

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Gas leak reporting and emergencies
Inquiry Sub-Category	Utility Marking Issues
Description	Customers might call to report gas lines that were not properly marked during excavation projects, posing a safety concern.
Data Size	5,073 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

What actions will _____ taken if _____ improper utility markings during _____ regarding _____ Gas _____?

If I _____ markings during the _____ Line digging _____ what _____ be _____?

_____ taken _____ receiving reports of _____ utility _____ in an _____ on concerns over natural gas _____?

_____ any _____ be _____ someone makes a _____ of marking _____ of a natural _____ line?

What measures _____ expected if there is _____ complaint about _____ during _____ work _____ associated with _____ lines?

Who responds to reports _____ improper _____ particularly _____ natural _____ lines?

_____ are you dealing _____ the _____ Gas Line problems _____ you _____ told about _____ during _____?

_____ address Natural Gas _____ Problems _____ you _____ questionable _____ during excavation?

Will _____ be _____ follow up _____ of marking _____ in _____ excavation _____ the natural gas lines?

_____ any _____ be _____ someone _____ a report of _____ a natural _____ excavation?

_____ will _____ when Utility _____ are reported during _____ Natural Gas _____?

How is a _____ with in _____ projects _____ potential dangers _____ natural gas line?

What _____ the _____ after receiving _____ of _____ utility _____ in an excavation job, _____ on threats _____?

_____ response _____ report about _____ obscured by excavation markings, _____ you be doing?

What _____ improper markings _____ the excavation of _____ Gas _____?

_____ be done _____ the report _____ utilities during excavation _____ Natural Gas _____?

_____ any actions be taken _____ in _____ excavation _____ gas lines?

How _____ about utility _____ when _____ gas lines?

What will _____ done if a _____ makes _____ in the excavation of natural _____?

In case of _____ utility markings during _____ digging job, what _____?

_____ happen to _____ report _____ improper utilities _____ projects relating _____ Gas lines?

_____ reporting _____ markers _____ consequence _____ digging _____ gas lines?

_____ digging projects _____ involve _____ natural _____ lines, _____ is a situation reported in _____ with?

Will _____ measures be _____ if someone _____ a report _____ marking mistakes in excavation _____?

How are you dealing _____ Natural _____ you're told _____ questionable markers _____ excavation?

_____ anyone follow _____ what they say _____ someone _____ marking mistakes _____ the _____ of _____ gas _____?

Do _____ steps will be taken _____ risks of the _____ if I _____ markings that aren't _____ dig

If I _____ that _____ at the _____ believe steps _____ be taken _____ the Natural Gas Line _____?

What measures should _____ in the case of complaints about _____ work _____ risks _____ with _____ lines?

What will _____ done _____ there _____ markings _____ the _____ of _____ Natural _____ Line.

_____ you _____ reports when _____ lines?
 When _____ near _____ gas lines, _____ be consequences for _____ ?
 Will any _____ be taken _____ report _____ marking _____ the excavation of _____ natural gas line?
 _____ follow _____ measures be taken if _____ reports marking mistakes _____ a _____ ?
 When _____ raises the _____ for _____ Natural Gas lines, _____ is _____ handled by your _____ ?
