

[Demo] NLP Dataset for Customer Service Automation

Company Type	Payroll Outsourcing Companies
Inquiry Category	Employee time and attendance management
Inquiry Sub-Category	Biometric Attendance Devices
Description	Questions related to biometric time and attendance devices, including setup, troubleshooting, and integration with the payroll system.
Data Size	5,093 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Payroll Outsourcing Company" customer inquiry. (Purchased data will not be masked.)

_____ is the biometric attendance data _____ these devices, _____ how _____ it _____ from _____ or _____?

Is _____ attendance records ensured on _____?

How _____ keep the _____ Biometric _____ safe?

How _____ we _____ is safe?

What kind _____ protection is _____ keep _____ Biometric _____ clean?

_____ data _____ attendance _____ locked _____ and protected against unauthorized access _____?

What _____ of safeguard does _____ to _____ Biometric Attendance _____?

Can _____ confirm _____ the data _____ the _____ system is _____ tampering and _____?

_____ records safe _____ illegal _____ or _____?

The attendance data _____ these _____ biometrics

_____ are _____ measures _____ to make sure the _____ Biometrics _____ information?

_____ you _____ the data _____ attendance system _____ locked up _____ protected _____ tampering?

What kind of _____ does it _____ keep _____ data _____?

_____ kind of _____ it have for _____ data?

Is _____ from being _____ or accessed in _____ is unwarranted?

The _____ data in these devices _____ used _____ it _____?

What measures are _____ ensure the security of _____ in _____?

_____ some questions about _____ bio _____ records _____ the devices.

_____ the _____ data kept _____ it isn't accessed or _____?

_____ there _____ for Biometric _____?

_____ safeguards in place _____ against _____ of Biometric attendance _____?

_____ it safe _____ biometric attendance _____?

Which measures _____ used to make _____ data _____ the bio-metric attendance _____?

_____ safeguard _____ they have _____ offer to _____ the Biometric _____ data _____?

_____ safeguards against _____ access or _____ of attendance _____?

_____ are _____ biometric attendance _____ guarded?

_____ can it _____ stored _____ Attendance Data _____?

How _____ we _____ the attendance _____ not attacked?

Is _____ insulated _____ or unneeded access?

Is information in _____ from _____ misuse _____ accessed _____ ways that _____?

_____ do we make _____ safe?

_____ that the attendance _____ won't be _____ stolen, _____ tampered _____?

_____ it _____ to _____ the data _____ unauthorized _____ the devices _____ used for _____?

_____ do we _____ biometric attendance data _____ safe?

_____ are in place to stop unauthorized _____ attendance _____?

_____ the levels of _____ regarding the storage and _____ data _____ to _____ made _____ by _____?

Is _____ attendance records _____ on _____ device?

_____ way to _____ against threats _____ attendance information?

_____ you tell _____ if _____ for the attendance _____ is _____ tampering?

Is _____ data kept secure _____ used _____?

_____ certain _____ the _____ data _____ lost, _____ or tampered with?

Is the _____ data _____ is _____ accessible or tampered with?

_____ are the _____ taken to _____ the _____ the _____ in _____ Biometrics of Attendance _____?

_____ are _____ ensure _____ safety of the data housed in _____ bio-metric _____?

_____ kind _____ safeguard does _____ have _____ provide _____ attendance data?

How _____ we make _____ that _____ attendance _____ is _____?

_____ precautions _____ to ensure the _____ of the data housed _____ information?

_____ the _____ of the _____ attendance records _____ devices?

How _____ the _____ protect _____ from unauthorized access or _____?

_____ know _____ attendance _____ will _____ be compromised via illegal _____ or _____?

_____ the _____ from misuse or accessed in _____ that is _____?

Is _____ in place _____ protect _____ Biometric attendance _____?

_____ to be safeguards to prevent unauthorized access _____ the _____ attendance _____.

_____ the steps _____ to _____ attendance data?

_____ it _____ secure that the _____ these _____ used for biometrics?

_____ are _____ steps _____ ensure _____ secure storage of biometric _____?

_____ a way to _____ to the Biometric attendance _____?

Which steps _____ taken to _____ of the _____ in _____?

Will _____ attendance _____ be _____ access or tampering?

How do you _____ sure you _____ the Attendance _____ is _____ in _____?

_____ need to _____ if the _____ will be _____ against _____ and _____.

_____ is the protection _____ attendance _____?

Are _____ safeguards in place to _____ threat _____ Biometric _____?

_____ can we know _____ attendance _____ safe?

_____ prevent unauthorized access and _____ in the _____ of the _____ attendances.

How _____ are the _____ storages and _____ stop _____ access?

_____ you _____ us that the attendance _____ will _____ or tampering?

_____ are in place to _____ against _____ info?

How do we _____ if _____ of biometric _____ sound?

Are there _____ place _____ protect the _____ attendance _____?

_____ the _____ of _____ attendance records _____ on _____ device?

_____ there _____ way to _____ against _____ of the _____ info?

_____ are _____ for _____ Biometrics attendance?

Is the attendance data _____ since _____?

Is _____ to prevent unauthorized _____ and tampering _____ my _____ these devices?

_____ measures are taken _____ ensure the safety _____ of Attendance _____?

What kind _____ is _____ for the _____ data?

_____ the _____ attendance secure?

Is _____ against threats _____ Biometrics attendance info?

_____ do _____ make sure _____ is no _____ to _____ in this _____?
 _____ there _____ in place to protect against Biometric _____?
 Are _____ susceptible to security _____ that _____ impair _____ storing _____ bio attendance _____?
 The _____ housed in the _____ must _____ safe.
 _____ safeguards are there to _____ unauthorized _____ or _____ attendance _____?
 _____ are taken _____ ensure the _____ of data _____ in _____ Biometrics _____?
 _____ are taken to _____ safety _____ the data _____ the _____ of Attendance?
 _____ will the _____ data _____ access or tampering?
 What _____ safeguard _____ it offer _____ Biometric Attendance data _____?
 What kind of _____ it _____ stored Biometrics _____ data?
 _____ of safeguard is _____ to _____ the _____ attendance data _____?
 _____ kind of protection _____ offered _____ the Biometric attendance _____?
 When unauthorized access _____ are the _____ attendance data _____?
 _____ measures are _____ to ensure _____ safety of _____?
 How _____ ensure _____ biometric attendance _____ safe?
 _____ data is used _____ it safe?
 We don't _____ Biometrics _____ safe.
 What _____ of _____ it need to _____ Biometric _____ Data _____?
 _____ safeguards are _____ to protect against unauthorized _____ and tampering _____ devices?
 The data _____ Biometrics _____ needs to be kept _____.
 What precautions are taken _____?
 What safeguards _____ put in _____ guard against _____ access _____ tampering of _____ data _____?
 The data _____ Biometric _____ devices _____ be accessed _____ they _____ kept secure.
 _____ can _____ prevent unauthorized _____ tampering with the attendance _____?
 Are _____ in _____ to _____ against _____ attendance threats?
 _____ does _____ for the stored Biometrics attendance data?
 How _____ Biometrics secured _____ access and _____?
 Is the security of _____ data _____?
 When _____ access _____ possible, _____ the _____ attendance data storage?
 How are _____ taken to protect _____ attendance _____?
 Can _____ if _____ data is safe?
 What _____ the levels _____ safety for the _____ and use of _____ by _____?
 What _____ the levels _____ for _____ storage _____ use of data _____ to _____ made _____ the _____?
 _____ of _____ offered for _____ Biometrics attendance data?
 What safeguards are _____ place _____ the confidentiality _____ integrity of _____ attendance records stored _____?
 Can _____ know if _____ is _____?
 _____ persons _____ in the _____ Attendance devices if _____ are kept secure.
 _____ these devices _____ security _____ that could affect the _____ the _____?
 _____ you _____ the _____ data won't be _____ stolen, _____ tampered _____?
 _____ the information in _____ from _____ misuse _____ accessed in _____ questionable _____?
 _____ safeguards are _____ place _____ guard against _____ access _____ with _____ attendance data?
 Can you tell me _____ be _____ by illegal access or _____?
 _____ safeguards _____ place _____ prevent unauthorized _____ to the data _____ attendance devices?
 How safe are _____ the storage _____ Biometrics _____?
 _____ attendance records will not be _____ by illegal _____ manipulation?
 Can _____ that the data for the _____ system _____ and _____ against _____ and tampering?
 _____ of _____ offer _____ keep the _____ attendance data safe?
 _____ you _____ the _____ data won't _____ lost, stolen or _____?
 What are the safeguards _____ in _____ to _____ the _____ unauthorized access _____?
 Are these devices _____ problems that _____ of bioattendance records?

_____ attendance information insulated from misuse _____ ?
 _____ steps are taken _____ the _____ of _____ data _____ in the _____ information?
 Which _____ taken to _____ that _____ in the biometrics of _____ information _____ ?
 _____ know if our Biometrics attendance data _____ ?
 _____ kind _____ safeguard _____ it _____ to give _____ keep the stored _____ attendance _____ ?
 _____ you tell _____ that the attendance data will _____ or _____ ?
 _____ you _____ there will be _____ degree of _____ storage _____ biometrics _____ data?
 Which _____ to make sure _____ of Attendance information _____ safe?
 _____ measures are _____ to _____ the _____ the bio-metric attendance _____ ?
 _____ the _____ of _____ for _____ storage and use of _____ for attendance _____ by the _____ ?
 _____ measures _____ to ensure _____ safety _____ the stored _____ attendance _____ ?
 _____ measures are taken to ensure _____ the _____ held _____ the _____ of Attendance _____ ?
 Is the attendance _____ safe _____ tampering _____ ?
 _____ taken to _____ data safe in the _____ information?
 What are the _____ taken _____ make _____ safe in _____ of Attendance _____ ?
 _____ the data _____ attendance _____ locked _____ unauthorized access or _____ ?
 How well protected _____ attendance _____ stored _____ these _____ ?
 _____ we _____ the biometric attendance data _____ safe?
 The attendance data _____ used _____ but is _____ ?
 _____ safeguards are _____ to keep _____ access out _____ the _____ data _____ ?
 How _____ we know _____ attendance _____ ?
 What _____ are _____ place _____ ensure _____ integrity of the _____ attendance _____ ?
 What kind of _____ Biometrics attendance data?
 _____ measures are _____ the data _____ in _____ attendance information?
 How _____ are _____ devices when it comes _____ attendance _____ ?
 _____ data housed _____ of Attendance information need to _____ .
 How do _____ the _____ attendance _____ ?
 _____ are put in _____ protect _____ data from _____ access _____ tampering?
 Can you assure _____ data _____ be _____ stolen, or tampered _____ ?
 _____ the _____ attendance insulated _____ misuse or accessed _____ ways?
 The data _____ Biometrics _____ information _____ be protected.
 I want _____ know if _____ storage of _____ .
 Is _____ safeguards _____ to _____ attendance information threats?
 _____ safeguards exist for _____ confidentiality and integrity _____ the _____ ?
 Do _____ any vulnerabilities _____ attendance records on _____ ?
 _____ of safeguard does _____ for _____ Biometrics attendance data?
 How _____ attendance _____ protected?
 Is _____ information _____ from being _____ accessed in _____ ?
 How _____ the biometric _____ data _____ from unauthorized _____ ?
 Is _____ secured so that it _____ be _____ or tampered _____ ?
 _____ these devices susceptible to _____ problems _____ would _____ the _____ storing of _____ ?
 Is _____ way _____ protect the biometric _____ ?
 What measures are _____ to _____ the safety _____ the bio-metric _____ ?
 What kind of _____ to _____ the _____ Data safe?
 What safeguards _____ used _____ attendance data safe.
 The _____ data _____ these _____ used _____ is it _____ ?
 _____ are _____ devices _____ to Biometrics attendance?
 Are _____ devices _____ to _____ problems _____ would _____ the _____ storing of _____ ?
 Is _____ attendance _____ from _____ or misuse _____ is unwarranted?
 Is _____ from unauthorized _____ tampering?

How _____ we _____ stored Biometrics _____ is safe.

_____ the levels of safety regarding _____ storage and _____ of data _____ to _____ possible _____ the _____?

_____ taken to protect biometric _____?

_____ attendance _____ protected from being misuse _____ in _____ way that _____?

There _____ be safeguards _____ access _____ data _____ Biometrics attendance devices.

What _____ of safeguard does _____ have _____ stored _____ attendance _____?

_____ information in _____ protected from _____ misuse _____ accessed _____ that isn't allowed?

How safe are _____ biometric _____ and what _____ place?

_____ steps are _____ to _____ the security _____ biometrics _____ attendance _____?

_____ data collected in _____ Biometric _____ be _____ hack if _____ wasn't _____ maintained.

There _____ be _____ prevent unauthorized _____ or tampering, with the _____ of _____ attendances _____ devices.

_____ are these devices _____ storing _____ on?

There _____ questions regarding _____ security _____ bioattendance records on _____.

_____ kind of _____ it give to keep _____ Biometric _____ clean?

_____ the _____ from being misuse _____ access _____ way _____ is unwarranted?

_____ kind _____ safeguard can it give for _____?

What kind _____ does _____ offer _____ storedbiometrics _____ data?

_____ us _____ the _____ will be _____ from unauthorized _____ or tampering?

_____ attendance _____ secured so that _____ can't _____ with?

What _____ the _____ of safety about the storage _____ about attendance made _____ devices?

What safeguards _____ to guard _____ tampering with _____ data _____ these _____?

_____ precautions _____ protect the confidentiality and integrity of _____ devices' _____ bio-metry _____?

_____ tell us _____ attendance information will _____ against _____ unauthorized access?

What safeguards are _____ guard _____ unauthorized _____ and _____ with attendance _____?

_____ levels _____ safety for the storage _____ use of data pertaining to _____ made _____ devices?

_____ safeguards exist to guard _____ access or _____ data?

How _____ biometric attendance _____ storages _____ use?

_____ kind _____ does it _____ to offer for Biometrics _____?

_____ it _____ Biometrics attendance data?

What safeguards are _____ place _____ the _____ of stored _____ attendance _____?

Is _____ attendance _____ kept secure so _____ can not _____ accessed _____?

_____ attendance information _____ from _____ or _____ access?

_____ do _____ make _____ that _____ attendance _____ is safe?

Is _____ attendance insulated _____ or accessed _____ way that is incorrect?

What kind _____ does _____ have to offer to _____ Data _____?

_____ the _____ in attendance insulated from _____ or access that _____?

_____ are _____ to make _____ safety of the data in the _____?

_____ the _____ information insulated from misuse _____ a way that _____?

_____ in place to _____ against threats _____ Biometric _____ information?

_____ the levels _____ safety when _____ to _____ use of _____ about _____ by the Biometrics?

_____ safeguards are in _____ to _____ access _____ with the attendance _____?

Are _____ able _____ make _____ attendance data _____ safe?

_____ the information _____ attendance insulated from being _____ accessed _____ a _____ allowed?

How is _____ guarded against unauthorized _____?

_____ is _____ best way to _____ Biometric Attendance _____ safe?

_____ the Biometric Attendance devices are _____ collected _____ accessed by _____ persons.

_____ are _____ to _____ unauthorized _____ or tampering of attendance _____?

_____ someone potentially _____ or break _____ the _____ records?

_____ keep the Biometric Attendance Data safe?

Where _____ safeguards to prevent _____ access _____ data _____ the _____ attendance devices?

Is _____ to protect _____ biometric _____ information _____ tampering _____ unauthorized _____?
 _____ you sure the attendance _____ will _____ be _____ tampered _____?
 _____ there safeguards to _____ Biometric _____?

Are these devices _____ problems _____ affect _____ securing of _____ records?
 How can we _____ if _____ the _____ attendance _____ is _____?
 Which _____ are taken _____ sure _____ in the _____ information is _____?
 _____ to ensure the _____ the Biometrics of Attendance data?

How safe _____ the attendance _____ and how do they _____ the _____?
 How _____ are these _____ it comes _____ storing of _____?
 _____ kind of safeguard does it _____ attendance _____?
 _____ are the biometric _____ protected _____ unauthorized _____?

When unauthorized _____ safe are the biometrics _____ data?
 _____ attendance _____ be safe to store and _____ against _____ tampering?
 _____ of _____ offered for the Biometrics attendance _____?
 _____ collected _____ Biometric Attendance _____ can be _____ they _____ not secured.

What _____ the safeguards _____ access or _____ of the attendance _____?
 Is the information _____ from being use _____ in _____ not allowed?
 Are _____ safe _____ storing _____ Biometrics attendance?
 _____ safeguards are put in _____ to _____ attendance _____ from _____ access?
 _____ information _____ from misuse or inappropriate _____?

How do _____ know if _____ is really _____?
 Do we know _____ the biometric _____ is sound?
 Which measures are _____ safety _____ the _____ the bio-metric _____ information?
 What levels of _____ for _____ storage and _____ data _____ attendance _____ possible _____ the _____ devices?

What safeguards are _____ to _____ biometric _____?
 Is _____ in attendance insulated _____ accessed or _____ in _____ way _____ is _____?
 Are _____ in _____ attendance information?
 _____ it safe _____ and protect _____ biometric attendance _____?

How _____ attendance data be _____ unauthorized access?
 I want _____ know _____ attendance _____.

What steps _____ to protect _____ data _____ unauthorized _____?
 Is _____ devices _____ problems _____ impair _____ secure storing _____ attendance records?
 What _____ in place _____ confidentiality and _____ the stored _____ records?
 _____ the _____ data in _____ that it _____ be tampered with?
 _____ protected from _____ misuse or _____ in a way that _____?
 _____ safe _____ these devices _____ keep Biometrics _____?

Is _____ information _____ attendance _____ from being _____ accessed _____ a way that _____?
 Can you _____ if attendance _____ from unauthorized _____ or tampering?
 _____ safeguards are used _____ keep the _____ data _____?

Is _____ of _____ biometric _____ data _____?
 Are there safeguards _____ attendance _____?
 What _____ security _____ have to _____ for the stored _____ data?
 _____ you secure the _____ access and alterations?

Is _____ information in attendance _____ being misuse or _____ way?
 _____ people could gain access _____ collected by _____ Biometric _____.

How _____ know if _____ information is _____?
 I want to _____ are any safeguards in _____ that _____ attendance _____ stored _____ the devices.
 _____ measures are _____ make _____ housed _____ Biometrics of Attendance safe?
 _____ information insulated _____ or _____ access?
 _____ know if the security _____ the biometric _____ these devices _____.

_____ can I make sure _____ attendance _____ stored _____ these _____ is _____ tampered _____?
 _____ these devices vulnerable _____ that _____ the _____ storing of bioattendance _____?
 What _____ the levels _____ safety regarding _____ storage and _____ about _____ made possible _____?
 _____ kind of _____ does _____ give to _____ data?
 Is _____ someone _____ modify or break the collected _____?
 _____ devices _____ to _____ problems _____ would _____ the safe _____ of bioattendance _____?
 _____ to _____ Biometrics attendance data is safe.
 What _____ used to keep _____ attendance data _____?
 _____ make sure that unauthorized _____ or _____ attendance data in these _____ prevented?
 _____ data safe from _____ or unauthorized _____?
 Which _____ are used to ensure the _____ data _____ biometrics _____ attendance _____?
 Which measures are _____ to ensure _____ data _____ the _____ information?
 _____ the information in _____ insulated from _____ misuse _____ accessed _____ unwarranted?
 What precautions _____ to _____ against unauthorized access _____ tampering _____ data _____ these _____?
 Do you know _____ data _____ safe?
 _____ you _____ that _____ stored _____ information _____ accessible to _____ without _____?
 _____ kind of safeguard _____ offered _____ keep _____ Biometric _____ data _____?
 Is _____ way _____ secure _____ records on these _____?
 _____ we _____ the biometrics stay _____?
 _____ the data for the attendance system locked _____ and _____?
 _____ attendance data kept _____ be _____ or tampered with?
 _____ safe _____ devices for _____ storing _____ Biometrics attendance?
 Which _____ are taken _____ ensure _____ are stored on the attendance _____?
 _____ of biometric attendance records _____?
 What _____ of safeguard does _____ offer to _____ the _____ Attendance _____?
 _____ safeguards _____ place to keep unauthorized _____ out of _____ data _____?
 What kind _____ to give _____ the Biometrics _____ data?
 The attendance _____ in _____ is _____ so is _____ kept _____?
 _____ are _____ steps taken _____ protect _____ attendance data?
 What kind _____ does it _____ attendance data?
 _____ are the _____ safety for the _____ and _____ attendance made possible by _____ biometric _____?
 Are _____ attendance data isn't _____ or _____ with?
 Is _____ forbiometrics kept _____?
 _____ are concerns about the security _____ bioattendance _____.
 What _____ place to guard _____ unauthorized access _____ tampering _____ attendance _____?
 What measures _____ to _____ the _____ housed _____ the Biometrics of Attendance information?
 Can _____ tell _____ attendance _____ be _____ away from _____ access _____ tampering?
 How safe are _____ biometric attendance _____ storages, _____ are _____ them _____ of _____ wrong hands?
 _____ of _____ does it provide _____ the _____ data?
 _____ steps are _____ ensure the security of the _____ it from unauthorized _____?
 Can you tell _____ if _____ system _____ up and protected _____ tampering?
 I _____ how safe the storage _____ attendance is.
 How _____ devices in _____ attendance.
 Are _____ the bioattendance records _____ these devices?
 How _____ in regards to _____ Biometrics _____ on them?
 _____ these _____ problems _____ would affect the storage _____ attendance records?
 Is _____ a chance _____ someone _____ up the collected bio-Attendance _____?
 Can you _____ that _____ for the _____ is _____ up against unauthorized _____?
 Is the _____ protected from _____ unwarranted _____?
 _____ well _____ the devices _____ their _____ from _____ access _____ alterations?

_____ there _____ way to _____ of biometry attendance _____?

What safeguards _____ biometric attendance _____ storages out of _____ of criminals?

We want _____ know if the _____ data _____ unauthorized _____ tampering.

_____ are the _____ to _____ unauthorized access or _____ with _____ data?

_____ safe are _____ when _____ attendance?

_____ to _____ the Biometric attendance data safe?

_____ kind of protection does it _____ to _____ data _____?

_____ is _____ kept safe from _____ access?

_____ are _____ place to _____ the _____ integrity of the stored _____ records?

_____ safeguards are used _____ the _____ of _____ attendance records?

What are _____ measures _____ to _____ data in _____ information?

What kind _____ security _____ it _____ attendance data?

_____ attendance data _____ devices _____ forbiometrics so is _____ protected?

How well-protected is _____ biometric _____ information _____ in _____?

_____ these _____ to security _____ that _____ affect _____ security _____ bioattendance records?

_____ are taken _____ ensure _____ of _____ data housed in bio-metric _____?

What kind _____ safeguard _____ it _____ keep _____ attendance _____ clean?

What measures are taken to _____ the bio-metric _____?

_____ measures _____ taken to _____ of the data _____ in _____ Biometrics _____?

_____ sure _____ biometrics _____ data will be kept _____?

Is these _____ to _____ that _____ the _____ storing of bioattendance _____?

When _____ used _____ is it kept secure?

Which measures _____ taken _____ the _____ the _____ attendance information

What _____ of _____ provide _____ storedBiometrics attendance data?

How much _____ the _____ the _____ for these devices?

_____ safe are _____ to keep Biometrics attendance _____?

how _____ if the Biometrics _____ data is _____

_____ we know if _____ attendance data _____ safe.

_____ data _____ the Biometric _____ devices can _____ accessed if _____ not _____.

_____ know _____ kind of safeguards _____ in place _____ sure that _____ storage of biometric attendance _____.

_____ these devices to _____ Biometrics attendance?

How _____ storing of _____ attendance _____ them?

What _____ of _____ it provide _____ attendance data?

_____ the attendance _____ secure so _____ manipulated or accessed?

How _____ ensure _____ safety _____ data _____ in the _____ ofAttendance information?

The stored _____ data needs _____.

How _____ data _____ from _____ access and alterations?

_____ are taken _____ ensure the _____ of _____ housed in _____ ofAttendance?

_____ information in attendance insulated _____ misuse or accessed _____ way _____ not _____

_____ should be _____ to prevent unauthorized access _____ the _____ attendances _____.

_____ safeguard _____ it need to _____ Biometric _____ data clean?

Is _____ done to _____ the data _____ unauthorized _____ tampering _____ devices _____ for attendance?

_____ safeguard _____ it provide for stored _____ data?

I _____ to know _____ safe the _____ storage _____.

_____ any weaknesses in _____ security of bioattendance records _____?

_____ is _____ attendance _____ protected from _____?

Can we _____ data _____ safe?

_____ measures are taken _____ safety of the _____ information?

_____ is used _____ so is _____ secure?

_____ the _____ taken _____ ensure _____ safety _____ the data housed _____ bio-metric _____ information?

What steps are _____ protect the data _____ information?
 _____ these _____ vulnerable to security _____ would affect _____ secure _____ of _____?

What _____ the safeguards _____ place _____ the _____ integrity of _____ bio-metry _____ records?
 _____ there safeguards _____ place _____ protect _____ biometric attendance _____?

Can _____ me _____ the attendance system's data is locked _____ access _____?

How _____ are these devices _____ regards _____ storage _____?

The data _____ on _____ devices _____ be protected.
 _____ is biometric _____ secured against unauthorized access _____?

What _____ to protect _____ unauthorized _____ or _____ of attendance data?
 _____ is the _____ biometric attendance?
 _____ measures _____ taken _____ make _____ data in _____ of Attendance safe?
 _____ safe are _____ in _____ storages?
 _____ of safeguard does _____ that _____ keep _____ Biometric attendance data _____?
 _____ of security _____ it have _____ to keep the Biometric _____?
 _____ attendance data _____ secure even _____ it _____ used _____?

What _____ place _____ the stored biometric _____ data safe?
 _____ devices _____ to _____ that would affect the _____ of bio attendance _____?

What kind _____ safeguard _____ stored Biometric attendance data _____?

Is the information in _____ insulated from _____ a way _____ is _____?

Is _____ attendance _____ insulated from misuse _____?

_____ do you _____ attendance _____ from _____ access _____ tampering?

How do we know whether _____ security _____ attendance _____?

What _____ are available to _____ access or _____ the attendance _____?

Is _____ data kept _____ so that _____ can't _____ tampered with?

How do we know if _____ storage _____ is _____?

How do we make _____ the _____ data _____?

_____ tell us how _____ be kept _____ from tampering?

What is _____ kind _____ safeguard _____ for _____ attendance _____?

Are the _____ the attendance _____ locked _____ access and _____?

_____ these _____ security problems _____ might affect the secure _____ of _____?

What are the _____ to keep _____ data _____?

Do _____ protect against _____ Biometric attendance info?

What _____ are in _____ confidentiality _____ devices' _____ bio-metry attendance records?
 _____ of safeguard _____ it have to offer to _____ attendance _____?

Is _____ in attendance insulated from _____ or accessed _____ way?
 _____ there be _____ tampering _____ the _____ attendance _____?

What _____ to _____ sure the Biometrics of Attendance information _____?
 _____ information in attendance insulated from _____ that is _____?
 _____ there any way to _____ data _____ on the devices used _____?
 _____ measures are taken to _____ of _____ on _____ attendance information?

Is the _____ data kept _____ it _____ or altered?

_____ levels of safety for _____ storage _____ use of data about attendance _____ the _____?

Which _____ are _____ make _____ data _____ the biometrics _____ attendance _____?

I would like _____ if _____ can make _____ is _____ breeches _____ to ourbiographical attendance _____.
 _____ precautions _____ to _____ unauthorized access _____ tampering in the data of _____?
 _____ these _____ issues that would affect the _____ of _____ records?
 _____ it _____ attendance data safe?

Is it _____ could modify _____ break _____ bio-Attendance records?

Is _____ data kept _____ so _____ it doesn't get _____ or _____?

_____ possible _____ someone to change _____ the _____ records?

Is _____ information in _____ from _____ misuse _____ accessed in ways _____ not _____?

_____ safeguards _____ place to protect _____ biometric _____ info?

_____ safeguards _____ put _____ place _____ protect the _____ of the devices' stored bio-metry _____?

_____ there something being _____ protect _____ unauthorized access or _____ the devices used for _____?

Is it possible to _____ breach _____ bio-attendance _____?

I am wondering _____ we _____ make _____ are _____ security _____ related to _____.

Which measures _____ to _____ sure _____ of the biometrics in _____?

_____ Biometrics _____ data safe?

_____ can _____ determine _____ stored Biometrics _____ data _____ safe?

_____ safeguards _____ place for confidentiality and _____ of _____ attendance _____?

Is _____ attendance _____ kept _____ so that _____ can't _____ or _____ with?

Is attendance _____ inappropriate access?

_____ of safeguard _____ to keep the Biometrics _____ data _____?

_____ are the _____ keep unauthorized access _____ the _____ attendance _____ storages?

_____ to _____ if the attendance _____ kept safe from _____ or tampering.

What kind _____ security _____ it _____ for _____ attendance _____?

What _____ are _____ place to _____ integrity _____ bio-metry _____ records?

_____ the _____ storage of attendance data _____ unauthorized breeches?

_____ access _____ safe are biometric attendance data _____?

_____ used _____ and is it kept secure?

_____ the information _____ attendance _____ being misuse _____ access _____ is _____?

_____ the _____ storages associated _____ attendance?

_____ protections _____ confidentiality and integrity of _____ bio-metry attendance records?

_____ possible, is _____ biometric _____ data storage safe?

_____ steps are _____ to _____ biometric _____ data?

Is the _____ insulated from _____ or _____?

How _____ these _____ when _____ the _____ attendance?

Is the _____ in _____ against _____ misuse _____ way that is unwarranted?

Can _____ possibly _____ or break up _____ collected _____?

_____ you know if the attendance _____ tampered with?

Is _____ information _____ attendance insulated _____ inappropriate access?

_____ safeguards are _____ in place _____ against unauthorized _____ and tampering _____ data?

_____ the attendance data kept _____ that it _____ be _____ with?

_____ are the levels _____ safety for _____ storage _____ use _____ data about _____ Biometrics?

_____ are taken _____ security of the _____ in attendance information

_____ attendance _____ protected against unauthorized access _____?

How safe _____ the biometric attendance _____ keep unauthorized access away _____?

_____ do we make _____ safe?

What _____ protect the _____?

What are the _____ unauthorized access _____ tampering _____?

_____ in place _____ the integrity of the bio-metry _____?

_____ should _____ safeguards in the data _____ biometric _____ devices.

_____ kind of safeguard _____ offer _____ keep _____ stored _____ attendance _____ clean?

_____ attendance data storages when it _____ to unauthorized _____?

_____ safeguards _____ used _____ against unauthorized _____ tampering with attendance _____?

Which measures _____ used _____ the _____ in the bio-metric _____?

What kind _____ safeguard does _____ for _____ attendance _____?

Are these _____ vulnerable _____ problems _____ would _____ secure _____ of bioattendance _____?

_____ safeguards prevent _____ access _____ attendance _____?

Will the _____ data be protected _____ and _____?

What _____ keep the stored Biometric _____ safe?
 _____ the _____ in _____ misuse or unwarranted snooping?
 _____ safe _____ attendance data in _____ devices?
 What _____ the _____ regarding _____ storage and _____ data about attendance made _____ thebiometrics devices?
 What kind of _____ it _____ to keep _____ attendance _____ safe?
 Is _____ attendance insulated from _____ misuse _____ accessed _____ way _____ allowed?
 Can _____ tell me _____ attendance _____ is _____ against unauthorized _____ and tampering?
 Is _____ any _____ threats of Biometric _____ information?
 What _____ to _____ the _____ of _____ housed in the Biometrics _____ information?
 Are _____ in place _____ protect the _____ information?
 _____ safe _____ these _____ biometrics attendance on them?
 I _____ to _____ how _____ the _____ attendance on _____ are.
 _____ precautions are taken _____ against _____ and tampering with _____ attendance _____?
 _____ attendance _____ forbionometrics so _____ it safe?
 Should the stored _____ data _____?
 What _____ are _____ place _____ against _____ or tampering _____ data in these _____?
 _____ information in attendance insulated _____ misuse or _____?
 _____ do you keep _____ Biometric Attendance _____?
 The attendance _____ these devices _____ so is it _____?
 The _____ in these _____ are _____ forbionometrics, _____ is it _____?
 _____ devices vulnerable to _____ that _____ affect the security _____ bioattendance _____?
 Can you _____ us _____ attendance _____ will _____ by unauthorized people?
 Is it _____ for anyone _____ snoop _____ records?
 _____ in place _____ guard against unauthorized access _____ with attendance _____?
 _____ does it offer to keep stored _____ safe?
 _____ safe _____ these _____ when storing _____ Biometrics?
 _____ the stored _____ Attendance _____ safe?
 _____ kind _____ safeguard can _____ for the stored _____ data?
 Are there _____ in _____ for _____ Biometric _____?
 Can _____ tell me if _____ can make sure _____ security _____ attendance data?
 _____ do _____ keep the _____ data _____?
 _____ possible _____ protect stored attendance _____ from tampering or _____?
 What kind _____ can _____ the stored Biometric attendance data _____?
 The _____ data in _____ is _____ so is _____ secured?
 How is _____ from _____ with?
 _____ safe are _____ when it _____ to storing _____?
 Can you _____ data of _____ attendance _____ is locked _____ and protected _____ and tampering?
 The stored _____ attendance data _____.
 _____ collected _____ Attendance _____ could be _____ by unauthorized _____ are kept secure.
 _____ are in _____ for protecting _____ and integrity _____ stored _____ attendance records?
 _____ can we tell _____ data is safe?
 I _____ to know _____ kind _____ safeguards are in place to _____ sure _____ attendance _____ devices.
 _____ anyone doing _____ to protect _____ data _____ or _____ on the devices _____ for attendance?
 _____ safeguards are _____ to guard against unauthorized access _____ the _____?
 The attendance _____ but is it _____?
 _____ the _____ attendance _____ from _____ misuse _____ accessed in ways _____?
 _____ assure me _____ the _____ records _____ by illegal access or _____?
 Is _____ way to protect the _____ access _____ the devices that _____ attendance?
 _____ secure _____ used forbionometrics?
 Is there _____ to _____ threats of Biometric attendance _____?

Is the information _____ from being _____ or _____ in _____ that _____?

What _____ it provide _____ keep _____ Biometric Attendance _____ safe?

_____ attendance _____ not be _____ due to illegal _____?

How is _____ attendance data _____ safe _____?

_____ there any weaknesses in _____ records _____ devices?

_____ does it _____ to _____ Biometric Attendance _____ safe?

_____ of _____ available _____ keep the stored Biometric attendance _____?

Is the Attendance data _____ secure so it can't _____?

Are you _____ the _____ doesn't get _____ tampered with?

_____ information in _____ protected _____ being _____ or accessed _____ way that _____ unwarranted?

_____ kind of safeguard does _____ Biometric attendance data _____?

_____ safeguards in _____ Biometric attendance info?

Is _____ in attendance insulated _____ being _____ or _____ ways _____ unwarranted?

Is _____ in _____ misuse or access in a _____ not allowed?

_____ attendance information _____ being _____ or accessed _____ way _____ isn't permitted?

Is attendance _____ used _____ biometrics?

_____ these devices vulnerable _____ impair the secure storing of bio _____?

What is _____ kind of safeguard _____ for the _____ data?

Can _____ for the attendance _____ is locked _____ against tampering _____ access?

Can you tell me _____ system data _____ up against _____ or _____?

I would like to _____ of biometric attendance _____.

_____ safeguard _____ available to keep the Biometric _____ Data _____?

What safeguards _____ in place to _____ data from _____ or _____?

_____ safeguards keeps unauthorized access _____ of _____ data _____?

_____ at _____ from being _____ or accessed _____ that are unwarranted?

How safe are the _____ storages _____ how _____ access out?

_____ in attendance insulated from misuse or accessed _____ way that _____?

_____ kind _____ does _____ to offer to _____ Biometrics _____ data?

I _____ to _____ the biometric attendance _____ devices is _____.

_____ the _____ of safety in _____ storage and _____ data about _____ made _____ by _____ biometric devices?

Are _____ place _____ protect against threats of Biometric _____?

_____ it give to keep the Biometric attendance _____?

_____ safeguards _____ used to make _____ attendance data _____?

_____ measures _____ taken to ensure the _____ stored _____ the Biometrics of Attendance _____?

_____ the safeguards _____ and _____ with attendance _____ in these devices?

_____ are in _____ protect attendance _____ access and tampering?

Is _____ possible to keep the stored _____?

_____ information _____ attendance _____ from _____ or accessed in _____ that _____ not permitted?

_____ of safety _____ the use _____ data about _____ by the biometrics?

Is _____ misuse or improper access?

_____ kind of _____ have to _____ for the stored biometrics _____?

_____ the attendance data will _____ be lost, stolen or _____?

_____ of security is _____ to _____ Biometric _____ data safe?

_____ kind _____ safeguard _____ it provide for the _____?

What _____ of _____ it _____ to give to _____ Biometric _____ data _____?

What kind of protection does _____ attendance _____ safe?

What kind _____ safeguard _____ have _____ offer _____ the _____ attendance _____?

_____ safeguards _____ place _____ protect attendance _____ from unauthorized _____ or _____?

What sort _____ does it _____ for _____ data?

_____ assurances that the attendance data _____ lost, _____ with?

_____ data _____ these devices are used _____ so _____ it _____?
 _____ are _____ to make sure _____ attendance _____ safe?
 Are _____ sure attendance data won't be lost, _____ or _____ with, _____?
 How does _____ if _____ Biometrics _____ is safe?
 _____ kind of safeguard is _____ stored _____ attendance _____?
 _____ put in _____ keep _____ the _____ away from the biometric attendance data storages?
 _____ can _____ be _____ in place to _____ data from _____ access?
 _____ are the _____ taken _____ the safety _____ the Biometrics of Attendance information?
 Is the _____ in attendance safe _____ misuse or _____ in _____ unwarranted?
 _____ information in attendance insulated _____ misuse _____ access?
 _____ were taken _____ ensure the _____ of _____ in the biometrics _____ information?
 Can you _____ us _____ data will be _____ from unauthorized _____?
 Measures _____ ensure _____ safety of _____ data housed in the _____
 Which precautions are _____ protect _____ data _____ bio-metric _____ information?
 Is _____ a _____ the attendance _____ against unauthorized _____ changing?
 _____ can _____ done _____ attendance _____ from unauthorized access _____ tampering?
 Where _____ safeguards _____ prevent unauthorized _____ tampering _____ data _____ the _____ attendances on these _____.
 _____ are the safeguards _____ guard against _____ or _____ the attendance _____ these _____?
 _____ safe is _____ device _____ attendance?
 There is _____ data used _____ is _____ secure?
 _____ the _____ for the _____ system be _____ protected against unauthorized _____ tampering?
 _____ know if the Biometrics attendance _____?
 _____ possible _____ keep the stored _____ Data safe?
 How safe are _____ biometric _____ data storages _____ what safeguards _____ data?
 Is it possible that _____ could _____ or _____ the collected _____?
 _____ know if _____ stored _____ attendance data _____ safe?
 _____ of _____ to keep the Biometric _____ data safe?
 What kind _____ protection does it _____ for _____?
 What precautions are _____ place _____ confidentiality _____ bio-metry _____ records?
 How _____ devices _____ for storing _____?
 Are _____ safeguards _____ Biometric _____ info?
 _____ you tell _____ if the attendance _____ will be _____ or unauthorized _____?
 _____ the _____ protected _____ misuse _____ being _____ in ways that are _____?
 _____ measures _____ taken to ensure the safety _____ in the bio-metric _____?
 _____ security _____ taken _____ ensure the _____ the biometrics in attendance _____?
 _____ kind _____ is needed _____ Biometric Attendance _____ safe?
 Which measures _____ taken _____ the data housed _____ the _____ attendance _____?
 _____ to _____ how secure the storage _____ is.
 Is there a _____ to _____ data against _____ access _____?
 What are the _____ for storing _____ made _____ by the biometrics?
 _____ of safeguard do you _____ for _____ attendance _____?
 Is _____ attendance insulated from abuse _____ access?
 _____ records safe _____ illegal _____ or manipulation?
 What _____ safeguard _____ it have for _____ data?
 Which _____ used _____ ensure the _____ of the bio-metric _____?
 _____ can _____ be sure the _____ data _____ safe?
 Is the attendance _____ kept _____ can't be _____ compromised?
 There _____ be safeguards to prevent unauthorized _____ the data _____ the biometric _____.
 What are the _____ place to _____ against unauthorized _____ attendance data?
 Which _____ are _____ to make _____ the data in _____ of _____ information _____?

What kind of _____ for _____ stored _____ the _____ attendance data?
 Is _____ attendance _____ secure so that _____ accessed or _____?
 What _____ in _____ stop _____ access or tampering _____ data?
 _____ we _____ sure the attendance data _____?
 What is the level _____ storage _____ use of data _____ attendance made possible _____?
 How safe are _____ attendance data _____ do _____ access?
 _____ attendance data storages, and how _____ they _____ access?
 _____ are these _____ in regards to _____ attendance?
 What _____ of safeguard _____ offer for _____ Biometrics _____ data?
 What kind _____ would it give to _____ the _____?
 What _____ put _____ guard against _____ access or tampering _____ attendance _____?
 _____ attendance _____ used _____ biometrics, is _____ kept secure?
 _____ you _____ that _____ will _____ a _____ degree _____ for the _____ attendance data?
 Will _____ attendance data _____ protected from _____ alterations?
 How _____ it keep _____ Attendance _____?
 _____ devices vulnerable _____ the secure storage of bioattendance records?
 What _____ put in place to _____ unauthorized access _____ with _____?
 I want _____ we _____ make sure there _____ security _____ tobiographical attendance _____.
 _____ are _____ devices in regards _____ the _____ biometrics attendance?
 _____ to keep the stored Biometric _____ Data _____?
 What _____ of _____ required _____ stored Biometric _____ data safe?
 _____ attendance _____ safe?
 _____ measures _____ to make sure _____ security of the _____ information?
 _____ to _____ that could affect the _____ of bioattendance records?
 _____ the _____ for _____ system locked _____ and _____ unauthorized access _____ tampering?
 There should be _____ unauthorized access _____ in _____ data of the _____.
 What are _____ safety for the storage of data _____ attendance _____ biometric _____?
 _____ the _____ of the stored _____ attendance _____?
 Which _____ taken _____ make _____ the _____ in _____ bio-metric _____ information is _____ safe?
 Is _____ a way to _____ sure _____ attendance data _____ against _____ access _____?
 The levels _____ and use of _____ about _____ made _____ the biometric devices _____ asked.
 How _____ information in the _____ be protected from _____ access _____?
 _____ is _____ safety of storing Biometrics _____ these _____?
 How _____ we know _____ the Biometrics attendance _____?
 _____ devices _____ to security problems _____ impair the secure _____ of _____?
 What _____ taken to _____ the _____ in _____ of attendance information?
 Is it _____ to protect the attendance information _____?
 Are you _____ attendance _____ be lost, stolen _____ tampered _____?
 Is _____ a _____ to make sure _____ attendance data _____ access and _____?
 _____ should _____ in place _____ prevent unauthorized access _____ the data _____ the _____ on these _____?
 Is the _____ system _____ up and protected from _____ tampering?
 _____ in attendance _____ from _____ misuse or used in _____ unwarranted?
 Which precautions are _____ to _____ the _____ of the _____ information?
 _____ safeguard _____ it give _____ the _____ attendance data?
 _____ these _____ to security problems that would _____ storage _____ records?
 _____ kind of _____ there _____ stored _____ attendance data?
 _____ there _____ way to protect _____ attendance info?
 How _____ are _____ Biometrics _____ devices?
 _____ are the safeguards _____ guard _____ access or _____ the _____ in these _____?
 _____ anything _____ to protect _____ data from unauthorized access or tampering _____ the _____ attendance?

_____ tell _____ about _____ attendance _____ being _____ from unauthorized access or _____?

_____ the attendance _____ from _____ misuse or accessed _____ way that _____ justified?

_____ of Biometrics _____ safe with _____ devices?

Is these _____ to _____ that _____ the secure storing of _____?

What _____ in _____ keep _____ access out _____ attendance data storages?

_____ it _____ to offer to keep the _____ attendance data safe?

There should _____ safeguards _____ the biometric attendance devices.

_____ kind of _____ do _____ to _____ Biometric attendance _____ clean?

Is the information in _____ unwarranted use?

Is _____ attendance insulated _____ in ways that are _____?

What safeguards _____ biometric _____ data out of the _____ hands?

Is the information in attendance _____ from _____ that _____ unwarranted?

_____ are _____ levels of safety regarding the storage and _____ data about _____ Biometrics?

What will _____ take _____ the _____ attendance _____ safe?

_____ of _____ does it offer for the _____ attendance _____?

_____ the information in _____ from misuse or _____ is _____?

Can _____ tell _____ if we can _____ there are _____ ourbiographical attendance _____?

_____ kind of safeguard _____ has _____ for _____ Biometrics attendance _____?

_____ possible for someone to break _____ modify _____ bio-attendance _____?

Can _____ me _____ can _____ security breeches related _____ attendance _____?

We _____ not _____ if _____ attendance _____ is safe.

_____ safeguards _____ used _____ guard against _____ or tampering _____ on these devices?

_____ measures _____ taken _____ ensure _____ safety of _____ data _____ ofAttendance information?

_____ there a _____ to _____ the Biometric _____ safe?

_____ in _____ to _____ against unauthorized access and tampering with _____ in _____ devices?

Does this _____ stored _____ info?

_____ taken _____ make _____ the safety of the _____ in the _____ information?

_____ data collected _____ Biometric _____ devices _____ accessed if they _____ kept secure.

Can _____ the data _____ system is locked up _____ protected against _____ access or _____?

_____ storing biometrics attendance on _____?

_____ do you _____ get access _____ theAttendance data in _____ device?

_____ devices _____ to security problems that _____ the secure _____ bio _____ records?

_____ persons _____ have _____ data _____ the Biometric Attendance devices if _____ are _____ secure.

_____ safeguards prevent unauthorized _____ the _____ attendance _____?

Can _____ if the stored _____ attendance _____ safe?

_____ could gain access _____ data _____ the Biometric _____ devices.

Are there any safeguards _____ place _____ attendance _____?

How _____ the data storages _____?

_____ information _____ from _____ or undue access?

_____ possible that someone might _____ or break _____ records?

_____ safeguards are _____ place _____ protect the _____ storage?

_____ data safe _____ unauthorized _____ or _____?

Are _____ certain the _____ won't be _____ stolen, _____ with?

_____ the data _____ in _____ Biometric Attendance _____ be accessed by unauthorized persons.

_____ persons could be able to access _____ Attendance devices.

Can you _____ if the _____ kept _____ unauthorized _____ or tampering?

_____ information _____ or _____ accessed in ways that are unwarranted?

_____ tell us about the _____ and unauthorized access _____ attendance _____?

_____ possible that _____ could _____ or _____ bio-attendance records?

_____ there _____ protect _____ Biometric attendance information?

_____ the _____ records on _____ devices _____?

Is _____ being done _____ protect _____ data from unauthorized access _____ the devices _____ used _____?

The _____ housed in the bio-metric _____ information _____.

What _____ safety _____ the data housed in the Biometrics _____ information?

Is the _____ in _____ insulated _____ being _____ or access _____ that _____?

What _____ levels of safety _____ it comes to _____ made possible _____ the Biometrics?

Do you _____ data for _____ attendance _____ is _____ up and protected _____?

_____ kind of safeguard is _____ keep the _____ Attendance _____?

_____ measures _____ taken to make _____ data _____ in _____ bio-metric attendance _____ safe?

Is _____ keep the stored Biometric attendance _____.

What _____ are in _____ of _____ stored bio-metry attendance records?

How _____ those _____ storing Biometrics _____?

Which _____ are taken _____ make _____ data _____ in the Biometrics _____ information _____?

_____ sure the Biometrics are _____?

Do _____ attendance data _____ safe?

_____ these _____ to _____ problems that _____ affect the _____ of _____ records?

_____ safe _____ the storage of _____?

Are _____ the attendance data won't be _____ with?

What safeguards _____ used _____ protect the _____ and integrity _____ the _____?

_____ these devices _____ security problems that would _____ secure _____ bio attendance _____?

Are _____ pretty _____ attendance data won't be _____ tampered _____?

_____ data of _____ attendance system _____ up _____ protected against unauthorized _____?

_____ measures are taken _____ the _____ biometrics in attendance _____?

_____ when attendance data is used _____?

_____ confidentiality and integrity _____ the _____ stored _____ attendance _____ be protected.

_____ are these _____ it _____ to storing Biometrics _____ on _____.

Can you _____ us _____ data will _____ safe from _____ tampering?

_____ data _____ safe when used _____?

_____ can the _____ protected from _____ and alterations?

_____ does it offer _____ stored _____ attendance data?

What are the _____ of _____ use _____ about attendance made _____ the _____ devices?

_____ information in _____ from _____ or being _____ in _____ way _____ not allowed?

Which measures are taken _____ ensure _____ safety _____ data in _____?

_____ collected _____ the Biometric _____ is kept secure, unauthorized _____ can't _____ it.

_____ the _____ from misuse _____ undue access?

What _____ we _____ stored _____ data is safe?

What are the _____ of safety regarding the _____ and use _____ about _____ by _____?

_____ are _____ attendance _____ safe against unauthorized _____?

What _____ are in _____ protect the _____ the bio-metry _____?

_____ kind _____ safeguard _____ it _____ to offer when storing _____?

_____ can _____ keep the _____ Data safe?

What _____ do _____ keep the _____ Biometric Attendance _____?

_____ the data for the attendance _____ is _____ and protected against _____?

_____ does _____ provide to keep the Biometric attendance _____?

What kind _____ safeguard can it give _____ attendance _____?

What _____ are _____ place _____ guard against _____ the _____ in _____ devices?

Is _____ insulated _____ being _____ or accessed in _____ are unwarranted?

_____ tell me _____ data for _____ system is locked up _____ tampering?

_____ vulnerable to security issues _____ would impair _____ secure storing _____?

How _____ is _____ biometric attendance data maintained?

Which measures _____ taken to _____ the _____ Biometrics _____ safe?

What _____ in place _____ guard against _____ or _____ attendance data?

There is _____ question about whether _____ Biometrics _____ data _____.

How safe _____ devices _____ the storage _____ Biometrics _____?

_____ unauthorized _____ to _____ biometrics data storage?

What kind _____ safeguard _____ the _____ attendance data?

How _____ we _____ whether the _____ attendance _____ is _____?

_____ the attendance _____ locked _____ so it can't _____ with?

_____ of protection _____ it need to keep _____ safe?

What _____ are _____ protect _____ biometric _____ info?

What can it do to _____ data _____?

What are _____ safeguards in _____ guard against unauthorized access _____ data?

Are these devices susceptible _____ that _____ security of _____ records?

What _____ place _____ the confidentiality and integrity _____ attendance records?

Is _____ to _____ attendance data from unauthorized _____ change?

_____ protect _____ attendance info?

_____ you _____ that the data _____ the _____ system is _____ from _____ tampering?

How _____ if the Biometrics attendance info _____?

_____ want to _____ will be _____ away _____ access or tampering.

_____ it _____ modify or _____ up the collected _____ records?

Which measures are _____ the _____ biometric attendance information?

Will _____ data _____ be _____ stolen, _____ tampered _____?

Is the _____ attendance insulated from _____ in ways that _____?

Is information _____ attendance _____ accessed _____ a way that _____ unwarranted?

_____ unauthorized access is _____ the _____ attendance _____ storage be _____?

_____ someone _____ or break _____ the collected bio-Attendance _____?

Is the attendance _____ kept secure so it _____?

Is the information _____ attendance _____ from being misuse _____ manner?

Data _____ the Biometric _____ could _____ accessed by unauthorized _____.

If _____ is it kept secure?

_____ it _____ that _____ could _____ or _____ collected bio-attendance records

What _____ level of safety for _____ and use _____ data _____ attendance _____ possible _____ biometrics?

What kind _____ does _____ offer for biometrics _____?

What _____ are available to guard against unauthorized _____?

_____ measures are _____ to _____ the biometrics _____ attendance information?

_____ safeguards _____ in place _____ the confidentiality and integrity _____ bio-metry _____ records?

What _____ of safeguard it _____ to _____ Biometric _____ data safe?

_____ data _____ in _____ bio-metric attendance _____ be safeguarded.

_____ you think _____ attendance _____ be lost, stolen, _____ tampered _____?

What sort of _____ have to _____ the stored _____ data?

_____ safe are the _____ attendance data _____ and _____ are used _____ safe?

_____ in attendance insulated from being _____ accessed in _____ is not _____?

_____ the _____ information insulated _____ misuse or _____ accessed in _____ way _____ is _____?

What _____ are _____ the confidentiality and integrity of _____ bio-metry _____?

_____ the data _____ attendance _____ protected against _____ access _____ tampering?

_____ measures are _____ make sure the _____ of _____ stored _____ information?

Which _____ taken to _____ the _____ of Attendance _____ safe?

_____ are the _____ and _____ against unauthorized access?

_____ possible to _____ Biometric Attendance Data safe.

_____ are _____ place to prevent unauthorized _____ or _____ of _____ data on _____?

_____ are in place to keep _____ data _____ being _____?

Can you _____ if the _____ system data _____ locked up _____ tampering?

_____ can I make sure _____ attendance _____ in _____ devices _____ with?

_____ the _____ information _____ from _____ and _____ access?

Can you _____ how _____ attendance data _____ be kept _____?

_____ of protection does _____ the _____ biometrics attendance data?

_____ Biometric Attendance devices could be _____ by unauthorized _____ are _____.

Is _____ in attendance insulated from misuse _____?

_____ type _____ safeguard is _____ stored Biometrics _____ data?

Is attendance _____ secure?

_____ the _____ in attendance insulated from _____ or accessed in _____ not _____?

_____ in place to guard against _____ with the attendance _____?

_____ these _____ vulnerable _____ security problems _____ the secure _____ of _____ records?

Is _____ data kept safe so _____ it _____ accessed or _____?

_____ of _____ it offer _____ the _____ Attendance data safe?

_____ biometric attendance data _____?

_____ are the levels _____ safety _____ of data about _____ made _____ biometrics?

Do _____ know if _____ will _____ protected from unauthorized access _____?

Is _____ insulated from _____ accessed in _____ way _____ is unwarranted?

What safeguards keep _____ access _____ the _____ data _____?

Is it possible to _____ data from unauthorized _____ or _____ devices _____?

How _____ the attendance _____ protected _____ unauthorized _____ tampering?

_____ a question about the _____ biometric attendance _____.

_____ precautions _____ taken to _____ against _____ tampering _____ the attendance data?

How _____ are _____ machines in regards _____ Biometrics _____?

Is it _____ the _____ unauthorized access on the devices _____?

_____ should be _____ unauthorized access in _____ the biometric attendances.

Is _____ information in _____ insulated from _____ accessed _____ a way _____ allowed?

_____ protection against _____ in _____ attendance data?

Is _____ safe to store _____ these _____?

_____ measures are _____ ensure that the data _____ the Biometrics _____ is _____?

_____ you tell us how _____ data _____ be _____ safe from _____?

_____ safeguards are _____ to keep the _____ attendance _____ storages out _____?

_____ to keep the stored Biometrics _____ safe?

_____ stored Biometric Attendance _____ a _____ to be _____.

_____ want to _____ what kind _____ place to make sure _____ storage _____ attendance is protected.

What _____ levels of safety _____ of data about attendance made _____ by _____ devices?

Are _____ certain _____ will _____ lost, _____ or tampered with?

What _____ are taken to make _____ bio-metric _____ safe?

Are security protocols _____ place _____ stored attendance information _____ or _____?

How safe _____ the _____ attendance _____ and _____ are in _____ to keep _____?

There are _____ against _____ Biometric attendance info?

_____ are _____ to assure the _____ of _____ data housed in _____ of Attendance _____?

_____ do we _____ the security _____ biometric _____ data is _____?

Is _____ a _____ protect against _____ attendance _____?

Is the information _____ protected from _____ or being _____ way that _____?

What kind _____ for stored Biometrics _____ data?

_____ there _____ protect _____ threats of the Biometric _____ information?

_____ actions _____ taken to ensure _____ of _____ data _____ in _____ Biometrics of Attendance _____?

How _____ know _____ data is safe?

How _____ we know _____ the Biometrics _____ safe?

_____ can we ensure the _____ and avoid _____ breeches?

What _____ required to _____ the _____ Attendance data safe?

Is attendance _____ for biometrics?

_____ we _____ sure the attendance _____ doesn't _____ compromised?

How safe _____ devices when storing _____ ?

_____ sort of safeguard _____ it _____ to _____ keep _____ attendance _____ safe?

Are _____ against _____ threats of Biometric _____ info?

What _____ the levels of safety _____ comes _____ the use _____ made _____ the biometric devices?

_____ the level of _____ when it comes to the use _____ about _____ made _____ by _____ ?

_____ information _____ from _____ or undue access?

What kind of safeguard should it _____ data _____ ?

How _____ we _____ the Biometrics attendance _____ safe?

Where should the _____ be to _____ unauthorized _____ to _____ of the _____ ?

Is _____ information in _____ from being misuse, or _____ in _____ way _____ ?

The _____ Attendance _____ data could _____ accessed _____ unauthorized _____ if _____ secure.

_____ there a _____ to protect against Biometric _____ .

_____ kind of _____ has it _____ for the _____ Biometrics _____ ?

Are there _____ the biometric attendance _____ threats?

_____ the _____ of _____ for the storage _____ use _____ about _____ possible by _____ biometric devices?

Is _____ from misuse or _____ way that is not allowed?

_____ these _____ vulnerable to _____ that could endanger _____ storing _____ records?

Is there _____ to _____ data isn't tampered _____ ?

_____ safeguards to prevent _____ access or _____ in _____ data of the _____ ?

The _____ is used for biometrics, _____ it _____ ?

What _____ prevent _____ access to the _____ the _____ ?

_____ the _____ attendance insulated _____ or accessed _____ ways _____ are not appropriate?

What _____ of safeguard _____ for Biometrics attendance _____ ?

_____ the _____ insulated from _____ or accessed _____ unwarranted ways?

Can _____ me if _____ attendance records will _____ be _____ to _____ manipulation?

_____ you protect _____ attendance data?

_____ to know _____ there are any safeguards _____ make sure _____ storage _____ attendance _____ these _____ is secure.

Can you _____ attendance records _____ not be affected by _____ access _____ ?

_____ of _____ have to _____ to _____ the Biometric attendance data?

_____ safe are _____ store Biometrics _____ ?

Is _____ for someone to _____ the _____ bio-attendance records?

_____ security _____ biometric attendance _____ on devices.

_____ the _____ data guarded against unauthorized access _____ ?

Which measures _____ the data housed _____ Biometrics of Attendance information?

How safe are _____ devices _____ .

Is _____ attendance insulated _____ being _____ or accessed in a _____ that _____ ?

_____ devices vulnerable _____ security _____ that would _____ the _____ of _____ records?

Is _____ in _____ insulated _____ being _____ or _____ ways that are _____ justified?

_____ to _____ the data from unauthorized access to _____ for _____ ?

What kind of safeguard _____ have for _____ in _____ attendance _____ ?

_____ precautions are taken to _____ the _____ of Attendance information?

_____ well are the _____ information _____ the _____ against unauthorized _____ or _____ ?

What kind _____ safeguard is offered _____ keep _____ stored _____ ?

What _____ place _____ against unauthorized _____ or tampering with attendance _____ ?

The attendance data in these _____ used _____ it _____ ?

How do we _____ if _____ is safe
 _____ these devices vulnerable _____ that _____ the secure storing _____ bio _____?
 How _____ the Biometrics attendance data is _____?
 Is _____ from misuse or _____ access?
 _____ could we know _____ attendance _____ is safe?
 _____ are _____ place to protect attendance _____ from _____ with?
 Can _____ that the attendance data _____ lost, stolen or _____?
 _____ we keep biometric _____ safe?
 How safe is _____ storage _____ these devices?
 _____ in the bio-metric attendance _____ be _____ safe.
 What kind of safeguard _____ have for _____?
 Is there _____ to _____ data _____ unauthorized _____ and changing?
 Which measures are _____ ensure _____ security of the _____?
 Which measures are _____ to make _____ the _____ the _____ safe?
 _____ precautions _____ in _____ to _____ or _____ with attendance data?
 _____ there safeguards in place _____ protect the _____?
 What _____ the safeguards in place _____ protect _____ access _____ attendance _____?
 What _____ safeguard _____ provided for the Biometrics _____?
 _____ safeguards are in _____ against unauthorized access or _____ attendance _____?
 _____ of biometric attendance records _____ on _____ device?
 Are we _____ the _____ won't be _____ stolen, or _____?
 _____ you _____ the _____ Attendance Data _____?
 _____ sure _____ the attendance _____ be lost, stolen, _____ tampered _____?
 _____ taken _____ make sure _____ in the biometrics of attendance _____?
 _____ safe _____ the _____ when _____ attendance _____?
 _____ are the biometric _____ data _____?
 How safe _____ the _____ storages of _____?
 We would _____ to _____ the attendance information _____ be _____ unauthorized access.
 _____ protections _____ in _____ confidentiality and integrity _____ devices' stored _____ attendance records?
 _____ type _____ safeguard _____ have _____ to keep the Biometric _____ safe?
 What _____ safeguard does _____ to offer for the _____ stored in _____?
 Are these _____ security _____ might impair the secure storing _____ bio _____?
 _____ the security _____ the biometric _____ data in _____ devices is _____?
 _____ susceptible _____ problems _____ would affect _____ secure storing of bio _____ records?
 _____ should be safeguards _____ data _____ attendances on these devices to _____.
 _____ of _____ does it _____ to _____ stored Biometrics _____ data?
 Can _____ for the _____ system is locked up _____ unauthorized access and tampering?
 _____ attendance data won't be lost, _____ or _____?
 _____ these _____ if Biometrics _____ is stored on _____?
 _____ sure _____ data won't be lost, _____ or _____ with?
 Do we _____ if _____ the _____ attendance data is _____?
 _____ the data of _____ system _____ up _____ access or tampering?
 _____ have been _____ to _____ the _____ of the data _____ the _____ information?
 _____ safeguards are in _____ against _____ tampering of attendance _____ on _____ devices?
 How _____ the biometric _____ devices?
 What safeguards _____ in place _____ safeguard the confidentiality _____ integrity of _____?
 What _____ the _____ of _____ of data _____ attendance _____ by the Biometrics?
 Are _____ susceptible to _____ would affect _____ storing of _____ records?
 _____ kind _____ safeguard can _____ offer _____ attendance data?
 _____ the _____ data safe?

_____ protections _____ protect against _____ access and _____ with the _____ data?

Is _____ since it's _____ for biometrics?

_____ do _____ guard against _____ data _____ this device?

Which _____ are taken _____ ensure that _____ in the Biometrics _____?

_____ the _____ of the data housed in the Biometrics _____?

_____ you _____ if the _____ for _____ attendance system _____ up _____ protected _____ unauthorized access or _____?

Are these devices vulnerable _____ security _____ will _____ the _____ storing _____?

_____ in place _____ against _____ of Biometric attendance info?

What _____ are _____ to protect the _____ storages?

Are there _____ place to protect _____ information?

What _____ of safeguard does _____ offer _____ data?

_____ make the data in the _____ of Attendance safe?

_____ type _____ safeguard is it that it _____ Biometric attendance _____?

_____ can the _____ be _____ unauthorized _____ and alterations?

Is it possible to _____ safety _____ the bio-metric _____ information?

Which measures are taken _____ ensure _____ information is safe?

I _____ to know what _____ of _____ are in _____ to _____ that the _____ on _____ devices is _____.

_____ safe _____ devices of Biometrics _____?

What is _____ level of _____ the storage and _____ attendance _____ made _____ by the _____?

How _____ data _____ How do _____ unauthorized access?

_____ the levels of _____ relating to the _____ and _____ of _____ made _____ by the biometric _____?
