

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---|
| Company Type | Auto Repair and Maintenance Shops |
| Inquiry Category | Problems with the alternator |
| Inquiry Sub-Category | Inquiries about alternator lifespan and maintenance |
| Description | Customers might seek information about the average lifespan of an alternator and the recommended maintenance intervals. The shop will provide guidance on maintaining the alternator's health, including regular inspections, cleaning, and replacing components as needed, to prolong its lifespan and prevent major issues. |
| Data Size | 5,121 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)
