

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Product performance and efficiency questions
Inquiry Sub-Category	Air Quality
Description	Customers seek information on the air filtration capabilities of our appliances, especially for air purifiers and ventilation systems.
Data Size	6,118 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ it typically _____ for _____ ventilation systems to _____ circulate _____ out _____ from _____ typical room?

Can _____ an _____ of _____ long _____ take for your _____ successfully cleanse _____ air in a small _____?

_____ is _____ average time it _____ for your _____ to circulate _____ eliminate pollutants _____?

_____ know _____ takes for your units _____ the air in a small room.

How _____ the air purification setup take to _____ in an _____?

How long does _____ to _____ out a _____ of pollutants?

How _____ does it _____ ventilation system to circulate _____ remove _____ a room?

_____ possible to _____ duration required for _____ ventilation systems _____ and _____ out _____ within a room's air

What _____ the _____ duration of _____ purification setup _____ and _____ toxins _____ a room?

_____ long does _____ take to _____ pollutants from a _____ room?

How _____ time does it _____ for _____ clear _____ pollutants?

_____ take for _____ ventilation system _____ circulate and filter pollutants?

How _____ is it _____ required for _____ air _____ to _____ pollutants?

_____ want to know how _____ your vent _____ out a _____ space.

How _____ does _____ take to eliminate _____ by _____ per room?

How long does it _____ for your _____ circulate and _____ typical _____?

_____ usually _____ long time _____ your Ventilation system to clear out _____ in _____?

How _____ time do you need _____ air _____?

Do _____ pattern for _____ need for _____ ventilators _____ fully filter _____ contaminants in _____ room?

How _____ time does it take _____ circulation _____ purify _____?

_____ long does it take _____ your _____ to _____ clean _____ room?

_____ much time is needed for _____ system _____ air in _____?

How much time is _____ the ventilation _____ to _____ clear _____ a _____

_____ it _____ for _____ be effectively _____ by your vent setup?

How _____ time is needed _____ the ventilation system _____ a _____

_____ is the usual _____ of _____ for _____ filtration _____ to _____?

_____ long _____ take _____ your _____ to circulate and _____ pollutants in a _____?

_____ an estimate on _____ long _____ your ventilation _____ the air _____ a room.

How _____ it _____ your _____ circulation systems _____ remove pollutants from a _____?

_____ does _____ take for _____ systems _____ circulate and eliminate _____ a typical _____?
 What _____ typical amount _____ it takes _____ your _____ efficiently _____ room pollutants?
 _____ is _____ average duration _____ your ventilation systems _____ get rid _____ in a _____?
 _____ long will _____ air filters _____ and _____ in an ordinary room?
 _____ does _____ take _____ your _____ systems to _____ and eliminate pollutants _____ room?
 What _____ is needed _____ to _____ purge emissions in an everyday _____?
 Can you _____ estimate of the time _____ will take _____ to _____ able to _____ pollutants through _____?
 How long _____ for _____ air circulation _____ to _____ remove _____ from _____ room?
 _____ know the _____ of your _____ to circulate and _____ a _____ room?
 _____ know _____ time it _____ for your _____ to clean _____ a _____ space.
 Can you give _____ of how long it _____ to circulate _____ of _____ room?
 How long does it take _____ your _____ circulate _____ room _____ pollutants?
 How _____ is _____ the air circulation _____ to _____ remove _____ a standard-sized room?
 What is the _____ duration for your _____ to circulate _____ in _____?
 Is _____ a pattern regarding _____ duration needed _____ ventilators to fully _____ your _____?
 Can you tell me _____ average duration for _____ pollutants in _____ small _____?
 _____ usually take _____ long _____ for _____ ventilation system _____ clear _____ dirt _____ your room?
 What _____ the average duration for your _____ systems _____ of _____?
 _____ long is it _____ air while removing harmful substances _____?
 _____ it _____ information on the average _____ required _____ your _____ systems _____ and filter _____ within a room?
 _____ long does _____ take for _____ ventilation system _____ get _____ in _____ average-sized _____?
 Is there _____ pattern _____ that is needed _____ ventilators _____ fully _____ the _____?
 What _____ the _____ air filtration using _____ system?
 _____ long _____ ventilation systems _____ to circulate _____ eliminate _____ in _____ room?
 Does _____ a _____ for _____ ventilation _____ to clear out _____ bad _____ in your _____?
 _____ is the _____ time _____ takes _____ be effectively _____ your _____ vent setup?
 _____ typical time needed _____ effectively circulate air _____ removing harmful _____ from _____?
 _____ does _____ system to circulate _____ and eliminate _____ from a small _____?
 How _____ required for _____ efficiently remove pollutants from _____ standard-sized room?
 How _____ it _____ your vent to _____ contaminants _____ typical space?
 How _____ is _____ room _____ your ventilation system to _____ pollutants?
 _____ long does it take _____ your system _____ pollutants?
 _____ it possible to _____ me _____ average _____ takes for _____ out contaminants?
 _____ take _____ equipment to circulate clean air in a _____ room _____?
 _____ there a _____ for _____ duration necessary _____ your ventilators _____ fully filter _____ contaminants _____?
 How long _____ it _____ for your _____ to _____ the _____ from _____ room?
 What _____ the _____ time it takes for _____ systems to circulate _____?
 _____ an estimate _____ how _____ it _____ for _____ to successfully cleanse the air _____ a standard-sized _____.
 How _____ does it _____ air _____ to _____ the air in _____ room?
 _____ as to _____ long it _____ vents to clean out a _____.
 How _____ your _____ systems _____ and eliminate pollutants _____ a room?
 _____ much _____ required for _____ to clear out _____ in a _____?
 _____ is the average time _____ ventilation systems _____ and _____ pollutants?
 What is the _____ time _____ by your _____ remove _____ room?
 Can you _____ the average _____ for _____ efficiently circulate and eliminate _____ room?
 What's the _____ for your _____ systems _____ do _____?
 How much time _____ needed _____ the _____ clear out _____ in _____?
 What _____ the typical duration _____ your _____ systems to efficiently _____ room?
 _____ long does _____ typically take _____ your _____ to efficiently _____ room _____?
 How _____ air purification setup _____ and eliminate _____ in a _____?

What ____ the typical time ____ your ____ up?

How ____ does ____ takes ____ to be effectively ____ by your ____?

____ long ____ it ____ circulation system to purify the air ____ a ____?

Can you ____ me ____ idea of how ____ it ____ for ____ your room to ____ eliminate ____?

____ is the ____ time ____ your air ____ pollutants from a standard-sized room?

How long does it ____ pollutants to ____ eliminated using ____ room?

____ long does it ____ your ventilation systems ____ clean ____ a room?

____ do you think it ____ take ____ your ventilation ____ air ____ a ____?

____ usually ____ long ____ your ____ system to ____ the air in ____ room?

What is the ____ takes for your ____ out ____ in a ____?

I need ____ how long it ____ for your system ____ circulate and ____ room.

How ____ does ____ take ____ your ____ systems ____ particles from a room?

____ the average ____ for your ____ to help ____ substances?

____ it ____ for ____ circulation system ____ efficiently ____ from a standard-sized room?

Do ____ have ____ typical time ____ your ____ filter room pollutants?

____ you found ____ pattern of ____ duration ____ need for your ____ the contaminants in ____?

Is it possible for you to ____ an estimate of how ____ takes ____ the ____?

Can you give an ____ duration ____ to circulate ____ eliminate ____ in ____?

How ____ can your systems ____ circulate and ____ air?

What is the ____ amount of time ____ to ____?

____ long ____ for your ventilation system to ____ in ____ room?

Can ____ an estimate ____ how long it ____ system to remove the ____ a ____ space?

How ____ do you need for ____ and purge emissions?

I want to ____ you can ____ me an estimate ____ how ____ takes your units ____ clean the ____.

____ there ____ the ____ needed for your ____ to ____ filter the contaminants ____ your ____?

I'd ____ long it ____ your ventilation systems to ____ and ____ pollutants in a ____.

How long ____ take for ____ standard ____ setup ____ pollutants?

How ____ your ____ setup to convey and purge ____ in ____ chamber?

Can ____ me ____ on how long ____ takes ____ your ventilation ____ to successfully cleanse ____ small room?

____ it take ____ air in an ordinary room?

How ____ is ____ for the ____ system to clear out ____ contaminants ____?

____ long ____ you ____ for ____ setup to convey ____ in an everyday ____?

What's ____ typical ____ for ____ do their job?

Do you know ____ takes ____ your vents to ____ a ____?

Can ____ for your ventilation ____ to help ____ pollutants ____ a ____ room?

How long ____ take for pollutants ____ be ____ standard ____ per ____?

____ give me ____ estimate on ____ long it takes ____ the air ____ room to ____?

How ____ for your ____ to circulate and remove pollutants ____ a ____?

Do you ____ your pollu clearing vents?

Can ____ me ____ long it ____ take for your ____ systems to eliminate pollutants through ____ of ____?

____ long does ____ for ____ provide effective removal ____ pollutants from a ____ room?

____ it take for ____ to be effectively ____ standard ____ per-room?

____ much ____ for your ____ system ____ purify ____ within a room?

____ room, ____ long does it ____ for your ____ system ____ work?

____ it take for your Ventilation ____ the ____ in a standard ____?

____ does it take for your ____ System ____ a room?

How ____ take ____ systems to circulate ____ and ____ pollutants from a ____?

How ____ does it take ____ effectively ____ with ____ vent ____?

Can ____ tell me the ____ duration ____ your Ventilation systems ____ circulate ____ pollutants ____ room?

____ long does ____ usually take ____ your ____ purify and distribute air ____?

_____ the average _____ by _____ system _____ efficiently _____ pollutants from a _____?

How _____ does _____ for your Ventilation Systems _____ air _____ standard room?

What is the _____ for _____ purification setup to _____ circulate _____?

What is _____ for your _____ systems _____ circulate air and _____ from a room?

How _____ take _____ your ventilation _____ to _____ effective Filtration and _____ of pollutants _____ average sized _____?

Can you _____ me how long _____ takes for _____ pollutants from _____ regular room?

How _____ does a standard-sized room take _____ your _____?

_____ long _____ take _____ ventilation systems to _____ and eliminate _____?

_____ the average amount of _____ takes _____ your _____ to clean out the _____?

Does it _____ long time for your system to clear _____ air _____ room?

How long does _____ take to _____ standard _____ setup _____ room?

How _____ it take for the _____ system _____ the _____ a room?

How _____ does it _____ take _____ your ventilation systems _____ filter _____?

_____ is _____ for _____ vent setup to convey _____ emissions in _____ chamber?

_____ you give me an _____ the time _____ your ventilation systems _____ be able _____ pollutants through _____ circulation of _____

_____ long is it that your system _____ remove _____ room?

In _____ room, how much _____ is _____ for a _____ contaminants?

How _____ it takes _____ systems _____ purify and _____ air _____ a room?

_____ give me an estimate of _____ long it will take _____ your _____ through efficient _____?

Is _____ give an estimate _____ long it takes for _____ system _____ particles _____ small space?

_____ can your _____ to circulate _____ air in a room?

_____ is _____ average time for your _____ to clean _____?

I _____ wondering if you _____ me _____ estimate of _____ would take for _____ ventilation _____ to _____ eliminate _____ through _____ circulation _____

_____ does it take _____ pollutants _____ be effectively _____ your _____ vent _____?

_____ long does _____ take _____ out the _____ in a typical space?

What is _____ frame for _____ circulation _____ effectively _____ pollutants from _____ small room?

Can _____ me an _____ long it _____ for your _____ units to clean _____ air _____ small _____?

_____ was wondering _____ give me an estimate of how long it takes _____ units _____ in _____.

_____ me about the _____ ventilation systems to _____ distribute and _____ toxins within a room?

How _____ does _____ for _____ system to completely _____ air in a _____?

Can _____ the _____ takes _____ circulating and filtering _____ to remove pollutants from a _____?

How long does _____ for _____ to convey and _____ emissions _____ a _____?

How _____ time _____ take _____ the air circulation _____ purify _____ in an ordinary _____?

How long _____ for your ventilation _____ to _____ effective _____ of pollutants _____ average room?

How _____ does it take _____ circulate _____ in a room?

_____ ventilation system to provide effective removal _____ pollutants from a _____?

_____ take to _____ by your vent setup per _____?

_____ much _____ is _____ a _____ for _____ ventilation system to work?

_____ want to _____ you can give _____ for how long _____ will take _____ ventilation systems _____ pollutants.

I _____ know how _____ your vent to _____ a typical space.

_____ there a pattern regarding the _____ needed _____ fully filter _____?

How much _____ is _____ the ventilation _____ to _____ pollutants in _____?

_____ me _____ estimate _____ ventilation _____ will be able to eliminate pollutants _____ efficient circulation?

_____ would like to know _____ long _____ takes _____ ventilation _____ and eliminate pollutants from a _____

_____ it take _____ long _____ your ventilation _____ out _____ air in the _____?

How _____ does it _____ for your system to _____ and removal _____ pollutants in _____?

_____ you give _____ of _____ long it _____ for your units _____ cleanse _____ air in _____ room?

Can you _____ an _____ of how long _____ will take for your ventilation _____ pollutants _____ efficient _____

_____?

What is _____ time _____ to work _____ a room?

How much _____ is _____ your air circulation _____ to _____?

How long _____ your system to fully _____ a typical room?

How long would _____ your _____ circulation _____ purify _____ air in a _____?

Is _____ estimate of _____ long _____ takes for the airflow _____ pollutants from _____?

_____ patterns _____ the _____ needed for your ventilators _____ filter _____ in your rooms?

How long _____ it take _____ pollutants _____ be _____ vent setup?

_____ long does _____ take _____ ventilation system _____ in a room?

_____ an _____ of _____ it takes for _____ air _____ room to circulate and eliminate pollutants?

_____ long _____ air circulation systems _____ to efficiently _____ a room?

_____ typical time _____ your ventilation _____ to work efficiently?

Can you _____ me _____ estimate _____ time it _____ take for _____ system _____ successfully eliminate _____ through _____ of _____?

_____ you know how long _____ your vent _____ clean _____ space?

How _____ is _____ using your Ventilation systems?

_____ you _____ me _____ of how long it _____ the air in your room _____ free _____ pollutants through _____?

_____ average _____ for your ventilation systems _____ work _____?

Can you _____ me _____ it takes _____ your circulating and _____ to _____ remove _____ a regular _____?

_____ long does _____ take for _____ circulate _____ eliminate pollutants in a _____?

_____ give me information _____ duration required _____ your ventilation _____ to successfully distribute _____ filter out toxins _____?

How long would _____ your air _____ systems _____ filter _____ pollutants _____ small room?

How _____ does it _____ your system _____ circulate _____ pollutants from a _____?

How _____ does _____ take for _____ systems _____ circulate _____ from a room?

What is _____ time _____ for _____ ventilation _____ to do _____?

_____ there _____ time _____ takes _____ vents to _____ out a _____ space?

_____ time does _____ to purify _____ air in an _____?

How _____ think it will take _____ your Ventilation _____ to _____ filter _____?

_____ standard-sized _____ how much time is _____ for _____ system _____ remove _____?

I would _____ know the _____ required _____ systems to distribute and filter out _____ in _____.

What's _____ for your _____ circulators to make _____ crap _____ cleared _____ my space _____ enough?

Can _____ me an estimate of the _____ will _____ for your _____ eliminate pollutants _____?

I need an estimate on how _____ takes _____ ventilation units _____ standard-sized room.

How _____ does it _____ and _____ air throughout a _____?

I would _____ know the average duration required _____ your _____ systems _____ successfully _____ toxins _____ room.

_____ is the typical time _____ your _____ to clean up _____?

_____ long is _____ typical time for your _____ clean _____ the _____?

What is the _____ time _____ air _____ harmful substances _____ room?

Can _____ tell _____ the _____ time it _____ vents _____ clean up _____ in my space?

_____ time does it take _____ your ventilation _____ to _____ from _____ room?

_____ you know _____ there is a _____ needed for _____ ventilators to fully _____ contaminants _____ rooms?

How _____ does _____ your systems _____ circulate and filter _____?

_____ long does _____ take for _____ ventilation system _____ filter out _____?

How _____ for _____ system to clear _____ of pollutants?

How _____ it _____ to circulate _____ purify the _____ in a room?

Does it _____ a _____ for _____ ventilation _____ clear out _____ air _____ room?

How _____ it take _____ air _____ system to _____ in a _____?

_____ long does it _____ circulate _____ removing _____ substances within a _____?

_____ long does it _____ for _____ system to _____ and remove harmful _____ room?

Do ____ know the ____ duration ____ your ____ circulate ____ eliminate pollutants?

I ____ wondering ____ you could ____ me an estimate of ____ would ____ for ____ ventilation systems ____ eliminate ____.

Can you ____ estimate ____ how long it takes ____ ventilation units ____ successfully ____ in ____ room?

I need ____ on ____ it ____ your units ____ the ____ a room.

____ you tell ____ it takes for ____ and ____ system ____ work?

How ____ does ____ take ____ your Ventilation systems ____ your room?

How ____ will it ____ your ventilation ____ effectively circulate and ____ from ____?

____ it ____ for ____ to be ____ by your standard ____ setup?

I want ____ how long it ____ your ____ and eliminate pollutants ____ a regular ____

____ an estimate ____ long it ____ units to clean the ____ in a ____ sized ____.

What is the ____ for ____ ventilation ____ to remove pollutants ____ a ____?

How ____ does your ____ take to ____ substances from ____ small ____?

Have you ____ a pattern for how ____ to fully filter the ____?

Do ____ know the ____ time ____ and filtering system ____ remove ____ from ____ regular space?

____ long is ____ for ____ systems to ____ remove ____ from ____ standard-sized room?

____ is ____ ventilation system to effectively ____ pollutants in ____ small room?

____ you give ____ of how ____ it will take for your ____ systems ____ through efficient ____ of purified ____?

____ is needed for ____ system to ____ air and ____ substances from ____?

How long ____ it typically take for ____ air ____ to ____ a ____ room?

Can you ____ an ____ of how ____ it ____ take ____ your ____ systems ____ successfully eliminate ____ through ____ of ____?

Can you give me ____ estimate ____ it will ____ to ____ eliminate pollutants ____ efficient ____ the air in ____ out

Did you find ____ pattern ____ for your ____ to ____ filter ____ contaminants in ____ room?

I'm wondering ____ you ____ give me an ____ long it ____ for your ventilation systems ____.

Does it take ____ long ____ for ____ clear out ____ air in ____ common room?

I want to know how ____ it ____ circulate and ____ regular ____.

Can you ____ an estimate ____ how ____ system to eliminate pollutants through efficient circulation of ____ air ____ of ____

How ____ it ____ for your ____ to circulate ____ standard room?

____ is ____ for ____ Ventilation systems to circulate ____ harmful substances ____ a ____?

____ it usually ____ long ____ for your ____ to clear ____ in the ____?

____ is ____ average ____ for ____ ventilation ____ to ____ eliminate harmful substances ____ average-sized ____?

There ____ usually ____ frame for your air ____ to efficiently filter out ____ a ____.

I ____ an estimate on ____ usually takes ____ your ____ units to ____ the air in ____.

How much time ____ for your ____ circulation ____ the air in ____?

____ long does your ____ system ____ to ____ substances ____ a ____?

____ to ____ of how ____ it usually takes ____ the airflow system to ____ pollutants from ____?

What is the typical ____ it ____ your ventilation ____?

How much time ____ systems ____ to circulate ____ a room?

____ long do you think ____ air circulation system to ____ the ____ a room?

How long does ____ take for ____ circulate ____ air ____ room setup?

I'm ____ an estimate of how ____ your units ____ clean the ____ in a ____.

How long does the ____ to ____ pollutant ____?

Can you ____ me how ____ it takes ____ your ____ to effectively remove ____ a ____ space?

Can ____ tell me ____ duration of your ____ systems ____ pollutants?

How ____ it take for ____ air ____ purify ____ in ____ ordinary room?

How ____ is ____ air purification using ____ System?

What ____ the ____ by ____ systems ____ remove ____ from a large room?

____ is ____ that your ____ efficiently filter and remove ____ a regular-sized ____?

What ____ the ____ your ventilation ____ to kill ____ substances ____ small room?

How ____ it ____ for ____ filters to ____ toxins in a room?

____ it ____ to ____ average duration required by ____ ventilation ____ distribute ____ filter out toxins ____ room?

____ much time ____ your ____ to ____ the air ____ a room?

Can ____ give me ____ estimate ____ takes to clean the ____ a standard-sized ____?

How much time does ____ for ____ circulation system ____ purify ____ air ____?

I ____ like ____ know the average duration ____ your Ventilation ____ to ____ out toxins ____ room.

How ____ it take for your ____ to ____ remove ____ from ____ room?

____ it typically ____ a ____ Ventilation system to ____ air in a room?

How ____ time is needed ____ your ventilation system ____ effectively ____ small ____?

____ for your ventilation system ____ clear ____ air in the ____?

____ you ____ me ____ duration required ____ ventilation systems to successfully distribute ____ filter ____ toxins in ____?

How ____ needed for ____ system to clear out pollutants ____?

How ____ for your ____ system to provide ____ filters and ____ pollutants ____ a room?

____ time is ____ for ____ system to effectively clear ____ messes ____ room?

Can ____ give ____ average duration ____ systems ____ circulate ____ pollutants in a ____ room?

____ it possible to give ____ estimate of ____ long it takes ____ pollutants?

I want to ____ time it takes ____ to ____ the mess ____ a typical ____.

____ long ____ it usually take ____ air circulation systems ____ efficiently remove ____?

Can you ____ average ____ takes ____ my ____ to clean ____ the messes ____ my space?

____ possible to give an ____ of how ____ usually takes ____ airflow ____ remove impurities ____ a regular-sized ____?

How long ____ your ____ to efficiently ____ remove pollutants from ____?

____ you ____ me the average time ____ your ____ to ____ pollutants ____ a room?

How ____ it ____ the system to ____ in ____ room?

____ need ____ know how long ____ takes for ____ systems to circulate ____ eliminate pollutants ____.

____ needed for ____ air ____ systems ____ pollutants from a ____ room?

How ____ ventilation ____ to effectively circulate pollutants from a ____?

____ much ____ is ____ for the ____ out ____ in a room?

____ you ____ me ____ average ____ takes ____ circulating and filtering ____ to remove ____ from ____ regular space?

Can you give me an estimate ____ long it ____ take ____ to ____ pollutants ____ of ____ in ____ out of ____?

Can ____ tell ____ average time it ____ your ____ to remove particles from a ____?

____ does it take ____ circulation system to ____ in the room?

Can ____ tell ____ how long your ventilation ____ take ____ pollutants ____ room?

____ long does a ____ setup ____ pollutants ____ be eliminated?

____ long ____ your ____ take to circulate and eliminate ____ a ____?

How ____ your ____ setup to circulate ____ eliminate ____ in a room?

How long ____ for your ____ systems to ____ pollutants in a ____?

Can ____ give me an estimate ____ take for your Ventilation systems ____?

What ____ for ____ ventilation system ____ eliminate harmful substances from ____ average-sized ____?

How ____ for your ventilation systems to ____ air ____ a ____?

____ it take ____ long time ____ ventilation system ____ clear ____ the ____ a ____ room?

____ is ____ usual time frame ____ air ____ systems to ____ from ____ standard-sized room?

____ it possible to ____ information ____ average ____ required ____ your ventilation ____ to successfully ____ toxins within ____ room's ____?

____ does ____ for the ____ system ____ out a room?

____ me an estimate on how long it ____ for your ____ the ____ small room?

____ me ____ average ____ for ____ circulating ____ filtering system to remove ____ from a space?

____ long ____ for ____ ventilation systems ____ and remove harmful ____ a room?

____ it ____ to tell ____ it ____ your ____ to ____ out a typical space?

_____ possible _____ an estimate _____ how long _____ system _____ to remove _____ from a regular-sized space?

_____ is the _____ duration _____ by your _____ systems _____ efficiently remove _____ a _____?

_____ take _____ your Ventilation _____ to clear out _____ air in your _____?

The time frame _____ your air _____ to efficiently _____ from a _____.

How _____ it _____ for _____ ventilation _____ work effectively?

I _____ to know _____ takes _____ Ventilation systems _____ and eliminate _____ in _____ regular room.

_____ is the _____ time _____ to circulate air _____ in an average _____?

_____ much time _____ needed _____ your _____ pollutants in a standard-sized _____?

_____ time it _____ for your _____ clear out room _____?

_____ long _____ for your ventilation systems to eliminate harmful _____ average-sized _____?

_____ me _____ duration for _____ systems to _____ and _____ pollutants in _____ small room?

_____ long _____ it _____ vents to clean out _____ a space?

_____ to _____ will take for _____ circulate _____ eliminate pollutants in a regular room.

_____ can your system clear _____ pollutants in _____?

_____ it take a long time _____ system _____ pollutants in _____ air?

How _____ does it take _____ system _____ circulate _____ pollutants?

I need to _____ how long it takes _____ system to circulate _____ from _____.

_____ tell _____ how _____ it takes for your _____ filter _____ remove pollutants from a _____?

_____ order to successfully distribute and filter _____ a _____ air space, _____ you give me _____ the _____

I _____ an estimate of _____ it _____ takes _____ ventilation units _____ air _____ a small room.

How long is _____ air and _____ substances from a _____?

_____ me information on the _____ duration required for your ventilation _____ successfully _____ out _____ in _____ room?

What is the _____ duration that _____ take _____ efficiently _____ from a _____?

_____ take _____ time for _____ the air in the room?

Have you _____ a _____ of _____ duration required for _____ ventilators to fully filter _____?

_____ the average _____ by _____ ventilation _____ to _____ remove pollutants from _____ room?

_____ much _____ is _____ for your ventilation _____ effectively _____ a small room?

Do _____ know the average amount _____ time it _____ for _____ to _____?

_____ me _____ estimate of how _____ it _____ take _____ ventilation systems _____ eliminate _____ through _____ of the air?

I _____ how long it _____ and eliminate pollutants in a regular room.

_____ an idea of how _____ it takes _____ your _____ to clean out _____?

_____ you share the average _____ it _____ circulating and _____ do its _____?

_____ is _____ typical duration taken by your ventilation _____ from _____?

_____ give me an estimate on the _____ it will _____ for your _____ pollutants?

_____ would like _____ the _____ time it takes for your _____ clean out _____.

_____ do _____ take to _____ eliminated by your _____ setup?

_____ possible for your _____ systems _____ cleanse the air _____ an ordinary _____?

How long does _____ to be eliminated _____ vent _____?

What is _____ usual duration for air _____ toxins?

I'm wondering if you _____ me _____ on _____ time it _____ ventilation _____ to eliminate pollutants through _____ circulation _____

_____ do you think _____ is _____ air purification _____ your ventilation _____?

_____ does it _____ for your _____ circulate air while removing harmful _____ a _____?

_____ take for your _____ circulation system _____ the _____ in a _____ room?

Can _____ me _____ average _____ of _____ efficiently _____ eliminate pollutants in a standard-sized room?

_____ it _____ long _____ for pollutants _____ be eliminated _____ standard vent _____?

_____ much time is _____ circulation _____ completely purify _____ air _____ a room?

_____ it takes for your _____ circulate and _____ a room?

Can _____ tell _____ the _____ duration _____ systems to circulate and _____ a standard-sized room?

_____ frame _____ for _____ air circulation _____ to _____ remove pollutants _____ a standard-sized _____?

Is it possible to _____ estimate _____ for the airflow _____ remove _____ from a space?

Is _____ to _____ the average _____ for _____ Ventilation systems to successfully distribute _____ out _____ in _____ room?

How _____ does your _____ system _____ to _____ remove pollutants from _____?

_____ long should your _____ purification setup _____ effectively circulate and _____ in _____?

How much _____ is required for your _____ systems _____ removing _____ from a _____?

What _____ the typical time _____ ventilating _____ to _____?

_____ time for _____ ventilating systems _____ remove pollutants?

_____ you tell _____ average _____ for _____ systems _____ circulate and _____ pollutants in a _____ room?

_____ long _____ take _____ your _____ system to do _____ job?

_____ you know _____ duration _____ to _____ eliminate pollutants in a standard-sized room?

_____ long _____ typically _____ your standard _____ setup to _____ eliminate pollutants?

_____ long _____ it take for your _____ system _____ circulate _____ room setup?

How _____ take for your _____ effectively circulate _____ and remove harmful _____?

_____ was _____ you could give _____ an _____ how long it _____ for your _____ systems _____ eliminate _____ circulation of purified

How long _____ for _____ circulate air in _____ standard _____ setup?

_____ long it _____ be _____ by _____ standard vent setup?

_____ long _____ usually _____ your air circulation _____ remove _____ from a standard-sized _____?

_____ average _____ your ventilation systems _____ remove _____ from a small room?

What is the average _____ ventilation systems to _____ the _____ room?

Can _____ me _____ of the _____ it _____ take _____ the air _____ room _____ free of pollutants?

Is it _____ tell me the _____ by _____ Ventilation _____ to successfully _____ out toxins within _____ room?

Do _____ the _____ time it _____ for _____ vents _____ clean out pollutants _____?

_____ your _____ take a _____ clear out _____ clean air throughout the _____?

What is the _____ ventilation systems _____ rid of _____ in a _____ room?

How much _____ to clear out pollutants _____ room?

_____ you _____ give me an estimate on the time _____ will take for your ventilation _____.

What is the _____ ventilation _____ to eliminate _____ substances from _____ room?

What time _____ needed _____ circulation systems to _____ remove _____ from _____ room?

How long _____ take _____ pollutants _____ effectively eliminated with your _____?

What _____ the _____ air purification using your _____?

What _____ the required _____ frame for _____ air circulation system _____ efficiently _____ room?

How _____ does it _____ for _____ Ventilation System _____ provide _____ Filtration and _____ average-sized room?

_____ long does _____ take _____ your _____ systems to circulate _____ harmful substances _____ your _____?

How _____ does it typically _____ ventilation systems _____ work?

_____ you give _____ of _____ will take for _____ ventilation _____ eliminate pollutants through _____ of the air in and _____

_____ you found a _____ for the _____ you _____ for _____ fully _____ in your room?

How _____ does _____ take for your _____ systems _____ remove _____?

What _____ the _____ duration for your _____ filters _____ eliminate toxins?

_____ is _____ typical _____ of time _____ takes for _____ to function?

How long _____ for your air circulation systems _____ pollutants _____ a standard sized _____?

_____ long _____ your ventilation system to purify and _____ clean air _____ room?

_____ long _____ for your _____ to _____ substances from a small _____?

Do you know if _____ is _____ regarding _____ needed _____ your _____ to _____ the contaminants?

How long does it take for your _____ system to _____?

Is _____ to _____ on the _____ duration required _____ your _____ system _____ successfully _____ and _____ toxins _____ a room?

How long _____ it take for your _____ systems _____ the room?

What _____ typical time _____ takes _____ systems to _____ air and remove harmful _____ from _____?

_____ long does it _____ for your air _____ system _____ ?

How much _____ does _____ for _____ ventilation system _____ get _____ in _____ room?

_____ does it take for _____ systems _____ pollutants _____ a regular room?

_____ take a _____ for your _____ system to _____ the _____ in the _____?

_____ long it takes for your _____ circulate _____ eliminate _____?

Does _____ usually _____ a long _____ your _____ system to _____ the air _____ house?

Can you _____ me how _____ it _____ your systems to _____ in _____ of _____ room?

_____ should _____ air _____ effectively circulate and _____ toxins in _____ ordinary room?

_____ possible _____ us _____ the average duration required by your _____ successfully _____ filter out toxins in a _____?

_____ to _____ how long it _____ system to _____ and _____ pollutants in a regular _____.

_____ a _____ for your _____ system to _____ the air _____ your room?

_____ long will _____ typically take _____ pollutants to be _____ by _____?

How _____ it _____ for _____ air _____ circulate and eliminate toxins?

Information _____ the _____ duration required by your _____ to successfully _____ a room's air _____ could _____ provided.

In an average-sized _____ how _____ does _____ for your ventilation system _____ provide _____ of _____?

_____ long _____ it take _____ your _____ Systems _____ circulate _____ while _____ harmful _____?

_____ me the _____ for _____ systems to circulate and eliminate pollutants _____ a _____ sized _____?

_____ much time is _____ the _____ the air in _____ room

_____ you _____ an estimate _____ the time _____ take for _____ ventilation systems _____ successfully _____ the air?

Can _____ an average duration _____ circulate and eliminate _____ a small _____?

Can you tell us the _____ duration _____ ventilation _____ standard-sized _____?

Is _____ possible to give _____ information _____ the average _____ for _____ distribute and filter _____ within _____ room?

_____ typical time _____ to _____ air _____ remove _____ from a room?

_____ possible to _____ an _____ long _____ typically takes for _____ airflow _____ remove impurities _____ a space?

_____ does it _____ system to circulate _____ and _____ pollutants in _____ small _____?

What is the _____ for _____ ventilation _____ to _____ pollutants from _____?

_____ you tell _____ long it _____ take for _____ circulate _____ eliminate _____ from _____ regular room?

What _____ the _____ your _____ to remove pollutants from _____ room?

_____ long does _____ for your _____ to purify _____ distribute clean air _____ a _____?

Can you _____ long _____ systems take to _____ and eliminate _____ in _____ room?

_____ long _____ it take for _____ air _____ to _____ the air _____ room?

_____ you tell _____ the _____ amount of _____ it takes _____ my _____ clean _____ my _____?

_____ much time does it take _____ ventilation system _____ effective _____ and _____ of _____ a small _____?

Can _____ an estimate of how long it usually _____ ventilation _____ to successfully _____ air _____?

_____ the average time _____ by _____ Ventilation _____ to _____ remove pollutants from _____?

Can you _____ me an _____ of _____ time it will _____ to successfully _____ through efficient _____?

How _____ take for _____ Ventilation _____ to eliminate harmful substances _____ room?

Could _____ give us information on _____ average _____ by _____ ventilation _____ to _____ distribute and _____ a room?

How _____ time _____ for _____ air _____ system to _____ air in _____ room?

Roughly, _____ long _____ it take for your _____ to _____ in _____?

_____ it take for your systems to _____ and _____ substances _____ a _____?

_____ the _____ duration taken by your _____ filter and remove _____ a room?

Information _____ by _____ ventilation _____ to _____ and _____ toxins within a room's air space could be _____.

How long _____ it take _____ ventilation _____ clean _____ room?

_____ need _____ on _____ it usually _____ for _____ ventilation units _____ clean the air _____ standard-sized room.

I need _____ know the _____ it takes for your _____ a space.

Does it _____ long _____ system to clear _____ the _____ in _____?

____ you tell ____ the average duration ____ to ____ and eliminate ____ in a ____ ?
 ____ much time is ____ for the ____ system ____ out ____ pollutants ____ a ____ ?
 How ____ it ____ for ____ ventilation systems ____ filter and ____ pollutants ____ regular sized room?
 ____ long ____ for a typical ____ be completely ____ of contaminants ____ your ____ systems?
 Can ____ give an ____ average time it ____ for your ____ and filtering ____ ?
 How ____ time is ____ for your ____ circulation ____ the ____ your room?
 How much ____ take to ____ a room of ____ ?
 ____ does ____ take for your ____ to circulate and ____ room?
 Can you give ____ idea of ____ long it ____ to circulate ____ eliminate ____ a ____ ?
 Can you ____ duration ____ your Ventilation ____ to circulate and ____ ?
 How long does ____ to be ____ by ____ vent ____ per room?
 ____ you ____ a ____ duration that ____ for your ____ to fully filter ____ contaminants?
 Is it possible ____ an estimate ____ long ____ airflow system to ____ rid of the ____ ?
 ____ is ____ typical ____ your vent setup ____ efficiently ____ purge emissions?
 ____ was ____ if you ____ the average duration required ____ your ____ systems ____ successfully ____ filter out toxins
 a ____ .
 ____ on ____ average ____ required by ____ ventilation systems ____ distribute ____ out toxins within a ____ is ____ .
 Can ____ tell me the average duration of ____ ventilation system to ____ pollutants ____ ?
 ____ it take ____ air circulation system to ____ air ____ a room?
 Is it possible ____ give ____ information ____ the ____ required by your ____ successfully ____ and ____ out ____
 ____ usual room
 ____ long ____ it ____ take ____ your air circulation systems to ____ remove ____ from ____ ?
 ____ you ____ me the average time ____ takes for ____ to ____ space?
 Does ____ take a while for ____ to ____ eliminated ____ standard ____ ?
 How long ____ think ____ take for your air ____ systems ____ remove ____ from ____ room?
 ____ want to know ____ it ____ your ventilation systems ____ circulate and ____ pollutants ____ a ____ .
 ____ like to ____ how ____ it takes for your systems ____ circulate and ____ .
 ____ long it ____ takes for ____ to ____ eliminated ____ your standard ____ ?
 What ____ the ____ duration ____ your ____ to efficiently ____ and ____ pollutants ____ a ____ ?
 How ____ take ____ efficiently filter out pollutants from a standard-sized room?
 How long do your ____ filter ____ pollutants?
 How long ____ it ____ take for ____ to ____ eliminated ____ standard ____ ?
 ____ does ____ typically take for your ____ efficiently filter ____ pollutants?
 Can ____ me ____ long it ____ and filtering ____ to effectively remove pollutants from ____ ?
 How ____ is needed for your ____ circulation ____ effectively remove ____ a ____ ?
 How long will ____ and eliminate toxins in your room?
 ____ long will it ____ air circulation systems to ____ from ____ small ____ ?
 Is it ____ to ____ me ____ on ____ average ____ your ____ to ____ filter out toxins within ____ room '

How long ____ take ____ your ____ systems ____ circulate ____ removing harmful substances in ____ ?
 Can you tell ____ the average ____ your ____ to circulate and ____ a ____ room?
 ____ long does ____ circulate and remove pollutants in ____ room?
 What is the ____ duration ____ to efficiently ____ harmful substances ____ small ____ ?
 How ____ take ____ to be removed by standard ____ per ____ ?
 ____ there ____ of how long it typically takes ____ the airflow ____ impurities from ____ regular ____ ?
 Does ____ a long time for ____ to ____ the ____ in ____ room?
 ____ does ____ take for ____ to ____ out ____ contaminants in a room?
 How ____ does ____ take ____ systems to completely purify and distribute ____ in ____ ?
 Does it take ____ for ____ out ____ by ____ air ____ the room?
 ____ possible to ____ information on the ____ required by ____ ventilation ____ to successfully distribute and ____
 a ____ ?
 ____ time ____ for your ____ system ____ remove ____ in a small room?

How long _____ it _____ Systems take to _____ remove pollutants _____ a _____?

_____ you give me _____ on how long it _____ takes _____ ventilation _____ successfully _____ the _____ a room?

How long _____ it _____ your _____ system _____ to _____ filter and _____ a regular-sized _____?

_____ it take a long _____ the _____ to _____ out _____ in _____ room?

_____ to _____ how long it _____ your _____ to _____ and _____ pollutants from a room.

How much time _____ for _____ ventilation systems _____ air and _____ substances from _____?

How _____ is _____ your air circulation _____ to _____ remove pollutants from _____ standard-sized _____?

How long do you _____ it _____ air _____ your _____ system?

_____ much time _____ needed for _____ remove pollutants in _____ small _____?

Can _____ give _____ an _____ it _____ for your systems to _____ pollutants through efficient circulation?

_____ you _____ me an _____ of _____ long it _____ out of _____ room?

_____ for pollutants to be effectively _____ by _____ vent setup?

How _____ it _____ to _____ circulate _____ while _____ harmful substances _____ a _____?

I _____ know how long _____ takes for your _____ to _____ remove _____ a _____ room.

_____ will _____ take _____ your air _____ setup _____ and eliminate toxins in _____ normal _____?

What _____ the typical time _____ ventilation _____ to _____ rid of _____ the _____?

_____ long _____ it take for pollutants _____ with your _____ vent _____?

What is the typical time _____ removing harmful _____ a _____?

Can _____ me the _____ time it _____ to _____ pollutants _____ a space?

How long does it _____ for _____ vent _____ convey _____?

Is there enough _____ for _____ your ventilation _____?

Is _____ to _____ an estimate of _____ long _____ for the _____ system _____ remove _____ from _____ regular-sized space?

_____ frame _____ your air _____ systems to efficiently _____ pollutants from _____ is usually _____.

How _____ would it take for _____ ventilation _____ circulate _____ remove _____ a room?

How long does _____ your system to circulate _____ eliminate _____ a _____?

_____ you give _____ estimate of _____ long it _____ takes to _____ a small room?

_____ it _____ a long time for your _____ out _____ air _____ room?

How _____ does it _____ for your Ventilation _____ to provide _____ Filtration _____ removal _____ in _____?

Does it _____ a long _____ for _____ ventilation _____ clear _____ the room?

Can you _____ me _____ it _____ your circulating and filtering _____ remove pollutants _____ a room?

_____ long should it _____ air circulation _____ to _____ the air in _____?

_____ me _____ estimate of how long it _____ for your _____ to clean the _____ room?

_____ estimate on _____ time it _____ take for _____ systems to _____ able to eliminate pollutants _____ efficient _____?

I _____ an _____ of _____ long _____ takes _____ units _____ the _____ in a standard _____ room.

Can you _____ me the average _____ time _____ takes for _____ system _____ remove _____ space?

How _____ time is required for the _____ to purify _____ air _____?

_____ can a ventilator _____ environment?

What _____ average _____ your _____ systems to eliminate harmful _____ room?

_____ need _____ how _____ usually _____ for your _____ units to _____ the air in a room.

_____ you tell me _____ time _____ takes _____ your _____ clean out a typical space _____?

_____ you know _____ average _____ for _____ vents to clean a space?

How long does _____ usually _____ to _____ eliminate _____ vent setup?

_____ typically _____ a long _____ your ventilation _____ clear out the _____ in a _____?

_____ long _____ needed _____ your _____ circulation systems to _____ pollutants _____ a _____ room?

What _____ duration for _____ ventilation _____ to _____ harmful substances?

Roughly, _____ does _____ your Ventilation systems _____ circulate _____ in a _____?

_____ would _____ to _____ the average _____ required for your _____ systems _____ distribute and _____ out _____ room.

_____ duration used by _____ ventilation _____ efficiently _____ pollutants from a room?

Is _____ possible to _____ an estimate _____ long _____ typically takes for _____ airflow _____ remove _____ regular space?

____ the ____ for ____ ventilation systems to clean ____?
 ____ about the ____ it ____ for your vents ____ a space.
 How long ____ take ____ ventilating system ____ remove ____ small room?
 I'd like to ____ how long it ____ for your ____ to ____ and eliminate _____.
 ____ you give me an idea of how ____ pollutants ____ a ____ room?
 ____ long does ____ take to efficiently ____ pollutants from ____?
 ____ you give ____ idea of how long ____ the air ____ and out of ____ room?
 ____ time ____ your ____ circulation system to purify ____ air inside a ____?
 ____ is ____ average duration of ____ ventilation ____ efficiently ____ from a ____?
 Can you ____ me an ____ takes for your ventilation ____ circulate ____ eliminate pollutants?
 ____ room, ____ much ____ does ____ take ____ your ____ system to clean ____ air?
 How long does ____ take ____ system to circulate ____ eliminate ____?
 ____ for your ____ to remove pollutants from ____ small room?
 ____ you ____ me ____ of how long ____ takes for ____ units to successfully cleanse ____ air in ____?
 Can ____ tell ____ the average ____ your ____ efficiently ____ and eliminate pollutants in ____ small ____?
 ____ need ____ estimate of how ____ it usually takes ____ your ventilation units ____ clean ____ air _____.
 Is ____ possible ____ estimate on how long ____ takes for the ____ system to remove ____ a ____?
 Were you ____ to ____ required ____ ventilation systems to ____ distribute and filter out toxins
 ____ a room?
 How ____ it ____ take ____ your ventilation systems ____ remove room ____?
 How ____ should it take ____ to convey ____ purge ____?
 Does ____ long time for ____ ventilation system to clear ____ your ____?
 How ____ is ____ time frame ____ your ____?
 ____ you know if there is ____ pattern for ____ duration required ____ ventilators to ____?
 How long is it to ____ and ____ harmful substances ____?
 Can you tell me the average time ____ takes ____ circulating ____ to ____ pollutants ____?
 How long ____ think it will take ____ ventilation ____ to ____ filter ____?
 ____ it ____ a long ____ your ____ to clean ____ the air ____ your ____?
 ____ tell me the average ____ your systems to ____ circulate ____?
 ____ average duration ____ your ____ system to efficiently remove ____ from ____ room?
 How ____ do your ____ take to circulate ____ from ____ room?
 ____ it ____ take for your ____ vent setup to ____?
 ____ is the ____ for your air ____ systems ____ get ____ of ____ a small room?
 Can ____ give ____ an estimate of ____ long it ____ units to ____ air in a ____?
 ____ like to know how long it takes ____ to ____ eliminate ____ from ____ room.
 ____ tell me ____ average time it takes for ____ clean ____ space?
 What ____ time taken to ____ and remove ____ substances ____ an average ____?
 ____ much time can ____ systems ____ air in a ____?
 ____ is ____ for your ventilation ____ to work ____ remove ____?
 ____ much time ____ needed ____ the Ventilation system to ____ contaminants ____?
 ____ long ____ it ____ take for ____ Ventilation Systems ____ efficiently ____ room pollutants?
 ____ you give ____ an idea ____ long it ____ for ____ system ____ circulate ____ and eliminate ____?
 ____ long do ____ it will take ____ your ____ circulation ____ to purify ____ in ____ room?
 What ____ does ____ take ____ be effectively ____ by ____ vent setup?
 How ____ time ____ for ____ system to purify and distribute ____ room?
 What ____ is ____ your vent ____ convey and purge ____?
 ____ you ____ me an estimate on ____ your units to clean ____ small room?
 Can you tell ____ the ____ duration ____ to ____ circulate and ____ pollutants in ____ room?
 ____ order ____ filter ____ within a ____ air space, ____ you provide us with ____ average ____ by your
 ____ is the ____ for your air purification ____ toxins ____ a room?
 How ____ does it take to ____ from ____?

Does it ____ long for your ____ system ____ air in ____ common ____?

What is ____ typical time ____ ventilation systems ____ circulate ____ and remove ____?

____ it ____ to ____ information ____ the average duration ____ to successfully ____ and filter ____ room's air space?

Can ____ me ____ duration for your ____ to ____ eliminate pollutants in ____ standard-sized room?

____ tell ____ average time it takes for ____ pollutants from a regular ____.

How ____ will it ____ air ____ system ____ the ____ in a room?

Is ____ an ____ of how long it takes ____ system to ____ a ____?

How much ____ needed ____ to purify the air?

____ long does it ____ your Ventilation ____ to ____ air while removing ____ from ____?

Do you ____ the ____ time it takes for your vent ____ clean ____?

What is the ____ required ____ circulate ____ while ____ substances ____ a ____?

How ____ does it ____ systems to ____ harmful ____ from an ____ room?

How long ____ be for ____ circ/filtration using ____?

____ the typical ____ your ventilation ____ to ____ up ____ the room?

I want to know how long ____ for ____ to circulate ____ eliminate pollutants ____.

Can ____ me ____ it ____ for your ____ and filter system to ____ pollutants ____ a ____ space?

____ is required for ____ system ____ from a small room?

____ me the ____ air circ/filtration using ____ systems?

Can you give ____ long it ____ your ____ to ____ air in a room?

____ the ____ air ____ in your systems?

What's the average duration ____ setup to ____ circulate and ____?

Can ____ give us ____ on ____ average ____ required by your ____ systems to successfully ____ and ____ in ____?

____ long ____ it take for ____ air ____ your ____ get ____ of pollutants?

How ____ the ____ system ____ clear ____ pollutants in a room?

How long ____ it ____ your ____ setup to convey ____?

Does it take a ____ time ____ your ventilation ____ out ____ in ____?

Is ____ possible ____ an estimate of ____ long ____ takes for ____ impurities from ____ regular-sized space?

____ much time does it take ____ ventilation ____ effective filtration ____ of pollutants ____ room?

How ____ required ____ your ____ systems ____ and remove harmful ____ from a ____?

Can ____ give me an ____ will ____ your ____ systems ____ be ____ eliminate pollutants through efficient circulation of ____ air

____ is the average time ____ for your vents ____ contaminants ____ space?

____ there ____ pattern for ____ duration ____ for ____ to ____ filter ____ inside your room?

____ it possible ____ give me ____ average ____ required ____ your ____ systems to ____ distribute ____ out toxins in ____?

____ it possible to tell me ____ average ____ takes for ____ and ____ system ____?

____ long it ____ takes ____ ventilation ____ to ____ clean ____ throughout a room?

How long ____ typically ____ for your ventilation ____ filter room ____?

____ is ____ your vent ____ to effectively convey ____ emissions?

____ will ____ take for ____ purification ____ your ventilation ____?

Is it ____ to provide ____ on the ____ duration required by ____ and filter ____ in a ____?

Can you give an ____ of how ____ typically takes ____ system ____ remove ____ impurities ____ regular sized ____?

____ the average ____ required to ____ distribute and filter out toxins ____ space could ____.

How ____ is it usually ____ air ____ system to ____ from ____ room?

____ if ____ could ____ an estimate of ____ long it ____ your units ____ the ____ a small room.

What ____ time it ____ your ventilation systems ____ circulate air ____ room?

____ is ____ time ____ systems ____ efficiently filter room pollutants?

____ takes ____ time ____ ventilation systems to circulate ____ remove ____ from ____ room.

____ does it take ____ the ventilation system ____ clear out ____?

____ you ____ average ____ for your ventilation systems to efficiently circulate ____ a ____ room?

How long _____ take for the air _____ room?

_____ it possible _____ estimate of how long _____ the _____ system to get rid _____?

How long does _____ take _____ system _____ air and _____ typical room?

What is _____ taken by your _____ to _____ pollutants from _____?

_____ know how _____ it takes _____ your ventilation _____ and eliminate pollutants from _____ regular _____?

_____ it for _____ ventilation systems _____ eliminate harmful _____ from a small _____?

_____ you tell me _____ your ventilation systems take _____ circulate and _____ large _____?

What is _____ Ventilation systems to _____ to _____ filter room _____?

_____ time _____ to properly circulate _____ and remove harmful _____ from _____ room?

_____ usually _____ long time for your _____ to clear out the _____ your _____?

_____ you _____ of how _____ it will take _____ systems _____ eliminate pollutants?

Is _____ possible to give _____ estimate of how long it takes for _____ to _____?

_____ much _____ it take _____ to _____ effective filtration _____ removal of pollutants in _____ room?

Can _____ tell us the average _____ of _____ to _____ and _____ a _____ room?

_____ much _____ required for _____ to efficiently remove _____ from _____ room?

How _____ would _____ for _____ circulation systems _____ remove pollutants from _____?

What is the typical _____ it takes _____ remove harmful _____ from _____?

What is _____ average _____ your _____ to _____ substances from _____ small room?

Is it possible to give me _____ the _____ for your _____ distribute and filter _____ toxins _____ room?

_____ much _____ the ventilation system _____ clear out pollutants _____ the room?

_____ is the _____ of time _____ to circulate air and _____ substances _____?

_____ the average _____ for _____ ventilating _____ to work _____?

_____ does it _____ take for _____ to _____ air within a room?

What _____ the _____ by your ventilation _____ remove _____ a large room?

What is _____ average length _____ time it _____ your _____ systems _____ pollutants _____ room?

_____ was _____ give _____ estimate of how long _____ takes _____ units to clear the _____ in a _____.

What _____ of _____ ventilation _____ to remove _____ from a _____ room?

How _____ is _____ effectively circulate _____ removing harmful substances _____ room?

_____ the _____ for effective _____ filtration?

_____ a standard room setup _____ long _____ it _____ ventilation systems to _____?

How _____ time is _____ the ventilation system to _____ mess in _____?

Does _____ take _____ long time _____ to clear _____ the air _____ room?

Is it possible to tell _____ the _____ duration _____ systems to _____ and filter out _____?

_____ long do you _____ it _____ take for _____ purification _____ ventilation _____?

_____ long _____ take _____ pollutants _____ effectively _____ by vent setup _____ room?

Does _____ take _____ long _____ your Ventilation _____ to clear _____ air _____ room?

_____ is the average _____ your _____ to _____ harmful substances in _____ room?

_____ long _____ take _____ your ventilation _____ screen room pollutants?

_____ long does _____ for _____ ventilation system to effectively _____ and _____?

Is it _____ to _____ the average _____ it takes _____ filtering system _____ remove _____ a regular space?

_____ the average duration _____ for _____ and _____?

_____ much time can your ventilation _____ circulate _____ the _____ a room?

_____ to give _____ estimate _____ how long it _____ for _____ system to remove the impurities _____ regular-sized _____?

_____ will it take _____ air to _____ cleaned _____ system?

It _____ takes _____ while _____ to be _____ eliminated _____ standard vent _____.

_____ time is _____ for _____ system to _____ out the _____ a room?

How _____ time _____ your ventilation _____ to remove pollutants _____ a _____ room?

Is there an estimate _____ how long it _____ the _____ pollutants _____ regular-sized space?

How _____ it take _____ circulate and _____ pollutants _____ room?

Can _____ tell _____ your system to circulate air and eliminate _____ a _____ room?

____ you ____ me ____ of how ____ takes your ____ the air in a standard-sized room?
 ____ you know ____ much time ____ your ____ systems to ____ air in ____ room?
 How ____ it ____ for your ____ to work in ____ average-sized ____?
 How ____ does ____ take ____ ventilation system to ____?
 ____ any idea of the ____ needed for ____ ventilators ____ contaminants in your room?
 ____ you give me ____ time ____ for your ____ clean out ____ space?
 Can you tell ____ takes for your ____ and ____ system to do ____?
 ____ is ____ typical time ____ your system ____ circulate ____ harmful substances from a ____?
 What ____ systems to efficiently filter ____ remove pollutants ____ a regular-sized room?
 ____ time ____ for ____ ventilation ____ to effectively clear out ____ in a ____?
 ____ you give ____ an estimate ____ long ____ for the air in a standard-sized ____?
 How ____ does ____ take for your ____ systems to ____ while ____ an average room?
 ____ much time is needed ____ to clear out ____ in the ____?
 How ____ does it take ____ air to ____ cleaned ____?
 Can ____ me ____ average time ____ takes for your ____ and filtering system ____ remove ____ space?
 How ____ does it take for ____ to ____ from ____ room?
 ____ much time ____ for your ____ to distribute and ____ out toxins ____ a ____?
 ____ much time is needed for ____ clear out ____ mess in ____?
 ____ much time ____ needed ____ ventilation ____ clear out contaminants?
 Can ____ give ____ an idea of ____ long it ____ to ____ pollutants ____ room?
 How ____ does ____ your ____ to circulate air ____ eliminate pollutants from ____?
 Can you ____ an estimate ____ it ____ for ____ units to clean the ____ standard-sized room?
 How ____ can ____ to get rid of all the ____?
 ____ does ____ take for your ____ to efficiently filter ____?
 ____ tell ____ the average time ____ takes ____ remove ____ from a regular ____?
 I was wondering ____ could ____ me an ____ of ____ takes ____ to clean ____ air in ____ small ____.
 What is the ____ takes ____ your Ventilation ____ clean ____ room?
 It ____ takes ____ long ____ your ____ system to ____ out the ____ a ____.
 ____ is ____ normal ____ for ____ circulate ____ eliminate toxins ____ a room?
 How long ____ for ____ air ____ be cleaned ____ Ventilation system?
 ____ does ____ take ____ system to fully ____ eliminate pollutants in a ____?
 How ____ it ____ your ____ filters to circulate ____ eliminate toxins in ____?
 Can ____ give me an estimate of how ____ will take ____ systems ____ from ____ air?
 ____ it take ____ long time ____ your system to ____ in ____?
 ____ tell me ____ of time ____ takes for ____ vents ____ clean up?
 Can ____ tell me the average ____ it takes for ____ and ____ remove ____ regular space.
 ____ you ____ a pattern of ____ duration that ____ for ____ ventilators ____ filter the ____?
 Can ____ me an estimate on ____ long it ____ for your ____ through efficient ____ of the air ____ out
 ____ long does ____ take ____ your ventilation ____ effective ____ in an ____ room?
 ____ wondering if you ____ an ____ of how ____ it ____ take for your ventilation systems ____ through ____ circulation ____
 ____ long can ____ pollutants in a room?
 Do ____ a ____ duration ____ for your ventilators to fully ____ contaminants ____ your rooms?
 How ____ does it ____ for ____ system to ____ a typical room?
 What is the typical length of ____ ventilation ____ to remove ____ from ____?
 Do ____ know ____ there ____ a pattern ____ duration ____ your ____ fully ____ contaminants?
 ____ long ____ it take ____ your ventilation systems to ____ air while ____ harmful ____?
 ____ a standard-sized room, ____ time ____ your ventilation ____ to efficiently remove ____?
 What ____ the average duration taken ____ system ____ remove pollutants ____?
 Did you ____ for ____ duration needed for ____ to ____ contaminants?

How long do _____ think it _____ for _____ purification _____ system?

Is _____ to tell me _____ average _____ required _____ and filter out toxins _____ a _____?

_____ wondering if you _____ me an estimate of _____ take _____ ventilation systems to _____ pollutants.

_____ is the _____ it _____ for _____ vents to _____ out _____ space?

How _____ is _____ the ventilating _____ out _____ in a room?

Can you _____ the _____ it _____ for _____ to clean out my _____?

_____ estimate _____ how _____ takes your ventilation _____ to successfully cleanse _____ air in a _____.

How _____ does _____ systems to efficiently filter and _____ pollutants from a _____?

_____ the _____ time _____ by your ventilation systems _____ remove _____ from _____ small _____?

_____ an average _____ of _____ it _____ for your _____ to _____ typical space?

Does _____ take _____ long _____ your _____ to clear _____ the pollutants _____ the _____?

How long _____ you _____ take to _____ using your _____ system?

_____ possible _____ give _____ estimate of how long it _____ the airflow system _____ remove _____ from _____?

_____ is the average time _____ to _____ pollutants from a _____?

_____ long _____ take _____ and filter out pollutants from _____ typical _____?

Do you _____ is a pattern regarding the _____ necessary _____ ventilators to _____?

_____ does it take _____ to _____ up the _____ sized room?

_____ to _____ how _____ takes _____ systems to circulate _____ eliminate pollutants from a regular _____.

The time it _____ your _____ to circulate air _____ harmful _____ is _____.

How _____ is _____ for your system to _____ pollutants _____ standard-sized _____?

_____ time frame _____ required _____ your _____ systems to efficiently _____ out _____ a _____ room?

_____ it take for _____ ventilation system _____ purify _____ remove pollutants _____ a _____?

_____ long _____ it take _____ ventilation systems _____ distribute clean _____ in _____?

How _____ time is required for your _____ to _____ pollutants _____ room?

_____ usually takes _____ while for _____ to _____ eliminated by _____ setup.

How _____ is _____ for _____ vent setup to _____ convey _____?

I want to know how _____ for _____ ventilation units _____ in _____ room.

_____ order _____ and filter out _____ within _____ air _____ could _____ please _____ me the average duration _____ your

Can _____ give _____ how long _____ takes for the airflow system _____ impurities from _____ space?

Can _____ give me an _____ on how _____ it will _____ for _____ systems to _____ eliminate _____ air?

I _____ estimate _____ long _____ usually takes _____ ventilation units _____ air in a room.

Can _____ give me the average amount of _____ it takes _____ your _____?

_____ much _____ take _____ air filters _____ effectively distribute air _____ a regular-sized _____?

_____ you _____ us an _____ of how _____ takes for the airflow _____ to _____ impurities _____ space?

_____ should _____ take for _____ to make it _____?

How long _____ for your air circulation systems to _____ room?

_____ long _____ usually _____ your air _____ system to _____ air?

Do you know how long it takes _____ your _____ filtering system to _____?

How long should _____ setup last to circulate _____ room?

_____ long is _____ air purification using _____ ventilation _____?

How much time _____ it _____ for _____ average-sized _____ of _____ with _____ ventilation system?

_____ does _____ typically _____ pollutants to be _____ by _____ standard vent _____?

How much time _____ needed _____ ventilation _____ from a standard _____ room?

How much _____ is _____ the ventilation system _____ the _____ in a _____?

_____ long does _____ take _____ systems to efficiently filter _____?

_____ long does _____ take for _____ removed _____ your standard vent _____ per _____?

Can _____ tell _____ time _____ takes for your _____ and filter system to get _____?

_____ estimate of how long _____ take _____ your system to _____ pollutants through efficient circulation of _____ and out _____

_____ is the typical time for your ventilation _____ kill _____ a _____?

How much time _____ for the _____ out the contaminants _____ the _____?

_____ long _____ a _____ setup take _____ kill pollutants?

Can you tell _____ how _____ takes _____ ventilation systems _____ circulate and _____ pollutants _____ room?

How much _____ is _____ the ventilation system _____ to clear _____?

_____ estimate _____ it _____ your units to clean the air in a room?

What _____ expected _____ frame for your air circulation _____ efficiently _____ pollutants _____ room?

How _____ take _____ your _____ to efficiently _____ pollutants from _____ room?

How _____ usually _____ for _____ standard vent _____ to _____ pollutants?

How much time _____ to purify _____ room?

_____ you _____ me _____ average _____ takes _____ your circulating and filter system _____ job?

_____ is required for your _____ setup _____ convey _____ emissions?

_____ it take _____ your ventilation _____ to clear _____ pollutants?

_____ it usually _____ a _____ time _____ out the air in your _____?

How _____ it take _____ ventilation _____ effective filters and _____ of _____ in an _____ room?

_____ does _____ ventilator _____ to _____ it pollutant-free.

What is _____ it takes for _____ ventilation system _____ circulate _____ substances?

How long _____ for _____ remove pollutants _____ a small room?

Can you tell _____ duration for _____ to circulate _____ and _____ pollutants _____ room?

How _____ takes for your _____ systems _____ purify _____ distribute clean _____ room?

_____ you _____ estimate _____ how long _____ will take _____ your ventilation units _____ the air in a _____?

How long does it _____ take for pollutants _____ your _____ setup _____?

How long does it _____ ventilation system to _____ in _____?

How long _____ for your _____ Systems _____ eliminate harmful _____ from _____?

_____ is _____ required for _____ air circulation systems to _____ remove _____ from _____?

How much _____ air system _____ out pollutants _____ a room?

How _____ time is _____ for _____ ventilation system _____ effectively _____ the _____?

How long _____ systems take _____ a room?

Can you _____ estimate on the time _____ for your ventilation _____ to _____?

_____ it _____ to tell _____ average duration required by your system to _____ in a _____?

_____ curious _____ the _____ time it _____ for your _____ clean _____ a _____ space.

I want _____ long _____ for your _____ to clean out _____ gunk _____ a typical _____.

How _____ is _____ the ventilation _____ effectively clear _____ pollutants _____ a room?

Have you found _____ your ventilators to _____ filter the contaminants _____ your room?

How long does it _____ take for your air _____ pollutants _____ a _____?

How long does _____ setup take _____ eliminate _____?

How long _____ take _____ to _____ it pollutant-free?

How _____ time _____ take _____ to circulate air _____ a standard room _____?

Is it possible to _____ estimate _____ how _____ takes for the airflow _____ to get _____?

_____ me _____ average amount of time _____ for your circulating _____ filters _____?

_____ much _____ effectively _____ and remove harmful substances from a _____?

How _____ it _____ your _____ systems to remove harmful _____ from _____?

How long _____ it for your _____ to _____?

What's the _____ for _____ purification setup _____ and _____ toxins?

Does it _____ a _____ to clear out _____ air in a _____?

_____ is _____ typical time _____ your Ventilation systems _____?

_____ it possible to give an estimate of _____ it _____ the airflow _____ small space?

How _____ does _____ take for _____ systems to circulate _____ remove _____ room?

How long _____ your _____ systems _____ to _____ substances _____ an _____ room?

_____ long it _____ for _____ Ventilation _____ to _____ purify and _____ air _____ room?

How _____ does _____ take for your ventilation _____ to _____ effective filtration _____ removal _____ in _____ room?

Can _____ give an estimate of _____ long _____ for _____ system to _____ from _____ regular-sized space?
 _____ is the _____ for your ventilation _____ to clean _____?

How long _____ your Ventilation _____ to _____ and _____ pollutants?
 _____ much _____ needed _____ the _____ to clear _____ room of _____?

Can you give _____ long it takes _____ your units to clean the _____ small _____?
 How _____ will _____ your _____ systems to completely purify _____ distribute clean _____ room?
 _____ you tell _____ how _____ it takes for _____ systems to _____ remove _____ regular room?

How long does _____ system _____ effective filtration _____ removal of _____ in an _____ sized room?
 I want to know _____ average time it _____ to _____ in a space.
 _____ time _____ for your ventilation systems _____ circulate _____ in _____ standard room?

Does _____ long _____ Ventilation system _____ out air in a room?
 Can _____ tell _____ the _____ duration _____ your system _____ efficiently _____ and _____ pollutants in a _____?
 _____ you give me _____ estimate _____ how _____ to be able to eliminate pollutants _____ efficient
 circulation of the _____

How _____ time does _____ circulation system _____ completely _____ the air in a _____?
 How much _____ the ventilating system _____ clear out _____ a room?
 How much time is _____ for the _____ to _____?

I want to _____ it takes for _____ circulate air _____ eliminate _____ from a _____.
 _____ the _____ for _____ air _____ setup _____ effectively circulate and eliminate _____?
 _____ long _____ for the air circulation _____ to purify _____?

It _____ a _____ for _____ be eliminated _____ standard vent _____ room.
 Can you tell me _____ it _____ for the _____ system _____ work?
 _____ is _____ required _____ frame _____ air circulation systems to _____ remove _____ from a standard-sized _____?

What is the _____ for _____ ventilation systems to _____ filter _____?
 _____ me _____ long _____ will take _____ the _____ filter a room.
 _____ takes for your ventilation systems _____ filter room pollutants _____.

_____ would _____ to _____ takes for _____ Ventilation systems to _____ and eliminate pollutants _____ regular room.
 How much _____ circulate air while _____ substances from a _____?

How _____ time _____ for your _____ system to efficiently remove _____ a _____?
 Is it possible _____ give an _____ how _____ for the _____ system _____ pollutants from _____ room?
 Can you _____ an estimate _____ will _____ systems to effectively _____ pollutants _____ efficient
 circulation of air?

_____ much time _____ your air circulation _____ to _____ the air _____ room?
 _____ you _____ the _____ time it takes _____ my vents to clean _____?
 _____ is it that your ventilation _____ to efficiently _____ pollutants _____ room?

What is the _____ for proficient _____ filters?
 _____ is _____ usual duration _____ air _____ to _____ their job?

Is it _____ to give _____ estimate _____ how long _____ for _____ airflow _____ to _____ impurities _____ a regular _____?
 _____ is _____ usual time for _____ filters to _____ toxins in a _____?
 _____ an average-sized _____ how _____ time _____ it _____ for _____ ventilation _____ to _____ and removal of pollutants?

How long does it _____ system _____ circulate and _____ of _____?
 _____ long will it take for _____ circ/filtration _____?
 _____ long does _____ take _____ ventilating _____ to _____ effective _____ and removal of _____?

What is _____ typical _____ for your _____ work?
 How _____ it typically _____ pollutants to be _____ by your _____ vent _____?

Can _____ tell me the _____ for _____ circulate and _____ pollutants _____ a small _____?
 _____ much _____ is needed _____ the Ventilation _____ to _____ the pollutants _____ a _____?

I _____ an _____ how _____ your ventilation _____ to _____ cleanse _____ air in a standard sized room.
 Is it _____ the _____ duration _____ ventilation _____ to successfully distribute _____ filter out toxins in a _____?

Can you _____ me _____ of _____ long it will _____ your _____ in a standard-sized room?
 How long does your ventilation _____ filter _____?

Information _____ average _____ required _____ your ventilation systems _____ successfully _____ filter out _____ within _____ room's air space _____.

_____ you _____ an _____ for _____ Ventilation Systems to circulate and _____ a _____ room?

_____ time _____ the _____ system _____ out a room of pollutants?

How long _____ takes _____ your ventilation systems _____ efficiently _____ room _____?

How _____ time is needed _____ system to purify _____ within a _____?

How _____ does _____ take _____ systems to circulate _____ a _____?

How long _____ it _____ your ventilation systems _____ air _____ remove _____ from _____ room?

_____ you _____ a pattern of the _____ for _____ ventilators to fully _____ in _____ room?

How _____ does it _____ your Ventilation _____ to circulate _____ harmful _____ in _____ room?

How _____ needed for _____ convey and purge emissions?

_____ does your _____ take to _____ and remove _____ from a _____ room?

How _____ does _____ to be removed by _____ standard _____ setup _____ room?

What's the average _____ your _____ systems to _____?

_____ long does _____ for your _____ to _____ and _____ pollutants?

_____ it usually _____ your air _____ systems to _____ from a room?

How long does _____ take _____ your _____ systems to _____ from _____ regular-sized _____?

What _____ the average time _____ to clean _____ room?

_____ typical _____ effectively circulate air while removing harmful _____ from _____ room?

_____ much time _____ needed _____ to clear out _____ in _____ room?

_____ you _____ for your Ventilation systems to _____?

_____ want _____ if _____ can _____ estimate of how long _____ will take _____ to eliminate pollutants through efficient _____.
