

## [Demo] NLP Dataset for Customer Service Automation

<b>Company Type</b>	Automotive Parts Retailers
<b>Inquiry Category</b>	Compatibility of parts with vehicles
<b>Inquiry Sub-Category</b>	Electrical System Compatibility
<b>Description</b>	Customers require assistance in determining if a certain electrical component, such as a starter or alternator, is compatible with their vehicle's electrical system to prevent any compatibility-related malfunctions or failures.
<b>Data Size</b>	5,014 paraphrases
<b>Want to buy data?</b>	Please contact <a href="mailto:nlp-data@gross.me">nlp-data@gross.me</a> via your business email address.

**Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)**

\_\_\_\_\_ can we \_\_\_\_\_ the \_\_\_\_\_ of third-party modifications \_\_\_\_\_ systems?
