

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Internet and Wi-Fi connectivity issues
Inquiry Sub-Category	Compatibility with devices
Description	Customers inquire about connecting specific devices to their Wi-Fi networks, seeking assistance in troubleshooting compatibility issues or understanding the requirements for successful connection.
Data Size	5,132 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

Why ____ some ____ slower internet speeds ____ compared to wired ____?

There are ____ get fast ____ when ____ wi fi.

____ there ____ cause ____ internet speed ____ wireless connections?

Why does ____ have slow internet ____ connected to ____?

Why do ____ devices ____ internet connections ____ they ____ on ____ wifi ____?

Is ____ a reason ____ internet speeds compared to ____ ones?

____ why ____ devices ____ slower internet speeds compared to wired ____?

Devices ____ not ____ wireless.

____ it ____ clarify the reasons for slower ____ speeds ____ by ____ wireless?

____ devices ____ slower ____ if they ____ wi ____ of the wired method.

____ can ____ slow when using ____.

Why ____ a device have slower ____ when connected to ____?

Some devices feel ____ the ____ wi-fi.

____ is ____ with ____ than wired?

____ devices ____ diminished ____ connection.

Is ____ possible to ____ the reasons ____ internet ____ by ____ when connecting ____?

Some devices ____ on the ____ connect via wi ____ instead of ____

____ the internet slower ____ than ____ wired internet?

____ devices ____ internet when ____ to aWiFi connection

____ devices ____ slower on ____ internet when ____ are ____ wi fi ____ wired

Some ____ experience ____ they are connected to aWiFi ____.

Why ____ some devices have ____ internet speeds when ____?

Why ____ devices ____ slower ____ connections when ____ through wi ____?

How come ____ connections ____ faster ____?

There ____ why certain ____ have slower internet through wi-fi ____.

When ____ wi fi ____ some ____ have slower internet ____.

____ slower on the internet when ____ than the wired ____.

Some devices feel ____ on ____ they connect ____ wi ____.

_____ reason _____ devices have _____ internet _____ wi-fi _____ unknown.

_____ devices _____ slower _____ wi-fi may _____ because _____ that.

_____ devices _____ able _____ experience _____ when _____ using wi fi.

When using _____ devices _____ slower.

Why _____ have poor internet connections when _____ connected via _____?

Is _____ possible _____ some _____ face slower net _____?

_____ there _____ reason why certain devices _____ slower _____ connected _____ wi fi?

_____ possible that some devices _____ internet speeds _____ via wi-fi?

_____ it _____ certain devices will _____ internet speeds _____ linked _____ wi-fi?

_____ why _____ internet speeds are slower _____ connecting with _____ wireless _____?

How do you _____ a _____ in _____?

_____ making _____ slow down?

There is _____ some devices _____ internet _____ wi fi.

There _____ question _____ some _____ have _____ when connected to a wireless _____.

_____ device have _____ slower internet _____ when _____ a wi fi _____?

_____ devices _____ internet _____ using a wi-fi connection.

There _____ some _____ on the internet when _____ through wi fi.

_____ devices _____ the internet when using _____ fi instead of _____

_____ some _____ have _____ speeds on WiFi _____ on wired _____?

_____ can be slow _____ using _____.

_____ does some devices _____ they _____ connected with a _____ network.

There is a _____ why _____ have _____ internet _____ wi-fi _____.

Is there _____ reason for _____ speeds _____ by _____ wireless _____?

Some _____ feel _____ on _____ internet than _____ do on _____.

_____ devices _____ get _____ internet when _____ using _____ fi

_____ do _____ devices have slower WiFi _____?

_____ is _____ slower than _____ stuff?

Is it possible that _____ may _____ slower _____ linked via _____?

_____ using _____ are _____ that _____ devices _____ slower on _____ internet.

There's a _____ internet-enabled _____ don't have _____ wired connections.

_____ do you explain _____ decrease _____ wireless _____?

_____ some devices struggle _____ internet?

_____ does _____ devices have _____ internet _____ when _____ are _____ with _____ fi network?

There _____ that _____ slower _____ connections when _____ wi fi.

_____ feel _____ on _____ internet _____ with wi _____ rather than wired _____.

Some devices _____ slower _____ wired ones

_____ do _____ experience _____ they are connected to _____ broadband connection

Why _____ devices _____ fi _____ to wired links?

There _____ reasons _____ some _____ get fast _____ they _____ connected _____ a _____ connection.

_____ there _____ for slow _____ wireless?

Some devices _____ slow _____ connections when they _____ wi _____.

Why do _____ devices _____ internet _____ when _____ to the _____?

_____ devices feel slower _____ the _____ on _____.

Is _____ a _____ for _____ in speed on _____ networks?

Why _____ devices have slower _____ connections _____ are _____ via wi _____?

Why do some _____ slower speeds _____ versus wired _____?

_____ do some _____ internet connections _____ they are _____ to a _____ network.

_____ possible _____ devices _____ slower internet speeds when linked _____?

Do you know _____ certain _____ may have _____ speeds _____ fi?

Why _____ slower _____ cables on _____?

_____ with slower internet _____ wi-fi might _____ of _____.

Some devices are slower on _____ instead _____ wired connections.

_____ slower internet through _____ is _____ noticeable _____ others.

_____ have _____ when _____ are connected to wi fi.

There are some _____ devices _____ slower on the _____ via wi _____.

_____ devices _____ slower on the _____ they connect through wi _____.

_____ does the use _____ a wireless network _____ internet speeds _____?

Some devices _____ slower _____ the internet when _____ wi _____.

_____ can feel slower on the internet _____ they _____ the _____.

Is it _____ certain _____ have _____ than _____ connections?

Why do _____ devices have lower internet speeds _____ internet _____?

_____ there a _____ why _____ devices _____ slower internet _____ when _____?

_____ don't _____ fast internet _____ they're connected to _____.

_____ possible that slower _____ wi-fi _____ than a wired connection.

Why _____ devices have slower _____ they connect _____ fi?

_____ is there _____ decrease _____ speeds?

_____ internet-enabled _____ don't have _____ through wired _____.

_____ something to _____ internet-enabled _____ don't _____ faster internet _____ wired connections

There _____ reasons why _____ slower _____ the _____ when using wi _____.

Why _____ the internet _____?

_____ devices that have slower _____ connections when _____ a wi-fi _____.

_____ slow _____ internet when they use _____ fi.

There _____ that _____ devices _____ internet when _____ connected with aWiFi connection

Some _____ don't _____ when _____ to wi fi.

Why is _____ for specific _____.

_____ do _____ devices have _____ speeds _____ using _____ fi?

_____ why certain devices _____ speeds _____ connected to _____ wi fi connection?

Why do _____ devices have _____ speeds when _____ fi network _____ wired ones?

_____ could be an _____ internet _____ on certain _____ those using _____ connections.

There are some _____ have fast _____ connected using _____ fi.

Why _____ devices have slower _____ are linked via _____?

Certain internet-enabled devices do not have _____.

_____ why _____ devices may _____ slower internet speeds when _____ via _____?

_____ any _____ for slower internet _____ on _____ connections?

_____ there _____ for _____ speeds on wireless connections _____ slower?

There could _____ a reason _____ devices _____ slower _____ through _____ others.

Certain _____ with slower internet through _____ more _____ wired _____.

_____ something _____ why _____ internet-enabled devices don't _____ internet through _____ connection.

_____ does some _____ a slower _____ connection _____ a wi fi _____?

_____ come _____ a wire connection than with a _____ connection?

_____ does _____ devices _____ slower internet connections _____ use _____ network?

Devices _____ go _____ on _____.

_____ slow on the internet _____ they _____ via _____ fi.

_____ slower internet speeds when _____ to a _____ network _____ wired connections at home?

_____ is a reason certain _____ enabled _____ quicker internet _____ connections.

Some devices _____ connected to a wi _____ network.

There _____ some reasons _____ don't _____ fast _____ connected _____ aWiFi connection.

Why do some _____ have _____ internet _____ when _____ via _____?

_____ feel _____ when connecting via _____ fi, instead _____ the wired connection.

_____ might be _____ why _____ devices _____ slower _____ through wi-fi are _____.

_____ some _____ slower internet _____ when they _____ a _____ fi network?

Some devices _____ connections have _____ connections.

Why do _____ internet speeds _____ connected via wireless?

_____ devices _____ slower _____ when _____ are _____ a wi-fi network.

Why _____ connections be as _____ wired _____?

_____ there any _____ be slower on wi-fi _____ cables?

It _____ be a reason why _____ slower _____ wi-fi.

_____ internet speeds for _____ compared to using a _____ connection?

There _____ devices don't _____ fast _____ when using wi _____

_____ possible that _____ devices _____ experience _____ when _____ viaWiFi instead of _____ connections?

Certain _____ with _____ through _____ are more noticeable _____ those _____ connections.

_____ devices feel _____ internet _____ are connected to _____ fi.

_____ devices that use _____ fast internet.

Some gadgets _____ reduced _____.

Some _____ will feel _____ on the _____ when _____ fi instead _____ wired.

_____ wireless _____ connections affect _____ speeds for devices compared _____ physical network _____?

_____ don't go fast _____

Why is _____ that _____ for specific electronics _____ than _____?

_____ some devices have slower _____ have wi fi?

Why do _____ devices _____ speeds on _____ to wired _____?

_____ do certain _____ slower internet speeds _____ are _____ via _____ wired connections?

There _____ possibility _____ internet through wi-fi _____ reason for _____ devices.

There are reasons why some _____ get _____ when _____ wi _____.

How _____ wireless _____ connection _____ internet speeds _____ instead of _____ connection?

Some devices _____ on _____ internet when _____ use wi _____ as _____ method.

Why do _____ internet connections _____ connected to a wi _____?

_____ are reasons _____ devices _____ have fast internet _____ they _____ connected _____.

_____ wireless _____ behind wired connections?

Why _____ certain devices _____ internet _____ connected _____ a wi fi network _____ to _____ network?

When connected with _____ fi _____ devices _____ slower _____ connections.

_____ network connection affect internet speeds _____ types of _____?

_____ do some _____ slower _____ when connected _____ a wi fi _____?

_____ the slower internet speeds on wireless _____?

The use _____ wi-fi _____.

_____ the cause _____ diminished _____ performance on _____ devices?

_____ the _____ for _____ devices when _____ are connected _____ wi fi?

_____ might _____ a reason for _____ devices to _____ internet than _____.

_____ does _____ have _____ internet _____ when they're _____ a wi-fi _____?

_____ do _____ devices have lower internet speeds compared _____?

_____ wireless is not as _____?

_____ are _____ some devices don't experience fast internet _____.

Some devices feel slower _____ the _____ they connect _____ wi _____ instead of _____.

Some devices _____ through _____ are more noticeable _____ devices _____ wired _____.

Why _____ some gadgets _____ on _____ internet than when _____?

Some _____ are slower _____ the _____ when _____ via _____ fi _____ of _____.

Why is _____ is _____?

_____ reason _____ are _____ on the internet compared _____ cables?

_____ using _____ some devices _____ on the _____

_____ connecting via wi _____ some _____ on _____ internet.

_____ feel _____ on the internet.

_____ devices _____ slower on _____ internet when _____ wi _____.

_____ is something _____ internet-enabled devices don't have _____ through _____ connections.

_____ devices don't experience _____ fast internet _____ with _____.

There are reasons some devices _____ the internet _____ they _____ wi _____

_____ wireless _____ connection affect _____ speeds _____ devices _____ a _____ connection with your services?

Why _____ some _____ slower _____ speeds when connecting _____ hardwired?

There's a possibility _____ through wi-fi is more noticeable _____.

_____ do _____ devices have _____ internet _____ when _____ fi compared _____ home wired _____?

Why do _____ devices have slower internet _____ while _____ a _____?

There _____ a _____ devices with _____ through _____ are more noticeable _____ others.

_____ may be _____ why _____ devices have slower _____ than others.

_____ don't _____ fast internet when they _____ fi.

Some _____ have _____ slower internet connection _____ they _____ connected _____ wi _____.

There is a _____ devices have _____ internet _____ instead of _____.

Why do devices _____ on _____ not _____?

Some _____ the _____ when they _____ via wi fi _____ wired connections.

_____ have slower _____ connections when they're _____ wi fi connection?

_____ devices feel _____ when _____ fi rather than the wired method.

_____ the wireless _____ not as _____?

Why do _____ slower _____ on _____ than the wired _____?

How _____ you _____ the slower internet speeds _____ devices when _____?

_____ some _____ experience slower _____ linked via wi-fi _____ of wired?

_____ is _____ reason for the _____?

_____ reasons some _____ have fast _____ when _____ to aWiFi.

_____ be a _____ devices _____ slower internet _____ wi- fi.

There _____ reasons _____ slower _____ internet when connecting via _____ fi

_____ devices don't _____ when connected with wi fi.

Why _____ some gadgets take longer _____ internet compared _____ cables?

_____ result in _____ speeds for certain _____ compared to wired _____?

Why do _____ devices _____ slower _____?

_____ there a reason why certain _____ may _____ slower internet _____?

_____ devices _____ slower _____ connecting with a _____ fi connection.

Why _____ gadgets _____ bit _____ to _____ the internet _____ when _____ cables?

Some _____ connections with a _____ fi connection.

_____ devices _____ on the _____ to wi _____ than wired connections.

Some gadgets _____ slower _____ with _____.

_____ devices slower on wireless _____ wired links?

The _____ is _____ devices are connecting _____ wi _____.

It _____ that wifi _____ compared to wired _____.

Do _____ slower internet speeds _____ wireless connections?

_____ are slow on _____.

Was there _____ for _____ internet speeds _____ wireless _____?

Devices feel slower _____ the _____ via _____ fi.

_____ are some _____ on _____ internet _____ to _____ wired ones?

_____ is _____ that some devices _____ slower _____ the internet _____.

_____ devices _____ slower _____ the _____ when connected to _____ instead of _____.

_____ devices being _____ on the internet than cables?

_____ isWiFi slower than _____?

_____ are reasons some _____ feel slower on _____ internet while _____.

_____ there any _____ why some _____ slower internet speeds when _____?

____ do some devices lag on ____ but ____ ____ ?
 ____ devices with slower internet ____ are ____ wired connections.
 Why ____ devices have ____ when they are connected ____ wi-fi ____?
 ____ it because ____ slower ____ connections ____ they are connected via ____ ?
 There are some ____ don't get ____ internet when ____ aWiFi.
 Why are ____ speeds ____ on the internet ____ wired ____?
 There ____ reasons ____ won't experience fast ____ when using ____ .
 Why is wireless ____ ?
 ____ a ____ have slower ____ connections ____ connected ____ a wifi ____ ?
 There are ____ reasons ____ devices ____ fast ____ when ____ aWiFi connection.
 ____ there a ____ devices are slower on the ____ ?
 There may be a ____ internet through wi-fi.
 ____ to ____ the reasons for slower internet ____ when ____ with ____ device?
 ____ devices feel slower ____ internet ____ connect ____ wi-fi.
 ____ devices ____ slower ____ the ____ wired connection.
 There is a ____ certain internet-enabled devices ____ wired ____
 Why ____ have slower internet connections ____ they ____ to ____ Fi network?
 Why are ____ devices slower on the ____ wired ____?
 ____ on ____ than cables.
 ____ the ____ slower internet speeds ____ connections explained?
 ____ slower on ____ internet than on ____ connections.
 ____ slower ____ the internet ____ on the cables?
 Is it ____ that certain ____ may ____ internet ____ via wi-fi?
 What is ____ reason ____ speeds on wireless ____ ?
 ____ will not experience fast internet ____ they are connected ____ .
 There are ____ why ____ devices ____ fast ____ when ____ with a ____ .
 It is possible ____ slower ____ through wi-fi ____ for ____ .
 ____ certain ____ slower ____ wired ones?
 Why ____ that ____ devices ____ slower ____ when connected to ____ wi fi ____ ?
 There could be a ____ certain ____ slower ____ wi-fi.
 ____ devices ____ on the ____ when they use ____ of wired ____ .
 Why don't ____ connections ____ fast as ____ ?
 There ____ why some ____ feel ____ on ____ internet ____ to wired ____ .
 ____ do some ____ slower ____ they are connected ____ a wi-fi ____ ?
 ____ slower ____ internet when ____ use wi fi ____ opposed to ____ connections.
 ____ fi ____ the ____ connection, some devices feel slower.
 ____ is ____ possibility that slower internet ____ wi-fi ____ be more ____ with ____ .
 Is ____ a cause for diminished ____ internet ____ ?
 ____ wi-fi ____ than cable?
 Why ____ slow ____ electronics usingWiFi?
 ____ are reasons some devices ____ slower ____ the ____ wired ____ .
 There ____ be a ____ why ____ slower internet ____ fi.
 Is ____ reduced ____ for ____ gadgets?
 Why do some ____ experience slower internet ____ wi-fi?
 It's ____ devices ____ have quicker internet through wired ____ .
 ____ have ____ internet ____ if they are connected ____ wi ____ .
 Why ____ it ____ are ____ on ____ than cables?
 Some ____ feel ____ internet than wired connections ____ .
 ____ a reason ____ have ____ slower internet through wi-fi.
 Some ____ don't get ____ they ____ using wi ____ .

Some devices feel _____ the _____ when they're _____ fi instead _____.

_____ devices feel slower on _____ internet when _____ wi _____ than _____.

Some devices _____ slower _____ the internet when _____ wi fi instead _____.

_____ certain _____ have lower internet _____ compared to _____?

Why _____ online _____ over _____?

Why does some _____ connected to a wi _____ connection?

_____ don't get fast _____ are _____ aWiFi connection.

Some _____ feel slower when using _____ of _____.

_____ internet _____ be slowed down.

_____ some devices _____ slower on _____ internet when _____ via wi _____

_____ are _____ don't _____ fast internet when connected with _____ connection.

Was it _____ to the _____ wireless connections?

_____ than wired internet.

Certain _____ are slower when using wi _____.

Why _____ some devices have slower internet _____ when they _____ in _____ area _____?

_____ devices _____ slow on the internet _____ using wi-fi.

_____ might _____ reason _____ certain _____ slower internet through _____ more obvious.

_____ devices feel _____ on _____ when _____ connected through _____ fi.

There _____ be a _____ certain devices with _____ internet _____ are _____.

_____ some _____ have slower internet _____ are connecting to a _____ fi _____?

_____ does some _____ have _____ when they _____ connected via _____ fi.

_____ certain _____ experience _____ speeds when _____ to _____ internet via wireless?

_____ do _____ why some devices experience slower _____ connecting via _____?

Is _____ slower internet speeds _____ wireless connections?

Some devices _____ slower on _____ they _____ through wi _____.

There _____ reasons _____ some _____ do not _____ when using wi _____.

_____ some devices _____ slower _____ wi _____ compared to wired _____?

When _____ wireless, some devices _____ internet _____ wired connections.

There's something to why _____ devices _____ have quicker internet _____.

_____ to explain _____ devices _____ slower _____ speeds when connecting wireless?

_____ does some devices have slower _____ when _____ wi _____?

Some _____ feel _____ the _____ compared _____ wire connections.

_____ are reasons why _____ internet when _____ have aWiFi connection.

_____ the _____ the sluggishness _____ wireless _____?

Why _____ devices have _____ internet speeds when connected to _____ wi-fi _____ compared _____ wired _____?

There _____ reasons _____ devices _____ not _____ internet when connected _____ broadband connection.

Some devices feel _____ when _____ wi fi instead of _____ method.

There _____ are slower _____ the internet when _____ via wi _____.

Some devices don't experience _____ connecting _____ fi.

_____ slower _____ the internet when _____ connect _____ wi _____ instead of _____.

Some devices _____ fast _____ when they are _____ a _____

_____ speeds _____ some _____ are slower than _____ wired _____.

Why do some _____ internet _____ via wi-fi?

_____ you have _____ explanation _____ the _____ speeds on _____ connections?

It could _____ certain devices _____ through _____ than through _____ connections.

_____ are reasons _____ feel slower on the _____ when using _____ fi _____.

Some devices _____ on _____ internet _____ they _____ wi-fi.

Why _____ some _____ slower internet _____ when _____ a wi fi _____?

_____ some _____ lag on wi _____ not wired _____?

_____ using wi _____ some _____ don't _____ fast _____.

_____ some _____ don't _____ fast _____ when they are connected with _____
 Some _____ on the _____ when they _____ connecting _____ wi fi _____ the wired _____
 _____ a _____ why devices are _____ on _____?
 _____ is the reason why _____ may have slower _____ via _____?
 There _____ something _____ why _____ enabled _____ have quicker internet _____ wired _____.
 _____ reasons why some devices don't have _____ when connected _____.
 _____ why some devices _____ with wireless _____?
 Some devices feel _____ the _____ they connect via _____ instead _____ wire.
 _____ slower on the internet than _____ wired links?
 _____ causes devices _____ experience _____ speed _____?
 What is the cause _____ wireless connection _____?
 _____ feel slower on _____ internet _____ the wired _____.
 _____ the internet when _____ are connected via wi _____ of the wired _____.
 Has there _____ cause _____ slower internet speeds _____?
 _____ does _____ slower internet connections when _____ connected with _____ fi _____?
 _____ is possible to feel _____ on the internet _____ wi _____ connections.
 _____ that _____ via _____ can feel _____ the internet.
 Is it because _____ devices _____ when connected _____ WiFi?
 Why _____ some _____ internet _____ they are _____ to wi fi?
 Some _____ than _____ using wi-fi.
 _____ feel _____ on _____ internet when they're _____ via wi _____ of _____.
 _____ devices feel _____ the internet _____ they _____ connected via _____.
 _____ it possible _____ certain devices to _____ speeds _____ via wi-fi?
 _____ are some _____ some devices don't _____ internet _____ they _____ connection.
 There _____ devices _____ fast internet _____ they are _____ with _____ connection
 _____ reason certain internet-enabled _____ don't _____ through wired _____ is _____.
 _____ is a reason for _____ performance _____ be _____.
 _____ the internet _____ fast as the wired _____?
 _____ some _____ that _____ with wireless _____.
 Is there a _____ devices _____ slower _____ through _____?
 Why _____ difficulty with _____ internet?
 _____ do _____ experience _____ internet speeds when they _____ wi-fi?
 _____ why _____ devices don't _____ internet through wired connections.
 Is there _____ devices being slower _____ cables?
 Some _____ on the _____ compared to _____ counterparts.
 _____ slower _____ compared to cables.
 It _____ because certain devices _____ internet through wi-fi _____ connections.
 _____ a reason why devices _____ slower on _____ on _____?
 _____ devices _____ slower _____ connections when they are _____ wi fi?
 It's _____ certain _____ have slower _____ wi-fi instead _____ wired _____.
 _____ does some _____ internet _____ when they're connected through _____?
 _____ slower _____ through _____ a reason.
 Some _____ when they are connecting via _____ fi, rather _____ the wired _____.
 _____ that _____ wi-fi feel _____ internet.
 There is a _____ with slower internet through _____ noticeable _____.
 Is _____ why certain devices _____ internet _____ wired?
 _____ devices have _____ connection when _____ are connected _____ fi.
 Why do some _____ slower _____ the _____ on _____ cables?
 Some _____ don't experience _____ internet when they _____ connected _____
 Why do _____ experience _____ internet _____ when connecting wireless _____?

Why _____ some _____ have _____ internet connections _____ a wi-fi _____?

_____ be a reason _____ certain _____ internet through _____ more _____ than wired devices.

Devices _____ on _____ when _____ are connected _____ the internet.

Is _____ reason for _____ to be slower _____ to _____?

Why _____ some devices have _____ connections when they _____ a _____ fi _____?

Is _____ a _____ certain devices _____ slower _____ than wired _____?

_____ devices have _____ internet connections when _____ wi fi.

There _____ a _____ that certain _____ with _____ through _____ are more _____.

Is _____ reason why _____ devices _____ internet compared _____ wired _____?

The _____ feels _____ for _____ devices when they _____ fi _____ wired _____.

_____ there _____ reason _____ devices _____ be slower on _____ than _____?

_____ do certain _____ have _____ speeds when _____ to the wi-fi network compared _____ wired _____?

_____ causes devices _____ speed _____?

Some _____ feel _____ on the internet when _____ wi-fi.

_____ why _____ devices don't get fast _____ when _____ aWiFi connection.

_____ the internet _____ for specific _____ using _____ andWiFi?

There _____ a reason for _____ devices with _____.

_____ devices don't _____ fast internet when _____ internet via _____ wi _____.

Some _____ feel slower on the _____ connecting _____ fi _____ hardwired.

Some _____ have _____ connections _____ used with a _____ connection.

_____ is _____ internet slower for _____ using _____?

_____ be _____ reason why certain devices have _____ connections.

Why does some devices _____ internet _____ when _____ with _____ fi _____.

_____ is _____ slowing _____ on this crappy wireless _____?

_____ come _____ connections _____ as _____?

_____ does a device have _____ internet connection _____ it's _____ wireless _____?

_____ wi fi slower than _____?

Some devices don't experience the _____ when _____.

Some devices _____ slower internet _____ connected _____ wi _____.

Some _____ don't _____ when using wi _____.

_____ to _____ that _____ devices don't _____ internet through wired connections.

_____ is a reason _____ devices _____ internet _____ of wired connections.

Why _____ devices have slower _____ connections, when _____ a wi fi _____?

_____ might be _____ reason why some _____ have _____ wi-fi than _____.

_____ any _____ devices are _____ on _____ than cables?

There _____ reasons some devices _____ the _____ when they use _____.

Some _____ feel slower on the internet _____ to _____ internet.

_____ might be a _____ certain devices with slower internet through _____ than _____.

_____ feel slower on _____ internet _____ via wi _____ than _____ wired method.

_____ devices feel slower on _____ internet _____ wi-fi _____.

_____ wireless _____ as fast?

_____ devices _____ fast _____ when connected using _____ fi.

_____ internet _____ some devices _____ are connecting _____ wi fi.

_____ the use of a wireless network _____ speed _____ internet _____?

Is _____ certain _____ may experience _____ internet speeds when _____ internet?

How _____ the _____ is _____ with _____ wire connection _____ a _____ connection?

_____ wi-fi, _____ feel slower than others.

_____ are reasons _____ internet when _____ to wi fi.

_____ there _____ reason _____ certain devices may experience _____ internet _____ linked _____ wi _____?

_____ gadgets slow _____ on the internet _____ using _____?

_____ are _____ reasons why _____ devices _____ not experience _____ internet when _____ .
 _____ some devices have _____ internet connections _____ they are connected to _____ network?
 Is _____ possible _____ the reasons _____ slower internet _____ when _____ wireless?
 There are reasons why some devices don't _____ internet when _____ .
 _____ there a reason _____ internet speeds _____ certain _____ be _____ those _____ wired _____ ?
 Some _____ fast internet _____ they have aWiFi _____ .
 _____ don't experience _____ internet when _____ are connected to _____ .
 _____ do some _____ slower internet _____ they use a _____ connection?
 Is there a reason _____ certain devices _____ slower _____ ?
 Why _____ the _____ slower than _____ certain _____ ?
 _____ are slower on the internet _____ they _____ via wi _____ instead _____ .
 Some devices _____ experience _____ internet when _____ .
 _____ some device's _____ on _____ fi?
 Some devices with slower internet _____ noticeable _____ connections.
 There _____ reasons _____ feel slower _____ the internet when _____ via wi _____ .
 Why _____ certain _____ experience slower internet _____ linked _____ ?
 The internet _____ for _____ than wired _____ .
 There are _____ some _____ feel _____ on the internet when _____ .
 Some _____ on _____ internet when _____ to wi fi instead _____ wired _____ .
 I _____ if _____ a _____ slow online performance over _____ .
 _____ devices _____ experience fast _____ when _____ the _____ the wi-fi network.
 Why do _____ devices _____ slower _____ connections _____ a wi _____ ?
 Why _____ slower _____ wired _____ ?
 _____ there _____ certain devices _____ experience slower internet speeds when _____ ?
 It _____ that some _____ feel _____ on _____ connecting via wi-fi.
 There _____ don't _____ fast internet when _____ to the internet _____ .
 _____ is _____ wi fi?
 Why _____ devices _____ slower internet _____ compared _____ wired _____ ?
 Some devices feel _____ the _____ when they connect _____ fi _____ .
 Was _____ a reason for _____ internet _____ for _____ devices?
 There are _____ reasons _____ have _____ internet _____ they _____ aWiFi connection.
 _____ using _____ devices feel slow _____ the _____ .
 Why are some _____ compared to _____ devices?
 _____ the _____ slower on _____ WiFi?
 _____ connections are _____ than wired _____ ?
 _____ a _____ devices _____ slower on wi- fi?
 Why _____ some devices experience _____ speeds _____ connecting via wireless _____ ?
 _____ do _____ speeds when they are connected _____ wireless network?
 Why _____ slower on the _____ when using _____ ?
 When _____ wi _____ devices feel _____ on the _____
 Is it _____ certain _____ have _____ wireless?
 _____ devices don't _____ when connecting to _____ fi.
 _____ reasons _____ devices don't get fast internet _____ connection.
 _____ are reasons some _____ feel slower _____ internet _____ they _____ .
 Why _____ some _____ have slower _____ connections _____ they _____ connected to _____ fi _____ ?
 Some devices do _____ internet when using _____ .
 Some devices _____ speeds _____ connected via _____ .
 There are reasons _____ devices feel _____ on _____ internet _____ wired _____ .
 Some _____ have _____ connections _____ they are _____ via wi _____
 Do some gadgets _____ slower _____ ?

_____ devices with slower _____ connections _____ connected _____ wi _____.

Why _____ some _____ slower internet speeds when _____ network?

Why do some _____ have _____ internet _____ when _____ fi?

Some _____ feel _____ connected via wi fi instead of _____ method.

Why does _____ devices _____ connections _____ they _____ to _____ wi Fi network.

Some _____ have slower internet through _____ does through _____.

_____ a reason why certain devices _____ slower _____ compared _____?

There _____ a _____ why certain devices with _____.

_____ isn't _____ faster than _____ connection?

_____ gadgets have _____ internet _____ when connected to _____ fi?

_____ the internet _____ with _____ network?

_____ reasons that some _____ don't _____ fast internet _____ to aWiFi connection.

There is something to why certain _____ wired connections.

_____ reasons that some devices don't _____ internet _____ fi.

_____ isWiFi _____?

_____ using wi _____ some devices _____ on _____ internet.

_____ devices feel _____ on _____ when connecting via wi _____ of the _____.

_____ devices to _____ on _____?

Is _____ a _____ by some devices when connecting _____ wireless?

Some devices don't _____ internet _____ they have _____.

_____ some device's _____ slower _____ fi?

There _____ be _____ reason some _____ have _____ internet _____.

_____ a _____ for _____ devices _____ have slower _____ wired devices?

_____ certain devices _____ lower _____ speeds when _____ a wi _____ compared _____ a wired _____ at home?

_____ is _____ why certain _____ devices _____ offer quicker _____ through wired _____.

_____ there a reason devices _____ on the _____ on _____?

_____ devices _____ the internet when they _____ via wi _____ of wired _____.

_____ there _____ reason why _____ may have slower internet _____ linked _____ wi _____?

_____ do some _____ slower _____ when they are connected _____ fi

Why _____ wi-fi _____ cable _____?

Why does _____ connections _____ are connected _____ a wi-fi network.

_____ reasons why some _____ internet when _____ to a broadband _____.

_____ is more noticeable than with wired connections.

Why do _____ experience slower _____ speeds _____ connected _____ fi connection?

Is _____ a reason for _____ be _____ on _____ to cables?

Is _____ a reason _____ be slower _____ wi-fi?

Some devices _____ on _____ when connecting _____ wi- _____.

_____ experience slower _____ speeds _____ connected _____ the internet _____ wi-fi.

Why are _____ wi-fi than _____?

_____ up with _____ of wireless _____?

_____ is _____ to a wi _____ connection it _____ slower _____ connections.

_____ slower _____ the _____ connecting via wi fi instead of _____.

What causes WiFi connections _____ ones?

_____ devices feel _____ the _____ while connecting via _____.

_____ does some devices _____ internet connections when they are connected _____ internet _____?

_____ come Internet _____ faster with a _____ than with _____?

Why _____ lag _____ wired connections?

Why _____ internet slower _____ WiFi than _____ wired _____?

What slows _____ internet for _____?

Why _____ the _____ down when _____ a wi-fi _____?

_____ devices _____ fast internet _____ using _____ fi.

When _____ wi-fi some _____ than _____.

_____ could _____ a _____ why _____ devices with _____ through wi-fi _____ of wired _____.

Why _____ some devices have a _____ internet _____ when connected _____?

Many devices _____ slower on _____ connecting _____ wi fi instead _____ wired _____.

_____ devices _____ slower internet _____ when connected _____ a wireless _____?

What are the reasons _____ on wireless _____?

_____ some devices _____ slower internet _____ when _____ to a _____ fi _____?

_____ don't experience fast internet when _____ wi _____.

Why _____ connections _____ wired?

What _____ to _____ for wireless devices.

_____ it _____ wi-fi _____ are slower?

_____ does some _____ slower _____ connections when connected _____ internet via _____ network?

The slower internet through wi-fi _____ be _____.

Why _____ have _____ speeds on _____ internet compared to _____ wired _____?

_____ is _____ fi internet _____ than the _____?

_____ are slower devices _____.

Some _____ when connecting via _____.

There is _____ reason some internet-enabled _____ not _____ quicker _____ wired _____.

Some _____ slower on _____ when they connect _____.

Why does _____ slower _____ connections _____ to a wi fi _____?

_____ some _____ on the internet than _____ wired connection?

Why do certain _____ slower _____ connected _____ wi fi compared _____ wired _____?

There _____ be _____ reason _____ certain _____ with _____ internet through _____ are _____.

_____ reasons _____ some devices _____ get fast _____ when they use _____.

What is _____ cause _____ diminished wireless _____ devices?

There are _____ some devices _____ get fast _____ they are _____.

Is _____ to explain _____ slower _____ speeds _____ wireless connections?

_____ that devices are _____ on _____ internet than _____?

Some _____ go slow _____.

_____ theWiFi internet slower _____ wires?

Is it _____ that _____ devices _____ internet than _____?

_____ causes a _____ in wireless _____ devices?

_____ connected _____ some _____ slower internet speeds.

_____ a _____ for slower performance _____?

_____ are _____ why some devices experience slower _____ wireless.

_____ devices _____ slower internet _____ wi _____.

_____ might be a _____ certain _____ have slower internet _____.

It _____ a _____ why _____ devices with _____ internet through _____ more _____.

Why _____ some _____ experience _____ speeds when connected _____ wireless _____?

_____ a reason _____ on _____ devices _____ be less _____ on wired connections?
