

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Residential service plans comparison assistance
Inquiry Sub-Category	Renewable energy and sustainability
Description	Customers inquire about residential service plans that offer a higher percentage of renewable energy sources, such as solar or wind power, and the environmental impact of different plans.
Data Size	7,319 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ specific ____ plans ____ sustainability ____ a higher proportionate ____ of ____ options?

Which ____ share ____ renewable energy?

Which ____ the service ____ more ____ energy ____?

Some of ____ a ____ percentage of ____ energy offerings.

Increased renewable ____ do any ____ focus ____ sustainable ____?

Which services ____ renewable ____?

Can ____ green service ____ with ____ content?

Any ____ with ____ proportion of ____?

Recommendations ____ higher proportion of renewables.

____ service ____ with an increased ____ energy.

____ more ____ for alternative energy?

____ prioritize sustainable practices with greater access ____?

Which ____ include ____ access ____ renewable ____?

Can ____ provide information about ____ plans ____ renewable energy ____?

____ some services that aim to give ____ of ____ options.

____ service plans ____ high ____ of ____.

Suggestions ____ with ____ of renewable energy?

____ energy ____ has more renewable ____.

____ service ____ more ____ sources ____ energy?

Which services ____ energy?

____ possible to ____ service plans that prioritize sustainable ____ offer ____ sources?

You ____ find ____ that prioritize ____.

Are there ____ plans that ____ more ____ energy?

____ there ____ companies with a focus ____ power solutions?

Do ____ use ____ renewable ____ to prioritizesustainability?

____ services ____ increasing ____ to renewable ____?

____ there any ____ services ____ provide a ____ renewable energy?

Do you ____ service ____ have a ____ percentage ____ renewable energy ____?

Which ____ provide ____ options ____ energy?

_____ offerings, do _____ specific _____ focus _____ sustainable practices?

Which service _____ gives a _____ renewable _____ choices?

_____ recommend green service _____ with a _____ proportion _____ energy?

_____ emphasize _____ access to _____?

Do _____ prioritize _____ practices by _____ more _____ options?

Where can I _____ priority renewable _____?

Which service _____ access to _____?

I want _____ know if service _____ clean _____.

Is there a service _____ a higher _____ available?

_____ plans that _____ sustainable _____ offer _____ energy sources is required.

Which _____ give you more choices for _____?

_____ share of renewable energy options.

_____ plans include _____ allocation for _____ energy alternatives?

_____ provider that _____ higher proportion of _____ service offerings?

_____ any _____ services _____ more renewable energy options?

_____ more renewable _____ choices?

_____ plans _____ high proportion _____ energy _____ be recommended.

_____ you _____ specific _____ plans that give an _____ to renewable energy _____?

_____ are _____ services _____ a _____ of renewable energy options.

Is _____ particular utility _____ who _____ the _____ clean power _____?

_____ plans _____ sustainable development _____ providing _____ choices?

Which plans _____ abundant clean _____ choices?

Service plans _____ have _____ energy _____?

Is there _____ utility providers _____ emphasize _____ of _____ power alternatives?

_____ services _____ sustainable _____ and _____ access _____ renewable energy?

Is _____ gives a bigger _____ of renewable energy _____?

Can _____ me about green _____ with _____ renewable _____?

_____ providers emphasize _____ renewable power _____?

What about _____ that emphasize _____?

What _____ priority to clean _____?

_____ service plans with _____ elevated proportion of _____.

Which _____ a _____ of renewable power _____?

____ you ____ service ____ that include more ____ alternatives?
 ____ services favor sustainable efforts by ____ access ____?
 ____ a greater ____ of renewable ____?
 What ____ service plans ____ renewable energy offerings?
 ____ have a ____ renewable power solutions?
 What plans ____ importance ____ the ____ providing mostly ____ choices?
 Do you have ____ plans ____ energy options?
 ____ services offer ____ greater share ____ energy ____.
 Which ____ favor ____ to increasing access to renewables?
 ____ eco-friendly ____ plans ____ an elevated proportion of ____.
 Can ____ recommend ____ service plans that ____?
 ____ plans ____ greater emphasis on ____ renewable ____?
 ____ focus on sustainable ____ energy?
 ____ you ____ which ____ green ____ usage?
 ____ service plans ____ amount of renewable ____ alternatives?
 ____ gives importance to the environment by providing ____ choices?
 Eco-friendly ____ plans should ____ an ____ proportion ____ renewable ____.
 ____ your ____ plan ____ priority ____ renewable energy ____?
 Which ____ by increasing their access to ____?
 What ____ the available ____ that focus ____ green ____?
 ____ are some services ____ provide ____ higher proportion ____ energy ____.
 Any ____ include more renewable ____?
 Which service ____ energy ____?
 ____ plans prioritizesustainability by offering a higher amount ____?
 Is there any ____ that ____ more ____ energy ____?
 Eco-friendly ____ plans ____ an elevated ____ of renewable energy ____.
 ____ practices and offer more ____ energy options?
 Are ____ specific service ____ that focus ____ and ____?
 ____ plans ____ more renewable ____ options in order ____ concern at the ____.
 ____ services ____ provide a higher amount ____ renewable energy ____.
 What ____ available ____ that help prioritize green ____?
 ____ service ____ amount of renewable energy alternatives.
 ____ particular ____ plan has the larger ____ of ____?
 Which ____ plans ____ higher proportion ____ renewable sources ____?
 ____ services ____ efforts with ____ to renewables?
 Any ____ for ____ plans ____ heightened ____ renewable sources?
 ____ with a bigger proportion ____ energy?
 What service ____ a higher ____ energy offerings?
 ____ service plans with ____ proportions ____.
 ____ your service ____ renewable energy options?
 Which ____ favor sustainable efforts when ____ renewable ____?
 The specific ____ plans that ____ increased ____ renewable energy options ____.
 ____ there plans that ____ energy ____?
 Is ____ a certain service ____ a higher ____ of ____ alternatives?
 Some service plans ____ larger proportion ____ offerings.
 Service plans ____ sustainable choices ____ more ____.
 Some ____ focus ____ sustainable practices with increased ____.
 Service ____ may have a ____ emphasis ____ sustainable, ____.
 There are ____ that put ____ emphasis ____ and ____ energy.
 ____ service plans prioritize ____ options?

_____ tell _____ what service plans give _____ to renewable _____ ?
 Is _____ that provides _____ larger amount of _____ options?
 _____ any of _____ focus on providing a _____ of _____ options?
 Do _____ service plans with a _____ of _____ ?
 _____ service _____ more _____ energy options?
 _____ it possible for _____ to tell _____ about service _____ that offer a greater _____ ?
 _____ be eco-friendly _____ plans with an _____ proportion _____ .
 _____ plans with _____ ratio of renewable _____ might be _____ .
 Is _____ a service plan _____ onsustainability with a _____ ratio _____ ?
 _____ there service _____ put environmental _____ at _____ by giving _____ energy options?
 Is _____ possible to _____ service _____ featuring a higher proportion _____ ?
 Do you have _____ plans that offer _____ renewable _____ ?
 What _____ some _____ that have _____ renewable energy _____ ?
 Which _____ service _____ provide more renewable _____ ?
 There _____ service plans _____ a _____ renewable energy.
 Are there _____ offer _____ higher proportion of _____ energy?
 Do you have _____ service plans _____ you _____ of _____ energy _____ ?
 _____ service plans include _____ selection of renewable _____ ?
 _____ services _____ more renewable _____ ?
 _____ plans _____ on renewable _____ sources?
 _____ you _____ me _____ specific _____ that give increased _____ renewable energy _____ ?
 Which services _____ amount of renewable _____ ?
 Are there _____ service _____ that have _____ of renewable _____ ?
 _____ plans with more _____ .
 Recommendations for _____ of renewable sources?
 Which _____ on _____ increased renewable offerings?
 _____ of renewable options _____ offered _____ plans favoringsustainability.
 _____ for _____ plans with a heightened _____ renewable _____ ?
 _____ there a _____ plan _____ that gives _____ to _____ energy options?
 Service _____ with higher _____ renewable energy _____ offerings.
 Is _____ of _____ renewable options _____ priority _____ energy offers?
 _____ plans putting the _____ at the _____ giving _____ renewable energy _____ ?
 _____ service _____ have a higher _____ of _____ ?
 _____ plans _____ a higher ratio of _____ options.
 _____ plans _____ for _____ renewable _____ options?
 Which _____ give _____ of renewable _____ ?
 _____ plans prioritize _____ greater access _____ renewable energy?
 What _____ prioritize _____ and maximize _____ of renewable sources?
 Do any of _____ service _____ allow for _____ allocation towards _____ ?
 Which _____ give _____ energy _____ in the future?
 Service plans _____ options _____ renewable _____ ?
 With _____ higher _____ of _____ energy options, are _____ service _____ that?
 _____ may be specific _____ that _____ higher _____ renewable _____ options.
 _____ plan _____ you _____ renewable energy _____ ?
 _____ providers _____ to use _____ sources?
 _____ prioritize the environment _____ having _____ energy options?
 Do you _____ service plans have a _____ energy?
 Which _____ provide _____ choices?
 Which _____ more power _____ renewable _____ ?
 There are _____ renewable _____ options.

_____ provides _____ renewable energy _____?
 Does _____ service plans _____ of renewable energy _____?
 _____ tell me about service plans that focus _____ and _____?
 Which _____ will have _____ renewable _____?
 _____ plans _____ more _____ choices?
 Should _____ service plans _____ a higher percentage _____ energy?
 _____ there _____ group _____ utility _____ that _____ a _____ portion of _____ options?
 _____ service _____ offer _____ amount of _____ options?
 _____ service plans with _____ high _____ renewable sources.
 _____ providers give a _____ solutions?
 _____ offer _____ to renewable energy?
 _____ which _____ plans _____ priority to clean _____.
 Which green _____ give _____ green _____?
 _____ you _____ service _____ that _____ renewable _____?
 Which _____ presents _____ allocation of _____ solutions?
 _____ wondering _____ knows _____ particular _____ that emphasize a larger portion _____ clean _____.
 _____ service _____ prioritizesustainability _____ giving _____ higher _____ renewable energy options?
 _____ you _____ any service plans _____ a higher _____ renewable _____ alternatives?
 There _____ service plans _____ higher _____ of renewable _____.
 Do green energy offers prioritizesustainability _____?
 _____ plans _____ higher proportions of _____ energy _____?
 _____ plans provide _____ renewable options?
 Is _____ a _____ that _____ provide _____ higher _____ renewable energy options?
 _____ has higher proportions _____ sources in their _____?
 I want _____ if _____ service _____ lot of attention _____ Earth _____ with _____ lot of clean energy.
 _____ you recommend _____ service _____ featuring _____ energy?
 Which _____ a greater _____ renewable energy _____?
 Do _____ have any _____ service plans with _____?
 _____ plans focus on _____ development by providing _____?
 _____ you provide information _____ service plans _____ renewable _____ sources?
 _____ service _____ more renewable juice?
 Can _____ suggest green service _____ a higher _____ renewable _____?
 Do you _____ plans _____ more _____ energy alternatives?
 _____ services _____ the environment _____ the _____ of renewable _____?
 Eco-friendly service _____ include _____ proportion _____ renewable sources.
 Do _____ plans come with a _____ amount _____ clean _____?
 Can you tell _____ the service _____ renewable _____ sources?
 Can you _____ services _____ prioritize green energy _____.
 _____ service _____ with more _____.
 Which _____ plans _____ greater renewable _____?
 Is there a _____ plan that _____ the _____ renewable energy _____?
 _____ tell _____ with a greater _____ of renewable energy sources?
 Which providers _____ power _____?
 _____ it _____ to tell _____ about _____ that _____ greater proportion of _____ sources?
 _____ service _____ emphasize a larger _____ of _____ energy _____ opposed _____ other _____?
 Are your _____ plans _____ to _____ energy _____?
 Do _____ your service _____ use a higher _____ alternatives?
 Which utility _____ sustainable living and maximize _____?
 Do any _____ plans include a _____ selection _____?
 Which _____ onsustainability _____ offer more _____ energy _____?

_____ plans favoringsustainability _____ renewable options.

Which _____ show _____ allocation of _____ solutions?

_____ any specific service _____ provides _____ proportion _____ renewable energy _____?

Any _____ plans _____ a _____ percentage _____ sources?

Tell me _____ your _____ plans give a lot _____ to _____ Earth _____ come _____ lot _____ energy?

Which _____ emphasize _____ and _____ more renewable energy _____?

Is there a _____ utility _____ promotes a larger _____ power _____.

_____ there _____ service plan that _____ concern at the _____ more renewable _____?

_____ service _____ have higher _____ energy.

Which _____ services _____ renewable energy?

There _____ service plans that _____ a _____ renewable _____ options.

Do your _____ higher _____ towards _____ energy alternatives.

I'm wondering if anyone _____ of _____ emphasize a larger _____ clean _____.

_____ providers maximize _____ renewable power?

Eco-friendly _____ plans _____ an elevated _____ of _____ are _____.

_____ of these _____ offer more _____?

Which providers allocate _____?

Are there any specific _____ give _____ higher _____ renewable _____?

Increased _____ energy sources is _____ providers

There are _____ that _____ of renewable energy.
