

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Vehicle specifications and features queries
Inquiry Sub-Category	Advanced Technology and Innovation
Description	Customers are interested in learning about any cutting-edge technology or innovations in the vehicle, such as hybrid or electric powertrains, autonomous driving capabilities, park assist, adaptive cruise control, and advanced sensors, to stay ahead of automotive trends and advancements.
Data Size	8,373 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

____ this ____ a hybrid ____ better ____ efficiency and reduced ____ ?

Is this ____ equipped with ____ will ____ with ____ efficiency ____ emissions?

Is the ____ hybrid that ____ improved fuel efficiency ____ ?

There is a hybrid ____ that ____ .

Is the ____ of ____ vehicle improved through ____ of ____ system?

____ hybrid engine that can save ____ and emissions?

Does ____ use hybrid power ____ increase ____ ?

Is this ____ to ____ a ____ ?

Does ____ car ____ hybrid ____ ?

I want ____ if the vehicle ____ a fuel-saving, ____ .

____ vehicle equipped ____ a hybrid that can ____ and ____ emissions?

Does ____ system exist ____ car?

____ car powered ____ a hybrid ____ ?

Does the ____ mechanism?

Is ____ car that's ____ ?

Is this ____ hybrid ____ will ____ fuel ____ lower emissions?

Is this ____ a ____ can ____ better fuel efficiency ____ ?

____ the vehicle ____ a ____ ?

Is ____ car's ____ version capable ____ reduced emissions?

____ vehicle might ____ hybrid ____ increased efficiency.

____ a ____ powertrain ____ economy ____ emission levels?

____ the ____ with a ____ will ensure ____ mileage ____ reduced environmental impact?

Is ____ vehicle ____ with ____ vehicle?

Is the ____ improved ____ a hybrid powertrain?

____ vehicle ____ with a hybrid powertrain ____ improve ____ efficiency ____ reduce ____ ?

I would ____ if ____ hybrid option ____ fuel economy.

____ car have a ____ engine that ____ ?

Has ____ hybrid ____ this model improved ____ pollution?

_____ vehicle _____ that _____ save _____ and reduce emissions?

_____ vehicle should have _____ system _____ will _____ gas _____ reduced environmental impact.

Does _____ include _____ hybrid _____?

_____ for _____ using _____ vehicles.

_____ am _____ if this _____ comes _____ a hybrid _____.

_____ hybrid _____ used for fuel efficiency _____?

_____ the _____ version of _____ have better _____ reduced emissions?

_____ vehicle configured with _____ hybrid _____?

_____ vehicle come with a hybrid _____ better _____ mileage?

_____ there an _____ in fuel economy _____ hybrid _____?

_____ this vehicle have _____ hybrid _____ it _____ efficient?

Can I _____ better _____ and _____ hybrid version _____ this _____?

Is the _____ equipped with _____ that ensures better _____ mileage _____ reduced _____?

Is _____ a _____ emits _____ pollution?

_____ it _____ eco-conscious hybrid _____?

_____ a _____ the vehicle includes _____ hybrid _____.

_____ vehicle _____ an eco-friendly hybrid _____?

Is there a _____ option _____ can improve _____?

_____ wonder if this _____ a _____ for _____ fuel _____ and _____ emissions.

Is the vehicle _____ hybrid _____ which _____ better _____ mileage _____ reduce _____ impact?

_____ this _____ equipped _____ hybrid technology?

_____ you _____ it _____ eco-conscious _____ drivetrain?

_____ with a hybrid?

Can _____ hybrid system?

_____ the _____ have _____ hybrid _____?

Does this _____ a _____ improved efficiency?

Is _____ for fuel efficiency _____?

Is this vehicle equipped _____ could allow _____ efficiency _____ reduced emissions?

I _____ car _____ a hybrid engine _____ maximum efficiency.

Adding _____ Powertrain _____ lower _____.

_____ it _____ with _____ technology?

_____ the _____ hybrid system _____?

_____ if the _____ has _____ hybrid _____ system _____ gas mileage.

_____ equipped with a _____ engine?

_____ the hybrid option _____ economy?

Is there _____ hybrid powertrain?

_____ for improved fuel efficiency?

_____ this _____ equipped with _____ hybrid motor _____ improved _____?

_____ the hybrid _____ result in better _____ lower _____?

_____ hybrid _____ to a _____ ride?

_____ a hybrid _____ to ensure better _____ mileage _____ reduced environmental impact?

Does a _____ powertrain in _____ promote _____ and _____ harmful emissions?

_____ this car _____ hybrid engine _____ greater _____?

_____ vehicle _____ a _____ system _____ gas _____ and decrease emissions?

I _____ curious _____ the _____ a hybrid motor system that _____.

_____ the _____ a _____ one to promote better _____ mileage?

_____ include _____ eco-conscious hybrid?

_____ this car _____ higher _____ per gallon because _____ hybrid _____?

Is _____ equipped with _____ hybrid powertrain that _____ allow _____ improved _____ emissions?

_____ the _____ vehicle _____ better _____ efficiency _____ less emissions?

Will _____ for an innovative _____ car _____ better _____ lower _____?

Is this vehicle _____ hybrid, _____ make _____ more _____.

_____ the _____ of _____ hybrid powertrain _____ fuel efficiency?

_____ car _____ a hybrid _____ for _____ fuel efficiency _____ reduced _____?

_____ you _____ me _____ this _____ has _____ hybrid system?

_____ this _____ a _____ power unit?

_____ version _____ this car have better mileage _____ less _____?

Adding a _____ engine _____ lower emissions would _____.

_____ vehicle _____ hybrid in it?

Is there a _____ in _____ to improve _____ emissions?

_____ a _____ could help _____ emissions.

Does this _____ engine for green _____?

Does the vehicle _____ which _____ mileage and reduce environmental impact?

Is _____ vehicle a _____ one for _____ and emissions _____?

_____ this _____ hybrid system _____ emit less pollution?

Is this _____ hybrid, which will _____ fuel _____?

Is this vehicle _____ that _____ be more _____?

_____ the _____ a hybrid powertrain _____ the fuel _____ of _____?

_____ this _____ have _____ get better mileage and _____ pollution?

Will there _____ a hybrid powertrain _____?

_____ the _____ with a _____?

Does the vehicle _____ system that _____ better _____ mileage _____ reduce _____?

_____ possible to improve _____ a hybrid powertrain?

Has _____ model _____ a _____ for improved _____ and reduced _____?

_____ has a hybrid powertrain, so _____ saves _____.

This _____ be _____ hybrid _____.

_____ this vehicle hybrid _____?

Is there a hybrid _____ in this vehicle _____?

_____ this _____ hybrid _____ better mileage and reduced _____?

_____ car _____ hybrid engine?

_____ have _____ system that improves gas mileage?

There is a possibility this _____.

Does _____ have a _____ maximized efficiency?

Can this _____ have _____.

Does this _____ propulsion system?

I _____ to _____ I can expect _____ this hybrid _____.

Does _____ car have _____ for improved efficiency _____ emissions?

_____ this _____ use _____ to _____ on gas and pollution?

_____ the _____ make _____ difference in emissions and _____?

Does _____ hybrid power to _____?

Does the _____ hybrid _____ to save _____ pollutants?

_____ fitted with _____ system for improved fuel _____?

How _____ hybrid engine _____ fuel _____?

_____ vehicle equipped with a hybrid _____ that _____ allow for _____ gas _____ reduced _____?

Is _____ equipped _____ a hybrid _____?

Is _____ car _____ hybrid for _____ fuel _____ lower _____?

_____ there _____ hybrid option that will _____?

_____ hybrid _____ fuel efficiency _____ emissions?

_____ powertrain _____ fuel efficiency here?

_____ this car's _____ version going _____ have _____ and _____?

_____ for _____ emissions via _____ hybrid?

Is _____ through the _____ a hybrid drivetrain?

_____ give _____ better mileage and reduced emissions?

_____ vehicle have a _____ system _____ will _____ better gas mileage _____ less _____?

Does the _____ hybrid _____ for _____ mileage _____ reduced _____ pollution?

_____ car _____ good hybrid engine?

_____ model a _____ engine for better mileage _____ pollution?

Adding a hybrid powertrain _____?

_____ the _____ fuel-saving, eco-friendly _____ drivetrain?

_____ you _____ if the vehicle has a _____ motor _____ gas _____?

Does this _____ for efficiency?

Is _____ car _____ hybrid engine?

_____ the _____ a _____ motor?

_____ the hybrid _____ a cleaner _____?

_____ for _____ hybrid _____ result in _____ mileage and _____ emissions?

Can _____ a hybrid _____ vehicle?

_____ vehicle have a _____ powertrain that _____ better _____ efficiency and lower _____?

Do _____ think _____ car has _____?

_____ you know if _____ vehicle _____ a _____?

_____ this _____ engine that _____ give _____ mileage and reduce pollution?

Is _____ car using hybrid _____?

Maybe _____ fuel efficiency?

Can _____ car _____ a _____?

_____ this car _____ hybrid _____ that _____ save _____ gas?

Is it _____ the vehicle _____ a _____?

_____ car's _____ system _____ it a _____ ride?

_____ use _____ contribute to _____ miles per gallon?

_____ improved by using _____ hybrid Powertrain?

Does _____ car use _____ hybrid engine _____?

_____ it have a _____ improve _____?

If the vehicle _____ hybrid _____ it _____ ensure better gas _____.

Does _____ have _____ more eco-friendly _____?

Is _____ a _____ that will help with fuel efficiency _____?

Is an _____ engine _____ going to reduce _____?

_____ has a _____ engine?

_____ the model getting _____ better _____ reduced air pollution?

Does the vehicle _____ design to _____ gas mileage _____?

_____ this car _____ hybrid that _____ save on gas _____?

Is _____ vehicle equipped _____ which _____ allow for _____ efficiency _____ reduced emissions?

_____ a hybrid _____ in _____ gas mileage and the _____?

_____ the _____ efficiency _____ this vehicle _____ a hybrid _____?

You save _____ and _____ hybrid _____?

There _____ an _____ motor _____ can be _____.

Has this _____ hybrid _____ efficiency?

Should this _____ a hybrid engine _____ air pollution?

_____ better for the _____ economy?

_____ the car use _____ fuel _____ and _____ emissions?

_____ the _____ equipped with _____ for improved _____ efficiency?

_____ vehicle _____ with _____ hybrid _____ for improved fuel _____ and reduced emissions?

Is there _____ hybrid _____ that _____?

Is there ____ car ____ a ____ ?
Is this one ____ ?
Does this feature ____ ?
Is there ____ hybrid ____ car?
____ a ____ powertrain improve ____ efficiency of the vehicle?
____ this ____ hybrid ____ to save ____ or pollution?
Does ____ have a better ____ ?
Does ____ vehicle have ____ for ____ efficiency and reduced ____ ?
____ this ride offer ____ pollution and increased ____ economy because ____ ?
Is this ____ with ____ for ____ and less pollution?
Is ____ system in the ____ good ____ gas ____ and ____ ?
Is ____ car ____ hybrid that ____ better fuel ____ lower ____ ?
____ car's ____ version have better ____ and ____ emissions?
____ vehicle ____ a hybrid ____ to promote ____ gas ____ harmful emissions?
Does ____ a hybrid ____ to save ____ ?
____ the vehicle equipped with ____ ?
____ the ____ hybrid system ____ a ____ ?
Does this ____ a hybrid ____ to ____ gas ____ emit less ____ ?
Is ____ car equipped ____ a ____ efficiency and ____ emissions?
Looking for ____ emissions ____ vehicle?
Is ____ vehicle a ____ that can ____ ?
____ powertrain ____ save ____ and emissions.
Does ____ have ____ good ____ system?
____ this ____ a hybrid ____ ?
Is the hybrid option expected ____ ?
____ this car hybrid, ____ make it ____ fuel ____ ?
Is ____ a ____ fuel ____ ?
____ this ____ equipped with a ____ system that ____ for ____ efficiency?
____ the ____ have a hybrid ____ ?
____ vehicle ____ hybrid one ____ allows for better ____ reduced emissions?
____ car ____ hybrid system ____ better efficiency?
____ car use ____ hybrid engine ____ pollution?
Is ____ possible ____ a hybrid engine?
____ vehicle have a hybrid engine ____ reduced air ____ ?
Is ____ model having ____ better ____ and reduced ____ pollution?
Does this ____ a ____ engine ____ fuel efficiency ____ emissions?
____ car come with a hybrid powertrain ____ improved fuel ____ ?
Does the ____ power to ____ and ____ pollution?
____ the ____ efficiency ____ improved by ____ a hybrid powertrain?
Can I ____ reduced ____ and ____ hybrid car?
____ to know ____ car ____ a hybrid system.
____ the vehicle ____ hybrid ____ promote ____ and ____ harmful emissions?
Is ____ version of ____ vehicle ____ ?
____ there a ____ to ____ a ____ powertrain to ____ ?
Does the ____ emit less pollution and ____ ?
____ the car a hybrid ____ fuel ____ reduced ____ ?
Is the fuel efficiency ____ through ____ use ____ ?
Does ____ vehicle ____ better gas mileage and reduce ____ emissions?
Are ____ vehicle equipped ____ a ____ ?
Do ____ car have ____ hybrid ____ better ____ ?

Should _____ have _____ that _____ ensure better gas _____ and reduced _____ impact?

Is this _____ a _____ component?

_____ vehicle _____ by a hybrid _____?

Is _____ a _____ engine for _____?

Is the _____ car _____ because of the _____ system?

_____ this car equipped with _____ hybrid system _____?

Are hybrid _____ in _____?

_____ to know _____ the _____ has _____ hybrid _____ that improves _____ mileage.

_____ know if _____ has _____ motor _____ that will _____ gas mileage?

Is _____ vehicle _____ a hybrid system that will _____ efficiency?

_____ it _____ the _____ option will _____ fuel economy?

The _____ may _____ fuel-saving, _____ hybrid _____.

The _____ may be a hybrid for better _____.

_____ car use hybrid _____ gas?

_____ know _____ the vehicle has _____ motor system _____ improves gas _____?

_____ vehicle a hybrid _____ for _____ fuel _____ and reduced _____?

Could there be _____ hybrid _____ for _____?

_____ this car _____ a _____ that saves _____ gas _____ pollution?

Do _____ want to _____ with _____ powertrain?

Is there _____ powertrain in _____ better gas mileage and _____ emissions?

Does this car have _____ hybrid _____ efficiency _____ emissions?

_____ the _____ help _____ cleaner ride?

_____ this vehicle equipped with _____ allow for _____ efficiency?

_____ fuel efficiency _____ with the _____ a _____ powertrain?

Is this _____ equipped with a _____ system _____ efficiency _____?

_____ use a hybrid _____ to emit less _____?

_____ car use _____ hybrid _____ improve efficiency?

_____ a car _____ a _____ drive?

_____ this _____ fuel _____ with a _____?

_____ there _____ the hybrid option?

Does this _____ have _____ engine _____?

Saves _____ and emissions _____ the _____?

Does the _____ come with _____?

Is this _____ hybrid _____ fuel efficiency _____ emissions?

Is this car _____ having _____ for _____ efficiency?

Does _____ have _____ eco-friendly _____?

_____ the vehicle _____ a hybrid _____ system that _____?

Has _____ model _____ hybrid _____ and reduced air pollution?

_____ the _____ a hybrid powertrain to improve _____ and _____ emissions?

Is _____ with a hybrid _____ benefits mileage?

Is _____ of _____ hybrid system going to _____ the _____?

_____ a hybrid _____ lower _____ be great.

Does _____ of a hybrid _____ the _____ of this _____?

_____ car _____ for fuel efficiency _____ emissions?

_____ I _____ reduced emissions in the hybrid _____?

I was _____ vehicle has _____ hybrid motor system that _____.

Is _____ a hybrid _____ fuel _____ cuts _____?

_____ vehicle equipped _____ a _____ system?

Is _____ a _____ here?

Could _____ tell me _____ a _____ motor system?

Can ____ confirm ____ is ____ hybrid?

Will ____ for ____ hybrid car ____ mileage and ____ pollution?

____ economy ____ with the hybrid ____?

____ vehicle ____ for improved fuel efficiency ____?

____ vehicle equipped with a ____ that ____ improve fuel ____ emissions?

____ car ____ with ____ hybrid energy ____?

____ this ____ have a ____ engine ____ better fuel ____ emissions?

____ am wondering if I can ____ better ____ hybrid ____.

Do you ____ this ____ component?

Is this ____ equipped with a ____ that can ____ better ____ and ____?

____ the fuel efficiency ____ use of hybrid ____?

Does ____ car work with ____?

____ the vehicle ____ a hybrid ____ can ensure better ____ mileage ____ environmental ____?

____ a ____ component ____ this car?

Are this ____ hybrid ____ eco-friendly ____?

____ car ____ hybrid?

Is this ____ hybrid ____ have better fuel ____ less ____?

Is ____ vehicle hybrid ____ better fuel ____ and ____?

____ opting for a ____ in ____ and cleaner emissions?

Is there ____ hybrid ____ to ____?

Does the vehicle have a ____ ensure better ____ mileage ____ impact?

Will ____ result ____ better mileage ____ lower ____ of ____ innovative ____ mechanism?

Do ____ use hybrid ____ gas?

____ to look for ____ emissions ____.

Is the vehicle ____ a ____?

____ the vehicle ____ hybrid technology ____.

Does ____ vehicle ____ a ____ ensure better ____ mileage ____ less environmental ____?

____ this ____ a hybrid ____.

____ the ____ have a hybrid ____ to ____?

____ like to ____ can expect ____ economy ____ the hybrid option.

____ the engine ____ this ____ help ____ control?

Is there ____ hybrid ____ auto?

____ this ____ a hybrid one that ____ power ____ and pollution?

Is the ____ built with ____ that helps ____?

____ opting for a hybrid car ____ better ____ lesser ____?

Is ____ car ____ with a hybrid ____ will improve fuel ____?

____ want ____ know ____ the ____ system improves gas ____.

____ hybrid ____ better efficiency?

____ car use ____ power ____ less pollution?

Does this model ____ a hybrid ____ to ____ and ____?

Is the ____ hybrid ____ that ____ ensure better gas ____ reduce ____ impact?

____ the ____ efficiency improved through use ____ hybrid ____?

Does ____ have a hybrid system ____?

Is ____ hybrid tech?

Does this car ____ a hybrid powertrain ____ allow ____ better ____ emissions?

____ hybrid ____ contribute ____ a more ____ ride?

Can ____ better fuel economy ____?

Do ____ have a ____ option ____ economy and emission ____?

Something ____ fuel ____?

Will opting ____ the ____ automobile ____ in ____ mileage and ____?

_____ car _____ to _____ gas and less pollution?
_____ powered by _____ hybrid system?
_____ the _____ a hybrid _____ to promote better _____ mileage _____ harmful _____?
_____ this car have _____ hybrid _____ improve _____ and lower _____?
Is _____ strategy _____ fuel _____ here?
Does _____ have a hybrid _____ improved fuel _____ emissions?
_____ this vehicle have a _____ powertrain _____ improve _____?
Interested in _____ via _____.
_____ vehicle _____ hybrid for better _____ efficiency _____ emissions?
_____ possess a hybrid system for _____?
There is _____ this vehicle _____ hybrid _____.
Is the _____ with _____ that will _____ better gas _____?
Does _____ emit _____ when _____ has a _____ engine?
_____ if _____ vehicle includes a hybrid _____?
_____ the car _____ a hybrid _____.
_____ a hybrid vehicle _____?
_____ hybrid system _____ fuel _____ here.
_____ the _____ have a greener _____?
Is _____ improve the _____ by using a _____ powertrain?
_____ it _____ a hybrid _____?
_____ this _____ have _____ hybrid engine _____ fuel efficiency _____ emissions?
Adding _____ lower emissions, huh?
Will _____ hybrid _____ for better mileage and _____ pollution?
_____ this _____ a hybrid engine to _____?
_____ I expect a _____ mileage _____ reduced _____ in _____?
This _____ could have _____.
Does the _____ have _____ hybrid engine that _____ gas _____?
Does _____ a _____ system that _____ improve fuel _____ and _____?
_____ is _____ to use _____ engine.
Is the fuel _____ of this _____ by _____ hybrid _____?
Will opting _____ hybrid vehicle _____ better _____ and lower _____?
_____ vehicle may have _____ hybrid system _____.
_____ have a _____ engine _____ mileage and less air _____?
Please confirm _____ hybrid system.
_____ the _____ has a hybrid _____ improves gas _____?
Is the vehicle equipped _____ to increase _____?
_____ this car _____ fuel efficiency _____ reductions?
_____ a hybrid drivetrain
Will _____ a hybrid engine _____ this car?
_____ hybrid _____ save fuel and _____ down _____?
Is there a _____ engine _____?
Does the _____ combo offer reduced pollution _____?
_____ a hybrid system _____ will give better _____ and reduced environmental _____?
_____ vehicle have a _____ improved _____ efficiency _____ reduced emissions?
_____ have a _____ for fuel efficiency?
_____ that _____ car _____ hybrid?
_____ have _____ hybrid _____ to improve efficiency?
Are _____ equipped with a hybrid _____ that _____ ensure better _____ and _____?
_____ car use any _____?
_____ a hybrid system yet?

_____ the _____ to the use of a _____ powertrain?

Does _____ car use _____ power _____?

Does _____ have a _____ engine _____ can _____ gas?

Is _____ of _____ powertrain _____ the _____ of the vehicle?

_____ I expect lower _____ this _____?

_____ the _____ this car _____ better mileage and _____ emissions?

_____ a hybrid system _____ promote _____ mileage and reduce emissions?

_____ this hybrid _____ of _____ better _____ and reduced emissions?

_____ it be _____ fuel saver, _____?

Is _____ car built _____ a _____ technology that _____?

_____ possible this vehicle _____ powertrain.

Is it possible _____ version to _____ mileage and _____ emissions?

Does _____ hybrid powertrain _____ can _____ fuel _____ and emissions?

Is _____ car _____ with a _____ system _____ fuel _____?

Is that _____ a _____?

Does _____ model _____ a hybrid _____ better mileage _____ in air _____?

Does this car run _____?

Does _____ have a _____ engine _____?

Does the auto _____ hybrid capabilities _____ fuel _____?

Is this _____ hybrid that _____ fuel and _____?

_____ car equipped _____ hybrid engine _____ increased fuel _____?

_____ vehicle a _____ that allows _____ fuel _____ reduced emissions?

Does _____ have a _____ that will _____ and _____ less pollution?

_____ there _____ powertrain _____ efficiency here?

Does _____ vehicle _____ hybrid _____ that can _____ efficiency?

Is it possible _____ has _____ hybrid _____?

_____ a possibility _____ vehicle _____ a _____ powertrain.

Is _____ vehicle _____ that will _____ and emissions?

Looking _____ via hybrid.

_____ opting for _____ car result _____ better _____ and less _____?

Does _____ car help _____ cleaner _____?

_____ the _____ system _____ to _____ and lower emissions?

_____ this vehicle have _____ for increased _____ efficiency?

_____ this vehicle capable _____ using _____?

_____ know if the vehicle has a _____.

I wonder if _____ powertrain.

_____ the _____ of a _____ improving _____ fuel _____ in _____ vehicle?

_____ have hybrid _____ to improve _____ efficiency?

Adding a hybrid _____ to _____ is _____.

_____ car _____ have _____ hybrid _____ for better _____.

Is _____ built with hybrid technology _____?

_____ this vehicle _____ hybrid _____ better?

Does _____ vehicle have a hybrid system _____ will _____ reduced environmental _____?

Does this car have _____ hybrid system _____ improves _____?

_____ a hybrid version to promote _____ gas _____?

Does _____ vehicle come with a _____ can _____ better _____?

Has this _____ a _____?

Is _____ a hybrid _____ efficiency _____?

Is this car a _____ that _____ fuel _____ reduce _____?

Is the vehicle a _____ better _____ mileage _____ reduce _____?

_____ there a _____ vehicle _____ hybrid component?
 _____ efficiency improved by _____ hybrid _____ this vehicle?
 _____ vehicle may have _____ improve efficiency.
 There _____ hybrid engines _____.
 Will hybrid engines _____ on this _____?
 _____ the _____ have _____ to promote better _____ mileage?
 _____ possible that the hybrid _____ improve fuel _____?
 _____ the vehicle _____ a _____ ensure better gas mileage _____ reduced _____ impact?
 _____ this car have _____ hybrid _____ that will _____?
 _____ engine _____ be fuel _____.
 Does the car come with _____ efficiency _____ emissions?
 _____ this _____ a hybrid that saves _____ less _____?
 Can _____ option _____ fuel economy?
 _____ the vehicle a _____ and emissions?
 Is there _____ vehicle _____ vehicle?
 Does the _____ a _____?
 There's _____ this _____ hybrid system.
 Is the _____ a _____ will provide _____ gas mileage _____ environmental impact?
 Does _____ a hybrid powertrain that _____ gas mileage?
 Is the vehicle equipped _____ hybrid _____ for _____ gas mileage _____?
 _____ this _____ built _____ a hybrid _____?
 _____ this _____ that uses less _____ and emits less _____?
 Is this _____ a _____ can improve fuel _____ and _____?
 _____ you _____ the _____ comes _____ a hybrid system?
 Do you _____ if _____ has _____ system.
 Does this _____ engine _____ improve _____ efficiency and emissions?
 _____ are _____ capabilities _____ this _____?
 _____ it possible that this _____ hybrid _____ for _____?
 _____ wonder _____ a hybrid system.
 Is it a _____ that _____ for _____ and _____?
 _____ this _____ have _____ eco-friendly hybrid _____?
 _____ the car _____ a _____ engine that _____ gas and _____?
 Does _____ engine _____ better mileage _____ reduced air pollution.
 Would _____ be _____ emissions _____ a hybrid powertrain?
 _____ contribute to a cleaner _____?
 There's _____ hybrid option _____ improve _____.
 Does this _____ have _____ capabilities _____ fuel _____?
 _____ it _____ eco-conscious hybrid?
 Does this _____ have _____ engine _____ improved _____ and _____ pollution?
 _____ the _____ in _____ work for fuel efficiency?
 _____ vehicle provide _____ hybrid _____?
 _____ the vehicle _____ a _____ power _____?
 _____ the _____ system _____ in _____ vehicle to ensure _____ gas _____ and _____ environmental _____?
 Looking for _____ by _____?
 _____ hybrid option good for _____ economy _____ levels.
 Are there _____ capabilities in _____?
 _____ car use _____ to lower _____?
 _____ know _____ this car features _____ system?
 _____ this _____ hybrid _____ for _____ efficiency _____?
 _____ this _____ a _____ system to _____ fuel efficiency?

Is _____ a _____ to _____ mileage and lower emissions?

Fuel _____ and _____ engine _____?

_____ the _____ offer improved _____?

_____ run _____ a hybrid engine?

Is the vehicle _____ hybrid, _____ will _____ efficient?

_____ the _____ equipped with _____ that allows _____ efficiency and reduced _____?

_____ this _____ hybrid to _____ efficiency?

_____ the _____ a hybrid for _____.

Is this _____ equipped _____ powertrain that _____ fuel efficiency?

_____ offer better fuel economy?

_____ hybrid _____ emits _____?

_____ if this car has a _____ to _____ gas _____.

Any _____ for _____ efficiency?

For _____ control, is the _____ car _____?

_____ chance it includes _____ hybrid _____.

_____ fuel _____ and reduced _____ is _____ a hybrid?

A _____ ride gets _____ miles per _____ and _____ less _____.

_____ have a _____ engine _____ save gas _____ pollution?

Does the vehicle have _____ engine _____ better gas _____ emissions?

Does _____ use a hybrid _____ for _____ efficiency _____?

Is this _____ engine _____ efficiency?

Does _____ hybrid _____ system _____ mileage of _____ car?

Is this one _____ that _____ and emissions?

_____ this model have a _____ engine _____ and reduce _____?

Is this vehicle _____ hybrid _____ efficiency _____ of emissions?

Does _____ vehicle _____ a _____?

Is _____ model with a _____ engine _____ and _____ pollution?

Is the vehicle _____ hybrid _____ better _____ mileage and _____ harmful _____?

Is the _____ a hybrid one _____ and pollution?

_____ vehicle come with _____ powertrain?

_____ this _____ a _____ for improved fuel _____ reduced emissions?

Does the _____ any _____?

Does the _____ hybrid _____ improved fuel efficiency _____ emissions?

_____ this _____ equipped _____ hybrid system?

Does the _____ a _____ part _____ eco-friendly _____?

Is _____ car a _____ for _____ efficiency _____ emissions?

_____ equipped _____ a hybrid that will _____ for _____ fuel _____ and _____ reductions?

_____ vehicle having _____ hybrid _____?

Is it possible that _____ car's _____ better _____ and _____?

_____ it _____ hybrid _____ that makes it _____ efficient?

Can _____ a better _____ the hybrid?

Does _____ car _____ car engine?

Can _____ vehicle _____ a _____?

Does this car _____ a hybrid engine _____ emit _____?

Does the _____ have _____ hybrid _____ that can promote gas _____?

Is this _____ equipped with a hybrid that _____ you _____ reduced _____?

_____ car _____ with _____ hybrid?

_____ this _____ a hybrid _____ can _____ fuel efficiency and _____ emissions?

_____ have any hybrid _____?

_____ this vehicle a _____ save fuel and _____ less _____?

Will _____ a hybrid _____ will result in better _____?

The _____ fuel and _____ down emissions.

_____ vehicle use a hybrid system for _____ fuel _____?

_____ the _____ equipped with _____ hybrid _____ better _____ mileage _____ reduced environmental impact?

Is this vehicle _____ system _____ will give it _____ efficiency?

Is _____ with a _____ component?

Is _____ actual _____ the car _____ by the hybrid _____?

_____ there _____ hybrid option that improves _____ economy?

Does the actual _____ due _____ hybrid drive system?

Is _____ by using a hybrid _____?

Can _____ car's hybrid _____ to _____ better mileage and _____?

Is _____ car a hybrid _____ fuel _____ and _____?

_____ hybrid option _____ fuel _____?

_____ a _____ system _____ better efficiency?

Does _____ power to save fuel and _____?

Is there _____ hybrid _____ improves _____ emission levels?

Is _____ hybrid that can improve _____ efficiency _____ emissions?

Does _____ car _____ save on gas and pollution?

Will _____ auto _____ to _____ fuel efficiency?

Is this car using hybrid power _____?

Looking _____ reduced _____ via _____?

_____ car _____ power for _____ fuel efficiency and _____?

Are _____ motor system _____ improves gas _____?

Is the _____ to use less _____ and _____?

_____ there a way _____ lower emissions with _____?

_____ have _____ capabilities that will _____ fuel efficiency?

_____ have a hybrid _____ that will _____ for better fuel _____ emissions?

_____ this car's hybrid version give _____ reduced _____?

Does this _____ a hybrid system _____ friendly _____?

_____ a _____ to _____ using a hybrid powertrain?

_____ car's hybrid _____ mileage and lower emissions?

_____ the _____ fuel _____ with hybrid?

_____ know if the hybrid _____ the vehicle improves _____?

_____ know _____ car _____ a hybrid engine?

Is _____ vehicle _____ to promote better _____.

_____ the model _____ a hybrid engine that _____ mileage _____ pollution?

Is _____ a hybrid engine?

Is it possible _____ car _____ hybrid power _____ emissions?

_____ vehicle have _____ hybrid _____ engine?

Could this _____ vehicle with _____?

There _____ a _____ option that _____ fuel _____.

_____ equipped with a _____ which will _____ better _____ and reduced emissions?

Is _____ vehicle _____ to _____ better _____ efficiency?

_____ I expect better _____ and emissions in _____?

Does it _____ a _____?

Are this car's _____ systems _____?

Does the model have _____ for _____ reduction in _____?

_____ this vehicle _____ a _____?

Can _____ hybrid _____ improve _____?

It _____ feature an _____.

Is ____ vehicle ____ ____?

It ____ feature an ____.

Does ____ a hybrid ____ better ____ efficiency and emissions?

____ this ____ has ____ power?

Does ____ a ____ to save fuel ____ emissions?

Does ____ have a ____ system that will ____ ____?

____ is a ____ this vehicle ____ a ____.

Is ____ a ____ car for improved efficiency?

Is ____ with a ____?

____ you ____ for ____ emissions ____ a ____?

____ wonder if this ____ has ____ for fuel ____.

Does the ____ a hybrid ____ that ____ and environmental impact?

Is ____ vehicle ____ hybrid ____ efficiency and reduced emissions?

____ this car ____ will improve ____ efficiency and ____?

____ this ____ have ____ engine that ____ save gas ____ pollution?

Is ____ hybrid ____ improved ____ and emissions reduction?

____ it ____ hybrid drivetrain?

____ have ____ eco-conscious hybrid ____?

Is it ____ expect better ____ emissions ____ hybrid car?

Is ____ possible this car ____?

Is there ____ in this vehicle ____ improve ____?

Is ____ vehicle ____ better ____?

Does it ____ drivetrain.

Is this ____ fuel efficiency?

Does ____ have ____ cleaner ____ system?

Is this vehicle ____ hybrid ____ and ____ more ____ efficient?

Does the ____ feature ____ hybrid ____ to ____ better ____ and reduce ____?

Is this ____ power ____ efficiency?

____ hybrid powertrain ____ fuel efficiency?

____ wish ____ know ____ vehicle has a hybrid ____ system ____ gas ____.

____ there a hybrid fuel ____?

A hybrid ride ____ footprint ____ more miles per ____.

Does the ____ hybrid ____ to improve ____?

____ there ____ hybrid powertrain ____ can improve ____?

Did this ____ hybrid ____ for ____ efficiency?

____ offer a ____ power system?

Is there an ____ fuel economy ____?

Is ____ car ____ a ____ system ____?

____ this ____ a hybrid ____ that ____ with fuel efficiency ____ emissions reduction?

Is ____ car ____ an engine ____ emission control?

Does this ____ hybrid ____?

____ vehicle a hybrid that has better ____ and ____?

____ think this ____ has hybrid ____?

____ vehicle ____ hybrid system ____ will ensure ____ gas mileage?

Is ____ a hybrid for better ____ efficiency ____?

____ a car ____ a hybrid ____?

Is the ____ hybrid system that will ____ and ____ emissions?

Is the vehicle equipped ____ a ____ better gas ____ and ____ environmental impact?

____ include a hybrid ____?

Does ____ car ____ a ____ for lower emissions?

Is this _____ for _____ fuel _____?

A hybrid _____ saves _____ and _____?

Is _____ vehicle _____ hybrid for more fuel _____?

_____ might _____ a hybrid system _____ eco-friendly _____.

_____ the car _____ engine to _____ on _____ and pollution.

_____ I _____ a _____ and reduced _____ in this hybrid _____?

Could _____ a hybrid _____?

Is _____ a hybrid _____ allow for better _____ efficiency and _____ emissions.

_____ hybrid automobile result _____ better mileage _____ reduced _____ emissions?

_____ the _____ hybrid powered by _____ for _____ control?

_____ the _____ hybrid system contribute _____ efficient ride?

Does _____ have a hybrid _____ for _____ and _____ of _____ pollution?

Is _____ this _____ a _____ powertrain?

Does _____ if the _____ a _____ powertrain?

_____ car _____ hybrid power _____ save _____ and reduce _____?

Does the vehicle _____ with a _____ version _____ better _____?

_____ if _____ car is hybrid?

_____ hybrid capabilities _____ the _____?

_____ vehicle _____ with _____ hybrid _____ will allow _____ better fuel efficiency _____ emissions?

Can the _____ of _____ give _____ mileage _____ reduced emissions?

This _____ vehicle _____ hybrid system?

_____ know if the _____ has a _____ system.

Can I expect _____ economy _____?

_____ the vehicle come with a hybrid _____ promote _____?

_____ hybrid system for eco-friendly driving?

_____ actual MPG _____ car improve _____ to the hybrid _____?

_____ the car a _____ for _____?

_____ the _____ equipped _____ a _____ that will _____ and reduce environmental impact?

Is the _____ hybrid good _____ control?

Does _____ vehicle _____ system to boost gas mileage _____ reduce _____?

_____ the vehicle _____ hybrid one to _____ better gas _____ reduce _____?

_____ the _____ gas mileage _____ by _____ hybrid _____ system _____ car?

Looking _____ emissions through _____.

_____ it possible this car has _____ better _____?

_____ car _____ with a _____ system _____ improve _____ efficiency _____ reduce emissions?

Is the _____ a _____ that will _____ and _____ less pollution?

_____ a hybrid _____ the vehicle _____ better _____ mileage and reduced _____ impact?

This vehicle _____ a hybrid powertrain _____ will _____ for _____ reduced emissions.

Is _____ car _____ to improve _____ and emissions?

Is the _____ will promote _____ gas mileage _____ harmful emissions?

Does this _____ a hybrid _____ save on _____?

The _____ a hybrid that _____ more _____ efficient.

Is _____ that this _____ a hybrid _____?

_____ this car a _____ have better _____?

Is _____ vehicle _____ a _____ will _____ better gas mileage _____ environmental impact?

_____ car equipped with _____ hybrid _____?

Is this vehicle a hybrid _____ fuel-efficient?

_____ a _____ version _____ vehicle _____ improved fuel efficiency?

_____ the car _____ a hybrid _____ for improved _____?

_____ car _____ with a _____ system _____ improved fuel _____ emissions?

Are you sure if _____ a hybrid _____?

_____ the hybrid _____ efficiency in _____ car?

_____ car might _____ with a _____.

Does _____ car _____ power _____ efficiency and _____ emissions?

Is _____ powered by _____ hybrid _____?

Can you _____ that _____ car _____ hybrid system?

_____ a hybrid _____ result _____ improved mileage _____ lower emissions?

Is _____ a _____ fuel efficiency?

Can there _____ an _____ fuel _____ from _____ option?

There _____ hybrid _____ could improve _____ economy.

Will opting for _____ hybrid car _____ in _____ emissions?

Is the _____ equipped _____ a _____ that _____ for better fuel _____ and _____?

_____ hybrid _____ for _____ efficiency here?

Looking for reducing _____?

I _____ if _____ can _____ emissions and _____ from this hybrid _____.

_____ have _____ hybrid powertrain _____ better _____ efficiency and _____ emissions?

Can the hybrid version _____ car _____ better _____?

Is _____ hybrid _____ for _____ fuel _____?

Adding a _____ lower _____ is _____ I would like _____.

_____ hybrid _____ help with _____ fuel-efficient ride?

_____ with _____ hybrid _____ that will reduce emissions?

_____ vehicle _____ fuel-saving hybrid powertrain?

Does the ride _____ and _____ fuel _____ of _____ electric-gasoline combo?

_____ hybrid _____ to save gas?

_____ reduce emissions by adding a _____ powertrain?

_____ expect increased fuel _____ the _____?

Fuel _____ a _____?

Does this _____ better mileage _____ lower emissions from _____?

Is the vehicle equipped with _____ hybrid system _____?

Is this _____ hybrid _____?

Has _____ model _____ a hybrid engine for _____ pollution?

_____ if a _____ option _____ fuel economy and _____.

_____ improved _____ economy be _____ with the _____?

Is _____ a hybrid _____?

Can I _____ a better mileage _____ version?

_____ engine _____ the miles _____ gallon _____ this car?

Is _____ a _____ that would make _____ fuel-efficient?

Does _____ vehicle _____ hybrid _____ to promote better _____ mileage and _____?

_____ car capable of _____ a hybrid _____ for _____?

_____ vehicle _____ have _____ hybrid _____ to ensure _____ gas mileage _____ reduced _____.

Is _____ mileage _____ emissions in the hybrid _____ of this _____?

_____ this car _____ hybrid _____ to improve fuel _____?

_____ this _____ use of _____ power?

_____ this car _____ a hybrid _____ the _____ efficiency?

_____ the use _____ a hybrid _____ the _____ of _____ vehicle?

Will using _____ hybrid engine _____ this _____ per _____?

Does this car have _____ save _____ or _____?

Can _____ system reduce _____ mileage?

Is _____ a _____ better _____ economy _____ less emissions?

Can you _____ if the car _____?

Does the fuel _____ use of _____ hybrid powertrain?
 _____ this car _____ hybrid _____?
 _____ be _____ to _____ a _____ powertrain to lower _____?
 Did _____ know _____ car comes with a _____?
 _____ this _____ offer a _____?
 _____ if the vehicle _____ a hybrid _____ that _____ mileage.
 Can I _____ better _____ lower emissions _____ this _____?
 Could _____ be _____ eco-conscious _____?
 Does this ride _____ and _____ economy because _____ the _____ combo?
 Is _____ fuel efficiency improved _____ a _____ hybrid _____?
 _____ a hybrid _____ raise the _____ gallon _____ this car?
 _____ car _____ hybrid one _____ efficiency?
 _____ car's hybrid system capable _____ better _____ and _____?
 _____ this vehicle _____ power system?
 _____ fuel efficiency improved _____ the _____ of _____ motor?
 Is this car _____ hybrid _____ improved fuel _____ lowered _____?
 _____ vehicle _____ a _____ engine?
 Is _____ car hybrid _____ efficiency _____ emissions?
 _____ this _____ offer _____ hybrid _____?
 Is it _____ eco-conscious _____?
 _____ the _____ this car _____ better mileage and less emissions?
 Is _____ with a _____?
 _____ be _____ hybrid model.
 Is there a _____ to improve _____ efficiency?
 _____ car _____ hybrid power _____ and less pollution?
 _____ the _____ hybrid _____ to improve fuel _____ and _____?
 _____ efficiency _____ with the _____ of a _____ engine?
 Can the hybrid _____ this car _____ better _____ lower _____?
 Can _____ vehicle _____ with a _____?
 _____ the vehicle _____ hybrid motor _____ improves _____ could _____ tell me about _____?
 _____ vehicle a hybrid with _____ fuel _____ emissions?
 _____ want _____ the vehicle has a hybrid _____ improves mileage.
 _____ this vehicle equipped _____ a _____ that _____ better _____ efficiency and _____ emissions?
 _____ expect _____ mileage and _____ from this _____ car?
 _____ vehicle _____ more _____ a hybrid?
 _____ is a _____ option _____ can improve _____ economy.
 Did it feature _____?
 _____ possible that _____ has a hybrid _____ maximum efficiency?
 _____ the vehicle have a _____ promote _____ gas mileage and _____ emissions?
 _____ possible that this car's hybrid version _____ mileage and _____?
 Is _____ vehicle _____ with a hybrid _____ mileage?
 Is _____ equipped _____ hybrid system _____ give it _____ fuel efficiency _____ reduced _____?
 Will this _____ and lower emissions _____ its _____ mechanism?
 Is _____ helps it be more fuel _____?
 Do you _____ vehicle _____ offer _____ system?
 Is _____ vehicle a hybrid which _____ make it more _____?
 Is _____ car _____ with a _____?
 _____ I _____ a _____ the hybrid version of this _____?
 Will this _____ in _____ mileage and _____ emissions from _____ hybrid _____?
 Does _____ a _____ for _____ fuel efficiency and _____ emissions?

I want ____ know if ____ option ____ fuel economy.
 Does the ____ use ____ to ____ gas ____ pollution?
 ____ the hybrid power ____ fuel ____ in ____?
 ____ the ____ with ____ hybrid that ____ allow ____ fuel efficiency?
 The ____ option ____ improved ____ economy.
 Can this ____ a ____?
 Adding ____ hybrid powertrain ____ that ____ be done to ____.
 Does ____ offer ____ eco-conscious ____?
 ____ car ____ that ____ better fuel ____ and reduced emissions?
 I ____ the ____ option will improve fuel ____.
 ____ it ____ an eco-conscious ____
 Does ____ car ____ kind of ____?
 ____ one has a ____ which ____ fuel ____ reduces ____.
 Is it possible ____ improve the fuel ____?
 ____ have a ____ powertrain that will ____ mileage ____ reduce emissions?
 ____ get improved ____ the use of a ____?
 ____ the vehicle ____ a ____ system that ____ increase ____ mileage ____ reduce ____ impact?
 Can ____ car have ____ hybrid ____?
 Does ____ have a hybrid ____ uses less gas ____ pollution?
 ____ actual ____ of ____ car better because of ____ drive ____?
 Has ____ gotten ____ engine to improve mileage and ____?
 ____ powertrain come with ____ car?
 ____ a hybrid option ____ fuel economy ____ emissions?
 Can ____ hybrid ____ mileage ____ be ____?
 Does the car use hybrid ____ fuel ____?
 ____ auto ____ that will improve fuel efficiency?
 Does ____ a hybrid ____?
 Does ____ hybrid power ____ save gas and use ____?
 ____ I ____ better mileage and ____ this ____ car?
 There ____ a ____ vehicle has a ____.
 Does a ____ option ____?
 ____ I expect better ____ hybrid option?
 ____ car ____ a hybrid system?
 Is the ____ equipped ____ hybrid system ____ better gas ____ and less ____?
 Is ____ fuel efficiency improved ____ using ____?
 ____ vehicle ____ hybrid system?
 ____ hybrid capabilities ____ this auto?
 ____ car ____ a hybrid ____?
 ____ emissions ____ better ____ can be expected ____ this ____.
 ____ for ____ reduced emission ____?
 ____ this ____ hybrid motor for ____ fuel ____ and lower ____?
 ____ car work with ____ hybrid ____?
 ____ there a ____ engine?
 ____ know if ____ vehicle ____ with a hybrid ____?
 ____ is ____ of a hybrid powertrain ____ vehicle.
 Does ____ have a hybrid powertrain ____ fuel ____?
 ____ hybrid ____ help lower emissions.
 Is ____ vehicle a hybrid for ____ less ____?
 Is it possible ____ the model ____ better mileage ____ reduced air ____?
 ____ the fuel ____ by the use of ____?

Does this ride _____ increased _____ because of _____ electric-gasoline combo?

_____ vehicle _____ with _____ hybrid system _____ allow for better gas _____?

Will _____ car _____ hybrid _____ for _____ efficiency and _____?

Is _____ equipped with _____ one?

_____ efficiency improved by _____ of a _____ this vehicle?

Is the vehicle _____ hybrid?

_____ there a _____ system in this _____ efficiency?

Is the _____ equipped with _____ system _____ will _____ better _____?

Is _____ vehicle equipped _____ system that will _____ mileage?

_____ car have _____ engine _____ saves on gas and _____ less _____?

_____ the _____ a _____ system _____ will increase efficiency?

_____ offer a hybrid?

_____ vehicle _____ it will _____ more fuel- efficient?

Will _____ hybrid _____ the miles per gallon _____?

_____ the car _____ hybrid engine to _____ less _____?

_____ a _____ system _____ the vehicle _____ gas mileage and _____ environmental impact?

Does _____ a _____ system _____ ensure better _____ mileage _____ environmental impact?

_____ engine in _____ for pollution control?

_____ emissions _____ hybrid?

Considering _____ via _____?

Is there better _____ and _____ in _____ hybrid _____?

_____ the _____ emit less pollution _____ it _____ a _____?

_____ is _____ hybrid _____ improves _____ economy.

_____ is a _____ option _____ increases _____.

Can I _____ better _____ from _____ hybrid system?

Is this _____ equipped with _____ hybrid _____?

Is there _____ hybrid _____ in _____?

_____ mileage and _____ in this hybrid version?

_____ this vehicle _____ for _____ fuel efficiency _____ emissions?

Is _____ use of _____ powertrain going _____ fuel _____?

Does _____ emit less emissions _____ use _____ power _____ efficiency?

Will this car _____ efficiency _____?

_____ the _____ car have _____ mileage and _____?

_____ the vehicle enhance _____ the _____?

_____ the _____ equipped _____ that can help with _____ and environmental impact?

_____ the _____ this car better _____ mileage and _____?

Is _____ car a _____ efficiency and reduced _____?

This _____ may use _____ gas.

_____ a hybrid powertrain _____ better _____ and _____ emissions?

_____ this car _____ that _____ better fuel _____ and reduced _____?

Add a _____ powertrain _____ emissions?

Is _____ car _____ save gas _____?

Is a hybrid engine _____ improved fuel _____?

_____ the vehicle _____ hybrid that can _____ more _____?

_____ auto _____ hybrid capabilities?

_____ car have _____ system that _____ increase efficiency?

_____ hybrid option likely _____ have _____ fuel _____?

_____ the vehicle equipped with _____ gas mileage and _____ environment?

_____ if the car _____ hybrid system for _____.

Is _____ vehicle _____ that can _____?

There is a _____ powertrain _____ improves _____ economy _____ .
 Will _____ vehicle _____ a hybrid _____ increased _____ ?
 Does the _____ hybrid _____ for fuel _____ ?
 _____ this _____ a hybrid that _____ down on _____ ?
 _____ it have _____ eco-conscious _____ ?
 Does the car's _____ system _____ ?
 Adding a _____ emissions?
 _____ efficiency improved by the _____ of _____ hybrid _____
 _____ the car _____ to _____ emissions?
 _____ it possible this _____ engine?
 _____ a chance that _____ vehicle _____ a _____ ?
 Is that _____ hybrid technology?
 Will a _____ engine _____ improve _____ ?
 _____ car _____ a hybrid _____ ?
 _____ vehicle may _____ a _____ that _____ fuel efficient.
 _____ the vehicle _____ will ensure a _____ gas _____ and reduced _____ impact?
 _____ there _____ hybrid option to _____ economy and _____ ?
 _____ this car _____ engine _____ down on pollution?
 Will _____ a hybrid _____ for _____ ?
 _____ the _____ good for fuel _____ ?
 _____ this _____ a hybrid engine _____ mileage and reduced _____ ?
 Is _____ a hybrid _____ car?
 There _____ a _____ about the hybrid powertrain _____ .
 Is _____ vehicle a _____ efficiency and emissions?
 _____ for reduced _____ hybrids?
 This _____ gets more _____ per gallon and has _____ .
 _____ model _____ engine _____ mileage and less air pollution?
 Do _____ think _____ has a hybrid _____ for better _____ air _____ ?
 Is _____ car _____ one _____ save on _____ and reduce _____ ?
 _____ model have a hybrid _____ better mileage _____ reduced _____ ?
 Does _____ feature _____ hybrid _____ ?
 _____ a hybrid that can improve _____ efficiency?
 There _____ capabilities _____ can _____ efficiency.
 _____ a _____ for better fuel _____ and _____ emissions?
 Can this _____ use _____ system?
 Is _____ vehicle equipped with a hybrid _____ that _____ with _____ and _____ ?
 Wouldn't it be _____ a hybrid _____ here _____ lower _____ ?
 _____ the _____ efficiency increase _____ the _____ a hybrid?
 Is _____ of _____ fuel economy?
 Does _____ mean the _____ hybrid _____ ?
 Does the _____ a _____ ?
 _____ hybrid program in this _____ ?
 Is the _____ with a _____ system _____ can ensure better _____ mileage _____ a _____ ?
 _____ feature _____ hybrid drivetrain?
 _____ this car have _____ hybrid _____ improve _____ efficiency _____ emissions?
 Will the vehicle _____ better _____ hybrid?
 Is the _____ hybrid for _____ pollution?
 _____ hybrid power to _____ more efficient?
 _____ the _____ car's mileage _____ emissions _____ ?
 Is _____ car _____ hybrid _____ ?

_____ this car _____ capabilities to enhance _____?

Can _____ use hybrid _____ and less emissions?

_____ a hybrid that will _____ it _____ efficient?

_____ have a hybrid system _____ fuel efficiency?

Any _____ this _____ has _____ engine?

_____ the _____ engine contribute _____ a _____ ride?

_____ this car _____ with a _____?

_____ am wondering _____ has a _____ system that increases gas _____.

_____ this vehicle _____ hybrid that has better _____ emissions.

_____ it _____ with a hybrid _____ improved _____?

_____ a _____ for fuel efficiency?

Does _____ use _____ drivetrain?

_____ car _____ hybrid that _____ save on _____ and _____?

Any _____ power plant for _____?

The _____ engine _____ higher miles per _____.

_____ option _____ fuel economy and emissions?

Is _____ vehicle _____ fuel _____ and less emissions?

_____ hybrid _____ eco-friendly driving?

Does _____ have a _____?

_____ the vehicle _____ hybrid _____ system?

_____ a _____ in this vehicle?

Has _____ had a _____ system _____ efficiency?

This car _____ a _____.

Can _____ whether the _____ comes with _____ system?

_____ we _____ a _____ lower emissions?

Is _____ that _____ a hybrid Powertrain?

_____ this _____ better mileage and lower emissions _____ to its _____?

It _____ to _____ fuel _____ hybrid _____.

_____ that car _____ a _____?

_____ it _____ to improve _____ the _____ a hybrid powertrain?

Has _____ got a hybrid _____ mileage?

Is _____ with _____ hybrid system that _____ ensure better gas mileage _____ on the _____?

Is _____ a hybrid _____ maximum _____?

This vehicle _____ able _____ a _____ powertrain.

_____ engines _____ miles per _____ on this _____?

Does this car _____ to _____?

There _____ chance _____ contains _____ hybrid powertrain.

_____ this car have _____ powertrain _____ improved _____ efficiency _____ emissions?

_____ a hybrid car in _____?

_____ this car _____ of _____ hybrid _____?

Is this _____ able to _____?

Can I _____ better _____ and reduced _____ the _____ version?

_____ car use _____ power for _____ efficiency?

_____ have a _____ system?

Adding _____ hybrid _____ lower emissions _____ good?

_____ this _____ hybrid _____ fuel efficiency?

_____ opting for this _____ better mileage _____ lower emissions _____ its _____?

Adding a _____ powertrain _____ lower _____ sense.

Is _____ vehicle equipped _____ a _____ that _____ allow _____ better _____ and emissions _____?

_____ there a _____ motor _____ in _____ car _____ gas mileage?

Is _____ possible _____ fuel _____ hybrid engine?

_____ this car a hybrid that _____ with _____?

_____ this car _____ from a _____?

_____ a hybrid _____ car?

I _____ wondering _____ the _____ motor system _____ gas mileage.

_____ vehicle a _____ have _____ fuel efficiency and reduced _____?

_____ hybrid automobile result in improved mileage _____ reduced _____?

_____ with a _____ system _____ for gas mileage and _____?

Is _____ hybrid _____ better _____ and emissions?

_____ vehicle _____ hybrid, which _____ make it _____ fuel-efficient?

_____ there _____ fuel economy _____ the hybrid _____?

Is this _____ hybrid _____ fuel efficiency?

Is the _____ better for _____?

_____ this _____ a _____ for eco-friendly driving?

Does _____ ride offer reduced pollution _____ increased _____ because of _____?

_____ it possible for the _____ to _____ better _____?

Will a _____ improve mileage _____?

_____ vehicle _____ possibly have a _____.

Is _____ powertrain improving the fuel _____ of this _____?

_____ the _____ improve _____ efficiency and emissions?

_____ this vehicle _____ hybrid _____?

_____ tell _____ if this car _____ a _____ system?
