

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Power outage reports and updates
Inquiry Sub-Category	Outage impact
Description	Customers wanting to understand the broader impact of the power outage, such as its effects on local businesses or critical services.
Data Size	14,165 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ perishable _____ at _____ because of continuous lack of _____ supply?
_____ may pose a threat _____ our _____ supply.
Do you _____ of _____ with food availability, _____ perishing _____ electric _____?
If _____ are periods _____ will be vulnerabilities _____ preserving _____.
_____ food be ruined _____ power _____?
In case of power _____?
Can electrical _____ goods?
_____ long outages raise concerns _____ delivery _____?
Will my food _____ bad _____ power going _____?
Without _____ areas will be _____ around preserving _____.
_____ that _____ fresh _____ in stores _____ in _____ due to _____ power cuts?
Does _____ electric supply threaten your _____?
_____ sure _____ they will _____ with no power?
Is _____ in danger _____ a _____ of _____?
_____ shortages _____ to goods?
Is _____ of _____ food supply chain?
Food _____ might _____ by _____ shortages.
_____ power shortages endangering _____ of _____?
_____ food _____ by the power _____?
_____ absence _____ electric _____ a problem for _____?
_____ the ongoing _____ shortages _____ food _____?
_____ the _____ electricity endanger _____ food?
The _____ lack of _____ our food _____.
Is our _____ chain _____ at risk _____ lack of _____?
Is the _____ electricity endangering _____ food _____?
_____ lack of _____ affect food _____?
_____ there a risk _____ from _____ power outages?
Will power _____ jeopardize _____ food?
Is there concern about potential _____ our _____ because _____ the _____?
_____ a chance that _____ items _____ threat _____ electrical disruptions?

_____ of electricity may _____ food.
 _____ the ongoing _____ of _____ food vulnerability?
 There _____ are in _____ without _____.
 _____ it _____ that _____ shortages threaten _____?
 _____ there _____ fresh _____ after _____ power outage?
 _____ a _____ that _____ affect access to consumables?
 _____ continuous _____ disruption _____ the _____ of _____?
 _____ do _____ power _____ food supply?
 _____ lack _____ electricity _____ endanger _____ items.
 Is _____ in _____ continuous _____?
 _____ power loss _____ food being _____?
 Could the _____ electricity _____ food?
 _____ any _____ that _____ lack _____ power will impact _____ stocks?
 _____ the electricity _____ threat _____ food?
 Can _____ loss _____ of food?
 Should _____ about possible _____ to _____ due _____ a _____ of electricity?
 Will _____ affect the _____ of _____?
 Does lack _____ our _____ stocks?
 Hey there, _____ I need _____ worry _____ going _____ this electric _____?
 _____ lack of power _____?
 _____ you think the lack _____ electric _____ availability?
 Electricity shortages could _____.
 _____ power disruption could _____.
 Does the _____ of _____ supply _____ to food _____?
 Is _____ shortages _____ harm _____ goods?
 _____ of spoiling sensitive _____ a sustained power outage?
 _____ due to _____ shortage?
 Is _____ food going _____ the _____ out?
 There _____ the power outage _____ endanger _____ supplies.
 Is _____ possible _____ absence of _____ could _____ of food?
 How _____ cutoff affect _____?
 _____ there a risk _____ spoiled _____ there _____ a sustained _____?
 _____ vital _____ when there is no _____ difficult.
 Is it _____ for _____ be _____ to _____ during _____ outs.
 Is food _____ if _____ no power?
 _____ it _____ the _____ is _____ risk because _____ the continuous _____ cuts?
 Is _____ risk to _____ food _____ there are power _____?
 Does the _____ shortage _____ any _____ supplies?
 _____ possible that electrical _____ could affect _____?
 _____ the _____ of electricity affect _____ supply _____?
 _____ possible _____ items _____ lose _____ during _____ extended power cut?
 _____ continuous _____ endangering our food supply chain?
 _____ endanger food?
 _____ the lack of _____ risk to our _____?
 _____ of _____ is causing food _____.
 _____ stocks _____ be at _____ because _____ the lack of _____.
 Do _____ continuous lack _____ could _____ food?
 Should _____ threaten our _____?
 _____ the _____ absence of electric _____ threatening _____?
 Is it possible _____ under _____ due _____ electrical _____?

Could the _____ supplies?

Is it possible _____ goes _____ basis and _____ lose my groceries?

_____ these items to be _____ spoilage during an _____ power _____?

Are food supplies _____ because _____?

_____ lack _____ electrical _____ to harm or deplete stocks of _____?

Is our food stock _____ risk _____ power?

Does lack of _____?

Is there a _____ to _____ food _____ power _____?

_____ of power _____ our food stocks?

Should _____ be concerned _____ possible _____ food _____ there _____ no _____?

_____ issues _____ food supplies?

Does _____ power outage _____ a _____ to our _____?

_____ the absence of _____ availability?

Is food supplies _____ because _____?

_____ food in _____ without _____?

_____ it possible _____ shortages can _____ availability?

Will _____ ongoing _____ our _____ supplies?

Food will _____ ruined _____ to _____.

Might _____ power _____ affect _____ for fresh consumables?

Is _____ problem that _____ are _____ to spoilage _____ cuts?

_____ supplies are at _____ from the _____.

_____ to _____ be affected by _____?

_____ that our access to _____ foods and _____ time-sensitive items will _____ by _____ shortage?

Does _____ lack of _____ cause _____ food _____ to _____?

_____ of electricity _____ jeopardize _____ stock _____ food items.

_____ possible _____ are vulnerable to spoilage during extended _____?

_____ I worry _____ groceries going _____ this electric _____?

Is the _____ absent electric _____ putting food _____?

_____ power outages harm _____?

Is _____ to power _____?

Could the _____ food?

Are there any chances that _____ inventory _____ power shortages?

_____ the lack _____ power pose _____ our _____ stock?

_____ vulnerability is affected _____ the _____ of _____.

The absence _____ make _____ unsafe _____ consumption.

Is it justified _____ perishable food _____?

Is _____ to rot, _____ we don't _____ an electric _____?

_____ there _____ impact on _____ stock due to _____ power _____?

_____ may _____ at risk due _____ the _____ of electric _____.

_____ the power _____ affect the _____?

_____ groceries in _____ constant _____ food storage?

_____ be _____ about _____ our food when there _____ no electricity?

Is there _____ groceries _____ electricity?

_____ about _____ fresh and time-sensitive food?

Will _____ be _____ stocks because of _____ electricity outage?

Are food _____ to _____ failure?

_____ in danger because _____ failures?

_____ there _____ risk _____ or spoilage _____ essential _____ when _____ is no _____ supply?

Food may _____ in _____ there _____ no _____.

_____ a _____ of food shortages _____ there is an _____?

How _____ cuts affect _____ supply?

_____ be in _____ power.

_____ a _____ absence of _____ affecting _____ availability _____ items?

Can _____ continuous power _____ pose a _____ food _____?

_____ there _____ shortages for perishable items?

Do _____ is _____ risk _____ food _____ due to _____ power failures?

_____ of power _____ the safety _____ food?

How _____ power _____ affect _____ of food?

Is _____ to apply _____ electric _____ fresh _____ sensitive food?

Is there a risk _____ food supplies _____?

Will periods without _____ hard to _____ consumables.

_____ the _____ electricity _____ the stock _____ food items?

_____ affect access _____ consumables?

Preserving vital _____ be very difficult _____ without _____.

Can the _____ of _____ threaten _____ food _____?

_____ there _____ supplies in danger _____ power _____?

_____ my _____ not _____ ruined because _____ electrical disruptions?

_____ there any chance _____ food inventory _____ at _____ of power _____?

Will _____ shortage of _____ affect _____ supplies?

Is it _____ supplies _____ at _____ the lack of _____ supply?

Is _____ a constant _____ of power _____ of _____?

_____ electrical disruption _____ of fresh _____?

Preserving _____ consumables _____ affected by _____ without _____.

Does _____ affect food availability?

Can the _____ a constant electric supply _____ of _____?

_____ there _____ risk of fresh _____ being _____ continuous _____ cuts?

Is _____ of _____ when there is _____ power failure?

The _____ affects _____ supply.

_____ lack of electricity _____ food _____.

Is it possible _____ of electrical _____ or _____ of food?

Food supplies _____ in danger _____ to _____.

Food supplies _____ danger due to _____.

_____ supplies _____ by power failures.

Does _____ in spoiled food?

Will _____ affect fresh and _____?

_____ possible _____ the _____ electrical supply _____ damage or _____ the stock of _____?

_____ it possible that _____ might _____ all my _____ goes _____ frequently?

_____ the _____ of power make the _____ for _____?

Is _____ electricity putting food at _____?

Is _____ shortage _____ our _____?

_____ that I would lose _____ because _____ the power going _____?

Issuing enduring _____ the safe delivery _____ food?

_____ about the _____ damage to _____ foods when _____ is _____ electricity?

Should we _____ concerned about _____ possibility of _____ food _____ electricity?

Do _____ think _____ shortages _____ availability?

_____ shortage cause any harm _____ food supplies?

Will _____ our food supplies due to the _____?

_____ lack of _____ might affect _____.

Is _____ possible _____ electrical supply to hurt _____ deplete stock _____?

_____ have on vital _____ without energy?

_____ electricity shortages _____ food _____?
 _____ there risks _____ food _____ to power _____?
 _____ are concerns _____ a _____ of power impacting _____.
 Is it _____ lack _____ supply could harm or _____ of perishable _____?
 Is the lack of electricity _____ safety _____ chain _____ risk?
 Can power _____ supplies?
 _____ wonder if _____ loss of _____ supply _____ put our _____ risk.
 Will my _____ go bad _____ the _____?
 Is _____ chance _____ will be _____ risk due to _____ shortages?
 Is the inventory capacity _____ fresh consumables _____ stake _____?
 Is there _____ our _____ inventory will be put at _____ due _____?
 _____ disruptions affect _____ safety of _____?
 Will _____ electricity outages _____ risk of food?
 _____ power _____ food supplies?
 Will there be _____ food _____ the _____ electricity outage?
 Is _____ risk _____ supplies from a _____ electrical _____?
 Will _____ food _____ by the _____ shortage?
 Is the _____ lack of _____ supply putting _____?
 Do you _____ food availability, specific _____ eatables _____ shortages?
 The lack of _____ stocks _____ a _____.
 _____ a risk to _____ supplies _____ to power _____?
 Is _____ a chance _____ will be _____ risk _____ to power _____?
 _____ the absence of _____ the safety _____ perishables _____?
 _____ it possible for items _____ vulnerable to spoilage _____?
 Are food supplies _____ risk _____?
 _____ continuous _____ of electric supply endanger _____?
 Is _____ absence _____ electric _____ availability?
 _____ a power shortage affect _____ fresh and _____?
 _____ food _____ at risk _____ of the _____ electricity?
 Does anyone have _____ being compromised during _____ outage?
 Preserving _____ that can be _____ easily _____ be vulnerable _____ without electricity.
 Does the _____ affect _____ consumables?
 _____ the _____ of fresh _____ at _____ from electrical _____?
 _____ about _____ lack _____ power impacting the food _____?
 _____ power _____ food supplies?
 Is _____ power loss can cause _____?
 Preserving vital _____ that _____ be _____ spoiled _____ vulnerable during _____ without _____.
 _____ the _____ affect food?
 _____ lack _____ harm food.
 _____ the _____ electricity affect our stock of _____?
 Can our _____ goods?
 _____ might _____ in _____ without power.
 With the _____ lack of _____ supply, is there _____ our _____?
 Is _____ a risk to _____ supplies _____ by _____?
 Do you _____ food availability, _____ perishing eatables and _____ shortages?
 _____ the continuous power outage _____?
 Is the _____ and _____ consumables _____ risk because of _____?
 _____ the _____ justify risking _____?
 Will there _____ impact _____ stock due _____ the electricity _____?
 _____ chronic electricity shortage affect _____?

_____ the _____ electricity _____ food inventories?
 _____ a _____ of spoiling _____ if there is _____ outage.
 _____ outages affect _____ safety _____ food?
 _____ there risks to _____ availability, _____ perishing _____ shortages?
 _____ electrical _____ of fresh produce?
 _____ ongoing electrical _____ harm our _____?
 _____ frequent _____ disruptions _____ problem for _____ food?
 _____ food _____ compromised during the _____?
 _____ are the consequences _____ food _____ there is _____?
 Will _____ electricity _____ have _____ our food supplies?
 _____ there any _____ to groceries _____?
 How do the power _____ affect _____?
 _____ there is _____ extended period _____ electricity, should we _____ worried about _____?
 Is it _____ having consistent electricity _____ food _____?
 _____ the power _____ endangering _____ food _____?
 Is _____ ongoing _____ our goods?
 _____ power _____ food supplies?
 Is _____ safety _____ fresh produce _____ electrical _____?
 Is the _____ hampered _____ shortages?
 Without electricity, _____ consumables will _____ being spoiled _____.
 _____ there a _____ food _____ when _____ are _____ power disruptions?
 Will _____ endanger _____ of food?
 _____ lack _____ electricity endanger _____
 _____ a _____ shortage affect _____ food?
 _____ the lack of electric supply _____ supplies at _____ are likely to _____?
 Due to _____ food _____ in _____?
 _____ of _____ power endanger food?
 _____ food _____ because _____ this powerout?
 _____ electricity _____ fruits and veggies?
 Is _____ food will be harmed _____ lack _____?
 Without _____ energy supply what is _____ potential _____?
 _____ it _____ that the lack _____ electrical _____ deplete stocks _____ the _____?
 Do _____ supply threaten food _____?
 Is there _____ the _____ of _____ food stocks?
 _____ there _____ affecting our _____?
 Failing _____ support _____ affect _____.
 _____ supplies could _____ in _____ from _____ failure.
 _____ might not be able _____ foods _____ items if there is _____ electricity _____.
 _____ frequent _____ threat to _____ resources?
 _____ outages _____ a risk _____ food _____?
 Is my food supplies going to _____ the weak _____?
 _____ you _____ the _____ of electricity _____ food?
 _____ it possible that an _____ in _____ access to _____ foods?
 Is my _____ going to _____ continues _____ be cut?
 _____ of _____ freshness due to insufficient electric _____ support.
 _____ stock of goods _____ be at _____ because _____ the _____ supply.
 _____ shortages _____ a _____ effect on food _____?
 Will food _____ the power _____?
 _____ lack of power have an _____?
 _____ possible that _____ disruption jeopardizes the _____ produce?

_____ are raised about the _____ affecting food _____.

Will food _____ its _____ to _____?

_____ of electric _____ putting food _____ in danger?

There _____ ongoing electricity outage _____ food stocks.

_____ frequent _____ disruptions affect our _____?

_____ likely be _____ due _____ the _____ shortage.

_____ think there will _____ any risks _____ with _____ availability and _____?

_____ the _____ access _____ fresh consumables?

Is _____ that _____ electricity _____ jeopardize _____ access _____ fresh foods?

_____ are _____ possible _____ the no-power situation for _____?

_____ there a risk _____ food _____ to the _____ failures?

Are you aware _____ any risks _____ food _____ specifical perishing _____?

Can _____ losses _____ to be _____?

Is the intermittent _____ supply _____ our food items _____?

Is _____ that _____ food _____ be at _____ as _____ result of power _____?

Do i have to _____ my _____ going _____ this _____?

Does _____ disruption _____ the safety _____?

Is it _____ that the _____ of _____ unsafe _____ consumption?

_____ we _____ about _____ effect of _____ without electricity on _____ food?

_____ we endangering our _____ by _____ consistent electricity?

What _____ you think _____ the lack _____ power _____?

Is _____ electricity putting our food _____ at _____?

_____ wondering if _____ are in _____ electricity.

We _____ not be _____ to _____ fresh _____ and similar _____ items _____ is _____ shortage.

_____ the absence of electric _____ of _____?

Is there any _____ about _____ in _____ provisions due _____ lack _____?

Will _____ electricity _____ any threat _____ our _____ supply?

_____ there a _____ damage to _____ foods _____ periods without _____ supply?

What _____ to vital groceries _____ no _____ supply?

Will _____ hurt _____ safety of _____?

_____ there a _____ of power _____ the _____ items?

Do we _____ the _____ loss of _____ supply _____ endanger _____ food _____?

_____ of electricity _____ items?

Can the absence _____ affect _____ of _____ for _____?

Are you certain that they are _____ no _____?

Will _____ shortages harm _____?

Can _____ our goods?

Is there _____ risk _____ food _____ frequent _____ failures?

Do you _____ groceries going _____ electric mess?

_____ it possible that _____ of _____ supply _____ deplete stocks _____?

_____ there a _____ food _____ to the _____ issues?

Is food going to be ruined _____?

Food _____ be _____ danger due _____ failures.

_____ the _____ of _____ impact _____ food _____?

_____ frequent electricity disruptions _____ a threat _____?

_____ be worried _____ the _____ of _____ without electricity _____ food?

_____ it possible for _____ lack of _____ to _____ stock _____?

_____ we _____ about _____ effect of _____ periods without electricity _____ essential _____?

Can _____ endanger food _____?

_____ it possible _____ a _____ loss could result _____?

Does ____ lack of ____ impair ____ ?

Is it ____ that ____ jeopardize our access ____ fresh ____ and ____ items?

____ don't ____ power ____ protect food from ____.

____ inventory capacity for storing fresh ____ might ____ because of ____.

____ food ____ if there's no ____?

Is ____ of ____ food?

____ it possible ____ our ____ inventory ____ be ____ risk if ____ out?

There are concerns ____ of power ____ stock.

____ a risk ____ food supply ____ power goes out.

____ there a ____ of ____ disrupted by ____ issues?

____ there a ____ our ____ supply ____ there is ____ power ____?

Does ____ lack ____ electric ____ pose ____ for food?

Is ____ continuous loss ____ supply ____ risk to ____ food ____?

____ a ____ of power ____ to ____?

It's possible ____ an electricity ____ could jeopardize ____ access ____.

____ power ____ will affect our food inventory?

____ outages ____ food supplies.

Is the lack ____ threat ____ stocks?

____ me ____ my food supplies ____ going to rot ____ because ____ game is ____?

____ food ____ due to power ____.

Is it possible for ____ lack ____ electrical supply ____ the ____?

____ to ____ continuous lack of electric ____ are ____ risk?

Are ____ supplies ____ to ____ of electric supply.

____ no power ____ foods ____ spoiling.

Will ____ of ____ food?

Is it possible ____ food items are ____ risk ____?

Power shortages ____ food ____.

Shouldn't ____ danger ____ constant electricity?

Is ____ absence ____ power ____ for consumption ____ fresh ____?

____ possible that these items ____ vulnerable to ____ blackout?

____ the ____ electricity ____ our stock of ____?

____ there ____ food ____ specifical perishing eatables and ____ shortages?

Can ____ continuous ____ electricity affect ____ stock ____ groceries?

Shouldn't ____ lack ____ affect ____ stock ____ food?

Is ____ of ____ supply putting ____ supplies in ____?

____ constant ____ electric supply ____ food ____ at risk?

____ the absence of ____ make the ____ eat?

Repeated ____ scarcities expose ____ time-sensitive ____?

____ supplies in ____ because of ____ power ____?

____ food ____ in ____ to ____ losses?

____ of ____ electric supply put ____ stock at ____?

Are ____ supplies ____ to ____ loss?

____ there a chance that our ____ will be at ____?

____ shortage ____ affect access to ____.

Is ____ any ____ power ____ affect ____ food inventory?

____ wonder if ____ should worry about ____ going ____ without ____ electric ____.

Freshness may ____ by lack ____ electric ____.

____ food ____ due to ____ of electric supply?

Could ____ harm food?

____ going to end up rotting ____ because of the ____?

_____ like to _____ goods _____ be ruined by the electrical _____.

Is food _____ at _____ continuous _____ of electric _____?

_____ risk to _____ food supply _____ power outages?

Will _____ affect _____ safety of _____?

_____ vulnerability is _____ by _____ of _____ supply.

_____ still _____ lack of _____ supply threatening _____ vulnerability?

Lack of _____ affect _____ to _____.

_____ shortages _____ availability of consumables?

_____ lack _____ supply put a strain _____ our _____ goods?

_____ power interruption might _____.

Will _____ affect _____ safety?

Does a _____ lack of power _____ availability _____?

_____ is _____ power to _____ from spoiling.

Is it possible for items _____ be _____ long-term _____?

_____ disruptions _____ food resources?

Do you _____ persistent electric _____ fresh and _____?

Is _____ any _____ to _____ specifical _____ eatables, and _____ shortages?

_____ disruptions affect _____ safety _____ produce?

_____ affect the _____ resources?

Is there _____ of _____ because _____ a _____ power failure?

_____ it _____ that _____ supplies _____ fresh produce _____ be in danger _____ to _____?

Does _____ of _____ system affect _____ safety of _____?

_____ the lack _____ supply a _____ to _____ vulnerabilities?

Risk affecting _____ insufficient _____ support.

_____ the power outage endanger _____?

What are _____ of _____ situation _____?

Do I need _____ that _____ will _____ bad _____ this _____ mess?

_____ there _____ to food _____ if _____ is a _____ issue?

Do _____ shortages have _____ on _____?

_____ my _____ without the electric _____?

_____ power _____ affect food _____.

Is _____ food _____ due _____ electrical problems?

_____ of power _____ food?

Is _____ groceries _____ be _____ amid a sustained _____ failure?

Is the _____ of _____ affect our _____ food?

_____ power disruptions _____ safety?

_____ cutoff affect the food _____?

_____ there _____ food inventory will be at _____ because of _____ power _____?

_____ to spoiled food?

_____ a _____ access _____ fresh and other consumables?

Will the _____ shortage _____ availability of _____ consumables?

_____ the power _____ fresh food?

_____ we _____ about possible damage _____ essential _____ to an _____ period _____ supply?

What _____ it _____ on _____ groceries without energy _____?

Is the _____ risk due to _____?

Is _____ lack _____ electric supply _____ food supplies _____?

Without _____ supply, what impact _____ vital _____?

There _____ risk _____ spoiled groceries _____ there _____ a _____ cut.

_____ my _____ going to rot if _____ supply stays _____?

_____ for _____ items _____ vulnerable to _____ during an extended _____ failure?

Do _____ worry about _____ groceries going _____ if I _____ mess?
 _____ danger without constant electricity.
 _____ a _____ about whether _____ outages endanger _____ supplies.
 Does the _____ outage affect _____?
 There _____ be power _____ the _____ fresh and _____ consumables.
 Does not _____ like fruits and veggies?
 _____ vulnerability _____ the _____ of electric supply?
 Our _____ capacity _____ consumables _____ be in _____ because of _____ disruptions.
 _____ the _____ shortage _____ food supply?
 Can _____ be _____ a _____ shortage?
 Is _____ a _____ to _____ due _____ the power _____?
 Does _____ of _____ shortages affect _____?
 _____ be _____ problem _____ our food supplies _____ electricity shortage?
 _____ food supplies at _____ loss?
 Will _____ food go bad _____ the _____?
 Is the _____ vulnerable due to _____ lack _____?
 Is _____ continuous _____ electric supply _____ supplies at _____ those that are likely to _____?
 _____ is _____ by _____ of power.
 _____ power loss _____ spoil?
 Is _____ at _____ to _____ lost?
 _____ our _____ resources _____ danger due to _____ disruptions?
 Can electricity disruptions _____ to _____?
 Do _____ disruptions pose _____ to _____?
 _____ failures hurt _____ safety?
 Is it _____ absence of electrical supply _____ of _____?
 _____ there electrical shortages that _____?
 Is _____ any _____ that food inventory _____ compromised _____ an _____?
 Constantly _____ power _____ in spoiled _____.
 _____ a power _____ affect _____ consumables?
 Is there _____ constant loss of electric supply _____ could _____?
 _____ for _____ be susceptible _____ spoilage during _____ power cuts?
 _____ there _____ spoiled groceries during a power _____?
 Is _____ of _____ threatening our _____ supply chain?
 Is the _____ in _____ due to _____ loss?
 Is the _____ our food _____ chain.
 Is food _____ affected by _____ supply?
 _____ for the lack _____ electrical _____ deplete _____ of perishable goods?
 Is _____ possible that supplies _____ be _____ risk from _____ cuts?
 Do _____ think _____ power will _____ food?
 _____ food _____ at risk _____ to _____ loss?
 Do you _____ any risks _____ with _____ availability, specifical perishing _____?
 _____ there _____ food _____ when there are frequent power _____?
 _____ a risk _____ when there's _____ electrical outage?
 The risk of _____ electric _____.
 We don't _____ how _____ foods?
 Can you _____ me _____ goods won't be _____ disruptions?
 Is there _____ of spoiled _____ there _____ a sustained _____?
 _____ power outage _____ food _____.
 Is _____ of electric _____ food supplies at _____?
 Is _____ at _____ due _____ of electricity?

The ____ of ____ put our stock of goods ____.
 ____ electricity threaten our food ____?
 ____ does the ____ cut ____ supply?
 ____ that ____ could lose all of ____ if ____ power goes ____?
 Is groceries ____ electricity for ____?
 Is ____ possible for ____ of electrical supply ____ of ____?
 ____ be a lack ____ that ____ food.
 ____ a concern ____ lack of power affecting ____?
 ____ supplies may be in ____ the ____ loss.
 ____ may ____ be able to access fresh foods and other ____ items _____.
 ____ food supplies ____ danger ____ loss?
 Will ____ of power ____ food ____ consumables?
 Can ____ affect ____ freshness?
 Can ____ electrical ____ our ____?
 ____ the ____ danger ____ constant electricity?
 ____ the ____ endanger the stock ____ food?
 ____ I ____ about my groceries going ____ this electric mess?
 Are food ____ due ____ disruptions?
 ____ is a ____ spoiled ____ in ____ of ____ power failure.
 ____ Outages justify risk ____?
 Is it ____ that I will ____ all my groceries ____?
 ____ electrical ____ the ____ of fresh produce?
 ____ is a question ____ whether ____ are endangering ____ availability _____.
 Will food be spoiled _____.
 Is there any risk ____ food availability, ____ perishing ____?
 Will my food go ____ because ____ outage?
 Does the lack ____ pose ____ danger ____ stock?
 Can ____ tell ____ that my ____ not be ____ by these ____?
 Can the absence ____ make ____?
 Is there a risk of ____ shortages ____?
 ____ power outage can ____ a threat to _____.
 I wonder ____ will ____ because of the power ____.
 What is the ____ groceries ____ reliable ____?
 ____ continuous ____ of electricity ____ the ____ of food?
 ____ power ____ may ____ food _____.
 The loss ____ could put our food _____.
 Is ____ a ____ idea to ____ about possible ____ to essential ____ without electricity?
 ____ availability of consumables ____ due to power ____?
 There ____ be ____ the lack ____ food stocks.
 Is ____ chance that ____ food inventory will be ____ goes out?
 ____ enduring outages have raised concerns about safe ____?
 ____ electricity ____ food resources?
 ____ you ____ risks of food ____ specifical perishing ____ electric ____?
 ____ food supplies at ____ lack ____ electric supply?
 ____ power outage ____ pose ____ threat ____ our ____ supplies.
 Is a threat to ____ frequent electricity ____?
 ____ there ____ a lack ____ electricity, should we ____ concerned about ____ food?
 ____ my food ____ bad ____ to this ____?
 Is ____ power will ____ food?
 ____ there ____ to food ____ electrical outages?

_____ about food _____ during _____ electrical storm?
 _____ possible _____ power _____ result in spoiled food?
 Is there _____ risk in _____ chain _____ of electricity?
 _____ that _____ absence of electrical _____ could deplete _____ stocks of _____?
 _____ it _____ our _____ fresh foods and other _____ items _____ be jeopardized by _____ of _____?
 _____ power going to _____ food?
 _____ a risk _____ food _____ from _____ electrical problems?
 _____ there be _____ effect on _____ stocks from the _____?
 Will _____ be _____ impact _____ when the electricity is _____?
 Our _____ items could _____ risk due _____ loss of _____ supply.
 _____ you _____ you'll _____ spoiled sustenance with no power?
 Is there _____ of _____ of _____ shortages?
 _____ for _____ lack _____ electrical supply to _____ stock of goods?
 _____ power outage _____ to dry up.
 _____ my food go _____ of this _____ power _____?
 _____ the constant _____ of _____ supply _____ our _____ at risk?
 _____ no power, _____ can we _____ fresh?
 Is _____ a _____ to our food supply _____?
 Will _____ persistent _____ shortage threaten _____?
 _____ it _____ for items to lose _____ freshness during _____?
 _____ the _____ electric supply _____ supplies?
 _____ the _____ of _____ endanger the stock _____ items?
 Do you have _____ about _____ compromised during _____ interruption?
 _____ risk _____ food supplies due to _____ power _____.
 _____ supplies _____ because _____ a constant lack _____ electric supply?
 _____ shortage affect _____ food supplies _____ have?
 _____ possible that _____ might _____ my _____ if _____ power goes out _____?
 Will power _____ jeopardize _____?
 _____ risking _____ food during the power _____?
 Is _____ electric _____ threatening food _____?
 _____ my _____ go _____ if there's _____ power _____?
 It _____ possible that periods _____ electricity _____ in _____ consumables.
 Should we _____ concerned about _____ to the _____ is no _____?
 Can _____ harm _____ goods?
 Is _____ continuous _____ supply putting food _____ risk, particularly _____ that are _____ spoil quickly?
 _____ have to _____ going bad without _____ electric mess?
 _____ electrical _____ impact _____ of _____ produce?
 Is _____ possible _____ lose all _____ groceries because the power goes _____?
 _____ the _____ of electric _____ affect food _____?
 _____ the _____ on _____ without energy?
 _____ we be _____ about _____ possibility of damage _____ essential _____ a _____ electricity?
 The _____ of power affects _____.
 Is the _____ of electricity _____ food supplies at _____ particularly _____ that are _____?
 Concerns _____ safe _____ of _____ have _____ raised by _____.
 Is it possible _____ items _____ vulnerable _____ spoilage when _____ power _____?
 Will the _____ electric _____ our _____ of goods?
 Food _____ by _____ shortages.
 _____ may _____ affected by _____ support.
 _____ supply threatening food vulnerability?
 _____ if there is _____ power?

Will _____ justify _____ the _____ outs?
 _____ supplies _____ at _____ of _____ lack of electric supply.
 Food supplies can _____ risk _____ goes _____.
 Preserving vital consumables _____ can _____ spoiled _____ without _____ be vulnerable.
 Our stock of goods is _____ supply _____ constant.
 _____ my food _____ of this _____ power grid?
 Food supplies _____ at _____ to _____ ongoing power _____.
 Will power _____ the _____ of _____?
 Is it _____ of electrical _____ could _____ or _____ stock of perishable _____?
 Are there any _____ to _____ to the _____?
 Is there _____ chance that _____ affect our _____?
 _____ any _____ that _____ provisions may _____ due to the lack of _____?
 _____ of _____ supply threaten _____ vulnerability?
 _____ periods _____ electricity cause _____ consumables that can _____ ruined.
 Is _____ any risk _____ food supplies _____ the _____ failures?
 _____ food going to rot _____ electric supply _____ off?
 _____ food _____ be in jeopardy _____?
 _____ will _____ if there are periods without _____.
 _____ do the _____ food supply?
 _____ electricity shortage be a _____ our food _____?
 I'm _____ if groceries _____ in _____ constant _____.
 _____ it _____ the _____ of electrical supply _____ the stocks _____ goods?
 _____ our food supply _____ put at _____ because _____ electricity?
 _____ there any _____ of power being _____ long _____ affect _____ inventory?
 _____ a _____ of power _____ to _____?
 Will _____ due _____ the power _____?
 Is _____ loss can ruin _____?
 The _____ shortage might _____ a _____ our food _____.
 Will _____ without electricity _____ consumables.
 Is _____ possible that _____ goods will _____ risk _____ electric goes _____?
 Does disrupted _____ safety _____ produce?
 _____ power _____ continues, could it endanger _____?
 Are power _____ the _____ of _____?
 _____ the electricity _____ a threat _____ supplies?
 _____ a _____ of electricity could _____ our access to fresh _____ and _____?
 _____ the lack _____ power _____ problems _____ food stocks?
 _____ possible _____ food items may _____ under _____ due _____ disruptions?
 _____ possible _____ of fresh produce _____ be _____ of continuous power cuts?
 I _____ risk to food supplies due _____ constant power _____.
 _____ it _____ that items are vulnerable _____ an _____ power failure?
 What _____ the effects _____ on _____?
 It's _____ power _____ endanger _____ supplies.
 Is the _____ goods?
 Is it _____ for _____ to _____ spoiled _____?
 Can you _____ not be destroyed by these electrical _____?
 Will _____ shortage _____ food _____?
 _____ don't _____ if I should worry about my groceries _____.
 Will _____ shortages affect the _____?
 _____ an electricity _____ would affect our _____ to fresh foods _____ similar _____?
 _____ loss may cause _____ to _____ jeopardy.

_____ supplies _____ at _____ due to _____ outage.

Is _____ for items to lose their _____ outage?

_____ ruin _____ safety of food?

Is the availability of _____ in _____ power _____?

_____ the _____ power failure affect _____?

_____ outs endanger _____?

_____ there _____ worry _____ in our provisions because of _____ lack _____ electric _____?

Can _____ cause _____ our goods?

_____ my food go _____ powerout?

Do _____ shortages _____ of food?

Does the _____ of _____ fruits _____?

_____ danger _____ to lack of electricity?

_____ there still the constant _____ supply _____ endanger our food _____?

Will _____ be _____ supplies due to the electricity _____?

Do _____ think there _____ to _____ specifical perishing _____ and electric _____?

_____ a lack _____ food stocks?

Is there any _____ inventory will _____ at _____ of power _____?

Is the continuous _____ to our _____ supplies?

_____ a _____ to _____ items due _____ electrical power _____?

_____ can be in danger _____ power goes _____.

Will _____ food _____ because of _____ power outage?

_____ would the _____ be on _____ no energy supply?

_____ power _____ food supplies?

_____ there _____ to food supplies due _____ failure?

_____ possible _____ access _____ foods _____ other _____ items will be _____ by _____ electricity shortage?

Is there _____ risk _____ food _____ due _____?

Will _____ electricity shortage _____ supplies?

_____ food availability issues?

_____ power _____ could _____ supplies.

Does _____ of electric _____ affect _____ availability?

Does our food _____ the _____ of power?

_____ possible _____ lack of power _____ the _____ unsafe _____ consumption?

_____ my food _____ to _____ don't get _____ supply back?

_____ the _____ loss of electric supply _____ a _____?

_____ be concerned about possible damage to _____ foods _____ of _____?
