _____ our _____ software, _____ you _____ us about _____ common debug processes that _____ needed _____ resolve _____?

_____ tell me _____ to our communication _____ software _____ the upgrade?

After _____ upgrade _____ our _____ software, _____ you _____ details _____ the _____ debug _____ that are necessary?

Inquiry into _____ tackle faulty _____ communication update.

When we upgrade _____ communication _____ don't _____ as _____.

_____ are _____ certain _____ functions don't work _____ were intended _____ a system _____?

How _____ with _____ a software _____ to our telecom _____?

Does _____ know why _____ isn't _____ right after _____ upgrade?

_____ certain features _____ work correctly after _____ upgrade _____ software, could you _____ list _____ common measures

How do we _____ malfunctioning communication systems' software _____?

How can we _____ malfunctioning of _____ updating our _____?

Problem with _____ software _____?

_____ need _____ about the problems _____ our _____ had after _____ upgrade.

What can _____ do to address _____ with _____ our communication _____?

How do _____ resolve issues with _____ features _____ don't _____ as _____?

When _____ are _____ as intended after a _____ what _____ some _____ steps?

_____ do you _____ the broken _____ in a communication _____ a _____?

Some functions _____ telecommunications hardware/software _____.

_____ we _____ around common problems _____ upgrade our communication _____?

When _____ are not _____ should _____ a system upgrade, what _____ steps?

_____ certain functions _____ as _____ communication systems' software, _____ are the most common _____?

_____ post-upgrade communication _____ steps?

_____ to _____ communication _____ could _____ tell us about _____ of _____ common processes _____ resolve the problems?

Can you _____ steps or fixes _____ non-functional _____ communication _____ the upgrade?

_____ correct _____ issues with an _____ communication system?

What steps _____ we take when _____ features _____ communication systems' _____?

When _____ don't work _____ are supposed _____ after we _____ our _____ what are _____?

_____ you tell me about _____ our _____ software after _____ upgrade?

How should a _____ be fixed _____?

_____ any commonly prescribed _____ for _____ of _____ after updating our _____ software?

Following _____ upgrade to _____ software, could you tell us _____ some _____ the common debug _____ that _____

If certain features _____ not _____ correctly _____ update to _____ communication system's _____ can _____ measures.

What _____ steps to _____ new communication software

What are the common _____ malfunctioning _____ after a _____?

_____ don't work correctly after we _____ to _____ communication we _____ try _____.

How _____ deal _____ functions _____ seem _____ after _____ upgrade to our communications _____?

AfterUpgrading _____ system's _____ do _____ solve problems?

_____ our _____ are upgraded, what _____ to fix malfunctioning functions?

_____ software _____ intended after a system upgrade, what are _____?

How do _____ resolve _____ with _____ features not _____ expected?

I _____ know if there _____ any prescribed _____ for _____ unexpected malfunctioning _____ software.

When our _____ systems _____ been upgraded, what are _____ the _____ can do _____ malfunctioning _____?

When faced _____ non-operational features _____ we _____ our _____ systems' _____ typical steps?

How _____ supposed to fix _____ communication _____ software _____ updates?

_____ faced with _____ afterUpgrading our _____ software, what _____ typical steps _____ should _____?

If our communication system's upgraded _____ isn't _____ have a _____?

After _____ our communication system's _____ could _____ us _____ the common debug processes needed to _____?

What can we do to _____ after _____ update _____ software?

If things _____ correctly after _____ our _____ systems, what _____ be _____?

What _____ the _____ when _____ functions are not _____ as _____ a _____ upgrade?

There _____ to take to resolve _____ communication software _____ not _____ as _____.

I would _____ know if _____ are any commonly prescribed solutions for _____ updating _____.

_____ the _____ communication services don't _____ are there _____ available?

_____ there are any commonly _____ for fixing _____ updating communication software?

When _____ don't work as they _____ supposed _____ communication systems.

_____ are some _____ we _____ do _____ correct _____ functions when _____ upgraded?

_____ should _____ with problems following a _____ upgrade _____ telecom _____?

_____ do we find out _____ after updating _____ software?

AfterUpgrading our _____ system's _____ what do we _____ common _____?

When _____ systems _____ what can _____ do to correct _____?

Is there _____ of _____ faulty features _____ a _____?

When _____ have been upgraded, what can _____ to _____ malfunctioning _____?

_____ upgrade _____ our _____ system's _____ about the common debug processes _____ are needed to resolve _____?

_____ can we _____ issues with _____ software features _____ are _____?

What about methods _____ a communication update?

_____ features _____ after being updated to our _____ software.

After _____ update, communication _____?

_____ do when _____ with non-operational _____ our communication systems?

After software _____ issues?

When our communication systems _____ are some _____ we _____ do to _____?

When _____ our telecommunication _____ what _____ we do to fix the _____?

_____ can we fix _____ following _____ software update?

When _____ are _____ functioning _____ expected _____ system upgrade, what _____ typical steps?

How _____ non-operational features afterUpgrading our _____ systems' _____?

The _____ to resolve _____ with _____ communication _____ functioning as intended.

_____ to _____ problems _____ upgraded comm _____.

After we _____ systems, certain _____ work as _____ were intended _____.

Considering _____ faulty _____ after a communication update.

_____ a _____ solution _____ addressing _____ of specific _____ updating _____ communication software?

When _____ functions _____ work _____ a software _____ what are the most common _____ deal _____?

_____ can we do _____ fix malfunctioning functionalities _____ our _____?

_____ communication system's software _____ do we _____ the _____?

_____ measures that can _____ the upgraded _____ services don't _____ correctly.

_____ to _____ communication system's _____ could you let _____ about some _____ common debug processes needed

_____ problems?

When _____ subsystems don't work _____ they are supposed to _____ upgrade our _____?

Considering how _____ faulty _____ a communication _____.

_____ fixing functional _____ with _____ upgraded communication system?

_____ there _____ list of common _____ when certain features _____ work _____ after updating _____ communication system's _____?

_____ our communication _____ what can we _____ to _____ malfunctioning systems?

_____ update to our _____ systems' software, some _____.

When _____ non-operational features _____ communication systems _____ what _____ the typical _____ we _____?

_____ the upgraded communication services don't work, _____ there _____?

Communication system issues _____ software _____?

_____ certain _____ work _____ they _____ supposed to _____ we _____ our _____ systems

When _____ upgrade the _____ on _____ systems, what should we do _____?

There are things _____ do to _____ functions _____ communication _____ are _____.

If features _____ correctly _____ upgrade _____ communication system, we _____ some _____ measures.

_____ our communication _____ cause some features to _____.

When _____ communication services _____ work right, is _____ a _____?

What do _____ to correct _____ when _____ communication _____ have _____ upgraded?

_____ communication system's software _____ malfunctioning _____ upgrade, what can _____?

_____ do _____ after our upgrade _____ a new communication _____ try _____ measures.

_____ to our communication _____ software, _____ give us _____ about the _____ processes required _____ resolve problems?

How to _____ with _____ system problems _____?

How _____ solve common _____ after we _____ system's software?

What _____ typical _____ when certain _____ functions _____ intended after _____ software _____?

_____ communication systems are upgraded, what _____ we have _____ to _____?

When _____ functions don't _____ as _____ upgrade _____ systems, what are the _____ common _____ to _____ out?

_____ don't work as they _____ to after _____ our _____.

What do _____ with _____ software after updating it?

_____ our communication systems have been _____ do _____ have to _____ functions?

If certain _____ don't work correctly _____ system's upgrade, _____ some common _____.

_____ issues after _____ changes?

_____ there _____ set of actions taken when _____ behave as expected _____?

If _____ work correctly after we upgrade _____ communication system, _____ common _____.

_____ certain _____ don't work as _____ after we _____ systems, _____ steps are taken _____ fix _____?

How _____ you resolve issues _____ communication _____ features _____ not _____?

Inquiry into _____ features after a _____ update.

_____ our _____ upgraded, _____ we do to fix malfunctioning systems?

_____ to _____ communication system's _____ could you tell _____ the _____ debug processes that are needed _____?

How do _____ fix the broken _____ in _____ systems _____ update?

_____ suggestions _____ to _____ functional _____ with an upgraded _____ software?

_____ our _____ software, how _____ we address common _____?

_____ an upgrade _____ system's software, _____ you tell _____ that are needed to resolve the problems?

_____ an upgrade _____ system's software, _____ you _____ about some common debug _____?

Can you _____ me if _____ prescribed _____ for fixing _____ our communication software?

_____ communication system's software, how do _____ fix _____?

_____ our communication systems _____ been _____ what _____ some of _____ that _____ to _____ malfunctioning functions?

_____ certain features don't _____ right _____ the _____ we _____ some common measures.

_____ with problems after a _____ upgrade?

After an _____ to our _____ system's software, _____ us more _____ the _____ debug _____ to resolve _____?

If _____ right after we upgrade _____ system we _____ common measures.

What should we _____ when faced with _____ features _____?

_____ do _____ issues _____ new _____ software features _____ working as _____ should?

_____ are _____ for _____ upgrade _____ software _____.

_____ solution _____ addressing malfunctioning of _____ after _____ our communication software?

To _____ upgrade _____ our communication system's _____ give _____ details _____ some of the common debug _____?

_____ can we _____ the problems that _____ upgrade of _____ software _____ the _____?

When certain _____ functions do not work _____ a software _____ steps?

When messing _____ comms' new _____ upgrade, _____ you remember?

_____ steps _____ non-functional elements _____ communication system software after an _____?

_____ the _____ don't function _____ after _____ systems, _____ can we do?

_____ does one fix the _____ communication _____ following _____ software update?

_____ can try some common _____ if _____ features _____ after _____ the communication _____

_____ into _____ to _____ faulty _____ after _____ communication update?

_____ our _____ what are the things we can do _____ malfunctioning _____?

_____ can _____ issues _____ new communication software _____ that are _____?

When _____ communication _____ work _____ are there _____ remedies available?

_____ there _____ inquiry _____ for tackling faulty _____ a communication _____?

_____ after we upgrade to a _____ communication, _____ can try _____.

_____ don't function _____ after we _____ communication _____ can be done?

Can you suggest _____ for _____ non-functional _____ communication system software _____ an _____ taken _____?

_____ you fix a comms _____ an _____?

_____ you suggest steps _____ non-functional elements _____ our _____ system _____ after _____ upgrade has _____ place?

What _____ typical _____ when _____ software functions do not work _____ were _____ upgrade?

_____ our _____ been _____ what are _____ things _____ we can do to fix _____?

How _____ you fix _____ broken _____ communication systems _____ upgrade?

After an upgrade _____ our _____ software, could _____ tell us _____ the _____ debug _____ are _____ the problems?

_____ you provide _____ for fixing _____ that don't work _____ your _____ software?

Any _____ fixing functional _____ with an _____ communication _____?

How to deal _____ caused _____ software upgrade _____ telecom _____?

Can you _____ common measures we can _____ certain features _____ after we _____ our communication system's _____

_____ software functions are not _____ as expected _____ are some _____ steps?

_____ correctly after we _____ our communication system's software, could you _____ list _____ common measures _____

_____ are typical steps when _____ functions don't _____ as _____ should _____ a _____?

_____ suggestions _____ to _____ issues _____ an upgraded communication _____ software?

_____ upgrading the _____ what should we do _____ fix _____ problems?

_____ you _____ about the _____ our communication _____ software had after _____?

We _____ software, _____ can we fix the _____?

How do we _____ afterUpgrading our _____ software?

Suggestions on _____ fix _____ upgraded communication system's software.

_____ fix _____ system _____ after the _____?

Inquiry _____ effective ways _____ address _____ a _____ update.

We need a list _____ common _____ we _____ try _____ features _____ work _____ after _____ system's software.

_____ if there _____ prescribed _____ for _____ unexpected malfunctioning after updating _____ communication software?

_____ upgrade _____ our communication system's software _____ that need to _____.

How _____ you deal _____ system _____?

If _____ don't work _____ after _____ update _____ the _____ system's software _____ can _____ some common _____.

What are _____ when _____ software _____ do _____ they should after a _____ ?
 _____ faced with non-operational _____ upgrade our software, _____ are the _____ ?

What are _____ steps _____ be _____ to _____ with _____ communication software?
 _____ don't work as _____ our _____ are the most common troubleshooting _____ ?

Can you suggest _____ fixes _____ functional _____ in _____ communication _____ an upgrade has _____ place?
 _____ you give guidelines _____ fixing _____ that _____ expected _____ to _____ communication _____ software?

A list _____ we can try when _____ work _____ communication system's software.
 _____ you give _____ for _____ issues that don't _____ expected _____ to your communication _____ software?

When _____ systems _____ upgraded, what do we _____ to _____ ?

After upgrading _____ how do we deal _____ common _____ ?

We _____ some _____ aren't working _____ after our upgrade _____ a new _____ .

When our _____ upgraded, what _____ we _____ fix malfunctioning _____ ?
 _____ I do _____ communication software _____ working as expected?
 _____ an _____ into effective methods for dealing _____ faulty features _____ ?

What _____ the _____ to resolve _____ with _____ new _____ feature?
 _____ on how _____ functional issues _____ an _____ system's software.

If features don't _____ after we _____ communications system, _____ can _____ common _____ .

What _____ the _____ ways _____ fix issues with _____ software _____ ?

Suggestions on how to fix functional _____ communication _____ ?
 _____ to _____ communication _____ a upgrade?

Suggestions to _____ with _____ communication system's software.

Can you recommend steps _____ non-functional elements in our communication system _____ after _____ ?
 _____ the upgraded communication _____ properly, are there _____ measures _____ ?

What can we _____ to address issues _____ the _____ software?

How _____ you resolve issues with _____ that aren't _____ intended?
 _____ we supposed _____ the broken _____ our communication _____ after a _____ update?
 _____ our _____ system's _____ how do we _____ common _____ ?

Any ideas on _____ functional _____ with _____ communication systems software?

When we _____ software, what do we _____ to _____ common _____ ?

How _____ we _____ when _____ features _____ our communication systems _____ ?

How do you _____ the broken _____ in _____ systems _____ ?
 _____ systems have _____ Steps _____ the problems?
 _____ updating our communication _____ do _____ solutions for unexpected _____ ?

When _____ upgraded _____ don't work right, are _____ common _____ ?

When _____ features _____ work correctly _____ upgrading _____ system's software, _____ can _____ a number _____ measures.

How _____ we resolve issues _____ new communication _____ features _____ not _____ ?

When the _____ don't _____ there any _____ remedies available?

When _____ are _____ working right after _____ upgrade _____ can try _____ measures.
 _____ common measures that _____ used _____ communication services don't _____ .
 _____ on _____ to _____ functions of _____ updated telecommunications hardware/software?
 _____ with the problems _____ our _____ system's software?

When certain functionalities don't _____ are the typical _____ to take?
 _____ we fix issues _____ new communication _____ features not _____ ?

How can we _____ new _____ software features that are _____ as _____ ?

We can try some _____ certain features don't _____ correctly after _____ to _____ software.

When certain _____ don't work _____ expected _____ what are _____ to take?
 _____ there any _____ solution _____ addressing unexpected malfunctioning _____ updating our _____ ?
 _____ typical steps when _____ functions don't _____ a software upgrade?
 _____ there _____ way _____ features after a _____ update?

What are some _____ do _____ correct _____ functions once _____ communication _____ upgraded?

_____ what do we _____ to fix malfunctioning functions?

_____ features don't _____ upgrade our communication system's _____ you give _____ a list _____ measures we

When our _____ what can _____ do _____ malfunctioning features?

After _____ system's software, _____ we _____ common problems?

When _____ work as expected after upgrading _____ communication systems' software, what are _____ most _____ it?

How _____ we fix _____ things in our _____ systems _____ update?

Is there any _____ prescribed _____ fixing _____ updating our _____?

_____ want to know _____ problems _____ software had _____ the upgrade.

What are the usual steps _____ communication _____?

_____ functions _____ work as expected _____ upgrade our communication systems, _____ common _____ we take?

Following an upgrade to our communication system's _____ could _____ tell _____ of the common _____?

_____ you _____ to do if _____ communication system's upgraded _____ correctly?

_____ updating our _____ system's _____ malfunction.

_____ are not working correctly after we _____ to _____ communication, we _____ number of _____.

_____ features _____ our communication systems _____ after _____.

If _____ correctly _____ upgrade our communication system's _____ can you give _____ of common measures?

_____ should we _____ about the problems _____ seem faulty _____ recent upgrades _____?

_____ into _____ of fixing _____ features _____ a communication _____.

If our communication system's _____ software is malfunctioning, _____ have _____?

Some _____ after we _____ communication systems' _____.

_____ standard steps _____ resolving post-upgrade _____ issues.

_____ we _____ we do to fix malfunctioning functions?

How do _____ communication _____ following a software _____?

_____ correct _____ systems' software after installing new _____?

What are the _____ to _____ with new _____ not functioning as intended?

_____ do we fix malfunctioning _____ after _____ updates?

_____ there a _____ of _____ we can _____ certain features _____ after we _____ our _____ system's software

_____ an upgrade _____ our communication _____ let _____ know _____ common debug processes?

How _____ deal with non-operational features _____ we upgrade _____?

_____ systems are _____ what _____ do _____ correct malfunctioning features?

How _____ deal _____ post-upgrade communication _____?

Can _____ guidelines _____ issues _____ don't work as _____ when you upgrade _____ communication _____?

Suggestions _____ how _____ the malfunctioning functions of our _____.

_____ updating our _____ software are _____ solutions _____ unforeseen malfunctioning?

When certain _____ work _____ after upgrading our _____ system's software, _____ you _____ a _____ of _____ measures _____ can

_____ our _____ systems have been _____ what _____ to correct _____ features?

_____ certain features _____ work _____ after upgrading _____ system's _____ give _____ a list of _____ measures that _____

_____ do _____ broken stuff _____ our communication _____ following a software _____?

Following _____ recent upgrade _____ system, how _____ problems _____ various functions?

_____ are some typical _____ when certain _____ as _____ after a software _____?

Is _____ common _____ can try _____ features don't _____ correctly after upgrading our communication system's _____?

_____ into _____ methods _____ deal _____ faulty features after _____ communication _____.

_____ don't work correctly after we upgrade _____ software, we _____ try _____ measures.

After updating our _____ software, _____ fix problems?

When _____ software _____ working _____ they should _____ a _____ what are the _____?

When _____ are _____ upgrade _____ a new _____ we _____ try _____ measures.

If _____ features don't work _____ way after updating _____ communication _____ we can _____ measures.

Suggestions _____ to fix _____ issues _____ upgraded _____ system _____?

When the ____ communication services don't ____ common ____ available?

We need ____ list of common measures ____ work ____ after ____ upgrade our communication system's ____.

Can you ____ or fixes for non-functional ____ communication ____ after ____ upgrade has been ____?

When certain ____ functions ____ malfunctioning ____ software upgrade, ____ typical ____?

____ we ____ problems ____ after updating our communication ____ software?

What ____ do ____ fix malfunctioning functions ____ our ____ have ____ upgraded?

Is ____ list of ____ measures ____ can try when features ____ work correctly ____ our ____?

When ____ communication ____ have ____ upgraded, ____ are some things ____?

____ certain subsystems ____ work ____ to after we upgrade our ____.

____ can ____ deal with ____ after a ____ on ____ telecom ____?

How can ____ with ____ that aren't functioning as expected?

How to ____ with ____ upgrade?

____ to fix malfunction ____ comm ____

____ fix ____ issues ____ communication systems software?

____ upgrade to our communication system's software, could ____ tell us about the common ____?

____ are ____ certain functions ____ work as ____ after ____ upgrade ____ communication systems?

Suggestions ____ of our updated telecommunications hardware/software?

____ are ____ steps to ____ the ____ communication software ____ working?

____ upgrade our ____ systems, what ____ some ____ we can ____ to ____ functions?

____ certain features ____ we ____ the ____ we can try ____ common measures.

____ to ____ about the ____ communication ____ software has had after ____ upgrade.

____ resolve issues with new ____ software ____ working ____ they should?

____ of common ____ that we ____ certain features don't work correctly ____ our communication system's ____

How ____ we ____ communication ____ after updating them?

____ you suggest ____ for ____ elements ____ upgrade to our ____ system ____?

When ____ features don't ____ correctly after ____ communication ____ software, could ____ list of ____ measures ____ can

Can ____ suggest ____ for ____ an ____ of our ____ system software?

____ into ways ____ faulty ____ after a ____ update?

Any ____ on ____ to ____ issues ____ upgraded ____ systems software?

____ certain software functions ____ functioning ____ a ____ upgrade, ____ are typical steps?

____ new ____ features be ____ if ____ aren't functioning as ____ should?

____ should ____ deal with ____ that seem ____ the recent ____ to our ____?

When a ____ upgrade ____ what are the ____ steps?

____ are we able ____ fix ____ after implementing updates?

Some ____ can be ____ certain features don't ____ correctly ____ updating the ____.

____ don't work as ____ should ____ we ____ our ____ systems what ____ they?

____ post-upgrade communication ____ be resolved?

____ it possible ____ give ____ fixing things that don't work after ____ systems' ____?

____ ways ____ tackle faulty features after ____.

____ upgrading the ____ on our telecommunication systems, what ____ do ____?

____ communication systems ____ function ____ after being upgraded, ____ can ____?

If our communication system's upgraded software ____ properly, ____?

____ not working correctly after our ____ a ____ can ____ a few measures.

____ an upgrade to our communication system's ____ let us know about ____ debug processes ____?

If ____ communication ____ functioning ____ do you have ____ list ____ common fixes?

What are ____ when ____ software functions ____ work as they ____ a ____?

When certain features don't ____ correctly ____ system's software ____ a ____ of common ____?

____ certain functions ____ as expected after we ____ our communication systems, what ____ remedy ____?

Would you be _____ for non-functional _____ in our communication system _____ an upgrade _____?

When the _____ work _____ there any common _____ available?

How do you resolve _____ software features _____ are _____?

When _____ systems are _____ can _____ do to _____ malfunctioning _____?

Suggestions to _____ functional _____ communication systems/software?

_____ work _____ after _____ upgrade the _____ system, _____ can try some _____ measures.

How _____ in _____ communication systems after you _____ your software?

Should _____ guidelines for fixing issues that _____ as _____ after _____ your _____ systems' _____?

If _____ features don't _____ correctly _____ we upgrade _____ communication _____ can _____ some _____.

When features aren't _____ after we _____ communication, _____ can try _____.

I need to _____ the _____ that _____ system's _____ has _____ the upgrade.

_____ deal with _____ system issues?

How _____ with _____ communication software features?

How do we _____ problems _____ our _____?

While messing _____ comms' _____ software _____ do you remember?

What are _____ steps _____ certain _____ do _____ should after a _____ upgrade?

_____ our _____ systems are _____ what _____ able to _____ to _____ malfunctioning _____?

_____ are the _____ common steps to _____ when _____ functions don't _____ expected _____ our _____ systems' _____?

When _____ don't work _____ after upgrading our _____ systems' software, _____ steps are _____?

If _____ system's _____ isn't working right, _____ you _____ a list _____ common _____?

Thinks _____ how to tackle faulty _____ update.

_____ don't _____ communication system's software, could you give _____ list of common measures we _____

_____ our communication systems are _____ do _____ malfunctioning functions?

_____ regarding _____ malfunctioning of some _____ our updated _____.

_____ our _____ telecommunications _____ are not performing _____ expected.

_____ to _____ issues _____ an upgraded communication _____?

_____ how to correct functional _____ with _____ upgraded _____

_____ of our updated _____ malfunctioning.

_____ about effective ways _____ a communication update.

_____ there any _____ we can take _____ after _____ on communication _____ software?

How _____ we _____ malfunctioning _____ software _____ implementing new _____?

What _____ commonly prescribed _____ addressing malfunctioning after _____ software?

_____ guidelines for _____ things that _____ work as _____ after you _____ systems' software?

_____ our _____ systems are _____ what can _____ the malfunctioning features?

_____ are the steps _____ communication _____ problems after _____?

If certain _____ don't _____ correctly after the _____ system's _____ updated, _____ some common _____.

_____ can we fix the problems _____ by upgrading _____ on _____?

_____ are some things _____ can do to _____ malfunctioning functionalities when _____ communication _____?

_____ there any _____ prescribed solutions _____ malfunctioning _____ updating _____ software?

_____ been upgraded, _____ do we do to correct _____ capabilities?

Now _____ communication systems _____ upgraded, what are _____ to _____?

_____ systems _____ upgraded. Steps _____ issues?

If _____ system's software doesn't _____ what _____ some quick fixes?

Can you suggest _____ our _____ system software _____ an upgrade?

What _____ upgraded communication software doesn't work as _____?

When our communication software _____ are _____ prescribed _____ unexpected _____?

After an upgrade to _____ communication system's _____ of _____ common Debugging _____ that are necessary?

When certain software functions _____ working _____ upgrade what _____ steps?

_____ features don't _____ after _____ the _____ system's _____ we _____ a _____ common measures.

_____ certain _____ work _____ after _____ update to the communication system's _____ try some _____ measures.
 Suggestions on _____ fix _____ issues in _____ software.
 _____ made to our _____ platform, how _____ we deal with _____?
 _____ the steps _____ with non-operational features after _____ software upgrade?
 _____ certain functions don't _____ expected after upgrading our _____ systems' software, _____ to _____ it?
 _____ communications _____ caused _____ software update
 What should I _____ communication software _____ as expected?
 _____ our communication _____ software, how do _____ malfunction?
 _____ certain _____ work _____ after upgrading our _____ systems' software, what are the most _____ ways to _____?
 _____ suggestions _____ how to correct _____ issues with _____?
 What are _____ when _____ functions don't _____ as they _____ a system _____?
 If the communication _____ an _____ what _____ I do?
 How _____ fix the _____ things in _____ communication systems _____ update?
 _____ know how _____ fix malfunctioning _____ after receiving updates.
 _____ you _____ steps or fixes _____ the non-functional elements _____ the _____ an _____?
 _____ procedures might _____ used to fix problems _____ the upgrade _____ software on _____ telecommunication _____?
 If _____ functions don't _____ after we upgrade our communication _____?
 _____ are _____ working correctly _____ we upgrade _____ a new _____ can _____ measures.
 _____ fix the communication system _____?
 _____ need a list of _____ measures _____ certain _____ don't work correctly _____ we _____ our _____.
 _____ software functions aren't _____ as intended after a _____ what _____?
 _____ functions _____ work properly after we _____ our communication _____ be _____?
 When _____ are upgraded, _____ we fix _____ functions?
