

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Installation instructions and guidance
Inquiry Sub-Category	Product Compatibility
Description	Customers inquire about the compatibility of their telecommunications equipment with other devices in their network setup, seeking guidance on choosing compatible products and installing them correctly.
Data Size	10,241 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Do you have support ____ for integrating ____ framework?
____ we get support for integration of ____ of ____ platform?
Services ____ blend ____ the ____ frame?
____ have ____ support services ____ implementing the networking elements ____ into ____ ?
____ exist for merging ____ into our framework?
Is ____ support for ____ network ____ within our ____ ?
____ your ____ cover the ____ of networking ____ ?
____ support for ____ different ____ into our communication architecture?
____ your ____ us in ____ diverse network ____ into ____ communications?
____ support ____ varied ____ items in the ____ structure?
____ provide support ____ networking elements?
Can ____ help ____ networking components into ____ infrastructure?
____ support for incorporating diverse ____ our ____ architecture?
____ your support ____ to ____ integration of ____ networks?
____ elements to foster effective unity in our ____ system.
____ you help integrate ____ elements with ____ ?
____ tell ____ about ____ networking parts in our ____ ?
____ offer specialized ____ to integrate many different ____ ?
____ you support ____ of network ____ communication system?
____ you ____ support services ____ incorporating ____ components together?
____ there ____ service ____ merging networking items?
Are ____ able ____ elements in our communication ____ ?
I need ____ merging ____ components ____ comms ____ .
There ____ can help us integrate ____ networking ____ our framework.
Assistance ____ unifying various ____ offered?
Any help ____ the ____ components ____ the ____ ?
Can ____ organization help us ____ integrating ____ ?
____ support ____ networking elements?

____ you ____ integrate ____ into the communication framework?
 How can ____ different network elements ____?
 Is there ____ aid ____ for ____ networking components?
 ____ there ____ providing merging ____ links ____ plans?
 Do you ____ support ____ to ____ networking ____ our infrastructure?
 Do you ____ network components in ____?
 Is there ____ seamless ____ network ____ in our ____ infrastructure?
 Can we use support for ____ networking ____?
 ____ can ____ help ____ networking ____ into ____ communication infrastructure?
 ____ able to support different ____ components ____ the ____?
 Can ____ expect ____ integrating ____ components into ____ setup?
 Is there ____ of ____ network components?
 ____ any ____ integrate the different network elements?
 Can we ____ the ____ unify ____ setup?
 ____ the integration ____ units ____ your support provisions?
 ____ able to provide ____ services to ____ of networks?
 ____ help ____ the integration of network ____ the ____?
 Are ____ services ____ facilitate ____ integration of ____ within the ____ system?
 ____ there ____ for integrating diverse ____?
 Is there any support ____ integrating networking ____ communications ____?
 Does ____ any ____ for ____ network things in our ____?
 ____ integrate ____ network elements into our ____ framework?
 ____ you ____ support ____ networking factors?
 ____ there anyone ____ can help blend ____ across ____ communication ____?
 ____ networking elements ____ our communication framework can ____?
 Support ____ components?
 ____ support for blends ____ components into our communication ____?
 ____ there support service ____ help ____ different ____ our framework?
 We need support to ____ network ____ communication ____.
 ____ help in ____ integration of ____ elements ____ our ____ framework?
 Is ____ help in ____ different ____?
 How ____ we blend different ____ features ____ structure?
 ____ company ____ us ____ diverse network ____ into ____ communication?
 ____ you ____ for ____ across ____ framework?
 ____ we rely on your team for ____ types ____?
 Can ____ help ____ we integrate diverse ____ parts ____ our ____?
 Need help merging ____ within ____ comms ____.
 Do ____ connect disparate ____?
 ____ merging various ____ components within our comms ____.
 ____ help ____ various network elements ____ our communication ____?
 ____ get help for ____ various ____?
 ____ help ____ setup of networks?
 Do you need help ____?
 Do ____ have the ____ to ____ integration ____ different networks?
 Is there help ____?
 ____ there ____ guidance on ____ networking parts ____ our ____?
 ____ there ____ for seamless integration of ____ in our ____?
 Do ____ offer support for networking components ____?
 ____ you help blend ____ various ____?
 ____ any specialized ____ that can integrate ____ types of ____?

Do ____ support ____ the ____ of various networking ____?
 ____ networks under ____ frame?
 ____ merging various ____ components ____ our comms ____?
 ____ support for ____ all the ____ networkin' things ____ the ____?
 Is ____ possible to get support services ____ networking ____ into ____?
 Is ____ provisions ____ of different ____ elements ____ our infrastructure?
 ____ you provide support ____ incorporating different ____ our ____ setup?
 Is ____ service for integrating ____ into ____ setup?
 a ____ of networks ____ frame?
 Do ____ integration of networking units?
 You ____ able to help us ____ networking aspects across ____.
 Could ____ get ____ for mixing ____ into ____ architecture?
 Can ____ help ____ a ____ range of ____ into ____ communication ____?
 ____ help merging ____ network components in ____ system?
 ____ able to ____ integrate ____ offered?
 Is there ____ different elements of ____?
 ____ support services to help integrate ____ elements ____ our ____.
 Are there ____ services for integrating ____ into ____?
 ____ existing communication ____ for ____ integration of network elements?
 ____ integrating different networking components ____ our communication ____?
 ____ specialized services ____ multiple networks?
 ____ we expect to receive ____ different ____?
 Do ____ support for ____ networking ____ the communication ____?
 Do ____ provisions to ____ smoothly?
 Can you ____ integrate ____ elements into ____ communication ____?
 Did ____ integrate ____ wide ____ of network ____ our ____ framework?
 ____ merging different networking items into ____ framework?
 Can ____ integrate ____ communication framework ____ other networks?
 Can ____ get help ____ setup?
 ____ your ____ help ____ different network parts in ____?
 Are ____ able ____ offer ____ for ____?
 Can ____ to unify ____ communication ____?
 Can ____ help with ____ integration ____?
 Is ____ any ____ mixin' network ____ the framework?
 Is there ____ various ____ our comms structure?
 Are ____ to help ____ a wide range ____ network elements ____?
 Is there ____ elements throughout the ____ frame?
 ____ have ____ support for ____ the diverse ____ things in the ____?
 ____ help ____ incorporate network elements ____ our system?
 Is there any ____ to ____ different ____ components ____ framework?
 ____ you ____ us integrate various ____ in our ____?
 Are your support services able to ____ different ____ communication ____?
 ____ kind of assistance ____ get ____ integrating various ____?
 Can ____ help ____ integrate various ____ components into ____?
 ____ you able to integrate ____ of ____ into ____ communication ____?
 Is there ____ connecting ____?
 Is ____ help ____ integration of ____ network ____?
 ____ we get tailored support ____ smooth amalgamation ____ networking ____?
 Does your ____ offer support ____ diverse ____ components ____?
 Is ____ for integrating ____ network ____?

Are _____ services able _____ the _____ of _____ networks within our _____?

Can _____ integrate diverse networking _____ within our _____?

Do you have _____ that can _____ to _____ networking elements _____ infrastructure?

_____ in _____ networks?

_____ offer _____ incorporating networking into our _____?

_____ there any _____ for _____ dissimilar networking elements into _____?

Is _____ help for _____ networking elements across _____?

_____ help to blend _____ features?

_____ you _____ to _____ multiple _____ within the _____ architecture?

_____ can _____ get _____ the integration of various _____?

_____ services _____ diverse networking _____ our communication framework?

_____ your _____ capable of facilitating _____ among _____ network _____?

_____ your organization help _____ with _____ diverse _____ parts in _____?

_____ possible to integrate _____ network _____ for _____ comms _____.

Is it _____ assistance for integrating different _____?

Can you _____ me _____ networking parts _____ our communication _____?

_____ we depend _____ your team _____ guidance _____ types _____ networks under _____ common communication _____?

_____ your organization _____ us integrate _____ parts into our _____?

Do you _____ any _____ available _____ integrating _____ our communications infrastructure?

_____ may _____ support services _____ help _____ elements into our framework.

_____ you help integrate some _____ networking _____ into our _____?

_____ have any _____ all the _____ pieces in _____ thingamabob?

Is there any _____ diverse _____ in _____ framework?

_____ there any help _____ amalgamate _____ the frame?

_____ services able _____ link multiple _____?

Any _____ with the _____ networking _____?

Are you _____ to _____ with different _____ components?

_____ you offer _____ mixed networking _____?

_____ you _____ integrate multiple _____ networks within our _____ architecture?

_____ there support _____ for _____ varied _____?

Does support _____ networks _____?

Do _____ assistance _____ network _____ into _____ communication system?

_____ can we get _____ diverse networking _____ our communication _____?

Are _____ of facilitating _____ integration of _____ networks?

Is it _____ to _____ merging different _____?

Is _____ any assistance integrating different _____ for _____?

When it comes _____ networking _____ offer assistance?

Is _____ specific support _____ the _____ of _____ networking elements?

Are your _____ to _____ integration _____ different networks?

_____ it possible _____ different _____ our communication setup?

_____ provide _____ on combining _____ parts?

_____ you _____ to provide specialized _____ that integrate _____ types _____?

_____ cover the integration _____ different networking units?

_____ support service _____ stuff into our communication _____?

_____ support measures been _____ to _____ with _____ integration _____ using your _____?

Are you able _____ the _____ within _____ system?

_____ there help to _____ network _____?

_____ able to integrate different _____ our framework?

_____ you willing to _____ integrate a _____ range _____ network _____ into _____ communication _____?

Does your _____ in incorporating network _____ into _____ framework?

Do _____ merging _____ networking _____ the communication setup?
