

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Information about renewable natural gas
Inquiry Sub-Category	Renewable Natural Gas Benefits and Options
Description	Customers may seek information on the environmental benefits of renewable natural gas, such as reduced greenhouse gas emissions, as well as the various options available for utilizing this sustainable energy source.
Data Size	7,370 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

How does _____ gas help reduce _____ emissions?

Is _____ gas able _____?

Reducing _____ can be _____ with _____ gas _____.

Can you tell _____ of _____ natural _____ in _____ gas emissions?

How can _____ reduce _____ by _____ renewable natural _____?

Is _____ going to _____ greenhouse _____?

_____ green _____ GHGs?

_____ adoption _____ clean-burning gas _____ GHG emissions?

_____ does _____ natural _____ to cut down _____ greenhouse _____?

I have _____ question _____ natural gas _____ cut down _____ gases.

_____ incorporating _____ gas aid in _____ emission levels?

Is _____ cut _____?

_____ the role _____ gas in curbing _____ emissions understood?

How can renewable _____ in reducing emissions?

_____ of green gas lower _____?

_____ the use _____ renewable gas _____ feasible?

_____ the ways in which _____ help mitigate carbon _____?

_____ a _____ renewable natural _____ mitigate _____ gases?

Renewable _____ decrease greenhouse _____.

_____ does green gas _____ emissions?

_____ RNG _____ to _____ harmful carbon _____?

Will green gas _____?

Does renewable natural _____ GHG _____?

_____ ways does _____ use _____ renewable natural _____ help _____ emissions?

How can reduce _____ renewable natural _____?

_____ to _____ gas help mitigate _____ gases?

_____ gas mitigate greenhouse _____?

_____ it _____ to _____ GHGs by _____ renewable _____ gas?

Renewable _____ used _____ lower emissions.

How can _____ to combat _____?

_____ natural gas _____ global _____?

Does _____ renewable _____ the _____?

_____ gas _____ go down?

_____ green gas reduce _____?

_____ green gas _____ emission levels?

Reducing _____ be _____ the impact of _____.

Is _____ green gas _____ greenhouse _____?

_____ gas _____ greenhouse _____?

Do using renewable _____?

What _____ reduces GHG amounts?

_____ renewable _____ helpful _____ reducing emissions?

_____ we _____ renewable _____ gas to _____ gas emissions?

_____ renewable gas _____ pollution?

Is it _____ using that _____ gas _____ make _____ smog?

_____ harmful carbon _____.

_____ in green _____ cause _____ GHG _____.

_____ can _____ emissions.

Will _____ decrease _____ amount?

_____ green _____ difference _____ the greenhouse gases?

_____ gas help _____ greenhouse gas emissions?

Can _____ adoption _____ gas contribute _____ reducing GHG _____?

Natural _____ is _____ limit _____ emissions?

_____ renewable natural _____ of _____ down _____?

_____ be used _____ curb emissions.

Can changing to _____ gas _____?

_____ gas reduce _____ amount _____ gas?

Does renewable _____ gas _____?

_____ green gas decrease _____ release of _____?

_____ can we _____ carbon footprints _____ natural _____?

Natural _____ curb _____.

Is renewable _____ gas a _____ greenhouse _____?

Can natural _____ gases?

How _____ renewable natural _____ climate _____?

Natural _____ helps _____ on _____ gases.

Green gas _____ to _____ emissions.

In _____ the use of renewable _____ gas _____ mitigate _____?

Will _____ reduce greenhouse _____ emissions?

Is _____ Climate-friendly?

What _____ gas do _____ gas emissions?

Natural gas _____ used _____ an _____.

_____ to _____ role of _____ gas in _____ greenhouse gas emissions?

_____ gas reduce greenhouse gases?

Can renewable gas _____ down _____?

Will green gas _____?

What _____ using renewable _____ do to _____?

Does _____ gas decrease _____ gases?

Investing _____ will decrease GHG _____?

_____ green _____ decrease _____?

How ____ using renewable ____ decrease ____ emissions?
 ____ ways ____ the ____ of renewable ____ gas ____ reduce carbon ____?

Could ____ tell us how ____ greenhouse gases?
 ____ ways can the use ____ renewable natural ____ emissions?
 ____ can ____ use ____ gas ____ pollution?

How do renewable ____?

How does ____ carbon ____?

Does ____ emissions.

Can renewable ____ be ____ reduce ____ warming?
 ____ green ____ might ____ greenhouse gases.
 ____ reduce greenhouse ____ emissions?
 ____ does renewable ____ gas ____ cut down ____ gases?

What ____ gas ____ be ____ lower carbon footprints?
 ____ green gas ____ to ____ levels?

Could renewable ____ greenhouse ____?

Can renewable ____ cut down ____?
 ____ gas ____ cut greenhouse ____
 ____ you ____ lowers harmful emissions?

Does ____ lower ____.

Can ____ use of ____ help with ____?

Reducing carbon ____ can ____ done ____ renewable natural ____.

Is renewable ____ gas ____ greenhouse ____?
 ____ green gas ____ reduce ____?

Will ____ help with ____ gases?
 ____ can ____ aid lower ____ footprints?
 ____ using ____ affect greenhouse ____?
 ____ do you think ____ the ways ____ renewable ____ reduces ____ gases?

What ____ you think ____ use of ____ to combat ____?
 ____ gas help the ____?

____ what ways ____ of renewable natural gas help ____ carbon ____?

Reducing emissions can be ____ impact ____.
 ____ to ____ help the environment?

Does renewal ____ GHGs?

Does ____ aid in reducing ____?
 ____ gas ____ in diminishing ____?

What ____ to minimize carbon ____?

____ tell ____ about the ____ of renewable ____ reducing greenhouse gases?
 ____ use of ____ reduce ____ gases?

Do ____ renewable ____ slash greenhouse issues?
 ____ carbon ____ using ____ natural gas aid ____ done.

Can the adoption ____ reduce ____?

Is there ____ renewable natural ____ fight against ____ gas emissions?

Is ____ able ____ greenhouse gasses?
 ____ it ____ role of ____ natural gas in limiting ____ gas ____?
 ____ gas emit ____ pollution?
 ____ in ____ gas ____ GHG release.

Is ____ able ____ help ____ emissions?

How ____ gas ____ combat pollution?

____ renewable ____ be ____ to ____ pollution?

Can the ____ of renewable ____ to lowering ____?

_____ it _____ that changing to _____ would _____ mitigate greenhouse _____?

_____ renewable natural _____ helping _____ down _____ greenhouse gasses?

_____ gas cause _____ pollution?

_____ natural gas _____ carbon emissions?

Is _____ used _____ pollution?

How _____ using _____ pollution?

What is the _____ of _____ doing _____ combat _____?

Renewable _____ can play a _____ emissions.

Change _____ natural _____ would help _____ greenhouse _____.

_____ role _____ play in controlling emissions?

_____ natural _____ help cut down _____.

What ways does the use _____ renewable _____ emissions?

How could _____ emissions?

_____ it _____ renewable _____ down on greenhouse gases?

_____ gas contribute to _____ emissions?

Does _____ fuel _____ an _____ on greenhouse gas _____?

_____ renewable gas be _____ pollution?

Will investing _____ reduce _____ gas _____?

Can renewable natural gas be _____?

How _____ our _____ by _____ renewable natural gas?

_____ you reduce emissions _____ using _____?

_____ renewable natural _____ be utilized _____ lower _____ footprints?

_____ gas cut _____?

Is it possible _____ natural _____ helps _____?

Did _____ gas _____ carbon _____?

How _____ natural gas _____ reduce _____ emissions.

Replacing _____ gas _____ natural gas could _____ mitigate _____.

_____ renewable natural gas _____ a difference to _____?

_____ it _____ that renewable natural _____ greenhouse gases?

_____ gas _____ reduce _____ emissions?

_____ renewable natural _____ combat _____?

What are the _____ natural _____ to _____ carbon _____?

_____ gas _____ in GHG amounts?

Can _____ tell _____ if _____ really reduces emissions?

Does _____ help in _____ greenhouse _____?

_____ using _____ gas _____ emissions?

Reducing greenhouse gas emissions _____ of renewable natural _____.

_____ use of renewable _____ pollution?

_____ natural _____ curb emissions?

How _____ renewable _____ gas reduces greenhouse gases?

_____ natural gas _____ greenhouse _____?

_____ green _____ reduce _____ of GHGs?

Does _____ use of _____ gas _____?

_____ natural gas be used _____ gas emissions?

_____ renewable gas _____ used to _____?

Is renewable _____ good for _____?

Does _____ of _____ natural _____ greenhouse gasses?

Does utilizing _____ natural _____ help _____?

Will _____ gas _____?

_____ in _____ gas prevent _____ release?

____ it ____ sustainable gas?
 ____ can renewable ____ be ____ against ____ pollution?
 ____ gas ____ emissions?
 ____ renewable ____ gas be used ____ ?
 ____ gas ____ pollution?
 ____ transitioning ____ natural ____ to ____ mitigate greenhouse gases?
 Will ____ in green ____ make ____ in ____ release?
 ____ investing ____ green gas ____ to decrease ____ release?
 ____ renewable natural ____ actually ____ gases?
 ____ gas ____ a ____ to the ____?
 Reducing emissions ____ be aided by ____ .
 Will extensive use ____ natural ____ ?
 ____ possible that the ____ of ____ gas ____ less smog?
 ____ gas to ____ gases?
 Does the ____ gas ____ ?
 ____ can ____ natural ____ be used ____ greenhouse gases?
 Renewable ____ used to ____ emissions.
 ____ natural ____ to the reduction ____ greenhouse gases?
 ____ green ____ reduce emissions?
 ____ gas diminish ____ ?
 Does renewable ____ help ____ ?
 ____ renewable gas being ____ fight ____ ?
 ____ does renewable natural gas ____ in ____ ?
 Changing ____ renewable ____ gas ____ mitigate climate ____ .
 The ____ of ____ natural ____ may ____ carbon emissions.
 ____ usingrenewable ____ gas reduce ____ ?
 ____ renewable gas help ____ global ____ ?
 ____ gas a way ____ make ____ ?
 What is the role ____ in ____ gas emissions?
 How renewable ____ gas ____ gases?
 Can ____ use of ____ help ____ greenhouse ____ emissions?
 ____ gas ____ to ____ carbon emissions?
 How should we ____ to ____ ?
 ____ the widespread ____ renewable ____ gas ____ GHGs?
 How ____ natural ____ decrease carbon ____ ?
 Reducing carbon ____ be achieved ____ using ____ aid.
 ____ be used to ____ gasses?
 Changing to ____ natural gas ____ the ____ greenhouse gases.
 Can green gas ____ ?
 ____ the ____ of ____ gas for ____ emissions?
 Is ____ reduce emissions ____ using ____ gas?
 Is it possible ____ renewable ____ combat ____ .
 ____ utilizing natural ____ decrease ____ ?
 What role do renewable ____ plays ____ ?
 ____ use ____ green ____ cut emissions?
 ____ what ways ____ the ____ renewable ____ gas ____ reduce ____ emissions?
 Does renewable ____ clean ____ the ____ ?
 What ____ does ____ natural ____ cutting emissions?
 Does ____ renewable ____ the ____ gases?
 ____ do ____ natural gas ____ in ____ ?

Can ____ gas ____ ?

____ do we ____ renewable ____ to reduce greenhouse ____ ?

Can use ____ greenhouse gases?

____ gas help decrease ____ ?

There ____ gas can help mitigate carbon emissions.

____ gas is ____ emissions.

What ____ the role renewable ____ gas ____ cutting ____ ?

____ do we ____ pollution ____ gas?

Natural ____ play ____ in ____ emissions.

____ gas could ____ gas.

____ renewable gas ____ ?

____ what ____ does ____ of renewable natural gas ____ emissions?

____ know the role of ____ fighting greenhouse ____ emissions?

____ gas reduce ____ ?

Is it possible ____ renewable ____ gas can ____ ?

____ investing in ____ emission?

____ the use ____ gas aid ____ reducing ____ ?

____ what ____ RNG have

____ gas cause ____ in emissions?

Can the adoption ____ help ____ GHG ____ ?

Can natural ____ pollution?

____ renewable natural gas ____ to ____ ?

Is ____ a ____ idea ____ sustainable gas climate ____ ?

Does renewed ____ ?

Clean-burning ____ reduce emissions.

____ cause ____ reduction in greenhouse ____ ?

____ does ____ use of ____ natural gas ____ reducing ____ emissions?

Can ____ gas ____ GHGs?

____ using renewable ____ lower ____ ?

Is ____ gas going ____ GHG ____ ?

Is green ____ to decrease ____ ?

Does the ____ pollution?

Is there a role ____ slowing ____ greenhouse gas ____ ?

____ make a ____ greenhouse gases?

Will changing ____ greenhouse gases?

Is ____ natural ____ able ____ gasses?

____ gas helpful in ____ ?

____ possible that ____ renewable ____ will decrease greenhouse ____ ?

Does ____ in green ____ reduce ____ ?

Can ____ use ____ gas be ____ to ____ emissions?

____ switch ____ green gas reduce ____ ?

____ does renewable natural ____ reducing ____ ?

____ able ____ decrease greenhouse gases?

____ green ____ good ____ to ____ emissions?

Is ____ possible ____ gaz ____ climate?

____ tell me how choosing ____ natural ____ gases.

____ with renewable natural gas ____ help mitigate ____ .

How can renewable ____ emissions?

Is renewable ____ in ____ greenhouse ____ ?

____ gas help ____ levels?

Does _____ decrease greenhouse _____?

Does using _____ reducing greenhouse _____?

_____ down on emissions?

_____ it _____ possible to _____ less _____ by _____ renewable _____?

_____ renewable _____ reduce _____?

Will _____ gas _____ warming?

Is the adoption of _____ emissions?

Green _____ able _____ reduce _____ amounts.

_____ can _____ use renewable _____ gas _____ cut _____ footprints?

_____ gas able _____ emissions?

_____ affect carbon footprints?

_____ can _____ reduce _____ green gas?

Does renewable _____ fuel _____ difference _____ reducing _____ emissions?

_____ RNG _____ with _____ footprints?

Does _____ renewable _____ slash _____?

_____ renewable natural gas _____ curb _____?

Can _____ me _____ gas can help reduce _____ gases?

Change _____ green _____ lower _____ gases.

_____ the use _____ natural gas _____ reduce carbon emissions?

How does _____ natural _____ offsetting _____ emissions?

_____ renewable _____ gas _____ going _____ decrease greenhouse gases?

_____ can we use renewable gas _____?

Can _____ gas cut _____?

Natural _____ can help _____.

_____ clean _____ gas _____ reduce _____ emissions?

Does renewable gas _____?

Is it _____ green _____ aid in _____ levels?

_____ a _____ to _____ natural _____ reduce greenhouse gases?

_____ to green _____ reduce _____ gases?

Did _____ renewable _____ gas reduces greenhouse gases?

_____ use of renewable _____ greenhouse _____?

Will the _____ renewable _____ gases?

_____ green _____ reduce GHG _____?

Is _____ reducing GHG emissions?

Does _____ use _____ gas decrease _____?

What _____ in which renewable natural _____ can _____ with _____?

Can _____ limit carbon _____?

Will _____ gas _____ amount _____ GHG?

How _____ be _____ to decrease _____?

Does _____ of clean-burning _____ help _____ gasses?

_____ can combat _____ pollution.

_____ to _____ harmful carbon footprints?

Can _____ of _____ natural gas reduce _____ dioxide _____?

Will green _____ environment?

_____ of renewable natural _____ reduce greenhouse gas _____?

_____ role _____ natural gas play in reduction _____?

Is natural gas _____?

Will _____ gas _____ decrease _____?

_____ a role for _____ natural _____ in fighting _____ gas _____?

_____ emissions _____ with renewable natural _____.

_____ adoption _____ gas _____ help _____ GHG emissions.

_____ use _____ natural _____ help mitigate carbon emissions?

_____ natural gas be _____ to cut _____?

_____ renewable natural _____ used _____ to reduce _____ gasses?

Would _____ switch _____ natural _____ make _____ difference _____ the environment?

_____ does renewable natural _____ play _____?

_____ clean-burning _____ greenhouse gasses?

_____ gas _____ an _____ on GHGs?

_____ using _____ gas impact _____ greenhouse _____?

_____ wonder if using _____ decrease greenhouse _____.

_____ natural _____ help curb emissions?

Is it _____ choosing renewable natural gas _____?

Is _____ natural fuel helpful _____?

Does _____ help decrease _____?

What can _____ done _____ renewable _____ gas aid _____ footprints?

Will green _____ help _____?

_____ can _____ harmful carbon _____.

_____ changing to green _____ lowers _____?

_____ canrenewable natural _____ do to _____?

_____ renewable _____ gas _____ the _____?

Does _____ help _____ emission levels?

Renewable _____ gas can be _____.

Does green _____ emission?

Does _____ of _____ reduce GHG emissions?

Reducing carbon _____ be _____ using _____ natural gas _____.

_____ can RNG _____ carbon _____?

Reducing _____ gases _____ achieved _____ renewable natural _____.

_____ green gas be _____ emissions?

Uses _____ gas _____ emissions.

_____ you _____ me _____ role of renewable _____ gas _____ against _____ gas emissions?

_____ an impact on _____

Reducing _____ footprints _____ be accomplished through _____ of renewable _____.

_____ green _____ in reducing emission _____?

_____ aid in _____ emissions?

Will renewable _____ greenhouse gases?

_____ aid in reducing emission _____?

How _____ renewable natural _____ be _____ to _____ carbon _____?

How _____ you explain _____ in which _____ reduces greenhouse _____?

Would _____ switch _____ help _____ the greenhouse gases?

Natural _____ may be _____ to _____.

How can renewable _____ contribute _____?

_____ using _____ natural gas decrease _____?

_____ the adoption _____ clean-burning _____ help to reduce _____?

_____ gas can _____

_____ can be achieved _____ renewable natural _____ assistance.

_____ renewable _____ fuel _____ greenhouse _____?

Will extensive use _____ natural _____?

Does renewable _____ emissions?

Will _____ gas diminish _____?

_____ can renewable _____ lower carbon _____?

____ does ____ use ____ renewable ____ impact carbon emissions?
 ____ want ____ know how ____ natural ____ can ____ to ____ greenhouse ____ emissions.
 ____ renewable ____ with emissions?
 ____ you know how ____ gas ____?
 ____ using ____ greenhouse gases?
 Is renewable natural ____ helping to ____ down ____?
 ____ using renewable gas ____?
 ____ natural gas's role in controlling ____ gas ____?
 How do ____ explain ____ which renewable ____ gas ____ greenhouse ____?
 Is it possible ____ renewable ____ emissions?
 Can ____ of renewable ____ reduce ____?
 ____ you switched to renewable ____ mitigate greenhouse gases?
 I wonder if ____ natural gas ____ help ____.
 Were ____ to ____ the ways in which renewable ____ reduces ____?
 Will ____ green ____ reduce ____ gases?
 ____ green gas use ____?
 ____ gas can ____ emissions.
 Is using ____ gas helpful ____ carbon ____?
 Is ____ gas ____ cutting ____?
 ____ ways do ____ use of renewable natural ____ mitigate ____?
 ____ role do renewable ____ in reducing ____?
 Will ____ natural gas be ____ curb ____ gas ____?
 Can you ____ renewable natural gas reduces ____?
 ____ green ____ able ____ emissions?
 ____ using ____ natural gas ____ emissions?
 ____ will ____ greenhouse gases.
 ____ using renewable gas ____?
 Should we use ____ emissions?
 ____ can the use ____ natural ____ mitigate carbon ____?
 ____ gas ____ able ____ cut emissions?
 Is ____ gas ____ for greenhouse ____?
 ____ you reduce greenhouse gas ____ renewable ____ gas?
 ____ natural gas ____ linked to lowering emissions.
 What ____ you ____ about using ____ gas ____ combat ____?
 ____ know how renewable natural gas ____ cut ____ on ____.
 What ____ renewable gas ____ to ____?
 Does utilizing ____ gas ____ greenhouse ____?
 Does ____ greenhouse gas ____?
 ____ green gas ____ gases?
 Does ____ natural ____ work to ____?
 Does using ____ gas ____ greenhouse ____?
 ____ in which ____ natural ____ reduces greenhouse gases?
 ____ renewable natural gas ____ to ____?
 ____ carbon footprints ____ renewable natural gas.
 Is ____ possible to clarify the ____ which renewable ____ greenhouse ____?
 ____ be beneficial to ____ environment?
 ____ use ____ green gas can ____.
 The ____ of ____ gas ____ carbon emissions.
 How can renewable natural ____ be ____ footprints?
 ____ you tell ____ more ____ role ____ gas in cutting greenhouse ____ emissions?

____ you tell me ____ of renewable natural ____ battling ____ gas ____?
 ____ renewable natural ____ assist ____ offsetting ____ emissions?
 Are renewable natural gas's ____ in fighting ____?
 ____ renewable ____ gas ____ combat greenhouse ____?
 Should ____ to ____ natural gas ____ help ____ greenhouse ____?
 Renewable natural ____ emissions?
 ____ green gas alleviate ____?
 Is utilizing ____ a ____ decrease greenhouse gases?
 ____ using renewable natural gas ____?
 Does ____ gas ____ lower ____ emissions?
 ____ what way does ____ use ____ natural gas ____ emissions?
 Will ____ green gas ____?
 ____ green gas aid in ____?
 Climate ____ is countered by ____.
 ____ green gas ____ reduction ____ emissions?
 ____ going ____ reduce GHG release?
 ____ it possible that natural gas ____?
 I ____ know ____ renewable ____ gas helps ____ down on ____.
 ____ gas ____ used ____ reduce emission?
 Is ____ any way that choosing ____ natural ____?
 ____ that renewable natural gas ____ cut ____ woes?
 ____ renewable ____ fight ____.
 ____ an ____ of ____ natural gas reduce greenhouse ____?
 Will ____ gas help ____?
 Can you ____ smog using ____?
 Can ____ adoption of clean-burning ____?
 ____ can ____ decrease emissions?
 ____ question about ____ green gas ____.
 ____ natural gas ____ planet?
 ____ using ____ natural ____ greenhouse gas emissions?
 ____ natural gas be ____ to ____?
 Does green gas make ____ levels?
 ____ people ____ renewable ____ to ____ smog?
 ____ to combat pollution?
 green ____ can ____?
 ____ using renewable ____ gas cause ____ decrease in ____?
 Reducing ____ emissions ____ renewable natural ____?
 Can ____ carbon footprints?
 Is ____ gas ____ to curtail ____?
 ____ a ____ renewable natural gas to ____ GHGs?
 Will ____ help reduce ____ of ____ gasses?
 ____ gas ____ curtailing emission levels.
 ____ for you ____ clarify ____ choosing ____ natural gas ____ greenhouse gases?
 ____ green ____ reduce the emissions?
 ____ renewable ____ beneficial in reducing ____?
 ____ used to reduce emissions.
 ____ renewable ____ gas could help ____ greenhouse ____.
 What ____ impact ____ carbon ____?
 ____ use of ____ gas make ____ cleaner?
 There are ____ in which ____ gas ____ to mitigate ____ emissions.

Climate ____ can be prevented ____.

____ do ____ by ____ green gas?

____ save the climate?

____ the use of ____ to ____?

____ does ____ gas help ____ climate ____?

Is ____ possible that ____ gas can ____ gas ____?

Can renewable ____ be ____ to ____ gasses?

____ to decrease greenhouse gases?

How ____ gas affect ____ release?

What ____ pros ____ cons ____ using renewable natural ____ reduce ____?

____ gas can ____ friendly.

____ is said ____ decrease harmful ____.

Is using ____ going ____ decrease ____?

Is ____ gas ____ at ____?

____ using ____ decrease ____ gases?

Is ____ renewable ____ gas ____ cut down ____ the ____ gases?

The use ____ renewable natural gas ____ lowering ____.

____ can ____ gas combat climate ____?

____ natural gas actually help ____?

____ does RNG ____ footprints?

Climate ____ be mitigated ____ renewable ____.

____ it ____ to ____ gases ____ the switch to ____ gas?

____ gas ____ reduce ____.

Natural ____ has the ____ gases.

Can ____ gas help ____?

____ helping ____ decrease greenhouse gases?

Reducing emissions can ____.

Can ____ be used more to reduce ____?

How can renewable natural ____ reduce emissions?

Can ____ adoption of ____ gas help in ____?

What ____ green ____ reduces ____?

____ affect greenhouse ____ if you ____ green gas?

Do ____ green gas can ____?

Can renewable Natural ____?

Can ____ gas make the ____ cleaner?

What does ____ gas ____ to reduce ____ gas ____?

____ can renewable gas ____ to ____?

Tell me ____ renewable ____ helps ____ down ____ greenhouse ____.

____ gas diminish ____?

____ can renewable natural gas help ____?

Can ____ gas ____ GHG ____?

How does renewable ____ reduce ____?

____ the use ____ help to ____ emissions?

Investing ____ green ____ affect GHG ____.

How can ____ natural ____?

____ that renewable ____ gas can help ____ emissions.

____ switch ____ gas ____ greenhouse gases.

____ gas ____ emissions?

Can you give ____ renewable natural ____ be ____ to ____ greenhouse gas ____?

____ gas reduce ____?

Does _____ cut emissions?

Does _____ natural gas _____ to _____?

How _____ gas _____ decrease _____ footprints?

Is _____ possible to _____ lot of _____ gas to reduce _____?

_____ it _____ for _____ gas to _____ down on _____?

Could a switch _____ renewable _____ mitigate _____ gases?

_____ gas _____ emissions?

Are renewable natural gas's _____ cutting _____ emissions _____?

_____ of _____ natural _____ to emissions being lowered.

_____ to _____ gas _____ to help mitigate _____ gases?

Is it possible _____ role of renewable _____ in _____ gas _____?

_____ gas reduces emissions?

How _____ RNG _____ footprints?

_____ green _____ lower _____ emissions?

_____ there _____ in which _____ natural gas _____ greenhouse gas _____?

_____ reduce carbon footprints?

Will using renewable _____ levels?

_____ usingrenewable _____ less smog?

_____ does _____ natural gas _____ warming?

_____ to _____ could help mitigate greenhouse _____.

greener gaz _____

Can _____ of clean-burning _____ greenhouse gas emissions?

Is investing _____ going to _____ the _____?

_____ it _____ ways _____ renewable natural gas reduces _____ gasses?

Can the _____ of clean-burning _____ GHG _____?

_____ gas _____ used to fight _____.

Is _____ natural gas _____ to _____ greenhouse _____?

How can _____ reduce _____ renewable natural gas _____?

_____ contribute to _____ GHGs?

Are renewable _____ in _____ greenhouse _____ emissions discussed?

How _____ using green _____?

Is _____ renewable _____ intended to _____ greenhouse _____?

_____ there _____ emissions from renewable _____?

_____ renewable _____ gas _____ to lower _____?

_____ to _____ gas help reduce greenhouse _____?

_____ cut emissions.

_____ way that _____ gas _____ cut _____ on greenhouse gases?

Is it _____ to _____ greenhouse _____ by switching _____ natural _____?

_____ be _____ by _____ effects of RNG.

_____ that renewable _____ gas can help _____ greenhouse _____?

Is _____ renewable gases _____ gases?

_____ clean-burning gas _____ to _____ GHG _____?

Should renewable _____ to _____ greenhouse _____?

_____ the use _____ natural gas help _____ mitigate _____?

Is renewable _____ able to _____ on greenhouse _____?

_____ green _____ save the _____?

_____ in _____ the amount of GHG released?

_____ a switch to renewable natural gas _____ of _____?

_____ is RNG's _____ on _____?

Does _____ Gas cut _____?

Can _____ of renewable natural gas _____ emissions?
 _____ gases _____ cut _____.

_____ natural _____ difference in GHG emissions?
 _____ renewable natural _____ in greenhouse gases?

The use of renewable _____ in offsetting _____.

Do you _____ the _____ of renewable _____ in reducing _____?
 _____ using renewable _____ gas _____ gases?

How can renewable natural _____ be _____ to _____ gas _____?
 _____ switching to _____ greenhouse gases?
 _____ moving to _____ gas _____ greenhouse _____?
 _____ greenhouse _____ can be achieved using renewable _____.

_____ in green gas _____ GHG _____.

Is _____ that _____ decrease emissions?
 _____ natural _____ decrease greenhouse gases?
 _____ it possible for _____ limit _____ emissions?

Changing to renewable _____ help _____ gases.
 _____ can clarify the _____ which _____ natural gas _____ gases.
 _____ natural gas, would it help _____ greenhouse gases?

How can renewable natural _____ to _____ carbon footprints?

Does _____ greenhouse gases?
 _____ you _____ natural gas reduces _____?

Can _____ adoption of _____ burning gas _____?
 _____ saves climate?

Can renewable _____ emissions?
 _____ use of _____ natural _____ pollution?

Greenhouse gas _____ can _____ using _____ natural _____.

_____ use renewable _____ to combat _____?

Clean _____ reduce GHG _____.

_____ using green _____ the _____?

_____ in green gas _____ difference in GHG release?
 _____ renewable _____ gas reduce _____.

Can it _____ done _____ less _____ by using _____?

Are you going to _____ slash greenhouse problems?
 _____ in green gas _____ GHG _____.

_____ help to reduce greenhouse _____?
 _____ green _____ helpful _____ emission levels?
 _____ natural gas _____ to _____ on greenhouse gases?

Renewable _____ can _____.

_____ green gas _____ global warming?

Will _____ gas _____ levels?
 _____ can renewable _____ help _____ greenhouse _____?
 _____ green gas _____ greenhouse gases?

Can _____ clean-burning gas help _____?

Can there _____ way _____ renewable _____ to _____ less smog?
 _____ gas _____ harmful emissions?

Can renewable _____ limit _____?

Is it _____ to use _____ to _____ smog?

Is _____ possible _____ user renewable natural _____ reduce _____ gases?
 _____ gas _____ to reduce emissions.

Will the use _____ gas _____?

Reducing carbon footprints _____ achieved by _____ natural _____.

Can clean-burning _____ help _____ gases?

Does _____ renewable _____ gases?

Is _____ sustainable _____?

Will green gas cut _____?

_____ green gas _____ in _____?

_____ are ways _____ natural gas aid _____ lower carbon _____.

_____ renewable _____ to _____ greenhouse gases?

_____ it _____ to _____ renewable _____ combat pollution?

_____ renewable natural _____ lower _____ gas _____?

How can _____ lower _____ footprints _____ using _____?

Can _____ use of renewable _____ reduce _____?

_____ do _____ in _____ renewable natural _____ reduces greenhouse gases?

_____ using renewable _____ gas to _____ gases?

How does _____ use of _____ natural _____ in reducing _____?

_____ is the impact _____ renewable _____ gas _____ gases?

Can you _____ the _____ gas in _____ gas emissions?

How renewable natural _____ down _____ greenhouse _____?

_____ gas _____ GHGs?

_____ adoption _____ clean-burning gas _____ reduce GHG emissions?

_____ renewable natural fuel _____ emissions?

_____ gas cut down _____ gases?

How can _____ help _____?

What _____ the impact of _____?

Is _____ gas supposed _____ decrease _____ gases?

Do _____ think _____ renewable _____ will decrease _____?

Can _____ tell me if this _____ reduces _____?

Is the _____ clean-burning _____ helpful _____ emissions?

_____ do renewable natural _____ greenhouse _____?

Is your _____ renewable _____ gas _____ slash _____ problems?

_____ we _____ gas aid to lower _____ footprints?

_____ renewable _____ be used _____ reduce _____?

_____ can _____ reduce carbon footprints?

_____ natural _____ be _____ help reduce carbon emissions?

_____ it _____ that _____ natural gas can _____?

Is _____ gas _____ curtailing _____?

Is _____ possible _____ state the _____ natural gas _____ greenhouse gas _____?

Is there _____ chance renewable _____ gas _____ cut _____?

Will natural _____ limit _____?

_____ gas can _____

_____ you fight _____ renewable gas?

Would _____ switch _____ renewable _____ help _____ greenhouse gases?

Can _____ gas _____ gases?

How _____ gas fight _____ change?

_____ using renewable _____ reduction of greenhouse gases?

_____ the _____ reduce harmful _____?

What ways _____ the use _____ help to _____ emissions?

_____ has an _____ emissions.

Natural gas _____ gases.

_____ renewable _____ gas be used to _____?

Should green ____ reduce ____ ____?

____ renewable ____ assist in offsetting carbon ____?

Can ____ natural gas ____ greenhouse ____?

____ gas ____ reduce GHG ____?

Reducing ____ does RNG ____?

Is ____ possible ____ choosing renewable natural ____ gases?

____ using ____ going to decrease ____?

Is ____ that ____ renewable ____ make less smog?

Is ____ possible ____ renewable ____ emissions?

____ gas ____ emissions?

____ possible to reduce GHG release ____ you invest ____ ____?

____ gas ____ an eco-friendly ____.

____ gas combats ____ pollution.

____ gas ____ harmful emissions?

____ can ____ gas aid ____ utilized ____ lower ____ footprints?

____ do you think ____ using ____ to ____ emissions?

____ we switch ____ renewable natural ____ to combat ____ ____?

Does ____ affect the ____?

Is ____ possible ____ gas cuts ____?

Does ____ switch to ____ gas ____ ____?

Is ____ for renewable ____ gas in ____ greenhouse ____ emissions?

____ renewed gas work to ____ ____?

____ to renewable ____ gas would help ____ ____ of greenhouse ____.

Is it possible ____ choosing ____ gas ____ gases.

____ utilizing ____ natural gas ____ gases?

____ green gas ____ emission levels?

____ tell me ____ renewable natural gas ____ greenhouse ____?

____ renewable ____ can ____ emissions.

____ can ____ use renewable ____ aid ____ decrease ____ footprints?

Is it possible to ____ of renewable natural ____?

Reducing ____ can ____ done ____.

Does ____ pollution?

Can ____ gas ____ combat pollution?

____ investing in ____ the emission?

Should green gas ____ able ____?

____ tell ____ renewable ____ gas ____ curb greenhouse gas emissions?

Does green ____ reduced ____?

The ____ natural gas may ____.

____ renewable ____ carbon emissions?

____ a ____ for renewable natural ____ reducing greenhouse ____ emissions.

____ renewable ____ gas ____ gases?

Can ____ how renewable ____ greenhouse gases?

Is ____ climate friendly?

____ in ____ gas ____ influence GHG ____?

Is there ____ for renewable natural gas ____ greenhouse ____?

____ are ____ benefits of ____ natural ____ reduce carbon emissions?

____ it true that ____ emissions?

____ green ____ be used ____ emission levels?

____ changing ____ green gas ____ a ____?

____ renewable natural gas ____ pollution?

Reducing ____ what ____ do?

____ to ____ gas help mitigate greenhouse gases?

Is ____ mitigate greenhouse gases ____ switch ____ renewable ____ gas?

____ use of ____ is ____ to ____ pollution.

Did ____ know which ____ natural gas ____ gases?

____ natural ____ do to combat climate ____?

____ natural gas help ____ greenhouse ____?

____ greenhouse gas ____ can ____ renewable natural gas.

____ can ____ green gas ____?

____ renewable gases ____ greenhouse ____?

How ____ renewable gas aid ____ utilized to ____?

____ greenhouse ____ be accomplished ____ using renewable natural ____.

____ the renewable gas thing to make ____?

I wonder if ____ can ____.

Is it possible to ____ lower greenhouse ____?

____ renewable natural ____ to cut greenhouse gasses?

____ role ____ gas plays ____ emissions?

____ natural gas limit ____?

____ renewable natural ____ to ____ greenhouse gases?

Can you ____ me ____ role ____ renewable ____ gas ____ cutting ____?

Is ____ reduces greenhouse gases?

____ reducing pollution?

Can the use ____ clean-burning gas ____ greenhouse ____?

____ that ____ to renewable ____ gas would help reduce ____?

Will investing in ____ gas reduce ____?

____ using renewable gas ____?

____ can ____ gas be ____ to ____ carbon ____?

How ____ we lower ____ with renewable ____?

____ reduces emissions

____ can ____ cut ____ on ____ gases?

____ gas can ____ pollution.

Can you ____ me ____ in which ____ renewable ____ gas ____ greenhouse ____?

Does changing to ____ the ____?

Can ____ natural gas ____?

____ there ____ renewable ____ gas in stopping greenhouse ____ emissions?

____ gas help ____ climate pollution?

____ switch to renewable natural gas ____ gases?

____ RNG ____ to lessen carbon ____?

____ natural gas ____ pollution.

Does renewable ____ fuel have an ____ on ____?

____ can ____ natural ____ help ____ emissions?

Can ____ me ____ the role ____ renewable gas ____ greenhouse ____ emissions?

Can the ____ of ____ gas help ____ emissions?

____ natural gas ____ the ____?

Is incorporating ____ aid ____ curtail ____?

____ gas ____ an ____ alternative.

Did ____ know how ____ renewable ____ gas reduces ____?

____ could ____ be used ____ combat ____?

____ you tell ____ renewable ____ be used to curb ____ gas ____?

You ____ natural ____ slash greenhouse problems.

_____ renewable _____ gas _____ greenhouse gases?

Is _____ gas _____ harmful emissions?

Can extensive _____ renewable _____ gas emissions?

Will _____ gas reduce _____?

_____ gas reduces _____

Can you _____ choosing renewable natural gas _____?

Can the adoption _____ gas _____ emissions?

_____ gas help _____ environment?

How does _____ natural _____ combat _____?

Is using renewable _____ a _____ make _____ smog?

_____ use _____ will affect emissions.

_____ changing to _____ gas _____ greenhouse _____.

Which _____ do _____ gas help _____ carbon _____?

How can _____ natural gas help _____?

_____ it possible that renewable _____ gas can _____?

_____ be accomplished with renewable _____.

Which ways _____ renewable _____ gases?

_____ does _____ affect GHGs?

Does using _____ natural _____ help _____ greenhouse _____?

_____ gas can _____.

Is _____ possible thatrenewable natural _____ helps _____ on _____?

_____ to green _____ lower greenhouse _____.

Can _____ tell _____ role of renewable _____ in _____ greenhouse _____ emissions?

Reducing _____ footprints _____ be _____ through _____ natural _____ aid.

_____ gas helping cut down _____ greenhouse _____?

Can _____ gas _____ gases?

_____ to cleaner air?

_____ ways in which _____ natural gas _____ reduce _____ gases?

renewable natural _____

Does _____ help _____ emission?

_____ the _____ gas _____ emissions?

What does _____ do _____ harmful _____?

_____ use of _____ gas help _____ reducing _____ emissions?

Renewable natural _____ can _____.

_____ our _____ by _____ gas?

Is renewable _____ in _____ emissions?

_____ is _____ of renewable natural gas _____ greenhouse _____?

_____ to renewable _____ gas would _____ greenhouse gas _____.

Is _____ gas _____ reduce _____?

Reducing greenhouse gas _____ can be _____ renewable _____.

Does _____ natural gas _____ difference _____ reducing greenhouse _____?

Is _____ gas _____ to reducing greenhouse _____?

_____ possible to _____ greenhouse gases from _____?

_____ it possible _____ reduce _____ with the _____ to _____ gas?

_____ is known _____ reduce _____ footprints.

_____ carbon emissions?

_____ gas _____ affect GHG _____?

_____ it possible _____ investing _____ green gas _____ release?

_____ can the use _____ renewable natural gas _____?

Does _____ gas _____ decreasing _____?

_____ does RNG _____ in _____ emissions?

_____ gas helpful in decreasing _____ ?

What _____ have on _____ reduction?

_____ natural fuel _____ lower _____ gasses?

Can renewable gas _____ ?

Do green _____ aid _____ ?

Clean-burning _____ can _____ reducing GHG _____.

How _____ reduce _____ footprints.

I need to _____ how _____ reduces greenhouse _____.

Can renewable _____ carbon _____ ?

Can the _____ gas _____ make _____ smog?

_____ how _____ RNG impact?

_____ how _____ gas _____ help cut down on greenhouse _____.

Natural gas _____ potential to _____.

_____ natural _____ help lower _____ emissions?

Is incorporating green _____ emissions?

_____ may be _____ to _____ carbon _____.

Is _____ natural _____ of _____ emissions?

Will using _____ decrease _____ ?

Can _____ reduce _____ ?

_____ natural gas fight the _____ ?

Can _____ gas _____ emissions?

Reducing _____ footprints can _____ done _____ gas help.

_____ the adoption _____ clean-burning _____ help _____ of _____ emissions?

_____ renewable _____ gas to _____ greenhouse _____ true?

How can _____ gas _____ ?

Does converting _____ green _____ gases?

_____ green _____ GHG amounts?

_____ we know the ways in _____ natural _____ reduces _____ ?

Is _____ gas _____ friendly?

How _____ save climate?

_____ can _____ gas reduce _____ gas _____ ?

_____ can renewable _____ gas _____ part in reducing _____ ?

How _____ gas reduce _____.

_____ renewable gas _____ to _____ carbon _____ ?

Does _____ renewable _____ gas affect _____ ?

How _____ renewable gas lower _____ ?

How does _____ gas _____ ?

Can the _____ gas _____ make _____ ?

_____ natural fuel _____ reduce greenhouse _____ ?

Has renewed _____ reduced _____ ?

_____ you know _____ natural gas can _____ used _____ gas emissions?

_____ natural gas going _____ help _____ greenhouse gases?

_____ utilizing _____ gas beneficial to _____ greenhouse _____ ?

Is _____ gas _____ to _____ ?

Would _____ to _____ natural _____ help _____ ?

Will green gas _____ ?

Natural gas _____ be _____ to _____.

Greenhouse _____ will be _____ using _____.

Investing _____ gas _____ have an effect _____ GHG _____.

What is _____ of renewable _____ gas to _____ greenhouse _____?

Will _____ gas _____ the _____ of _____?

_____ a _____ to _____ natural _____ help reduce global _____?

_____ you able to _____ how _____ renewable natural _____ reduces _____?

_____ it _____ that _____ gas cuts down _____ gasses?

Is it _____ to _____ greenhouse gases _____ using _____?

_____ gas _____ to combat pollution.

How do _____ emissions from _____?

Is _____ possible _____ renewable natural gas _____ greenhouse _____?

Can _____ me about the _____ natural _____ in the battle _____ emissions?

_____ renewable natural _____ greenhouse _____?

Is _____ renewable _____ gas _____ to decrease _____ gases?

_____ that _____ fuel reduces GHG emissions?

How can we _____ gas _____ to _____ footprints?

_____ the _____ renewable gas cut _____?

_____ does _____ combat carbon _____?

_____ in _____ gas help _____ the GHG _____?

Does _____ use of _____ fuel reduce _____?

Climate pollution _____ be _____ gas.

_____ does _____ play in _____ greenhouse gas emissions?

_____ green _____ use less _____?

Can _____ a reduction _____ emissions?

_____ renewed _____ an influence on _____?

_____ it possible to _____ emissions _____?

_____ possible that renewable _____ could limit _____ emissions?

How do _____ climate?

_____ renewable _____ to decrease GHG _____?

_____ fossil fuels with _____ gas _____ mitigate greenhouse _____.

Does _____ use of _____ natural _____ help decrease _____?

_____ opting for _____ friendly?

_____ we use renewable gas aid to _____?

Would reverting to renewable _____ greenhouse _____?

_____ renewable gas _____ a difference _____ environment?

_____ greenhouse gas _____ can _____ by using renewable _____.

_____ can _____ greenhouse gases?

In _____ ways do _____ mitigate carbon emissions?

_____ is something _____ an impact _____.

_____ gas _____ emissions.

Does _____ green _____ greenhouse gasses?

Using green _____ reduce _____.

_____ does RNG deal _____ carbon _____?

Is renewable _____ of emissions _____?

Is _____ helpful in reducing _____?

Can _____ tell us _____ the _____ of renewable _____ in _____ global _____?

Can it _____ possible _____ gas to make _____?

What can renewable _____ to _____?

_____ ways in which _____ natural _____ aid _____ lower carbon _____.

_____ to _____ gas lower _____ gases?

_____ possible that renewable natural _____ would _____ greenhouse _____?

_____ renewable natural _____ with climate _____?

_____ it _____ use _____ lot of _____ gas to _____ GHGs?

Could renewable _____?

_____ gas _____ greenhouse _____?

Reducing _____ can be _____ with the _____ of _____ natural _____.

Investing _____ green _____ will _____ the _____ GHGs.

_____ renewable natural gas _____ help _____ gases?

What does the use of _____ gas _____?

_____ effect of RNG on _____?

Is using renewable _____ to _____ greenhouse _____?

_____ gas help _____ gases?

Will _____ gas _____ decrease _____ greenhouse _____?

_____ renewable natural gas _____ down _____ greenhouse _____?

_____ can _____ use _____ gas aid to _____ carbon _____?

_____ green _____ reduce emissions?

_____ make _____ difference in _____ environment?

Can you explain _____ renewable natural _____ in _____ fight against _____?

Does _____ gas help _____ emissions?

What _____ that _____ natural gas _____ do to _____?

_____ gas cut _____?

Is _____ natural _____ capable _____ cutting _____ on _____?

_____ natural fuel _____ reduce greenhouse gas _____?

_____ tell me about the _____ natural gas _____ gas emissions.

Would the switch _____ renewable natural _____ reduce _____?

_____ in _____ could _____ the GHG _____.

_____ renewable natural gas _____ cut _____ on _____?

_____ renewable _____ combats pollution.

_____ of green _____ greenhouse gases?

Can _____ help reduce _____?

Can the adoption _____ clean-burning _____ assist _____ the _____ of _____?

_____ renewable gas _____ to _____?

_____ natural _____ less greenhouse gases?

_____ renewable _____ gas help cut _____ greenhouse gasses?

Renewable _____ gas _____ used to _____ gas emissions.

Can _____ gas _____ greenhouse _____?

_____ can green _____ climate?

_____ renewable _____ to combat _____?

_____ ways in _____ renewable natural _____ reduces greenhouse gases?

Does renewable gas _____?

Is there _____ renewable _____ aid in lowering carbon _____?

How _____ renewable _____ pollution?

_____ able _____ reduce _____ footprints?

Can _____ gas help reduce _____?

Can _____ thing be used _____ less smog?

Is _____ to reduce _____ renewable _____?

Should we _____ natural _____ to _____ gases?

Is the _____ renewable _____ gas in _____ gas _____ explained?

Does _____ reduce _____?

Can renewable _____ to cut _____?

Is _____ gas beneficial _____ greenhouse gases?

_____ renewable natural fuel _____ lowering _____?

Will ____ use of renewable natural ____ ____ ____ ?

Investing in green ____ ____ affect ____ ____ .

Does ____ ____ ____ pollution less ____ ?

Does the use of ____ ____ ____ help ____ lower ____ ?

Can ____ ____ gas play ____ ____ ____ reducing emissions?

Will ____ ____ green gas affect ____ ____ ?

____ renewable natural fuel ____ ____ ____ GHG ____ ?

Will ____ renewable ____ reduce ____ ____ ?

____ ____ renewable ____ reduce ____ gasses?

____ ____ may help ____ down ____ emissions.

Can ____ gas ____ ____ emissions?

Can ____ ____ gas ____ reduce ____ ____ of pollution?

____ green ____ lower ____ emissions?

How ____ the use of renewable natural ____ ____ ____ ?

Does ____ ____ of ____ gas ____ to reducing greenhouse ____ ?

____ ____ natural ____ help to ____ greenhouse ____ ?

There ____ ____ ____ use renewable natural gas ____ ____ lowering carbon ____ .

____ ____ natural gas ____ ____ greenhouse gases?

____ ____ renewable natural gas ____ a difference to ____ ____ ?

How ____ renewable ____ gas ____ ____ utilized to ____ ____ footprints?

Does ____ renewable natural ____ benefit ____ ____ ____ gases?

Is it possible ____ ____ ____ gas ____ reduce greenhouse ____ ?
