

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Complaints regarding high electricity bills
Inquiry Sub-Category	Usage patterns and habits
Description	Inquiries regarding changes in consumption habits, appliances, or equipment that may be causing an increase in electricity usage and subsequent higher bills.
Data Size	12,761 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ it ____ that faulty equipment is ____ my ____ ?
____ wondered if flawed machinery ____ up my ____ .
I ____ gear was ____ all my ____ .
____ bad ____ responsible for ____ costs?
____ flawed ____ cause ____ bills?
Is it ____ my ____ consumption ____ going ____ of faulty ____ ?
Is my ____ making ____ more ____ ?
____ defects ____ the increased energy ____ ?
____ defects ____ increased energy consumption.
Maybe ____ causes ____ bills.
____ might ____ that substandard ____ causes ____ use.
____ power ____ could ____ by faulty ____ .
____ might be that ____ to ____ energy use.
Is ____ likely that ____ bits increased ____ ?
Bad ____ might ____ usage.
____ the ____ to faulty items?
Flawed ____ costly electric.
____ faulty machinery is affecting ____ .
Is the ____ usage rates ____ by ____ ?
____ it ____ that shoddy equipment ____ increase my ____ ?
Does ____ cause my ____ go ____ ?
Might ____ cause an increase ____ ?
____ stuff raising ____ ?
Is ____ use due to ____ ?
____ equipment causes ____ energy ____ .
Is ____ going ____ increase my ____ ?
Is ____ rising ____ due ____ equipment?
Does ____ apparatus ____ power ____ ?
____ faulty ____ expensive utility bills?

_____ faulty _____ cause of _____ bills?
 High _____ usage _____ by _____ equipment.
 Can equipment _____?
 _____ gear _____ hike energy _____.
 _____ it doable _____ equipment _____ my utility _____?
 _____ faulty _____ use to go up?
 _____ high _____ influenced by bad _____?
 Is my _____ of _____ malfunctioning?
 busted _____ increase _____?
 _____ is probably _____ by _____ equipment.
 _____ malfunctioning _____ increase electricity _____?
 Does _____ machinery _____ costs.
 _____ machines surge _____ bills?
 Is _____ that's making _____ bills _____?
 _____ broken _____ likely _____ cause _____ electric _____?
 _____ broken gear _____ consumption _____?
 Has _____ high energy _____?
 _____ bad stuff _____ bills?
 Is _____ for rising _____ costs?
 I _____ if bad _____ hogging all _____ true.
 It _____ appliances _____ high electric bills.
 _____ equipment _____ cause _____ to _____?
 _____ equipment _____ cause consumption _____?
 _____ a _____ glitch and rising electricity intake.
 _____ causing expensive _____?
 _____ machinery is _____ rise _____ electricity usage.
 _____ my energy costs _____ faulty _____?
 Is the energy bill _____?
 _____ possible that faulty _____ the reason _____ expenditure.
 Is the _____ bad _____ makes my _____?
 _____ to higher bills.
 _____ may _____ causing _____ bills.
 _____ it possible that _____ using more electricity _____ equipment?
 I _____ am using _____ electricity _____ to faulty equipment.
 _____ are _____ inflating my _____ bill
 _____ my bills _____ due to _____?
 Did flawed machinery _____ my _____ go _____?
 Is it _____ broken _____ cause electric _____ to _____?
 Is it _____ faulty equipment _____ inflating _____ usage?
 _____ faulty gear _____ to _____ in power _____?
 Should faulty machinery be _____ a rise _____ electricity _____?
 Is _____ a _____ faulty devices and high _____?
 I wonder if _____ are increasing _____.
 Faulty _____ raise power _____.
 _____ equipment _____ I _____ using more electricity?
 _____ gear _____ be _____ my _____.
 Is _____ energy _____ flawed equipment?
 _____ my electricity _____ rising _____ machinery?
 _____ malfunctioning machinery cause _____?
 _____ equipment _____ cause _____ energy _____.

I _____ I _____ electricity due to faulty _____.
 Maybe _____ and _____ electricity _____ are _____.
 There _____ be _____ between equipment glitch _____ electricity _____.
 Is it possible that bad gear _____.
 _____ it _____ that _____ equipment contributes to _____ use.
 _____ if _____ machinery _____ causing my energy costs _____?
 _____ equipment _____ energy use?
 _____ equipment be causing _____ energy use?
 Are devices _____ are _____ consumption?
 A _____ in _____ may be _____ by _____ machinery.
 Is _____ possible _____ the broken appliances _____?
 _____ impacting _____ power usage?
 Will _____ devices _____ consumption?
 Is it possible that faulty _____ more _____?
 _____ it _____ faulty _____ my _____ go up?
 Is _____ power bills?
 _____ fuels _____ energy use
 Can _____ defects _____ consumption?
 _____ damaged equipment _____ energy _____?
 Is _____ possible that _____ could _____ my utility _____?
 _____ faulty devices _____ power _____?
 _____ faulty devices be _____ blame _____ use?
 Does _____ machinery _____ to _____?
 If equipment is damaged, can _____ lead _____?
 _____ machinery use _____ more _____?
 Is _____ possible _____ equipment _____ can _____ expenditure?
 _____ are _____ equipment problems _____ to _____ bills.
 _____ could increase _____ use?
 Is _____ using more energy because of _____?
 Is broken _____ blame _____ the _____?
 Are _____ devices _____ energy _____?
 _____ unlikely that busted _____ power _____?
 Does _____ equipment _____ the _____ energy _____?
 Does _____ machinery _____ electric _____?
 Could _____ gear _____ increase _____?
 Would suggested _____ explain the _____ consumption _____?
 Is _____ increasing _____ costs?
 Is it possible to _____ due _____ faulty _____?
 _____ machinery affect _____ costs?
 Could _____ cause a _____?
 _____ make my bills _____ up?
 Should _____ appliances _____ bills?
 _____ faulty _____ use to increase?
 _____ power _____ with _____ gear?
 Could faulty _____ cause _____ use _____?
 _____ are _____ to faulty devices.
 Is equipment _____ enough _____ high _____?
 _____ possible _____ flawed _____ causing my energy costs to _____ up?
 Does faulty _____ electricity _____?
 _____ my huge energy _____ flawed _____?

Is it ____ that shoddy ____ utility use?
 ____ machines can surge ____.

Does ____ cause electricity ____ go ____?

High energy ____ to substandard ____.

____ possible that ____ equipment will ____ energy use?

Is ____ inflated ____ faulty ____?

I wonder ____ driving my energy costs ____.

Is it possible ____ faulty ____ higher ____ costs?
 ____ might cause costly ____.

____ bad ____ raising ____ energy usage.
 ____ are to blame ____ consumption?

Do faulty devices ____ pay ____?

Can ____ devices ____ use?
 ____ energy high due to flawed ____?

Is ____ possible that busted ____?

Are broken things ____?

What ____ electric bill ____ going up because ____ your ____?

Is ____ that defects explain ____ consumption ____?
 ____ suggested ____ increases in energy use?

The reason for ____ energy ____ tools.
 ____ faulty devices ____ to ____ high ____ consumption?

Could ____ be hogging ____ my ____?
 ____ broken ____ caused ____ electricity ____?
 ____ power ____ because ____ busted bits?
 ____ higher utility ____ caused by ____?

What ____ broken ____ increase ____?
 ____ that ____ cause huge electricity costs?

Is it ____ devices could ____ energy costs?

Can ____ that ____ been ____ to more power ____?

Flawed ____ electric ____ to go ____.

I wonder if ____ crummy ____ is ____ energy.
 ____ drain escalate ____ to faulty ____?

Can faulty ____ blame for ____ in my electricity ____?
 ____ damaged ____ able to increase ____?
 ____ faulty ____ inflated ____ energy ____?

Is ____ possible to increase ____?
 ____ there ____ energy expenditure as ____ result ____ damaged ____?

Do ____ think my ____ gone up due ____ faulty ____?
 ____ there ____ chance ____ messed-up stuff is jacking up ____?
 ____ energy costs ____ up ____ faulty devices.

Is ____ capable ____ power usage?

Is it possible ____ hikes ____?
 ____ possible that malfunctioning machines ____ costs to ____?

Is it possible ____ defects ____ explain ____ increase ____?

There ____ be a ____ between equipment ____ electricity ____.
 ____ the energy ____ malfunctioning machinery?
 ____ busted gear ____ go up?

Do you believe ____ gadgets are ____ the ____?

Would ____ increase ____?
 ____ are inflating ____ energy bill.

Is ____ devices boosting ____ ?

Is ____ hardware ____ the ____ electricity use?

Can ____ increased energy ____?

Is there ____ increase in ____ if equipment ____?

____ lead ____ increased bills.

Problematic ____ inflating ____?

____ malfunctioning devices ____ power ____?

____ power consumption increase ____ to ____?

____ possible that faulty equipment ____ causing me ____ energy.

Was ____ possible that shoddy ____ my utility ____?

Can ____ cause ____ usage?

____ lousy gear ____ hogging all my ____?

Maybe ____ can ____ power ____?

____ the ____ for ____ electricity bill?

____ bad equipment have an impact ____?

____ increase ____ bills.

Might ____ energy expenditures to ____?

____ is being boosted by ____.

faulty ____ my energy ____?

____ might lead to increased ____.

____ device ____ for ____ consumption

____ my ____ to flawed equipment?

Is the gear that's ____ my ____?

Is ____ excessive power ____ equipment?

faulty machinery is ____.

____ possible that ____ can lead ____ increased energy ____?

I ____ to ____ if faulty ____ is increasing ____ energy ____.

____ wonder ____ faulty machinery ____ electricity usage.

Is ____ possible ____ shoddy equipment ____ use?

Is ____ to flawed equipment?

____ machinery ____ the electrical bill?

____ problems ____ rising ____ intake could ____.

Would these ____ the increase ____?

____ bad equipment ____ of energy?

Is ____ possible I'm using more ____ equipment?

____ machinery cause ____ to ____?

____ use more electricity ____ faulty ____?

____ my energy costs go ____?

faulty ____ hike energy ____

____ possible that ____ can cause an increase in ____?

____ more electricity ____ due ____ faulty ____?

Is there a ____ between ____ defects and ____?

____ there an ____ energy ____ caused ____ faulty ____?

____ I ____ energy ____ bad gear?

____ more power ____ to ____ equipment?

Is ____ that ____ equipment ____ consume more energy?

Does faulty apparatus ____ higher ____?

Are ____ cause ____ power usage ____?

____ equipment ____ in increased power ____?

How ____ problems ____ to higher ____?

_____ that _____ glitch _____ rising electricity intake _____ linked.

_____ machinery may _____ a _____ in electricity _____.

Bad equipment _____ energy _____.

What _____ high electric bills?

_____ faulty _____ increasing energy _____?

Maybe _____ gear _____ my _____.

_____ electricity _____ due _____ faulty equipment?

Is there a _____ flawed tools _____.

Is _____ hardware _____ to _____ utility _____?

_____ faulty _____ increase _____ energy _____?

_____ be hogging my _____?

faulty _____ my _____ costs?

Is _____ possible _____ malfunctioning _____ huge electricity costs?

Is _____ to cause _____ use?

I have high _____ usage, _____ affect _____?

Is _____ possible that damaged _____ leads _____ power _____?

Will _____ increase _____ cravings _____?

Does _____ machinery affect _____?

_____ busting _____ inflating electric _____?

_____ wonder _____ am using _____ electricity due _____ faulty _____.

Defected devices _____?

_____ it _____ faulty equipment _____ my _____ to increase?

_____ in equipment leading _____ use?

Might malfunctioning _____ energy _____?

_____ if _____ energy _____ being increased by _____ machinery.

Does damage _____ equipment lead _____?

Is _____ in gear to escalate _____ drain?

_____ if _____ using _____ electricity due _____ faulty equipment.

Is _____ items are using _____ power?

_____ equipment damage _____ an increase _____ energy _____?

I _____ if _____ could affect _____ energy _____.

I _____ if faulty _____ causing _____ rise in _____ usage.

_____ chance that busted bits will _____ usage?

Is _____ energy _____ due to _____ equipment?

_____ faulty gear to _____?

_____ gear affect my _____?

Do you _____ machinery would _____?

_____ it probably _____ broken _____ cause high _____?

Is there a _____ hardware _____ electricity use?

_____ broken _____ us _____ use _____ electricity?

Is my _____ by _____ equipment?

Can damaged _____ to _____ usage?

Some _____ may be _____.

Is _____ due to equipment _____?

_____ bad _____ increase _____ drain?

_____ equipment _____ behind _____ energy use.

_____ lead to increased _____ use?

Is _____ to blame for _____?

_____ energy consumption _____ faulty equipment.

_____ machines malfunctioning increase _____?

_____ malfunctioning _____ boost _____?
 Is _____ faulty items _____ use?
 _____ contributes to _____ use
 _____ bad equipment _____ energy _____?
 _____ highenergy consumption _____ faulty _____?
 _____ wonder _____ devices could increase _____.
 Can _____ affect _____ power _____?
 Does _____ result in higher _____?
 _____ broken _____ blame _____ high _____ bills.
 Is faulty gear _____ reason _____?
 _____ devices causing power consumption _____?
 _____ items increase power _____?
 _____ my energy _____ increasing _____ devices?
 _____ it likely _____ broken appliances causes _____?
 _____ all my energy?
 _____ bills spiking _____ of the _____?
 _____ you _____ busted bits _____ usage?
 Maybe _____ use _____ due _____ equipment.
 Is there _____ power _____ equipment?
 _____ that crappy appliances _____ me into an _____ hogs?
 _____ with equipment may _____ higher _____.
 There are possible correlation _____ issues _____ electricity _____.
 _____ faulty appliance _____ bill?
 Is it likely _____ cause _____ electric _____?
 _____ causing electric _____?
 Is _____ affected by malfunctioning _____?
 _____ want to know _____ machines _____ my _____ intake.
 Is it _____ that _____ devices _____ raising _____ costs?
 Would the _____ the increasing _____ amounts?
 _____ defects _____ energy _____ being used?
 _____ appliances cause energy _____ up?
 Is broken appliances what _____?
 Maybe _____ bits _____ usage.
 Could _____ gear be _____ for _____ power _____?
 _____ equipment defects contribute _____ higher _____?
 Will _____ increase _____ use?
 Will damaged _____ cause _____?
 _____ malfunctioning machines _____ boost _____?
 _____ machinery _____ causing _____ in electricity usage
 Is it possible _____ increase _____?
 _____ faulty _____ causing _____ use more electricity?
 _____ equipment can _____ high _____.
 I _____ machinery are _____ my energy _____.
 Might _____ machinery _____ to increase?
 _____ there _____ my power bills will _____ because of _____ stuff?
 _____ could result _____ higher _____ charges.
 Is it _____ that _____ are _____ high energy _____?
 _____ machinery _____ electric usage?
 _____ it possible _____ defects in equipment _____?
 Is faulty gear _____ bill?

_____ it possible malfunctioning machinery _____ expenditure?

It's possible that _____ driving up _____ consumption.

Should _____ affect _____ energy usage?

_____ consumption may _____ to faulty _____.

_____ power _____ be because _____ gear.

Is broken appliances _____ bills?

_____ there a _____ that _____ bills are going up _____ stuff?

Would _____ explain the _____?

_____ true that I _____ using more _____ faulty equipment?

_____ bad _____ high energy _____?

Is my _____ bill _____ faulty _____?

Do you _____ faulty gadgets _____ power usage?

I _____ if faulty _____ is making _____ usage _____.

_____ hardware cause more _____?

Flawed _____ be causing _____.

I _____ faulty _____ is _____ my _____ consumption.

_____ consumption is _____ to _____ caused by faulty _____.

Is it _____ equipment _____ utility use?

_____ malfunctioning cause _____ to _____ up?

_____ devices _____ raising _____ energy costs.

_____ there _____ power usage caused _____?

Damage _____ more energy expenditure.

Does damaged _____ increase _____?

Do _____ gadgets are causing me _____ use _____ power?

_____ the _____ my bills _____?

_____ it _____ shoddy _____ might increase my _____ use?

_____ it possible _____ higher _____ charges would _____ gear?

_____ bad _____ my energy _____?

Might _____ machines _____ energy _____?

Is it _____ that _____ items are _____?

Could _____ cause _____ to _____ more _____?

Is _____ hiking _____ use?

Is _____ appliances _____ into _____ electricity hog?

_____ my _____ usage _____ malfunctioning devices?

_____ use _____ be increased _____ gear.

Does busted _____ energy?

_____ power usage _____ to _____ malfunction?

_____ equipment _____ cause _____ energy _____?

_____ energy _____ raised by bad _____?

Is _____ that faulty _____ high energy _____?

Could _____ defects explain _____ consumption amounts?

_____ malfunctioning devices _____ power consumption?

_____ it _____ faulty machines can _____ to _____ electricity _____?

Is power _____ due _____ gear?

_____ the high energy _____ devices?

Could _____ be to _____?

How _____ gear _____ my _____ usage?

Is _____ that _____ lead to high electricity _____?

_____ machinery be _____ for _____ energy costs?

Could malfunctioning _____ energy consumption?

Does _____ have a _____ utility _____?

Is _____ that broken _____ high electric _____?

Would _____ higher charges?

_____ may be _____ all _____ energy.

I wonder _____ faulty _____ cause _____ bills.

There's _____ gear _____ increased _____.

_____ soaring _____ expenditure due _____ tools?

_____ a _____ that faulty _____ can lead to _____ costs?

_____ the power usage increased _____?

Would _____ explain _____ in energy _____?

Is _____ use _____ faulty equipment?

_____ it _____ cause energy bills to go _____?

_____ equipment _____ energy bills?

Are the _____ making me _____ of electricity?

_____ if _____ machinery is causing _____ rise _____ electricity usage.

_____ guess broken things _____?

_____ up my power _____?

_____ equipment be _____ more _____?

Does substandard hardware _____?

_____ tools make _____ more fuel?

Is _____ usage caused _____ faulty _____?

_____ wonder _____ the faulty gear is _____ bills _____.

Could malfunctioning devices _____ power _____?

_____ there a chance that _____ will _____ because of _____?

_____ caused by faulty devices?

I _____ know if faulty _____ increase _____ costs.

_____ my crappy _____ making me _____?

Might shoddy _____ my _____?

_____ possible that flawed _____ cause _____ usage _____ increase?

Do _____ have bad gear _____?

_____ could be _____ my _____ usage.

Do you _____ faulty gadgets are _____ power _____?

True, faulty _____ surge _____?

There _____ be _____ that _____ energy.

Is _____ energy use?

Is _____ consumption _____ because _____ devices?

Is it _____ utility _____ increases because _____ shoddy _____?

Is it possible that _____ jacking up my _____?

_____ malfunctioning machines could _____ energy?

_____ lead to higher _____?

_____ it _____ the _____ could hike energy _____?

_____ the suggested defects _____ energy _____?

_____ if _____ machinery will _____ increasing _____ energy consumption.

_____ broken hardware _____ electricity use?

Power _____ may _____ faulty items.

Energy bills could rise _____.

The _____ electricity intake could _____ linked.

_____ broken appliances _____ high electric _____?

Is my energy bill _____?

Is broken hardware _____?

_____ can hike energy _____

Does _____ use of energy?

Can _____ gear cause _____?

_____ flawed machinery drive _____ costs?

_____ energy _____ can _____ caused _____ bad _____.

Is _____ faulty machines _____ electricity costs _____ increase?

Can _____ affect _____ usage?

_____ malfunctioning machines lead to _____?

_____ possible that _____ machines increase _____?

_____ equipment _____ faulty _____ consumption?

_____ wonder if faulty _____ are raising _____.

_____ my _____ bill _____ by _____ appliances?

_____ a _____ apparatus _____ electricity _____?

I _____ if flawed _____ power _____.

_____ power _____ go up because of messed up _____?

Is _____ machinery inflating _____?

_____ it _____ that damaged _____ can _____ increased power _____?

_____ equipment effect _____ energy _____?

_____ equipment _____ my _____ bill

Is _____ possible _____ items are _____?

_____ possible _____ equipment damaged could lead _____ increased _____?

Is there any chance that _____ power bills _____ because _____?

_____ busted bits _____ usage.

_____ malfunctioning devices _____ usage?

Would faulty _____ more electricity _____?

_____ that has increased _____ consumption?

_____ busted gear inflate _____?

I am not _____ I _____ using more _____ of _____.

_____ bill related _____ malfunctioning appliances?

Is _____ a _____ that _____ messed-up _____ is jacking _____ power _____?

_____ excessive power usage?

_____ the gear _____ causing my bills _____ go _____?

_____ electric usage _____ malfunctioning _____?

The energy use could _____.

Is _____ chance _____ flawed tools increase _____?

Is _____ energy consumption _____ devices?

Some _____ my energy bill.

Is _____ energy _____ of flawed _____?

_____ the gear _____ is _____ that _____ my bills go _____?

_____ could _____ increasing _____ to faulty machinery.

_____ issues _____ rising electricity intake _____?

_____ gear _____ my high _____?

Is broken _____ electricity _____ excessive?

_____ the gadgets causing _____ power usage _____?

Could _____ my energy?

Flawed gizmos _____ costly _____

_____ my _____ use influenced _____ devices?

_____ utility charges be caused _____?

_____ equipment _____ and _____ electricity _____ be _____?

Defective machines _____?

Is it possible _____ equipment increase _____?
 _____ broken stuff _____ electric _____?
 _____ that _____ machines are _____ up my energy _____?
 Is _____ possible that _____ gear would _____ higher _____?
 _____ machinery _____ electric usage?
 Is the _____ making _____ spike?
 _____ a _____ with high _____ due _____ faulty devices?
 _____ faulty gear _____ reason _____ bills?
 _____ wonder if _____ machinery may be _____ energy _____.
 Do _____ think _____ power _____ goes up _____ faulty _____?
 _____ it _____ is leading _____ an increase in energy _____?
 _____ increase due to faulty _____.
 Is it _____ bits can _____ power _____?
 Is _____ a chance that my power _____ up _____ stuff?
 Does _____ contribute _____ energy use?
 Can _____ responsible _____ high _____ use?
 I wonder if _____ increase _____.
 _____ the _____ electricity _____ broken hardware?
 Is it possible that defects _____ explain _____?
 _____ it possible _____ faulty _____ will _____ bills?
 Does _____ use more _____.
 _____ it _____ broken appliances cause _____ electric _____?
 _____ equipment cause consumption _____?
 _____ the equipment _____ and _____ electricity _____?
 _____ raising my power intake _____?
 faulty _____ be _____ up _____ consumption
 Is it possible that _____ charges?
 _____ energy spiked _____ bad machinery?
 _____ faulty _____ causing power _____?
 Is _____ electricity bill?
 Was it _____ that _____ all my energy?
 _____ to _____ to _____ power usage?
 Do you think _____ power due _____ in _____?
 _____ bad equipment make _____ increase?
 _____ malfunctioning machinery the _____ increased _____?
 Might _____ machinery increase _____?
 Is _____ energy consumption from _____?
 Is there _____ faulty _____ and _____ electricity costs?
 Is excessive _____ use _____?
 _____ may result in _____.
 _____ faulty items are _____.
 _____ bad machinery cause _____?
 Is _____ possible _____ boost electric cravings?
 _____ faulty _____ inflate electric _____?
 _____ my _____ energy use _____ by _____?
 _____ sense for shoddy equipment _____ utility use?
 Could _____ be _____ energy use?
 _____ bad _____ cause high energy _____.
 _____ the _____ by the faulty _____?
 _____ this possible _____ tools _____ usage?

Is malfunctioning _____ responsible _____ expenditure?
 _____ broken _____ energy use?
 _____ gear is _____ increased _____.
 _____ machinery _____ my energy _____?
 Is _____ possible _____ hardware _____ excessive electricity use?
 _____ faulty _____ make use _____ more?
 _____ power consumption _____ faulty gear.
 Does flawed _____ bills?
 _____ energy use comes _____ equipment.
 _____ it possible _____ faulty machines _____ to overspending _____?
 _____ an effect on energy use.
 There is _____ possible correlation _____ rising _____ intake.
 Is it _____ for _____ to cause _____ usage?
 Does _____ cause higher _____?
 _____ inflating my usage rates?
 Is _____ linked _____ higher _____ use?
 _____ gear _____ energy use.
 Is _____ equipment causing _____?
 Are my _____ faulty appliances?
 Is _____ possible _____ will cause _____ bills?
 _____ likely that broken _____ cause _____?
 Is _____ increased _____ flawed _____?
 Is _____ caused _____ faulty devices?
 Is it _____ would _____ increasing _____ consumption?
 Is _____ that _____ cause _____ in electricity costs?
 _____ could _____ causing pricey _____.
 _____ energy costs could _____ of faulty _____.
 Is _____ machinery _____ energy _____?
 Does busted _____ increase _____?
 _____ it _____ equipment is forcing me _____ more energy?
 _____ the _____ bad _____ causing my bills _____ go _____?
 I _____ if _____ faulty devices _____ increase _____ energy _____.
 Is _____ that _____ equipment causes my _____ up?
 It _____ possible that _____ machinery is _____ costs.
 _____ faulty gear _____ energy?
 _____ my _____ going up because _____?
 Maybe _____ machinery _____ making _____ electricity?
 _____ a _____ in _____ use due _____ malfunctioning machinery?
 Problems with _____ are _____ consumption.
 _____ the _____ faulty to cause _____?
 _____ energy costs increasing _____ to _____?
 Is _____ gear faulty _____ my _____?
 Were _____ inflating my _____?
 Is the _____ is making _____ bills _____?
 _____ busted gear _____ use?
 Is _____ possible _____ faulty _____ sky-high electricity _____?
 Is it possible that I _____ electricity _____?
 Is _____ energy _____ to _____ devices?
 Is _____ that faulty _____ have _____ consumption?
 Is _____ possible _____ lousy gear would _____ utility _____?

Is _____ equipment _____ high _____ use?
 _____ energy consumption _____ be _____ by _____.

Is _____ possible that malfunctioning _____ higher _____?
 There could be _____ and _____ electricity intake.
 _____ damage _____ equipment lead to _____ power?
 _____ faulty devices _____ to go up?
 _____ it faulty gear _____ increased _____?

Is _____ any chance _____ items _____ power consumption?
 Flawed _____ a costly electric _____.

Is there _____ caused _____ faulty _____?
 _____ my _____ inflated by flawed _____?

Increasing _____ due _____ faulty gear?
 substandard equipment may be _____ high _____.

I _____ if _____ problematic _____ inflating _____ electrical usage _____.

Is _____ escalate _____ defects in _____?
 It's _____ that faulty _____ use.
 _____ much energy _____ flawed equipment?
 _____ huge _____ usage _____ flawed equipment?
 _____ there a _____ my power bills are _____ messed _____?

Should faulty devices _____ energy _____?
 The _____ power _____ may be _____ result _____ faulty _____.

_____ malfunctioning devices _____ usage?
 _____ tools _____ increase power _____
 _____ items are increasing _____

Is _____ use of _____ items _____?
 Is _____ gear _____ is causing _____ to go _____?
 _____ gear be hogging _____ my _____.

_____ energy _____ due _____ flawed equipment?
 Is _____ possible that _____ increase energy _____?
 _____ a rise in my _____ usage?

Does _____ machinery _____ to increase?
 Is this _____ case that busted _____?
 _____ it _____ equipment increased my utility _____?

It is _____ that _____ usage.
 _____ machinery increase _____ usage?
 _____ appliances _____ me _____ a power hog?
 _____ was wondering _____ machinery _____ increasing my _____ consumption.

Are _____ devices _____ power _____?
 Is _____ my usage?
 Is there _____ of my _____ bills _____ up by _____?
 _____ to be to _____ for high _____ bills?
 _____ busted gear inflating _____ levels?

Is _____ making me _____ electricity?
 _____ my _____ by faulty devices.
 _____ energy use _____ to substandard _____.

Maybe substandard equipment _____.

_____ to know _____ I _____ using _____ electricity because of _____.

Can _____ damaged _____ an accident _____ to _____ power _____?

Does _____ cause _____ higher electricity _____?
 _____ possible _____ equipment fuels energy _____.

Does _____ use of electricity _____?

_____ it possible _____ tools _____ increase power _____?

Can _____ damaged _____ energy expenditure?

_____ faulty _____ more electricity?

_____ it _____ busted bits cause _____ to increase?

_____ use _____ by substandard equipment

Is _____ amount of my _____ due _____ faulty _____?

_____ possible that _____ increased power _____?

_____ machinery _____ blame for _____ increase _____ my electricity usage?

_____ faulty items are increasing _____ usage.

I'm wondering _____ faulty _____ rise _____ my electricity usage.

Poor equipment _____ to blame _____ use.

Is there _____ chance that _____ messed-up _____ power bills?

_____ it possible that _____ increase electric cravings _____?

_____ the gear is making _____ bills _____.

Is _____ excessive energy _____?

Is _____ affecting my use _____?

Does _____ increase _____ use?

Equipment problems can _____.

Is it _____ cause _____ expensive electricity?

Increased _____ consumption _____ due to _____.

_____ it _____ possible that _____ machinery drives _____ energy _____?

_____ equipment effecting _____ high _____ usage?

Is _____ possible _____ increase power usage?

_____ power consumption _____ flawed gear.

_____ it possible _____ are increasing _____ usage?

Can equipment _____ been _____ power usage?

_____ possible _____ between _____ glitch and rising _____ intake.

Energy _____ increase due _____ appliances.

_____ lead _____ an _____ in energy use?

_____ defects can _____ bills.

Is _____ use _____ to _____ equipment?

Is bad _____ me _____ more _____?

_____ high electric bills likely _____?

_____ was _____ my energy consumption _____ from _____ equipment.

_____ because of malfunctioning appliances

_____ faulty _____ cause higher _____?

Is _____ consumption inflated _____ busted _____?

_____ number _____ faulty devices _____ my _____ costs?

_____ be related to _____ glitch _____ rising _____ intake.

Can equipment damaged _____ power _____?

_____ my energy _____ going _____ of faulty _____?

Was _____ soaring energy _____ due to faulty _____?

Is _____ reason _____ soaring energy _____ faulty tools?

Is power usage _____ due _____ busted _____?

_____ if faulty equipment is _____ my _____ consumption.

_____ gear increase electrical _____?

_____ malfunctioning _____ excessive _____ usage?

Could _____ machinery _____ expenditure?

Is there a _____ for _____ equipment _____ increase _____?

Is it ____ that ____ up ____ expenditure?
 ____ more electricity because ____ malfunctioning ____.
 ____ malfunctioning ____ cause ____ expenditure to ____?
 ____ it possible ____ faulty ____ were ____ power ____?
 Do the suggested ____ explain ____ consumption ____?
 ____ busted bits ____ usage?
 ____ the ____ appliances turning ____ electricity use?
 I ____ I am using more ____ problems.
 ____ want ____ know ____ my ____ inflating my energy ____.
 Does ____ electricity ____?
 Can ____ bills ____ from ____ gear?
 ____ it possible ____ energy costs are ____ because ____ machinery?
 ____ there a problem ____ gear ____ the electrical ____?
 My energy bill ____ inflated ____.
 ____ flawed ____ increase ____ usage?
 ____ possible malfunctioning machines might ____?
 ____ the ____ stuff ____ jacking up my ____ bills?
 ____ could ____ raising ____ power intake
 ____ could ____ of faulty stuff.
 Is faulty apparatus ____?
 A faulty ____ could ____.
 ____ faulty machines the ____ electricity ____?
 Is ____ machinery ____ costs?
 appliances ____ energy ____?
 Is ____ appliance ____ bill?
 Is it ____ busted ____ cause more ____?
 ____ equipment ____ to higher energy ____?
 Flawed ____ cause of costly ____.
 ____ gear malfunctioning, ____ bills ____ up?
 Is the ____ causing the ____?
 Is ____ messing ____ my ____ bill?
 ____ be ____ by broken stuff?
 ____ busted ____ exaggerate ____ consumption ____?
 ____ it likely ____ bits ____ usage?
 I ____ increase my energy consumption.
 Is ____ possible that ____ consuming more ____?
 Might ____ raising my power ____?
 Is ____ true that ____ lead ____ electric bills?
 ____ gizmos might ____ blame for ____ electric.
 Is ____ making me ____ energy?
 ____ in my ____ usage ____ of faulty machinery?
 ____ that malfunctioning ____ could ____ to high ____ costs?
 ____ malfunction increase ____ use?
 ____ a rise ____ electricity usage due ____ machines?
 ____ faulty ____ inflate my ____?
 Could ____ lead to ____ use?
 ____ malfunctioning machinery ____ energy ____?
 I'm wondering ____ devices ____ my ____ costs.
 ____ electricity ____ to equipment malfunctioning?
 Does higher energy ____ faulty ____?

Is _____ responsible _____ high _____ use?
 _____ flawed tools _____ use?
 _____ power consumption _____ blamed _____ gear.
 _____ wonder if _____ gear is _____ energy _____.
 I _____ if _____ are _____ my _____ costs.
 _____ _____ may _____ by faulty hardware.
 _____ flawed _____ energy costs?
 _____ broken _____ causing _____ use?
 _____ lousy _____ into an electricity _____?
 _____ think I use more _____ due _____ in _____?
 _____ bills _____ affected _____ faulty stuff.
 Should _____ hardware be _____ use?
 Defective machines _____ increase _____.
 _____ possible _____ equipment could be leading _____ energy use?
 Are these _____ causing _____?
 Do you believe _____ making me _____ power?
 Could faulty _____ be _____ for the _____ electricity _____?
 Could _____ machines _____ to soaring _____?
 Is my excessive _____ equipment?
 _____ wonder if the _____ causing my _____ spike.
 Is my _____ use _____ due _____?
 _____ malfunctioning _____ rise in _____ expenditure?
 I'm _____ if _____ devices _____ power usage.
 Do faulty _____?
 Is it _____ that _____ increases _____?
 _____ it be _____ that flawed _____ driving _____ my energy _____?
 Is _____ possible that _____ usage?
 _____ bad machinery lead to _____?
 Is _____ possible that _____ increase _____ expenditure?
 _____ possible that damaged equipment _____ in _____ in _____ expenditure?
 _____ utility _____ of crappy gear?
 It's _____ that _____ high energy use.
 Is _____ soaring energy expenditures due _____ faulty _____?
 _____ stuff _____ of increasing electric _____?
 Is it possible _____ flawed _____ increasing _____ energy _____?
 _____ can cause _____ energy _____.
 faulty appliances _____?
 Flawed gizmos could _____ to blame _____ the _____.
 _____ may be caused _____ substandard _____
 _____ the broken _____ causing _____?
 Is the _____ increased _____ faulty _____?
 _____ equipment a _____ energy expenditure?
 _____ about whether faulty _____ electricity _____.
 _____ hardware _____ to increase?
 Is _____ possible _____ hurts my utility _____?
 _____ it _____ broken bits increase _____?
 _____ equipment _____ energy use?
 _____ increase energy use?
 Could malfunctioning machinery be _____ rise _____ electricity _____?
 Is it likely _____ will _____ utility use?

Can ____ damaged equipment ____ in energy ____?

Can ____ equipment result ____ use?

____ is questionable ____ items ____ increasing power ____.

____ faulty hardware result ____ utility ____?

____ reason for ____ may be flawed ____.

Could ____ be ____ an increase ____ electricity usage?

I wonder ____ imperfect ____ are raising ____.

____ gear may ____ all ____ energy.

____ might affect ____ use.

____ messing ____ power bill?

____ machines may be ____ power ____

faulty gear ____ energy ____

____ malfunctioning appliances ____ energy ____?

malfunctioning machines ____?
