

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Issues with car's exhaust system
Inquiry Sub-Category	Noisy muffler or exhaust system
Description	Customers report unusual noises coming from their muffler or exhaust system, indicating potential problems with the components or connections. They seek assistance in diagnosing and fixing these issues, ensuring a quieter and smoother running vehicle.
Data Size	5,164 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

_____ reduced _____ lately, could issues _____ to faulty _____ sensors cause _____ problems _____ time _____.

_____ the _____ fuel efficiency _____ of a defect _____ the _____?

Is _____ possible _____ problematic oxygen _____ long-term fuel _____?

_____ a _____ a decline in _____ caused by malfunctioning oxygen _____?

Is _____ possible _____ efficiency _____ caused by the _____ oxygen sensor?

Is it possible _____ faulty _____ cause decreased _____?

_____ there _____ link _____ oxygen sensors _____ fuel efficiency issues?

Is it _____ fuel efficiency is due _____ malfunctioning _____?

_____ might _____ by failing _____ sensor.

There _____ a chance _____ O2 sensor may _____ related _____.

_____ the _____ decrease in my _____ to _____ issues?

Is decreasing _____ by _____ sensors?

_____ with oxygen _____ can _____ reduced fuel _____.

Issues related _____ sensors _____ reduced _____ efficiency, too.

Is faulty oxygen _____ to _____ to _____ over time?

_____ a _____ efficiency a result _____ oxygen sensor?

_____ the declining _____ efficiency _____ to _____ malfunction _____ oxygen sensor?

Could malfunctioning _____ sensors be to _____ the _____ gas _____ in _____?

_____ decline in _____ efficiency _____ result of _____ sensors?

Is _____ declining fuel efficiency caused _____ oxygen _____?

I _____ if faulty oxygen _____ cause of _____ fuel efficiency.

_____ be _____ my gas mileage

_____ oxygen sensors could _____ reduced fuel _____.

I've realized _____ car isn't _____ fuel-efficient _____ so _____ O2 _____ a part?

_____ malfunctioning _____ hurting my _____ mileage.

_____ possible that _____ oxygen sensors _____ lead to _____ fuel _____?

Can _____ a _____ of failing oxygen _____?

The presence of _____ sensors _____ a decrease _____ efficiency.

Is _____ sensors to blame _____ the _____ MPG?

Is _____ faulty oxygen sensors _____ to _____ fuel efficiency?
 _____ that _____ in fuel performance _____ be caused by _____ oxygen _____.

Over _____ I've noticed _____ my car, could _____ to malfunctioning _____ sensors?
 _____ gas mileage in my _____ could it be _____ sensor?

Is _____ drop in my recent _____ the _____ the _____ sensors?
 _____ my car isn't as _____ as before, _____ wondering if malfunctioning _____ play _____

Reduced gas mileage _____ impaired _____ sensors.

Is fuel efficiency _____ of a _____?
 _____ there any _____ a decline _____ fuel _____ being _____ malfunctioning _____ sensors?

Is _____ decline _____ fuel _____ a malfunctioning _____ sensor?

I _____ reduced gas mileage in my car, _____ be _____ sensors?

Poor _____ can _____ a _____ oxygen _____ failing.
 _____ the _____ efficiency _____ due _____ a malfunctioning oxygen _____?
 faulty oxygen _____ may _____ caused _____ decrease _____ efficiency.

Maybe malfunctioning _____ making my _____ mileage _____.
 _____ sensor _____ that my recent MPG has fallen?
 _____ reduced gas _____ related _____ faulty _____ sensors?

I've _____ mileage _____ that _____ be due to malfunctioning _____ sensors.

I've _____ car _____ as fuel efficient _____ it _____ and any _____ O2 sensors play _____ part

Does _____ malfunctioning O2 sensors over _____?
 _____ because faulty oxygen sensors _____ behind _____ fuel _____?

Is _____ efficiency _____ faulty oxygen _____.

Is _____ gas mileage _____ oxygen _____?

Is it because _____ sensor _____ that _____ dropped?

Is _____ decline in fuel _____ malfunctioning oxygen _____?

Is my _____ efficiency down to _____ sensors?
 _____ fuel _____ recently _____ be _____ to _____ oxygen sensors.

Is _____ due to faulty _____?
 _____ that faulty O2 sensors _____ making _____ miles per gallon _____.
 _____ for _____ oxygen sensors to cause _____ decrease in _____?

Does lousy _____ at malfunctioning _____ sensors _____ time?
 _____ reduced _____ efficiency have _____ with faulty oxygen _____?
 _____ with _____ sensors could cause reduced _____ efficiency.

_____ the _____ decrease in _____ efficiency is _____ to faulty _____ sensors.

Over _____ oxygen _____ issues _____ reduced fuel efficiency?
 _____ about malfunctioning O2 _____ related _____ MPG too.
 _____ oxygen sensors to be blamed _____ decreased _____?
 _____ presence of faulty _____ sensor _____ decrease _____.

My _____ be _____ malfunctioning O2 sensors.

There has been a _____ to the _____ sensor.
 _____ the problematic _____ sensors _____ the long-term _____?
 _____ link _____ recent _____ with my _____ efficiency and faulty oxygen _____?
 _____ it possible that _____ sensor issues _____ to reduced _____?

Is a reduction in fuel _____ sensors?
 _____ efficiency lately and _____ be related to _____ sensor issues.

Is _____ that _____ oxygen sensors _____ to _____ fuel efficiency?

Is _____ oxygensensors can be responsible _____ mileage _____ time?
 _____ gas mileage _____ may be _____ O2 _____ units.
 _____ in _____ efficiency _____ attributed _____ faulty oxygen sensor?

_____ mileage recently may be _____ O2 units.

_____ Oxygen _____ that are _____ decreased fuel economy?

_____ correlation between faulty oxygen _____ and _____ fuel _____?

_____ it _____ that _____ oxygen sensors _____ lead _____ decrease in _____ efficiency _____ time?

_____ long-term _____ efficiency could _____ affected by _____ sensors.

_____ declining _____ efficiency _____ by malfunctioning _____?

Is _____ fuel _____ related _____ faulty _____?

Could _____ be the cause _____ diminished _____ in my _____?

Is it _____ faulty oxygen _____ to _____ a decrease _____ fuel efficiency _____?

_____ gas mileage _____ due to bad _____?

_____ if lower fuel rates are linked _____.

_____ gas mileage could _____ affected by _____ O2 _____.

Is _____ issues with the O2 sensor _____ has _____?

Problematic _____ sensors _____ long-term _____ efficiency _____ well.

_____ jacked-up _____ ruin my _____?

Problems _____ faulty oxygen sensors could _____ over _____.

Is _____ a _____ malfunctioning O2 _____ be _____ decreased mpgs?

_____ wonder _____ problematic oxygen sensors affect fuel _____.

Is there _____ could _____ to decreased fuel efficiency?

Is _____ efficiency _____ to _____ oxygen _____?

There _____ chance malfunctioning O2 sensor _____ to _____.

Is it _____ faulty _____ sensors may affect _____?

Is it _____ that failing _____ cause _____ mileage?

I have _____ mileage _____ my _____ could _____ to malfunctioning oxygen sensor?

Is diminished _____ to _____ sensors?

Poor _____ failing oxygen sensors.

_____ faulty oxygen _____ fuel _____?

Altered fuel efficiency may _____ linked _____.

_____ the _____ efficiency decline due _____ oxygen sensor?

I've _____ gas _____ car, which may _____ due _____ oxygen sensors.

_____ issues with _____ fuel efficiency linked _____ oxygen sensors?

_____ with _____ can lead to _____ efficiency.

_____ fuel efficiency due _____ sensor _____?

Is it possible that faulty _____ sensors _____ fuel _____ over _____?

_____ that _____ contribute to fuel economy decline?

There's _____ that _____ O2 _____ for the lower _____ per gallon.

Is _____ possible _____ the _____ sensors ruin _____?

_____ fuel rates could be _____ sensors.

_____ is _____ poor gas _____ because of _____ oxygenSensors.

_____ malfunctioning O2 sensors _____ a _____ in _____ being less _____ efficient than _____?

_____ it possible that _____ are _____ miles per _____ down?

_____ noticed diminished _____ in my _____ it may _____ malfunctioning _____ sensors.

Is _____ MPG down _____ poor _____ sensors?

_____ the poor _____ due to _____ sensors?

_____ recent _____ in fuel _____ caused by _____ oxygen _____?

_____ there be _____ decrease in _____ by faulty _____ sensors?

Could _____ sensors cause _____ fuel _____ over _____?

_____ of _____ oxygen _____ might _____ in decreasing fuel _____.

_____ there lowered _____ associated with _____ sensors?

Reduced _____ efficiency _____ faulty oxygen sensors.

faulty _____ could _____ blame for the recent _____ in _____.
 There was _____ recent decrease _____ of _____ sensor.
 _____ oxygen _____ messing with my _____ efficiency?
 _____ oxygen sensors might be the reason _____ recent _____.
 Is _____ efficiency a result _____ a _____ oxygen _____?
 I've realized _____ isn't _____ fuel-efficient as before _____ I'm _____ malfunctioning _____ sensors play _____
 _____ reduced gas mileage may _____ linked _____ oxygen _____.
 Could malfunctioning _____ sensors be to _____ for _____ in _____?
 _____ declining fuel efficiency _____ the _____ of faulty oxygen _____?
 _____ mileage worse because of bad _____?
 Maybe malfunctioning O2 Sensors _____.
 _____ decrease in MPG may _____ due _____ oxygen sensor.
 _____ with _____ be responsible _____ mileage over time.
 _____ be lowered _____ oxygen sensors.
 _____ oxygen _____ be linked _____ reduced fuel _____.
 I've noticed _____ in my car's _____ could _____ related to malfunctioning _____?
 _____ are affecting my _____ mileage?
 Is _____ faulty _____ sensors cause a decrease in _____?
 I've noticed reduced _____ efficiency _____ could _____ to _____ oxygen _____.
 Is it _____ that _____ sensors could cause _____ efficiency _____?
 _____ diminished _____ linked _____ oxygen sensors?
 Is there _____ chance _____ may _____ related to _____ mpgs?
 _____ issues _____ my _____ efficiency linked _____ malfunctioning oxygen sensors?
 _____ the declining _____ due _____ a faulty _____ sensor.
 Issues related _____ faulty _____ cause reduced fuel _____ other _____.
 Is _____ possible that flawed oxygen _____ efficiency?
 _____ issues _____ my _____ have _____ do with _____ oxygen sensors?
 _____ poor Oxygen _____ to blame _____ the drop _____?
 Is _____ oxygen _____ can _____ decreased fuel efficiency _____ time?
 _____ with oxygen _____ result in _____ fuel _____.
 Is _____ possible for faulty _____ lead _____ fuel efficiency over _____?
 _____ issues with my _____ could be _____ faulty oxygen _____.
 _____ a recent decrease in _____ because of _____ sensor.
 _____ fuel efficiency due _____ faulty oxygen sensors?
 Does _____ economy suggest _____ O2 _____ are _____ time?
 _____ fuel _____ down because _____ my bad oxygen _____?
 I wonder _____ oxygen _____ problems might _____ car's mileage.
 _____ a chance _____ O2 _____ are related _____ decreased _____.
 I've noticed _____ mileage _____ my car _____ time, _____ be _____ to _____ sensors?
 Is there a _____ O2 sensors _____ do with _____?
 _____ there _____ chance malfunctioning _____ sensors may be _____ to _____?
 Is _____ the MPG due to _____ oxygen _____?
 Has _____ lowered _____ mileage associated _____ faulty oxygen _____?
 Is _____ possible _____ oxygen sensor _____ fuel _____ well?
 _____ it possible for _____ oxygen sensor _____ cause decreased _____ over _____?
 I wonder _____ faulty _____ sensors _____ the _____ fuel _____ lately.
 I've _____ that _____ fuel _____ caused _____ related to _____ oxygen sensors.
 _____ may _____ malfunctioning _____ sensors are affecting _____ mileage.
 _____ mileage _____ by failing oxygen _____.
 I'm wondering _____ my _____ in fuel efficiency _____ faulty _____ sensors.

Would problematic oxygen _____ responsible _____?

_____ faulty oxygen _____ affecting _____ car's mileage?

Lower fuel _____ might be _____ to _____.

_____ can be impacted _____ sensors

Is _____ an issue _____ a decline in _____ by malfunctioning _____?

_____ decline in _____ efficiency due _____ faulty Oxygen _____?

_____ oxygen sensors could _____ reduced fuel _____.

Is _____ fuel _____ to _____ oxygen _____?

Is _____ oxygen sensors _____ cause of continuously decreasing _____?

_____ that faulty oxygen sensor is _____ for my _____ fuel?

_____ O2 _____ affecting _____ gas mileage.

Problems related _____ faulty _____ could cause reduced _____ other _____ over _____.

Possibly malfunctioning _____ are _____ mileage.

_____ gas mileage _____ to faulty oxygen _____.

Is there a _____ MPG due _____ the _____ sensor?

There _____ about _____ decline _____ fuel _____ due _____ malfunctioning oxygen _____.

Could _____ sensors _____ efficiency _____ decrease?

_____ faulty O2 _____ are to _____ miles per gallon now?

_____ my recent _____ due to possible _____ with the O2 _____?

Issues _____ faulty oxygen _____ could lead _____ reduced _____ efficiency _____.

Is it _____ for _____ oxygen sensors _____ efficiency over _____?

Is bad _____ economy _____ to malfunctioning _____ over _____?

Is _____ fuel _____ O2 sensor _____ over time?

Could _____ oxygen _____ be the _____ diminished _____ in my _____?

_____ wonder if the _____ oxygen _____ could _____ blame _____ car's lousy _____ mileage.

Problems _____ can reduce _____ over time.

The _____ in fuel _____ could _____ because _____ oxygen sensors.

Reduced fuel _____ be related _____ oxygen sensors.

_____ problems with _____ affect long-term fuel efficiency?

Is there _____ efficiency _____ to faulty oxygen _____?

_____ oxygen _____ may _____ linked _____ reduced fuel _____

Is _____ any concern about a _____ fuel _____ being _____ oxygen _____?

I've noticed _____ in my _____ over the years, could it _____ sensors?

_____ economy due _____ malfunctioning oxygen sensors?

Could _____ of _____ cause _____ decrease in fuel efficiency?

_____ connection _____ gas mileage due to bad _____?

_____ it possible _____ sensor _____ fuel efficiency over time?

My _____ mileage might be _____ sensors.

Reduced gas mileage _____ be _____ to _____.

_____ indicate _____ O2 sensors are malfunctioning over _____?

_____ possible that _____ malfunctioning _____ to decreased fuel economy _____?

Is _____ chance malfunctioning _____ sensors _____ to _____ gas _____?

My _____ just a _____ these _____ could _____ be due to _____ sensors?

_____ am _____ play _____ part in my car not being as _____ efficient _____ before.

_____ it _____ that _____ oxygen _____ could affect fuel _____?

_____ oxygen sensors _____ for _____ mileage in my car?

_____ it possible _____ faulty oxygen _____ to _____ over time?

Problems _____ oxygen sensors may _____.

_____ gas mileage _____ affected by malfunctioning _____ sensors.

Could _____ of _____ sensor affect fuel _____?

_____ sensors could _____ a reason for poor _____.

I've noticed reduced _____ efficiency _____ which _____ related to _____.

I've realized _____ fuel-efficient as before, _____ chance that _____ O2 _____ part?

Do _____ oxygen sensors _____ contribute _____ lower fuel economy?

_____ my _____ efficiency _____ linked to faulty _____ sensors.

_____ reduced _____ efficiency recently, _____ be related _____ faulty _____ sensors.

_____ with _____ sensors could _____ fuel _____ time.

Is the _____ efficiency _____ to _____ oxygen sensors?

Are jacked-up _____ sensor _____ efficiency?

_____ lower _____ rates may be linked _____ problematic _____.

_____ oxygen sensors _____ lead _____ decreased _____ efficiency over _____

_____ be _____ for reduced mileage over the _____ of _____?

Is the recent decline in _____ due _____ with _____?

There _____ a chance that malfunctioning _____ sensors _____ part _____ my _____ not _____ as _____ as _____.

_____ might be _____ correlation _____ presence of faulty _____ sensors _____ decreasing _____.

There might _____ connection to poor _____ because _____ bad _____.

_____ malfunctioning oxygen sensors be to _____ diminished gas mileage _____?

_____ oxygen sensors a contributor _____?

_____ there _____ oxygen sensors and _____ gas mileage?

Is poor _____ a _____ of _____ oxygen _____?

_____ is _____ chance that malfunctioning O2 _____ lower _____ per _____.

_____ reduced fuel efficiency lately and _____ could _____ Oxygen sensors.

_____ it possible that the presence _____ oxygen _____ efficiency?

_____ it _____ sensors result in decreasing _____ efficiency?

Would problematic _____ be _____ blame _____ reduced _____ time?

Could _____ to _____ fuel efficiency?

_____ of _____ oxygen _____ cause a decrease in _____ efficiency?

_____ the _____ of _____ efficiency _____ to faulty oxygen _____?

_____ it possible _____ faulty _____ to decreased fuel efficiency over _____.

Is it _____ fuel efficiency is _____ a _____ oxygen sensor?

_____ wonder if _____ oxygen _____ of _____ car's fuel efficiency decline.

_____ my _____ in _____ efficiency due to _____ oxygen _____?

My _____ mileage _____ affected _____ malfunctioning O2 sensors

My car isn't _____ before and I _____ if malfunctioning O2 _____.

Problems _____ may cause reduced fuel _____ over _____.

I _____ sensors _____ be to blame for _____ car's lousy _____ mileage.

Could _____ oxygen _____ to _____ for decreasing _____ efficiency?

Is _____ faulty oxygen sensors are _____ for _____ fuel _____?

_____ recent fuel _____ issues may _____ linked _____ sensors.

_____ it possible that faulty oxygen _____ cause _____ fuel _____?

Is _____ possible that _____ sensors are _____ lower _____ per gallon?

_____ in fuel efficiency _____ of faulty _____ sensors?

faulty _____ sensors _____ to blame for _____ efficiency.

_____ oxygen sensors _____ be _____ efficiency lately.

Is _____ fuel _____ due to faulty _____ sensor?

_____ problematic _____ sensors _____ for reduced mileage _____ the _____ of _____?

There is _____ that malfunctioning O2 sensors _____ to _____.

_____ the _____ in _____ efficiency due _____ my _____ oxygen _____?

Is _____ possible _____ the _____ a result _____ faulty oxygen sensor?

Concerns _____ malfunctioning O2 sensors _____ to _____ MPG.

____ it a case ____ mileage because of ____ sensors?
 malfunctioning ____ could ____ affecting ____ gas ____.
 ____ noticed ____ decrease in ____ car's gas ____ could ____ be ____ oxygen sensors?
 ____ problems ____ oxygen sensor ____ reduced fuel efficiency ____?
 ____ it ____ faulty oxygen ____ to decreased fuel ____ over ____?
 ____ the poor ____ be ____ failing oxygen ____?
 ____ faulty oxygen ____ to blame ____ the ____ my car?
 ____ issues related ____ faulty ____ sensors could ____ reduced ____.
 Is it ____ faulty oxygen Sensors ____?
 ____ decreased ____ economy caused by ____?
 Is ____ fuel ____ malfunctioning ____ sensors?
 Problems ____ sensor can ____ reduced fuel efficiency ____.
 ____ it ____ that oxygen ____ could ____ long-term ____ efficiency?
 ____ reduced fuel ____ might be ____ oxygen sensor.
 ____ sensors ____ relate to ____ mpgs.
 Is ____ that faulty oxygen sensor ____ be affecting ____?
 ____ decreased ____ to faulty oxygen sensor?
 Is it ____ oxygen sensors result ____ decreased ____?
 ____ decrease in fuel ____ due ____ Oxygen sensors?
 Do faulty ____ sensors ____ fuel ____ time?
 Is ____ recent reduction in ____ malfunctioning oxygen ____?
 There ____ malfunctioning O2 sensors ____ to decreased mpgs.
 ____ recently ____ efficiency ____ to faulty oxygen sensors?
 ____ with oxygen sensors could ____ fuel ____.
 Could faulty ____ be to ____ for the ____ efficiency?
 Do ____ oxygen sensors cause ____ fuel economy ____?
 I've noticed that my ____ gone ____ could ____ due ____ malfunctioning ____ sensors?
 I wonder ____ faulty ____ are to blame ____ decreased fuel ____ car.
 Does lousy ____ economy ____ malfunctioning ____ sensors ____ time?
 Poor oxygen sensors ____ be ____ cause ____ the ____.
 ____ with my fuel efficiency linked ____ oxygen sensors?
 Was ____ decrease ____ fuel ____ faulty oxygen sensors?
 ____ oxygen sensors be ____ the fuel ____?
 ____ is ____ possibility ____ poor ____ mileage because of ____ oxygen ____.
 I have noticed ____ gas ____ in my car, could ____ because ____ sensors?
 Is the ____ issues related to ____ sensor?
 ____ recent decrease ____ due to a problematic oxygen ____.
 ____ noticed ____ mileage ____ car, ____ that be due to malfunctioning ____ sensors?
 Poor ____ be to blame ____ the ____ decline.
 ____ the recent ____ my fuel ____ related ____ faulty ____ sensor?
 I've ____ my car isn't as ____ before, ____ play a role?
 ____ might ____ a decline ____ fuel performance caused ____ malfunctioning ____.
 ____ lousy fuel ____ suggest ____ over time?
 Is the ____ with my fuel ____ faulty oxygen ____?
 ____ the recent fuel efficiency ____ faulty ____ sensor?
 ____ it ____ that faulty oxygen ____ lead ____ a decrease ____ fuel ____?
 Is my ____ issues related ____ the ____ oxygen ____?
 ____ wonder if ____ sensors can ruin ____.
 Are ____ decrease ____ fuel ____ due ____ faulty oxygen ____?
 Is ____ reduced ____ efficiency ____ oxygen sensors?

I'm not _____ sensors may _____ to decreased _____.
 _____ oxygen _____ be to _____ for _____ gas _____ in _____ car?
 Is the _____ fuel economy _____ result of _____?
 Is there a _____ malfunctioning _____ relate _____ decreased _____ economy?
 _____ recent _____ in _____ due to _____ problematic _____ sensor?
 Is it _____ faulty oxygen _____ are responsible for _____ decrease _____ my _____?
 _____ it possible that lowered _____ faulty oxygen sensors?
 Is the _____ fuel _____ result of _____ bad _____ sensor?
 _____ it possible _____ defects in oxygen _____ fuel _____?
 _____ fuel economy _____ towards _____ O2 _____?
 I _____ if faulty oxygen _____ problems _____ my _____ too.
 Could faulty _____ decreasing _____ efficiency?
 Does _____ sensor have a negative _____ efficiency?
 _____ is _____ decline in _____ performance _____ to _____ oxygen _____.
 _____ with _____ sensors lead to reduced _____?
 _____ it possible _____ oxygen _____ contribute _____ a _____ fuel economy?
 Is _____ possible that _____ bad _____ affect _____ efficiency?
 Problems with oxygen _____ fuel _____ as _____.
 malfunctioning O2 sensors may _____
 I've noticed _____ reduction _____ efficiency lately and _____ to faulty _____.
 Is it _____ the _____ oxygen _____ decreases fuel _____?
 Poor energy _____ be the result of _____.
 _____ that my car _____ fuel-efficient as before, _____ O2 _____ play a _____?
 _____ reduced _____ mileage a consequence of _____?
 _____ declining _____ efficiency _____ a faulty oxygen sensor?
 There is _____ malfunctioning _____ relate to _____ in mpgs.
 _____ fuel _____ decreased recently due _____ sensors.
 Fuel _____ may _____ of faulty oxygen _____.
 _____ it possible _____ oxygen sensors _____ reason for my _____ more _____?
 _____ reduced fuel _____ due _____ sensors
 I've noticed diminished _____ mileage _____ car, _____ be due to _____
 Are the _____ my fuel efficiency _____ to malfunctioning _____?
 _____ poor oxygen sensor _____ blame _____ MPG _____?
 _____ the _____ might _____ affecting my car's mileage.
 _____ oxygen _____ responsible for reduced mileage over _____?
 Is _____ a _____ O2 _____ may relate _____ decreased fuel _____?
 _____ there a _____ that faulty O2 _____ miles per _____ now?
 Is the _____ in _____ efficiency _____ result of _____ defect _____ sensor?
 _____ with oxygensensors _____ for _____ mileage over time.
 _____ oxygen sensor _____ long-term fuel _____.
 Concerns about faulty O2 _____ could _____ to _____.
 _____ oxygen sensors might be to _____ the _____ decrease _____.
 Could _____ sensor _____ be affecting my _____?
 Is the _____ issues _____ caused by faulty _____?
 _____ efficiency _____ because _____ oxygen sensors.
 I've _____ a decrease in _____ it be because of _____ oxygen _____?
 Are concerns about O2 _____ MPG?
 _____ noticed _____ fuel _____ recently, it _____ be related _____ sensors.
 Is it _____ oxygen sensor can lead to _____?
 _____ be _____ blame for the drop _____ MPG.

_____ a _____ regarding _____ decline in fuel _____ caused by _____ sensors?

Is _____ recent fuel efficiency _____ to _____ oxygen _____?

Would problematic oxygenSensors _____ responsible _____ time?

_____ recent _____ MPG is possibly _____ to the problematic _____.

_____ a decline in _____ efficiency _____ by a _____ oxygen _____?

There is _____ about a _____ in _____ performance caused _____.

_____ oxygen _____ be behind the reduced _____.

Issues related to _____ sensors _____ the _____ reduced _____ efficiency.

Is a _____ fuel _____ a malfunctioning _____ sensor?

_____ can _____ issues affect _____ efficiency?

Does _____ malfunctioning O2 sensors _____ time?

_____ reduced fuel _____ related to _____ oxygen _____?

_____ sensor problems _____ affect my _____ negatively as _____.

Is it _____ for _____ sensors to _____ fuel _____?

_____ malfunctioning _____ sensor may relate to decreased _____.

Can issues _____ oxygen sensors _____ reduction in _____ time?

I wonder _____ oxygen sensors _____ causing _____ car's fuel _____.

I _____ faulty oxygen sensors _____ to blame _____ the decrease _____ efficiency _____.

Is _____ due to faulty _____ sensor?

_____ that _____ O2 sensors play a part _____ my _____ being as _____ efficient as _____.

Bad _____ be to blame for poor _____?

_____ if _____ sensors are to _____ for _____ decreased efficiency.

_____ chance _____ O2 sensors could relate _____ decreased _____?

Is _____ oxygen _____ the effects _____ reduced mileage?

There are _____ the decline _____ performance _____ oxygen sensors.

_____ is a concern _____ in fuel _____ is _____ oxygen sensors.

_____ oxygen sensors _____ affect _____ fuel efficiency _____.

Poor _____ failing Oxygen sensors.

Problems with O2 _____ be _____ gas _____.

faulty oxygen _____ decreased _____ efficiency.

I have _____ diminished gas _____ in my _____ I _____ it is _____ to _____ sensors.

Is problematic _____ for reduced _____ effects _____ time?

_____ fuel efficiency _____ faulty oxygen _____?

Is declining _____ efficiency a _____ malfunctioning _____ sensor?

There _____ suspicion _____ poor gas _____ due _____ oxygen _____.

_____ recent decrease in _____ efficiency due to _____?

Can some _____ oxygen _____ my _____?

Is _____ efficiency _____ due _____ faulty oxygen _____?

_____ was _____ the decrease in fuel _____ due _____ faulty oxygen _____.

I've noticed _____ gas mileage _____ it _____ due to malfunctioning _____.

_____ a _____ that faulty O2 _____ causing _____ per gallon.

Is the _____ faulty _____ sensors _____ cause _____ decreasing _____ efficiency?

faulty oxygen sensors _____ be the cause _____ fuel _____.

faulty _____ sensors could be _____ fuel _____.

_____ fuel economy because of _____?

_____ reduced _____ to faulty oxygen _____?

It _____ possible _____ faulty _____ can lead to _____ fuel _____.

I've _____ a _____ gas mileage, _____ it be _____ to _____ sensors?

_____ gas mileage connected to _____?

Can the decline _____ be linked _____ faulty _____ sensor?

_____ noticed reduced fuel efficiency lately _____ to the _____ sensors.

Problems _____ could _____ reduced fuel efficiency over _____.

Is it _____ faulty _____ to blame for a _____ my car?

Fuel _____ affected _____ faulty oxygen _____.

Is _____ malfunctioning _____ sensor may _____ something _____ do with _____ mpgs?

Problems with _____ sensors might _____ over time.

Is it because of _____ with _____ that _____ MPG _____?

Is _____ Oxygensensors responsible _____ reduced _____?

_____ realized _____ car _____ as _____ as _____ any _____ sensors play a part?

Is the recent _____ in _____ because _____ with the _____?

Is _____ of faulty O2 _____ linked _____ too?

_____ the diminished _____ mileage _____ malfunctioning oxygen sensors?

Are _____ issues with _____ linked _____ oxygen sensors?

_____ faulty oxygen sensor problems are _____.

_____ recent issues _____ fuel efficiency _____ to the _____ sensor?

_____ may lead _____ reduced fuel efficiency.

Over _____ lousy fuel _____ point to _____ sensors?

Does _____ sensors lead to decreased fuel _____?

_____ fuel _____ could _____ due to _____ jacked-up _____ sensor.

_____ oxygen sensor _____ lead to reduced _____ efficiency _____?

Could _____ oxygen sensors _____ reduced _____ efficiency?

Is _____ recent _____ fuel efficiency connected _____ oxygen _____?

Can _____ fuel efficiency be a _____ oxygen _____?

_____ fuel efficiency due to defects _____ sensor?

_____ sensors _____ fuel efficiency over time.

_____ any _____ malfunctioning _____ sensors might _____ to decreased _____?

_____ noticed diminished gas mileage in my _____ it _____ malfunctioning oxygen _____?

Problematic _____ can be responsible _____ over _____.

Problems _____ sensors _____ affect _____ fuel efficiency _____.

_____ it possible that _____ fuel efficiency _____ of the _____ oxygen _____?

Is _____ possible the presence _____ oxygen _____ results _____ decreasing _____?

Did bad _____ poor _____ mileage?

_____ my car isn't as fuel _____ before, _____ malfunctioning _____ sensors _____ a _____?

My _____ mileage might _____ negatively _____ faulty _____ sensor _____.

_____ the _____ in fuel efficiency _____ faulty oxygen _____?

_____ gas _____ affected by malfunctioning O2 _____.

_____ problems may be affecting _____ mileage.

_____ malfunctioning _____ a decrease in fuel _____?

Is _____ mileage associated with faulty oxygen _____?

_____ it _____ the _____ efficiency of my car is _____ oxygen _____?

Is it _____ that faulty oxygen _____ will _____ efficiency?

_____ car's _____ be down due to _____ oxygen _____.

Are _____ issues with _____ related to the _____ oxygen _____?

Can _____ attributed to failing _____?

Is the decreased _____ related _____ oxygen _____?

Oxygen sensor _____ may _____ reduced _____.

_____ the declining _____ because of _____ malfunctioning _____ sensor?

_____ it _____ fuel economy is due _____ oxygen sensors?

I _____ reduced fuel efficiency lately and it _____ oxygen _____.

_____ with _____ could be _____ reduced fuel efficiency.

_____ recent _____ due to faulty oxygen sensors
 _____ noticed a _____ my car, could that be _____ malfunctioning _____ sensors?
 Problems _____ the oxygen _____ fuel efficiency.
 malfunctioning _____ be affecting _____ mileage
 Could _____ oxygen _____ blame _____ reduced _____ efficiency recently?
 _____ recent fuel _____ related to faulty _____ sensors?
 Would _____ responsible for the _____ mileage over time?
 There's concern _____ decline in fuel _____ caused by _____.
 _____ my MPG be _____ sensors?
 _____ recent issues _____ efficiency _____ to faulty oxygen _____?
 _____ O2 _____ are to blame for _____ lower miles _____ gallon now?
 _____ faulty oxygen _____ to _____ decreased fuel _____?
 Poor _____ a _____ failing oxygen sensors.
 The presence _____ oxygen sensors _____ result _____ efficiency continuously.
 Is _____ due to _____ oxygen _____?
 _____ it _____ improper oxygen _____ fuel efficiency?
 Long-term _____ be adversely affected by _____ oxygen _____.
 There is a _____ impaired _____ sensor _____ gas mileage.
 There _____ O2 sensors might _____ related to decreased _____.
 There may _____ a _____ that malfunctioning _____ sensors _____ mpgs.
 _____ a chance _____ O2 sensors _____ causing _____ lower miles per _____.
 Is problematic _____ fuel efficiency?
 Is _____ oxygen sensors are _____ blame for _____ decreased efficiency?
 _____ is a _____ of _____ gas _____ due to _____.
 _____ oxygen _____ could be _____ the _____ fuel efficiency.
 Could faulty oxygen _____ go down?
 _____ issues _____ fuel _____ linked to faulty oxygen sensors?
 _____ sensors _____ be _____ reduced fuel efficiency.
 There _____ about the decline _____ caused by malfunctioning _____ sensors.
 _____ my recent decrease _____ fuel _____ the result _____ sensors?
 _____ faulty oxygen sensors _____ reduce fuel efficiency?
 A _____ decrease _____ due _____ problematic oxygen sensor?
 _____ be _____ decline _____ fuel performance caused by _____ oxygen _____.
 _____ wonder if _____ are to _____ decreased fuel _____ of my car.
 _____ the _____ fuel efficiency _____ to faulty _____ sensors?
 _____ noticed reduced fuel _____ recently, _____ be due to _____?
 Issues with _____ reduced fuel _____ over time.
 _____ a _____ sensor _____ to _____ fuel efficiency over _____?
 _____ that a faulty _____ sensor _____ lead to _____ fuel _____?
 _____ wonder _____ oxygen sensors are _____ blame for _____ car's _____ gas _____.
 _____ that faulty _____ can _____ decreased fuel efficiency.
 _____ reduced _____ efficiency _____ to _____ oxygen _____?
 Are poor _____ sensors the _____ the _____ MPG?
 Can problematic _____ sensors _____ for _____ over time?
 _____ oxygen sensor problems _____ affecting _____ mileage _____ well.
 _____ it possible _____ bad _____ sensors _____ efficiency?
 Is _____ oxygen _____ of decreased _____ efficiency?
 _____ suspect poor _____ due _____ bad oxygen _____.
 I _____ know _____ malfunctioning _____ sensors are _____ blame _____ my car's lousy _____.
 _____ there been _____ mileage _____ with the _____ oxygen sensors?

I've noticed a decrease ____ gas ____ car, ____ that ____ due ____ malfunctioning ____ ?
 ____ the ____ faulty ____ sensor ____ in ____ fuel efficiency?
 ____ the decline in ____ efficiency a ____ faulty oxygen ____?
 Is ____ that faulty ____ sensors ____ affecting ____ gallon now?
 Problematic ____ affect long-term fuel ____ as ____.
 ____ fuel ____ the ____ of a ____ oxygen sensor?
 I've ____ mileage in ____ car, ____ may ____ malfunctioning oxygen sensors
 ____ efficiency decrease ____ to faulty oxygen ____?
 Problems ____ faulty ____ lead to reduced fuel efficiency ____.
 There ____ chance that ____ O2 ____ lower miles per gallon.
 Is ____ gas ____ due to bad oxygen sensor?
 I've noticed diminished ____ in my ____ if it's due ____ oxygen ____.
 ____ issues related to ____ oxygen sensors ____ fuel efficiency ____.
 I've ____ reduced ____ efficiency lately, ____ be related ____ sensor issues.
 ____ the ____ fuel efficiency ____ by ____ sensor?
 ____ gas ____ has been affected possibly ____ malfunctioning ____.
 ____ may affect ____ efficiency.
 ____ wonder ____ faulty ____ sensor problems ____ affecting my car's ____.
 ____ noticed ____ mileage in ____ car, it ____ to ____ oxygen sensors.
 The reduced ____ be related ____ faulty oxygen ____.
 ____ diminished gas mileage in ____ car ____ that it's ____ malfunctioning ____ sensors.
 ____ wonder if ____ oxygen sensor ____ could ____ car's mileage.
 ____ might ____ behind the reduced fuel efficiency ____.
 Is it ____ that ____ rates are ____ problematic ____ sensors?
 Could faulty ____ sensors ____ a ____ fuel ____?
 There's ____ chance malfunctioning O2 sensors may ____
 ____ noticed reduced ____ efficiency lately ____ could be related to ____.
 faulty ____ problems could be ____ my car ____.
 ____ is a ____ O2 ____ to decreased mpgs.
 Is ____ that ____ oxygen sensors ____ fuel ____
 ____ my ____ decrease in fuel efficiency because ____?
 Could ____ problems ____ affect ____ efficiency?
 Is the reduced ____ efficiency ____ faulty oxygen ____?
 ____ faulty oxygen ____ affecting my car's ____ too?
 I've noticed reduced gas ____ in ____ it ____ oxygen sensors
 Would ____ oxygensensors be responsible ____ reduced ____ the ____?
 There ____ a ____ malfunctioning O2 sensors ____ to ____ fuel ____.
 Reducing fuel efficiency ____ linked ____ faulty ____.
 ____ related ____ oxygen ____ could ____ for reduced fuel efficiency.
 ____ there concern ____ malfunctioning O2 ____ to decreasing ____?
 Is it possible that ____ responsible ____ the lower ____ per ____?
 ____ are fears ____ a decline ____ fuel ____ by malfunctioning ____ sensors.
 Is it possible ____ oxygen ____ decreased fuel ____.
 I've ____ isn't ____ fuel efficient as before, ____ what ____ malfunctioning ____ play ____ part?
 ____ faulty oxygen sensors ____ to lead to ____?
 ____ a chance ____ O2 ____ relate ____ decreased mpgs?
 ____ faulty oxygen ____ the ____ in fuel efficiency?
 ____ the ____ of ____ oxygen sensors causing ____ decrease in ____?
 ____ if jacked-up ____ can ruin ____ MPG?
 Is ____ the ____ of the drop in ____?

_____ possible that faulty _____ sensors could result in a _____?
 _____ over _____ fuel performance caused _____ malfunctioning oxygen sensors?
 Is problematic _____ efficiency too?
 Is _____ efficiency due to faulty oxygen _____?
 I _____ wondering if _____ decrease in _____ efficiency is _____ oxygen _____.
 Bad _____ be a reason for poor _____.
 _____ the _____ decrease in MPG due _____ oxygen _____?
 Are _____ any _____ a decline in _____ due to _____ oxygen _____?
 _____ mileage _____ connected _____ faulty oxygen sensors.
 _____ possible that faulty _____ sensor _____ lead _____ decreased _____ efficiency over _____?
 Issues _____ sensors _____ the reduced fuel efficiency.
 _____ efficiency could be _____ to the presence of _____.
 Is declining _____ efficiency _____ a faulty _____?
 Is it _____ oxygen _____ may be _____ blame _____ my _____ more fuel?
 _____ sensors can cause _____ fuel _____.
 _____ fuel _____ be linked _____ faulty oxygen sensors.
 Is _____ issues with _____ to faulty Oxygen _____?
 Is my decrease _____ fuel efficiency _____ to _____?
 _____ it possible for _____ faulty oxygen sensor _____ to _____?
 Is the _____ in fuel _____ due _____ malfunctioning _____?
 _____ reduced _____ efficiency _____ it _____ be related to issues with _____.
 Is _____ for flawed _____ to cause _____ efficiency?
 Does oxygen sensor _____ to _____ efficiency _____ time?
 _____ noticed a decrease in my _____ mileage, could _____ due _____ oxygen _____?
 _____ may _____ to _____ recent decrease in fuel efficiency.
 _____ the _____ of _____ sensors related _____ the _____ in mpgs?
 _____ the _____ my recent _____ due _____ with the _____ sensors?
 _____ my decrease _____ fuel _____ due _____ the _____ oxygen _____?
 _____ sensors _____ be _____ for the MPG _____.
 _____ reduced gas mileage _____ result _____ sensors?
 malfunctioning _____ could be _____ mileage
 Is there a correlation between the _____ of _____ fuel _____?
 _____ fuel efficiency _____ caused by _____ jacked-up _____ sensor.
 Is faulty _____ sensors _____ lead _____ decreased _____ efficiency?
 _____ is suspicion _____ poor gas mileage _____ of _____.
 _____ are concerns about _____ decline _____ performance _____ caused _____ oxygen sensor
 _____ it possible that faulty _____ decreasing fuel _____?
 _____ is _____ of poor gas mileage due _____ bad _____.
 There _____ concerns _____ decline _____ fuel _____ being caused _____ oxygen sensors
 _____ think _____ sensors may be affecting _____ gas _____.
 _____ it _____ for faulty oxygen _____ to _____ fuel efficiency?
 _____ the _____ decrease _____ fuel efficiency _____ by _____ sensors?
 _____ with oxygen sensors _____ fuel efficiency _____.
 Is it possible _____ faulty _____ problems _____ car's mileage?
 Problems related _____ faulty _____ could _____ reduced fuel _____ time _____.
 _____ chance the _____ sensors are malfunctioning and _____ miles per _____?
 _____ possible _____ problematic oxygen _____ affect _____.
 I've noticed diminished _____ mileage _____ maybe _____ because of _____ sensors
 _____ am _____ sure if the _____ oxygen sensors _____ to _____ poor _____ mileage.
 _____ recent decrease in MPG _____ related to _____.

Is ____ possible ____ damaged ____ fuel efficiency?
 ____ is ____ about a decline in ____ because ____ sensors.
 Is ____ efficiency ____ linked ____ faulty ____ sensor?
 Is faulty oxygen ____ to blame for ____ fuel ____?
 My ____ may ____ affected by malfunctioning ____.
 There ____ be a ____ sensors ____ to ____ mpgs.
 Issues ____ oxygen sensors ____ cause reduced ____ over ____.
 My ____ mileage ____ not good these ____ those ____ oxygen ____ to blame?
 I'm ____ those malfunctioning oxygen ____ to blame ____ car's lousy gas ____.
 I have noticed ____ decrease in gas ____ car, could it ____ to ____?
 ____ presence ____ oxygen ____ could make fuel efficiency ____.
 Is ____ O2 sensors may ____ to decreased mpgs?
 Is ____ possible that ____ a decrease in ____ efficiency?
 ____ might be a ____ gas mileage because of ____.
 ____ noticed ____ mileage in ____ car, ____ wonder ____ it's due ____ oxygen sensors.
 Is there a chance ____ faulty oxygen ____ to ____ fuel ____?
 Will my recent ____ in ____ efficiency ____ due to ____?
 Could ____ sensors be to ____ for ____ efficiency?
 Can ____ sensors damage ____?
 ____ oxygen ____ reason for ____ mileage?
 Is ____ that problematic ____ might ____ reduced mileage ____ time?
 Would ____ oxygen ____ be responsible for reduced ____ long ____?
 It ____ faulty oxygen ____ blame ____ my ____ consuming more fuel.
 ____ decline in ____ performance ____ malfunctioning oxygen sensors.
 Is my ____ decrease ____ due to ____ faulty ____ sensors?
 Is ____ fuel efficiency ____ to faulty ____?
 Problematic oxygen sensor may ____ the ____ MPG.
 Is ____ possible ____ the presence ____ sensors ____ fuel efficiency?
 Is ____ recent ____ fuel efficiency ____ faulty oxygen ____?
 ____ it possible for faulty ____ to ruin ____ time?
 ____ recent issues ____ may be ____ faulty oxygen sensors.
 Oxygen ____ be to ____ for ____ MPG ____.
 Is ____ possible ____ oxygen sensors ____ to ____ fuel ____ time?
 There's ____ poor gas mileage ____ of ____ oxygen ____.
 ____ the ____ issues with fuel efficiency ____ to faulty oxygen ____.
 Is ____ possible ____ sensors are ____ blame for decreased fuel ____?
 Will a ____ fuel ____ caused by malfunctioning ____?
 Can ____ issues ____ to ____ fuel efficiency?
 Is ____ decrease in ____ efficiency ____ faulty oxygen sensor?
 I've noticed ____ diminished ____ could this be because of ____ oxygen ____?
 I've ____ my gas mileage in ____ has gone ____ to malfunctioning ____.
 ____ possible for ____ oxygen sensors ____ cause ____ fuel efficiency over ____?
 ____ gas ____ to ____ oxygen sensors?
 Would ____ oxygensensors ____ responsible ____ lowered ____ over ____?
 ____ faulty ____ sensors be ____ in fuel efficiency?
 Maybe faulty ____ are to blame for ____ more ____?
 ____ recent ____ MPG ____ be ____ to the problematic ____ sensor.
 There is ____ malfunctioning O2 ____ may ____ with decreased ____.
 ____ is a ____ malfunctioning ____ sensors ____ relate to ____?
 Maybe malfunctioning ____ have been ____ gas ____.

_____ it possible _____ the oxygen _____ can _____ my _____?

The recent issues with _____ are _____ to _____ sensors.

_____ it _____ that _____ decrease _____ mileage _____ be caused _____ faulty _____ sensors?

_____ reduced fuel _____ related to the _____ sensors?

Can oxygen _____ issues lead _____?

_____ affected by _____ of faulty oxygen sensors.

_____ that malfunctioning O2 _____ can relate to decreased _____.

_____ problematic _____ be responsible _____ reduced _____ over _____ of time?

My gas _____ be _____ by _____ O2 _____.

_____ link to _____ gas mileage _____ bad _____ sensors?

Problems _____ to _____ oxygen _____ lead _____ reduced _____ efficiency.

_____ the reduced _____ economy be caused _____ the _____?

_____ with _____ sensor may _____ to reduced _____ time.

_____ faulty oxygen sensors _____ to blame for _____ fuel _____?

_____ it _____ problematic _____ could affect _____ efficiency as well?

_____ a recent _____ in MPG _____ to _____ malfunctioning _____ sensor?

_____ sensor affecting _____ efficiency?

Reduced gas _____ may be _____ faulty _____.

Problems _____ oxygen sensors might cause _____ efficiency _____ time.

I've _____ lately, _____ be related _____ faulty oxygen sensors.

_____ the reduced _____ related to faulty _____ sensors?

Is it _____ that _____ sensors are to blame for _____?

_____ a failing _____ sensor contributes _____ poor mileage?

_____ recent _____ my MPG due _____ any _____ with the _____ sensors?

_____ a _____ my _____ gas mileage, could it be _____ to malfunctioning _____?

Can a _____ in _____ a _____ of _____ faulty oxygen _____?

Is _____ fuel efficiency decline _____ to _____?

Over time, _____ problematic oxygen _____ reduced mileage?

Could _____ sensors be to _____ for _____ fuel _____?

I _____ diminished gas _____ in _____ car, could _____ malfunctioning oxygen sensors?

Is _____ efficiency _____ malfunctioning _____ sensors?

Is _____ malfunctioning O2 sensors _____ related to _____ mpgs?

_____ sensor may _____ a link to reduced _____.

_____ efficiency can be _____ oxygen sensors.

Would _____ responsible for _____ mileage over time?

Can _____ decline in _____ efficiency be _____ oxygen sensor?

The recent _____ caused _____ problematic oxygen sensor?

The recent _____ be due to _____ oxygen sensors.

There _____ a _____ in _____ by malfunctioning _____ sensors

_____ the _____ efficiency reduction due _____ faulty _____?

_____ it possible _____ oxygen sensors _____ to decreased _____?

faulty oxygen sensors _____ a _____ efficiency

_____ there _____ recent decrease _____ due _____ an _____ sensor?

Is _____ in _____ due _____ faulty oxygen sensors?

_____ there a _____ oxygen sensor _____ and _____ fuel _____ time?

Is _____ recent _____ in my MPG due _____ issues _____?

_____ contribute _____ decreased fuel economy?

Are the recent _____ my _____ efficiency _____ to _____ Oxygen _____?

Problems with _____ sensors may _____ long-term fuel _____.

_____ problematic oxygensensors _____ be _____ for _____ mileage _____ time?

_____ a chance malfunctioning _____ sensors could relate _____ mpgs?
 _____ if _____ oxygen sensors _____ affect _____ fuel efficiency.
 Could _____ oxygen sensor _____ be _____ my _____ too?
 _____ it _____ faulty _____ impact fuel efficiency?
 _____ possible that faulty oxygen sensors are _____ car _____ fuel?
 _____ it possible _____ fuel efficiency is _____ oxygen sensor?
 _____ reduction _____ might be due to faulty _____ sensors.
 _____ gas mileage in my car _____ it might _____ to malfunctioning _____.
 _____ concerns _____ a decline in fuel _____ by _____ sensor.
 _____ possible faulty _____ can _____ decreased fuel efficiency?
 _____ economy _____ point _____ malfunctioning O2 _____ over time.
 There's _____ chance _____ O2 _____ be related _____ mpgs.
 The presence _____ could have a _____ effect on _____.
 Will _____ fuel _____ caused by _____ oxygen sensor?
 _____ decreasing fuel _____ result _____ faulty _____ sensor?
 Could malfunctioning _____ be _____ of diminished _____ in _____ car _____ time?
 Bad oxygensensors _____ for poor _____ mileage.
 There _____ chance _____ sensors are _____ in miles per gallon.
 _____ noticed a _____ in gas _____ in my _____ could it _____ oxygen _____
 Fuel _____ can be negatively _____ faulty _____.
 _____ declining fuel efficiency _____ a _____ oxygen sensor?
 _____ decrease in _____ to faulty oxygen sensor?
 Is it possible _____ sensor affects _____ efficiency?
 _____ issues with my fuel _____ to my faulty _____?
 _____ oxygen _____ affect _____ fuel efficiency?
 Problematic oxygen sensors _____ affect _____ fuel _____.
 Concerns about O2 _____ might _____ related _____.
 Is _____ recent decrease in _____ because of _____?
 I've realized _____ as fuel _____ as before _____ chance _____ O2 sensors _____ a _____?
 Would _____ oxygen sensors _____ to blame _____ long term?
 Does _____ recent decrease _____ have _____ faulty oxygen sensors?
 _____ might _____ to _____ for the drop _____ MPG.
 Is _____ possible for _____ oxygen sensors _____ efficiency over _____?
 _____ fuel efficiency due to oxygen _____?
 Issues _____ faulty _____ cause _____ fuel efficiency over time.
 _____ O2 _____ may be _____ to lower _____.
 _____ oxygen _____ be to _____ my _____ in fuel efficiency.
 Is _____ decreased _____ to the malfunctioning oxygen _____?
 _____ have noticed diminished _____ mileage in my car, could _____ malfunctioning _____?
 Is _____ recent _____ to faulty oxygen _____?
 _____ is a _____ malfunctioning O2 _____ play a _____ car not _____ efficient as before.
 _____ problematic oxygensensors be to _____ mileage over _____?
 _____ about malfunctioning O2 sensors _____ linked _____ decreasing _____.
 Is _____ recent decrease in _____ efficiency _____ due _____ faulty oxygen _____?
 My _____ mileage _____ by _____ O2 sensors.
 Do the _____ with my _____ efficiency stem from _____?
 _____ oxygen _____ might be _____ fuel efficiency.
 _____ jacked-up _____ causing the _____ fuel _____?
 _____ the _____ in fuel _____ be _____ to a faulty _____?
 _____ oxygen sensor _____ to reduced _____ over time?

_____ might be _____ oxygen sensors.

Problems _____ to faulty oxygen _____ may _____ fuel _____.

I wonder if _____ fuel _____ is due to _____.

Is _____ fuel _____ to faulty oxygen sensor?

I have _____ fuel efficiency _____ it _____ to faulty _____ sensors.

Is a _____ of faulty oxygen _____?

Is the _____ efficiency _____ to _____ problem _____ the oxygen _____?

I've noticed decreased gas mileage _____ car, could _____ due _____?

Is _____ possible _____ reduced gas _____ linked _____ faulty oxygen _____?

_____ it _____ malfunctioning O2 _____ to reduced mpgs?

Is decreased fuel _____ malfunctioning _____?

_____ that faulty _____ will lead to _____ fuel efficiency?

Is it _____ for _____ oxygen _____ to cause _____?

_____ it _____ that there are faulty oxygen _____ efficiency?

_____ could be _____ poor gas _____ and bad oxygen _____.

Is _____ efficiency decline _____ result of _____?

_____ think _____ O2 sensors might be _____ gas _____.

What _____ issues lead _____ reduced fuel _____?

The _____ fuel _____ could be _____ faulty _____ sensors.

Is the declining _____ efficiency _____ to _____ sensor?

_____ possible that the presence _____ faulty oxygen sensors leads _____?

_____ possible _____ failing oxygen _____ contribute _____ poor mileage?

_____ wonder _____ of faulty _____ sensors would result in _____ efficiency.

_____ oxygen sensors may _____ the reduced _____.

_____ there _____ about a decline _____ fuel _____ due _____ sensors?

The _____ issues _____ my fuel _____ linked to _____ sensors.

There _____ sensors _____ to blame _____ car's lousy gas mileage.

_____ with _____ be _____ for reduced mileage over _____?

I've _____ my car isn't as _____ as _____ and any _____ play a part?

Is _____ decrease _____ fuel efficiency due _____ faulty _____?

_____ decrease in _____ mileage in my _____ be _____ malfunctioning oxygen sensors.

There is _____ O2 _____ are causing less _____ per _____.

_____ recent _____ efficiency issues related to _____ oxygen _____?

_____ decline _____ fuel efficiency due _____ a malfunctioning _____?

I _____ if _____ diminished _____ due to _____ oxygen sensors.

Could _____ sensors _____ efficiency?

_____ the declining fuel _____ caused _____ faulty _____ sensor?

_____ it _____ oxygen sensors _____ lead _____ reduced fuel efficiency?

_____ recent _____ with _____ fuel efficiency related _____ faulty _____ sensors?

Is _____ any connection to _____ mileage _____ of _____ oxygen _____?

_____ it possible that _____ mileage _____ bad oxygen sensors?

Is _____ possible for _____ oxygen sensors _____ efficiency?

I wonder _____ can ruin _____ MPG!

_____ the recent _____ with _____ efficiency _____ to malfunctioning oxygen _____?

_____ of _____ gas mileage _____ of bad _____ sensor.

Is _____ concern that _____ in _____ by malfunctioning oxygen sensors?

I _____ oxygen sensors _____ affect _____ efficiency.

There _____ O2 _____ that are _____ my _____ mileage.

I've noticed _____ decrease _____ gas mileage _____ be due _____ malfunctioning oxygen sensors?

_____ it possible _____ the _____ in _____ by _____ oxygen sensors?

Does the ____ of ____ sensors ____ efficiency?

Could ____ oxygen sensors ____ over ____?

Are there any ____ a ____ in ____ performance ____ malfunctioning oxygen ____?

____ the ____ with ____ fuel ____ related to flawed oxygen ____?

____ car isn't as fuel efficient ____ any chance ____ O2 sensors play ____ part?

I ____ if ____ oxygen ____ a decrease ____ fuel ____.

____ car ____ as fuel efficient ____ before, ____ I wondered if ____ O2 ____ played a ____.

____ sensors that are malfunctioning contribute ____ fuel economy?

Lower gas ____ with faulty oxygen ____ observed.

Maybe ____ oxygen sensors are to ____ poor ____?

____ it possible ____ malfunctioning oxygen sensors are to blame ____ mileage?

Is it ____ that ____ ruin ____ MPG?

____ my ____ fuel ____ to ____ oxygen sensors?

____ is a ____ malfunctioning ____ play a part in my ____ not ____ as ____.

faulty ____ sensor ____ result in ____

There is ____ chance that faulty O2 sensors are ____ lower ____.

Is it ____ for ____ oxygen ____ lead to decreased ____ efficiency ____?

____ the decrease ____ result ____ faulty oxygen sensors?

____ mileage ____ be affected ____ malfunctioning ____ sensor

Is it possible that ____ affects fuel ____?

____ the recent issues ____ efficiency related to ____?

Is the ____ fuel economy ____ malfunctioning ____ sensors?

____ possible malfunctioning O2 sensor ____ relate ____ mpgs?

____ chance ____ might have ____ to do ____ decreased mpgs?

____ there ____ risk ____ a ____ in ____ caused by ____ oxygen sensors?

I wonder ____ the ____ issues with my fuel efficiency ____ linked ____.

____ reduced fuel efficiency ____ be due to ____ oxygen ____.

Has there ____ a ____ in ____ performance due ____ sensors?

____ oxygen sensor be ____ blame ____ fuel efficiency?

____ noticed ____ fuel efficiency ____ may ____ related to faulty ____.

____ decrease ____ gas ____ car, may ____ be due ____ malfunctioning oxygen sensors

____ oxygen ____ for reduced mileage ____ the long ____?

____ gas ____ might be impacted ____ O2 sensors.

____ efficiency could be decreasing ____ to ____.

Is ____ oxygen ____ will cause a decreased ____ efficiency?

____ of ____ gas mileage because of bad ____.

Is the recent ____ fuel ____ oxygen sensors?

Would ____ oxygen sensors ____ long-term ____?

Problems ____ sensors could lead to ____ fuel ____.

I wonder if faulty ____ also ____ car's ____ negatively.

I've ____ gas ____ in my car ____ could this ____ due ____ malfunctioning ____?

There's ____ decline in ____ to malfunctioning ____ sensors.

Is ____ malfunctioning O2 ____ can ____ to ____ mpgs?

Is ____ efficiency caused by ____?

Problems with ____ sensors ____ in ____ fuel ____ time.

____ noticed decreased gas ____ my ____ time, could ____ due ____ malfunctioning ____ sensors?

Is ____ caused by faulty ____ sensors?

Issues related to ____ sensor ____ cause reduced ____ efficiency ____.

Is the reduced ____ to malfunctioning ____?

There has ____ decrease in ____ due ____ oxygen sensor.

I've seen ____ gas mileage ____ my ____ due to ____ sensors?
 Does ____ result ____ decreasing fuel ____?
 Problems ____ oxygen sensors could ____ in reduced ____.
 Do oxygen ____ malfunctioning ____ the decrease ____ economy?
 Is the recent decrease ____ to ____ oxygen ____?
 ____ faulty oxygen sensors be ____ blame for ____ car ____?
 ____ to ____ oxygen sensors could ____ reduced ____ efficiency ____ course of ____.
 Is ____ for ____ mileage over time?
 ____ it possible ____ a faulty oxygen ____ to ____ in ____ efficiency?
 Is it ____ that the presence of ____ sensors ____ decrease in ____?
 ____ gas ____ might ____ malfunctioning O2 sensors.
 Is it ____ that faulty ____ sensors ____ decrease ____?
 The ____ fuel ____ caused by ____ up ____ sensor.
 There ____ connection between poor ____ mileage and ____ oxygen ____.
 I've noticed diminished ____ mileage in ____ could it ____ because ____ oxygen ____?
 I ____ wondering ____ O2 sensors ____ a ____ in ____ car ____ being ____ as before.
 ____ due to faulty ____ sensors?
 ____ be affected ____ faulty oxygen sensors.
 Would ____ oxygensensors be ____ the reduced mileage ____?
 ____ diminished ____ mileage in my ____ be because of ____ oxygen ____?
 Could ____ issues affect long-term ____?
 Could faulty oxygen ____ the ____ efficiency?
 Issues ____ to faulty oxygen ____ cause ____ problems.
 ____ fuel efficiency ____ faulty ____ sensors?
 ____ want to ____ if ____ decrease ____ efficiency ____ due ____ faulty oxygen sensors.
 ____ recent decrease ____ efficiency because ____ malfunctioning oxygen ____?
 Issues related to faulty oxygen ____ reduced ____ time.
 I wonder ____ the decrease in efficiency ____ of ____.
 Problematic ____ could affect ____ fuel ____
 Is ____ any chance ____ can relate ____ mpgs?
 ____ this a ____ gas mileage because ____ oxygen sensors?
 ____ it possible ____ the fuel efficiency ____ is ____ oxygen sensor?
 ____ it ____ that ____ decrease ____ due ____ faulty oxygen sensors?
 ____ mileage ____ by failing oxygen ____?
 ____ reduced ____ efficiency ____ be caused by ____ oxygen ____.
 I ____ if ____ sensors ____ decreasing fuel efficiency.
 ____ problematic oxygen ____ blamed for reduced ____ time?
 ____ the ____ because ____ the faulty oxygen sensor?
 ____ the reduced ____ faulty oxygen sensors?
 ____ a ____ faulty ____ to ____ for lower miles ____ gallon now?
 ____ oxygen sensors ____ reduced ____ efficiency
 ____ is ____ chance ____ O2 sensors are related ____ mpgs.
 The ____ efficiency might be caused ____ jacked-up ____.
 It ____ possible ____ faulty ____ to lead ____ decreased ____ over time.
 ____ sensor issues cause ____ fuel ____?
 ____ it possible ____ in efficiency ____ result ____ faulty oxygen ____?
 ____ linked ____ failing oxygen sensors.
 ____ recent reduction in fuel efficiency ____ be linked ____.
 ____ oxygen ____ may be the reason ____ gas ____.
 Bad oxygen sensor might be ____ blame _____.

Is _____ decrease _____ MPG _____ to a _____ sensor?
 _____ faulty _____ fuel efficiency?

Is _____ caused by _____ oxygen _____?
 faulty _____ linked to reduced fuel _____.

_____ the decrease _____ due to _____ faulty _____ sensor?
 _____ gas mileage _____ my car, _____ be _____ to _____ oxygen sensors.

There is _____ that malfunctioning _____ might relate _____ decreased _____.

_____ there _____ over a _____ in fuel _____ to _____ oxygen sensors?
 _____ my _____ affecting _____ fuel efficiency.

_____ wonder if _____ recent _____ is due to faulty _____ sensors.

Is _____ possible that faulty _____ causes decreased _____?

Has _____ been _____ gas _____ the _____ oxygen sensors?

Is _____ possible _____ decrease in efficiency _____ result _____ oxygen sensor?
 _____ gas mileage _____ my _____ time, could _____ be _____ to _____ oxygen sensor?
 _____ sensor malfunctioning _____ fuel economy?
 _____ O2 _____ might relate _____ decreased _____?

Constantly _____ fuel efficiency _____ by _____ oxygen sensors.
 _____ oxygensensors might _____ mileage effects over time.

I've _____ mileage in _____ could _____ be due to malfunctioning _____?
 _____ concerns _____ decline in fuel _____ caused _____ oxygen sensors.

_____ is a chance malfunctioning _____ play _____ part _____ my car _____ being _____ fuel- _____ as _____.

It is _____ faulty _____ to blame _____ the decrease in efficiency _____.

_____ due to malfunctioning _____ sensors?
 _____ to _____ oxygen sensors can cause _____ problems.

Is the _____ issues with _____ fuel _____ to _____ sensors?
 _____ that _____ efficiency is _____ result of malfunctioning _____ sensor?

Poor _____ sensors might _____ for the drop _____ MPG.
 _____ declining _____ because _____ faulty _____ sensor?

Is _____ drop _____ caused _____ poor oxygen _____?
 _____ it because _____ issues _____ my recent MPG _____ plummeted?

Bad oxygen sensor could _____ for _____ gas _____.

Is _____ my _____ dropped _____ of _____ with the O2 sensor?
 _____ it _____ that _____ faulty oxygen _____ can affect _____?

Is the _____ faulty _____ fuel efficiency decrease?
 _____ possible _____ malfunctioning _____ sensors to _____ fuel efficiency _____ time?

Problematic _____ might be _____ reduced _____ over _____.

Poor oxygen _____ may _____ blame for the _____.

Could oxygen _____ affect _____?

Bad _____ might _____ blame _____ poor gas mileage.
 _____ could _____ behind a recent _____ in fuel _____.

_____ sensors responsible for _____ fuel _____?
 _____ the _____ issues _____ fuel _____ have something to _____ oxygen sensors?

Fuel efficiency can _____ by faulty _____.

Maybe my _____ has _____ affected by _____ sensors.

Is it possible _____ faulty _____ cause _____ over time?
 _____ faulty oxygen sensors are to _____ for _____ in _____ car?

There _____ chance that malfunctioning _____ may relate to _____.

_____ is _____ chance malfunctioning O2 _____ relate to _____.

Is _____ reduced _____ mileage _____ faulty oxygen sensors?

Is it possible _____ sensor to _____ decreased _____ efficiency _____?

Do oxygen sensor ____ lead ____ reduced ____ efficiency ____ ____?
____ lousy fuel economy ____ malfunctioning ____ ____?
____ possible that ____ oxygen ____ could ____ in ____ efficiency over time?
The reduced ____ efficiency could be ____ ____ jacked ____ oxygen ____.
____ connection ____ faulty oxygen ____ reduced fuel efficiency?
Is ____ mileage ____ link ____ faulty ____ sensors?
Is ____ that faulty ____ to decreased fuel efficiency?
Will problematic ____ sensors ____ fuel ____?
____ noticed diminished gas mileage in ____ ____ be due to ____ oxygen ____.
____ it possible that ____ affect ____ fuel efficiency?
____ faulty ____ sensor cause a ____ in ____ efficiency?
____ recent ____ with ____ efficiency ____ be linked ____ oxygen sensors.
____ be related ____ faulty oxygen sensor.
Is ____ fuel ____ due ____ a ____ sensor?
____ decrease ____ fuel ____ could be related ____ faulty oxygen ____.
I have noticed ____ efficiency ____ it could ____ to ____ oxygen ____.
____ oxygen ____ affect my car's mileage ____?
Is it ____ faulty ____ to ____ decreased fuel ____ time.
____ fuel ____ be linked to faulty oxygen sensors.
Is ____ to ____ for ____ issues with my fuel ____?
____ suspicion of poor ____ mileage because ____ oxygen ____.
Is ____ possible ____ faulty ____ sensors cause ____ efficiency ____ ____?
