

[Demo] NLP Dataset for Customer Service Automation

Company Type	Wealth Management Firms
Inquiry Category	Investment portfolio performance analysis
Inquiry Sub-Category	Account statement discrepancies
Description	Resolving inquiries regarding inaccuracies or discrepancies in investment portfolio statements, including missing or incorrect transactions, balances, or performance metrics.
Data Size	7,906 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Wealth Management Firm" customer inquiry. (Purchased data will not be masked.)

_____ possible _____ incorrect _____ was used while _____ returns _____ these reports?

_____ a chance _____ flawed _____ calculation _____ reported gains.

_____ could show _____ returns due _____ input.

There _____ have been _____ returns here.

Had bungled intelligence factored _____ displays _____ ?

There's a _____ that flawed information might affect _____.

There is a _____ data was _____ to _____ returns in _____.

Where _____ affect the _____ of reported _____ ?

_____ there _____ errors _____ calculating the returns _____ here?

_____ calculation process _____ incorrect _____ in _____.

_____ it _____ that you used _____ the returns?

_____ have _____ information that taints their _____.

Was there faulty _____ determination?

_____ it possible _____ reported _____ were influenced _____ incorrect _____ ?

Could there _____ in the _____ calculate the _____ ?

Was incorrect data _____ calculate _____ ?

I wonder if _____ used _____ those return _____ problems _____ these _____ ?

_____ a chance incorrect _____ was involved _____ the _____.

_____ the wrong _____ the returns on the paperwork?

When calculating the _____ in _____ did you _____ ?

Is _____ blame for _____ returns?

_____ it possible _____ data _____ used _____ compute _____ in _____ reports?

Is _____ possible _____ reports' inaccuracies stem _____ inputs during _____ ?

_____ could _____ a _____ that flawed _____ influenced the _____.

_____ it _____ that _____ used the _____ for the _____ ?

_____ return calculations were _____ incorrect _____.

Is _____ an _____ behind the reported returns?

_____ if wrong data _____ affect _____.

_____ figures _____ affect the _____.

_____ it possible _____ influenced the calculation of _____?

Is there _____ incorrect data _____ used to _____ these reports?

_____ case that _____ data _____ returns?

There _____ that _____ information influenced _____ returns pictured here.

_____ any incorrect input _____ present that _____ yield?

_____ you _____ the calculated returns?

There _____ flawed _____ influenced the calculated returns

_____ may have _____ made _____ the _____.

_____ returns could be _____ incorrect _____.

_____ the wrong _____ used _____ these _____?

_____ returns shown _____ these _____ were calculated _____ incorrect _____.

_____ were incorrect _____ return _____

_____ it _____ that _____ wrong _____ in these calculations?

_____ it inaccurate _____ was _____ presenting _____ financial yield?

Is _____ that inaccurate _____ return calculations?

Was _____ the wrong figures?

Did _____ wrong data _____ calculating returns in _____?

Is it inaccurate input _____ used _____ that _____?

_____ the reports _____ returns _____ to false input?

_____ data affects reported returns.

_____ it _____ that inaccurate data _____ used _____ presented _____ the reports?

_____ you _____ information _____ behind _____ returns?

Was it faulty _____ were _____ the _____?

_____ if flawed _____ affects the _____ of _____ accurately?

Wrong data _____ led _____ miscalculated returns on _____.

Do _____ they used incorrect figures?

Is it possible _____ the _____ show _____ false input?

_____ info _____ return _____ here.

_____ chance inaccurate data could _____ calculations?

It's _____ that _____ used incorrect figures _____.

Was _____ a problem _____ the _____ calculate _____ returns?

_____ possibility that flawed _____ influenced the _____ returns?

Is it _____ the reported _____ were affected _____?

_____ show incorrect returns due _____ false _____.

_____ possible that faulty _____ influenced _____ showcased _____?

Is inaccurate _____ used _____ the _____?

_____ it _____ faulty _____ influenced these _____.

_____ figures might _____ influenced the _____.

Miscalculated returns _____ be _____ to _____.

Could there _____ errors _____ calculating _____ here?

_____ a possibility that _____ affected the calculated _____?

The return _____ problems for _____ have _____ be done by _____ bad _____.

Is it plausible _____ bad _____ did _____ math problems _____ reports?

_____ it _____ that there _____ made during return _____?

_____ a chance _____ flawed information affecting _____ calculation of _____ gains _____.

Is the _____ incorrect _____?

Is there _____ reports _____ incorrect returns?

_____ likely that _____ were _____ made _____ working out _____ returns?

Is _____ possible _____ incorrect _____ was _____ to estimate _____ the _____?

Has _____ been a chance of _____ the _____ reported _____?

There _____ in _____ information used _____ calculate the _____ reports.

_____ it possible that _____ influenced the _____ of _____?

_____ it _____ that miscalculated _____ is behind _____?

Is _____ a _____ information might affect _____ figures?

_____ if incorrect _____ was taken into _____ while _____?

_____ it incorrect _____ calculate _____ returns?

Is it possible _____ were _____ with _____ wrong data?

_____ the _____ returns calculated _____ data?

The displayed _____ be affected _____ inaccurate _____.

_____ is _____ that flawed information influenced the _____ gains.

It's _____ that incorrect _____ was _____ estimate _____ the reports.

I _____ if the _____ information _____ the return _____.

There is _____ incorrect data _____ in generating the _____ the _____.

Is _____ possible _____ faulty _____ influenced returns _____ reports?

Miscalculated _____ related _____ incorrect data.

It's possible _____ used _____ be to _____ for miscalculated _____.

The _____ be altered _____ info.

Is _____ data _____ returns in _____?

The reports' returns _____ flawed _____.

_____ info _____ used for _____

_____ input _____ presenting that financial _____?

_____ details may have _____ returns.

Is _____ calculated returns _____ flawed _____?

Did you _____ up _____ the _____ in _____ reports?

Data used to _____ incorrect.

Were the data _____ these _____?

Is _____ a _____ of _____ these reported returns?

Is there _____ chance that faulty _____?

_____ inaccurate _____ changing return _____ here?

_____ incorrect _____ utilized for _____ determination?

Had the calculation _____ displayed rates _____ been _____ incorrect _____?

Is there _____ chance that wrong _____ figures?

There may _____ been flawed _____ in _____.

It _____ incorrect data was used to _____ the _____ these _____.

_____ data _____ reported returns.

_____ inaccurate _____ change return _____?

_____ info used for the return _____?

_____ use incorrect data to _____ in these _____?

_____ be some errors _____ returns.

_____ data _____ lead _____ returns on these _____.

_____ incorrect _____ could affect return calculations.

Is _____ used _____ calculate these _____?

_____ returns be _____ by _____ information?

_____ chance that _____ wrong information impacted _____ figures.

Were _____ data used _____ these _____?

_____ there _____ calculating the _____ returns within this _____?

_____ information _____ for the return _____?

_____ is _____ that flawed information affected _____ calculation _____ gains.

Is there a _____ that _____ calculation _____ gains was _____ by _____?

_____ chance that _____ information _____ behind _____ reported returns.

Could inaccurate info _____?

_____ miscalculation _____ info for _____ reports?

_____ for _____ reports might _____ done by some bad info.

_____ have _____ errors in calculating _____ showcased _____.

_____ the reports' accuracy related _____ improper _____ inputs _____?

Was _____ error _____ crunching _____ for the report _____?

Is _____ computation _____ by _____ improper data in the _____?

Is _____ a _____ incorrect data was _____ the _____?

_____ there an _____ utilized when _____ that financial _____?

It _____ possible _____ incorrect _____ used to _____ returns.

_____ figures used during the _____ process _____ reports?

_____ details factored _____ to _____ returns?

_____ into the show returns?

Is the reports' accuracy related _____ inputs _____?

_____ it likely that the faulty _____?

It's _____ faulty information _____ reported _____.

flawed information _____ returns

_____ mistakes _____ made _____ calculating _____ returns?

Is _____ that incorrect _____ was taken _____ while _____ those _____?

Is _____ incorrect data _____ used while estimating the _____?

The reported returns _____ affected _____.

Is _____ information _____ the _____?

_____ the _____ up on _____ reports?

_____ it _____ that _____ might affect _____ returns?

_____ presenting _____ was it _____ input?

_____ information could _____ earnings displayed.

Wrong _____ have been _____ in _____.

_____ incorrect _____ calculate shown returns?

Possibly flawed information _____ reports' _____.

_____ it possible _____ used _____ data when _____ the _____?

_____ incorrect _____ to _____ returns?

There _____ calculating the showcased _____.

_____ a _____ that flawed information _____ affect reported _____.

_____ be potential _____ impacting reported gains.

I wonder if _____ reports _____ incorrect _____ false _____.

_____ data used to _____ the _____?

Were _____ figures used _____ returns _____?

_____ faulty information influenced _____ reported _____?

Is _____ chance _____ have errors?

_____ possible that wrong data _____ used to _____ these _____?

_____ the data _____ returns displayed incorrect?

Was _____ factored into the _____?

Was misinformation _____ those _____?

There _____ a _____ information affecting _____ figures.

Is _____ plausible that _____ data was _____ to _____ these reports?

It _____ be _____ that _____ data _____ used _____ the returns.

Is _____ possible that _____ yield reports?

_____ you _____ the _____ to calculate the returns _____ these _____?

Is _____ possible _____ used _____ calculate returns _____ incorrect?

Was _____ calculate _____ returns incorrect.
_____ incorrect information was _____ account _____ stating those _____?
I would like to know _____ behind _____ returns.
Errors might _____ been _____ in _____ showcased _____.
Possibly _____ considered in _____ calculations.
Is _____ possible that faulty _____?
Can bad _____ returns in _____.
There _____ chance _____ flawed information may have _____ the calculation _____.
_____ possible that these reported _____ are _____ by _____?
_____ it _____ that incorrect information _____ used when _____ reports?
_____ may _____ returns because of _____ input.
_____ data may _____ led to _____ on these _____.
_____ possible that _____ info _____ change return _____ here?
_____ wonder _____ info _____ to do _____ return math _____ for these _____.
_____ there _____ chance _____ the displayed _____ affected _____ inaccurate info?
_____ inaccurate _____ return _____ here?
_____ that inaccurate info alter _____?
_____ any _____ the reported _____ due to miscalculated information?
_____ there _____ mistake in calculating _____ showcased _____ report?
_____ inaccurate data _____ calculations?
Is it possible that _____ miscalculated returns _____ these _____?
Is _____ return calculations affected _____?
It's possible that incorrect data _____ the _____.
_____ might _____ reported returns.
What if _____ affected the _____ reported gains _____?
_____ chance _____ flawed information _____ calculated returns?
_____ could be _____ in the _____ was _____ calculate the _____.
Was there any wrong _____ to _____?
There was _____ possibility of _____ impacting _____ of _____ gains.
_____ possible _____ incorrect _____ was used _____ calculate _____.
Is it possible that y'all _____ the _____?
Did _____ details affect _____ calculations of _____ rates _____?
_____ data used _____ returns?
Wrong _____ reported _____
_____ possible _____ faulty data influenced _____ reports.
_____ there any mistake _____ information used _____ calculate _____?
_____ data was included _____ the _____.
Is the _____ the returns?
_____ calculation of _____ returns messed _____ in these _____?
_____ possible that incorrect information was used to _____ reports.
_____ might have been _____ in _____ the showcased _____.
_____ a _____ information _____ affect return figures?
Was incorrect _____ determining return rates _____ documentation?
There _____ be potential for incorrect _____ of reported _____.
Was _____ the case _____ you _____ information _____ calculate _____?
I _____ some bad _____ to _____ the _____ problems for _____ reports.
_____ returns _____ these _____ may have been _____ with _____.
Was the _____ the returns _____?
There _____ been _____ included _____ calculating the _____ returns.
_____ it _____ that the _____ wrong _____?

_____ during return computation?

_____ it incorrect _____ calculate _____ returns?

Was _____ input included _____?

Is it possible that _____ returns presented in _____ data?

Is the _____ for in _____ presented?

_____ you use _____ data to _____ returns _____ these _____?

It's _____ that _____ information influenced _____.

There is _____ wrong information _____ the return _____.

_____ show incorrect returns

_____ there a _____ that _____ might _____ reported _____?

Is it _____ data was utilized _____ estimate _____ reports?

_____ displayed rates _____ might have _____ affected _____ incorrect details.

In _____ was _____ considered?

_____ figures may _____ returns.

Is _____ flawed _____ the _____ calculations?

_____ wrong _____ calculating these returns?

_____ a _____ of wrong data _____ miscalculated _____ these reports?

Is _____ data _____ in calculating _____?

_____ could be errors in _____ to _____ these _____.

_____ may have been considered when _____.

There _____ been mistakes _____ calculating _____.

Was inaccurate information _____ to _____ display _____ on _____ documentation?

There is _____ possibility _____ flawed _____ influenced _____ 888-666-1846 _____ 888-666-1846 888-666-1846 _____ 888-666-1846 888-666-1846 _____ 888-666-1846 888-666-1846 _____ 888-666-1846 _____

_____ you _____ information _____ calculating _____ on this paperwork?

_____ data _____ been flawed _____ these return _____.

There _____ have _____ errors _____ the showcased _____ in _____ report.

There _____ in the data _____ the returns.

_____ you use the _____ when _____ returns _____ these reports?

_____ we consider if _____ led _____ returns?

Did wrong _____ results?

Was the _____ wrong _____ returns?

Is it _____ data _____ used _____ the _____ presented _____ these reports?

Was the _____ yield presented _____?

Did _____ calculation of displayed _____ of _____ by _____ details?

Did you _____ a _____ wrong _____ for this _____?

_____ there an _____ for _____ calculations?

Was the incorrect _____ the _____?

Is _____ a _____ might _____ reported _____?

It _____ that _____ the reported yields.

_____ data accounted _____ in the calculated _____?

Bad _____ calculate returns in _____?

There is _____ that _____ information influenced _____ returns _____.

_____ reported yields _____ by _____ information?

Did _____ during the _____ process?

Is it _____ for return computation?

_____ wrong data _____ to _____ miscalculated _____?

Is _____ that the incorrect _____ was _____ compute the returns presented _____?

_____ possible that _____ figures were used for _____?

Is _____ possible that _____ influenced _____ returns?

_____ have been _____ in the _____ used to calculate _____ the reports.

____ incorrect ____ used ____ calculations?

____ incorrect ____ estimate the returns in ____ reports?

Is ____ tainting ____ returns?

____ figures ____ the reported ____?

Is it possible ____ the returns ____ these reports?

Did ____ use inaccurate ____ the ____ the returns?

____ was incorrect information ____ in ____.

____ figures used ____ the return ____?

____ reports presented wrong data ____.

Could there have ____ returns?

____ figures employed during ____ process?

Is there ____ chance ____ yields ____ influenced ____ information?

Is ____ that errors may ____ reported ____?

____ incorrect figures ____ for return ____?

____ it ____ that you ____ data to ____ the returns ____ these ____?

The ____ returns might ____ had ____.

____ information impact ____ of reported ____?

Maybe ____ wrong information ____ in ____ calculations.

Is faulty ____ to ____?

____ returns ____ affected by ____ information.

Is it ____ that ____ information for ____ reports?

You people think ____ used ____ figures for ____?

Is ____ possible that ____ returns ____ by ____?

____ possible that inaccurate ____ was considered ____ process?

____ that ____ presented based on ____?

____ the reports' errors ____ to incorrect ____ during ____?

____ possible ____ incorrect ____ was used to ____ returns?

____ figures may ____ been ____ for ____.

Is it ____ led ____ false returns ____ these reports?

Is ____ that miscalculated information ____ behind ____.

____ a chance that flawed information ____ reported ____ accurately.

Is there a ____ the returns ____ data?

____ data may have influenced ____ returns ____.

Could ____ affect ____ calculations?

____ that ____ information influenced these ____ yields?

Was ____ incorrect figure ____ in ____ return ____ process?

____ potentially ____ data considered in ____ calculations.

____ displayed rates ____ return have incorrect details?

____ made ____ calculating the ____ returns within the report.

____ possibility ____ incorrect information ____ calculation of reported ____.

Was ____ data ____ to calculate ____?

There ____ be errors in ____ calculate the ____.

Is there a ____ the reported ____ due ____ miscalculated ____?

Is ____ possible ____ was flawed ____ these return ____?

____ factored into ____ returns?

Is there ____ chance ____ flawed information ____?

____ figures ____ used ____ calculation process

Did wrong ____ affect ____?

Did you ____ when ____ the ____?

____ data ____ returns in these ____.

Is it ____ that inaccurate ____ influenced ____ on ____?

I ____ know if ____ influenced the ____ returns.

The ____ calculate the ____ was ____.

Is it possible ____ info ____ taken ____ account while ____?

Was faulty ____ the return ____?

____ it possible ____ could alter ____ calculations here?

Were ____ used ____ display return ____?

When ____ yield, ____ input utilized?

I wonder if ____ was ____ for ____ calculations.

____ errors in the returns?

____ it possible ____ involved in generating the ____?

____ it ____ that the inaccurate data was used ____ the returns ____?

____ incorrect ____ was taken ____ when stating the ____?

Is ____ a chance ____ are the ____ miscalculated information?

____ have ____ false ____ that influenced the ____.

____ figures were ____ calculations.

There ____ issues with the ____ calculate the ____.

____ it ____ that reported ____ the result ____ information?

____ gains ____ reports could have ____ affected ____ data.

____ it possible ____ was ____ when estimating ____ returns seen ____ these ____?

____ could be errors ____ shown ____.

____ is ____ that inaccurate ____ used ____ calculate ____ returns.

____ possible ____ incorrect ____ was used to ____ the returns?

Do ____ believe it is ____ that they ____?

The ____ possibly ____ incorrect ____.

____ a problem for return ____?

____ determining and ____ return rates on this ____ was ____?

____ for calculating shown ____ wrong?

____ have been errors ____ used ____ calculate these returns.

There is ____ chance that ____ affected ____ return ____.

____ gains ____ in these reports could ____ been ____ data.

There is ____ possibility ____ miscalculated information is ____.

____ data ____ returns ____ these reports?

____ there ____ chance ____ inaccurate data ____ return calculations?

Some errors may have ____ returns.

____ calculations may ____ been ____ by ____.

Isn't ____ that bozos used ____ for the ____ in ____?

____ the incorrect info ____ return ____?

It ____ possible that incorrect data ____ used ____.

____ can ____ affected by wrong ____.

____ used in ____ calculations.

____ the ____ yield ____ incorrect input?

Was faulty information ____

Is the reports ____ show incorrect ____ due ____?

____ inaccurate input ____ present a ____?

Was inaccurate ____ used ____ estimate return ____ documentation?

Is bad ____ returns ____ the ____?

Is ____ possibility ____ reported returns ____ result of miscalculated ____?

____ data used to ____ the returns ____.

____ tainted by flawed information.

_____ there a mistake with _____ to calculate _____?
 The _____ used _____ figures in the _____.
 _____ could be _____ to generate _____?
 There _____ a chance _____ flawed information _____ the _____ gains accurately.
 Did _____ use _____ calculate returns on _____ paperwork?
 Is it possible _____ faulty _____ influenced _____ these _____?
 Was _____ information _____ return determination?
 _____ utilized _____ presenting a _____ yield?
 _____ be problems with _____ information _____ to calculate _____.
 _____ mistake _____ the reported returns?
 Is it possible _____ yields were _____ flawed _____?
 _____ might have been _____ for _____.
 _____ the incorrect information _____ return _____?
 There _____ been _____ returns shown here.
 Was faulty info _____ determining _____ reflected by this _____?
 Is _____ chance _____ mistakes _____ returns?
 Is _____ for estimating the returns seen in _____ reports?
 _____ it possible _____ inaccurate data _____ affected return _____?
 Is it _____ info _____ considered _____ were stated?
 _____ possible _____ inaccuracies _____ considered during the return _____?
 _____ it _____ reported _____ were influenced by _____ information?
 _____ there a _____ inaccurate info could _____ return _____?
 _____ the _____ used for _____ wrong?
 Is it _____ data was _____ calculate _____ reports?
 _____ it possible _____ used to _____ returns presented _____ these reports?
 Is _____ inaccurate _____ used _____ present _____ financial _____?
 _____ possible that _____ data influenced _____ returns?
 Were _____ flawed data _____ return _____?
 Maybe _____ information _____ these _____?
 Isn't it _____ that they _____ for the _____?
 _____ it _____ that _____ math problems for _____ are _____ by bad _____?
 _____ data used to _____ the _____ may _____ been _____.
 _____ inaccurate _____ was used _____ calculate these returns?
 Is _____ possible that _____ info for these _____?
 _____ financial _____ using incorrect inputs?
 Is _____ that _____ led to incorrect _____ on these _____?
 Might flawed information _____?
 Is _____ possible that incorrect _____ during the return _____?
 _____ it possible that inaccurate _____ to _____ in these _____?
 Is _____ possible that _____ the _____ in the reports?
 Is this _____ faulty _____ the reported _____?
 It _____ possible that incorrect data _____ returns.
 Is there a _____ result of miscalculated information?
 The data used _____ was not _____.
 _____ possible _____ data led _____ wrong returns _____ these reports?
 There is _____ chance _____ affect reported _____.
 While _____ the _____ in _____ have incorrect data been _____?
 The _____ may _____ been influenced _____ information.
 I _____ info was used _____ return calculations.
 It's _____ data _____ for _____ wrong returns.

_____ the _____ figures _____ reported returns?

_____ it possible that _____ information _____ behind _____ returns?

Is _____ financial yield _____ with incorrect input?

Is _____ that _____ is behind _____ returns?

Was _____ for the _____ determination _____?

It _____ possible _____ inaccurate _____ have _____ calculations.

_____ a mistake _____ the returns in these _____?

Did you _____ a _____ data _____ returns?

_____ wrong figures _____ reported returns?

_____ incorrect data _____ used to _____?

_____ there _____ for return calculations?

_____ have been _____ in calculating _____.

_____ case that miscalculated _____ behind _____ reported returns?

_____ bad data affecting _____ these _____.

_____ were _____ to calculate return _____.

_____ wrong figures influence _____?

_____ may have _____ considered during _____.

Is _____ input utilized when _____?

Were incorrect _____ in the _____?

Was _____ details _____ into _____?

_____ it _____ that _____ used _____ data when _____ the returns in _____?

Bad data _____ affect _____ in _____.

Wrong figures _____ affect _____.

_____ there any _____ of _____ when calculating _____ shown here?

Is there _____ the _____ show incorrect _____?

The data _____ in the _____ returns was _____.

These _____ had incorrect _____ used in _____ calculation _____.

_____ used _____ the return calculations _____?

I want _____ if _____ when calculating the _____ these reports.

There _____ unknown _____ the _____ to calculate _____ returns.

Was _____ used _____ the return _____?

_____ chance _____ information impacted return figures?

_____ errors _____ the _____ to calculate the returns?

_____ incorrect information _____ used _____ calculate _____ in these reports.

Is there _____ flawed _____ affected the _____?

Do you think incorrect _____ calculations?

_____ were mistakes _____ calculating the _____?

Does _____ lead to _____ on these _____?

_____ data affect _____ returns?

_____ reported _____ by wrong figures.

Is it possible _____ have been used _____ returns?

_____ been _____ that incorrect data was _____ to _____ returns?

Is there _____ that _____ information is _____ these _____?

_____ have affected return _____.

_____ might _____ something wrong _____ the _____.

_____ have miscalculated _____ info _____ these reports.

Is there a _____ data _____ to _____ the returns _____ in the _____?

_____ it possible that faulty data _____ returns _____?

_____ to know _____ you messed up _____ calculating _____ these reports.

Is _____ possible that _____ information _____ yields?

The displayed _____ have _____ by _____ inaccurate information.
 _____ you think _____ data _____ compute the _____ presented _____ these reports?
 _____ incorrect figure used _____ calculations?
 _____ this _____ that faulty data _____ the _____ reports?
 _____ is possible _____ reported returns.
 There _____ chance _____ flawed _____ influenced the _____ returns.
 Is _____ possible that _____ used for _____ in here _____?
 _____ chance that _____ information affected return _____.
 Was _____ used to _____ the _____?
 _____ incorrect info _____ return _____?
 _____ a chance _____ errors _____ reported returns?
 Is _____ used in _____ the _____?
 The reports _____ due _____ wrong input.
 Did _____ in _____ used to _____ the returns?
 The _____ have _____ faulty _____ factored into _____.
 _____ chance that mistakes were _____ working out _____ returns?
 There _____ be wrong _____ reported returns.
 _____ information behind _____ returns?
 _____ returns could be due _____.
 Is it _____ information _____ used _____ calculating _____ returns in these _____?
 _____ during the _____ calculation process?
 _____ the potential for incorrect _____ impacting _____ gains?
 _____ could _____ errors _____ the _____ reported.
 _____ possible that faulty information influenced _____?
 _____ by improper information inputs _____ calculations?
 There could _____ calculating the _____ returns.
 _____ you _____ and use _____ information _____ calculate _____ on this paperwork?
 Were there _____ when _____ returns _____?
 _____ if the _____ returns are _____ by miscalculated _____.
 _____ the _____ data _____ in the _____?
 Is _____ possible _____ the _____ info _____ the return _____ for these reports?
 Can we consider if _____ data _____?
 Was _____ data _____ calculations incorrect?
 _____ is a chance that _____ information _____ to calculate _____.
 The _____ information _____ have _____ used _____ return calculations.
 _____ the information used _____ and _____ rates inaccurate?
 _____ may _____ errors _____ calculating the _____ inside the report.
 There may _____ tainting the _____.
 Were _____ incorrect _____ used _____ the calculation _____ reports?
 There were _____ the _____ used _____ calculate _____ returns.
 Could _____ show incorrect _____ of _____ input?
 _____ incorrect _____ used _____ the returns?
 These _____ incorrect figures used _____ the _____ process.
 _____ returns _____ be the _____ of incorrect _____.
 Is this possible _____ incorrect _____ used _____ returns _____ reports?
 _____ information used _____ return _____?
 Is the _____ in _____ wrong?
 We _____ if wrong data _____ to _____ returns.
 Is _____ likely _____ faulty _____ affected _____?
 _____ it likely that _____ bad info used _____ those _____?

Some reports ____ have ____ their ____.

Is ____ that ____ was used to ____ these reports.

Did ____ data that ____ wrong when ____ returns?

____ it possible that incorrect ____ used ____ returns ____ in ____ reports?

The ____ returns ____ affected by ____.

____ calculation ____ displayed ____ of return ____ from ____ details?

____ wrong data used ____?

Is ____ inaccurate when it comes ____ return ____?

____ flawed ____ influenced ____ calculated ____ here.

____ figures may ____ returns.

____ likely that incorrect ____ used to ____ returns?

Is ____ likely ____ incorrect information ____ the returns?

____ information ____ influenced the displayed ____.

____ info changing ____ return ____ here?

Incorrect ____ may ____ used ____ the return calculation ____.

____ a ____ flawed ____ affected the ____ returns?

There ____ a potential ____ to ____ reported gains.

Was inaccurate ____ used ____ determining return rates ____?

Is it ____ faulty ____ the ____ returns?

____ may ____ some errors ____ the information ____ calculate ____ returns.

____ chance ____ information impacting calculation ____ reported gains?

Was ____ data affecting ____?

____ data ____ in the report?

____ wrong data included ____ calculated ____?

How ____ it that ____ influenced the ____ on these ____?

Is ____ possible ____ data ____ for ____ returns ____ incorrect?

Is bad ____ to calculate returns ____?

____ information used on this documentation ____ determine ____ return ____?

____ these reported yields ____ faulty ____?

____ it possible ____ information ____ to calculate ____ returns?

Is there any ____ were ____ return computation?

____ wrong figures ____ reported ____ different?

Wrong details ____ be used ____.

Were ____ figures used ____?

____ this likely ____ the returns?

____ gains may be affected by incorrect ____.

The reports ____ have errors ____ the ____ to ____.

Is ____ that inaccurate ____ was ____ compute returns?

____ there have been ____ calculating ____ returns ____?

____ information used to ____ rates ____ this documentation?

Was incorrect information used ____ display return ____?

The reported ____ have ____ influenced ____ wrong ____.

Did there ____ the ____ used ____ the returns?

Is there a possibility ____ the ____ are caused ____?

Was the ____ the ____ flawed?

____ reports may ____ due to ____ during calculations.

____ incorrect information used ____ determine ____ rates on ____?

Was ____ bad ____ used ____ return ____?

Do ____ it is likely that ____ figures to ____?

Is ____ used ____ returns flawed?

____ it ____ faulty information influenced ____ yields?
 Was ____ data ____ the ____ data wrong?
 ____ used in calculating ____ returns ____?
 Is it ____ was ____ in the calculation ____ the ____?
 ____ miscalculated information is ____ these ____.
 ____ there any ____ in the information ____ calculate ____?
 ____ information used ____ determining return rates ____ this ____?
 Is it possible ____ reported ____ bad information?
 ____ reported returns could ____ been ____ by ____.
 Was ____ used ____ that ____ yield?
 There ____ errors ____ the ____ in this report.
 ____ if there ____ errors in ____ to calculate ____ returns?
 Wrong ____ could ____ influenced ____ reported ____.
 Was ____ used for ____ determination?
 There ____ have ____ errors in ____ the ____.
 It's ____ inaccurate ____ have ____ calculations.
 ____ figures ____ for return ____.
 ____ been errors ____ calculating the showcased ____?
 It's ____ was used ____ compute the ____ presented in ____ reports.
 Was the ____ for ____?
 Is it ____ that there is miscalculated ____?
 ____ info used ____ the returns?
 ____ it possible that the ____ led ____ miscalculated returns ____?
 ____ possibility ____ flawed information ____ the calculation of ____ gains?
 There could be a ____ flawed ____ returns.
 ____ you ____ when ____ the returns?
 Was ____ any faulty information ____ the ____?
 ____ it likely that inaccurate data ____ the ____ presented?
 Is ____ chance that incorrect info ____ considered ____ stating ____?
 ____ it ____ that ____ data was ____ compute the ____?
 Ain't it possible ____ the ____ was wrong?
 ____ there a ____ incorrect ____ impacting calculation of ____?
 ____ it likely that ____ data ____ the returns ____ incorrect?
 ____ were ____ for ____ calculations
 ____ there ____ calculating ____ showcased returns?
 ____ data ____ be ____ for miscalculated ____.
 ____ data was used while estimating ____ returns ____ reports.
 Is it ____ info ____ taken ____ account while stating ____?
 ____ used ____ calculate the returns ____ be inaccurate?
 Is it ____ information ____ used to ____ returns?
 ____ there ____ chance ____ the ____ figures were ____?
 There ____ have ____ used to calculate ____ showcased ____.
 Is there ____ that ____ inaccurate ____ slipped through ____ affected the ____?
 ____ there ____ used ____ return calculations?
 ____ there errors ____ the ____ to calculate ____ returns?
 Is it ____ incorrect ____ was ____ the ____ of the ____?
 ____ you ____ data when ____ returns in ____ reports?
 The returns ____ these reports ____ influenced by ____.
 ____ bad data to ____ returns in these ____?
 Is ____ possible that incorrect ____ reported ____?

reports may _____ false input
 _____ a possibility for _____ information impacting the _____.
 _____ the _____ math problems _____ reports _____ by some bad information?
 _____ were questions about the _____ these returns.

In the _____ used?
 Was inaccurate _____ to determine _____ display _____ return _____?
 Did you _____ information or use _____ information _____ paperwork?
 _____ possible that _____ incorrect _____ used to _____ returns in _____ reports?
 Is there any _____ affected return _____?
 _____ is _____ that _____ could affect reported _____.
 Is there _____ the reported _____?
 Was _____ info incorrect _____ return _____?
 Was _____ unreliable information _____ for _____?
 Is _____ a chance _____ information _____ return _____?
 There _____ in _____ that _____ used to _____ the returns.
 _____ misinformation _____ when _____ their declared _____?
 _____ could potentially be _____ information _____ calculation _____ gains.
 Investment _____ on the _____ affected by _____ data.
 _____ possible that some bad _____ caused _____ return _____ problems _____ these _____?
 _____ displayed _____ may have _____ affected by possibly incorrect details.
 _____ calculating the _____ in the _____ you use _____?
 _____ information _____ affect calculation of _____.
 _____ have _____ faulty details _____ into _____ returns.
 _____ it _____ used for return calculations?
 _____ the incorrect figures _____ for _____?
 The wrong information _____ used _____ these return _____.
 _____ chance _____ inaccurate _____ slipped through _____ affected the _____ returns?
 The _____ in these _____ calculations.
 _____ use incorrect data to _____ returns in _____?
 _____ been incorrect figures used _____ return _____.
 Is the data used _____?
 _____ a _____ some inaccurate _____ slipped through and _____ displayed _____?
 Wrong _____ reported return.
 _____ been errors _____ information _____ to calculate the returns _____ these reports.
 _____ financial yield, were inaccurate _____?
 _____ there _____ chance that inaccurate _____ affected _____ returns?
 Were the _____ data?
 flawed _____ reports' returns.
 Are returns _____ by _____ reports?
 Is it likely _____ faulty data _____?
 Data used to calculate _____.
 _____ is a _____ that _____ are _____ by errors.
 Is _____ a chance _____ incorrect _____ used _____ returns?
 _____ people _____ that _____ behind the reported returns.
 _____ figures _____ used _____ returns.
 How _____ it that they _____ when they returned _____?
 There could be _____ in _____ data _____ returns.
 Is it possible that _____ data led _____?
 _____ there a chance _____ made when _____ here?
 _____ possible that incorrect _____ was _____ estimate the _____ these reports?

Is _____ that inaccurate _____ was _____ to estimate _____?

Are _____ bad _____ to _____ returns _____ these reports?

Incorrect _____ could be _____ returns.

Is there _____ chance _____ have affected return _____?

_____ bad _____ affect _____ returns _____ these _____?

Might _____ data _____ blame for _____?

_____ figures for return _____?

Is it _____ that inaccurate data _____ to calculate _____ presented _____?

_____ used for return _____

There _____ been _____ calculating _____ returns.

Was incorrect _____ to determine _____ this documentation?

Might inaccurate _____ returns?
