

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Network coverage and availability questions
Inquiry Sub-Category	Technical support
Description	Customers require assistance with various technical issues like email setup, troubleshooting software conflicts, configuring network settings, or resolving compatibility problems with certain applications or services.
Data Size	5,020 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

____ connecting via ____ cable directly ____ modem/router why ____ internet ____ ____ ?

____ speeds slow when using a direct ____ a ____ ?

____ there a reason the ____ edg cable into ____ modem?

Why ____ not ____ a improvement on my ____ despite using ____ to connect to ____ ?

____ the internet slower because ____ the ____ to ____ modem/router?

____ I ____ seeing an ____ on ____ connecting to a modem using anEthernet ____ ?

____ reason for ____ and ____ internet with ____ direct ____ connection?

Why ____ internet seem ____ being connected directly ____ modem?

____ some slowness in ____ internet ____ a ____ connection to a ____ .

____ does internet seem ____ when connected through ____ ?

____ there ____ reason ____ or intermittent while I'm ____ directly ____ the modem/router?

____ is a ____ as to why internet ____ is ____ occasional when ____ to ____ .

____ improvement ____ my ____ speed despite ____ anEthernet cable to connect ____ my modem.

____ for someone to experience occasional delays or ____ their ____ they connect ____ with ____ cable?

Why ____ to be ____ via Ethernet cable?

Is there a reason ____ the ____ erratic internet ____ my modem?

____ am I not ____ my internet speed ____ anEthernet cable ____ connect to a ____ ?

____ there a reason ____ the internet ____ to ____ intermittent when ____ modem via ____ cable?

I'm connected ____ via Ethernet cable, and ____ or intermittent.

____ wonder ____ internet ____ when ____ theEthernet cable.

Why ____ slow ____ the directEthernet ____ to the ____ ?

____ is ____ that ____ internet seems ____ slow ____ plugged into a modem ____ router?

____ is ____ slowness in ____ internet when ____ a ____ connection ____ the ____ .

Why ____ even though I use ____ cable?

____ getting a ____ when I connect to a ____ directly over ____ Ethernet ____ ?

Why ____ my internet ____ I ____ my direct link ____ the ____ ?

Why ____ slower ____ due to the ____ connection?

I ____ a ____ on ____ web speed ____ using anEthernet cable ____ modem.

_____ the internet _____ of the directEthernet _____ to _____ modem?
 _____ know why the _____ remains _____ or _____ I'm connected _____ to _____ modem/router?
 _____ speed slower _____ I _____ to the modem _____ an ethernet _____?
 _____ don't _____ get a _____ when _____ connect _____ a _____ directly over an _____ cable?
 _____ it _____ for someone _____ delays _____ internet speeds _____ connecting _____ with an Ethernet cable?
 _____ when plugged _____ into a modem/router, _____ is _____ slow _____?
 Why was _____ patchy after _____ to _____ modem via an _____?
 _____ my _____ slower when _____ my _____ link to the modem?
 There is a question about _____ would _____ internet _____ connecting _____ modem with an _____ cable.
 _____ does internet seem _____ speeds _____ being connected _____ to _____ modem?
 Why am I not _____ on _____ using anEthernet cable?
 Why _____ connection slow even _____ it _____ an Ethernet _____?
 Is there _____ why the _____ slow or _____ I'm _____ to the _____?
 Why _____ having _____ slow _____ of _____ ethernet connections to _____?
 Why _____ not receiving a faster _____ even _____ I connect to a modem _____?
 _____ I _____ seeing a improvement on my _____ cable _____ connect to the _____?
 There _____ to why _____ internet _____ is _____ and intermittent _____ connecting to the modem.
 I _____ the internet _____ slower when _____ viaEthernet _____.
 _____ does _____ seem _____ when you connect via Ethernet _____?
 Why does the _____ irregular _____ connected through _____ cable?
 Why _____ internet seem to _____ down _____ it's _____ a modem?
 _____ the internet _____ when _____ have a direct _____?
 _____ is my _____ speedspatchy _____ though I _____ a modem _____ cable?
 _____ the internet _____ appear _____ or _____ when connected _____ anEthernet _____?
 _____ is _____ I connect to the modem with _____ cable?
 Why _____ my _____ slow _____ to the directEthernet _____?
 _____ am I not _____ a better _____ though I use _____ cable _____ connect _____ modem?
 Why _____ noticeable _____ in _____ speed despite using anEthernet _____ to connect _____ a modem?
 _____ plugged straight into _____ the _____ cable, _____ internet still sucks.
 Why does _____ slow _____ being _____ to the modem?
 _____ a question _____ why the internet _____ slow and intermittent _____ connected _____ modem.
 _____ does _____ slow _____ connect via Ethernet cable?
 _____ does the internet _____ irregular when connected _____ Ethernet _____?
 Why _____ my internet speeds _____ my _____ to modem?
 _____ am _____ slow due to the directEthernet _____?
 Why _____ speeds _____ because of my direct _____?
 Why _____ my _____ of the direct _____ connection to my _____?
 _____ am _____ internet _____ because of the _____ connection _____ modem.
 _____ am _____ a better web speed _____ using anEthernet _____ connect?
 _____ a _____ to why the internet _____ is _____ sometimes _____ when connected to an _____.
 _____ was my _____ after I connected _____ the _____ via an _____?
 _____ there a _____ the _____ and _____ when _____ directly to my modem?
 _____ I'm _____ the modem/router via Ethernet _____ the _____ or intermittent.
 Why is _____ internet connection slow despite _____ modem/router?
 Why _____ a improvement in _____ despite using _____ cable?
 I _____ not _____ a _____ on my internet _____ using anEthernet _____ to connect _____.
 Why am _____ an _____ my internet speed even though _____ anEthernet _____?
 I _____ why internet _____ viaEthernet cable directly _____ modem.
 Why am _____ a quicker _____ use of an ethernet _____?
 When _____ directly _____ the modem/router _____ Ethernet cable, the _____ so _____.

____ want to ____ why my ____ is slow and inconsistent even _____.
 There is _____ to ____ there would be ____ internet ____ when ____ to a _____ an ____ interface.
 ____ is a _____ to why ____ would be _____ performance ____ connecting to a modem _____.
 I ____ why ____ is slower ____ connecting ____ cable _____ the _____.
 Why ____ I ____ a ____ internet connection _____ I ____ to _____ directly ____ an Ethernet cable?
 I wonder why _____ so slow _____ connect _____.
 Why am I not receiving ____ faster ____ connection even _____ connect _____ over _____ cable?
 _____ I have ____ internet speeds ____ of my direct _____?
 What ____ a _____ experience when connecting _____?
 ____ am ____ connected ____ Ethernet _____ internet ____ to exhibit slowness.
 I wonder why ____ is _____ an Ethernet cable _____.
 When _____ connected _____ Ethernet cable, it seems ____ be _____.
 Why _____ not ____ an ____ on my ____ speed despite _____ cable?
 I plugged _____ an ____ cable and the internet still ____!
 ____ do my _____ lag ____ though I ____ directly _____ modem?
 ____ am _____ the direct ____ connection to a modem/router.
 Why _____ slower ____ of the direct Ethernet connection to _____?
 ____ am _____ able to get _____ connection with the _____ Ethernet cable?
 _____ my web ____ not ____ better ____ using an Ethernet _____ to a modem?
 _____ internet still _____ when plugged into the ____?
 _____ internet ____ despite ____ directly to modem/router _____ Ethernet cable?
 ____ is ____ internet ____ due ____ the direct ____ connection to _____?
 ____ isn't ____ web speed _____ using _____ to connect?
 Could ____ tell ____ why the _____ slow _____ when I'm connected _____ modem?
 Why am ____ speeds slow ____ I use _____ link _____?
 Why _____ of ____ direct Ethernet connection to the ____?
 _____ internet ____ slow when ____ is being connected directly ____ the ____ or ____?
 Why am I not _____ improvement ____ my _____ using ____ cable to ____?
 Why am I not ____ an improvement in my internet speed _____ cable _____ a ____?
 ____ isn't ____ web speed increasing despite _____ connect to a ____?
 _____ speeds lag ____ I ____ a direct ____ to a modem?
 ____ was ____ web speed _____ I connected ____ to ____ modem?
 Why ____ my _____ when ____ use the ____ link ____ the modem?
 Is it possible ____ people ____ experience delays _____ speeds ____ connecting ____ with an ____ cable?
 Is ____ possible ____ someone to experience occasional delays and ____ in their ____ when _____ cable?
 There ____ a reason that _____ working when I use _____ cable ____ connect _____ modem.
 Why ____ my internet speed ____ after _____ directly _____ modem?
 There is some slowness _____ when _____ direct Ethernet _____.
 _____ that I _____ because of my direct Ethernet connection?
 Why is _____ due to ____ direct Ethernet ____?
 The ____ is why there ____ be ____ internet ____ when _____ a _____ an Ethernet _____.
 ____ am I having internet slower _____ my ____ ethernet _____ modem?
 Can ____ tell me ____ the internet _____ or slow _____ the modem?
 Is ____ a reason _____ intermittent ____ persistently _____ performance when _____ a modem via ____ cable?
 _____ possible that _____ remains _____ intermittent while I'm connected ____ to ____ modem?
 _____ to ____ internet ____ would ____ slow when connecting to a modem with an _____.
 _____ the internet ____ because _____ ethernet connections to the ____?
 ____ internet ____ to be having _____ though it ____ the ethernet _____.
 I ____ not seeing a _____ my internet speed _____ an Ethernet _____ the modem.
 How ____ my ____ speeds _____ though I _____ to a ____?

_____ am _____ seeing _____ improvement _____ my _____ speed _____ using an Ethernet cable to _____.

Why _____ internet _____ so _____ while being connected _____ to _____?

_____ is the internet still _____ connecting through _____?

Why _____ internet _____ I _____ direct link _____ a modem?

Is _____ a _____ for _____ inconsistency _____ plugging directly _____ a router?

Why is _____ internet connection _____ directly to the _____?

_____ is _____ as to why the internet performance is _____ when _____

_____ a _____ internet slowness _____ using a direct Ethernet _____?

There _____ why there is _____ internet performance when _____ modem with _____ ethernet cable.

Why _____ even though I use an Ethernet cable to _____ a _____?

_____ are _____ internet speeds slow/ _____ use _____ internet connection?

_____ there a _____ intermittent _____ direct connection using an Ethernet _____?

There is a question _____ to _____ there would be _____ performance _____ a _____ with _____.

There _____ a question as to _____ there _____ internet _____ when connected _____ modem _____ an Ethernet.

_____ know _____ remains slow or intermittent when I'm _____ directly _____ the _____.

Is there any reason _____ the internet performance _____ intermittent _____ slow _____ modem via _____?

_____ is my internet _____ despite _____ an Ethernet _____ connect to the _____?

_____ having _____ because _____ the direct connections to _____ modem and router?

_____ come _____ still _____ and unreliable when _____ into _____ modem?

Why _____ I _____ seeing _____ speed despite using _____ connect to _____ modem?

_____ I _____ my _____ link _____ my internet speeds _____ and slow.

_____ my _____ slower because of the direct ethernet _____ modem?

There _____ occasional _____ in _____ internet when _____ a _____.

Why _____ the internet _____ I have a direct _____ connection _____?

I _____ why internet is _____ when _____ cable.

Why am _____ slower because _____ direct _____ connections to _____ modem _____?

_____ my internet speed _____ after I _____ to the _____?

_____ am _____ slower _____ direct Ethernet connection?

Is there _____ for _____ slow _____ when connecting _____ the _____ via an _____?

Why _____ I having _____ of the _____ my modem/router?

_____ is a question _____ why the internet _____ is _____ to _____ Ethernet _____.

Why _____ my _____ speed spatchy _____ using an Ethernet _____ to _____ my _____?

Why am I _____ of direct ethernet _____?

_____ am _____ being _____ of the _____ ethernet connection _____ the modem?

_____ anyone experience delays or instability _____ their _____ when connecting _____ Ethernet _____ a _____?

The _____ is so slow _____ I connect _____ to _____ modem/router _____.

_____ speeds improving despite using _____ cable _____ connect _____ the modem?

_____ plugged _____ into a _____ the internet is _____ unstable?

Why are my _____ when _____ have _____ direct Ethernet _____?

Why _____ that _____ when using my direct link to the _____?

Why _____ I _____ improvement _____ my internet _____ despite using _____?

_____ could _____ the reasons for _____ direct _____ connection?

_____ directly to _____ cable and _____ is slow or intermittent.

_____ is _____ slow when I _____ ethernet connections _____ modem?

_____ is _____ question about why _____ would be _____ internet _____ connecting _____ modem with _____.

_____ my web _____ improving despite _____ an Ethernet cable to _____ a _____?

I _____ not _____ improvement in _____ speed despite using _____ cable _____ connect _____ modem.

_____ appear _____ be _____ when connected through _____ Ethernet cable?

Why _____ internet _____ slower due to _____ direct Ethernet _____?

_____ the _____ due to _____ direct Ethernet connection to _____ modem?

____ it ____ someone to experience ____ and ____ in their ____ they connect directly with ____ Ethernet ____?
 Is it possible for ____ to ____ delays ____ instability in ____ internet ____ directly ____ cable?
 Can you shed ____ on why the ____ is ____ intermittent ____ I'm ____ the modem?
 Why ____ seem slow when ____ through an Ethernet cable?
 ____ am ____ internet ____ due ____ the direct Ethernet ____?
 Why ____ getting a ____ internet ____ with ____ use ____ cable?
 Why does internet ____ connected directly to ____ modem or ____?
 Why ____ I not ____ improvements ____ my web speed ____ using ____ to connect ____?
 ____ does ____ internet slow when I connect ____?
 ____ can there ____ inconsistent ____ sluggish internet ____ connection?
 ____ reason for the internet to ____ have ____ cable into it?
 ____ is the internet ____ while ____ connected directly ____ the ____ cable?
 ____ internet ____ slow ____ connecting ____ Ethernet cable to ____ modem/router?
 Why ____ I not seeing ____ in my internet ____ despite ____ an Ethernet ____ to ____ modem?
 Why ____ be having slow problems when ____ is plugged into ____ modem ____?
 ____ not receiving ____ faster internet connection even ____ I ____ modem directly ____ an ____.
 Why ____ there slowness ____ the ____ a ____ connection?
 Is there a reason ____ through ____ cable ____ the ____ modem?
 ____ am ____ having internet ____ a direct Ethernet ____ to ____ modem?
 There is a question regarding ____ would ____ internet performance ____ a ____ ethernet cable.
 Why do ____ slower internet ____ when ____ use my ____?
 ____ internet ____ down ____ you ____ a direct Ethernet connection?
 Why was my ____ I connected directly to ____?
 ____ it possible for someone to experience intermittent ____ and ____ in their ____ when ____ directly ____?
 There is ____ question ____ to why ____ performance when ____ to a ____ ethernet cable
 Why ____ when using a direct Ethernet ____?
 ____ web speed improving despite using ____ cable to ____ the ____?
 ____ not ____ faster internet connection ____ to a ____ over an Ethernet cable?
 Is there a ____ slow ____ intermittent ____ connecting to the modem via an ____?
 ____ it ____ for ____ experience delays ____ their internet speed when connecting ____ with an Ethernet ____?
 Why is the ____ when ____ connected directly ____ modem/router?
 My internet ____ are patchy ____ though ____ a ____ using an Ethernet ____.
 How ____ my web ____ are patchy ____ connecting ____ to ____ using ____ cable?
 There ____ direct Ethernet ____ the ____ causes the internet to be ____.
 I ____ it ____ to connect via Ethernet ____ to ____ modem.
 The ____ ethernet connection to ____ modem/router is ____.
 Why ____ I ____ any improvement on my ____ speed despite using ____ connect ____ modem?
 ____ there ____ reason ____ performance to ____ intermittent ____ when connecting to ____ modem via a cable?
 ____ connect ____ the modem ____ an Ethernet cable, ____ the internet ____.
 ____ there ____ reason why the ____ is ____ while ____ connected ____ the ____?
 ____ a reason ____ the ____ persistently ____ internet performance ____ to a modem via ____ cable?
 ____ does the internet ____ to ____ when ____ through ____ ethernet ____?
 Why ____ speed ____ improving ____ an Ethernet cable to connect?
 Does anyone ____ intermittent ____ their internet speeds ____ directly to ____ Ethernet ____?
 Why ____ internet connection ____ despite a ____ cable link ____?
 ____ is ____ question as to ____ internet performance ____ intermittent ____ the ____
 ____ is ____ of the ____ ethernet connection to the ____?
 Even ____ straight ____ modem/router via Ethernet ____ internet ____ still sluggish ____.
 Is there any reason ____ the ____ performance ____ slow ____ to a ____ via an ____?
 Why does ____ slow ____ via Ethernet cable?

Why _____ slower internet _____ because of my _____?

_____ am I not _____ internet connection _____ though _____ to a _____ over _____ Ethernet cable?

Why does the _____ using _____ direct Ethernet connection?

_____ a _____ for the _____ performance to _____ intermittent or _____ slow _____ connecting _____ a _____ via an _____?

Why is _____ internet slow _____ a _____ to a _____?

_____ internet speeds not great when I _____ to the _____?

Why do I not _____ a improvement _____ my web speed _____ an Ethernet _____ a _____?

_____ there any _____ the _____ internet _____ when _____ the modem via _____ cable?

_____ is a _____ the internet _____ would be slow when connected _____ a modem _____ an _____.

Is there a reason _____ to _____ or intermittent when _____ a modem _____ an Ethernet _____?

Despite the fact _____ is an _____ internet _____ to _____ having slow _____ when _____ in.

I _____ not seeing a _____ using _____ cable to _____ to a modem.

_____ my web speed _____ despite _____ cable to connect _____ modem?

_____ for the internet performance to be _____ connecting to _____ an Ethernet cable?

Why does the _____ slow _____ plugged in, _____ the _____ that it has _____ ethernet _____?

_____ my internet connection slow _____ ethernet connection to _____ modem?

_____ am _____ internet _____ slow _____ of the direct _____ to _____ and router?

When the _____ connected through the _____ cable, _____ to _____.

_____ am _____ not getting _____ faster _____ connection _____ connect to a modem _____ ethernet cable?

The internet _____ was _____ after _____ directly _____ modem _____ an _____ cable.

In spite _____ the internet _____ slow issues _____ plugged into _____ modem or router.

_____ internet speeds _____ I _____ my direct link _____ a modem?

_____ internet speed _____ I _____ to _____ modem/router via an ethernet _____.

_____ not _____ my web _____ despite using an Ethernet _____ to _____ to _____ modem.

Why _____ internet connection still _____ even _____ cable?

Is _____ a reason for _____ internet performance even _____ connecting _____ via an _____?

There is a question _____ to _____ the internet _____ and intermittent _____ an _____.

_____ am _____ internet _____ due to the direct Ethernet connection _____?

Why is _____ internet _____ when I _____ an Ethernet _____?

How come _____ internet is slow _____ the router?

_____ internet is _____ slow _____ inconsistent when directly _____ the _____.

_____ internet seem slow when it is _____ connected _____ to _____?

Is _____ reason for the intermittent _____ internet _____ when _____ to _____ modem _____ cable?

Why _____ I _____ speeds _____ I _____ my direct _____ to _____ modem?

When _____ direct Ethernet _____ to the _____ the _____ slow.

There is _____ there _____ be slow internet performance when connected to _____ with _____ Ethernet _____.

I plugged straight _____ the _____ an Ethernet cable but _____!

I _____ why internet is _____ when _____ cable _____.

_____ possible _____ someone to experience _____ or _____ in their internet _____ they _____ an Ethernet cable?

Why _____ not _____ a faster _____ despite using an Ethernet _____?

_____ not _____ an _____ on _____ web _____ despite _____ an Ethernet cable to connect to _____ modem?

Why am my _____ slow _____ of _____ ethernet _____?

Is _____ explanation _____ slow internet with direct _____?

The internet seems _____ with its speeds _____ being _____ via _____.

_____ does _____ slow _____ connect directly _____ the modem/router?

_____ does internet seem _____ it's _____ a modem?

I'm _____ directly to _____ cable but the _____ or intermittent.

_____ is _____ that my web _____ improving despite _____ cable?

Why am I _____ my web _____ using _____ to connect to my modem?

What _____ reasons for slow _____ inconsistent _____ direct ethernet _____?

When I _____ to the _____ with _____ Ethernet _____ internet _____ sluggish.
 _____ there _____ explanation _____ and _____ internet with direct ethernet _____?
 _____ see _____ my _____ speed despite _____ an Ethernet cable _____ to my modem.
 _____ does _____ seem _____ when it _____ connected through _____ cable?
 Why do _____ not _____ improvement _____ my web speed _____ cable?
 There is _____ question _____ the _____ performance _____ slow and occasional _____ to _____ ethernet cable.
 Why are _____ when I _____ the _____ to a modem?
 Why are internet _____ despite _____ a modem/router?
 _____ is _____ internet _____ to the direct _____ to the _____?
 _____ I _____ slower _____ due _____ direct _____ connections to the _____?
 _____ wonder why _____ is slow when _____ cable.
 There is a question as _____ occasional _____ connected _____ an Ethernet cable.
 _____ plugged straight _____ the _____ an ethernet _____ but my _____ still _____!
 _____ was _____ internet _____ slow after I _____ to _____ through _____ ethernet _____?
 Even _____ into modem/router, _____ still _____ and unstable?
 _____ my internet connection slow when _____ directly to _____?
 _____ fact _____ there is _____ ethernet _____ the _____ to be having slow _____ when plugged _____ a _____.
 _____ the internet _____ being connected through _____ it _____ slow.
 _____ am I having _____ that is _____ due _____ connection?
 _____ there _____ reason for the slow or _____ performance _____ connecting _____ the modem via _____?
 Why _____ the _____ slower _____ of _____ connection?
 Why _____ my web _____ not _____ despite _____ connect to a _____?
 _____ an _____ cable to _____ to a modem/router _____ could cause _____?
 There is _____ as to why internet _____ slow even when _____ a _____ with an _____.
 _____ reason _____ the _____ through an _____ cable into the routers and _____.
 _____ me why _____ internet _____ slow or intermittent when _____ connected _____ to the _____ via _____?
 Why is there _____ slow _____ direct cable _____ to _____ modem?
 _____ my web speed slow after _____ connected to _____ an _____?
 Why _____ get a _____ internet _____ though _____ a _____ directly over _____ Ethernet cable?
 _____ I _____ directly into _____ via Ethernet, _____ slow and crappy.
 _____ web speed _____ improved despite using _____ to connect?
 My web _____ are patchy despite connecting directly _____ using _____.
 Why am I not _____ a _____ speed _____ with _____ cable?
 Why am _____ web speed patchy _____ an _____ cable _____ connect to _____?
 _____ is this internet _____ slow _____ I _____ a _____ an Ethernet cable?
 Why _____ the _____ slow _____ connect via Ethernet _____?
 Is the _____ using _____ connection?
 _____ there _____ reason _____ the intermittent _____ internet performance _____ a modem via an Ethernet _____?
 Why is _____ slow/interrupted despite _____ through _____?
 Why _____ I not _____ improvement _____ my web speed despite using _____ to the _____?
 Is _____ possible for _____ to experience _____ internet _____ when _____ to an Ethernet cable?
 Even though I _____ an Ethernet cable, my _____ still _____!
 I _____ into the _____ with an Ethernet _____ but _____!
 _____ connected _____ the ethernet _____ my web speed was patchy.
 The internet seems to be _____ slow _____ when _____ the _____ the _____ it has an ethernet _____.
 _____ am I still _____ improvement _____ my _____ speed despite _____ an Ethernet _____?
 I _____ having internet _____ due _____ the _____ connections _____ the modem _____.
 Why is there a slow _____ connection?
 Why does _____ seem unreliable _____ being _____ to _____?
 _____ a _____ as to _____ the internet performance _____ slow _____ connected to _____ cable.

Why am my _____ my direct link?

Is _____ possible _____ people to _____ delays _____ their _____ when connecting directly _____ an ethernet cable?
_____ my internet speeds _____ slow _____ I _____ my direct link _____?
_____ are my _____ of the direct _____ connection to the _____?

There is _____ to _____ slow _____ sporadic when _____ to an Ethernet cable.

_____ internet connection slow or _____ despite _____ cable link _____ modem/router?

_____ is _____ question as to _____ the internet performance is _____ intermittent _____ Ethernet cable

Why _____ not seeing _____ improvement _____ web speed even though _____ cable?

Is _____ reason for _____ slowness when _____ Ethernet connection?

_____ is _____ question as _____ internet is intermittent _____ connecting to _____

_____ I _____ seeing an _____ on my _____ speed _____ I use _____ cable _____ to the modem?

There _____ slowness on the _____ using a direct _____.

_____ that _____ am not seeing a improvement _____ despite _____ anEthernet cable _____ connect to _____ modem?

Internet is _____ sluggish _____ unstable even _____ modem/router?

Why do I have _____ internet _____ when _____ my _____ to _____?

Why _____ I _____ improvement on _____ speed despite using _____ to connect _____ a modem?

_____ anyone experience _____ or _____ in their internet speeds when _____ directly with _____ modem?

Why _____ the _____ slow _____ to _____ direct ethernet connections _____?

_____ my _____ slow when _____ into my modem/router via _____?

_____ the _____ seem slow _____ irregular _____ connected _____ an _____ cable?

I am _____ getting a _____ I _____ to a _____ directly over an _____ cable.

_____ not _____ an improvement in _____ speed _____ using anEthernet _____ to connect to a _____?

_____ internet _____ so slow when connecting _____ cable _____ modem.

_____ is _____ speedspatchy despite connecting directly _____ modem/router using _____?

When _____ cable directly into modem, _____ is _____.

_____ am my _____ speed slower _____ direct link to _____ modem?

_____ there any _____ internet performance to be slow or _____ connecting to a _____ via _____?

_____ using _____ the internet is slow.

Did _____ why the _____ remains _____ or _____ when I'm _____ to the _____?

Is _____ a _____ for _____ internet _____ be slow _____ I use _____?

_____ internet _____ when usingEthernet cable _____ into a modem.

Is _____ possible _____ someone to have delays _____ instability in _____ when they _____ directly _____ an _____?

There _____ intermittent _____ despite a direct _____ cable.

_____ am not _____ a improvement _____ using anEthernet cable _____ connect?

_____ not seeing _____ improvement on my internet speed _____ though _____ use _____ connect?

Is there a _____ and slow internet _____ ethernet _____?

The _____ to _____ or _____ when _____ directly _____ anEthernet cable.

Even _____ the internet has an _____ cable, _____ seems _____ be having _____.

_____ can be _____ in download _____ when _____ a routers _____ Ethernet cable.

Why _____ intermittent slowness in _____ internet _____ using _____ ethernet _____?

Why does the internet _____ when _____ through _____ Ethernet _____?

Even _____ I _____ the modem/router _____ an Ethernet _____ my _____ still _____!

_____ anyone experience delays or instability _____ internet _____ connect _____ ethernet cable?

_____ not _____ a _____ connection when using anEthernet cable?

Why am I not _____ performance _____ speed despite using anEthernet _____?

Why _____ internet _____ I have direct _____ the modem?

_____ to _____ there would be slow _____ to a _____ with an ethernet cable.

_____ internet _____ slower when _____ viaEthernet cable _____ a _____.

There _____ sometimes slowness _____ the internet _____ directEthernet _____.

Why _____ not getting _____ faster _____ connection with _____ use _____ cable?

Is _____ internet _____ be inconsistent or _____ plugged _____ modem/router via Ethernet?

Why _____ connectivity _____ slow _____ through a modem/router?

There _____ a question as to why _____ a slow _____ performance when _____ modem _____.

_____ my web _____ despite _____ an Ethernet _____ to _____ to _____ modem/router?

_____ I receiving a _____ internet _____ the use _____ an _____ cable?

I plugged straight into _____ an _____ the internet still _____!

_____ as _____ would be _____ internet performance when connected _____ a modem _____ an Ethernet

_____ I not seeing _____ difference _____ web _____ using an Ethernet cable?

_____ question as _____ why _____ performance is intermittent _____ connected _____ a modem

Why does the internet _____ it's being _____ cable?

_____ is _____ internet _____ working when _____ connect it _____ Ethernet _____ to my modem.

Why am I not _____ an improvement to _____ despite _____ to _____?

_____ you know why the _____ or _____ while I'm connected _____ modem/router?

_____ wasn't _____ internet _____ better after I _____ via _____ ethernet cable?

_____ are my _____ connections _____ the _____ ethernet connection to _____ modem?

The _____ patchy after _____ directly to the _____ via an _____.

Why _____ the internet seem _____ have slow _____ despite the _____ has an _____ cable?

There is a _____ as to _____ the internet _____ is _____ intermittent when _____

_____ ethernet _____ internet _____ to _____ having slow problems _____ plugged into the _____ or router.

The _____ is _____ slow despite _____.

_____ the _____ slower due _____ the _____ to the modem?

Is there _____ for the _____ erratic _____ speed when _____ into _____ modem?

Why are _____ slower _____ to the _____ connection?

_____ reason for _____ intermittent internet _____ connecting _____ the modem/router via the _____?

Why _____ internet _____ to _____ slow _____ plugged into _____ modem, _____ though it has _____ cable?

Why am _____ having _____ internet _____ the _____ ethernet _____ my modem?

_____ reason for _____ internet to _____ slow or intermittent when connecting _____ modem via _____?

Is _____ reason _____ intermittent internet _____ when _____ to _____ an Ethernet cable?

Why _____ connection still _____ despite connecting _____ modem/router?

Can you tell _____ the internet _____ slow _____ when _____ the modem/router?

Why _____ I connected to the _____ via an ethernet _____?

_____ of the direct _____ connections _____ the _____ I _____ slower.

_____ be _____ slow issues _____ into a modem or routers, despite the fact that _____ cable.

Why is my web _____ modem/router with an Ethernet _____?

I _____ not seeing _____ in _____ internet _____ despite using _____ to _____ to _____ modem.

Why am I _____ seeing _____ improvement _____ my internet _____ despite _____ an Ethernet _____ connect _____ modem?

_____ through modem/router, _____ internet is _____.

I wonder why internet is _____ cable to _____.

_____ exist _____ for _____ intermittently _____ or intermittently _____ internet performance _____ connecting _____ the modem or _____?

_____ was my internet _____ when _____ connected directly to _____?

_____ is a _____ as to why there _____ slow _____ performance when connecting _____ a _____ with _____.

Is _____ reason for the _____ internet _____ connecting through _____ directly?

_____ question as _____ the internet _____ slow _____ connecting to _____ modem

Because of the _____ ethernet _____ to _____ internet slower.

_____ am _____ having internet that is slower _____ the _____ connection to _____?

Why am _____ not _____ in my _____ despite using an Ethernet _____ connect _____ a modem?

_____ you _____ the internet is slow _____ intermittent _____ connected _____ to _____ modem?

Is there a _____ that _____ edg cable into _____ modem?

Is there _____ reason for the _____ internet _____ an ethernet cable?

I'm _____ a improvement on _____ web speed _____ using an Ethernet _____ modem.

_____ not seeing an _____ in my internet _____ though I _____ anEthernet _____?
 I'm _____ an _____ web speed _____ using anEthernet _____ connect to the _____.
 Why _____ internet _____ not improving despite _____ cable to _____?
 _____ a reason for _____ intermittent or slow _____ a modem/router via an Ethernet _____?
 Why _____ the internet _____ be _____ when _____ plugged into _____?
 _____ web _____ I _____ to _____ modem via an ethernet cable?
 Why _____ seeing an improvement _____ my web speed _____ modem and _____?
 _____ I having _____ slow because of _____ directEthernet _____ the modem?
 _____ is a _____ the _____ performance _____ and _____ slow when connected to _____ cable.
 Is _____ a _____ internet to _____ through anEthernet cable _____ modem?
 Why am _____ not getting _____ quicker _____ connection _____ a _____ over an _____ cable?
 _____ do I _____ see a improvement _____ despite using anEthernet cable to _____ modem?
 The _____ slow when using a direct _____ to _____.
 _____ why internet _____ slower when _____ connect to _____ modem.
 _____ know _____ the _____ remains slow or _____ while I'm _____ directly _____ the _____.
 Despite the _____ to _____ having slow _____ when _____ into a modem _____ routers.
 I wonder _____ is slower when _____ using _____.
 When _____ to the modem _____ cable, is there any _____ the _____ be _____ or _____?
 _____ occasional inconsistencies in download speeds, _____ routers _____ Ethernet cable.
 _____ I _____ my direct link _____ the _____ internet _____ slow/interrupted.
 _____ the _____ when using _____ direct _____ to the modem?
 I'm having _____ in _____ plugging in _____ ethernet _____.
 _____ am _____ having _____ slower _____ of the _____ ethernet _____ to the _____?
 I wanted _____ web _____ was patchy _____ I connected _____ to _____ modem/router.
 _____ is it that I _____ seeing an improvement on _____ web speed _____ anEthernet _____ to _____?
 There is a question about _____ be _____ performance _____ connecting to a _____
 _____ is the internet slower _____ to _____?
 Why am not _____ a improvement on _____ web _____ despite _____ to _____ the _____?
 _____ there a _____ for _____ internet _____ be _____ through _____ cable into _____ modem _____?
 _____ wasn't _____ web speed _____ connected _____ the modem via an _____?
 Is _____ a reason _____ or slow internet _____ to _____ via the cable?
 I wonder why _____ when connecting _____ cable _____.
 _____ the internet slow _____ of _____ ethernet connections _____ modem?
 Why am I _____ a _____ connection when I _____ modem _____ cable?
 _____ straight into _____ modem/router, _____ is _____ sluggish and _____?
 Why _____ a _____ or intermittent internet _____ Ethernet cable link _____ the _____?
 Why _____ web _____ connecting to a modem via _____?
 When _____ viaEthernet _____ a _____ the internet _____ slower.
 _____ I getting a _____ internet _____ with _____ of an Ethernet _____?
 Could _____ shed _____ light _____ the internet is slow or _____ I'm connected directly _____?
 _____ am _____ not _____ internet _____ even though I connect to a modem _____ cable?
 Why _____ I _____ because _____ the directEthernet connection to _____?
 There _____ as _____ the _____ is slow and occasional _____ connected to _____ cable
 What can _____ done _____ explain _____ and sluggish _____ ethernet connection?
 Why does _____ be _____ when _____ viaEthernet cable?
 _____ there _____ internet performance to be _____ intermittent when _____ to _____ modem via anEthernet _____?
 Why am _____ slower _____ connection with _____ an Ethernet cable?
 I'm not seeing _____ in my _____ speed _____ cable to _____ a _____.
 _____ isn't my web speed _____ anEthernet _____ to a modem?
 _____ not improving _____ though I use _____ cable _____ connect to _____ modem?

_____ there a _____ the internet's slow or _____ when connecting to _____ modem _____ cable?
 _____ am I not getting _____ internet _____ even though _____ connect to a _____ ethernet _____?
 Why _____ connection slow _____ the direct ethernet _____ to my _____?
 Why _____ web speed still not _____ to _____ to the modem?
 _____ seeing _____ improvement _____ my web speed _____ anEthernet _____ to connect _____ modem.
 Is _____ reason for the _____ to be _____ when _____ cable?
 Why _____ seem _____ slow down _____ connected _____ the modem?
 _____ am my _____ speeds slow _____ I _____ direct _____ to _____ modem?
 Why _____ get _____ connection when I connect to a modem _____ an _____?
 What is _____ that _____ speeds are patchy despite _____ modem/router?
 Is _____ for people to _____ occasional delays _____ instability _____ their _____ when _____ directly with _____ Ethernet _____?
 Why do _____ have slow internet speeds because _____?
 Why _____ seem slow when _____ Ethernet cable directly _____?
 Why _____ my internet _____ when _____ use _____ to the modem?
 Why do _____ see _____ web speed despite _____ anEthernet cable?
 Even _____ a _____ via Ethernet cable, the _____ still slow _____.
 There is a _____ as _____ always slow _____ intermittent when connected to _____ Ethernet _____.
 _____ is _____ still slow despite using _____?
 _____ a reason _____ internet _____ direct ethernet connection?
 _____ I _____ internet slower _____ the directEthernet connection to _____?
 _____ anyone experience occasional _____ in _____ speeds when connecting directly _____ an Ethernet _____ into _____?
 _____ not seeing an _____ my web _____ anEthernet cable _____ connect?
 _____ my internet speeds _____ when I use _____?
 _____ am _____ not _____ improvement _____ my web _____ even though I use _____?
 Is there _____ why _____ internet is _____ cable into the _____?
 _____ does _____ internet _____ it is _____ through an Ethernet _____?
 _____ a question _____ to why _____ would _____ internet performance even when _____ to _____ with _____.
 Why _____ slower because of the _____ ethernet _____?
 _____ there a reason _____ the _____ performance _____ be _____ when _____ to _____ via a cable?
 Is it _____ for a _____ experience _____ their internet _____ connecting directly with _____ cable?
 There are intermittent slowness _____ the _____ when _____ connection _____ modem.
 _____ speed slow/interrupted when _____ my direct link to _____ modem?
 The _____ seems to be having _____ issues when plugged into _____ modem _____ the _____ the _____ cable.
 Why _____ that the _____ connection _____ slow _____ cable link to the _____?
 _____ there _____ reason _____ internet performance to _____ slow _____ to the _____ via an _____ cable?
 Why is _____ internet slower because of _____ to _____?
 _____ internet _____ still _____ despite connecting with _____ modem?
 Even _____ straight into the modem with _____ the internet _____!
 Is _____ for _____ experience delays or instability _____ internet speed when _____ directly with an _____?
 _____ is _____ as to _____ the internet performance _____ slow _____ to _____ cable.
 Internet is _____ unstable _____ after being _____ straight _____ a _____?
 Is there _____ why _____ or intermittent while I'm connected directly _____?
 Why am the internet _____ of the direct _____ to _____?
 There is _____ as _____ would be slow _____ connecting to a modem _____ an _____ cable.
 Why am I getting _____ when I _____ direct _____ modem?
 Why _____ the internet _____ when it's _____ connected _____ modem _____ routers?
 Even _____ an _____ cable, it _____ be having slow problems _____ into a modem.
 Why is internet _____ still _____ connecting through _____?
 There _____ in _____ when using a _____ Ethernet connection.
 Is there a _____ remains slow _____ connected directly to _____?

Why is ____ connection ____ slow ____ using ____ cable?

I am having ____ the ____ ethernet connection ____ modem/router.

There is ____ the ____ is ____ I use ____ cable to connect it ____ my ____.

____ is lousy when I'm connected ____ to ____ Ethernet.

Is it ____ or ____ their ____ speeds when connecting directly ____ an Ethernet cable?

____ am ____ increase ____ my ____ using an Ethernet cable to connect to a modem?

____ intermittent ____ in the internet when using a ____.

____ question as to ____ there would be ____ internet ____ connecting ____ modem ____ an Ethernet ____.

Why are ____ web speeds patchy even ____ to ____ modem with ____ Ethernet ____?

____ not ____ any ____ my web speed ____ an Ethernet cable to ____ to ____ modem.

Why am ____ internet ____ even after ____ to a ____ over an ____ cable?

I am ____ an improvement ____ my speed ____ using ____ to ____ modem.

____ slow ____ when ____ straight into a modem/router?

____ am ____ seeing ____ improvement ____ my ____ using an Ethernet cable?

____ is internet ____ through a modem?

I wonder ____ internet is ____ via Ethernet ____ a modem.

I ____ modem/router with an Ethernet ____ but the internet ____!

There ____ a ____ that ____ internet ____ working ____ I connect it to ____ through ____ ethernet ____.

There ____ intermittent slowness in ____ when ____ a direct ____ to ____.

Why ____ I having internet ____ that are slow ____ ethernet ____?

Why does ____ seem slow when ____ via Ethernet ____?

In spite ____ the ____ the internet ____ having slow ____ a modem or routers.

____ would like ____ the internet is slow ____ while ____ directly ____ the modem.

____ possible for ____ delays and instability ____ their internet speeds when ____ directly with ____?

Why am I ____ my ____ despite ____ an Ethernet cable to ____?

____ aren't I getting a ____ with the ____ of ____ ethernet ____?

The internet is ____ when I ____ my ____ through the ____ cable.

Why ____ internet ____ despite ____ direct ____ to the modem/router?

____ am ____ a faster internet connection even ____ connect to ____ modem ____ Ethernet cable?

____ is ____ still slow ____ connecting through the ____?

____ internet connection ____ slow ____ though it ____ ethernet cable?

Is ____ a ____ for the ____ speeds ____ directly into my modem/router?

Why is the internet so ____ I ____ modem?

Is ____ reason for the ____ performance ____ be slow ____ intermittent when ____ cable?

Even ____ plugged ____ into the ____ an ____ cable, ____ internet ____ sucks!

____ when I ____ directly to the modem/router ____ an ____ cable.

____ internet ____ so ____ directly to ____ modem/router with an ethernet ____.

____ internet ____ seem slow ____ you connect via ____?

There is ____ slowness ____ the ____ a direct ____ connection.

Why ____ I ____ seeing a ____ improvement in ____ internet speed ____ an Ethernet ____?

There ____ question ____ why internet performance would ____ to a ____ with an ____ cable.

Why ____ internet speed ____ use ____ direct link to ____ modem?

Why ____ it ____ my web speed ____ not ____ an Ethernet cable to ____ the ____?

____ does internet ____ slow when connecting ____ cable ____?

____ is a ____ why the internet performance is consistently ____ occasional ____ to ____ cable

Can you ____ why ____ internet remains ____ or ____ I'm ____ the modem/router?

Why ____ speeds slow ____ I ____ direct ____ to the modem?

Does anyone experience occasional delays ____ in their ____ when connecting directly ____ a ____?

I ____ internet ____ due to ____ ethernet ____ to the ____.

There is ____ question ____ why ____ performance is ____ occasionally ____ when connected ____ an Ethernet ____

Why am I _____ a _____ on my _____ anEthernet _____ connect?
 I am _____ internet slower _____ to the _____ modem androuter
 _____ get a _____ internet connection even though _____ modem _____ anEthernet cable?
 Why _____ not _____ an _____ in _____ web speed despite using anEthernet _____?
 _____ is _____ reason _____ is slow through anGbE _____ into _____ modem.
 _____ does the internet seem _____ when _____ Ethernet _____?
 Why _____ I getting a slower internet _____ though I _____ a _____ over an _____?
 There is _____ reason _____ the _____ when _____ connect it to my modem _____ cable.
 _____ my internet speedspatchy despite connecting _____ to _____ modem/router _____ Ethernet _____?
 _____ anyone _____ delays or _____ their _____ speeds _____ connecting with an _____ cable into _____ modem?
 Is _____ a _____ for the _____ speed _____ be slow when _____?
 Why _____ internet _____ slow _____ via ethernet cable _____?
 Why _____ the _____ slow or _____ connected _____ to _____ modem/router _____ cable?
 The _____ to be sluggish _____ connected directly to _____ Ethernet _____.
 Why _____ I having internet _____ due to the _____ connections _____?
 Why _____ not _____ faster internet _____ with the _____ of an _____?
 _____ why internet _____ connecting viaEthernet cable into _____ modem.
 Why does the _____ slow down _____ using a _____?
 There _____ as _____ why _____ would be slow _____ when connecting to a _____ anEthernet.
 Why _____ my _____ slower _____ the _____ to the modem?
 There _____ a question _____ why _____ is slow _____ intermittent _____ connected to _____ ethernet _____.
 _____ am _____ improvement _____ my internet _____ despite using anEthernet _____ to connect to _____ modem?
 _____ is _____ when using a _____ Ethernet _____.
 _____ a question as _____ performance _____ slow _____ intermittent when connected to anEthernet _____.
 _____ internet _____ though I plugged _____ into _____ modem/router with _____ cable.
 There is sporadic slowness in _____ connections.
 _____ you tell _____ why the internet _____ I'm connected _____ the _____?
 _____ is _____ slowness _____ the internet _____ a _____ ethernet connection _____ modem.
 Why _____ the internet seem _____ slow down _____ being _____ directly _____?
 Why _____ I not _____ any improvement _____ internet speed _____ connecting _____ the _____?
 _____ a _____ why _____ performance is _____ and slow when connected to an _____.
 Why _____ I have internet speeds _____ use _____ internet connection?
 Why was _____ patchy _____ I _____ to a _____ an _____ cable?
 Is it possible for _____ to _____ delays or _____ in their _____ if _____ directly _____?
 _____ am I not _____ on _____ speed _____ using _____ cable to connect to the _____?
 _____ the ethernet _____ the internet seems _____ issues when _____ a modem.
 In _____ cable, _____ internet seems to be _____ slow problems when connected _____.
 Why am _____ in my _____ speed despite connecting to _____ with anEthernet _____?
 Is _____ a _____ slow or _____ when connecting to a modem _____ a cable?
 When _____ a direct Ethernet connection _____ there _____ sometimes _____ internet.
 When _____ modem _____ an _____ cable, there _____ question _____ to why the internet _____ is _____.
 _____ why internet _____ slow _____ using aEthernet _____.
 _____ a question of why _____ be slow internet _____ even _____ to a _____ anEthernet.
 _____ am I not getting a faster _____ connection after _____ connect to a _____?
 _____ is a question as _____ why _____ performance _____ slow and _____ slow when _____ to _____
 My _____ ispatchy _____ though _____ connect _____ a _____ using an Ethernet _____.
 Why am I _____ web speed even _____ use _____ cable?
 _____ is internet _____ despite _____ modem?
 _____ internet slower _____ I have a directEthernet _____?
 _____ am _____ internet _____ that _____ when I connect directly _____ the _____?

_____ don't _____ a _____ on _____ despite using an Ethernet _____ connect to a _____.
 There _____ something wrong _____ the _____ when I _____ it through _____ my _____.
 Why am I _____ seeing a improvement _____ an Ethernet cable?
 _____ does _____ seem to have _____ it's _____ a modem or Router?
 _____ not _____ improvement _____ my _____ speed _____ using an Ethernet cable _____ connect to a _____.
 There is a question as _____ internet performance _____ with an Ethernet cable.
 Could _____ tell _____ why _____ is _____ or slow _____ directly to _____ modem?
 _____ is _____ question _____ to _____ the _____ slow and occasional when connected _____ an Ethernet _____.
 _____ not _____ in my _____ speed despite _____ an Ethernet cable?
 _____ as to why _____ internet _____ is slow _____ to a modem with _____.
 _____ does _____ when it's _____ connected directly to _____ modem?
 Why _____ slower because _____ the _____ connections to the modem _____?
 _____ cause _____ inconsistent download _____ when _____ directly into _____ router _____ Ethernet cable?
 Why am I not _____ an _____ on _____ despite using an Ethernet _____ to connect _____.
 _____ I _____ slower internet _____ when _____ my own direct Ethernet _____?
 _____ when _____ into _____ via _____ cable, the internet is _____ slow _____.
 Is there _____ internet _____ to _____ slow when connecting through _____?
 _____ I getting _____ speeds _____ using an ethernet cable to _____ to my _____?
 _____ the _____ slow while being connected directly to the _____?
 Why isn't my _____ despite _____ an Ethernet cable _____ connect _____ modem?
 Why is _____ internet _____ of the _____ ethernet connections to _____?
 _____ is a reason that _____ an _____ cable _____ router and modem.
 _____ was _____ speed slow _____ to my _____ an ethernet cable?
 Why _____ not getting a _____ with _____ cable?
 I _____ connected via _____ cable, _____ to be _____ and inconsistent.
 _____ question _____ to why the internet _____ is slow and _____ connected _____ an Ethernet _____.
 Is _____ a reason _____ the _____ direct ethernet _____?
 Why _____ I having _____ speeds that _____ slow/interrupted _____ my _____ connection?
 _____ is a _____ as to why _____ performance is _____ when connected _____ an _____ cable.
 Why _____ my _____ connections _____ the _____ ethernet connection?
 _____ I not seeing improvements _____ web _____ despite _____ an Ethernet _____?
 Why _____ seeing a change in _____ web _____ using _____ cable to connect to _____?
 _____ is _____ question as _____ why _____ is _____ slow _____ connected _____ an Ethernet cable.
 _____ connect _____ to _____ with _____ cable and the internet _____.
 Why _____ seeing an improvement to my _____ despite _____ to connect to a _____?
 _____ is slower when using an Ethernet cable to _____ a _____.
 Why do my web _____ a modem/router _____ an Ethernet _____?
 Why are my internet _____ due _____ connections?
 Why does the _____ seem _____ when plugged into _____ or router _____ the _____ that _____ ethernet cable?
 _____ am I not _____ a _____ with _____ use _____ an _____ cable?
 Why _____ speed _____ not _____ despite using an Ethernet cable _____?
 _____ straight _____ the _____ the Ethernet cable, _____ the internet still _____.
 _____ internet slow because of the _____ connection _____ the _____?
 In spite _____ ethernet cable, _____ internet seems to be _____ when plugged _____.
 _____ is internet _____ still slow despite _____ the _____?
 The web speed _____ patchy after I connected _____ ethernet _____.
 When _____ link _____ the modem, _____ have _____ internet speeds.
 _____ it _____ someone to experience intermittent _____ in their _____ when _____ directly with an _____ cable?
 _____ was my _____ I connected directly to the _____?
 _____ sporadic slowness in the _____ when _____ Ethernet connection.

_____ even though I _____ directly to _____ an Ethernet cable.

Why does internet _____ slow when _____ cable _____?

I _____ if internet is _____ connecting _____ cable _____ the _____.

_____ not seeing _____ improvement _____ my web speed despite _____ an Ethernet cable _____ the _____.

Why _____ the _____ have a _____ ethernet connection?

_____ am _____ not _____ on my _____ speed _____ though _____ use _____ cable to connect to a _____?

_____ wondering why _____ when connecting via Ethernet cable.

Why _____ the _____ slow down when connected _____ cable?

_____ there a reason _____ my internet _____ be _____ an Ethernet _____?

_____ is _____ question as to why _____ performance _____ slow when _____ a _____ with an _____

Why is _____ internet connection _____ direct Ethernet connection?

There is _____ reason that the _____ working _____ I _____ cable to _____ to my _____.

Is there _____ reason for the intermittent _____ when _____ an Ethernet _____.

_____ I _____ that are slow _____ I use _____ own _____ Ethernet connection?

Is there a reason _____ the _____ or _____ internet performance when _____ via the _____?

_____ the _____ still seem slow _____ via _____ cable?

_____ there a reason _____ to be slow _____ cable into _____?

I _____ why internet is _____ when _____ via Ethernet _____ directly _____.

Why am I _____ getting a faster _____ when I _____ modem _____ Ethernet _____?

_____ the internet seem slower when _____ directly to _____?

Why is internet _____ still _____ through _____ modem?

Why _____ internet _____ to the direct _____ connection?

_____ so slow when _____ use an ethernet _____?

Why _____ I _____ seeing any _____ my _____ despite using an Ethernet _____ connect _____ my modem?

I'm having _____ in my _____ plugging in _____.

_____ a _____ as to _____ the internet performance is slow and _____ slow _____ connecting _____

There is a reason _____ is not working when I connect _____ the _____.

_____ reason for intermittent sluggishness _____ hooked up via _____?

_____ am I _____ a faster internet connection when _____ connect _____ via _____ cable?

Why _____ get a quicker _____ with _____ use of _____ Ethernet _____?

Why _____ my web speed _____ improving despite _____ cable _____?

Why does _____ internet _____ sluggish or _____ through _____ cable?

Why _____ having internet slow _____ the _____ to the _____?

There are intermittent _____ a _____ connection _____ an Ethernet _____ is used.

Why _____ internet slow when I _____ through _____ to _____ modem?

_____ internet _____ due to the direct Ethernet connection?

What _____ be done _____ the _____ with direct ethernet _____?

_____ the _____ slow because of the _____ connection?

_____ experience intermittent _____ instability _____ internet speeds when connecting _____ an _____ into a modem?

_____ there _____ the slow and erratic internet speed _____ connecting _____ my _____?

Why does internet seem _____ being connected _____ modem?

Why was _____ internet _____ patchy _____ connected _____ to my _____?

Why is _____ slow when _____ a _____ to the _____?

_____ was my web speed _____ connected directly _____ the _____.

Why _____ internet _____ slow/interrupted _____ using an _____ cable?

_____ anyone _____ or _____ in their _____ when _____ directly with an Ethernet cable into a _____?

Why _____ seem _____ when it _____ connected through the _____ cable?

_____ my web _____ get patchy _____ connected _____ to _____ modem/router?

Why _____ when I connect directly _____ my modem/router _____?

_____ am _____ slower because _____ the direct ethernet connection?

_____ a reason for _____ internet performance _____ modem via an Ethernet cable?

_____ it _____ erratic with _____ while being connected _____ Ethernet to _____ modem?

Why is _____ use an Ethernet _____ to _____ to the modem?

_____ is _____ question as to _____ would be _____ performance _____ a modem _____ an Ethernet network.

_____ the _____ sluggish when connected directly _____ an Ethernet _____?

When I _____ direct _____ to _____ internet speeds are _____.

_____ possible _____ experience delays or _____ your _____ speeds when you _____ directly with an _____?

Is _____ any _____ internet to be slow _____ intermittent _____ to _____ modem _____ an _____ cable?

Why is internet _____ an Ethernet _____ to connect?

_____ the internet appear _____ and irregular when _____ an Ethernet _____?

_____ does _____ internet seem slow _____ irregular _____ connected _____ through _____ cable?

_____ am _____ not seeing _____ in my _____ despite _____ an Ethernet cable _____ connect _____ the _____?

Why _____ improving despite _____ an Ethernet cable _____ connect to _____ modem?

Why _____ my _____ speeds _____ use my direct link to _____?

Why _____ it that _____ to be _____ slow issues _____ plugged _____ modem _____ router?

I am _____ internet speeds _____ when I _____ link to _____ modem

Why _____ I having the internet _____ due to _____?

_____ internet _____ slow even _____ connect _____ a modem/router?

_____ my internet _____ slow/interrupted because _____ my direct _____?

_____ am my internet _____ slow when _____ my _____ modem?

_____ don't _____ see _____ better web _____ using an Ethernet _____?

_____ there a reason _____ the intermittent _____ slow _____ performance _____ connecting _____ a _____ via an _____?

_____ come _____ speeds _____ even though I connect _____ modem?

Why _____ quicker internet connection _____ the use _____ Ethernet cable?

Why isn't _____ speed _____ though _____ an Ethernet cable?

_____ I getting a _____ connection with _____ use _____ cable?

Why is my internet _____ slow _____ to _____ routers?

_____ sporadic _____ on _____ internet when _____ a direct Ethernet _____.

_____ wonder why _____ so _____ when using the Ethernet _____.

_____ the internet _____ having slow problems _____ plug _____ into a _____ or router?

_____ is _____ question as to _____ there would _____ internet performance when _____ to _____ modem _____ Ethernet _____.

The internet _____ to be sluggish or irregular _____ cable.

_____ is _____ to why internet performance is slow when _____ a _____ Ethernet cable.

Why is _____ internet _____ plugged into _____ modem?

_____ was my web _____ patchy _____ I _____ to _____ modem?

_____ don't _____ why internet is _____ connecting _____ cable to _____.

Why _____ I _____ because _____ direct ethernet connections?

_____ getting slow _____ when I use _____ direct link _____ a _____?

_____ not seeing a _____ my web _____ using an Ethernet _____ to connect to _____.

Why _____ directly connected to my modem/router?

_____ there _____ for the slow _____ internet speed when connecting _____ modem?

Why _____ my internet connections slower because _____ modem?

_____ am _____ not _____ noticeable _____ on my _____ using an Ethernet cable?

After _____ connected to _____ modem via the _____ my _____ patchy.

_____ having internet _____ the direct ethernet _____ to _____ modem and router?

_____ internet _____ slow when _____ direct Ethernet connection.

Even _____ plugged _____ internet _____ still sluggish and unstable?

Why are _____ internet speeds _____ I _____ link to the _____?

Why _____ my _____ I use my direct ethernet _____?

Why do _____ get _____ faster _____ connection with _____ an Ethernet _____?

____ don't see ____ improvement ____ internet ____ despite ____ an Ethernet cable ____ to the ____.
 ____ is ____ question ____ to why ____ performance is slow and intermittent ____ connected ____ an ____
 Why ____ I ____ receiving ____ internet ____ though ____ connected to a modem ____ an Ethernet ____?
 Why ____ my ____ getting ____ despite using ____ cable to ____?
 ____ does ____ seem slow ____ connecting ____ Ethernet cable?
 ____ come the internet is ____ when plugged ____ modem?
 ____ the internet appear to ____ slow ____ an Ethernet ____?
 I ____ why internet ____ when ____ cable.
 ____ I not ____ a quicker ____ connection ____ the use ____ an ____?
 Why ____ direct connections ____ tend ____ be slower?
 There ____ a ____ as to why ____ slow internet ____ to ____ modem with ____ Ethernet network
 Why am my internet ____ slow/interrupted ____ I ____ connection?
 ____ a question as to why ____ slow and ____ when ____ to ____.
 Why am I ____ slow due ____ the ____ ethernet ____ to ____?
 Why ____ getting ____ faster ____ connection ____ to ____ modem directly over ____ Ethernet cable?
 ____ are intermittent internet ____ caused ____ direct ____ an ____ cable?
 Is ____ reason for the ____ slow ____ performance even ____ connecting to the ____ a ____?
 ____ make my internet sluggish ____ I ____ Ethernet?
 ____ am my ____ connection ____ because ____ the direct ____ modem and router?
 ____ internet connection still slow, ____ modem/router?
 I ____ internet ____ slow ____ via Ethernet cable.
 ____ a ____ as to ____ there ____ be slow internet ____ when ____ to a modem ____ ethernet ____
 ____ are ____ speed patchy ____ connecting directly ____ using an Ethernet cable?
 I'm having internet speeds ____ my direct Ethernet ____
 Is it ____ for ____ to ____ delays ____ instability in their internet ____ directly ____ Ethernet cable?
 ____ am ____ internet ____ slow ____ to the direct ____?
 Why am my ____ slow ____ of ____ direct ____?
 Why do ____ experience slow ____ I ____ direct ____ connection?
 Why ____ internet look ____ when connected directly ____ an ____?
 There is ____ question as to why ____ internet performance is ____ a modem
 ____ there a reason for the ____ performance ____ modem ____ an Ethernet cable.
 ____ it possible ____ to experience delays ____ their ____ speeds ____ they ____ directly to ____ cable?
 Why ____ internet ____ sluggish ____ irregular when connected ____ cable?
 ____ don't ____ a better ____ an Ethernet cable to connect?
 I'm ____ connected via Ethernet ____ but ____ internet ____ inconsistent.
 ____ is ____ Ethernet cable ____ modem, but ____ the internet connection slow?
 ____ am I ____ slower because of ____ direct Ethernet ____?
 ____ connected ____ the modem ____ ethernet cable, ____ speed was patchy.
 ____ does internet still seem slow ____ cable?
 ____ is a question as to why ____ internet ____ be slow when ____ with ____.
 Why ____ the ____ using an Ethernet cable?
 Why ____ my internet speeds very ____ when ____ link ____ a ____?
 ____ I not getting a ____ internet connection ____ directly over an Ethernet cable?
 ____ that the internet ____ slow when ____ into a ____?
 ____ the internet seem slow ____ directly ____ the modem ____ router?
 ____ does ____ internet ____ when connecting via ____ cable?
 ____ I ____ slower ____ when I use ____ direct ____ connection?
 ____ are patchy despite using ____ cable ____ connect to ____ modem.
 There's ____ the internet when using a ____.
 ____ does ____ seem ____ when connecting via Ethernet ____ into ____ modem?

_____ anyone experience _____ or _____ in _____ speeds when _____ Ethernet cable to _____ to _____ modem?
 Why _____ my _____ speed so _____ after I connected _____?
 _____ using _____ direct _____ to a modem, the _____ slow.
 _____ was _____ question _____ why _____ would _____ slow _____ performance even when _____ to _____ modem _____ Ethernet cable.
 Is _____ reason for the _____ internet speed when _____ modem/router?
 Sometimes there _____ internet _____ a direct Ethernet connection.
 _____ are _____ not _____ an improvement in my web speed _____ to connect _____ the _____?
 _____ the internet being slower due _____ the _____ to _____ modem?
 Why don't _____ a _____ connection _____ connect _____ modem _____ to an Ethernet _____?
 I'm _____ seeing a improvement _____ my _____ speed _____ using anEthernet _____ a _____.
 I don't see _____ in my web _____ I use _____ to connect _____ modem.
 _____ using a direct Ethernet connection, _____ is _____ in _____.
 _____ internet _____ slow because of the direct _____?
 _____ is my web speeds patchy _____ using _____ connect to a _____?
 Why _____ the _____ slower because of the direct _____?
 _____ don't _____ a _____ despite using anEthernet cable _____ to a modem.
 _____ am _____ a _____ in my web speed despite _____ anEthernet _____ a modem
 _____ a question _____ is consistently slow and _____ when connected to anEthernet cable.
 Why am _____ internet _____ to _____ direct ethernet connection _____ modem?
 My _____ was _____ connected _____ modem/router via an ethernet cable.
 _____ there any _____ for _____ intermittent _____ performance when connecting _____ modem _____ cable?
 _____ someone to experience _____ delays or instability _____ internet _____ when connecting with _____ cable?
 _____ does the internet _____ connected _____ Ethernet to the modem?
 Why am _____ the _____ to the direct _____ connections?
 _____ internet appear _____ be sluggish when _____ anEthernet cable?
 _____ connection being slower because of the _____ connection?
 _____ a question _____ to _____ the internet performance is inconsistent when _____
 _____ am I _____ to direct ethernet connections?
 _____ wonder why _____ connecting through anEthernet _____ to _____ modem.
 I wonder why _____ so _____ connecting _____ into the modem.
 Why does _____ seem _____ or _____ when connected through _____?
 _____ am I not seeing _____ on _____ speed despite _____?
 _____ the _____ and unstable even _____ straight into a _____?
 Is _____ a reason _____ the _____ slow _____ when connecting to _____ via anEthernet cable?
 There _____ a question as to _____ be _____ internet _____ even _____ connected to a _____ with _____.
 _____ the _____ cable, the _____ seems to _____ slow _____ plugged into a _____ or routers
 Why am _____ internet slower _____ I have _____ connections to _____?
 _____ is a question as _____ why _____ internet _____ connecting to a modem with _____
 Internet is still slow and _____ even _____ into _____?
 _____ is the _____ directly to the Router?
 Why am _____ internet _____ because _____ direct ethernet _____?
 Why are my internet _____ when _____ connection?
 _____ my _____ speed improving _____ though _____ use anEthernet cable _____ connect _____ the _____?
 _____ am _____ speeds when I use _____ direct _____ to _____ modem?
 _____ am _____ not _____ a _____ internet connection _____ to a modem over an Ethernet _____?
 There _____ a _____ why the _____ is _____ and _____ when _____ to an _____ cable.
 _____ am I _____ speeds that _____ slow/interrupted due _____ connection?
 Internet is still slow _____ unreliable _____ when _____ modem/router?
 Does anyone experience an occasional delay _____ their _____ with an _____ cable?
 Why _____ the internet _____ slower _____ directly _____ modem?

_____ the modem via an Ethernet cable, _____ any reason _____ to _____ slow?
 _____ is _____ internet really slow _____ directly to _____ modem/router?
 _____ can _____ inconsistency in _____ when _____ directly _____ a router with Ethernet _____.
 Is _____ possible _____ someone to _____ or _____ internet speeds when they _____ to _____ Ethernet cable?
 _____ is the internet connection _____ or _____ direct _____ to _____ modem?
 _____ a direct Ethernet cable link to the _____ why _____ connection _____?
 I plugged straight _____ modem/router _____ ethernet cable, but the _____!
 Is there _____ reason _____ the intermittent _____ or intermittently _____ internet _____ connecting _____ or routers?
 There is _____ as to _____ internet _____ would _____ slow _____ connecting to _____ modem with _____ cable.
 The internet _____ sluggish even _____ connect _____ modem/router _____ an _____ cable.
 _____ am I _____ seeing a improvement _____ speed, despite using _____?
 _____ inconsistencies in download speeds _____ plugging _____ into _____ router with _____.
 _____ my _____ slow when I use _____ link _____ the modem?
 _____ are my _____ even _____ connect directly _____ a modem _____ an _____ cable?
 _____ I _____ into the _____ anEthernet _____ the internet still _____!
 Why am not seeing a improvement on _____ despite _____ anEthernet _____ to _____?
 _____ was the _____ speed _____ I _____ to _____ modem _____ ethernet cable?
 _____ am _____ having slower internet speeds _____ I _____ direct _____ modem?
 _____ get _____ quicker _____ connection with the use of _____?
 Does anyone _____ experience _____ or _____ in their internet _____ anEthernet cable into their _____?
 Why _____ receiving a faster _____ connection even _____ I connect _____ a _____ an Ethernet _____?
 Why _____ my _____ speeds _____ despite _____ cable _____ connect _____ a modem?
 There _____ on _____ internet _____ using a _____ Ethernet connection.
 Why is _____ that _____ speeds _____ even though _____ to _____ modem?
 There is _____ slowness in _____ when _____ ethernet connection.
 The _____ so slow _____ when I _____ directly _____ modem with _____ cable.
 _____ can _____ slowness in the internet _____ using _____ connection.
 I am _____ connected _____ cable _____ my _____ is _____ slow _____ inconsistent.
 _____ connected directly to _____ Ethernet _____ but the _____ is _____ slow or _____.
 _____ wonder _____ internet is _____ when connecting _____ directly _____ the _____.
 Why am _____ still _____ a improvement on _____ using anEthernet _____ to _____?
 Is _____ for someone to experience intermittent delays _____ instability _____ speed _____ connecting _____ anEthernet _____?
 Why am I not seeing _____ web speed _____ anEthernet cable _____ to _____ modem?
 The internet seems _____ having slow _____ when _____ a _____ or router despite _____ of the _____.
 _____ am _____ having internet _____ is slow because _____ ethernet _____?
 _____ into _____ modem/router _____ Ethernet _____ but _____ internet still sucks!
 Is _____ reason _____ internet _____ slow when _____ use an _____ cable into _____ modem?
 Is it possible _____ a _____ experience delays or instability in _____ internet _____ with _____ Ethernet _____?
 _____ have _____ that _____ due to _____ connections to the _____ androuter.
 Despite using _____ internet _____ still slow.
 _____ am _____ slower _____ the _____ ethernet connections to the _____ androuter?
 Is _____ for the inconsistent _____ sluggish _____ with direct _____?
 _____ a _____ and inconsistent _____ a direct ethernet connection?
 Why _____ internet seem _____ be having _____ into _____ modem or router?
 _____ there _____ reason _____ the _____ speed _____ connecting _____ to my modem?
 _____ intermittent _____ in the internet when using _____.
 There is a _____ as to _____ internet performance _____ consistently _____ to _____ cable
 _____ am _____ being _____ because _____ ethernet connection _____ a modem?
 _____ the _____ when it is being _____ directly to _____ or router?
 _____ is _____ sluggish and _____ plugged straight _____ a modem/router?

After ____ connected to ____ modem ____ ethernet ____ speed was patchy.

How ____ internet speeds are patchy ____ connecting directly ____?

The ____ seems to be having ____ problems ____ plugged ____ router ____ the ____ that it has the ____.

____ internet connections slower because of the ____?

Why ____ I having the internet ____ the ____ ethernet ____?

____ a faster internet despite using an Ethernet ____?

____ does ____ still seem ____ connecting via Ethernet ____?

____ speeds ____ despite ____ a modem using an ____ cable.

There ____ there ____ be a ____ performance when connecting to a modem with ____ cable.

____ internet ____ when you ____ via Ethernet cable ____?

____ question as to ____ would be slow ____ even ____ connected ____ a modem ____ Ethernet ____

____ am the ____ slow due ____ direct ethernet ____?

____ not ____ improvement on ____ speed despite ____ an Ethernet cable?

____ am ____ having ____ speeds when ____ use my direct ____ a ____?

Why ____ slow internet speeds ____ use my direct ____ modem?

____ when it is connected directly ____ the modem?

Why ____ it that I ____ getting a ____ internet ____ with ____ of ____ cable?

I am ____ internet ____ are slow when ____ my ____ to ____ modem ____

____ a reason for the slower ____ speed when connecting through ____?

____ don't I receive ____ internet ____ when ____ connect to ____ modem ____ over ____ cable?

I ____ internet ____ using an Ethernet cable.

____ am ____ internet connection ____ the direct ____ connections?

____ appear ____ connected through an ethernet cable?

I wonder why ____ when ____ cable directly ____ the ____

Why ____ not seeing a ____ on ____ web ____ cable?

Is there a ____ for the ____ to ____ intermittent ____ slow when connecting ____ via ____ cable?

Why ____ I ____ improvement ____ my web ____ an Ethernet cable?

____ connect directly to ____ an ____ cable and the ____ slow.

Why ____ not ____ a better internet ____ despite ____ cable?

I ____ know why ____ slow or ____ while I'm connected ____ modem/router.

____ there ____ reason ____ the intermittent ____ slow internet performance when ____ to ____ modem ____ Ethernet ____?

____ internet ____ when ____ connection to a modem.

Why ____ my web ____ the modem/router using an Ethernet ____?

Why ____ the internet ____ because of ____ to the modem?

____ am I ____ receiving a ____ after I ____ modem directly over an ____ cable?

Why am I not ____ web speed ____ connecting to a ____ cable?

____ there a ____ internet ____ when connected to ____ modem via ____ Ethernet ____?

____ is ____ question ____ to why the ____ performance is ____ occasional when ____ to an ____.

Is ____ a reason for the ____ internet ____?

Why ____ internet connections still slow ____ modem?

Why am ____ seeing ____ on my internet speed ____ using ____ cable ____ connect ____ modem?

Why ____ my internet ____ fast ____ to ____ modem via ____ ethernet ____?

Why does the internet ____ slow ____ it is ____ the ____?

____ am I not receiving a ____ even though ____ connect to ____ modem ____ cable?

Is ____ a ____ intermittent ____ performance even when connecting to the ____ via ____ Ethernet ____?

____ it possible for ____ to experience ____ or ____ internet ____ connecting with an Ethernet ____?

____ I not ____ my ____ speed despite using an Ethernet cable?

____ is ____ in the ____ when ____ use a direct ____.

Why ____ a faster internet connection with ____ of ____?

____ the intermittently ____ or ____ poor internet performance ____ connecting to ____ modem or routers?

Why _____ my internet speed patchy _____ directly to _____?

_____ am my _____ slow when I use _____ direct _____ modem?

_____ is _____ as to why the internet performance _____ and sporadic when _____ an _____.

_____ I receiving _____ with _____ use of an Ethernet cable?

_____ I not getting _____ internet connection even _____ connected _____ directly over an ethernet _____?

Is _____ a _____ the _____ and _____ when I connect directly into _____?

_____ is _____ cause of slow _____ intermittent internet _____ despite _____ cable _____ the _____?

_____ slower _____ of _____ direct Ethernet connection?

_____ having slower internet _____ to the direct Ethernet _____ the _____?

_____ is internet _____ despite using an Ethernet _____?

_____ am _____ slow internet _____ because of _____ Ethernet connection?

I wonder why _____ internet _____ when _____.

Why is _____ internet speeds slow when _____ my direct _____?

Why is there _____ despite _____ direct _____ link _____ the modem/router?

Why do _____ though _____ connect directly _____ a modem/router?

_____ I not _____ internet _____ even though I connect to a _____ an _____ cable?

_____ I not seeing a significant _____ my _____ speed _____ using _____ to connect to _____?

Is _____ a _____ intermittent _____ internet performance when connecting to _____ modem via an _____?

Is _____ an _____ to the _____ causing _____ issues?

_____ internet connections slow _____ use _____ direct link to a _____?
