

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Renewable energy options availability
Inquiry Sub-Category	Renewable Energy Plans
Description	Customers inquire about the availability of specific renewable energy plans offered by Electricity Suppliers, such as solar, wind, or hydroelectric power options, to reduce their carbon footprint and support clean energy initiatives.
Data Size	8,137 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Can you _____ on _____ proportion of electricity _____ hydroelectric sources _____ each renewable energy _____?

Do _____ want _____ the contribution that solar, _____ hydroelectric energy _____ make to _____?

_____ you _____ me _____ comes _____ solar, wind, _____ hydropower in each _____?

_____ it possible to ask _____ contribution made _____ solar, _____ and _____ sources in _____ each _____?

When _____ a renewable energy plan, _____ is the breakdown _____ sources?

Is _____ ask _____ made by solar, wind, and hydroelectric _____ in relation _____ renewable plan?

_____ about _____ of solar, wind, _____ in your renewable _____?

_____ of solar, _____ or hydro _____ comes with _____?

Is _____ possible to _____ details _____ the _____ of solar, _____ in a _____?

Is it possible _____ a percentage _____ from _____ wind, or _____ sources _____ each _____ option?

I _____ know _____ about _____ proportions of _____ electricity derived from _____ wind, _____ generation methods.

_____ you _____ me _____ much juice _____ from _____ and water _____ your renewable _____?

What proportion of _____ from solar, _____ hydroelectric _____ each _____ energy _____ option?

_____ you know _____ split _____ between _____ solar power, and _____?

_____ how much _____ comes _____ solar, wind, or hydropower.

Is it _____ provide information on the ratio _____ by solar/wind/ hydro _____?

Please _____ how much electricity _____ from solar, _____ sources.

_____ know which renewable _____ split between _____ hydropower?

_____ the percentage of _____ from renewable _____ solar, _____ or _____.

_____ contributions _____ to solar _____ wind/ _____ a renewable plan?

How _____ from _____ wind or hydro sources _____ your _____?

_____ of renewable electricity _____ hydro generation methods _____ you give?

Please tell _____ how _____ from solar, _____ and _____.

_____ percentage _____ comes _____ solar, wind, _____ hydroelectric?

_____ are the _____ percentages for _____ wind, _____?

_____ share of electricity sourced from solar, wind, _____ be _____.

Can _____ me the _____ renewable electricity generated from solar, _____ hydro _____?

_____ percentage of renewable _____ is _____ from _____ and _____ methods?

_____ specific _____ of electric power _____ solar panels, _____ winds or flowing water, _____ energy scheme choice?

Tell me about _____ of electricity _____ solar, _____ sources.

How _____ electricity _____ or hydro?

How _____ generated _____ sun, _____ water in these _____ plans?

_____ there a breakdown _____ wind, and _____ power in each _____?

Can you _____ me how _____ wind, _____ each plan _____?

How much electricity _____ solar, _____?

How _____ renewable _____ is _____ solar, _____ and _____ under your plans?

Do _____ much _____ get _____ wind, and water in _____ plans?

The contribution made _____ hydroelectric _____ sources _____ relation to _____ renewable plan _____.

_____ you _____ how much electricity you _____ sun, _____ and _____ plans?

Can you tell _____ much of _____ is from _____ or _____?

_____ is the _____ that comes from solar, wind, _____?

I would _____ know _____ contribution made _____ wind, _____ hydroelectric _____ sources _____ relation to _____ renewable _____.

_____ is the _____ of power _____ by _____ wind, _____ in _____ plan?

How _____ is _____ from solar, wind, _____ your renewable _____?

_____ much renewable _____ comes _____ solar, wind, _____ your plans

_____ of electricity is derived from _____ each renewable _____?

_____ tell me about _____ ratio of solar, wind, _____ renewable _____?

_____ much _____ is supplied _____ solar, wind, _____ sources?

_____ me how much _____ comes from _____ solar, wind _____.

_____ the percentages _____ solar, wind or _____?

Do you _____ much _____ you get _____ wind, sun _____ plans?

Is there any _____ to _____ you _____ solar, wind, or hydroelectric _____?

What _____ portion _____ solar, _____ or _____ sources that is included in _____?

How _____ solar, wind, _____ hydro _____ every renewable _____ plan?

Please _____ and hydroelectric _____ for each _____.

_____ solar, _____ and _____ mix for _____ green power _____.

_____ is derived _____ alternatives such _____ and hydro?

_____ are _____ contributions _____ hydropower to _____ renewable plan?

Do you _____ you can get from _____ wind, _____ water _____ plans?

_____ renewable energy _____ generation _____ solar, wind, or hydro _____?

_____ about the _____ wind, or hydro _____?

_____ much _____ is generated from solar, _____ hydropower _____ each _____?

_____ curious if _____ renewable _____ me _____ much juice comes _____ sun, _____ water?

How _____ of it _____ derived _____ solar/wind/ _____?

Share _____ solar, wind, _____ hydroelectric mix _____ green _____.

Can you _____ me _____ the proportion of electricity _____ or _____ plan?

I want _____ how much power _____ from renewable _____ wind, _____ hydropower.

How much _____ solar, wind, _____ hydro _____ your renewable energy _____?

How much power _____ solar, wind, _____ hydroelectric _____ plan?

_____ possible to find the _____ solar, _____ power _____ each option?

_____ the _____ of _____ from _____ wind and _____ sources.

How much hydro, _____ solar _____ is in _____?

_____ a percentage distribution of _____ from solar, wind _____ each _____?

What _____ split _____ solar power, wind power, _____?

Can _____ how much _____ comes _____ wind, or _____ sources?

What amount _____ solar, wind _____ electricity _____ plan _____?

_____ more _____ of renewable electricity _____ from solar, wind, and hydro _____?

Tell me how much _____ derive _____ renewable sources _____ hydropower.

Tell ____ how ____ electricity comes ____ such as ____ wind or ____.

Do you ____ any ____ use ____ wind, ____ a renewable energy plan?

____ you ____ me ____ much power ____ generated ____ wind, ____ hydroelectric?

____ renewable energy comes ____ solar, ____ and hydro under ____?

Will ____ us ____ proportion of ____ from ____ wind, or hydroelectric ____?

Do ____ know ____ proportions ____ renewable ____ solar, ____ hydro generation ____ for each plan?

____ share ____ wind ____ hydroelectric ____ green power package.

____ percentage of electricity comes from ____ each energy plan?

____ is supplied ____ or hydroelectric sources in ____ plan?

____ percentage ____ from ____ Hydro ____ among your options?

What ____ the ratio of ____ or ____ to ____ renewable ____?

Can ____ know the proportions of renewable ____ derived ____ solar, wind, ____ generation ____ for ____?

Can you ____ the ____ made ____ solar, ____ and hydroelectric ____ in relation to ____ plan?

How ____ power ____ solar, wind, ____ sources in the ____?

I want to ____ much ____ is ____ wind, and hydroelectric ____ plan.

To ____ about the contribution ____ by ____ and hydroelectric ____ relation ____ renewable plan?

____ regards ____ renewable energy ____ what ____ specific ____ electric power procured ____ solar panels, fueled by ____ flowing water

Can ____ a breakdown ____ how much ____ is ____ solar ____ hydro?

____ how ____ comes ____ solar, wind, or hydropower.

____ you have any information ____ much ____ generated ____ solar, wind, ____?

____ me how much electricity is ____ renewable sources like ____.

____ of power is generated ____ solar, ____ sources?

____ you ____ if ____ renewable ____ how ____ juice is ____ sun, wind ____ water?

How ____ is ____ by ____ wind, and hydro in ____?

____ me how much electricity ____ solar, ____ or hydropower.

Is ____ possible to tell ____ the ____ supplied ____ solar/wind/ hydro ____ each ____ renewable ____?

____ from ____ hydro alternatives among your renewable options?

____ it ____ the proportion ____ from solar, ____ hydroelectric ____ each renewable energy plan option?

____ the ____ of electricity from solar, wind, ____ hydroelectric ____ in ____?

____ need ____ the ____ from solar, wind ____ hydro sources.

____ energy ____ from solar, wind or hydro ____ option?

Can ____ amount ____ power ____ by ____ solar, and hydroelectric ____ each plan?

What is the ____ distribution ____ electric power produced from ____ by winds or ____ water, ____ choice?

Is there ____ information ____ the ____ electricity from wind, ____ hydro ____ plans?

Is ____ information ____ the usage of solar, ____ renewable energy plan?

Is there anything you can tell me ____ the ____ of ____ renewable ____ plan?

____ you know ____ is ____ from solar, ____ and hydro ____?

What percentage ____ from ____ and ____ alternatives?

____ there ____ find ____ what chunk solar/wind/hydro ____ in each ____?

I would like ____ know how ____ juice is ____ water in ____.

____ much ____ are generated by solar, ____?

____ percentage of electricity ____ solar, wind, or ____ in ____ renewable ____?

I want to ____ comes from ____ wind or hydro in ____.

____ of ____ or hydroelectric power in ____ plan?

How much renewable electricity ____ solar, ____ and ____ for ____ plan?

Information ____ the ____ electricity from solar, ____ hydro should ____.

____ us ____ the ____ solar, ____ and ____ in each plan.

____ you ____ about the proportion of ____ that ____ or hydro?

____ much ____ comes ____ wind, ____ and ____ in each proposal?

_____ electricity _____ from solar, wind, _____ hydroelectric _____ in _____ renewable _____ plan?

Do you know how _____ comes _____ or _____?

Is there _____ on the _____ wind power, _____ hydropower?

Which percentage of _____ comes _____ hydroelectric sources?

When it _____ electricity from _____ wind _____ proportion for each renewable energy _____?

Can you tell me about the _____ electricity _____ solar _____ hydro in _____ plans?

How much of _____ energy comes _____ or _____?

What _____ of solar, wind, _____ power _____ each _____ energy plan?

_____ you _____ details _____ how much electricity _____ from solar, _____ hydro?

I _____ the percentage _____ electricity derived from _____ and hydro energy.

I'd _____ much _____ from solar, wind or hydropower _____ plans.

What _____ solar, _____ hydroelectric electricity do _____ plans _____?

Can I _____ an overview of _____ from solar, wind, and _____?

_____ about the _____ made _____ solar, wind, and _____ sources _____ relation _____ the _____ plan?

Is _____ tell _____ electricity _____ solar/ wind/ hydro resources for each plan?

Information _____ the _____ of electricity _____ from wind, solar _____ hydro _____.

Let _____ know _____ electricity from _____ wind and hydro _____.

Is _____ a ratio of _____ supplied by _____ resources for _____?

Please specify _____ proportion of electricity _____ wind, _____.

Is there _____ about the _____ of _____ wind, _____ in _____ option?

Can you tell me _____ comes _____ and _____ your plans?

Can you tell _____ the _____ of _____ from _____ in _____ energy plan?

I _____ know _____ much power _____ solar, _____ or _____ in _____ different plans.

_____ it _____ that your renewable _____ much _____ from sun, wind and water?

_____ request _____ details about _____ contribution made by _____ and hydroelectric energy _____?

_____ comes from solar, wind, _____ hydro _____ plan?

_____ of renewable _____ solar, _____ and hydro generation methods?

_____ the _____ generated by each proposal _____ come _____ panels, wind _____ or hydro _____ plants?

How much _____ wind, _____ hydroelectric power is _____?

_____ much energy comes _____ the _____ hydro sources?

_____ much solar, wind, and hydroelectric electricity _____?

_____ the percentage _____ electricity coming from _____ wind _____ in each energy _____?

Is _____ provide information _____ of _____ supplied by solar/wind/hydro _____ each renewable plan?

_____ you _____ me the solar, _____ percentages?

_____ me _____ ratio of solar, wind, and _____ each _____.

Do _____ know _____ split _____ solar power, wind power and _____?

Is it possible to _____ me _____ the _____ of electricity coming _____?

_____ each _____ give _____ the _____ of electricity _____ from _____ or hydro.

How _____ wind or _____ in your renewable plans?

_____ tell me the _____ of electricity from _____ hydro _____ my _____?

_____ you tell _____ the breakdown _____ solar, _____ and _____?

_____ of _____ solar, _____ hydropower in the different plans?

_____ about the _____ solar, wind, and hydroelectric power?

Do _____ know the _____ between _____ and hydropower?

_____ detail how _____ comes from solar, _____ hydropower.

Can _____ tell _____ solar, wind, or hydro?

_____ have information _____ power _____ from wind and solar?

_____ from solar, wind, or _____ alternatives?

What is the breakdown _____ electricity _____ wind, _____?

_____ any information on the solar, _____ or hydro _____ in _____?

_____ would like to _____ that comes _____ solar or hydro in the plans _____.
 _____ is _____ distribution _____ power _____ panels, _____ by wind or _____ in each renewable energy scheme _____?
 Do _____ have any _____ about _____ proportion _____ electricity _____ from wind, _____?
 How much renewable _____ does _____ take from solar, _____?
 Can you _____ me about _____ split _____ solar _____ and _____?
 _____ you _____ percentage _____ electricity coming _____ solar, wind, or hydroelectric _____?
 Tell me how _____ electricity _____ solar, wind _____.
 _____ you have _____ information _____ the split between _____ power _____ hydropower?
 How _____ wind, _____ or _____ power _____ a plan?
 _____ is _____ from _____ as wind, solar, and hydro?
 _____ to _____ me _____ proportion of electricity that _____ from _____ solar or hydro in _____?
 We would like to _____ percentage of _____ solar, wind, _____.
 _____ percentage is _____ from wind _____ among _____ renewable options?
 What _____ the breakdown _____ how _____ renewable energy comes _____ solar, _____?
 How much _____ will be in the _____?
 Information about the _____ of electricity derived _____ solar, _____ should _____.
 Can you _____ the _____ solar, _____ or _____ in a _____?
 Can you _____ me _____ of _____ solar, _____ and hydro in my energy _____?
 _____ you _____ breakdown of _____ and _____ power in the _____?
 What information _____ you _____ about how _____ power _____ generated _____ hydroelectric?
 _____ percentage of _____ is derived _____ solar/wind/Hydropower _____ renewable plan _____?
 I _____ to _____ about the portion of _____ wind, _____ plans.
 Is _____ possible _____ give details _____ proportion of electricity from _____ or _____?
 _____ curious _____ from solar, wind or _____ in _____ plan?
 _____ of electricity _____ or hydroelectric sources is _____ in each renewable _____ plan _____?
 Do you have _____ breakdown of _____ much _____ is derived _____?
 _____ is the _____ solar, wind, _____ hydro _____ in _____ renewable _____?
 What information _____ you have _____ portion of _____ wind, _____?
 _____ details about the proportion _____ solar, _____ and hydro _____.
 _____ is coming from sun, _____ and water _____ your _____?
 _____ percentage of electricity comes _____ hydro _____ every plan?
 How _____ comes from _____ or _____ should _____ given.
 Do _____ know _____ much electricity _____ wind or hydropower in _____?
 What proportion _____ electricity comes from wind, _____ in _____?
 I _____ plans show how much juice _____ sun, _____ and water.
 _____ much electricity _____ or hydropower in _____ plans?
 _____ to _____ information about the _____ electricity that _____ from _____ solar, _____ hydro?
 Is the _____ distribution _____ electricity _____ solar, _____ hydro in _____?
 What percentage _____ electricity _____ solar, _____ or hydroelectric _____?
 Do you _____ information _____ how _____ power _____ wind and _____?
 Can you _____ me _____ of electricity that _____ from solar, _____ each _____?
 _____ for _____ made by _____ and _____ sources in _____ to each _____ plan?
 Do you have any information on _____ wind, _____ hydroelectric _____?
 If _____ plans tell _____ how _____ comes _____ sun, wind, _____ water?
 _____ solar, wind, or hydroelectric electricity _____ plan _____?
 Do you _____ much _____ comes _____ wind, and _____?
 I'm _____ percentage distribution of electricity coming from _____ hydro.
 Is it _____ to _____ about the _____ made _____ solar, _____ energy _____ in _____ to each renewable _____?
 Can you _____ of electricity _____ from _____ hydropower in _____ option?
 _____ you _____ me _____ percentage _____ electricity from solar, _____ hydro _____ a _____?

____ is the percentage of electricity ____ solar, ____ sources ____ plan?
 ____ you ____ of ____ electricity derived ____ solar, wind, ____ hydro ____ methods?
 ____ you tell me ____ between solar, wind, ____?
 Can ____ clarify the percentages ____ and ____?
 ____ energy comes ____ solar, wind or ____ sources?
 Is it ____ to ____ information ____ usage of solar, wind, or ____ each ____?
 Can you let ____ know ____ and hydroelectric power?
 What percentage ____ electricity comes from ____ wind, or ____?
 ____ tell ____ how ____ the electricity ____ from ____ panels, wind turbines or hydro power ____?
 ____ I ____ an overview of ____ percentage share ____ from solar, ____ and ____?
 What ____ the ____ hydroelectricity to ____ renewable plan?
 ____ is ____ breakdown ____ solar, ____ hydroelectric power in ____ plan?
 ____ is the ____ power derived from ____ panels, fueled by ____ in each renewable energy ____ choice?
 Is ____ information ____ the ____ of ____ wind, ____ in each option?
 How much energy ____ from solar, wind ____ sources ____?
 ____ you tell ____ the ____ electricity ____ comes from ____ solar or hydro ____ plans?
 ____ you give ____ details about the use ____ in our ____ plan?
 ____ you tell me ____ of ____ coming from ____ or ____ in ____ plan?
 ____ the ____ of ____ wind, ____ hydroelectric power ____ each plan?
 ____ you know about ____ power, solar power and ____?
 In regards to ____ choice, ____ is the specific ____ power ____ from solar panels, ____ by winds or ____
 ____ curious about the ____ of ____ comes ____ or hydro.
 Should ____ much power comes from ____ wind, ____ hydro ____?
 ____ solar, ____ and hydroelectric ____ the green power ____
 How about ____ the breakdown ____ solar, ____ power?
 ____ much ____ energy ____ from ____ wind, ____ hydro?
 ____ green power package, ____ solar, wind, ____ hydro.
 Can I get ____ overview of ____ share ____ from ____ hydro energies ____ plan option?
 Is ____ share details ____ percentage of electricity derived ____ solar/wind/hydropower ____ plan ____?
 Can you ____ information about the proportions of ____ from ____ hydro generation methods?
 Could ____ tell me the ____ from wind, ____ or hydro in ____?
 ____ can ____ how ____ power ____ generated by ____ wind, ____ hydroelectric.
 ____ would like ____ power comes from ____ sources, such ____ solar, ____ hydropower.
 ____ the percentage of ____ that comes ____ solar, ____ or ____?
 ____ you ____ me the percentage ____ from solar, ____ or hydro?
 Can you give ____ details ____ the ____ of ____ from ____ or ____?
 ____ information ____ the use of solar, wind, or ____ the ____?
 ____ will be ____ solar, wind, and hydroelectric in ____?
 ____ percentage distribution ____ from solar, wind ____ in each ____ plan?
 ____ you ____ me about ____ of electricity ____ solar, wind, ____ hydroelectric ____?
 ____ much ____ you ____ from sun, wind, and ____ an ____ plan?
 How much ____ does each plan have?
 ____ me ____ ratio ____ wind, solar ____ hydroelectricity ____ each renewable ____.
 ____ much ____ comes from ____ or hydro ____ plan?
 Is there a ____ of wind, solar, ____ in ____?
 What percentage is derived ____ alternatives ____ renewable options?
 ____ it possible ____ tell ____ proportion ____ wind, solar ____ hydro in the ____?
 I ____ about the ____ of ____ solar, wind or ____ each ____.
 What ____ of ____ or ____ in each renewable option?
 ____ percentage ____ electricity from solar, ____ or hydroelectric ____ in each ____?

_____ of electricity come _____ solar, wind, or _____ sources in _____ plan _____?

_____ you have _____ information about the amount _____ electricity that _____ from _____ solar _____ plans?

_____ how much _____ you _____ wind and water in _____ eco plans?

_____ you _____ any _____ on the _____ hydropower, _____ and solar power?

I want to know how much _____ solar, _____ or _____ energy _____.

Can you tell _____ how _____ comes _____ or hydro?

_____ is the contribution _____ vs wind/ _____ in the _____?

Can you tell _____ about _____ proportion _____ from _____ solar or _____ in all _____ plans?

_____ electricity _____ from solar, _____ or hydropower in each option.

_____ there a way _____ tell _____ the _____ of _____ supplied by _____?

_____ need _____ know _____ from solar, wind, and hydropower.

_____ percentage distribution _____ electricity coming from solar, wind or hydro?

_____ to _____ out _____ chunk _____ has in each option?

Are _____ of electricity coming _____ solar, _____ hydro in _____ energy _____?

How much power comes _____ solar, _____ hydro _____ each _____?

Can you _____ more about _____ electricity produced from _____ and hydro generation _____?

_____ much electricity _____ from _____ and hydro _____?

Is _____ any information _____ split between _____ wind _____ hydropower?

What _____ electricity comes _____ sources _____ wind or hydropower?

How much wind, _____ and hydroelectric _____ have?

_____ you let us know _____ electricity derived from _____ each _____?

How _____ solar, _____ and _____ in the plan?

Were you able to _____ breakdown _____ and hydroelectric _____?

How much of _____ energy _____ hydro sources?

How _____ power _____ generated by _____ in each plan?

_____ have _____ information about _____ of _____ from _____ wind, _____ hydro in your energy _____?

_____ proportion of _____ produced _____ wind, _____ hydroelectric sources?

_____ are _____ contributions of _____ energy _____ wind to the _____?

Can _____ details about the _____ solar, _____ and _____ my renewable energy _____?

What _____ solar, wind, _____ hydroelectric _____ each _____ have?

Do _____ want _____ know the _____ made by _____ and _____ in relation to _____ renewable _____?

I want to _____ percentage of electricity _____ solar, _____ or _____ my _____.

I _____ know _____ wind, solar or hydropower in the different _____.

Can _____ much power is generated _____ in each plan?

Could you tell _____ of electricity supplied _____ renewable plan?

_____ us information about _____ much power _____ by _____ and hydroelectric?

Can _____ explain _____ much _____ comes _____ solar, wind, or _____?

_____ you _____ breakdown of how much electricity _____ generated _____ and _____?

_____ it _____ to _____ overview _____ the percentage _____ of electricity derived _____ solar, _____ hydro.

How _____ will come _____ and _____ sources in your plans?

How much _____ or _____ power _____ in _____ plan?

_____ me the _____ from solar, wind, _____ sources.

_____ solar, wind, or _____ is in each _____?

Is it possible _____ provide _____ on the _____ from solar/wind/hydropower _____ each _____?

Is _____ possible _____ the _____ electricity derived from solar/wind/Hydropower within each _____?

Do you know _____ of solar, _____ hydro power in _____?

How _____ the electricity _____ supplied _____ solar, _____ or _____ sources?

_____ give _____ information _____ the proportion of _____ that comes _____ solar and hydro?

_____ way to share _____ electricity derived _____ hydropower within each _____ plan option?

_____ you share _____ breakdown of solar, _____ hydroelectric _____?

How ____ electricity would ____ generated ____ or hydro power plants?

What ____ wind, or hydro ____ is ____ each renewable ____?

How much renewable energy ____ and hydro ____ your ____?

How ____ electricity ____ you ____ from ____ water in ____ plans?

____ much electricity comes from solar, ____ or ____?

What ____ the contributions ____ wind and solar ____ plan?

____ much ____ is derived from ____ wind or ____?

____ give each ____ package ____ solar, wind, and ____.

Should ____ the ____ wind, and hydroelectric power ____ each ____ plan?

____ you ____ me the ____ electricity from solar, wind ____ hydro ____?

Please specify ____ of ____ wind and ____ sources.

Is ____ an overview ____ the percentage ____ of ____ derived ____ hydro energies?

Wondering about the ____ made by solar, ____ relation ____ renewable plan?

____ you give ____ some ____ how much ____ is ____ by solar, ____ hydroelectric?

____ you tell ____ the ratio of ____ supplied ____ solar, wind, ____ for ____?

Is ____ possible to ____ breakdown between ____ hydroelectric power.

____ the amount of ____ solar, wind, and hydro ____.

____ of power is produced ____ solar, ____ hydroelectric ____?

Is there ____ of the ____ of ____ that ____ solar, wind, ____ hydro?

Is there a ____ solar/wind/Hydro ____?

What is ____ proportion of electricity ____ or hydroelectric ____ each renewable ____?

In regards to ____ renewable ____ choice, ____ specific distribution ____ generated from ____ panels, wind or ____?

Can ____ me the ratio of solar, ____?

I want ____ if the ____ tell me how much ____ is from ____.

____ me the percentage ____ from solar, wind or hydro ____ my ____?

____ you tell me the proportions ____ renewable electricity ____ wind, ____ generation ____?

Is ____ to give details ____ of ____ wind or ____ renewable energy plan?

____ possible ____ me ____ much ____ comes from ____ wind, or hydro?

Do ____ want ____ how solar, wind, ____ hydroelectric ____ sources ____ the ____ plan?

What ____ the ____ of ____ or hydro for every ____?

____ percentages are used ____ solar, ____ power?

I want ____ power comes ____ sources ____ solar, wind ____ hydropower.

What ____ of ____ comes ____ wind, ____ in ____ energy plan?

How ____ of ____ generated in ____ would come from ____ panels, wind ____ or hydro ____?

Can ____ me the ____ of electricity ____ solar, wind ____ hydro in ____?

____ would ____ know ____ ratio of ____ supplied by solar/wind/Hydro ____ available plan.

____ you ____ how ____ juice ____ derived from ____ and ____ in your renewable ____?

Can you ____ us how much ____ from ____ or ____?

Is ____ ratio ____ solar, ____ or ____?

____ specify ____ ratio ____ wind, or ____ in each ____.

Is it ____ to ____ the ratio ____ electricity ____ solar/wind/hydro ____ each available ____?

____ a ____ to find out the ratio ____ supplied ____ for ____ plan?

What ____ from solar, ____ or hydroelectric ____ are included ____ energy ____ option?

____ us how ____ electricity ____ solar, wind and ____.

Share your ____ wind, and ____ package.

____ of solar, wind, ____ in the plan.

Can you ____ of ____ wind and ____ power in ____ plan?

____ much electricity comes ____ or hydropower should ____.

Let ____ much electricity comes from ____ solar, wind, ____ hydropower.

____ any ____ ratio of solar, wind, ____ hydro power?

I ____ to ____ how ____ electricity ____ from ____ in the different plans.

What percentage of ____ from ____ hydroelectric sources ____ renewable energy plan ____?

____ is the contribution ____ by solar, ____ energy sources ____ relation to ____?

How would you ____ the usage of ____ wind, ____ hydroelectricity ____?

____ get an ____ of ____ share ____ electricity ____ from ____ wind, ____ energies per renewable plan option?

What ____ breakdown of wind, ____ and hydroelectric ____ in ____?

Do you ____ solar, wind, or ____ power?

____ of each ____ electricity ____ from ____ wind, or hydroelectric sources?

I would ____ to ____ details about the usage of ____ hydroelectricity ____ a ____.

I ____ like ____ much ____ from ____ wind, ____ in the different plans.

____ you ____ a ____ how ____ is ____ by ____ wind, and hydroelectric?

____ like to ____ the ____ of solar, ____ hydro ____ in each ____.

Can you give ____ of how ____ is derived ____ hydro?

____ want ____ much ____ is ____ solar, wind, and hydroelectric?

How much ____ supplied ____ solar, wind ____ hydro ____?

The percentages of ____ hydroelectric power ____ plan.

____ is the ____ of electricity ____ solar, wind or ____ plan?

What percentage of ____ solar, ____ or ____ in ____ plan?

____ you give ____ details ____ usage of solar, ____ or hydroelectricity ____?

Could ____ tell me ____ supplied by ____ resources ____ each plan?

____ how much ____ comes from different ____ solar, wind, or hydropower.

Please ____ percentage ____ that comes from ____ wind, and ____ sources.

____ you have ____ split between ____ power, wind ____ hydropower?

____ tell ____ the ____ from wind, solar and hydro ____.

What is ____ contribution ____ every available ____ plan?

Do ____ split ____ solar power, ____ power and hydropower?

____ it possible ____ show the ____ from solar/wind/ ____ renewable plan option?

What is the breakdown of ____ hydro ____ green ____ option?

____ curious ____ the percentage of ____ from solar, ____ or hydro.

Please ____ of electricity from ____ solar and ____.

____ you tell us ____ between wind, ____ hydroelectric ____?

How much electricity ____ created from ____?

____ derived from solar, wind, and hydro ____?

I want to know ____ much ____ and ____ in ____ renewable plans.

____ ratio of ____ wind, ____ hydroelectricity?

Do you ____ about the ____ by solar, wind, and hydroelectric ____ sources in ____?

Were ____ able ____ much power comes ____ solar, ____ or hydro ____?

____ regards to each ____ energy scheme ____ is the specific ____ power ____ from ____ fueled by ____ or flowing ____

____ know the percentage share of ____ derived ____ and hydro ____ plan option.

I ____ ratio ____ electricity supplied by ____ resources for ____ available ____ plan.

____ it possible ____ tell ____ how much ____ is ____ solar, ____ and ____?

____ much ____ comes ____ wind or ____ in ____ different ____?

____ have a ____ much electricity comes ____ solar, ____ or hydropower ____ different ____.

Please ____ the proportion ____ coming from solar, ____ hydro ____.

Is there any information ____ of electricity derived from ____ option?

What ____ breakdown of solar, ____ hydroelectric ____ in ____ energy ____?

How much ____ do ____ get ____ sun, ____ and water ____?

____ much wind, ____ or ____ power ____ each choice?

____ you know the proportion ____ electricity ____ wind, ____ or hydro in ____?

Which ____ options distribute their ____ solar, wind, or ____?

How ____ electricity comes ____ wind, ____ ____?

How ____ solar, ____ ____ hydro power ____ ____?

____ tell us the ____ ____ coming from ____ ____ and hydro ____.

How ____ ____ energy ____ from ____ ____ and hydro?

How much ____ ____ you ____ from the sun, ____ and ____ in ____ ____?

I would ____ to ____ ____ power is ____ ____ wind, and ____ ____ the plan.

Information about the ____ of electricity sourced ____ ____ ____ in ____ option.

____ information is ____ about the ____ ____ wind, and hydro ____?

Do you know the ratio ____ solar, ____ ____ ____ option?

____ tell us ____ about the ____ ____ solar, wind, or ____ ____ plan?

Do you ____ how much ____ ____ wind or hydro ____ in ____ ____?

What is the ____ of ____ ____ energy ____ ____ wind, or hydro ____?

I'd like ____ ____ ratio of ____ ____ solar/wind/ hydro ____ for each ____.

How much ____ do you get ____ sun, ____ ____ in an ____ ____?

I am curious about ____ ____ comes ____ solar, ____ ____ hydropower ____ different ____.

Please ____ me ____ ratio ____ solar, ____ ____ hydroelectricity in each ____ ____.

____ is the amount ____ ____ comes from solar, ____ ____ hydropower in the ____ ____?

Do your renewable ____ ____ juice ____ from ____ ____ and water?

____ want ____ know how ____ electricity ____ ____ or hydropower ____ the different plans.

____ you ____ much power comes ____ ____ like ____ wind, or ____?

I ____ ____ know ____ ratio of electricity supplied by solar/wind/ ____ for ____ ____ ____.

Is ____ ____ to give ____ ____ proportion of electricity from ____ solar or ____ ____ the ____?

____ is ____ breakdown ____ electricity that comes ____ ____ wind, ____ hydro ____?

____ any ____ on ____ ratio ____ solar, wind, ____ ____ in each option?

____ for information ____ ____ made by ____ ____ and ____ energy sources ____ relation to the ____ plan?

Please describe ____ proportion of ____ ____ solar, wind, and ____ ____.

____ you have ____ details on ____ ____ power ____ generated ____ ____ wind, and ____?

Can you ____ me ____ proportion ____ electricity ____ ____ wind, or hydro ____ my ____?

How ____ electricity ____ ____ solar, ____ or hydro ____ in ____ renewable ____ ____ option?

How much ____ ____ solar, ____ or ____?

Can ____ ____ about the breakdown ____ ____ and hydroelectric power?

____ ____ electricity do we ____ ____ solar, wind ____ hydro?

____ ____ on ____ use of solar, wind, or ____ in ____ renewable energy ____?

Please state ____ ratio ____ ____ and hydroelectricity ____ each renewable ____.

I want to know if your renewable ____ ____ me ____ much ____ ____ wind, ____ ____.

____ much electricity ____ ____ or hydro choices?

____ there ____ ____ see the percentage ____ of electricity ____ from ____ ____ hydro energy?

____ the ____ electricity ____ get from sun, ____ and ____ in these ____?

____ wish to know ____ much ____ from ____ wind, or ____ in ____ different ____.

____ need ____ ____ electricity comes ____ solar, wind, or hydropower.

____ ____ comes from solar, wind, ____ hydroelectric power?

____ let ____ the percentage ____ coming from solar, ____ ____ hydro sources.

____ any ____ ____ usage ____ solar, wind, or hydroelectricity ____ each plan?

What is the ____ ____ wind, ____ ____ power ____ comes with each ____?

Which renewable ____ ____ option ____ the ____ of ____ from solar, ____ ____ hydro?

Do you ____ ____ power ____ from solar ____ wind ____ ____ proposal?

____ ____ possible to give ____ ____ the ____ of ____ wind, ____ hydroelectricity?

____ ____ solar, wind, ____ ____ power ____ ____ in a plan?

____ there information about the usage ____ solar, ____ ____ in each ____ ____?

I want ____ know if ____ ____ plans ____ how ____ juice is ____ ____ water.

Let _____ from solar, wind or hydropower.

How _____ load is _____ by _____ and _____ within the plans?

_____ of _____ by _____ wind, and hydroelectric in each _____?

Tell _____ the percentage of _____ generated from renewable sources _____.

Do _____ any information _____ split _____ power, _____ power and hydropower?

I'm interested _____ distribution _____ electricity coming _____ wind _____ hydro.

_____ energy comes _____ or _____ sources _____ each renewable option?

Do you _____ much juice _____ from sun, _____ your renewable _____?

_____ way _____ tell the _____ sun, windmills or water _____ an eco-friendly _____?

_____ to _____ contribution of solar, wind, and hydroelectric energy _____ relation to _____ plan?

_____ you _____ a _____ how _____ electricity is derived _____ solar/wind/hydro?

Is it _____ to _____ the _____ wind, solar or hydro in _____?

_____ about the percentage _____ or hydroelectric sources _____ each plan _____?

_____ it _____ to _____ ratio of _____ solar/wind/ hydro for each plan?

_____ know the percentage _____ wind, or _____ in _____ option?

Can you tell _____ of _____ derived _____ solar/wind/ _____ within _____ plan?

_____ much of the _____ in _____ renewable _____ proposal _____ come _____ solar panels, _____ turbine or hydro _____?

_____ much _____ by solar, wind, _____ sources in _____ plan?

I _____ to know if _____ plans _____ me _____ is from _____ and water?

_____ the contribution _____ by solar, _____ and _____ to each renewable plan?

_____ much solar, _____ or _____ power is _____ plan?

What is _____ distribution _____ solar panels, _____ by _____ or _____ each renewable energy scheme choice?

_____ would _____ to know _____ electricity _____ comes from _____ solar or _____ all the _____ available.

_____ amount _____ comes from _____ wind, _____ hydroelectric sources?

_____ renewable _____ is coming _____ solar, _____ and hydro _____ your plans?

Tell _____ from renewables like solar, wind or _____.

_____ proportion _____ is _____ wind, solar, _____ hydroelectric sources?

_____ tell _____ percentage of electricity that _____ from _____ and _____ within _____ plan _____?

I was wondering _____ of _____ sources in _____ renewable plans.

Do _____ know the _____ of _____ derived _____ solar, _____ hydro generation?

Do you _____ what _____ solar _____ wind _____ and hydropower _____?

_____ is _____ breakdown of _____ solar, _____ or _____ sources _____ a plan?

_____ the _____ of _____ power _____ panels, powered by _____ or _____ in each renewable energy scheme?

How much juice is _____ wind, _____ water _____ your _____?

_____ interested in knowing how much _____ comes _____ wind, _____ hydropower _____ different _____.

Did _____ know _____ electricity you _____ sun, wind and _____ in _____?

Is _____ any information about _____ use _____ solar, _____ or _____ each _____?

_____ the amount _____ from renewable sources like solar, _____ or _____.

_____ the _____ of solar, _____ hydroelectricity?

Can you tell _____ how _____ power _____ by _____ and hydroelectric _____ your _____?

_____ to _____ the percentage _____ electricity derived from _____ each option?

What _____ us _____ of solar, wind, or hydroelectricity _____ each _____ energy _____?

_____ you tell _____ the percentage _____ electricity _____ comes from _____ solar, _____ in _____?

_____ state _____ percentage of _____ coming from solar, _____ sources.

How much _____ you _____ from _____ and water _____ plans?

_____ to know if _____ plans tell _____ how _____ from sun, wind, _____ water.

_____ comes from solar, wind, _____ each energy plan?

What is _____ hydro and wind _____ in a renewable _____?

Can _____ me _____ plans _____ me how _____ comes from sun, wind, and _____?

_____ of electricity is derived _____ or hydropower _____ each plan _____?

_____ tell you how much juice is _____ sun, _____ and _____?

How much of _____ by _____ panels, wind turbines, _____ hydro _____ plants _____ each proposal?

_____ proportion of electricity from solar, _____ sources _____ included in _____ energy _____?

_____ you tell me the _____ of electricity _____ wind, solar _____?

Does anyone _____ wind, or hydro _____ in the _____?

Please _____ proportion of _____ solar, and hydro _____.

Can _____ more about _____ of renewable _____ from solar, _____ and _____ generation?

_____ need to know _____ renewable plans _____ me _____ juice _____ from sun, _____ water.

Is _____ more information about the proportions _____ electricity _____ from _____ wind, _____?

Can you tell _____ the breakdown _____ wind, _____?

_____ tell _____ plans tell _____ how much juice _____ from _____ wind and water?

_____ you know _____ much _____ you get _____ wind, _____ in these _____ plans?

Is there _____ to _____ how _____ derived _____ solar, wind and _____?

_____ curious _____ of _____ coming from solar, _____ or _____ in each energy _____.

Tell _____ ratio _____ solar, wind, and _____ in _____.

Do _____ know _____ from sun, wind, _____ in these plans?

_____ percentage _____ electricity come from solar, wind _____?

_____ possible to give a breakdown _____ and _____ power in _____ plan?

Please _____ the _____ of solar, _____ in _____ renewable option.

Please _____ the ratio _____ solar, _____ and _____ in _____.

Is it _____ give specific information about _____ usage of solar, wind, _____ plan?

_____ you _____ about the _____ solar, wind, _____ hydro power?

_____ it _____ to tell me the _____ windmills _____ in the _____?

_____ to _____ the _____ electricity from solar, _____ hydro _____ my energy plan.

What proportion _____ comes from _____ sources in _____ plan?

Is there _____ information _____ split _____ power, wind power _____?

Can _____ us _____ how much power is _____ by solar, wind, and _____?

Can _____ how _____ solar, _____ or _____ power comes _____ each choice?

I would like _____ know how _____ juice comes _____ in your _____.

Is _____ a breakdown of _____ and hydro?

Is there any information _____ the _____ solar, _____ in renewable _____?

Can you _____ us _____ proportion _____ electricity _____ wind, or _____ sources?

How _____ renewable energy _____ from _____ sun, _____ or hydro _____?

In _____ share the breakdown _____ wind, and hydroelectric power?

Can _____ the percentages of _____ and hydro?

_____ the proportion _____ renewable _____ solar, wind, and hydro _____ methods?

_____ me know how much electricity _____ from solar, _____?

Do your renewable plans _____ you _____ from _____ wind _____ water?

_____ much of _____ energy is derived from _____ wind, _____?

_____ breakdown _____ wind _____ hydroelectric _____ in _____ renewable energy plan?

_____ to _____ the proportion of electricity _____ wind, or _____ sources in _____ energy plan _____.

_____ to know how _____ power _____ by solar, wind, and hydroelectric _____.

_____ it possible _____ tell _____ of _____ that comes from _____ or hydro?

Is there _____ on the portion of _____ or _____ the _____?

_____ you _____ renewable plans _____ you how _____ from sun, _____ and water?

_____ much _____ electricity is _____ solar, wind, _____ hydroelectric sources?

_____ any information about the proportions of _____ derived from _____ hydro generation _____?

How much electricity would come _____ panels, _____ hydro _____ plants _____ the _____?

_____ you tell me the _____ wind, and _____?

How _____ power _____ solar, _____ hydro sources in _____ energy plan?

Is it possible to _____ percentage _____ from solar/wind/ hydropower _____?

For every renewable _____ option, what _____ the _____ electricity _____ wind, or _____?

Is it possible to _____ more information about the proportions _____ from _____ hydro generation _____?

What's the ratio _____ solar, _____ power _____ option?

Do _____ information _____ the split _____ solar power, _____ and _____?

Is it _____ to share the _____ of _____ solar/wind/hydropower _____ each _____ option?

What amount _____ electricity comes from _____ or _____ plans?

_____ you _____ what _____ from _____ wind, or hydro alternatives?

Tell _____ electricity comes _____ sources like solar, _____ or hydropower.

Do _____ know _____ comes _____ solar/wind/hydro?

Can _____ the percentage of _____ from solar, wind, _____ plan?

Information about the share of _____ generated _____ solar, wind, _____.

Do _____ have _____ of _____ that comes from wind, solar _____ the plans?

_____ you _____ how much _____ comes _____ solar, _____ or hydro?

_____ mix of solar, wind, _____ hydroelectric for _____?

Can you _____ the usage _____ or hydroelectricity _____ a _____ energy _____?

_____ you tell me _____ and hydroelectric power _____ a plan?

_____ comes from _____ or _____ for _____ renewable energy plan?

What _____ of _____ is derived from _____ wind, _____ hydropower _____ renewable _____?

_____ breakdown of solar energy, _____ energy, _____ energy?

How much power _____ derived _____ wind, _____ sources?

Is _____ any _____ about _____ electricity that comes _____ wind, solar _____?

_____ give a description _____ power _____ generated by _____ wind, and _____?

Can _____ me _____ breakdown of solar, _____ and _____ each _____ plan?

_____ know _____ between solar, _____ and hydropower?

Do _____ want _____ the _____ that _____ hydroelectric energy sources made _____ renewable plan?

What is _____ of solar _____ hydroelectricity within _____ renewable _____?

Can you _____ me about the _____ of solar, _____ in _____?

Information _____ the _____ comes from _____ wind _____ hydro.

_____ possible to _____ about _____ much _____ comes from wind, _____ in the plans?

Is it _____ me _____ ratio _____ by solar/wind/ hydro resources _____ each available renewable _____?

_____ able to _____ the _____ of solar, _____ hydroelectric power?

_____ like _____ know the ratio _____ by solar/wind/hydro resources for each _____.

_____ you _____ us the _____ of _____ wind, _____ hydroelectric power in _____?

How _____ power _____ get from the sun, _____ water _____ these _____?

_____ there _____ on the solar, wind, or _____ of _____ renewable _____?

Is it possible to _____ usage of solar, _____ each renewable _____?

_____ you _____ me _____ about the usage _____ solar, wind, _____ hydroelectricity _____ the _____?

What _____ of _____ from solar, _____ or _____ in _____ plans?

How much _____ from solar, _____ or _____?

_____ you _____ breakdown _____ solar, _____ hydroelectric power in the plan?

_____ know _____ much power _____ and solar sources in _____ proposal?

Do you know _____ much energy _____ from _____ wind, _____?

How _____ electricity comes from _____ or _____ in _____ plans?

Are _____ able _____ the proportion _____ from solar, _____ or _____ sources?

I _____ like to know _____ electricity _____ in every energy plan.

Is _____ any _____ of _____ windmills _____ water in the plan?

Can _____ tell us _____ proportion _____ electricity _____ comes _____ wind, solar _____ in all _____?

_____ your renewable options _____ from _____?

How _____ power _____ generated by solar, _____ and _____ each _____?

Is it possible _____ tell me _____ electricity from wind, _____ or _____ in _____ plans?

Are _____ more details _____ proportions _____ renewable _____ from _____ wind, and _____ generation _____ for each _____?

Will _____ let us _____ the _____ and hydroelectric power?

What _____ wind, _____ and _____ power in _____ renewable energy plan?

Is _____ find _____ power comes from _____ wind, or hydro _____?

What percentage _____ is _____ wind, solar, _____ hydroelectric _____?

Is _____ to _____ of electricity _____ from _____ within each renewable plan option?

_____ breakdown _____ solar, wind, and _____ power in the _____?

_____ are _____ percentages of wind, solar, _____ hydroelectric power _____?

_____ it _____ the _____ of solar, wind, _____ in each plan?

Is it possible _____ percentage _____ of _____ from solar, _____ or _____?

Please _____ details _____ electricity comes _____ wind, and _____ sources.

Please _____ us _____ proportion of _____ wind, _____ hydro sources.

_____ is the _____ of _____ that _____ wind or _____ sources in each _____?

Explain the _____ electricity that comes from _____.

Is there _____ to show _____ is derived from _____ wind, _____ hydro _____?

Please _____ solar, wind, and _____ mix _____ power _____.

How about the ratio of _____ wind, and hydro resources _____?

_____ give the _____ of _____ from _____ wind and _____.

Do _____ renewable plans tell _____ how _____ juice is _____ sun, _____?

I am curious _____ much _____ comes _____ hydropower in the _____ plans.

Do you know how much _____ from _____ and _____?

_____ much electricity _____ from wind, _____?

_____ electricity _____ you _____ sun, and water in these _____?

Is there any _____ the portion _____ or hydro _____ renewable plans?

How much _____ electricity is _____ solar, _____ hydro generation _____ for _____?

_____ breakdown of _____ wind, _____ hydroelectric _____ in the renewable energy _____?

_____ is used _____ solar, _____ or _____ in each renewable energy plan?

Is there a _____ you _____ proportion of _____ or water _____ plan?

_____ you know how _____ electricity _____ get _____ sun, _____ and _____ plans?

If _____ much _____ is _____ sun, wind, and water?

Is _____ a _____ solar, wind, and hydroelectricity _____ renewable _____?

Is _____ a _____ find out _____ ratio _____ supplied by _____ wind, _____ hydro _____?

_____ much _____ is generated _____ wind, _____ or _____?

_____ information about _____ contribution made by _____ energy _____ in relation _____ renewable plan

Can you tell _____ what percentage _____ from _____ solar _____?

Information about the _____ of _____ derived _____ solar, wind, _____ should _____.

How much power _____ solar, _____ hydroelectric _____ any plan?

_____ you state _____ much _____ by solar, wind, _____ each plan?

_____ to provide information _____ electricity supplied by wind and solar resources _____ plan?

How much _____ electricity _____ by each renewable energy proposal _____ come _____ solar _____ or _____ power _____?

_____ each _____ plan option, _____ you tell _____ the proportion of _____ from _____ or _____ sources?

_____ you share the breakdown _____ solar, wind, _____?

Do _____ information on how much _____ wind and/or _____?

Are you _____ about _____ by _____ wind, and _____ energy _____ relation _____ the renewable plan?

_____ is available about the _____ wind, _____ hydro power?

_____ much solar, _____ or _____ power comes _____ choice?

_____ you _____ me how much _____ from _____?

Can you tell _____ how _____ solar, wind, or _____?

Could you _____ me the breakdown _____ solar, _____ power in _____?

Can you _____ the percentage of _____ from _____ hydro within each plan option?

Can you tell _____ what _____ electricity comes _____ or _____ my plan?

_____ each renewable energy scheme _____ what _____ specific distribution _____ electric _____ produced _____ panels, _____ winds or flowing water

_____ sharing _____ solar, _____ hydroelectric power _____ each renewable plan.

_____ much solar, _____ power is _____ each plan?

_____ much solar, _____ hydroelectric power _____ each _____ have?

Can you tell me _____ ratio _____ electricity supplied _____ and _____ resources _____?

_____ possible to _____ out how much _____ come _____ wind turbines or _____ power plants?

What is _____ of _____ from solar _____ wind or _____?

Can _____ find _____ overview of _____ percentage _____ of _____ from solar, _____ energies?

_____ say how much energy _____ or hydro sources?

_____ it _____ show _____ breakdown of _____ much electricity _____ solar, _____ and hydro?

Is there a _____ of electricity coming _____ hydro _____ plan?

_____ percentage of _____ from _____ solar and hydro _____.

_____ the ratio _____ solar, wind, or _____ in _____ option?

Can _____ the proportion of electricity _____ solar, _____ hydro _____ energy plan?

How _____ comes from _____ hydro _____?

_____ of your renewable _____ is _____ solar, _____ or hydro?

_____ the _____ of _____ from _____ or hydroelectric _____ each plan option?

In each _____ what _____ the _____ of _____ wind, _____ hydroelectric power?

Do _____ know _____ of _____ wind and _____ power _____ renewable plan?

_____ power _____ from solar, _____ hydro _____ for each plan?

Is _____ proportion of electricity that _____ wind, _____ or hydro?

Is it possible _____ ask _____ the _____ made _____ solar, _____ and hydroelectric _____ in _____ plan?

_____ solar, _____ power in the renewable energy plan?

_____ the ratios _____ solar, wind, _____ in each option?

_____ us _____ much electricity _____ solar, wind, _____ in _____ option.

We _____ to know _____ power comes from solar, _____.

_____ us _____ on the usage of _____ or hydroelectricity in _____ energy _____?

Do _____ information _____ the _____ wind, or hydroelectricity in each _____ plan?

How _____ the _____ supplied _____ for each renewable plan?

_____ is the _____ of _____ hydro _____ in fancy green power _____?

I am _____ about the _____ from _____ and hydro generation methods for each _____.

I'd like _____ know the _____ of electricity derived _____ option.

Is _____ possible _____ tell me how _____ comes from _____ wind _____?

Would you _____ able to _____ me how _____ power comes _____ sources?

_____ tell us how _____ is from _____ wind, _____ hydro _____.

_____ like to know the _____ electricity _____ or hydro _____ each energy plan.

Tell _____ much electricity _____ wind, solar, or _____.

_____ about _____ of solar, _____ and hydroelectricity in _____ renewable _____?

Can _____ explain _____ for solar, wind, _____?

_____ are _____ percentages _____ wind, solar, _____ power?

_____ of _____ or hydroelectricity in _____ renewable option?

Provide _____ proportion _____ wind, and hydro sources.

What _____ the breakdown of _____ or _____ power in _____?

_____ there _____ to tell _____ ratio _____ electricity _____ by _____ resources _____ each plan?

How _____ is supplied _____ solar, _____ hydro?

_____ you have any _____ how _____ power _____ from _____ wind, and _____?

Do you _____ split between _____ power _____ power?

_____ information _____ the _____ electricity _____ from solar, wind, or _____.

How about the ratio of _____ by solar, _____ for _____?

What _____ comes from wind, solar, _____ sources?

_____ me know _____ electricity comes from renewable _____ solar, _____ or _____.

_____ of electricity _____ from solar, wind, or _____ in the _____?

_____ want _____ know _____ supplied by solar/wind/Hydro resources for each _____ renewable _____.

_____ ratio _____ wind, _____ hydroelectricity in each option.

We need to _____ the _____ solar, _____ in each _____ option.

_____ know the breakdown _____ solar, _____ and _____ in each _____ plan?

How much _____ from _____ and solar?

Can _____ the percentages of _____ solar, _____ hydro?

_____ about _____ share _____ electricity from _____ or hydro _____ be _____.

_____ much electricity _____ from solar, _____ or _____ options?

_____ renewable _____ plan has a _____ of _____ hydroelectric power.

I _____ to know _____ electricity _____ from solar, wind, or hydropower, _____.

_____ you _____ much _____ comes _____ sources such _____ solar, wind _____ hydropower?

What _____ of electricity come from _____ hydro _____?

How much _____ from solar, wind _____?

_____ it possible _____ describe the proportion _____ solar, wind, _____ in _____ plan?

_____ you tell me the _____ of _____ in each plan?

_____ share _____ electricity from solar, wind, _____ hydro can _____.

_____ hydro, _____ and solar power is in _____?

Can you tell me _____ much _____ by solar, _____?

_____ specify the _____ electricity coming _____ wind and hydro _____.

Information _____ electricity from solar, _____ hydro _____ be given.

_____ is the ratio of _____ hydroelectricity _____ each _____ option?

_____ would _____ much power _____ by _____ wind and hydroelectric in each _____.

Information about the _____ of renewable _____ wind, _____ methods _____ be given.

Which renewable _____ plan includes _____ breakdown _____ wind, _____ power?

What _____ is derived _____ your renewable options?

How _____ the _____ sources come from solar, wind, _____?

Do you know _____ breakdown _____ and _____ each plan?

What _____ derived from renewable _____ like _____ and _____?

Can you _____ how _____ is _____ by _____ wind, _____ hydroelectric?

_____ it possible to _____ on _____ electricity derived _____ solar/wind/Hydropower within each renewable _____?

What _____ electricity comes _____ wind, _____ or hydro _____?

Can you _____ a breakdown _____ how much electricity _____ from _____?

_____ it _____ to _____ the breakdown of _____ wind, _____ hydroelectric _____?

_____ have any knowledge _____ split between _____ power, wind _____ hydropower?

Please explain the _____ of solar, _____ in _____ option

_____ shed some _____ on the _____ renewable _____ derived from _____ and _____ generation methods?

Do _____ need details about the contribution _____ solar, _____ and hydroelectric _____ relation to _____?

How much _____ from _____ solar, and _____ power _____?

How _____ solar, wind, and _____ sources _____ renewable proposals?

Do _____ how much electricity _____ from _____ wind, _____ water _____ plans?

_____ or hydroelectric electricity is _____ plan?

_____ much energy _____ from wind, solar, _____?

_____ electricity is supplied by wind, _____?

_____ information _____ the ratio _____ solar, wind, _____ hydro _____?

_____ of _____ from _____ wind, or hydro?

How much _____ will _____ hydroelectric in your plan?

Did ____ know the ____ solar, wind, and ____ in ____?

____ of ____ from solar, ____ and hydro ____ be ____.

What is ____ specific ____ of ____ coming from solar ____ by ____ or ____?

I ____ an overview ____ percentage share of electricity ____ solar, ____ and hydro ____ renewable plan ____.

____ know the ____ of ____ solar, wind, ____ hydro in ____ plan?

____ do you ____ the sun, wind, and ____ in the ____?

What is ____ distribution of electric ____ solar panels, fueled ____ winds or flowing water, ____ in ____?

____ it ____ determine ____ of electricity ____ from ____ wind or hydro?

____ you ____ the ____ derived ____ solar/wind/ hydropower within ____ plan option?

Can ____ me ____ power comes ____ solar, wind, or ____?

____ possible to tell ____ of sun, windmills ____ water ____ in ____ plan?

____ of electricity ____ from solar, ____ hydro sources?

Please ____ us the ____ of electricity ____ wind, ____ hydro ____.

____ would like ____ know the percentage share of ____ derived ____ solar, ____ energies ____ plan ____.

____ every ____ power package, ____ share ____ wind, ____ mix.

____ you tell us ____ percentage ____ from ____ each plan option?

____ is generated by ____ wind, and ____ in ____ plans?

How much ____ or ____ energy ____ plan have?

What is ____ wind, ____ hydro ____ in your plans?

Is ____ any ____ about ____ proportion of ____ comes ____ solar ____ hydro?

____ tell ____ how ____ power ____ wind, or hydropower.

____ any ____ about ____ split between ____ power, wind power ____?

How much power is ____ from ____?

____ you ____ me the percentage of ____ solar, ____ or ____ in ____ plan ____?

____ of electricity coming from solar, wind or hydro?

____ you ____ the ____ of solar, wind, ____ power in ____?

How much renewable energy ____ wind, ____ hydro?

What is ____ ratio of ____ and ____ in ____ option?

How ____ do we get covered ____ solar, ____?

Tell me ____ electricity is derived from renewables ____ wind, ____.

Do you ____ usage of solar, ____ or hydroelectricity ____ a renewable ____?

What ____ are ____ solar, and ____ power?

____ that ____ renewable ____ tell me ____ much juice ____ from ____ wind ____ water?

In regards to ____ renewable ____ the specific ____ electric ____ by wind or water?

What is the ____ of electricity ____ solar, ____ hydro ____ renewable ____?

____ you know the percentage of ____ from ____ or ____ an ____?

____ much ____ from the ____ and water in these eco ____?

____ give more information ____ the ____ renewable electricity derived ____ solar, ____ and ____ generation ____?

Is it possible ____ information ____ the ____ of solar, ____?

____ much ____ is ____ wind, or hydro sources?

Is ____ possible ____ reveal the ____ electricity ____ solar/wind/hydropower within ____ plan option?

____ power ____ be generated by solar, wind, ____ hydroelectric ____?

Can ____ us ____ much ____ comes from ____ or ____ sources?

Can ____ tell us more ____ the proportions ____ renewable electricity ____ from ____ and ____ generation ____?

____ you know how much ____ wind or ____?

Do ____ how much ____ solar, wind or hydro ____ proposal?

____ much ____ come from ____ hydro ____ for each plan?

Is there a way ____ know ____ much ____ comes ____ hydro ____?

Can you tell ____ of electricity ____ solar ____ hydro ____ the plans?

Is there any information ____ electricity ____ from ____ wind, or ____ the ____?

How much _____ is generated _____ wind _____ hydroelectric in _____?

I'm not _____ of electricity _____ from solar, _____ in _____ plan.

What percentage of _____ is _____ from solar/wind/Hydro _____?

Can _____ me _____ the portion of _____ hydro _____ in the _____?

_____ any _____ the portion of solar, _____ and hydro sources _____ renewable _____?

Can you tell me _____ wind _____ hydroelectric in your plan?

_____ regards to each _____ energy _____ what _____ the _____ distribution _____ power produced _____ wind or _____?

_____ you _____ the _____ of _____ wind, _____ hydro in _____ option?

Is _____ possible _____ share the _____ electricity _____ from solar/wind/ _____ each _____ option?

Do _____ information on how _____ comes _____ or _____ in the different plans?

What about the ratio _____ supplied _____ each plan?

I want to know how _____ wind _____ hydro.

Please _____ the amount _____ electricity coming from solar, _____.

_____ to _____ breakdown _____ solar, _____ and hydroelectric power in _____ plan.

_____ to _____ ratio of _____ supplied _____ solar/wind/Hydro resources _____ each _____ renewable plan.

How _____ is _____ solar, wind, or _____ in different _____?

I would _____ know how much electricity _____.

_____ of your renewable _____ is _____ from _____?

Can you tell me _____ ratio _____ by wind _____ renewable plan?

_____ of wind, _____ and hydro _____ in each option?

_____ the breakdown _____ from solar, wind _____ a renewable energy plan?

_____ are _____ solar, wind, and _____?

Can _____ us details on the _____ derived from _____ within _____ option?

_____ renewable energy _____ percentages _____ wind, and hydroelectric power.

How much _____ solar, _____ hydro?

_____ the breakdown _____ and hydroelectric power in _____ renewable _____ plan?

_____ you know the _____ of solar _____ wind _____?

What is _____ contribution of _____ energy _____ every _____ plan?

Let _____ know the _____ from solar, wind, _____ hydro _____.

_____ you give _____ the _____ of _____ or _____ in each _____ energy plan?

_____ from _____ wind _____ hydroelectric sources, what _____ the _____ of each plan?

Discuss the ratio of _____ in _____ option.

_____ proportion of _____ from _____ wind, _____ hydroelectric _____ in the _____ option?

How _____ solar, and _____ power is _____ plan?

Is there _____ on the portion _____ wind, solar, _____ sources _____?

Let me _____ the percentage of _____ from _____ solar, wind, _____ hydropower.

_____ much electricity _____ from _____ wind, _____ hydropower _____ each _____?

_____ percentage of _____ comes _____ or hydroelectric sources in _____ renewable _____ plan _____?

Do _____ know how _____ comes from solar, _____ in the _____?

_____ percentage distribution of _____ coming _____ wind _____ hydro in each _____?

_____ specify _____ percentage of _____ from _____ and _____ sources.

_____ there a percentage _____ of _____ coming _____ hydro _____ the plan?

_____ you _____ us _____ about the percentage _____ electricity that comes _____ hydro?

_____ juice is _____ from sun, _____ and water _____ your _____?

How much electricity is generated _____ solar, _____ or _____?

Do you know _____ the split _____ power, _____ and _____?

Please tell _____ electricity comes _____ solar, _____ hydropower.

_____ tell me how _____ will come _____ wind, _____ hydro power _____?

_____ do you get from _____ wind, _____ water in _____ eco _____?

_____ electricity is supplied by _____ and _____ sources?

_____ percentages of _____ and hydroelectric power in the _____?

_____ it possible to _____ on _____ percentage of electricity derived _____ each plan _____?

What is _____ electricity _____ wind, or hydroelectric sources?

_____ percentage share of electricity _____ from solar, wind, and _____ per renewable _____?

Can _____ me the _____ of solar, _____ hydro _____?

_____ you _____ me _____ usage _____ solar, wind, _____ in my renewable _____?

_____ of the electricity _____ supplied _____ solar, wind or _____?

The percentages of _____ hydroelectric _____ plan.

_____ you tell _____ of _____ that comes _____ solar, wind, _____ hydro?

Can _____ give the _____ that _____ from _____ wind, or hydroelectric _____?

Is _____ of solar, wind _____ hydro in _____?

In every _____ is the breakdown _____ wind or hydro sources?

Please tell _____ how much _____ is _____ hydro sources.

_____ tell _____ what percentage is _____ from _____ wind, _____ hydro _____?

How _____ solar, wind, _____ hydro?

_____ how much _____ comes _____ sources such as solar, _____ hydropower.

What is the _____ of green _____ wind, _____ hydro?

How _____ renewable _____ sun, _____ and _____ under your plans?

Did _____ know the proportions _____ electricity _____ solar, wind, _____ methods _____ each plan?

_____ and hydroelectric mix _____ package.

_____ the _____ of solar, wind, and hydroelectric _____ the _____.

How much electricity _____ get _____ sun, _____ and water _____?

_____ know _____ percentage distribution _____ from _____ wind or hydro _____ each plan?

_____ you _____ how much power _____ from solar/wind _____?

_____ percentage of _____ power _____ in a plan?

_____ any information _____ the _____ wind, or _____ in each option?

Share _____ mix _____ solar, _____ and hydroelectric for the _____.

How _____ power _____ from _____ wind or hydro _____ proposal?

_____ me _____ breakdown _____ wind, _____ hydroelectric power in _____ plan.

How much _____ is generated _____ hydro _____ your energy _____?

I'd _____ the _____ of _____ supplied _____ and hydro for each _____ renewable plan.

_____ it _____ to give the breakdown of _____ and _____?

_____ the _____ distributions of _____ coming _____ solar, _____ or _____ in _____ plan?

Please _____ the _____ electricity that comes from _____ and hydro _____.

What is _____ of electricity _____ hydroelectric sources in _____ renewable energy _____?

Do _____ what the _____ of _____ power, _____ and _____ is?

Within every available renewable _____ what _____ the _____ of _____ energy _____?

I would _____ an overview _____ percentage _____ of _____ wind, _____ hydro energies.

_____ much _____ wind _____ hydro _____ is in _____ plan?

_____ is the breakdown _____ wind _____ in the plan?

What is the proportion _____ from _____ hydroelectric sources _____ plan?

_____ much _____ from wind, solar or _____?

_____ are the _____ of _____ hydropower _____ solar energy _____ same _____?

_____ I get _____ overview of _____ electricity derived from _____ wind, _____ hydro _____?

_____ we ask _____ the contribution _____ wind, _____ energy sources in _____ each renewable plan?

_____ tell _____ percentage _____ from wind, _____ or hydro in the plans?

_____ the contributions _____ electricity _____ solar _____ to the renewable plan?

Do you know the percentage of _____ that _____ from _____ solar _____ plans?

More _____ about _____ renewable electricity derived from _____ and hydro generation _____ be _____.

Can you tell _____ much electricity is generated by _____ wind, _____?

_____ an overview _____ percentage _____ electricity _____ from solar, wind, and _____ energy _____ renewable plan _____?

Tell _____ about _____ percentage of _____ from _____ wind, and _____.

_____ to know more about the _____ hydroelectricity in _____ energy plan.

Within every _____ renewable plan, _____ contributions _____ solar energy _____?

How _____ electricity divided among _____ like _____ wind?

_____ of solar, wind, _____ hydro power?

Is there _____ of solar, _____ or hydroelectricity _____?

_____ the _____ would come _____ solar, and hydro power _____?

_____ ratio of _____ supplied _____ resources for each _____ plan?

_____ possible _____ the _____ share _____ electricity derived _____ solar, wind, _____ hydro energies _____ plan option?

Will _____ tell _____ how much _____ from sun, wind, _____ water?

Is _____ a _____ to find out _____ ratio _____ hydro power?

_____ much _____ solar, wind, or hydropower _____ of the _____ plans?

_____ much _____ do you _____ from _____ wind, _____ these eco plans?

_____ a ratio _____ by solar/wind/Hydro resources for _____ available renewable _____?

Can _____ tell me the breakdown _____ wind, _____ hydroelectric _____ a _____?

Will you _____ me _____ the _____ from solar/wind/ _____ within _____ plan option?

_____ much electricity _____ from wind and solar _____?

I _____ to know _____ power _____ from _____ hydro sources.

_____ you aware _____ your renewable plans _____ how much _____ wind, _____ water?

Are you aware if _____ renewable _____ you _____ juice _____ sun, wind _____?

Do _____ how much electricity _____ or hydro in _____ plans?

_____ you _____ electricity _____ comes from wind, solar _____ hydro _____ the renewable plans?

Is it _____ more information about the _____ of renewable _____ solar, wind, _____ generation _____.

Which renewable energy _____ the solar, _____ hydroelectric _____ listed?

_____ possible _____ tell me the percentage _____ electricity derived _____ each option?

I want to know _____ of electricity _____ from _____ wind, _____ hydro _____ plan.

_____ to each _____ choice, _____ the specific distribution of _____ power _____ from solar panels, wind or _____?

Do you _____ solar, wind, _____ hydroelectric power?

Did you know _____ much _____ comes _____ wind, or _____ each _____ plan?

Please _____ us _____ proportion of _____ from _____ and hydro _____.

_____ is _____ solar, wind, _____ power in an energy _____?

Do _____ percentage _____ derived from solar/wind/ hydropower within _____ plan option?

_____ need _____ information _____ proportions _____ renewable _____ derived from solar, _____ and _____ generation.

_____ energy comes _____ solar, _____ and hydro _____?

_____ possible to give each _____ breakdown of solar, _____ hydroelectric _____?

_____ the contributions of solar _____ vs _____ in every _____ plan?

_____ is the amount _____ power generated _____ wind, _____ and hydroelectric _____?

I'm wondering about the portion _____ hydro _____ in the _____.

_____ renewable _____ solar, wind, or _____ sources _____ your plans?

I am interested _____ knowing _____ electricity comes _____ solar, _____ hydropower _____ plans.

_____ there any information _____ the portion _____ wind, _____ and _____ renewable plans?

_____ much _____ come from _____ wind turbines or _____ plants?

_____ you have an _____ ratio of solar, wind, _____ each renewable _____?

_____ to _____ percentage of electricity _____ wind, _____ in every energy plan.

I want _____ share _____ electricity _____ comes _____ solar, _____ and hydro.

How much _____ are _____ solar, wind, _____ in your _____?

_____ percentage _____ produced _____ solar, and hydroelectric sources?

_____ selecting a _____ energy _____ what _____ the _____ distribution of electric _____ from _____ panels, _____ water?

_____ describe the _____ of electricity _____ and _____ sources.

Please list _____ of electricity _____ solar, wind _____.

_____ you _____ the _____ between _____ windpower, and hydropower?

Do you _____ comes from _____ sun, wind, _____ water in your _____?

_____ it _____ me the _____ of electricity _____ from solar/wind/hydropower _____ renewable _____ option?

_____ the _____ of electricity from solar, _____ in your _____ plan?

_____ relation to each _____ is the specific distribution _____ power generated from _____ panels, _____ winds _____ flowing water

What about the _____ solar, wind, _____ each _____ option?

_____ you tell me the _____ solar, _____ in _____ plan?

_____ much _____ electricity generated in _____ renewable energy _____ would _____ solar panels, _____ or _____ power plants?

How much _____ be _____ by _____ or hydro power plants?

_____ wind, and _____ power percentage?

I'd _____ know _____ of _____ by solar/wind/ _____ resources for each available _____.

What percentage _____ power is _____ solar, _____ hydroelectric?

Do you know how much _____ wind, or _____ plan?

Please _____ the ratio of _____ wind, _____ hydroelectricity _____ option.

_____ about the _____ of _____ from _____ hydro sources _____ needed.

I _____ curious _____ percentage _____ from _____ wind or hydro _____ each plan.

How much electricity would _____ panels, wind _____ hydro power _____ there was _____?

I want _____ much power _____ sources such _____ solar, _____ or hydropower.

_____ any _____ about _____ percentage of electricity that _____ from _____ in the plans?

When _____ renewable _____ is the specific _____ from solar _____ fueled by winds or flowing _____?

What is _____ proportion of electricity _____ solar, _____ or _____ each renewable _____?

_____ want _____ know the proportion of _____ from _____ hydro _____.
