

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Guidance on energy-saving tips
Inquiry Sub-Category	Insulation and weatherization
Description	Customers looking for guidance on improving insulation, weatherstripping, and other measures to maximize energy efficiency.
Data Size	5,020 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

____ caulk/sealant is _____ preventing drafts from entering ____ spaces ____ used around _____?

Do _____ the best ____ for _____ electrical outlets?

Which _____ boxes from _____?

Is it _____ caulking ____ against drafts _____ areas?

____ kind _____ should ____ use to keep drafts ____ of my home _____?

Should you suggest _____ most ____ caulking material _____ drafts from ____ into _____ electric connections?

____ there ____ specific caulk _____ around electrical outlets?

The caulk ____ around _____ is ____ best ____ shielding ____ living ____ from _____.

____ caulk _____ junction boxes?

____ is used ____ electrical outlets _____ the _____ from drafts.

____ would like ____ know ____ most ____ sealant ____ reducing draft entry ____ living _____ electrical outlets _____.

____ there a caulk ____ can ____ applied around electrical ____ that _____ drafts _____ space?

Which ____ defends _____ junction boxes?

____ best to block ____ from entering residential spaces when ____ close _____.

____ the best for ____ drafts _____ living spaces _____ outlets.

____ caulk/sealant ____ best for ____ the _____ drafts when used near _____.

Which caulk _____ to use ____ keep ____ drafts _____ living spaces around _____?

Which _____ from drafts at _____.

____ on _____ sealant to stop the ____ of ____ at _____?

Which ____ keeps ____ away _____ boxes?

____ is ____ to _____ drafts from entering living spaces ____ electrical ____?

Is there a ____ caulk or sealant _____ best _____ drafts around _____?

____ in keeping out drafts ____ the living space _____ near electrical outlets

____ draft in areas ____ electrical connections?

Can you _____ if _____ specific type _____ that ____ well at ____ electrical draft issues?

____ the _____ preventing drafts from entering living _____ electrical outlets/junction ____?

____ draft deterrent _____ is caulk/sealer.

What ____ the most efficient way ____ prevent drafts ____ entering _____ when _____ electrical ____?

____ the most effective caulk or _____ avoiding _____ electrical ____?

Which _____ best ____ use _____ outlets/junction boxes?

Is it possible to ____ the _____ material _____ from coming _____ areas via ____ connections?

_____ deterrent _____ at electrical junctions?

_____ you recommend _____ most _____ caulking _____ for preventing _____ areas via electric connections?

Where should _____ find the _____ caulk to _____ spaces from _____ near _____?

_____ suggest a _____ that _____ from _____ living spaces _____ applied around electrical outlets?

What is _____ best caulk _____ avoiding _____ around electrical _____?

Best _____ to _____ drafts _____ outlets?

_____ caulk is used near electrical _____ it _____ for protecting _____ living _____.

_____ sealant keeps drafts out _____?

Which _____ out _____ the living space when _____ near electrical outlets?

_____ is _____ for blocking _____ from _____ when _____ in _____ proximity of _____ outlets.

Which _____ has a _____ sneaking their _____ electrical things?

_____ best for protecting the _____ from _____ when _____ electrical outlets?

Which _____ entering living spaces when used _____ outlets/junction boxes?

_____ draft _____ in _____ seals _____ electrical _____?

When _____ connection points, what's _____ best sealant?

Is there _____ type _____ well in _____ drafts around electrical outlets?

_____ is _____ shielding the living space from _____ when _____ used _____

_____ the most _____ for preventing drafts _____ entering _____ spaces when applied _____ electrical _____?

Is _____ caulking _____ draft in areas with _____ connections?

_____ you _____ if _____ are _____ caulking options that _____ effectively keep the _____ out _____ electrical _____?

_____ is _____ the living _____ from drafts when used _____ outlets.

What _____ of _____ be _____ near _____ outlets and junction boxes?

_____ would _____ know _____ most effective _____ reducing draft _____ into living areas, _____ outlets and junctions.

Highest draft deterrent in _____?

Is it _____ around _____ outlets _____ a specific type _____ caulk?

_____ you tell _____ the _____ way _____ drafts around _____ outlets?

_____ better to keep _____ the living _____ near electrical outlets?

_____ caulk is _____ for _____ drafts out of living spaces _____?

_____ protects drafts _____ boxes?

When stopping drafts via electrical _____ sealant to _____?

Which _____ the _____ caulk or sealant _____ around _____ outlets?

Which _____ screens _____ at junction _____?

Is there a caulking _____ product _____ blocks _____ outlets?

Which type of _____ is _____ for _____ into living _____ outlets/junction boxes _____ located?

_____ is the _____ blocking _____ from _____ when _____ in proximity _____ electrical outlets

_____ a caulk _____ prevent drafts from entering living _____ applied around electrical _____?

_____ is best _____ protecting _____ living _____ when used _____ electrical outlets

What _____ is _____ best to stop _____?

_____ of caulking _____ prevent drafts _____ living spaces when _____ near _____ outlets?

_____ is _____ drafts from entering _____ spaces if _____ in _____ proximity of _____ outlets/junction.

_____ is best _____ protecting the _____ from drafts _____ outlets.

_____ caulk is the best _____ keeping _____ of the _____ boxes?

Which _____ is best _____ use _____ boxes to _____ out _____?

Can _____ me _____ are any top-notch _____ options that _____ barricade _____ near the electrical _____?

Are _____ that can _____ gusts through the outlet _____?

_____ you _____ if _____ are any top-notch _____ options that would _____ air _____ of the _____?

Can _____ caulking material that will prevent drafts from _____ into _____ electric connections?

_____ is _____ shielding _____ living _____ from drafts when _____ near _____ outlets

Is there _____ caulking or _____ that _____ block _____ around _____ and _____ boxes?

_____ in keeping out _____ in the living space when it is _____ to _____?

____ the most effective caulking ____ against ____ draft ____ areas ____ ____ ?
 ____ caulking or sealant is ____ ____ avoiding drafts around ____ ____ ?
 caulk/sealant is best ____ shielding ____ living ____ drafts ____ ____ electrical outlets
 ____ draft ____ ____ caulk/sealer ____ electrical junction?
 Any suggestions ____ ____ draft-resistant sealant ____ ____ ?
 Is ____ ____ better caulk or ____ for avoiding drafts ____ ____ ?
 When ____ ____ around ____ outlets/junction boxes, ____ it prevent drafts ____ entering ____ ____ space?
 Which is the ____ caulk ____ drafts ____ ____ boxes?
 In areas with ____ ____ the most ____ caulking ____ against ____ ____ ?
 Which is the ____ effective ____ for ____ ____ boxes?
 ____ ____ blocks the drafts ____ ____ from ____ outlets?
 Which ____ is the ____ to block air ____ ____ ?
 What sealant is best for ____ ____ electrical ____ ____ ?
 Which sealant ____ drafts ____ ____ ?
 Where outlets/junction ____ are ____ which ____ ____ the best to ____ ?
 What about ____ ____ effective ____ ____ reducing ____ entry ____ living areas, ____ around ____ ____ and junctions?
 ____ is best ____ blocking ____ when ____ in ____ proximity of ____ ____
 When caulk/sealant is ____ ____ outlets, ____ ____ best ____ shielding the ____ spaces from ____ .
 caulk ____ the best ____ ____ entering ____ spaces ____ used ____ electrical outlets/junction
 Is ____ ____ best ____ ____ prevents drafts ____ electrical outlets?
 I'm looking ____ ____ to ____ ____ out of ____ living spaces near ____ outlets.
 Which caulk ____ best for ____ drafts out ____ ____ living ____ ____ electrical ____ ?
 Which caulk ____ ____ to use ____ keep drafts ____ of living areas ____ ____ ?
 Is ____ ____ ____ caulk that works well in preventing drafts ____ ____ ?
 Which caulk ____ the most effective in keeping ____ ____ in ____ home ____ ____ ____ ?
 ____ there a specific ____ ____ works ____ in ____ ____ around electrical ____ ?
 Is ____ ____ of caulk that works ____ in preventing ____ around ____ ____ ?
 ____ ____ of ____ is more efficient in ____ out ____ ____ power ____ ____ wire terminals?
 ____ you suggest ____ reliable and ____ caulk to stop ____ ____ occupied ____ near ____ ____ junction boxes?
 caulk is the best to ____ ____ the ____ out of ____ ____ outlets
 ____ ____ tell ____ if ____ are any ____ caulking options that are ____ ____ blocking the air ____ ____ ?
 ____ ____ is ____ ____ sealant for keeping drafts out ____ living ____ ____ applied around ____ ____ ?
 Which caulk ____ the most effective ____ keeping ____ the drafts ____ the ____ ____ when ____ near ____ ____ ?
 What kind of ____ or ____ ____ prevent ____ from ____ living ____ when used near electrical outlets ____ ____ ?
 ____ ____ outlets, can you ____ a ____ that will prevent drafts from ____ ____ spaces?
 ____ caulk ____ ____ around electrical outlets, ____ ____ the ____ ____ to prevent drafts ____ ____ homes?
 ____ used in ____ ____ ____ caulk is the ____ for ____ drafts from entering ____ spaces.
 Which type of sealant is ____ effective ____ ____ ____ your home?
 How effective is ____ sealant ____ ____ electrical ____ points?
 ____ sealant ____ ____ best for ensuring minimal ____ ____ spaces with ____ and junction boxes ____ ?
 ____ you recommend ____ ____ that blocks drafts around ____ outlets?
 caulk is ____ ____ shielding living spaces from ____ when ____ used ____ ____
 ____ ____ for shielding ____ living spaces from drafts if ____ ____ outlets.
 caulk/sealant is ____ ____ shielding ____ ____ from drafts when ____ around ____ outlets.
 Which caulk ____ be used ____ block ____ ____ boxes?
 ____ ____ work well at ____ ____ in ____ equipment?
 Can you ____ ____ efficient and reliable ____ to stop ____ from ____ near ____ ____ ?
 ____ caulking around ____ outlets and junction ____ what is the ____ ____ caulk ____ ____ ?
 ____ ____ recommend a ____ that ____ ____ drafts from entering ____ spaces ____ ____ electrical outlets?
 Is ____ ____ specific type of ____ ____ sealant that ____ ____ to prevent ____ around ____ ____ ?

____ want ____ know if ____ is ____ effective caulk to ____ outlets.
 ____ caulking or seal products ____ used ____ and ____ to ____ drafts from entering ____?
 caulk ____ best for shielding ____ living ____ when it is ____ electrical ____.
 ____ caulk is the ____ drafts ____ entering residential spaces when ____ in close proximity ____?
 What type of ____ seal ____ used ____ outlets and ____ to keep drafts ____?
 Is the most ____ product ____ drafts ____ electrical ____?
 Where ____ I ____ the best caulk ____ drafts ____ living ____ the electrical outlets?
 caulk ____ the best ____ to ____ drafts out of ____ living spaces ____ electrical ____ and junction ____
 ____ is ____ effective in ____ drafts ____ space when it's ____ to electrical ____
 Can there be ____ to ____ from outlets?
 Which caulk or sealant ____ best ____ around ____?
 ____ of ____ or ____ product can ____ from ____ living space ____ used ____ electrical outlets and junction ____?
 ____ of caulking ____ be used near electrical ____ to ____ entering ____ spaces?
 ____ of ____ is better for ____ minimal ____ enter ____ outlets and junction boxes?
 ____ there ____ effective ____ to keep out the drafts ____ outlets.
 Is ____ best caulking ____ against draft ____ areas ____ electrical ____?
 ____ sealant works well around ____ terminals in your home?
 Is there ____ caulking or Seal ____ electrical outlets?
 ____ caulking ____ be ____ near electrical ____ and junction ____ to keep drafts ____ of ____?
 Best sealant ____ drafts ____ electrical ____?
 Is there ____ caulk ____ helps ____ through ____ outlet cavities?
 ____ you recommend ____ product that blocks drafts ____ and ____ boxes?
 ____ protect ____ from drafts?
 What type ____ caulking can ____ used ____ electrical outlets and ____ to prevent drafts ____?
 Is ____ caulking ____ most ____ drafts ____ electrical areas?
 ____ caulk is ____ best to ____ keep ____ drafts out ____ the ____ around the electrical ____.
 Which ____ does ____ number on drafts ____ way ____ through ____?
 ____ the ____ product against ____ in ____ electrical area?
 ____ caulking ____ sealing ____ block drafts around ____ outlets?
 Which caulk ____ best to ____ to caulk ____ electrical ____?
 Which ____ is best ____ keep ____ out of ____ around electrical outlets/junction ____?
 caulk is the best ____ out ____ the living ____ electrical ____ boxes
 Which ____ the ____ block air infiltration ____ switches ____ sockets?
 ____ is the best ____ to ____ the ____ the ____ around electrical outlets
 Which caulking ____ most ____ for avoiding ____ outlets?
 Which ____ superior ____ protection ____ applied around electrical ____?
 Which ____ against the ____ boxes?
 ____ the ____ effective caulk ____ avoiding drafts ____ outlets?
 ____ caulk is best ____ the living spaces ____ drafts ____ it's ____?
 Which ____ the best for ____ drafts ____ living ____ outlets/junction boxes?
 When stopping ____ via electrical ____ works best?
 ____ blocks ____ from coming in near ____ and ____?
 ____ type of ____ more effective ____ eliminating drafts ____ power ____ wire ____?
 ____ near ____ is ____ for protecting the living ____ from drafts.
 ____ way to ____ the drafts around ____?
 ____ is ____ shielding the living ____ from ____ when ____ is used around ____
 ____ know ____ there are any top-notch caulking ____ keep ____ air ____ of an ____ installation?
 Which caulk protects ____ boxes.
 ____ caulk ____ better at ____ from ____ residential ____ used ____ proximity of electrical outlets/junction?
 ____ there any top-notch ____ can keep ____ air ____ the ____ installations?

Which _____ protects the _____ from _____?

Is there _____ specific _____ that works _____ boxes?

_____ possible to prevent _____ around junction boxes _____ specific caulk _____?

_____ is used _____ electrical outlets, _____ is best _____ spaces _____ drafts.

_____ caulk is the _____ drafts out of the _____ the electrical _____?

_____ caulk is _____ in _____ in the living _____ electrical outlets?

Which _____ is the _____ to _____ areas around _____ outlets?

What _____ most effective way _____ caulk around _____ outlets _____?

Is _____ caulk/sealant that can _____ around _____ to _____ entering living spaces?

Which sealant _____ drafts _____ junction _____?

_____ can _____ get the best _____ keep drafts out _____ living _____ near _____?

Which _____ the most effective sealant _____ switches _____ sockets?

Are _____ or sealing products _____ block _____ around electrical _____?

_____ there _____ caulk or sealant that _____ in preventing _____ outlets _____ boxes?

_____ one _____ the Sealants _____ superior _____ protection _____ around electrical _____?

_____ protection protects _____ at _____ boxes?

Is _____ a _____ caulk _____ around electrical outlets?

caulk/sealant is _____ for _____ the _____ spaces _____ when _____ near _____ outlets.

Which caulk _____ the best _____ keeping _____ space _____ electrical outlets?

_____ restricts _____ electrical outlets?

_____ is the _____ to keep _____ away from _____ outlets?

Can _____ be _____ around electrical outlets _____ to prevent _____ entering _____ spaces?

_____ best _____ blocking drafts from _____ when used near _____ outlets/junction

_____ tell me _____ there is _____ effective _____ that _____ keep _____ drafts _____ outlets?

Is the _____ product _____ in places _____ electrical connections?

_____ caulk blocks _____ near _____ electrical _____?

_____ on _____ to stop airflow at _____ sites?

_____ is _____ best _____ drafts from entering residential spaces _____ used _____ outlets/junction.

_____ sealant _____ junction boxes?

caulk/sealant _____ best _____ the _____ spaces from _____ when _____ electrical outlets.

Can a _____ be used _____ electrical _____ prevent drafts _____ homes?

_____ specific _____ of caulk that works well to prevent _____?

Can _____ tell me _____ caulk to _____ up power _____ junctions?

What _____ the _____ to _____ drafts from entering _____ around electrical outlets?

What type of caulking _____ to keep drafts _____ living _____ near electrical _____ junction _____?

Which caulk _____ against _____ plugs.

_____ me _____ caulk is _____ for protecting _____ sockets and junctions _____ drafts?

_____ there a _____ of _____ that prevents _____ around _____ outlets?

_____ best caulking _____ for drafts _____ electrical points?

What _____ seal _____ can be used to prevent drafts from _____ near electrical _____?

It is _____ shielding the _____ from drafts when _____ electrical outlets.

_____ best to seal _____ sockets and _____ or something?

Can _____ tell me _____ top-notch caulking _____ block the _____ electrical installations?

_____ protects against drafts at _____?

When _____ or sealant _____ applied _____ outlets, _____ is _____ best _____ to _____ drafts _____ entering _____ spaces?

Recommendations _____ a _____ for _____ gaps?

Is caulking product the _____ in electrical _____?

The _____ deterrent for caulk/sealer _____?

_____ for protecting living _____ used near electrical outlets

_____ of _____ in eliminating drafts _____ power _____ in your home?

Can _____ a _____ that _____ keep drafts _____ of _____ when _____ around _____ outlets?
 _____ most effective _____ keeping out _____ the living room when it is _____ electrical _____?
 _____ stopping _____ electrical connection _____ what _____ the best _____?
 _____ is the _____ sealant _____ preventing drafts _____ entering _____ when _____ around electrical outlets?
 _____ a _____ type _____ or _____ can prevent drafts _____ electrical outlets?
 Which _____ in _____ drafts around power outlets or _____ terminals?
 Should caulking or _____ be _____ boxes to prevent _____ from entering homes?
 What is the most _____ prevent _____ from _____ space _____ applied around electrical outlets?
 Which _____ sealant _____ for keeping _____ out _____ living _____ with outlets?
 _____ suggest _____ product _____ would _____ around electrical outlets and junction _____?
 Can you _____ that _____ drafty air _____ my _____ spaces near _____ outlets?
 Can _____ a caulking _____ product that blocks _____ electrical _____?
 Is the most _____ against drafts _____ electrical _____?
 Which _____ against drafts in _____ plugs.
 _____ is the _____ effective _____ against _____ electrical connections?
 _____ there _____ information on the best _____ for reducing _____ living _____ around _____ outlets _____ junctions?
 What _____ the _____ use around _____ outlets?
 _____ me if there are _____ caulking _____ keep the air out of _____ electrical _____?
 The best _____ sealant _____ drafts _____ electrical outlets?
 _____ is the most _____ for _____ around electrical _____?
 _____ is _____ to _____ to _____ drafts _____ of the living spaces around _____ outlets/junction _____.
 _____ specific _____ or sealant that _____ in _____ around electrical outlets and junction _____?
 _____ caulk/sealant is _____ around _____ outlets, _____ for _____ living _____ from drafts.
 Which _____ to keep drafts out of _____ near electrical _____ boxes?
 _____ caulk is _____ keeping drafts _____ the _____ space _____ electrical _____ and junction boxes?
 _____ caulk is the _____ effective in keeping out _____?
 _____ caulk _____ sealant that works better than others _____?
 Is there _____ well at _____ draft issues in _____?
 Which _____ or _____ best _____ drafts _____ spaces when applied around electrical outlets?
 Is there _____ efficient and _____ stop _____ spaces near electrical outlets?
 Do caulks work well at _____?
 Which sealants offer _____ protection _____ around electrical _____?
 Which _____ most _____ keeping out _____ when it's _____ outlets?
 _____ is the most effectual _____ drafts _____ living space _____ it's near electrical _____?
 What _____ of _____ or _____ product can _____ from entering _____ space when _____ near electrical _____?
 What kind _____ caulking or _____ product can _____ keep drafts out _____ living spaces?
 caulk/sealant is best _____ living spaces from drafts.
 Which _____ the _____ caulk _____ use _____ around electrical outlets?
 When _____ is _____ electrical outlets, _____ the most effective way _____ entering homes?
 Which is _____ most _____ caulk or _____ avoid drafts _____?
 Can _____ seal product _____ used _____ electrical _____ and _____ boxes _____ prevent _____ from _____ homes?
 Do you _____ is a caulk or _____ that _____ electrical _____?
 Can _____ tell me if _____ top-notch _____ options _____ effectively barricade _____ electrical installations?
 Which _____ best _____ of sealant _____ drafts in _____ spaces with outlets?
 Which caulk _____ avoiding _____ around _____ outlets?
 Which _____ can offer superior _____ protection _____ applied around _____ or _____?
 _____ an _____ and _____ caulk _____ drafts from infiltrating _____ spaces near electrical _____ and junction _____?
 Is _____ most _____ material _____ preventing _____ into living areas _____ electric connections?
 _____ best _____ to stop the flow of _____ at _____ connection _____?
 _____ caulk _____ keeping out _____ the _____ space that is near electrical outlets?

Is there ____ caulk ____ works ____ in preventing ____ boxes?

Which is ____ to ____ drafts by junction ____?

What ____ of ____ or seal ____ prevent drafts from entering ____ electrical ____?

____ blocks ____ like outlets/junctions?

Is there ____ specific kind ____ or sealant ____ works ____ around ____?

Can ____ tell ____ there are ____ that effectively ____ the air ____ the electrical installations?

____ you recommend the ____ sealant ____ drafts near ____?

Which is ____ best ____ or ____ electrical outlets?

____ you ____ a ____ will prevent drafts from ____ when ____ around electrical ____?

____ and junction ____ which ____ is the best to use?

Which caulk ____ around ____ outlets?

How effective is ____ product ____ areas with electrical ____?

____ best ____ spaces from drafts ____ using near electrical outlets.

Which caulk ____ prevent drafts from ____ living ____ used ____?

caulk is ____ best ____ to keep the drafts ____ spaces ____ the electrical ____.

In areas ____ connections ____ the most ____ caulking ____?

Which caulk is ____ best to ____ around ____ drafts?

____ type ____ caulking or seal ____ near ____ and ____ boxes to ____ drafts?

Which ____ or ____ be ____ around the electrical ____?

Which caulk/sealant ____ most ____ around ____?

____ caulking material ____ could be used ____ prevent drafts from ____ areas ____ electric connections?

Which ____ is the ____ effective in keeping ____ in ____ space ____ outlets?

Do you ____ caulk for keeping out draughts from ____?

The best caulk ____ to ____ from entering residential ____ is ____ electrical outlets.

Is ____ an ____ reliable ____ to ____ from infiltrating ____ spaces near electrical ____ and ____ boxes?

Which ____ blocks ____ drafts ____?

____ you tell me if there ____ any top-notch ____ the ____ around electrical installations?

____ is the ____ at blocking drafts ____ used in ____ electrical ____.

Which caulk ____ against ____ plugs ____ electrical ____.

Do ____ a ____ on ____ sneaking their way in ____ electrical stuff?

caulk is ____ for shielding ____ spaces from ____ electrical ____

Which ____ is the best ____ drafts out of ____ electrical ____?

____ is ____ for preventing drafts ____ entering living spaces when ____ outlets/junction ____?

Which ____ best around ____ outlets to ____ out ____?

Which caulk ____ best ____ use ____ spaces from ____ around ____ outlets?

____ the ____ caulk to use ____ seal ____ cursed ____ blowing ____ power ____ and ____?

What ____ of ____ be used near ____ boxes ____ prevent ____ from entering living ____?

____ caulking ____ can ____ near ____ outlets and junction boxes to prevent ____ from entering ____ spaces?

Which ____ drafts ____ outlets?

Which ____ can ____ drafts ____ spaces ____ used near electrical outlets?

Suggestions ____ best sealants ____ stop the ____ flow at ____?

____ caulk/sealant used ____ outlets is best ____ shielding ____ living ____ drafts.

____ type ____ sealant ____ best for ____ living spaces with ____?

____ closes ____ drafts around electrical ____?

Is ____ a reliable ____ Sealer ____ stop ____ infiltrating occupied spaces near ____?

____ me ____ there are any top-notch caulking ____ that block ____ air close ____?

____ caulk is ____ effective in keeping out the drafts ____ space when ____ near ____?

caulk ____ best for shielding ____ living ____ from drafts when it's ____

Which type ____ sealant is ____ for ensuring minimal ____ where ____ boxes ____ located?

____ caulk ____ most effective ____ keeping out ____ in ____ near electrical outlets?

_____ caulk _____ for keeping the _____ living spaces around electrical _____.

_____ tell _____ if there are any _____ caulking _____ barricade airflows _____ to _____ installations?

_____ drafts by outlets?

Are there caulking _____ sealing products _____ electrical outlets?

_____ caulk can _____ around electrical outlets _____ drafts from entering _____?

What _____ caulking or seal can _____ electrical outlets to _____ drafts _____ entering _____ spaces?

Which _____ is _____ effective _____ the living space _____ it's near electrical _____?

Is _____ an effective _____ out the _____ from _____ outlets?

_____ effective _____ caulk around _____ and junction boxes to prevent drafts _____?

Which _____ protects _____ electrical _____.

_____ is the best at _____ drafts _____ residential _____ used in _____ proximity _____

Is there a specific _____ drafts _____ electrical outlets?

Is _____ a _____ that can _____ junction boxes?

Which _____ offers _____ protection _____ electrical inputs or circuit _____?

Is there any top-notch caulking _____ that _____ near electrical _____?

_____ of caulking should _____ used _____ electrical _____ junction _____ prevent drafts?

Is _____ a _____ or _____ works great in _____ drafts _____ electrical _____ boxes?

Which type _____ is more _____ out drafts around _____ wire terminals?

_____ sealant _____ is best for _____ drafts _____ of _____ spaces _____ located?

Which is _____ most _____ way _____ or seal _____?

_____ there a specific _____ that _____ well for _____ outlets?

_____ caulk _____ around _____ outlets?

caulk _____ to use to _____ out _____ the _____ spaces around electrical _____ boxes.

Which _____ is best to _____ electrical outlets _____ out?

_____ is the best _____ for keeping _____ of _____ living space _____ electrical _____?

_____ you know _____ best _____ protecting power sockets _____ junctions?

Is there _____ specific caulk/sealant _____ at stopping _____ draft _____?

_____ type of caulking _____ can _____ drafts _____ entering living _____ used near _____ and junction boxes?

_____ caulk is best _____ shielding _____ spaces _____ near electrical _____.

Which caulk _____ around _____ outlets?

_____ recommend _____ sealant for preventing _____ near _____ outlets?

Is there _____ and _____ caulk or _____ that can stop drafts _____ occupied spaces _____ boxes?

_____ caulk that _____ keep out _____ from outlets?

Can you suggest _____ caulking _____ will _____ drafts _____ into _____ via electric _____?

Can _____ suggest _____ caulk _____ seal _____ drafts in _____ spaces _____ electrical _____ and _____ boxes?

_____ works _____ to _____ by outlets?

Is _____ caulk that _____ well _____ preventing _____ around electrical outlets?

Which caulk _____ the best _____ drafts when _____ electrical _____.

Which _____ superior draft _____ to _____ inputs _____ circuitry exits?

Which _____ at _____ boxes?

_____ drafty _____ like outlets?

_____ caulking product _____ effective against _____ with electrical connections?

_____ is _____ shielding _____ drafts if it's used near _____ outlets.

Which type _____ sealant is _____ ensuring minimal _____ spaces with _____?

_____ is _____ best at _____ drafts _____ entering residential _____ when used _____ outlets/junction.

_____ sealant is _____ to _____ electrical outlets?

Which _____ sealant _____ best for _____ drafts _____ living _____ with outlets/junction boxes _____?

Which _____ the _____ use _____ drafts out _____ the _____ around electrical outlets.

_____ caulk _____ is _____ around _____ outlets is _____ shielding the _____ spaces from _____.

_____ best _____ drafts near electrical _____?

Which sealant _____ drafts _____ junction _____?

_____ type of caulking or seal can _____ to _____ from entering _____ spaces _____?

What _____ best _____ to _____ at outlets?

sealant _____ drafts around _____?

_____ is the _____ to use _____ keep _____ of _____ living space _____ electrical _____.

Which caulk/sealant _____ best _____ shielding _____ from drafts around _____.

Which caulk is _____ protecting _____ living _____ drafts _____ electrical _____?

Which _____ in keeping out _____ in the living space _____ there _____ electrical _____?

Which _____ used _____ keep drafts from _____ around _____ outlets?

Is the _____ caulking _____ for _____ coming into _____ areas via electric _____?

Which _____ best _____ blocking _____ leaks _____ junction boxes?

_____ caulk _____ drafts _____ outlets?

Which caulk is the best at _____ the _____ the _____ electrical _____?

_____ caulk is applied around _____ is the _____ caulk?

_____ well _____ electrical conduits and openings.

_____ tell me about any _____ the air out _____ electrical installations?

_____ is _____ drafts _____ residential _____ when _____ in close _____ of electrical outlets

_____ caulk is _____ effective _____ keeping _____ the living _____ that are near _____ outlets?

_____ sealant _____ the best _____ preventing drafts around electrical _____?

_____ me if there are _____ caulking _____ that _____ effectively barricade the _____ near _____ installations?

_____ to _____ air _____ by outlets, what _____ the _____?

_____ there _____ caulk or _____ better in preventing drafts _____ outlets?

_____ caulk _____ the _____ keeping _____ the _____ in _____ living _____ near electrical outlets?

_____ the best for keeping _____ is near electrical outlets?

Tell _____ effective sealant for reducing _____ into _____ areas, especially around electrical _____ junctions.

Suggestions _____ the best _____ stop the _____ connections?

_____ protecting power sockets _____ junctions from bad drafts?

_____ does a number on _____ sneaking _____ electrical stuff?

_____ me _____ is best for sealed up power _____ and _____?

Which caulk _____ the most _____ in keeping _____ drafts in _____ living _____ electrical outlets?

_____ type _____ better at caulking around power _____ or _____ terminals _____ your _____?

Can you tell _____ about _____ that _____ drafts around electrical _____?

Is there _____ or _____ works well around _____?

caulk/sealant can be _____ electrical _____ spaces from drafts.

_____ caulk is _____ keeping _____ drafts _____ living space _____ electrical outlets?

_____ you suggest _____ caulk _____ seal that _____ drafts around _____?

_____ caulk _____ around _____ outlets?

Can you tell _____ if there _____ a _____ of _____ works well _____ electrical outlets?

_____ is _____ best caulk _____ prevent _____ around _____ boxes?

What is _____ effective _____ to prevent drafts _____ caulking around _____ outlets?

Which _____ the _____ effective _____ avoiding drafts around electrical _____?

_____ is _____ for ensuring minimal drafts enter _____ spaces _____ outlets/junction boxes _____?

Which _____ the best _____ or sealant _____ electrical _____ drafts?

Which _____ best _____ for avoiding _____ around _____ outlets?

Is there _____ particular caulk _____ that _____ preventing drafts _____ electrical _____?

Which _____ of _____ is _____ drafts _____ power outlets _____ wire terminals?

_____ type of caulking _____ seal product can _____ living spaces when _____ near _____ outlets?

Which caulk or _____ outlets?

_____ or seal product _____ used _____ outlets _____ junction _____ to prevent _____ entering?

caulk _____ best for blocking drafts _____ entering residential _____ used in _____ proximity _____.

_____ highest draft deterrent in _____?

Can you tell _____ any _____ caulking options that can _____ air _____ installations.

Can you tell me if _____ are _____ top-notch _____ that _____ close _____ electrical installations?

Which _____ of sealant _____ efficient in reducing _____ power _____ wire _____?

_____ best _____ use _____ or sealant around electrical _____?

Can _____ recommend _____ caulk _____ seal _____ that _____ block _____ electrical outlets _____ boxes?

Is _____ caulk or _____ that works best _____ preventing _____ electrical _____?

_____ is most effective _____ keeping _____ drafts in _____ living _____ electrical outlets?

What is _____ caulk or sealant _____ drafts _____ of _____ spaces when _____ around _____?

_____ draft _____ in caulk at electrical junctions?

Which sealant _____ entry _____ switches _____ sockets?

_____ there a specific _____ or _____ that _____ very effective _____ electrical outlets?

Can you recommend _____ caulk/sealant _____ can _____ around _____ outlets _____?

_____ suggest the _____ effective _____ to prevent _____ from _____ into living areas via _____ connections/gang _____?

Which _____ the _____ caulk _____ drafts around _____ outlets/junction _____?

_____ you _____ if _____ any top-notch _____ options that _____ barricade the flow _____ electrical installations?

Which _____ is _____ for _____ the living space near _____ outlets?

Are there any caulk that eliminates _____?

Which _____ the _____ effective _____ or sealant to _____ drafts from _____ when applied around _____?

Can you _____ and reliable _____ keep drafts _____ occupied spaces _____ electrical outlets _____ boxes?

Is there a _____ drafts near _____ outlets.

Which type of _____ effective _____ power outlets or wire _____?

_____ tell me if _____ caulk to keep out _____ outlets?

_____ tell me if _____ are any _____ options that _____ barricade air _____.

_____ is _____ for protecting _____ spaces from _____ used _____ electrical _____.

Can you _____ me _____ any top-notch caulking options _____ prevent the _____ air near _____?

Which _____ superior draft protection when _____ around _____ exits?

_____ it _____ best caulking material to prevent _____ from _____ into _____ via electric connections?

What is _____ best _____ from entering _____ spaces when applying _____ around electrical _____ and junction _____?

When _____ electrical connections, what _____ the _____ sealant to _____?

Which _____ is _____ keeping drafts _____ of the _____ space _____ outlets?

What _____ of _____ seal product _____ be used near junction _____ to prevent _____ spaces?

Is there _____ best sealant _____ prevent _____ electrical _____?

Which _____ is the most _____ in keeping _____ when _____ to _____ outlets?

What _____ of caulking _____ seal _____ can prevent drafts _____ entering living _____ electrical _____?

_____ defends against _____ by _____ boxes.

_____ you suggest _____ caulking _____ for preventing _____ from coming _____ areas via electric _____?

_____ recommend _____ that _____ drafts around electrical outlets?

_____ caulking _____ seal _____ can _____ from entering living _____ when _____ near electrical outlets and _____ boxes?

Is it possible _____ most _____ caulking _____ coming into living areas via _____ connections?

Which _____ with _____ at junction _____?

Should _____ the most effective caulking _____ preventing _____ from _____ living areas _____ electric _____?

_____ of caulking or seal product can prevent drafts _____ entering _____ near _____ outlets _____?

_____ is the _____ effective caulk _____ to prevent _____ electrical _____?

There _____ a caulk that _____ used _____ out the drafts _____.

Is _____ top-notch _____ that block air near _____?

_____ caulk works _____ with electrical _____ or _____.

_____ you tell _____ caulk to use for _____ up cursed drafts _____ sockets _____ junctions?

_____ is a sealant that can _____ outlets.

Which _____ does _____ number on drafts going _____?

The _____ protecting _____ living _____ from _____ near electrical outlets.
 _____ on _____ best _____ the flow of _____ at _____ connection sites?
 _____ the _____ to _____ out of _____ living spaces around electrical outlets/junction _____
 _____ or seal _____ be used near _____ and _____ to _____ from entering?
 Which _____ is _____ best _____ out of electrical outlets/junction _____?
 Which is the _____ use _____ out of _____ where outlets/junction boxes are _____?
 Which _____ is _____ living _____ from drafts _____ it's _____ around electrical outlets.
 Which type of sealant _____ around power _____ wire terminals _____?
 _____ caulk _____ best _____ the _____ spaces from _____ near electrical _____?
 Is there _____ caulk or sealant _____ can _____ drafts _____?
 _____ sealants guard _____ drafts _____ boxes?
 Which caulk _____ entering living _____ used _____ electrical _____ boxes?
 _____ think the best _____ is _____ boxes?
 Which caulk is _____ best at _____ entering _____ space _____ to electrical _____.
 What _____ on drafts sneaking their _____ through electrical _____?
 Can _____ me if there is an effective _____ the drafts _____?
 _____ the best at _____ drafts from entering _____ when used in _____ proximity _____.
 _____ caulking or seal product that _____ around electrical outlets _____ boxes?
 _____ caulk is _____ best in _____ out drafts _____ space _____ electrical _____?
 Which caulk can be _____ to _____ out _____ space _____ electrical _____?
 What is _____ seal _____ by outlets?
 _____ would like to know _____ material _____ prevent _____ into living _____ via electric connections.
 Which caulk _____ better at _____ the _____ the _____ space _____ outlets and junction _____?
 _____ there _____ caulking _____ seal _____ block drafts around _____ outlets?
 caulk _____ the best _____ keep drafts out _____ the _____ around electrical _____
 Which caulk _____ number _____ drafts _____ through electrical stuff?
